	Commencement

The purpose of this catalog is to provide information about the university and existing resources and services and current curriculum programs, rules, regulations and policies. Catalog information is thus to be used as an informational guide and practical resource. The university, however, in its discretion and from time to time, may amend the information contained in this catalog by modification, deletions or additions to it. Accordingly, the catalog and information it contains do not constitute a contract.

INCLEMENT WEATHER POLICY

In the event of inclement weather, announcements about schedule changes or cancellations will be broadcast over the following major radio and TV stations: WBAL (AM/1090), WCAO (AM/600), WLIF (FM/102), WTOP (FM/97.1), WBAL-TV (11), WJZ-TV (13), WMAR-TV (2) and WJLA-TV (7). Information will also be available by calling 410-704-NEWS or 410-704-2000.

The University

Towson University, the largest comprehensive university in the Baltimore area, is nationally recognized for its excellent programs in the arts and sciences, communications, business, health professions, education, fine arts, and computer information systems. The university is located in the suburban community of Towson, Maryland, just eight miles north of downtown Baltimore.

Its beautifully landscaped 328-acre setting provides a pleasant environment for study and a diverse campus life, as well as easy access to a wealth of university and community resources. Towson University enrolls and graduates more undergraduate students from the region than any other institution.

HISTORY

The institution known today as Towson University opened its doors in 1866 in downtown Baltimore as the Maryland State Normal School—the only institution devoted exclusively to the preparation of teachers for the public schools of Maryland. The first class consisted of 11 students.

In 1915 the school moved to Towson. By 1935, it established the Bachelor of Science degree in education and changed its name to Maryland State Teachers College at Towson. In 1946 it introduced an arts and sciences program, and in 1963 the institution expanded its offerings in the arts and sciences and became Towson State College.

Towson was granted university status on July 1, 1976, in recognition of its development into a comprehensive university. In 1988 Towson State University joined the University System of Maryland. On July 1, 1997, Towson State University became Towson University, a change that reflects its evolution from a state-supported to a state-assisted institution. As of May 2000, the university has graduated 88,723 students, 9,924 of them having received advanced degrees.

Enrollment for the 2000 fall semester was 11,591 full-time undergraduates, 2,314 part-time undergraduates, and 2,824 graduate students.

PHILOSOPHY OF LIBERAL ARTS EDUCATION AT TOWSON UNIVERSITY

Excellence at Towson University begins with its commitment to a sound liberal arts education for every student. All students explore the historical development and interrelationships among the four central areas of knowledge (fine arts, humanities, science and mathematics, and social and behavioral sciences), and how each of them addresses the world, investigates, reaches conclusions, and presents findings—extending the reaches of human knowledge. The university helps all students develop a range of intellectual skills that will continue to enrich and shape their lives long after their formal education has ended.

COLLEGES

Students choose their programs of study from the university's academic colleges: the College of Business and Economics, the College of Education, the College of Fine Arts and Communication, the College of Health Professions, the College of Liberal Arts, and the College of Science and Mathematics. All undergraduate programs within each college are fully described in the *Undergraduate Catalog*. For information on the College of Graduate Education and Research and the College of Extended Programs, see the descriptions in this catalog.

FACULTY

Towson University offers many opportunities for close student-faculty contact and promotes a supportive environment that encourages exploration and personal growth. A student-faculty ratio of approximately 15:1 allows students to interact frequently with their professors. Eighty-six percent of the full-time faculty have earned the highest degree of academic preparation expected for their fields. On the merits of their expertise, the importance of their published works, and the honors they have received, many of the 509 full-time instructors are recognized nationally and internationally. Small classes and the tradition that all instructors—including most full professors—teach introductory courses helps to enhance the strength of Towson's faculty—their dedication to excellent teaching.

GOVERNANCE

The Board of Regents of the University System of Maryland governs the university. Each of the 17 regents is appointed by the

governor. All university programs are maintained by the university president and by authority delegated to the provost and to the vice presidents for student life, institutional advancement, and administration and finance. The University Senate and its committees develop university policies and procedures, with the senate also serving in an advisory capacity to the university president. Voting Senate members include 18 elected faculty members and one librarian, the president of the Faculty Association, and six student members, including the president of the Student Government Association. The university president and vice presidents are non-voting members. The College of Graduate Education and Research and the College of Extended Programs are administrative divisions supervised by a dean and governed by the University Senate. Each of the other six colleges is administered by an academic dean and governed by a council whose members include the dean, elected faculty and appointed students. The councils establish policies and procedures governing the programs of the academic departments they represent.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association (SGA) is the student governmental body authorized by the administration of the university. The SGA consists of an executive branch, composed of a president, vice president and treasurer, and a legislative body called the Senate, composed of 14 students elected at large and one student appointed from the freshman class. The SGA Senate and its committees develop policies and procedures affecting students and student-run organizations.

ACCREDITATION/AFFILIATION

The Middle States Association of Colleges and Schools, the Maryland State Department of Education, the National Association of Schools of Music, the National Association of Schools of Dance, the Maryland State Board of Nursing, the National League for Nursing, the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), Education Standards Board of the Speech-Language-Hearing Association, the AACSB: The International Association for Management Education for both business and accounting programs, the American Chemical Society, the American Association for Health Education/National Council for the Accreditation of Teacher Education (AAHE/NCATE), the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and the Computer Science Accreditation Commission of the Computing Sciences Accreditation Board.

The university is a member of the American Council on Education, the American Association of State Colleges and Universities, and the Association of American Colleges.

ASSESSMENT

Assessment is a process by which educational effectiveness is determined by relating institutional and program missions and goals to actual student learning outcomes. It involves systematically collecting, analyzing and using information about student learning for the purpose of improving the quality of teaching and learning. Assessment is an ongoing process and a regular part of the teaching-learning cycle. Students, therefore, will participate in all phases of assessment activities as an integral part of their educational experience.

Believing that assessment is intrinsic to its well being, Towson University has established an assessment program, which is overseen by the University Assessment Council (UAC) and its three subcommittees: the Majors Assessment Resources Subcommittee (MARS), the General University Experiences Subcommittee (GUES), and the Student Quality of Life Assessment Subcommittee (SQLAS). This assessment program

demonstrates the university's commitment to achieving and maintaining excellence in its academic and extracurricular programs, as reflected in the impact of the total university experience upon its students.

PRIVACY RIGHTS OF PARENTS AND STUDENTS

Towson University is in compliance with the Family Educational Rights and Privacy Act of 1974, as amended (aka Buckley Amendment). As such, it is the policy of the university (1) to permit students to inspect their academic records; (2) to limit disclosure to others of personally identifiable information from education records without students' prior written consent; and (3) to provide students the opportunity to seek correction of their education records where appropriate.

A more complete description of the policy and the records considered confidential may be found in Appendix D.

NON-DISCRIMINATION IN EDUCATION AND EMPLOYMENT

Towson University is an agency of the state of Maryland and a constituent institution of the University System of Maryland. Towson University complies with applicable state and federal laws and regulations prohibiting illegal discrimination.

ANNUAL SECURITY REPORT

Pursuant to Title II of Federal Public Law 101-542, The Crime Awareness and Campus Security Act of 1990, Towson University prepares and distributes to the university community an annual security report titled *Policies and Procedures Guide*. This report contains information about university policies regarding the reporting of crimes, access to campus facilities, alcohol and drugs, and sexual assault; it provides crime statistics for Towson University; and describes the police services and crime prevention programs that are available to the university community. To obtain a copy of the report, contact the Towson University Police, 410-704-2505. The report is also available online, www.towson.edu/police.

University Curriculum

CURRICULUM

Towson University takes pride in the breadth and depth of its undergraduate academic programs. Students acquire a broad background in the liberal arts and sciences based on the General Education (GenEd) requirements, upon which they build concentrated study in one subject, their major field of study. They may select courses ranging from the traditional to the contemporary. This undergraduate foundation prepares them to take their place in the professional world or in graduate studies.

The university's six undergraduate colleges — the College of Business and Economics, the College of Education, the College of Fine Arts and Communication, the College of Health Professions, the College of Liberal Arts, and the College of Science and Mathematics — offer more than 60 undergraduate majors leading to the baccalaureate degree. The university also offers specialized programs, including minors, concentrations, tracks, and interdisciplinary specializations.

DESIGNING YOUR COURSE OF STUDY

Although many students enter the university fully aware of their academic and occupational goals, others have yet to select a field or program of specialization. Frequently, students change their majors several times over the course of their college careers. Students may explore the range of programs that interest them in several ways:

- consulting with an adviser at the Academic Advising Center, Lecture Hall, 410-704-2472
- meeting with their assigned faculty adviser or with a faculty member whose field of study interests them
- exploring career opportunities and vocational interests through the Counseling Center, Glen Esk, 410-704-2512
- investigating career opportunities at the Career Center, 410-704-2233

DEGREE REQUIREMENTS

Student Responsibility

Students are expected to familiarize themselves with the *Undergraduate Catalog* and to satisfy all published degree requirements. Failure to do so does *not* provide a basis for exceptions to academic requirements or policies. It is expected that students will receive assistance from general academic and faculty advisers, but students must assume responsibility for completing published degree requirements.

Students are also expected to be familiar with regulations pertaining to campus life and deportment, and to conduct themselves in a way that reflects well upon themselves and Towson University.

Finally, students are expected to maintain communication with the university and to assure that their current addresses and telephone numbers are on file in Enrollment Services.

Bachelor of Science

Students must fulfill the following requirements to graduate with a Bachelor of Science degree:

- Completion of a graduation application, filed with the Graduation Office (Enrollment Services Center), according to the following deadlines:
 - June graduates file by September 30 of the year prior to graduation.
 - December graduates file by May 30 of the year of graduation
 - September graduates file by March 31 of the year of graduation.
- 2. At least 120 earned credit hours

- 3. The General Education (GenEd) requirements (see below) or, for pre-1996 catalogs, the GURs
- 4. At least 32 credit hours (part of the 120 total credits required) of upper-level work (courses numbered 300+ and 400+); courses taken at two-year institutions *cannot* count as part of the 32 upper-level credit hours required. Courses from four-year institutions will transfer at the numerical level as they were taken at the transfer institution and may *not* be converted to an equivalent TU number or level.
- 5. Completion of Writing for a Liberal Education (ENGL 102) or its equivalent with a grade equivalent of 2.00 or higher
- 6. Completion of a major (a grade equivalent of 2.00 or higher must be earned in all courses applied toward the major and, if applicable, minor)
- 7. A cumulative quality point average (QPA) of at least 2.00
- 8. Completion of at least 15 credit hours *after* formal matriculation as a degree candidate
- 9. Completion of at least 30 credit hours in residence at Towson unless permission is granted in advance by the Academic Standards Committee to earn the credits at another institution

The undergraduate records of all persons receiving a bachelor's degree are CLOSED at the end of the next regular semester after the official date of graduation. Any changes to the permanent record MUST be made within this period of time.

Bachelor of Arts

The requirements for the Bachelor of Arts degree mirror those for the Bachelor of Science degree, but Bachelor of Arts candidates must also complete a foreign language through the intermediate (200) level (or the equivalent). See the Department of Modern Languages section in this catalog.

Bachelor of Fine Arts

The Bachelor of Fine Arts degree is available only to students who complete the major in Dance. The requirements for the Bachelor of Fine Arts degree are identical to those for a Bachelor of Science degree, but Bachelor of Fine Arts candidates must also fulfill the performance and studio requirements specified by the Department of Dance.

Bachelor of Music

The Bachelor of Music degree is available only to students who complete the major in Music. The requirements for the Bachelor of Music degree are identical to those for a Bachelor of Science degree, but Bachelor of Music candidates must also fulfill the performance and studio requirements specified by the Department of Music.

NOTE: Students may not earn a Bachelor of Science, Bachelor of Arts, Bachelor of Fine Arts or Bachelor of Music degree simultaneously.

CATALOG SELECTION

Students must fulfill all degree requirements from a single catalog. They will be assigned the catalog in effect at the time of their formal admission to Towson University and will have 10 years to complete the requirements of that catalog in order to graduate.

Students may request an alternate catalog under the following conditions:

1. They may select the catalog in effect at the time of formal admission at their initial transferring institution, provided 10 years have not elapsed. Students may elect this option by completing the Catalog Selection Petition and submitting the form to the Admissions Office during their first semester after admission to Towson.

2. They may select a later catalog than the one assigned to them at the time of formal admission to Towson provided that the chosen catalog has not expired. The student will be required to complete the general degree requirements in effect for the selected catalog year. This will not alter the original transfer package/ option received at the time of formal admission to Towson University. Students may elect this option with the signed approval of their major department chairperson on the Catalog Selection Petition. This form must be submitted to the Academic Standards Committee for final approval.

These forms are available in the Enrollment Services Center, room 223. Students must see an academic adviser before submitting this form in order to determine the impact their catalog selection may have on their degree requirements. Please note that any change in catalog may affect degree requirements

and may negate previous advising.

CATALOG EXTENSION

The Academic Standards Committee authorizes Enrollment Services to grant a one-year extension to degree candidates who have been unable to meet the major or general degree requirements in effect at the time of their formal admission to Towson University. Students should use the Catalog Selection Petition to request an extension.

GENERAL EDUCATION REQUIREMENTS

Many students are unclear about the purpose of the General Education requirements, which are designed to provide them with a liberal education. Uncertain about their future, students understandably question why they must complete a wide variety of course work that may not seem to contribute directly to their major field of study. Especially now, however, in a world of rapid economic, social and technological change, the importance of a broadly based education becomes more and more apparent. Higher education must serve a far wider function than merely to provide basic training for a particular occupation. It must help students gain essential intellectual skills that will be important throughout their lives.

These skills include those necessary for successful speaking and writing, the gathering and evaluation of information, the appreciation of diverse points of view, and the ability to move comfortably in the realm of ideas and values. More than anything else, it is these skills that will serve students throughout their lives, providing them with 1) the flexibility and resourcefulness required to adapt successfully to rapid social, economic and technological change, 2) the understanding and tolerance necessary for informed citizenship and social action, and 3) the interest and curiosity essential to the pursuit of learning throughout the whole of life.

The requirements are grouped in two basic categories: 1. Skills for Liberal Learning, and II. Contexts for Liberal Learning. The requirements acknowledge that skills for knowing and what is to be known are closely integrated. Category I emphasizes useful tools for gathering, evaluating, valuing and shaping information and ideas. Category II identifies social, historical, cultural and scientific contexts wherein knowledge finds active meaning, and emphasizes the need for understanding interdisciplinary relationships among the different ways of knowing.

Courses in italics are honors courses. Courses in parentheses are no longer being offered but do fulfill General Education requirements for students who have taken them.

I. Skills for Liberal Learning

Writing for a Liberal Education Category I.A. One course is required in this category. A grade equivalent of 2.00 or higher is required to fulfill the requirement. A grade of PS is acceptable provided the course is not required for the major or minor. Courses in italics are honors courses. ENGL 102 Writing for a Liberal Education

TRANSFER PACKAGES

Towson University offers Transfer Packages to newly enrolled transfer students. The packages vary according to the General Education (GenEd) requirements completed at the sending insti-

A Transfer Package A, B, or C will be awarded to students meeting rhe following criteria prior to matriculation at Towson University: 40 transferable credits of liberal arts course work comparable to courses that native Towson University students may use to satisfy GenEd and, as part of the 40 credits, the completion of the minimum MHEC (Maryland Higher Education Commission) General Education requirements.

Minimum Requirements for GenEd Transfer Packages

Transfer packages will be awarded provided the following requirements are completed prior to matriculation at Towson University:

• Minimum MHEC requirements:

- One college-level freshman composition course (Towson graduation requirement: a grade equivalent of a 2.00 or higher must be earned)
- One college-level mathematics course (Prerequisite: two years of high school algebra)
- Two science courses (one must be a lab)
- Two arts/humanities courses (must be different disciplines)
- Two social science courses (must be different disciplines)
- Additional liberal arts requirements:
 - Emerging Issues courses (must include information technology)
 - One cultural diversity course
 - · One global awareness course

Package A

- 40 credits toward GenEd completed at sending institution
- 6 credits of GenEd courses required at Towson
 - I.D. Advanced Composition (Upper-Level)
 - II.A.2. Science, Technology and Modern Society (Upper-

Package B

- 40+ credits toward GenEd completed at sending institution
- 7.5+ science credits toward GenEd completed at sending
- II.A.2. Science, Technology and Modern Society WAIVED
- 3 credits of GenEd required at Towson
 - I.D. Advanced Composition (Upper-Level)

Package C Baccalaureate Institution Transfers Only

- 44-46 credits of GenEd required and completed at sending institution
 - GenEd SATISFIED IN TRANSFER

Course work for transfer students not awarded a GenEd package will be applied toward Towson's GenEd requirements on a course-by-course basis.

CHOOSING A MAJOR

The General Education (GenEd) requirements allow students to explore a broad range of subjects, while the major and minor provide in-depth study of one or more fields. A major may require as few as 30 hours or as many as 70 hours. The exact number varies and is set by the academic department.

All students are asked to declare a major during their initial registration. Those who are not sure which major they wish to pursue will be designated as "open majors." In order to add or change a major or minor, students must complete a Declaration of Major/Minor Form in the Enrollment Services Center, room 223.

Major

A major consists of courses required of a particular discipline that may include both lower-level (100-200) and upper-level (300-400) courses within and outside the discipline. A grade equivalent of 2.00 or higher is required in all courses completed toward the major, and a minimum cumulative Quality Point Average (QPA) of 2.00 must be earned in the major.

Double Major

A double major combines the requirements of two majors, allowing students to complete both majors by taking fewer credits than if each major were completed separately.

Minor

An institutionally approved set of courses within a major area of study, or a separate, distinct thematic area of study consisting of at least 18, or no more than 30 credit hours. A minimum of 12 credit hours must be upper-level courses (300-400 numbered courses) and no more than 12 credit hours can be taken outside of the minor or thematic discipline.

Concentration

In some departments the major is further divided into concentrations. A concentration is a focused area of study involving approximately 15 to 24 credits. Because the university formally recognizes concentrations, they will appear on students' academic records. Students interested in a particular concentration within a major should contact the department for details.

Track

A track is a university-approved area of focus within a larger area of study, but, unlike a concentration, it has not been formally approved by the Maryland Higher Education Commission (MHEC). Because it does not carry formal recognition, it may not appear on the academic record.

Area of Focus

An area of focus is an institutionally approved area of study within a concentration or track of at least 12, but no more than 24, credit hours. At least half of the required courses must be upper-level (300-400 numbered courses).

Screened/Competitive Majors

Some programs of study are screened. Students must meet certain academic or curricular criteria, such as completing prerequisite courses or attaining a specific average, before they are admitted to these programs.

Other programs of study, while not officially approved screened majors, are competitive. Students must either submit a portfolio of work or audition before they are admitted to these programs.

The criteria are published in the applicable sections of this catalog. Admission to the university does not guarantee admission to screened or competitive programs.

Out-of-State Students

Recognizing the advantage of a diverse student body, the university welcomes out-of-state applicants to its screened programs. However, because the university is partially supported by Maryland taxpayers, the proportion of out-of-state students admitted to its screened programs must be limited. Therefore, no more than 25 percent of each class of new students admitted to screened programs will be out-of-state residents unless qualified in-state students are unavailable.

COLLEGES

The university comprises eight colleges: the College of Business and Economics, the College of Education, the College of Fine Arts and Communication, the College of Health Professions, the College of Liberal Arts, the College of Science and Mathematics, the College of Graduate Education and Research and the College of Extended Programs.

Once students have determined a program of study, they become a member of, and graduate from, the academic college administering the program.

College of Business and Economics

The mission of the College of Business and Economics (CBE) is to provide successful graduates with Knowledge, Skills, and Attitudes (KSAs) that employers want. Dynamic partnerships with business, government, and nonprofit organizations enhance the academic program. The Accounting and Business Administration programs are accredited by AACSB: The International Association for Management Education. Students earn degrees in accounting, business administration, electronic business and economics. Within the business administration major, students choose among concentrations in international business, finance, management or marketing, or tracks in economics, human resource management or legal studies.

College of Education

The mission of teacher education at Towson University is to inspire, educate, and prepare educators as facilitators of active learning for diverse and inclusive populations in environments that are technologically advanced.

As the first teacher-training institution in Maryland, Towson University has been preparing men and women for teaching careers for more than 130 years. Today, the College of Education has a nationwide reputation as a leader in teacher education. Programs of study lead to the baccalaureate degree in education with certification to teach Early Childhood Education, Elementary Education, and Special Education. In addition, the college offers programs that lead to teacher certification in secondary education and K-12 education for students enrolled in other colleges of the university.

College of Fine Arts and Communication

Recognized as a fine arts center for Maryland, the College of Fine Arts and Communication trains talented men and women to pursue careers in the arts and communication. Additionally, the college offers all TU students the opportunity to participate in both academic and artistic experiences in these areas.

Because the creative process involves close dialogue between teacher and student, programs are structured to allow for individual attention. All programs provide a broad liberal education as well as specialized professional training.

College of Health Professions

The departments of the College of Health Professions have the common goal of preparing students to provide human services designed to improve the quality of life. The college is composed of the departments of Communication Sciences and Disorders, Health Science, Kinesiology, Nursing, and Occupational Therapy and Occupational Science. Graduates of the baccalaureate programs in Nursing and Occupational Therapy and Occupational Science are eligible to sit for their respective certification examinations.

A major in the College of Health Professions can prepare students for one of many health-related careers. Some examples include community health education, speech and language pathology, hospital management, teaching, medical technology, athletic training, professional coaching, sports information, recreation leadership, research, and government service.

College of Liberal Arts

A liberal arts education produces an individual who can analyze and interpret information and arrive at informed judgments about complex issues. The College of Liberal Arts offers courses that are designed to assist students in developing these abilities.

More than 2,400 undergraduates major in liberal arts programs at TU. More than 350 graduate students are pursuing master's degrees in the college. The College of Liberal Arts emphasizes excellent teaching, scholarship and creativity. Its students and faculty contribute actively to the intellectual and cultural life of the community.

The liberal arts provide an excellent preparation for many careers as well as for graduate studies. Graduates can seek careers in such diverse areas as teaching, law, journalism, counseling, museum work, urban planning, and publishing, among others.

College of Science and Mathematics

The principal goal of the College of Science and Mathematics is to provide students with a technological/scientific dimension to their liberal education. Courses are offered in all of the traditional physical, mathematical, and life sciences disciplines. Programs are vigorous, yet highly flexible. Students may choose a traditional science major or may elect cross-disciplinary majors, such as Environmental Science and Studies. Also offered is a Dual Degree Engineering Program and pre-professional preparation in pharmacy, medicine, dentistry, veterinary medicine and physical therapy. Another option is the major in Science and/or Mathematics Teaching at the secondary or elementary level.

College of Graduate Education and Research

One of Towson University's institutional goals is to make graduate education a larger presence on campus. The College of Graduate Education and Research has rapidly expanded programs and streamlined administrative processes to accommodate the growing graduate student population. The mission of the Graduate College at Towson University is to provide programs of study that will allow individuals to advance their knowledge, increase their practical skills, and develop leadership abilities in a broad spectrum of professions. The College of Graduate Education and Research also aims to help students enhance knowledge of their disciplines through collaboration on research projects with faculty; to be actively engaged in the process of improving the quality of life for others and themselves; and to develop the desire in each individual to become a continuous life-long learner. The college currently administers 3 doctorate, 32 master's degree programs and 15 certificate programs.

A hallmark of graduate education at Towson is the emphasis on applied programs that provide the skills and knowledge needed by career professionals. Faculty and student research is closely related to graduate education and advances the college's mission as well as that of Towson University. The Office of University Research Services (OURS) was established to assist faculty and staff in obtaining external support for research and scholarly activity. It serves the dual function of protecting the university's interests in matters relating to external funding, while providing a high level of service to university faculty and staff members in identifying funding opportunities, developing project ideas into competitive proposals, and submitting complete and competitive proposals. In fiscal year 2000, Towson University received more than \$14.1 million in external funding for research and other

scholarly projects.

College of Extended Programs

The College of Extended Programs is committed to expanding educational opportunities of various populations in diverse settings across the state and to linking the academic resources of the university to organizations and communities in a variety of extended learning, corporate and business, and community outreach activities. The college includes four units: (a) Extended Learning Enterprises, which administers Towson University programs at off-campus centers, distance learning courses, corporate university programs, and the summer and Minimester sessions and is the project manager for Towson Learning Network (TLN) programs; (b) The Career Center, which connects students and alumni to potential employers through internships, part-time opportunities, and full-time careers; (c) Older Adult Programs, which include Elderhostel and the Auburn Society; and (d) the Community Engagement Institute, which links university faculty and students to the community to meet community needs, and includes Senior Cyber Net.

HONORS COLLEGE

OFFICE Cook Library 524 410-704-4677

E-mail: honors@towson.edu

www.towson.edu/honors

Towson University Honors is designed for students who have demonstrated superior academic performance in the past, and who wish to pursue unique educational opportunities while attending the university. Students may major in any field at Towson University and be part of the Honors College. At Towson, the Honors College is a true community of scholars. Honors students are encouraged to seek intellectual excellence and leadership through opportunities that go beyond the routine college experience.

Curriculum

Students in the Honors College are required to take five Honors College courses in consecutive semesters. Many of the courses are honors sections of General Education (GenEd) courses, but some courses are unique to the Honors College. There are Honors College courses in a wide range of academic disciplines; for example, anthropology, art history, biology, chemistry, mass communication and communication studies, economics, English, history, philosophy, political science, psychology, sociology, and women's studies. Honors College courses, taught by outstanding faculty committed to excellence in undergraduate education, are designed to facilitate discussion and collaborative learning.

Requirements

Students are considered for admission to the Honors College if they meet one or more of the following criteria: (1) high academic potential, indicated by a minimum SAT I score, currently 1180 with a minimum 620 verbal; (2) high academic achievement, indicated by such factors as placement in the top 10 percent of their high school graduating class or a high school GPA of 3.50 or higher, with an SAT I minimum of 550 verbal, 500 math; (3) special permission of the honors program director after consideration of the type and nature of the program completed in high school. Students transferring from another college or university must have a 3.50 minimum Quality Point Average (QPA) in order to be considered for participation in the Honors

Students must complete at least five Honors College courses and attain a minimum 3.50 quality point average overall in order to be designated as graduates of the Honors College. Students may transfer a maximum of two honors-designated courses from another institution in completing degree requirements.

Benefits

TU students in the Honors College can take advantage of the following benefits:

- They may attend small, informal discussion sessions with
- They have priority scheduling for course registration.
- They may take classes not offered to the rest of the university, including seminars, special focus courses, and study abroad
- They have access to special campus facilities including honors housing and an honors lounge.
- They are eligible for special scholarship support.
- They may participate in special service initiatives or peer mentoring.

Special Scholarship Opportunities

Honors College scholarships are available to incoming students in amounts up to \$3,000. The scholarships are awarded on a competitive basis to students admitted to the Honors College. The application is submitted along with an essay. The Honors College Selection Committee chooses the scholarship recipients. The recipients are required to maintain a 3.50 Q.P.A. or better each year to continue to receive the scholarship.

DEPARTMENTAL HONORS

The Departmental Honors Program represents intensive and individualized but directed education beyond the normal course of instruction. This program includes 6 to 9 credit hours in seminars, directed readings (tutorials), and research projects in the major. A senior thesis is required, as is an oral defense of the

To be admitted to the program, students must present a cumulative average of 3.25 and a 3.50 average in their discipline, or have the permission of their faculty adviser. These minimum averages must be maintained for graduation as a Departmental Honors Program participant. Students who complete an approved program will receive a diploma and transcript with the designation, Bachelor of Science or Bachelor of Arts with Honors, in the appropriate discipline. Currently, the departments of Art; Biological Sciences; Computer and Information Sciences; English; History; Mathematics; Modern Languages; Kinesiology; Physics, Astronomy and Geosciences; Political Science; Psychology; and

Sociology, Anthropology and Criminal Justice offer departmental honors programs. Details of each department's honors requirements may be obtained from the appropriate chair.

DEAN'S LIST

Office of the Provost, 410-704-2125

Full-time degree candidates are eligible for Dean's List recognition each fall and spring semester provided they complete a minimum of 12 calculable semester hours and attain a 3.50 or higher Quality Point Average (QPA).

Part-time degree candidates are eligible for Dean's List recognition each academic year provided they complete a minimum of 12 calculable semester hours and attain a 3.50 or higher Quality Point Average during that academic year. An academic year is designated as fall through summer and includes the January Minimester.

Applicable course work is only that in which calculable grades (A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F, FX) are earned. Pass (PS), Audit (AU), and Satisfactory/Unsatisfactory (S/U) grades do not apply toward the 12-credit minimum.

Additionally, students who receive Incomplete (I) grades for the term are not eligible for Dean's List honors in that term, nor may they retroactively receive those honors once the work is made up and a letter grade is earned.

GRADUATION WITH LATIN HONORS

Enrollment Services

Enrollment Services Center 221

410-704-2095

Effective with the May 2001 graduating class, all students regardless of their catalog will graduate from Towson University with Latin Honors if they meet the following criteria.

- 1. Latin Honors are awarded to students with an Honors Quality Point Average (HQPA) equal to the highest 2 percent (summa cum laude), next highest 4 percent (magna cum laude), and the following 6 percent (cum laude) of the HQPA distribution used in calculations for that semester's graduating class.
- 2. Students with an HQPA of less than 3.50 will not be considered for Latin Honors.
- 3. The graduating HQPA will be based on students' performance in the final 60 credits earned at Towson University. This will apply whether students first matriculated at TU or transferred from another institution. The final 60 credits will include the entire semester in which the total of 60 credits was attained. At least 45 of these 60 credits *must* have calculable grades.
- 4. The alternate option for honors based on a student's final TU Cumulative Quality Point Average (for the student's entire academic record) will automatically be processed. No special request is required.
- 5. The publication in the commencement program of the names of students who are candidates for honors will be based on the preliminary HQPA data generated after the preceding grading cycle (after Minimester for May graduates, after spring for August graduates, and after summer for December graduates). Actual honors will be determined upon confirmation that students' academic performance meet the prescribed criteria, including the final semester of enrollment.
- 6. Latin Honors are posted on the transcript and the diploma.

OPPORTUNITIES FOR OFF-CAMPUS STUDY

Students at Towson may expand their educational opportunities by studying in universities throughout Maryland, the United States, and in countries around the world. In some programs, students are able to pay tuition approximately equal to that at Towson (plus transportation), while others will require additional funds. Students considering one of the off-campus study options will want to plan ahead for their experience.

Inter-Institutional/BSEP Registration Program Enrollment Services Center 220, 410-704-2007

The Inter-Institutional Registration Program at Towson University is designed to foster an interchange of students between Towson and other University System of Maryland institutions. Certain private colleges, such as Goucher, Loyola, Johns Hopkins, College of Notre Dame and Morgan State University, also participate in a similar program called the Baltimore Student Exchange Program (BSEP), with no additional tuition costs to Students.

Interested students should contact the coordinator at Towson. Students must maintain a combined full load (12 or more credits) at both institutions with a minimum of 6 credits at TU. With approval of the coordinator, students may register for one or two courses at the host institution. Enrollment is on a space-available basis. Students must obtain special permits or instructor consent to register for courses that require them at the host institution. Students participating in the Inter-Institutional Registration Program must follow the withdrawal deadlines at the host institutions.

At the end of the term, the host institution's registrar will send an official transcript to Towson, and the courses completed and grades earned will be posted to the Towson record and calculated into the Towson cumulative average. Additionally, a notation will be made that the course work was completed through the program, indicating the name of the host institution.

National Student Exchange (NSE)

Lecture Hall, 410-704-3583

This program allows full-time degree candidates an opportunity to become acquainted with social and educational patterns in other areas of the United States. Through Towson's membership in the NSE, students may attend one of the 140 participating schools for a semester or a full year. Schools participating in the program include ones in Puerto Rico, Guam, the Virgin Islands, and in 47 states. For further information, contact the program coordinators, Tracy Miller, 410-704-3583, or Susan Hyman, 410-704-2007.

Consortia Agreements

Enrollment Services Center 233, 410-704-3104

Students at TU may participate in consortia agreements between accredited two- and four-year colleges and universities. Consortia agreements are useful for students who wish to use part of their financial aid to pay for all or part of the tuition and fees at the participating institution.

Students wishing to participate in a consortia agreement must:

- Be in good academic standing at TU. Students for whom an exception to suspension, dismissal or disenrollment has been made or who have been readmitted on probation are incligible;
- Not have completed more than 64 credits at community colleges or more than 90 total credits at all schools attended, including TU;
- 3. Be enrolled for a minimum of 3 credits at TU, and must have financial aid for the specific period;
- 4. Obtain from the appropriate TU academic department(s) verification that the courses selected are transferable in

- accordance with current transfer credit policies and procedures;
- Not attempt to repeat courses at the participating institution if they have been attempted at TU with an earned grade of C-, D+, D, F or FX.

Note: Students do not need a consortia agreement if they register through either the Inter-Institutional Registration or Baltimore Student Exchange Programs (see section describing requirements).

Students should also be aware that grades and credits earned through a consortia agreement are posted to the TU record and calculated in the academic totals. Accordingly, the Academic Standards Committee reserves the right of approval in some cases if the Pass grading option is elected on courses taken as part of a consortia agreement.

For more information, contact Marilyn Leuthold, Enrollment Services, 410-704-3104.

The Study Abroad Office provides a wide range of overseas academic experiences for Towson students. It plays an important role in the university's mission to internationalize the campus community and "to provide all of its students with a broad knowledge and understanding of the global society." Currently, more than 150 students per year from a variety of disciplines participate in TU's study abroad and exchange programs.

The Study Abroad Office provides the following services: coordinates and manages study abroad and exchange programs; advises interested and eligible students on incorporating an overseas experience in their undergraduate degree program; acts as a liaison for the student, academic departments and various administrative offices on campus, and foreign universities; and provides support services to students prior to, during, and following a study abroad experience.

The university maintains relationships with various institutions abroad and U.S.-based organizations providing overseas study opportunities in Europe, the Americas, Africa, Asia, Mexico, the Caribbean, New Zealand, Canada and Australia. Specifically, the university coordinates programs with the following institutions abroad:

TOWSON UNIVERSITY FACULTY-LED PROGRAMS

www.towson.edu/studyabroad

Short-term summer and Minimester programs in various countries led by a Towson University faculty member.

UNIVERSITY OF MARYLAND, COLLEGE PARK

www.inform.umd.edu/EdRes/Intl/Studyabroad

Offers study abroad programs in a wide variety of locations and disciplines.

The length of programs varies from one semester to a year, Minimester or during the summer. Many programs focus on specific academic disciplines, while others emphasize language study, independent study or an internship combined with traditional course work. Academic credit can be applied toward fulfilling requirements and electives for degree programs.

University financial aid may be applied to all TU study abroad and exchange programs. The following scholarships are available for study abroad through Towson University: Institutional Study Abroad Scholarship, CLA International Student Exchange Scholarship, National Security Education Program. Contact the Study Abroad Office for information.

Each semester, biweekly group advising sessions are conducted by the Study Abroad Office to provide students with preliminary information about overseas study opportunities and procedures. Call the office at 410-704-2451, or visit our Web site for the current schedule of sessions. Students should attend a group advising session at least one year prior to their intended study abroad experience. Study abroad advisers are available by appointment to meet with students who have attended a preliminary advising session. During an advising appointment, students can expect to receive information and advice on study abroad program options and how to choose an appropriate program, as well as financial aid and scholarship information, specific course information, transferring credit, registration, housing, etc. Students are also advised on how to obtain passports, visas, the International Student Identification Card and other necessary travel documents. Pre-departure orientation sessions are conducted each semester for students who have been accepted to a study abroad program. Students are required to attend these informative sessions which address many critical issues such as health, safety, travel and culture shock. The office maintains a resource area for students with program/course catalogs, videos, scholarship and financial aid resources, travel guides, and miscellaneous international publications.

For further information, contact a study abroad adviser at 410-704-2451, or visit the office to pick up an information packet.

NON-TRADITIONAL UNDERGRADUATE PROGRAMS

Enrollment Services Center 223, 410-704-2471

The Office for Non-Traditional Undergraduate Programs oversees the following programs and services: Non-Degree Student Enrollment, Teacher Certification, Second Bachelor's Degree, Dual Career Program, College in Escrow, Golden I.D. (senior citizen tuition waiver), and Credit for Prior Learning.

The academic policies described in the Admissions, University Curriculum, and Academic Regulations sections of this catalog apply to students in the above programs unless otherwise specified.

Admission

Admission is the official acceptance of a student as a degree candidate by the TU Office of Admissions or the Second Bachelor's Degree Office. Registration is the enrollment in courses for a particular semester. Persons who meet the criteria for non-degree enrollment (outlined below) may register for courses without formal admission to the university. Eligibility requirements for formal admission and deadlines are detailed in the Admissions section of this catalog.

Non-Degree Students

Students who wish to enroll as non-degree students (not formally admitted by the university) must complete and submit an Enrollment Form to the Office for Non-Traditional Undergraduate Programs before registering. Persons who have been denied admission to TU because of academic ineligibility are not permitted to attend as non-degree students. They may, however, transfer to Towson University after attending another college or university if they meet TU's transfer admission requirements (see Guidelines for Transfer Admission in this catalog). Persons who have gradu-

ated from high school within the last two years are not eligible to attend TU as a non-degree student during the fall or spring semesters. They must formally apply for admission through the Office of Admissions.

Non-degree students who eventually wish to earn a degree at Towson University should be aware of the following policies. No exceptions will be made to these policies.

- 1. You will be assigned the catalog that is in effect at the time you are formally admitted, and you must complete the requirements listed in that catalog. Please note: It is to your benefit to be formally admitted as soon as you are eligible.
- You must complete a minimum of 30 credits in residence at TU.
- 3. You must complete at least 15 credits at TU as a *degree candidate*.
- 4. Transfer credits earned at another institution will not be evaluated until you are formally admitted as a degree candidate. Therefore, academic advising received prior to formal admission will not be considered binding by Towson University.

Non-degree students are expected to maintain the following Cumulative Quality Point Average (CQPA) based on EHRS (earned hours) or QHRS (quality hours) whichever is higher:

<u>Credit hours</u>	
(includes Towson credits only)	Minimum_CQPA
30 -59.5	1.75
60 and above	2.00

Students who fail to meet the criteria for good academic standing outlined above will be sent a letter of warning. After being warned, if students do not maintain good academic standing *in any subsequent semester*, their enrollment will be permanently discontinued.

Non-degree students may apply for formal admission as degree candidates after earning 30 credits with a 2.25 cumulative Quality Point Average. Advising is available through the Office for Non-Traditional Undergraduate Programs, the Academic Advising Center, and the Office of Admissions.

International students who are on a visa of any type may not enroll as non-degree students without written permission from the International Student and Scholar Office. Non-native speakers will be tested in English and placed in remedial English courses if needed.

Teacher Certification

Students who already hold a baccalaureate degree and wish to take courses (including student teaching) to become certified to teach in the state of Maryland should contact the Center for Applied Skills in Education (CASE), located in Hawkins Hall, room 302B, 410-704-5364. Students must complete a Teacher Certification Enrollment Form and an Information Form in order to register. Both forms are available in the CASE Office and should be submitted to the Office for Non-Traditional Undergraduate Programs. Certification students will be advised by the appropriate department in the College of Education.

Students taking courses for recertification do not need to file an application with the CASE Office. They only need to file the Non-Degree Enrollment Form with the Office for Non-Traditional Undergraduate Programs (see section above on Non-Degree Students).

Second Bachelor's Degree

The Second Bachelor's Degree Program is designed to meet the needs of college graduates who wish to atrain proficiency in another major field. To qualify for admission, students must hold a baccalaureate degree from a regionally accredited institution.

A maximum of 90 transferable credits of undergraduate course work will be applied toward the second bachelor's degree. In addition, students must complete a minimum of 30 credits in residence at TU and meet all the requirements of the "new" major.

At least one-half of the "new" major credits must be completed at Towson *since the completion of the first degree*. Each student must complete an advanced writing course. All other General Education requirements are considered to have been met through the first degree.

Those interested in learning more about the program or receiving an application should call 410-704-2471. Deadlines for fall and spring admission are June 15 and November 15, respectively. Some screened/competitive majors have earlier deadlines and separate applications.

Second bachelor's degree candidates may qualify for departmental honors, the Dean's List, and/or graduation with honors. Please refer to the Academic Regulations section of this catalog for criteria.

Dual Career Program

The Dual Career Program is for post-baccalaureate students who wish to pursue a second bachelor's degree or an undergraduate certification in teaching while enrolled in a master's degree program at Towson University. Students who are interested in taking graduate and undergraduate studies in different fields at the same time should contact the Office for Non-Traditional Undergraduate Programs, 410-704-2471, for further information.

College in Escrow

The College in Escrow Program is designed for high school students who want to take courses at Towson for college credit. Students must have a B average and approximately 1100 on SATs (or 110 on PSATs).

The program allows students to:

• Experience college first-hand.

• Take courses not offered at the high school level.

Earn college credit.

College in Escrow students enroll in regular credit courses at Towson during the summer sessions or the fall and spring semesters and attend class right along with other college students. They may take any TU course, provided the prerequisites have been met.

Golden I.D. Program: Senior Citizens

Retired Maryland residents, 60 years of age or older, are eligible for the Golden I.D. senior citizen tuition waiver program. Golden I.D. students may enroll in a maximum of three courses in the fall and spring semesters (and two courses in the summer session) and pay a flat semester fee and any course/major fees that apply. Golden I.D. students may take courses for audit or credit on a space-available basis (special format courses are excluded). To apply for a Golden I.D. card, stop by the Office for Non-Traditional Undergraduate Programs in the Enrollment Services Center.

Credit for Prior Learning

TU recognizes that some students may have acquired abilities through life experience, personal study, and/or military course work. The Credit for Prior Learning (CPL) Program offers an opportunity for students to receive college credit by taking "challenge" tests in the area of their proficiency, presenting portfolios, and providing documentation of military course work/experiences.

A maximum of 45 credits for "non-traditional learning" may be granted with a grade of PE through the Credit for Prior Learning Program (this includes any CLEP credit granted in transfer). CPL credits can be used to fulfill GURs/GenEds, electives, and/or major requirements. Students must be degree candidates with at least a 2.00 cumulative QPA to have CPL credits recorded on the TU transcript. Please note that some academic departments may accept a lower maximum number of CPL credits toward the major. Please check with the major department first to find out if such restrictions exist.

Different ways to earn CPL credits at Towson University are described below:

Departmental Exams

TU offers departmental "challenge" exams in Biology, Chemistry, Economics, Health Science, Mathematics, Modern Languages, Kinesiology and Psychology. Students' achievement in a particular test must be equal or superior to that of students having earned a grade equivalent of 2.00. Although departmental standards for granting credit may exceed this minimum, credit may not be granted when achievement is below 2.00 level work. Departments may also offer advanced placement with no credit given based on an individualized assessment.

CLEP (College Level Examination Program)

TU offers, and grants credit for, the following CLEP tests: Humanities, Mathematics, Natural Science, and Social Science/ History.

Accounting (ACCT 201, 202), Business Law (LEGL 226), Marketing (MKTG 341), Management (MNGT 361), Biology (BIOL 110), Freshman Composition (ENGL 102), American Literature (ENGL 230 and 3 elective credits), English Literature (ENGL 221, 222), Educational Psychology (PSYC 201), and Sociology (SOCI 101). For information regarding the minimum passing scores for CLEP tests, call 410-704-2471.

Individualized Assessments

Students who wish to earn credit for courses which do not have standard departmental or CLEP exams may contact the academic department to determine if individualized assessment is possible. This type of assessment may include portfolio review, oral or written examination, demonstration (e.g., dance or music), or written report/paper.

Military Course Work/Experience

TU is a member of Servicemembers Opportunity Colleges (SOC). Students who have served or are currently serving in the United States military may receive college credit for basic training, military occupational specialties, and other military course work. Official documentation must be submitted. Work will be evaluated per the *Guide to the Evaluation of Educational Experiences in the Armed Services* by the American Council on Education (ACE).

For further information on the Credit for Prior Learning Program, call the Office for Non-Traditional Undergraduate Programs, 410-704-2471.

MILITARY SCIENCE PROGRAMS

Towson offers students who are interested in officer training for the military several opportunities to pursue that training.

Reserve Officers' Training Corps (ROTC) Credit

TU will accept transfer credit hours earned from a recognized ROTC Program sponsored by an accredited college or university. Such credits will be considered upper- or lower-level credits as defined by the transferring school, and are applicable as elective credits toward a TU degree. ROTC credits are considered to be non-traditional credits and are part of a maximum of 45 non-traditional credits allowed by academic policy.

U.S. Army Reserve Officers' Training Corps (ROTC)

Towson University offers Army ROTC to its students through a cooperative agreement among Loyola College, TU, and the U.S. Army.

The primary objective of the ROTC Program is to prepare selected students with potential to serve as commissioned officers in one of the three components of the U.S. Army—Active Army,

National Guard and Army Reserve. The program is totally voluntary and is conducted in two phases—the basic course and the advanced course.

The basic course is taken in the freshman and sophomore years. No military commitment is incurred during this time, and students may withdraw, as with any other course, through the end of the second year. The basic course is available as an elective to all qualified students.

TU students who decide after either their freshman or sophomore years that they are interested in the ROTC Program may attend a special ROTC Basic Camp. This camp will fully substitute for the first two years of on-campus study. This camp is held for six weeks during the summer, and all participants receive pay and allowances.

Normally, students must have a minimum of two years of college remaining before graduation in order to join ROTC. However, on a case-by-case basis, students who will commit themselves to attending graduate school in order to meet the two-year requirement may be permitted to enroll.

Except for veterans, the basic course or a basic camp must be successfully completed prior to entering the advanced course.

The advanced course is normally taken in the final two years of college. A paid, six-week advanced camp is held during the summer between the junior and senior years.

Army ROTC graduates may serve three or four years, or an entire career on active duty, or request Reserve Forces Duty (RFD) and serve as little duty as three months on active duty. The remainder of their obligation is spent in the Army Reserve or the Army National Guard where they assume roles equally important to those of their active duty counterparts.

Specialized branch assignments are made in the students' senior year which will determine the nature of their duties once they are commissioned. These specialized assignments are based largely upon students' majors and personal preferences.

Prior to graduation and commissioning, the senior student will make known personal preferences regarding the geographical area of the world in which he or she desires to serve his or her first tour upon entering the active Army.

The Army awards scholarships on a competitive basis to outstanding young men and women who are interested in serving in the active or reserve components of the U.S. Army. Details of the ROTC scholarship program are available from the Office of Financial Aid. All TU students are eligible to apply.

Enrollment for ROTC is done through the Military Science Department at Loyola College. Contact the Military Science Department at 410-617-5043 for class days and times. Generally, freshmen and sophomores have classes on Monday and Wednesday afternoons at Towson. Juniors and seniors attend classes at Loyola on Tuesday and Thursday afternoons.

Air Force ROTC

Air Force ROTC is available to students at Towson University through an agreement with the University of Maryland, College Park. Air Force courses are scheduled so that students from Towson University may complete most AFROTC requirements during one morning per week at the College Park campus. In addition, students at Towson are eligible to compete for all AFROTC scholarships; 4-, 3-, and 2-year scholarships pay for total tuition and fees at both the University of Maryland and Towson University, for all required books, and provide a \$100 per month subsidy for both pilot and navigator training programs. Upon graduation from Towson University and completion of the AFROTC curriculum at the University of Maryland, students will be commissioned second lieutenants in the Air Force. Students who are interested in the Air Force ROTC can contact: Air Force ROTC, Det. 330, Cole Field House, Rm. 2126, University of Maryland, College Park, MD 20742; telephone: 301-314-3242/3243/3245.

Academic Regulations

An education from Towson University includes a broad liberal arts base and a strong knowledge of one or more major fields of study. To ensure that the Towson degree continues to have weight and meaning, and that it signifies student work meeting or exceeding a particular level of excellence, the university insists that certain standards and policies apply to all undergraduate students. These policies are published every year in this catalog, and any revisions are effective as of the date of the catalog's publication (unless otherwise stated).

The Academic Standards Committee, comprising faculty, administrators and students, meets regularly to formulate policy and to review appeals from students asking for exceptions to policies.

Students who wish an exception must appeal in writing to the Academic Standards Committee, c/o Enrollment Services. Appeals must be written by students. Letters received from third parties will be honored only as support of students' appeals. Letters of appeal should be as brief as possible, concise, and must include all pertinent academic information, including, when appropriate, supporting documentation. All appeals receive a written response from the committee.

This section will explain the policies and regulations that govern academic standards at Towson.

DEFINITIONS OF TERMS

A credit is the unit given to one 50-minute class (or its equivalent) meeting weekly for a semester. This means that a class meeting Monday, Wednesday and Friday from 9 to 9:50 a.m. or Tuesday and Thursday from 8 to 9:15 a.m. will be a 3-credit course. Most classes fit this format. Classes that require laboratory or studio time in addition to lecture time will usually merit an extra credit, becoming 4-credit courses, just as those requiring less class time will merit fewer credits. The Schedule of Courses lists the number of credits each course carries. Faculty expect students to spend at least two hours reading, writing and doing research outside of class for each hour spent in class

A semester is 14 weeks of instruction, exclusive of final examinations. The work covered in one college semester is approximately equal to that done in one year of high school.

Semester of Study. Each semester in which students register and do not cancel or withdraw before the first day of classes counts as a semester of study. Verified withdrawal for medical reasons or entry into the Armed Forces will not count as a semester of study.

Minimester is an intensive condensed term in January that allows students to take a course that lends itself to a highly focused format (15 hours of instruction each week) to discuss ideas that interest students or that may fill a gap in their requirements. Students may take a *maximum* of 6 credits in this term.

The Summer Term is made up of four sessions of varying lengths, including an evening session, that allow students to complete regular course work in a shorter period of time and fulfill degree requirements sooner. Students may take a maximum of 9 credits in any one session and a maximum of 15 credits in all sessions combined.

Credit-Hour Load. In a regular fall or spring semester students take about 15 credits (five, 3-credit courses). In the Minimester, students may take a maximum of 6 credits. Students may

register for a maximum of 15 credits during the summer, but they may not take more than 9 credits during any one session.

To be considered full-time, undergraduate students must be enrolled in a minimum of 12 credit hours each term. For graduate students, the minimum is 9 credit hours each regular term.

Excessive Credit Hour Loads. Degree candidates (formally admitted students) who have a 2.00 cumulative Quality Point Average (QPA) will be able to register for 19 credits in a semester, and students who have at least a 3.25 cumulative QPA based on at least 30 hours taken at Towson are eligible to carry up to 20 credits. Seniors in their last semester who have at least a 2.50 cumulative QPA and need 20 credits to graduate will be able to take that number. Students whose cumulative QPA is 3.50 or higher based on 30 quality hours are eligible to take 21 credits.

Degree candidates who do not meet the criteria above but wish to carry over 19 credits must obtain permission from Enrollment Services *before* registering for the excess.

Quality Hours and Quality Point Averages. These terms will be discussed in Grading, found later in this section.

Prerequisites. Prerequisites are requirements imposed by an academic department for certain courses within its curriculum. Such requirements may include, but are not limited to, other courses, a specific Quality Point Average, or class standing, (e.g., junior, senior). Prerequisites may also include successful completion of screened requirements, where applicable, or successful completion of a specific test or examination, either departmental or standardized, where applicable. Prerequisites may also include department or instructor permission in addition to, or in lieu of, a specific course, testing, or class standing requirements.

Departments are responsible for enforcing prerequisites. Students are advised to read carefully course descriptions found in the *Undergraduate Catalog* and to make sure they have met any prerequisites *before* registering for courses. Students who remain in courses without having met prerequisites, with or without the permission of the instructor, do so at their own risk. Failure to meet prerequisites and withdraw from a course by the published deadline is not a basis for petitioning the Academic Standards Committee for an exception to academic policy.

ENROLLMENT AND REGISTRATION

Students who have applied for admission to degree candidacy and have been admitted must return their Enrollment Contract to acknowledge their acceptance of the university's offer of admission. After they do this, they will receive information about academic advising and course registration. Orientation is available to new freshmen and transfer students prior to the beginning of the semester. The process in which students select courses and have those courses entered into the computer is called registration.

Each semester students receive information regarding the number of credits they have earned to establish their registration date. Students are encouraged to see their adviser before they register. Students who have no adviser may check with their major department or, if they have no major, with the Academic Advising Center (Lecture Hall, 410-704-2472).

After students have met with their advisers, they plan their schedules according to the times listed in the *Schedule of Courses*, and they complete a Course Request Form. On their assigned date, students may register online via TSiNET (http://onestop.towson.edu) or by phone via Towson's On-line Phone System (TOPS). Students may also register in person at the

Enrollment Services Center, room 223. First-year students must meet with an adviser before they will be allowed to register. Non-degree students (those not formally admitted to the university) are encouraged to seek advising at least once each academic year.

Important. Students may not attend a class until they register for that class, and they must satisfy all financial obligations to the institution before they register.

All students may select standard format courses (those meeting according to a published schedule), or they may select special format courses.

Special Format Courses

Directed readings, independent study, and colloquia are examples of special format courses. Students may not apply more than 12 credit hours of special format courses toward graduation. Departments may set limits for fewer credit hours, but they may not exceed the maximum of 12 credit hours set by the University Curriculum Committee. Because of the concentrated nature of these courses, students should be advised to take no more than 6 hours of upper-level special format courses per semester.

Pass Grading Option

Students may elect to be graded on a Pass basis for 8 hours in a single semester/term and a maximum of 12 hours toward their degree. If students register for more than 8 hours under this option in one semester, only 8 will apply toward graduation. This option is *not* available for courses required toward a major, minor, or for certification in teacher education unless special permission is obtained from the department chairperson. Students must make all changes to the option before the published withdrawal deadline each term. In order to elect this grading option, students must complete a Change of Schedule Form in the Enrollment Services Center, room 223.

Students electing this option must earn a grade equivalent of 2.00 or higher in order to receive the Pass (PS) grade, which is not calculated in the average. Students who earn below the grade equivalent of 2.00 will earn that grade, which will calculate. Refer to Grades/Grading for more information.

Auditing Courses

Students may audit a course with the permission of the instructor. An audited course will be graded AU and will not apply toward the degree. Students may elect the audit option at any point up to the withdrawal deadline by presenting a completed Change of Schedule Form with the instructor's signature to Enrollment Services Center. If students then choose not to elect this option, they must follow the same procedure, including obtaining the instructor's signature, to remove the option up to the withdrawal deadline.

Students are advised that audited courses:

- do not count as part of the semester's credit hour load
- do not count as part of the semester or cumulative totals
- do not apply toward graduation unless repeated later for credit
- will be graded AU
- will be graded AUX if the student registers for a course as an audit and fails to attend
- may not be used to repeat a course for which credit has already been earned
- are billed at the same rate as credit courses

CHANGING A SCHEDULE

All changes in students' schedules of classes (adding or dropping a course or change in sections, credits or grading option) are valid *only* if students complete a Change of Schedule Form and file it with Enrollment Services. Students

who do not complete the Change Form and turn it in by the deadline (published each semester in the *Schedule of Courses*) will not receive credit for classes attended but not formally added. A grade of F or FX will be recorded in courses not formally dropped.

Please refer to the *Schedule of Courses* for information on making schedule changes by telephone.

Adding a Class. Students may add classes to their schedules during the first week of classes using a Change of Schedule Form (available in departmental offices or from Enrollment Services). Because each department has different procedures for adding classes (some require faculty signature and departmental stamp; others only a stamp), students need to check the Schedule of Courses, which outlines the procedures each semester.

Students may not enter a class after the change of schedule period (first week of classes) ends. Exceptions are considered only with written authorization from the department chair.

Dropping a Class. Students may drop a class up to the deadline published in the *Schedule* of *Courses*.

- If they drop during the change of schedule period (the first week of classes), no grade is recorded.
- If they drop courses after the change of schedule period but within the withdrawal period, a grade of W is recorded on the transcript. There is no academic penalty associated with the W.

Students who do not officially drop courses during the established time periods receive grades in the courses (A to F or FX) as determined by the instructors.

Withdrawal after the deadline. Students with documented medical problems or verified circumstances beyond their control may request to withdraw from one or more courses without academic penalty after the established deadline. Documentation must accompany the request. If the request is approved, a grade of W will be recorded. Requests must be submitted prior to the beginning of final examinations.

Sometimes new students who have not yet begun classes decide not to attend (cancellation), or continuing students need to withdraw completely from the university (withdrawal).

- A. Cancellation of Enrollment. Newly admitted undergraduate students who decide not to attend the university before or during the first week of classes of the semester for which admission was approved *must* notify the Office of Admissions in writing. Their admission file will be canceled accordingly, and they will be required to submit an additional application for any future entrance date.
- B. Selective (Course) Withdrawals. Students may request selective withdrawals (while maintaining enrollment in other courses) after the withdrawal deadline by coming to Enrollment Services Center, room 223. All such requests, accompanied by appropriate documentation, must be received prior to the beginning of final examinations. Those received after this point must be appealed to the Academic Standards Committee. Appeals for retroactive selective withdrawals (i.e., received after final examinations begin) are rarely granted. For information on complete retroactive withdrawals, refer to item C below.
- C. Complete (University) Withdrawals. Complete withdrawals are more likely to be given consideration. Appropriate medical documentation must accompany all requests.

Degree candidates who wish to withdraw from the university should obtain an Official Withdrawal Form from Enrollment Services Center, room 223, complete the necessary information, and submit it to that office.

If a semester is in progress, students who withdraw after the last date to drop a course with a grade of W will earn the grade of F or FX unless the withdrawal is for medical reasons or other extenuating circumstances.

D. Re-entering the University. Previous degree candidates who have missed one semester or more must apply for readmission through Enrollment Services. Forms are available in the Enrollment Services Center, room 223. The deadlines for readmission are August 1 for the fall semester and December 1 for the spring semester.

Readmitted students must comply with the GURs/ GenEds that were published in the *Undergraduate Catalog* at the time they were originally admitted to Towson, provided no more than 10 years have elapsed.

Students who withdraw from the university, enroll elsewhere, and return to Towson after having completed transfer course work *cannot* qualify for a transfer option (pre-1996 catalogs) or a transfer package (1996 and later catalogs). This option is available only upon initial admission. (Refer to the Admissions section of this catalog.)

Students who officially withdraw must comply with the competency standards (required developmental courses) in effect at the time of readmission if the standards were not met prior to withdrawal.

CLASS STANDING

Students are classified according to the number of credit hours earned:

Freshman	0-29.5 credit hours
Sophomore	30-59.5 credit hours
	60-89.5 credit hours
	90 credit hours and above

CLASS ATTENDANCE/ABSENCE POLICY

1. Students are expected to attend all classes. Consistent attendance offers the most effective opportunity for students to understand concepts, materials and expectations of those courses in which they are enrolled. Although some courses do not use attendance as a criterion for grading, there are others where in-class participation is an integral part of the course. Examples include, but are not limited to, seminars and courses that require public speaking, laboratories, language learning, group discussions or student teaching. Frequent absences from these types of courses, whether excused or unexcused, may affect the final grade.

Faculty who use absences as a factor in grading must explain in the course syllabus what effect even an excused absence might have on the evaluation of a student's work.

- 2. It is policy of the university to excuse the absences of students for the following reasons:
 - illness or injury when the student is unable to attend class
- religious observance where the nature of the observance prevents the student from attending class
- participation in university activities at the request of university authorities (e.g., Intercollegiate Athletics, Forensics Team, Dance Company, etc.)
- compelling verifiable circumstances beyond the control of the student.

Students requesting an excused absence must provide documentation to the instructor two weeks prior to the scheduled absence when known in advance or as soon as possible when not known in advance.

- 3. Absences that do not fall into any of the categories outlined in item number two are unexcused. Faculty may set a limit on the number of unexcused absences.
- 4. Students who are absent from class are responsible for any missed work, assignments, or assessments (e.g., quizzes, tests,

papers, etc.). Faculty members are required to allow students with documented excused absences to make up missed work or assignments when this is feasible. When the nature of the assignment makes this impossible, faculty members should attempt to make a reasonable adjustment of the assignment.

Students who will be representing TU at events, conferences, or other official activities should obtain a Notification of Absence from Class Form from the Office of Student Activities, University Union, room 217, to be given to their instructors to verify the excused absence. Students are encouraged to notify faculty of anticipated class absences as soon as they learn they will be missing class. Faculty should use their discretion regarding making up missed assignments and the ramifications of missing certain class periods.

Important! Students who fail to appear for the first two class sessions, or the first session of evening classes, may forfeit their space in class. Instructors have the right to release these spaces to other students wishing to add the class to their schedules. Students who lose their spaces *must* officially withdraw from the course through Enrollment Services to avoid earning an FX grade for non-attendance. See the sections on Changing a Schedule and Grades/Grading for further information.

GRADES/GRADING

The Plus/Minus Grading System (4.00 scale, semester system), implemented in fall 1998, applies to all undergraduate students and cannot be applied retroactively to grades earned or recorded, including incomplete (l) grades or contested grades, before fall 1998.

Quality Points
Per Credit Hour

3.67
3.33
3.00
2.67
2.33
2.00
1.6 7
1.33
1.00
0.00
0.00

Quality Point Averages

The semester Quality Point Average (QPA) is computed in a three-part process: First, multiply the credit hours (quality hours) for each course taken in a semester by the quality points assigned to the grade earned in each course (see above). Second, total the quality hours and quality points for all courses taken in the semester. Third, divide the total number of quality points by the total number of quality hours to find the QPA.

The grades of S and U (satisfactory and unsatisfactory) are used primarily in those courses offered for development and selected courses that have been recommended by the academic departments and approved by the Academic Standards and University Curriculum committees. The grade of S denotes that work of 2.00 level or higher has been completed and that students have attained a level of competence sufficient to advance to the next course. A grade of U is given to students whose work is below 2.00 level quality. S and U grades are not calculated in students' QPAs.

The grade of PS (Pass) is assigned to a course selected on the Pass grading option when students earn a C grade or higher. Students who elect the Pass grading option and earn a grade of

C- or below will have that grade recorded on the permanent record and used in calculation of the QPA.

The grade of PE is assigned to those courses passed under the Credit for Prior Experience/Learning option. All grades are recorded on students' permanent records, but are not calculated in students' QPAs.

The grade of FX is calculated in students' QPAs. A grade of FX is given to students who never attend class or who stop attending during the semester without officially withdrawing. (If students have officially withdrawn, a grade of W will appear on the final class roster.) A grade of FX is given to students who stop attending before they have completed more than half of the course work. Students who attend most classes but miss the final examination without a legitimate excuse, will receive a zero or F grade for the final examination and have that value or grade calculated with other grades earned during the semester to determine the final grade.

The grade of W is administrative, nonpunitive, and is not calculated in students' QPAs. A grade of W is given to students who officially withdraw from a course by the published withdrawal deadline each term. It is also given to students who obtain authorization, either through Enrollment Services or from the Academic Standards Committee, to withdraw from a course or courses after the deadline. Such withdrawals must be based on documented medical difficulties or verifiable circumstances beyond students' control.

The grade of I is given to students by their instructors when verifiable circumstances prevent students from completing a course within the term. The I grade should be given only in cases where students have completed most of the term and have a reasonable expectation of successfully completing the work required. It should not be given at a point earlier in the term when a withdrawal is appropriate. For more information on the Incomplete grade, see the section immediately following.

Changing Grades and Changing Incompletes

Incompletes may be granted toward the end of the term and only for verifiable medical reasons or for documented circumstances beyond the control of the student. Earlier in the term, a withdrawal may be more appropriate. The grade of I automatically becomes a grade of F at the end of the first full semester following the granting of an I unless changed to another letter grade.

The grade of I may be extended by the instructor for a period not to exceed an additional regular semester if the conditions for granting the original Incomplete still verifiably exist. To grant this extension, the Change of Grade/Incomplete Form must be used.

Although not part of the formal Incomplete grading option, as approved by the Academic Standards Committee, Incomplete Grade Agreement Forms may be used by faculty to establish a specific time by which students must complete the work for a particular course. This form may be used to supplement the issuance of the Incomplete grade on the Final Grade Roster. It allows faculty to designate a time prior to the end of the following semester of study for the course work to be completed. These forms are available from each department's secretary and are to be retained by the faculty member with a copy being issued to the student. Faculty members using the Incomplete Grade Agreement Form should also note on the Final Grade Roster the actual date by which the work is due (e.g., work due on July 1).

It is the student's responsibility to complete the work required by the end of the next regular semester (fall, spring) in order for the Incomplete to be converted to a regular grade. Students do not repeat the course in which the Incomplete was given. Instructors may specify an earlier time by which the

work required is due in order to remove the Incomplete. An Incomplete grade that is not resolved by the end of the next full semester of study, excluding summer and Minimester sessions, is converted to an F grade and is calculated in students' quality hours and QPAs.

Grade changes, excluding I grades and repeated courses, must be submitted by the faculty member within one year. After one year, requests for grade changes may be made only for verifiable medical reasons and by petition to the Academic Standards Committee.

Graduating seniors must resolve any outstanding Incomplete grades within the next full semester after their date of graduation. Specific dates for each graduating class are included in the correspondence from the Graduation Office.

Unsuccessful Semester/Academic Clemency The following guidelines determine approval of the declaration of an Unsuccessful Semester:

- Five full academic years must have elapsed since the semester in question.
- Students must have completed at least 24 credit hours of 2.00 level work at Towson University since the semester in question.
- Only one Unsuccessful Semester can be granted in a student's academic career.

Disagreements Related to Grading. Students who feel an earned grade is unjust must address their disagreements first to their instructor, who is primarily responsible for assigning grades. If the matter is not satisfactorily resolved through this approach and the issue warrants further consideration, students may then direct an appeal through the following channels: department chair/program coordinator, college dean, Division for Student Affairs.

REPEATING COURSES

When courses are repeated, students will receive credit for the course only once. Only the higher of the two grades will be calculated in the Quality Point Average. The lower grade will remain on the record with the letter R preceding (e.g., RF, RX, RD, etc.) to indicate the course has been repeated.

Students may not make a third attempt of a course except with *prior* approval. Students must complete a Petition for a Third Attempt Form and submit it to Enrollment Services Center, room 223 before registering for the course. Grades of W are administrative and are *not* considered as part of the repeated course procedure. Courses that have been accepted previously as transfer credit by TU or have been attempted or completed for credit at TU may *not* be repeated at other institutions.

Courses in which low or failing grades were earned at Towson MUST be repeated at Towson in order for the record to be adjusted and the QPA to be recalculated. Grades earned at other institutions in courses for which grades were first earned at TU do not adjust grades earned at Towson, nor do they alter the cumulative QPA.

"Topics" courses may be elected twice, for a total of 6 credits, so long as the specified subtopic of each course is different.

GOOD STANDING AND SATISFACTORY ACADEMIC PROGRESS

Students are considered to be in good academic standing and making satisfactory academic progress toward the degree if they are permitted to continue enrollment at the university. Students who have been academically suspended and are later readmitted on probation are not considered to be in good academic standing and might not be eligible for participation in intercollegiate athletics, financial aid, housing or certain extracurricular activities.

To remain in good academic standing, students must possess a minimum cumulative Quality Point Average based on the number of earned hours (EHRS) or the number of quality hours (QHRS) attained, whichever is higher, as indicated below:

MINIMUM QUALITY POINT AVERAGE REQUIRED

Credits (includes Towson credits and	Minimum QPA	
accepted transfer credits)		
1-29.5	1.50	
30-59.5	1.75	
60 and above	2.00	

FAILURE TO REMAIN IN GOOD STANDING

Students who fall below the level required for good academic standing are subject to the following actions:

1. Academic Warning. The first time degree candidates fail to attain the minimum Quality Point Average required, according to the above table, they receive an academic warning and should receive additional academic advising. They must attain the minimum QPA required by the end of the next spring semester of attendance or be academically suspended. If no further action is taken, the notice of academic warning will be removed from students' academic records upon graduation. Eligibility for housing, financial aid, and participation in intercollegiate athletics will be determined by the appropriate departments according to their established criteria. In accordance with policy, students who are readmitted on warning must also attain the minimum required QPA by the end of the spring semester following readmission or be academically suspended.

Regardless of cumulative QPA, freshmen and sophomores on academic warning who earn at least a 2.00 semester average based on at least 12 quality hours will be automatically continued on warning for one semester.

2. Academic Suspension. Students failing to attain good standing in any spring semester following academic warning are academically suspended and may not attend the university for one semester and the intervening summer/ Minimester sessions.

If students complete course work elsewhere while on suspension, Towson will not accept that work. Work remaining to resolve any Incomplete grades may be completed during suspension. Academic suspension is noted permanently on students' academic records.

Students who fail to attain good academic standing at the end of any fall semester following academic warning will be allowed to continue their enrollment for one additional semester. This Mid-Year Extended Warning will be permanently noted on the student's academic record. Failure to attain good academic standing at the end of the following spring semester will result in academic suspension.

3. Academic Probation. After the suspension ends, students may be readmitted on academic probation, during which time they may enroll for a maximum of 13 credits per semester. They must also receive additional advising and may not register without written clearance from the Academic Advising Center. Academic probation is noted permanently on students' academic records. Students on academic probation have three academic years or an additional 24 earned/quality hours, whichever comes first, to attain good academic standing. If students attain good academic standing during probation but subsequently fall below the minimum requirements for good academic standing, they will be given a one-semester exception during which good academic standing must be attained. If they do not, they will be academically dismissed. Otherwise, they are considered to be on academic probation until they have either graduated or are academically dismissed (see below).

While on academic probation (not in good academic standing), students may not complete course work elsewhere

for transfer to Towson.

4. Academic Dismissal. Students failing to attain good academic standing after the period of academic probation will be academically dismissed. Academic dismissal is a final action and is noted *permanently* on students' academic records. Students who are academically dismissed cannot be readmitted to the university in any capacity.

TRANSFERRING WORK TO TOWSON

For additional information, see the Admissions section of this catalog.

NOTE: Only currently enrolled degree candidates in good academic standing are eligible to transfer course work.

Policies Pertaining to Transfer Credit

- 1. Towson students who wish to take courses at other accredited institutions with the intent of applying those credits toward a degree at Towson must complete a Petition to Transfer Credit Form, available in Enrollment Services Center, room 223). The petition may require the signature of the chair of the department in which the equivalent course is offered at Towson. Petitions must be completed and returned to Enrollment Services and approved by the Academic Standards Committee before registration for the course(s) at another institution.
- 2. Credit is accepted by Towson for courses completed at regionally accredited colleges or universities. Only the courses and credits completed at other institutions are transferable to Towson. Grades and Quality Point Averages earned at other institutions are not transferable. Credit will count toward graduation but will not be used in calculating the academic average required for graduation.

3. Courses transfer to Towson as they were taken at the host institution. For example, if a student completes a 200-level course at the host institution and transfers it to TU, the course will transfer as 200-level, even if the course's

equivalent at TU is 300- or 400-level.

4. Courses transferred from two-year institutions cannot be used to satisfy the Advanced Composition degree requirement. Writing courses taken at four-year accredited institutions may be considered as meeting this requirement upon request by students for evaluation by the appropriate academic department or, where necessary, by TU's Department of English.

5. Transfer students. Courses that have been accepted previously for transfer credit by TU or have been attempted or completed for credit at TU may not be repeated at other institutions with the purpose of transferring them to TU. Courses in which a grade equivalent of 1.00 or higher has been earned at accredited Maryland institutions are transferable. However, courses in which a grade equivalent of 1.00 was earned and transferred to Towson cannot be applied toward a major or minor program. A grade

equivalent of 2.00 or higher is required for major credit. Students must repeat at Towson any course previously transferred with a grade below the 2.00 level in order to meet major requirements; the number of credits repeated will increase the number of credits needed to fulfill graduation requirements. For example, if a 3-credit course that transferred to Towson University with a grade equivalent below 2.00 is repeated at Towson, the student must earn a minimum of 123 credit hours to be eligible for graduation. (See section on Repeating Courses.)

6. Native students. Courses attempted at Towson may not be repeated at other institutions with the purpose of receiving credit at TU or adjusting the Towson record. (See Repeating Courses.) Students may not fail a course at TU, repeat it at another college, and expect the course to transfer to the

university.

7. With prior permission, students may take courses for transfer to Towson University until they have attained 90 credits. However, no more than 64 credits may be transferred from

an accredited two-year institution.

8. Students are expected to complete the final 30 credits toward their degrees at Towson. Exceptions may be granted in cases of documented extraordinary circumstances. Students must petition the Academic Standards Committee to transfer work after having earned 90 credits. Petitions must be presented before students register for courses at other institutions.

Students with 90 or more credits seeking to transfer courses required toward the major or minor program must include with the petition a brief note from the department chair or program coordinator supporting the request and accepting the course and credits toward the major or minor.

TRANSCRIPTS OF ACADEMIC RECORDS

The Records Office can normally process a transcript request within three to five working days, except during periods of increased demand at the end of each semester, when transcript requests may take longer to process. Regular transcript requests will be processed without charge. Rush transcripts, mailed within 24 hours of the request, require a \$10 service fee. Towson requires a written request. Requests must include dates of enrollment, full name at the time of enrollment, social security number and current address. Transcript Request Forms are available in Enrollment Services, or students may send a letter to the Records Office, Towson University, 8000 York Road (Enrollment Services Center, room 223), Towson, MD 21252-0001. A fax is also acceptable: The fax number is 410-704-3443.

GRADUATION

Students who have successfully completed all requirements for a Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, or Bachelor of Music degree are eligible for graduation.

There are three graduation evaluation periods: December, May and August. Ceremonies are held in January and May. August graduates are invited to attend the winter ceremony. Note, however, that attending the ceremony does not automatically denote graduation, since evaluation of records showing final grades occurs after the ceremony. You must apply for graduation in order to receive ceremony information.

Applications for graduation are available outside the Graduation Office, room 221 (Enrollment Services Center, 410-704-2095), or in Enrollment Services (Enrollment Services

Center, room 223).

Deadlines for applying are five to eight months prior to the expected graduation date:

May 2002 graduation — apply by September 30, 2001 August 2002 graduation — apply by March 30, 2002 December 2002 graduation — apply by May 30, 2002 When students have earned approximately 75 credits, the Academic Advising Center (Lecture Hall, 410-704-2472) prepares a Junior Audit of their progress toward fulfilling GUR or GenFd requirements. Students usually have at least a year following the audit to meet any outstanding requirements. Some academic departments will do an audit of major requirements at the same time.

Important! Students must apply for graduation to begin the graduation clearance process. Refer to the University Curriculum and Academic Regulations sections of this catalog for additional graduation information.

CLASS RANK

Towson University calculates class rank for three set percentiles: the top 10th, 20th and 25th percentiles of the graduating class. The top 10th percentile is automatically posted to the transcript of these qualified graduates three months after the graduation date. This calculation is based on the whole Towson University record. Students in the top 20th or 25th percentile who would like the designation posted on the record must request this by notifying the Graduation Office in writing at 8000 York Road, Enrollment Services Center, room 221, Towson, MD 21252-0001.

Undergraduate Planning Guide

To help you think about the many wonderful opportunities available to you at Towson University, here is a simple planning guide.

YEAR 1

Career Choices (see the Career Action Plan in this section)

Explore off-campus part-time and summer jobs at the Career Center.

Begin to build a career network: seek faculty, staff, alumni and peers to discuss major/career choices.

Study Abroad

There are many exciting opportunities to discover around the world while you continue to earn credit at Towson. Towson students may choose to study abroad in almost any country, and in almost any subject area. Experiences that you have while overseas will give you new perspectives and will be valuable to future employers.

You can study abroad in any year after your freshman year, but it pays to start planning one year ahead.

Think about these questions:

Do you want to perfect a language you have already acquired or learn a new one?

Do you have a preference for certain countries? Will your preference mean you should take that language at Towson before you study abroad? Plan accordingly!

How long would you like to stay? Programs are available for an academic year, a semester, a summer or a Minimester.

Will you want to take courses in your major or minor, or study something completely different?

Attend a group advising session with the staff of the Study Abroad Office to see if this could be a good fit for you.

Apply for study abroad scholarships during the year before you go abroad. See your financial aid adviser early in the year before you are thinking of going abroad.

YEAR 2

Career Choices (see the Career Action Plan in this section)

Whether you seek a job after you graduate or attend graduate school, you will need references from your professors. Develop relationships with faculty who teach subjects that interest you.

Explore requirements for a related internship in your junior year.

Study Abroad

Attend a group advising session with the staff of the Study Abroad Office to see if this could be a good fit for you.

Apply for study abroad scholarships during the year before you go abroad. See your financial aid adviser early in the year before you are thinking of going abroad.

Graduate School

Whether you plan to go on for graduate study or not, talk to your adviser or a faculty member you know about what graduate school is like and what might be the benefits of earning a master's degree or doctorate in any of the fields that interest you.

YEAR 3

Career Choices (see the Career Action Plan in this section)

Participate in campus leadership activities and career-related organizations.

Seek major-related part-time, summer or on-campus employment.

Study Abroad

There's still time to plan for study abroad in your senior year.

Graduate School

Fall semester: Browse through a college guide, such as *Peterson's Guide*, to get a feel for the admissions requirements, curriculum, and expectations of several schools that offer graduate programs in a field of your interest.

Spring semester: Meet with your adviser in your major department to explore which schools offer the best graduate programs in your field of interest. Request admissions materials and catalogs from the three or four schools you might like to attend.

Talk to your adviser about what, if any, graduate school exams you should take for entry into a program. Once the exams are decided upon, you should take them as early as possible because several of the exams can be retaken.

YEAR 4

Career Choices (see the Career Action Plan in this section)

Identify and research potential employers.

Plan job search strategy.

Investigate and pursue job openings. Use the resources available in the Career Center.

Undergraduate Planning Guide

Career Action Plan

A satisfying and rewarding career doesn't happen overnight and is not necessarily the automatic outcome of a college education. Career development occurs gradually, throughout a person's lifetime. It is the product of decisions made, knowledge acquired, experiences gained, and actions taken. The years associated with college are ones in which great strides in an individual's career development usually take place.

Use your time here to shape the future YOU desire.	Freshmen Inquiry and Awareness	Sophomores Assessment and Exploration	Juniors Gaining Career Experiences	Seniors Job Search and Transition to World of Work
Choose Major and Career	 Meet with career counselor at COC to determine major and appropriate career paths. Use Discover, a computerized self-assessment tool at COC to get occupations compatible with interests, abilities, experiences and values. Begin to build career network: seek faculty, staff, alumni and peers to discuss major/career choices. 	Use TU Catalog for major requirements and options. Meet with faculty adviser about major/career interests. If unsure about major or unclear about GenEd requirements, see AA. Meet again with career counselor at COC about major/career choices. Register at COC for Personal Life and Career Planning course.	Build knowledge of major. Use catalog in use when you entered TU. Consider options for graduate or professional school. Increase knowledge of career choice. Focus on career network. Set up informational interviews with TU alumni and internship employers. Obtain names at AR, CC, COC.	 Identify and research potential employers. Utilize TU Alumni Network. Plan job search strategy. Learn to market yoursel effectively. Attend seminars sponsored by CC. Complete application process for graduate or professional school if further education is part of career preparation. Register on Career Connections to participate in The Caree Center's On-Campus Recruiting Program.
Supplement Academic Studies	 Visit SAO for on-campus groups matching interests. Visit career libraries in CC, COC, CL, public libraries; browse WWW. Attend career-related events: job fairs, seminars, open houses, etc. Use TS for help in achieving a higher QPA. 	Attend events related to major/career interests. Develop computer and communication skills. Get online with a Tiger account through CANS.	Attend events sponsored by CC and COC. Participate in campus leadership activities and career-related organizations. For information about groups, contact SAO.	Attend career-related and professional organizations to build network of contacts in chosen field. Assume an active role in club or organization to build leadership and other transferable skills.
Develop Portfolio	Collect outstanding course work, projects, accomplish- ments, writing samples, letters of recommendation, photographs of activities, evaluations, etc.	Continue collection of portfolio materials. Include work-in-progress to show ability to edit, revise and improve.	Organize for presentation to employers. Solicit feedback on contents from adviser, department chair, and professionals in chosen field.	Submit completed portfolio to adviser, department chair, and other professionals for critique.
Build Work Experience and Values	 Identify life and work values with COC inventories. Explore off-campus parttime and summer jobs at SE. Investigate on-campus student jobs at SE. Consider a FWS/CS experience. 	 Increase marketability: build transferable skills through part-time and summer jobs, and FWS/CS. Determine and test work values in part-time and summer jobs. Explore requirements for major-related internship in junior year. 	 Apply for internship at CC. Look for major-related part-time and summer jobs at SE and/or FWS/CS positions. Seek major-related oncampus student employment at CC. 	 Consider a second internship to increase marketability. Investigate and pursue job openings at CC, job fairs, on-campus interviews, in newspapers, and on WWW.
Create Résumé	Sign up at the CC for CareerConnections, a Web- based, résumé-writing, and joh-matching software.	Add new volunteer and work experiences. Indicate new skills. Use Web-based CareerConnections.	Use CareerConnections to update résumé: work, internship, field, volunteer experiences; transferable skills; functional skills; campus activities; honors; professional memberships.	Participate in CareerConnections. Become eligible for employment services at CC.

Christy Terrill, Transfer Evaluator

WHEN TO APPLY

Freshmen: First semester of senior year of high school for the fall semester.

Transfer Students: By December 1 for the spring semester; by May 1 for the fall semester.

International Students: By November 15 for the spring semester; by June 1 for the fall semester.

Non-traditional Students: By November 15 for the spring semester; by May 1 for the fall semester.

Scholarship Candidates: By December 1 for the fall semester. Admission to Towson University is granted to applicants whose academic and personal qualifications give promise of academic success. The university reserves the right to close admissions when no space remains available.

Students seeking freshman admission for the fall should file an application during the first semester of the senior year of high school. Students seeking transfer admission may file as early as October 1 for the following fall semester. Full-time applicants for the fall semester who would like to be considered for an academic scholarship should submit an application, high school or college transcript(s) and SAT I/ACT results no later than December 1.

Applications received after the priority deadline are processed provided space is available in the entering class. Students who fail to enroll for at least one course during the semester for which they have been admitted as a degree candidate will have the offer of admission revoked because of nonmatriculation. To enroll as a degree candidate for any subsequent semester, students must reapply and submit new application materials and pay all appropriate fees.

Persons who have been denied admission to Towson University will not be permitted to attend as nondegree students. They may, however, transfer to the university if they meet transfer admission requirements after attending another college or university. Persons who have graduated from high school within the last two years must formally apply for degree-seeking status in order to attend the university.

ADMISSIONS PROCEDURE

1. An applicant for full-time admission may receive application materials from the guidance office of the secondary school, the counseling office of the junior/community college, or from the Office of Admissions of the university.

2. The applicant should complete the application and return it to the Office of Admissions with the appropriate application fee. The application fee is neither deferrable nor refundable. Each applicant is responsible for the office's receipt of his or her official high school transcript, including mid-year and final grades with verification of graduation, as each becomes available, and a completed transcript supplement (Guidance Counselor's Recommendation). The transfer applicant must forward official transcripts of all college work attempted or completed, whether or not credit was earned, from all institutions attended.

3. The standardized test required for admission is the SAT I of the College Entrance Examination Board. All freshman applicants and transfer students with fewer than 30 transferable college-level credit hours must submit the results of this test sent to the director of Admissions. Students should take the test in the junior and/or senior year of high school. Towson University's College Board identification code number is 5404. ACT results may be substituted for SAT I.

4. Incomplete applications will be canceled. Approved applications which remain incomplete for lack of final high school or college transcripts will also be canceled. The applications of admitted students who do not enrmll for the given semester will be canceled.

5. All entering degree-seeking students born after December 31, 1956, including new graduate students and transfers, will be required to demonstrate physician-documented proof of immunity to the following diseases: Diphtheria-Pertussis-Tetanus, Polio, Measles, Mumps, and Rubella.

An Immunization Record Form is sent to every admitted student. The completed form, signed by a physician, must be returned to the Dowell Health Center by the time of orientation and registration. Students who fail to return the form or to correct any inadequacies in immunity status in a timely fashion will be blocked from the following spring semester registration. (For those students entering in the spring semester, noncompliance will result in blocked registration for the following fall semester.) The block will be lifted by Dowell Health Center as soon as the requirements are filled.

The specific vaccine requirements are listed on the Immunization Record Form. Students are responsible for obtaining any immunizations needed to satisfy university requirements from their regular source of medical care prior to arriving on campus.

GUIDELINES FOR FRESHMAN ADMISSION

Applicants for fall 2001 admission will be evaluated according to the following guidelines:

Beginning October 1, the university will admit freshman applicants whose secondary school records indicate B level work (3.00 or above grade point average on a 4-point scale) in academic courses (English, math, modern languages, science and social science only) from grades 9-11. These applicants must also possess a minimum 1100 combined SAT I. Applicants with lower grade point averages and test scores will be considered after midyear senior grades are available on a space-available basis, with priority given to those with the strongest overall profile.

For spring 2002 admission, first-time freshman applicants with no previous college attendance will also be admitted to the university based on the guidelines described above. These applications will be considered on a space-available basis. Applications and all supportive documentation must be received in official form by December 1.

Freshman candidates will be expected to have completed four (Carnegie) units of English (including one each of composition, English literature and American literature), three units of social sciences, three units of lab science, three units of mathematics (Algebra I, Algebra II and Geometry), two units of a foreign language and six elective units. Any applicant whose high school transcript does not include this combination of curriculum requirements may be admitted with the understanding that select deficiencies must be completed during the first semester of the freshman year at Towson. Students who are admitted under this condition and who fail to complete the stipulated courses within the first semester will have their degree candidacy withdrawn. High school-level reading, writing and mathematics courses taken at Towson will not carry graduation credit.

GUIDELINES FOR TRANSFER ADMISSION

To be considered for transfer, students must have completed a minimum of 30 semester hours of transferable college-level work and be in good academic standing; this cannot include remedial or preparatory courses or nontraditional course work, such as Credit for Prior Experience/Learning, Military Science, the College Level Examination Program (CLEP), DANTES, USAFI, ACE evaluations, etc. Students with fewer than 30 transferable semester hours must comply with the requirements for incoming freshmen and possess the minimum transfer GPA.

The requirements for transfer admission vary, depending on the total number of transferable credit hours completed and the cumulative combined GPA from all institutions attended.

Priority admission is reserved for transfer students who have earned at least 56 transferable credits and have maintained a minimum 2.00 cumulative GPA.

For students who have earned between 30 and 55 transferable credits, preference will be granted to those who have maintained a minimum 2.50 cumulative GPA.

Transfer applicants who have earned fewer than 30 credits must maintain a minimum 2.50 GPA and submit a final high school transcript, and SAT I results. These students must also meet the GPA and SAT I requirements for freshman applicants.

Upon official acceptance to the university, students must maintain the established cumulative GPA required for admission (inclusive of current course work) and remain in good academic standing; otherwise, the university's offer of admission will be withdrawn.

Admission priority will be granted to graduates of Maryland community colleges and to those Maryland community college students who have earned at least 56 transferable credit hours.

Any transfer applicant who has attended Towson as a nondegree student must possess at least a 2.00 grade point average for all course work attempted through the university, even if the applicant is admissible based on course work subsequently completed at other institutions. Students who apply for transfer admission based on their nondegree status must meet the admissions requirements listed above.

Waiting List

Applicants who are currently enrolled in course work that may qualify them for admission will have their applications reviewed after official transcripts, including grades for that work, are received. These students are encouraged to make alternative plans for admission to other colleges in the event that the university is not able to extend an offer of admission because of lack of space at the end of that particular semester.

TRANSFER POLICY

(Also see the Academic Regulations section and Appendix B of this catalog.)

1. Transfer of course credit.

The Office of Admissions at Towson University assists transfer students with a variety of services, from personal interviews to the ARTSYS computer network. These services are designed to guide students in judicious course selections while they are still enrolled at their transfer institutions. Through a well planned selection of courses prior to transfer, students can often complete some major requirements and some TU General Education (GenEd) requirements upon official matriculation.

Transfer course work is evaluated by the Office of Admissions on a form known as the Evaluation of Transfer Credit. Transfer credit will be allowed for most academic courses completed at any regionally accredited two- or fouryear college or university; this credit will transfer into TU as either GenEd or free elective/potential major credit. Some restrictions do apply, however; courses that are not parallel or discipline-compatible with TU courses may not transfer; development/remedial, personal development, college orientation, technical/occupational, and selected business courses do not transfer; finally, any course transferred as equivalent to TU ENGL 102, Writing for a Liberal Education, must carry a grade equivalent of 2.00 or higher to meet graduation requirements.

2. Maximum number of transfer credits accepted.

The maximum number of credits allowed in transfer from a two-year institution (community/junior college) is 64. The maximum number of credits allowed in transfer from a fouryear institution or from a combination of two- and four-year institutions is 90. The standard measure of credit at TU is the semester hour; quarter-hour credits are converted into semester hours by a two-thirds ratio.

3. Maximum number of credits allowed for non-traditional

learning.

CLEP credit is selectively transferred. Credit will be awarded for the following exams if the minimum score of 50 is earned:

C,	
Humanities	6 credits
Math	6 credits
Natural Sciences	6 credits
Social Sciences and History	6 credits

A total of 24 credits (6 credits for each successfully completed section) will be awarded in transfer. Credit for other CLEP tests is evaluated after admission by the Office for Non-Traditional Undergraduate Programs. The maximum number of credits allowed for nontraditional learning is 45.

AP credit is usually awarded on the basis of scores of 3 or above, with a score of 3 often requiring a review of the test booklet. A detailed description of Advanced Placement credit follows under the appropriate heading. There is no limit to the number of credits that can be earned through AP.

In order for any CLEP or AP credit to be reviewed and/or awarded, students must provide the Office of Admissions with an official report from Educational Testing Service.

Credit for military training is reviewed and awarded or denied by the Office for Non-Traditional Undergraduate Programs. Before credit can be posted, students must have attended TU for one semester as degree candidates with a 2.00 cumulative QPA and have submitted all of the necessary official military documents to the Office for Non-Traditional Undergraduate Programs.

4. Minimum number of credits required through classroom instruction in the major field and for the degree.

Towson University requires that students earn a minimum of 120 credits toward a degree. Of these 120 credits, 32 must be upper-level, that is, junior/senior (300-400) level courses. Students must complete a minimum of 30 credits in residence at TU; at least 15 credits *must* be completed in degree candidate

The number of credits required for the completion of a single major at TU varies from 30 to over 70 credits, depending on the intended major.

Grades of D will transfer into the university as GenEd/elective credit, with the exception of grades of C- or lower in any courses equivalent to TU ENGL 102, Writing for a Liberal Education; these courses will not satisfy graduation requirements. Grades of C- or lower will not qualify for major credit.

5. Transfer of General Education (GenEd) requirements.

Transfer students who have satisfied the GenEd requirements at a Maryland public postsecondary institution will only be required to complete 10-16 additional semester hours of General Education and specific courses required of all students at TU, with the total number of GenEd credits not to exceed 46 semester hours. (For information regarding specific GenEd requirements refer to General Education Requirements under the University Curriculum section of this catalog.)

6. Transferability of credit for non-traditional learning.

Evaluation of Transfer Credits

The letter of admission for a transfer applicant includes the estimated number of credits transferable to Towson. After the student accepts the university's offer of admission (by returning the Enrollment Contract and fee), he or she will receive an official evaluation of transferable credits from the Office of Admissions. This evaluation is usually (but not always) preliminary in nature, as the student is usually taking additional courses at the time of admission. A final evaluation of credit will be prepared after the final grades for the most current semester are received in official transcript form from the student's former college or university. All final transcripts are due in the admissions office prior to the student's Orientation date. The appropriate cumulative average, as determined by the number of credits completed and good academic standing must be maintained, however, or the university's offer of admission will be withdrawn. See Guidelines for Transfer Admission Policy for the appropriate cumulative grade point average necessary for maintaining admission eligibility. Failure to meet this requirement will result in the cancellation of the university's original offer of admission and in the forfeiture of all related fees and privileges. Additionally, failure to forward an official final transcript before enrollment at the university or the first day of classes will prohibit future registration and the release of official TU transcripts.

Upon receipt of a final evaluation, the transfer student should review its contents carefully. If the student has any questions or feels there is an error, the Office of Admissions must be advised within 30 days. In no case will changes, additions, or corrections be made to the evaluation after the student has completed the first

semester in residence at Towson University.

Transfer students are subject to the GenEd and major requirements that are currently in effect for the class (that is, the catalog year) in which they are admitted. These students have the option, however, of following the GenEd and major requirements that were in effect at the time they were initially admitted as degree candidates at their original institution, provided that continuous enrollment has been maintained. Continuous enrollment has been defined as follows: must be, or have been, enrolled at a Maryland public institution of higher education; must have had no more than two sequential years of nonenrollment; and must complete the baccalaureate degree in no more than 10 years from initial enrollment as a degree-seeking student at a Maryland public institution of higher education. Students who have not completed graduation requirements within 10 years should meet with an academic adviser to determine the most appropriate set of requirements. If a change of catalog is desired, students should inform the Office of Admissions in a separate written request (prior to the completion of their first semster at TU).

Maryland community college transfer students whose first attendance at any institution of higher education occurred in the fall of 1990 or later will fall under the guidelines set forth by the Maryland Higher Education Commission on March 21, 1990. (See Appendix B for details.)

Competency Requirements for Entering Students

The Office of Developmental Education administers the competency testing and developmental studies programs. These programs require all entering students to demonstrate competence in the basic skills of reading, writing and mathematics. Competence in the basic skills is initially assessed by performance on the Diagnostic Placement Tests.

Undergraduate Admissions

All matriculating freshmen and all transfer students with fewer than 30 credits will be administered diagnostic placement tests. Students not attaining the required minimum scores on the standardized tests will be enrolled in developmental studies courses in the basic skills. These courses will not count toward the 120 credits required for graduation. Students who do not achieve minimum proficiency by the end of the third regular semester, or who fail to achieve a grade of S or a grade equivalent of 2.00 or higher, will have their degree candidacy withdrawn.

In addition, students who fail to successfully complete developmental course(s) on the third attempt may no longer attend the university in pursuit of a degree.

The following students are exempt from the competency testing program:

- 1. Transfer students with 30 or more credits.
- 2a. Transfer students with fewer than 30 credits who transfer a course equivalent to ENGL102 with a grade equivalent of 2.00 or higher will be exempt from the reading and writing tests.
- b. Transfer students with fewer than 30 credits who transfer a college-level mathematics course will be exempt from the mathematics tests.
- 3a. Freshmen with SAT I verbal scores of 550 or above will be exempt from the reading and writing tests.
- b. Freshmen with SAT I mathematics scores of 500 or above will be exempt from the mathematics tests.

U.S. PERMANENT RESIDENT APPLICANTS

Applicants who hold permanent resident or parole visa status must submit a regular application and list their alien registration number in the space indicated. They are processed for fee purposes as state residents if they have established legal domicile in Maryland for one year. Presentation of an applicant's alien registration card for verification may be requested. Foreign academic records submitted for evaluation must be translated into English and notarized. An application and all documentation must be submitted by December 1 for the spring semester or May 1 for the fall semester. If a permanent resident is a nonnative English speaker and has resided in the United States for less than five years, a TOEFL result is required.

SPECIAL ADMISSION PROGRAMS Early Admission

Early admission enables a limited number of students to be admitted and to matriculate immediately following the completion of their junior year in high school. Students interested in early admission should apply through the normal application process. Their applications, however, must be accompanied by a letter of recommendation from either the high school counselor or principal. Additionally, a letter of recommendation from the student's parent(s) should be included. An official high school transcript should be submitted along with the results of the SAT 1. An interview with the director of Admissions is also suggested.

On-Campus Interviews

Personal interviews are not required and are not used as a criterion for admission. Prospective students may request an interview to discuss questions or concerns they may have about Towson University. Students are encouraged to call three weeks in advance of their visit to schedule an appointment with an admissions counselor.

NON-TRADITIONAL ADMISSION POLICIES Mature Adults, Veterans and G.E.D. Recipients

Some high school graduates may qualify for special admission consideration under the provisions of non-traditional admissions. In order to be considered under this policy, students must be classified into one of the categories described below. Once classified as non-traditional applicants, prospective students must apply and

submit all credentials no later than November 15 for the spring semester and no later than May 1 for the fall. Admission will be based upon basic skills testing in several areas: writing, reading, mathematics, etc. These students can be admitted into degree candidacy only if their test results indicate no more than one developmental placement. Students are eligible for only one test session each semester and are encouraged to submit their applications as early as possible to ensure adequate processing time for the evaluation of the placement tests. In addition, it should be understood that referrals for such testing cannot be made until a formal application is filed, and completed with all appropriate academic credentials in transcript form.

Mature Adults: For admission purposes, a mature adult may be defined as one who has not been regularly enrolled in an education institution for a period of three years or more prior to his or her date of entry into the university.

Veterans: For admission purposes, a veteran may be defined as a current or former member of any branch of the U.S. Army Services with 12 months (one year) or more of active duty served, and with no intervening college or university attendance since discharge from the service. In addition to the application form and academic credentials, veterans must also provide the Office of Admissions and the Veterans Office with a copy of the DD form 214 verifying military service.

G.E.D. Recipient: For admission purposes, the high school equivalence (General Education Development) examination standards established by the Maryland State Department of Education (or other similar agencies in other states) will be used as an alternative to high school graduation. Unless accompanied by acceptable SAT I results and a partial high school transcript with which to render an admission decision, a G.E.D. recipient will be referred for placement testing before an admissions decision is rendered.

ADVANCED PLACEMENT

Freshmen who have had the opportunity for advanced-level work and would like academic credit as well as advanced placement are encouraged to take the Advanced Placement Tests of the College Entrance Examination Board in May of their senior year of secondary school. Arrangements to take the tests are made through the high school counselor or the College Entrance Examination Board, P.O. Box 592, Princeton, NJ 08540. The results of these tests are received by the university in mid-July. The following standards are used for determining advanced placement credit:

3, 4, 5 Upon completion of an upper level POSC course with a grade equivalent of 2.00 or higher, 3 credits will be awarded for POSC 103.*

*It is the responsibility of the student to notify the Admissions Office when the next higher level course is completed to receive credit.

Prior to the change of schedule period, students are notified about Advanced Placement and credit. Additional information may be obtained by contacting the director of Admissions or the appropriate departmental chair.

A bulletin of information about Advanced Placement Tests may be secured from the College Entrance Examination Board, P.O.

Box 592, Princeton, NJ 08540.

INTERNATIONAL BACCALAUREATE

Towson University recognizes that the International Baccalaureate (IB) program represents achievement beyond the standard American high school program and regularly awards advanced standing to students who successfully complete IB course work.

Diploma Holders

Students who earn an IB Diploma will be awarded 30 college credits toward the bachelor's degree and receive sophomore standing. Some of these credits may be applied toward Towson's General Education requirements; each student's IB credits will be individually evaluated for General Education applicability.

Certificate Holders

Students who earn an IB Certificate will be eligible to receive college credits based on the results of their higher level exams only. At least 6 and as many as 8 credits will be awarded for each higher level exam completed with a score of 4 or above. A score of 5 or above is required to receive credit for the physics higher level exam.

International Undergraduate Admissions

Administration Building 218-A 410-704-6069 Fax: 410-704-6070 www.towson.edu/tu/international_student Jeffrey M. Haas, *Director* Stanton Cheah, *Assistant Director* Katy Mattson, *Counselor*

Requests for information or admission materials should be made far enough in advance to allow processing before deadline dates set by Towson University.

International applicants who are accepted for admission usually begin studies in the fall semester (early September) or the spring semester (late January). The deadline for submitting an application and all documentation is June 1 for the fall semester and December 1 for the spring semester. Early application is strongly encouraged.

Applicants who are accepted for admission will receive the Certificate of Eligibility (Form I-20). This document is used to apply for a student (F-1) visa at a U.S. Embassy or consulate overseas. It is also used for transferring from one institution in the United States to another. F-1 students are required to enroll each semester as full-time degree candidates and take a minimum of 12 semester-hour credits.

The following procedure should be followed by students applying for their first American bachelor's degree (students applying for a second bachelor's degree should refer to the University Curriculum section of this catalog):

1. Obtain an international student packet.

Address:

Office of International Admissions Towson University 8000 York Road Towson, MD 21252-0001, U.S.A. Telephone: 410-704-6069 E-mail:

2. To be considered for admission, applicants are required to complete the official international undergraduate application. A nonrefundable, U.S. \$30 application fee (personal check drawn at a U.S. bank or money order drafted in U.S. dollars) must accompany all applications.

3. All international applicants must complete an admissions

file, including:

a. official or notarized secondary school academic records, showing grades received, annual mark sheets, examination certificates and leaving certificates, as they apply to the educational system in the student's home country. Records must be received for the last three years of secondary school;

b. official or notarized records (transcripts) of all colleges, universities, post-secondary, or professional schools attended;

c. a notarized English translation of all documents. Translations must be as literal as possible with no attempt to translate information into the United States system of education. To evaluate post-secondary course work, it is sometimes necessary for the university to use a professional evaluation service at the applicant's expense (approximately U.S. \$125). The university will notify an applicant if this service is required;

d. an official Test of English as a Foreign Language (TOEFL) results. All international students who do not speak English as their native language are required to take the TOEFL. A minimum score of 500 (paper-based) or 173 (computer-based) is required. TOEFL examination dates and information may be obtained through the U.S. Embassy/Consulate, United States Infor-

mation Agency or by writing to: TOEFL/TSE Services, Box 6151, Princeton, NJ 08561-6151, U.S.A. The TOEFL Web site is www.toefl.org. The results will be reported to Towson if the university is indicated on the TOEFL application. The TU code number is 5404;

- e. financial certification. Applicants are required to provide official financial statements verifying that U.S. \$21,100 is available annually to cover their tuition, fees and living expenses. Acceptable methods of financial verification are described in the international student packet.
 - 4. International students are required to pay out-of-state tuition.
- 5. Most non-native speakers of English admitted to the university are required to take Towson's English placement test to determine if preparatory college writing courses are needed.
- 6. Applicants holding other types of visas may also apply to Towson and should contact the Office of International Admissions for more information.

University Life

Because more than a third of the students make the university their home, Towson offers many benefits of small-town living with the added bonus of activities and services to help students make the most of their time here. Whether you live on campus or commute, you will certainly spend a great deal of time on campus. Getting involved with a club or campus organization increases your opportunities for an enjoyable and successful Towson career.

FOR NEW STUDENTS

Orientation and New Student Programs University Union 325, 410-704-2306

All new first-year and transfer students attend an Orientation. The Office of Orientation and New Student Programs provides programming throughout the first semester to help make your transition to Towson a smooth one. The program is specifically designed to meet the needs of newly admitted students from an academic and co-curricular perspective.

College brings many new academic expectations. Orientation allows you to meet with faculty and staff to help ensure your academic success. Your student orientation leader will be a valuable resource during the program and throughout your first semester. A strong co-curricular experience is key to your overall success at Towson. Orientation connects you with services and programs that can help you succeed.

Orientation for all newly admitted freshmen takes place in late August just before the start of classes and leads directly into September Celebration. Each student is part of a First-Year Experience group that includes an academic adviser and an Orientation leader. Before attending Orientation, all freshmen are scheduled for one day in July for the TU CARES (Campus Advising and Registration for Entering Students) program. This is a brief program that allows you to meet with an adviser to confirm your fall schedule and helps you take care of various forms of business, such as obtaining your TU One Card (student I.D.), updating your health immunization records, etc. You will receive information about your Orientation program at that time.

New *transfer* students attend a one-day comprehensive Orientation in July. This program includes informational sessions about academic and student life, campus resources, academic advising and registration.

FOR ALL STUDENTS

Athletics

Towson Center, 410-704-2759

Towson University is committed to a growing comprehensive intercollegiate athletic program as an integral part of the student's total educational experience. The program is a member of the National Collegiate Athletic Association's (NCAA) top level Division I. In addition, TU enjoys membership in the Eastern College Athletic Conference (ECAC), Patriot League (football), East Atlantic Gymnastics League (women's gymnastics), and the Colonial Athletic Association (beginning July 1, 2002). The Tigers field men's varsity teams in baseball, basketball, cross country, football, lacrosse, golf, indoor track, soccer, swimming and diving, tennis, and outdoor track. Women's teams are fielded in basketball, cross country, field hockey, gymnastics, indoor track, lacrosse, soccer, softball, swimming and diving, tennis, outdoor track, and volleyball.

Student athletes compete for conference, regional, and national honors under the guidance of an excellent coaching staff. Towson's outstanding athletic facilities include the Towson Center Sports Complex, the Burdick Hall pool and John B. Schuerholz Park, all of which make the home of the Tigers a showcase facility within the metropolitan Baltimore area.

The Department of Athletics is proud that its athletes are students first and foremost. This emphasis on academics is evident by the excellent graduation rate of the TU student athlete population. Historically, the highest number of graduating student athletes receive their degrees from the College of Business and Economics and the College of Health Professions.

Athletic scholarships are available for gifted student athletes in all sports (football is need-based). All students are encouraged to participate according to their interests and abilities. Prospective student athletes interested in competing on a varsity team should contact the head coach of that sport.

Auxiliary Services Business Office University Union 118, 410-704-2284

This is a one-stop business transactions office for One Card Dining Points and Retail/Vending accounts, One Card ID cards, parking permit purchases and fine payments, UniCom long-distance phone payments, and MVA nonresident permits and vending refunds.

Campus Recreation Services Burdick Hall 150, 410-704-2367

Campus Recreation Services is made up of five programs: Adventure Pursuits, Fitness/Wellness, Informal Recreation, Intramural Sports, and Sport Clubs. The programs utilize the three gymnasiums, weight room, Burdick Field, beach volleyball court, pool, climbing wall and tennis courts. Students, faculty and staff are encouraged to use the facilities during open hours. Students are also able to take advantage of the group exercise classes, fitness assessments and instructional wellness clinics free of charge. The Intramural Sports Program allows students to participate in campus sporting tournaments, while the Sport Clubs Program offers students the opportunity to play socially among themselves and compete against other schools. The Adventure Pursuits Program allows students to explore the world's wilderness as well as climb an indoor wall and kayak in the pool. The student handbook contains information about the program in greater detail.

The Career Center at Towson University Enrollment Services Center 332, 410-704-2233 www.towson.edu/careercenter

The Career Center at Towson University helps students prepare and search for meaningful and satisfying careers. The center also provides services and information leading to academic internship opportunities, and on- and off-campus full-time and part-time employment. To learn more about the programs and services offered by The Career Center, visit www.towson.edu/careercenter, or call the center for a schedule of information seminars.

Career Center Services for Students

- CareerConnections (Web-based Resume Management/Career Search System)
- Career Fairs/Job Fairs
- Career Advising
- Career Resource Library
- Graduate School Information
- On-campus Interviewing
- Student Employment (on- and off-campus)
- Resume Referral Services
- Internships
- Professional Development Seminars (Resume Writing, Interview Skills Training, Networking)

All employment opportunities are posted on the Web site.

Counseling

Counseling Center, Glen Esk, 410-704-2512

College life presents many stresses, life changes, and opportunities for personal growth. To meet these challenges, it is often necessary to resolve emotional problems, learn new personal and social skills, and work toward developing well-chosen career and personal goals. The Counseling Center provides a variety of professional services for students who are experiencing personal difficulty or who are seeking help toward a greater level of personal effectiveness or satisfaction.

Some of the concerns which may be addressed by the Counseling Center include:

- Blocks to educational or career achievement
- Career development and decision-making
- Relationships with friends, roommates, parents, romantic partner or spouse
- Family problems
- Grief and loss
- Sexual matters
- Self-esteem and self-confidence
- Anxiety, depression and anger
- Physical stress and tension
- Eating disorders
- Physical or sexual mistreatment or abuse

- Alcohol and drug-related problems
- Suicidal or self-destructive behavior or thoughts
- Problems encountered in the university environment Most services at the Counseling Center are provided free of

The Counseling Center is staffed by psychologists, substance abuse counselors, consulting psychiatrists, and psychologists working under supervision. All services at the Counseling Center are confidential. For more information or to make an appointment, call or drop by Glen Esk, the big white building on the northeast corner of the campus.

Personal Counseling, Psychotherapy and Mental Health Services Several kinds of counseling help are available at the Counseling Center. A session or two of short-term counseling can help individuals to assess personal problems, clarify thoughts and feelings, cope with immediate stresses, and make personal decisions. Several groups and counseling clinics are offered each semester, tailored to specific needs, such as improving self-esteem, learning assertiveness, overcoming eating disorders, improving relationship skills, and resolving emotional trauma. Individual psychotherapy services are also available on a limited basis. Psychiatric evaluation and medication are also provided as needed.

Alcohol and Drug Abuse Program

The Counseling Center houses a state-certified alcohol program and other drug treatment programs, offering both individual and group services. These services are designed not only for those who are having a problem with alcohol or drug abuse, but also for anyone whose life has been touched by someone else's substance abuse problems.

Life Planning and Career Development

The Counseling Center assists students in personal life planning and career development in a variety of ways. A career library houses the computer-assisted career development program, DISCOVER. This program focuses on the world of work, personal assessment, occupational planning, and making transitions. Several other forms of assessment and information are also provided. Professional staff are available by appointment for individual career counseling. Students interested in an intensive, systematic approach to career development may register for a Counseling Center sponsored elective 2-credit course entitled Personal Life and Career Planning (GENL 121).

Outreach and Consultation

Counseling Center staff members are available to consult with students, faculty and staff on such topics as improving the campus environment, group issues, and generally dealing with the quality of student life. Special workshops are offered for residence halls, student organizations, classes, and faculty and staff groups.

Referral

Center staff members have information about a variety of resources and services on campus and in the surrounding metropolitan area. We work closely with each client to find appropriate sources of help and to make the referral process as positive and easy as possible.

Hours

The Counseling Center is open Monday through Friday, from 8 a.m. to 5 p.m.

Your Initial Contact

Call 410-704-2512 or stop by the Counseling Center to arrange

your first appointment with a counselor. Initial appointments are usually available on the same day you contact us or very soon thereafter. If you wish, you may schedule an appointment in advance to fit your schedule more conveniently. Emergency appointments are also available. Your counselor will help you resolve your immediate concerns and determine what ongoing Counseling Center services will be the most useful.

Confidentiality

Counseling often deals with very personal and highly private issues. Successful outcome depends on a feeling of freedom on the part of clients to express feelings, attitudes and thoughts with people who respect them and their right to privacy. Interviews conducted are confidential and information is not released except with the client's written permission or as may be required by law. The importance of confidentiality is reflected in the Counseling Center's adherence to the Code of Ethics of the American Psychological Association.

Dining Services

University Union, 410-704-2302

Students who live on campus must purchase a Meal Plan. These plans provide from five to 19 meals per week, and both standard and kosher menu items are available. Meals and Dining Points are accessed by using the multipurpose One Card. Students may spend Dining Points wherever Dining Services sells food on campus. All plans feature cash allowances that enable students to trade dining hall meals for food sold at Dining Services retail operations on campus (some restrictions apply). Resident students choose their Meal Plan through their residence contract. Call 410-704-2302 for more information.

Commuter students may purchase a Meal Plan and Dining Points at the Auxiliary Services Business Office, located in the University Union, Room 118. Dining Points provide a 5 percent savings over cash payment for food purchased at any Dining Services location and an even higher savings over cash when used to buy an "All-You-Care-to-Eat" meal at one of the dining halls.

Students with special dietary concerns or questions about nutrition may attend workshops with the campus dietitian or arrange for individual consultation.

Disability Support Services Administration Building, Second Floor 410-704-2638 (Voice or TDD)

Disability Support Services (DSS) provides services and accommodations to meet the needs of students with disabilities, including students with attention deficit/hyperactivity disorders, blindness/low vision, deafness/hard of hearing, learning disabilities, medical disabilities, physical disabilities, and psychological disabilities. Students with disabilities are encouraged to register with DSS as soon as possible after admission to the university to ensure timely provision of services. Even if a student decides that services are not needed immediately, it is advisable to register with the office so that documentation is on file should the services be needed at a later time. Recent documentation from a qualified professional as to the nature of the disability is required for services, and accommodations are provided according to individual need. In addition to arrangements for accommodations, DSS services include the provision of instructional support in the form of rime management, study and test-taking strategies, and reading and writing assistance. Access to adaptive technology, including disability-specific software and equipment is provided as well. Students who suspect they have a disability but do not have documentation are also encouraged to contact DSS for advice on how to obtain an appropriate evaluation.

Diversity

Office of Diversity Resources

University Union 232, 410-704-2051

To facilitate the access and retention of students of color and other diverse populations, the Office of Diversity Resources (ODR) provides educational programs, financial assistance, cultural celebrations, climate assessment and monitoring, and advocacy and advising. Additionally, ODR supports student cultural organizations. Programs include multicultural retreats, Community Crossroads, heritage celebrations, and Cultural Kaleidoscope.

The ODR offers Community Enrichment and Enhancement Program (CEEP) grants for undergraduates. The CEEP award ties financial assistance to involvement in campus activities. One of the activities must contribute to the multicultural environment of the campus. For graduate students, the Graduate Diversity Grant is available.

The Office of Diversity Resources is a significant resource for diversity information, diversity training, and career and graduate school opportunities. For students, faculty and staff with concerns related to any form of diversity, the ODR is an excellent place to start.

African American Cultural Center University Union 317, 410-704-2641

The African American Cultural Center (AACC) sponsors programs and activities that reflect the lifestyles, history and culture of people of African descent. The center also seeks to stimulate scholarship at Towson in the areas of African American, African-Caribbean and African studies. The center sponsors the Towson University Gospel Choir, publishes a newsletter, *Ebony Notes*, hosts lectures and discussion groups, provides information and referrals, showcases amateur and professional artists, and sponsors the Outstanding Black Scholar Series.

The center, which houses an ever-growing collection of art, music, and popular and scholarly literature, provides a comfortable setting in which to study, relax and socialize. Student or staff groups may reserve the center for meetings and informal gatherings.

The center houses a wealth of information concerning graduate schools, fellowships, scholarships, employment opportunities, and other news relevant to minority students, faculty and staff. The information is updated regularly. Students are invited to stop by often; no appointment is necessary.

Nondiscrimination Policy

Towson University is dedicated to a vigorous intellectual life based on scholarship and learning. A fundamental premise of the academy is respect for each individual's right to participate and learn in a climate free from racism, prejudice and biased practices. Racism and other forms of discrimination may be observed as explicit abuse, threatening or directly harmful actions, or subtle devaluation of an individual based on race, ethnicity or religion. Such behaviors demean the entire academic community and will not be tolerated by the university.

The university community, faculty, administrators, staff and students are expected to demonstrate respect for *all* of that community's members and to actively facilitate the creation and maintenance of a positive and constructive milieu. For example, it is the responsibility of administrators to formulate and implement fair and effective practices to prevent discrimination and to respond promptly and consistently to complaints. It is the responsibility of faculty to provide a classroom environment which discourages discriminatory behavior and to deal constructively with such behavior should it occur. Evaluations of performance and merit for faculty, staff and students should not

be based on assumptions, expectations or attitudes related to race, ethnicity or religion. Additionally, all administrators, faculty and staff are responsible for nondiscriminatory behavior in their interpersonal communications with colleagues, staff and students. In all interactions, a model of acceptance of cultural diversity should be fostered by the university community, faculty, administrators, staff and students.

Greek Affairs (see Student Activities)

Health Services

Dowell Health Center, 410-704-2466

The Dowell Health Center has an experienced staff of physicians, nurse practitioners, physician's assistants and health educators. Services are offered at a low cost. These include treatment of common illness and injuries, a full range of sexual health services, anonymous HIV testing, simple lab tests, health education, prescription birth control and medications. X-rays, outside lab tests and other diagnostic tests, after-hours care, and physician or hospital referrals are the student's financial responsibility.

The Health Center operates by appointment. For non-emergencies, students should call 410-704-2466 between the hours of 8:30 a.m. and 5 p.m. to make an appointment or to speak with a nurse. Patients who walk in without an appointment will be evaluated by a trained nurse and may be treated or given a provider appointment based on the urgency and nature of the problem.

The Student Health Service, located in Dowell Health Center, is open weekdays throughout the year, with the exception of the Christmas and Thanksgiving breaks, university holidays, and inter-sessions. Hours during the regular semester are Monday and Thursday, 8:30 a.m. to 6:30 p.m.; Tuesday, Wednesday, Friday, 8:30 a.m. to 4:30 p.m. Call for January and summer hours.

For after-hours emergencies, students should call the University Police, 410-704-2133, who will arrange transportation to a local emergency room. For nonemergencies after hours, the Health Center has arrangements with an urgent care center nearby to see students at their own expense. Call 410-704-2466 for this number.

Health insurance is strongly recommended to help defray the costs of services not available at the Health Center. The university sponsors a plan at reasonable cost which covers these services as well as most care provided at the Dowell Health Center.

All entering students must meet the university's immunization requirements prior to registration. This should be done before arrival on campus to minimize delays in registration. Immunizations are available at the Dowell Health Center for a fee. Maryland law now requires all students living in on-campus housing to be immunized against meningococcal disease (meningitis) or to sign a waiver stating they understand the risks of the disease and choose not to be immunized.

The Health Center will provide physical education exemptions and special residence arrangements only with adequate medical documentation from the student's personal physician. Please call for information and special forms. Medical parking permits are issued by the Auxiliary Services Business Office. Students must present documentation from the treating physician indicating the reason and estimated duration of the condition for which parking is being requested.

Medical Excuse Policy — The Health Center does not give medical excuses for short-term absence (less than 5 days) due to illness or injury. Students treated at the Health Center may use their official receipt to verify care, but this does not constitute justification of absence. For students whose medical condition results in longer-term absence, the Health Center notifies the vice president of Student Affairs, who then notifies the student's professors. However, this notification does not excuse the absence. Students must also contact their professors and make arrangements for makeup work. Letters of support for students requesting a medical withdrawal from all classes or a selective

medical withdrawal from a single class are given at the discretion of the treating provider, and only if the student was treated at the Health Center for the condition. No medical information will be given to any professor or administrative office without written consent of the student.

Treatment of athletic injuries is provided to intercollegiate athletes at the Towson Center Training Room by a staff of athletic trainers under the supervision of a board-certified orthopedic surgeon. General medical care is provided by the Dowell Health Center.

Speech-Language-Hearing Clinic Van Bokkelen Hall 001, 410-704-3095

Diagnostic and therapeutic services of the Speech-Language-Hearing Clinic are available, without charge, to all members of the Towson faculty, staff and student body. Speech, hearing, and language evaluations for all ages and all types of communicative disorders and differences are available. Audiological services include complete hearing testing, central auditory processing testing, hearing aid evaluations and hearing aid dispensing. Audiologists evaluate and fit conventional, programmable, and digital hearing aids and assistive listening devices, which can be purchased at the clinic. Appointments can be made by phoning 410-704-3095.

Therapeutic services are provided for children and adults experiencing difficulty in comprehending and using oral communication. Treatment is provided for the following types of communication disorders and differences: language, articulation, cleft palate, stuttering, hard of hearing, auditory processing, voice, aphasia and largyngectomy. Services are also available to improve comprehension and use of standard American English.

Health Insurance

Dowell Health Center, 410-704-2466

Although the Dowell Health Center offers high quality primary health care to any registered student, regardless of insurance status, there are times when students need medical services not available at the Health Center. For this reason, all students are strongly encouraged to have health insurance coverage. Resident students, international students and intercollegiate athletes are required to have insurance.

The university offers students an excellent 12-month health insurance policy at a very reasonable cost for the coverage. (See the current brochure for up-to-date premium information.) The plan uses the Dowell Health Center as the primary care provider while school is in session and covers services such as specialty referrals, diagnostic tests, surgical procedures, and hospital care not available at the Health Center. It will cover urgent care and emergency services at other facilities when the Health Center is closed or the student is away from school. Coverage for spouses and children of enrolled students is available. Policies can be purchased for the entire year (August 15 through August 14) or for the second semester only.

All international students (any non-U.S. national in the United States on temporary visa status other than B-1 or B-2 visas) are required to have health insurance which meets the university's minimum standards. These students will be automatically enrolled in the university-sponsored plan and the cost will be billed to their university account. Students who have their own comparable insurance may submit a waiver application by the semester deadline, along with their plan benefits in English and proof of payment for the year. If their plan meets the waiver standards, they will not be billed for the university-sponsored plan. Waiver applications must be re-submitted every fall semester. See the Health Center Web site for details of the insurance plan and the minimum waiver standards. (www.towson.edu/studentaffairs/healthcenter).

Information and enrollment forms will be mailed to all returning students over the summer. New students will be given

the brochure and enrollment form in their orientation packet. For additional information, contact the Dowell Health Center.

Housing and Residence Life

Newell Hall, Lower Level, 410-704-2516

The Residence Life program provides living facilities for students and promotes educational programs and activities which support the academic mission of the university. The Residence Life staff and the University Residence Government strive to maintain an environment conducive to the individual's achievement of academic goals and development of life skills.

Housing and Residence Life offers a variety of living options to accommodate the diverse needs and interests of students.

Identification Card - One Card University Union 118, 410-704-2284

http://onecard.towson.edu

The university issues a photo I.D. card to students, faculty and staff called the One Card. The card is free and does not have to be renewed. Students should keep the card with them since it is necessary for using services at Cook Library, Computing and Network Services, and athletic facilities. The card can also be used as a debit card. A Retail Points account, accessed through the One Card, can be used to purchase books, supplies and gift items at the University Store. A student can use the same Retail Points account off the One Card on vending machines, washers and dryers, and at the Recreation Center, Copies Plus, Health Center, and the Auxiliary Services Business Office. Additionally, the One Card can be used for discount food purchases through use of a Dining Points account. Students save 5 percent on food purchased using Dining Points at all Dining Services locations. Students with a meal plan will use the card for access to the dining halls. The One Card provides access to some residence halls and academic labs. The One Card can also be used for obtaining student rates at some sports and entertainment events.

International Student and Scholar Office Administration Building 247A, 410-704-2421

Fax: 410-704-6040 e-mail: isso@towson.edu www.towson.edu/isso

The International Student and Scholar Office (ISSO) provides services and programs to more than 800 international students and to international scholars (researchers, guests and visiting faculty). The ISSO offers assistance in the following areas:

- visa applications and immigration related matters
- · cross-cultural orientation and adjustment
- · mediation of cross-cultural misunderstanding
- success in the U.S. academic environment
- · understanding and following university regulations
- · using university services
- complying with federal law concerning temporary visa holders
- · referrals to community resources
- requests from the community for contact with TU's international population
- emergency situations involving international students.

Staff in the ISSO are authorized by the U.S. Immigration and Naturalization Service (INS) and the U.S. Department of State to endorse visa application certificates, travel documents and INS documents related to employment. ISSO staff assist students with their visa applications and requests to the INS. Advisers provide information sessions, publications, and individual appointments to keep students up-to-date and in compliance with current immigration law. These services are provided before students leave their home countries, upon arrival and throughout their stay in the United States.

At the beginning of each semester, the ISSO holds an orientation program designed to assist students in their initial adjustment to a new culture by:

- describing the typical difficulties of cross-cultural adjustment (including culture shock)
- suggesting strategies for successful adjustment and effective intercultural communication
- · offering information about the university and the community
- introducing key university service-providing offices
- answering questions about settling into accommodations
- suggesting preparations for success in the new academic environment
- helping in the transition through the creation of a support network
- offering opportunities to build friendships in the first week on campus.

Throughout students' stay at TU, the ISSO provides ongoing advising, services and programs. Students may schedule advising appointments regarding immigration, personal, cross-cultural and academic concerns. From the ISSO, students obtain travel document endorsements; letters to verify immigration status, enrollment and educational expenses; application materials, counseling, INS forms, and authorizations for employment or change of immigration status. Each spring, tax advising programs are organized to educate students about their U.S. tax responsibilities. The ISSO provides information about and referrals to international health insurance plans, as well as general information about obtaining U.S. permanent residency. The ISSO publishes a quarterly newsletter to communicate immigration law information, recreational opportunities, and other news for or about the international population on campus.

A number of educational, cultural and social activities are planned by the ISSO to foster interaction and improved appreciation among national/cultural groups and the Americans on campus. The ISSO advises the student-led International Student Association, working with them each year to plan an International Festival and other culture-sharing programs.

Towson University offers an International House as an option in the residence halls. It is a residence that brings together American and international students of various national backgrounds to develop heightened awareness and understanding of the global community. Interacting on a daily basis with fellow students from different ethnic, religious and cultural heritages often fosters rewarding friendships and connections for the International House residents. More than 100 students are currently participating in this residence option

Judicial Affairs 410-704-2057

When a student is alleged to have violated the Code of Student Conduct (see Appendix F), this office interviews and counsels students in the discipline process and facilitates the student appeal process. The office also serves as a resource to faculty and administrators.

Non-Native Speakers of English English Language Center Media Center 201, 410-704-2552 Fax: 410-704-2090

The English Language Center offers intensive English instruction to students who are preparing for admission to the university or for international and permanent resident students who are admitted to the university and want to further develop their English skills. Courses are designed to develop a student's speaking, listening, reading and writing skills. A TOEFL preparation course and additional courses on pronunciation, vocabulary development and study skills are also offered. A computer resource laboratory is available for students who want to work on specific

language areas, such as grammar, listening, reading or vocabulary development. The center also welcomes individuals who are not preparing for university study but who wish to improve their language skills for employment purposes.

English for Speakers of Other Languages (ESOL)

English Department, Linthicum Hall 218H, 410-704-2944

The English for Speakers of Other Languages (ESOL) testing coordinator tests and places non-native speakers of English admitted to the university in preparatory college writing courses. When necessary, students are placed in one of three ESOL classes or special sections of Writing for a Liberal Education.

Parking, On-Campus

Auxiliary Services Business Office, University Union 118 410-704-2284

http://parking.towson.edu

The university offers student parking on 13 lots and in two parking garages. Freshmen resident students are not permitted to have a vehicle on campus. All other resident students can buy a resident parking permit. All students who live off campus can buy a commuter parking permit. Permits may be purchased by semester or by academic year. During the fall and spring semesters, a shuttle bus is available to transport individuals between parking lots and academic buildings. The university also provides an evening escort van for students.

The university provides special parking areas for motorcycles, which are subject to the same rules and regulations as automobiles. Uncovered bicycle racks are located at various points around campus. Bicycles should be locked to these racks only. Bicycles may not be stored inside campus buildings. For increased security, mopeds and bicycles should be registered with the University Police. However, the university cannot guarantee the security of any personal property on campus. For security purposes, owners of soft-top vehicles are urged to purchase a window-sticker style permit in place of the hang tag. For additional information about parking, including campus maps, or to purchase a parking permit online, visit the Web site address listed above.

Post Office

University Union Ground Floor, 410-704-2260

The Post Office provides window service from 9 a.m. until 4 p.m. Monday through Friday. Resident students' mailboxes are at the Post Office, so they should make it a habit to stop by often. New resident students need to visit the Post Office soon after they move in to receive their mailbox combination.

Religious Activities

Campus Ministry

University Union, 410-704-2268

A variety of faith communities are represented on campus through the support staff assigned to the university. Most advise student religious organizations as well as provide a personal ministry in counseling, theological discussions, and other supportive areas. In addition, most cooperate in sponsoring special programs of speakers, discussions, films, contemporary issues studies and social events.

SAGE (Students Achieve Goals through Education)

University Union 317, 410-704-3789

The SAGE program, one component of TU's student retention effort, encourages new African-American students to excel academically as well as participate in the varied extracurricular activities offered by the university. The program is open to all new students regardless of race or ethnic background. Each entering student is matched with a small group of fellow new students and two upper-class peer mentors. Faculty and staff mentors are available depending upon the student's academic and career interests. SAGE provides information about campus-wide resources and events, sponsors various social activities throughout the year, and offers informal advising services. Students are always welcome at the SAGE office.

Shuttle Bus Service

Towson offers an on-campus shuttle service during the fall and spring semesters. The on-campus bus circles the campus, taking students between the classroom buildings and the parking lots. Visit our Web site: http://parking.towson.edu for current shuttle bus and mobility van information, including maps and hours of operation.

Student Involvement and Transitions University Union 217, 410-704-3307

Fax: 410-704-2219

E-mail: studentactivities@towson.edu

www.towson.edu/studentactivities

Student Involvement and Transitions oversees two offices: Student Activities, and Orientation and New Student Programs. Staff members in the Office of Student Activities advise the Student Government Association, the Campus Activities Board, and assist all campus student organizations. Staff members plan daytime activities, concerts, trips, movies, leadership development opportunities, and promote community service.

Orientation Office staff develops programming for all new students entering Towson University. The staff plans activities for Move-In Weekend, September Celebration, and transfer students.

Student Involvement and Transitions is also home to programs and services for commuter students. Services include: off-campus housing listings, commuter information, and general assistance in using public transportation.

Commuter and Off-Campus Student Services

Commuter Services seeks to build connections between the university and its commuter populations by offering a variety of commuter-targeted programs. Understanding the demands of commuting, the office seeks to create resources and programs to assist with the areas of off-campus housing, transportation and socialization.

Student Government Association University Union 226, 410-704-2711

The Student Government Association (S.G.A.) recognizes more than 100 clubs and organizations. These groups provide students with a variety of leadership opportunities and experiences, including academic groups, recreational sports, Greek organizations, honor societies, and cultural, ethnic and religious groups. S.G.A. is the advocate of students, providing educational activities, social awareness and entertainment.

Clubs and Organizations

A complete list of Student Government Association clubs and organizations is available in the Office of Student Activities and also appears in the student handbook. For more information about involvement in clubs and organizations, contact the S.G.A. or the Office of Student Activities.

Students representing TU at events, conferences, or other official activities should obtain a Notification of Absence from Class Form from the Office of Student Activities, University Union, Room 217, to be given to their instructors to verify the excused absence. Students are encouraged to notify faculty of anticipated class absences as soon as they learn they will be missing class.

Student Day Care Center

Lida Lee Tall, 410-704-2652 E-mail: studentswithchildren@towson.edu

The Student Day Care Center was established, and continues to be assisted financially, by the Student Government Association. The center provides developmental programming as well as good care for children ages 2 through 5. The center is open in conjunction with the university's academic calendar from 7:30 a.m. to 5:30 p.m. and offers children opportunities for physical, emotional and cognitive growth.

Due to licensing restrictions, space is limited. The center accepts applications to its waiting list whenever parents are ready to submit them, accepting children on a first-come, first-served basis, giving priority to the children of full-time university students. Contact the center for further information.

Students with Children

The Students with Children organization was founded by students and parents at the Student Day Care Center to involve other student families on campus in events and activities, such as parenting discussions, used seasonal clothing sales, and the Scarecrow Party. The thrust of the group is to expand the reach of the Student Day Care Center beyond the confines of the space available and the ages for which it is licensed. For more information, call Harriet Douthirt, 410-704-2652.

Ticket Office

University Union, Ground Floor, 410-704-2244

The Ticket Office provides the university community with a variety of ticket services for both on-campus and area events. Tickets for student-sponsored events, including those offered by the Campus Activities Board (C.A.B.) and Student Government Association (S.G.A.), are sold through the Ticket Office, which is located on the first floor of the University Union. The Ticket Office is an outlet for Ticketmaster, selling tickets for attractions at the Baltimore Arena, Oriole Park at Camden Yards, and other venues. The Ticket Office also sells discounted movie passes and Mass Transit (bus and Light Rail) passes.

University Store

University Union, Ground Floor, 410-704-BOOK (2665) http://store.towson.edu

The University Store supplies all required and recommended text-books as well as a selection of general reading material including reference/study aids, current fiction and nonfiction, children's books, newspapers and magazines. Other products sold in the University Store include basic school/art supplies, computer supplies and software, film and film processing, health and beauty aids, snacks and beverages, gifts and greeting cards, music CDs and dry cleaning. Official Towson University emblematic merchandise such as imprinted adult and children's apparel, stationery and giftware distinguish the University Store from other general retail outlets. The approved Towson University class ring is also available through the University Store. The store accepts VISA, MasterCard, Discover, One Card Retail/Vending Points, personal checks with appropriate picture I.D., and cash. Visit the University Store Web site at http://store.towson.edu

University Union

Information Desk, 410-704-4636

The University Union is the hub of co-curricular activities and programs for the campus, as well as home to a multitude of student services. Generally, the educational, cultural and social programs held in the union are intended for the entire academic community. The union is a place where commuting students, faculty, staff and alumni can relax, interact, and share common interests and experiences. The following offices and services are located in the University Union:

First floor — A full-service post office; the University Store; VIP's, formerly the Rec Center, includes bowling, billiards, video games, food, entertainment, music and free video rentals; the Auxiliary Services Business Office and the Auxiliary Services Business Office administrative suite; Art Services; the Ticket

Office; and the financial operations office of Event and Conferences Services.

Second floor — The University Union Information Desk; the Susquehanna Food Court, a mall style eatery; the Patuxtent Room, which offers a more formal dining atmosphere; Sweet Sensations, where yogurt, fresh-baked cookies and muffins, juices, and gourmet coffee are sold; the Auxiliary Services Business Office program suite; the offices of the Student Government Association (S.G.A.); the Office of Student Activities, which includes Commuter Affairs, Greek Life (fraternities and sororities), the Student Leadership Programs, and Off-Campus Housing Programs; the office of the Black Student Union; the Religious Activities Office; the Office of Diversity Resources; the Potomac Lounge, a comfortable study and lounging spot; the Art Gallery; the offices of Event and Conference Services, where reservations for rooms and other campus facilities may be made and audiovisual/technical services requested; and the University Union office suite.

Third floor — Orientation and New Student Programs; the Towerlight, Towson University's student newspaper; the African American Cultural Center; the offices of the Students Achieve Goals through Education (SAGE) Program; the office of the Diverse Sexual Orientation Collective (DSOC); several multipurpose conference rooms; and a number of nooks and crannies for contemplation and conversation.

Veterans Office

Enrollment Services Center 233, 410-704-3094

The office provides coordination between veteran/dependent students and the regional office of the Department of Veterans Affairs. The coordinator establishes procedures and prepares forms and correspondence for eligible students to receive educational benefits. Additionally, the officer monitors class attendance and evaluates academic progress to ensure that those receiving benefits maintain satisfactory progress. This officer also supervises the employment of VA work/study students.

Students taking courses at other institutions concurrently with courses at Towson University may be certified for both institutions by the TU coordinator.

Students may visit the office daily from 8:30 a.m. to 4 p.m. but may wish to call for an appointment.

The normal time for the Veterans Administration to process an enrollment certification is six weeks. Certification is not automatic. The proper VA forms must be completed each semester.

NOTE: Students cannot be certified for courses until they register.

Withdrawals

When students decrease credit load during the course of the semester, they must notify the TU Veterans Office. Failure to do so could result in termination of benefits and a financial debt to the U.S. Department of Veterans Affairs.

FX Grades

Students who receive an FX at the end of a term should contact the university office immediately.

Change of Program

Veterans may change their academic program once without VA clearance. For more than one change of program, however, veterans are required to undergo counseling by the Veterans Administration. A change of program with the VA is required whenever veterans make a curriculum change in which any of the courses for which VA benefits were previously received do not transfer into the new program or whenever students declare a new major or matriculate at a different institution.

Independent Study

Payment for independent study courses will generally be made on a tuition and fees basis only. Monthly rates may be paid for such courses, provided that more than half of the total number of credits for that semester are in courses requiring class attendance. Check with the office to determine eligibility to pay for independent study courses.

Advance Payment

Advance payment is the allowance for the first two months of an enrollment period. All tuition and fees are due according to regular university deadlines and cannot be deferred pending receipt of advance payment. Students may apply for advance pay only if they will be enrolling at the university on at least a half-time basis and meet established deadlines. There must be one full calendar month break between semesters to apply for the advance.

Students may request advance pay for the regular academic semesters by making an appointment to complete required federal forms. These forms will not be mailed to students and must be signed at least six weeks prior to the beginning of the semester.

Approved Program

The VA will pay veterans only for the courses listed in the Undergraduate Catalog that are required for a degree and for programs that have been approved for study by the Veterans Administration. If students take courses in addition to those listed for their approved program, they will not be entitled to receive VA benefits for them.

Vice President for Student Affairs 410-704-2055

The administrative responsibility for the supervision of the cocurricular life of the university rests with the vice president for Student Affairs and his staff. The university, through the Division for Student Affairs, provides a wide range of support services and programs designed specifically to meet the outside-of-class and co-curricular needs of its students. The division directly supports the total educational experience of students. The operating philosophy of the Division for Student Affairs rests upon the belief that outside-of-class activities and co-curricular learning complement the formal learning that takes place in the classroom and are part of the student's total education immersion. Efforts are made to ensure that the Student Affairs program is planned in such a way so as to be student centered and educational in nature.

The Division for Student Affairs now has a Student LIFE Line. The purpose of this telephone line is to assist students with any question they may have about the university. The LIFE Line is staffed and ready to assist callers Monday through Friday, 8:30 a.m. until 5 p.m. After these hours, a voice-mail message can be left and will be responded to the next business day. Should students need to call, the number is 410-704-LIFE (x5433).

Women's Center

University Union 311, 410-704-2666

The Women's Center is located on the third floor of the University Union and consists of a lounge, browsing library and office. The drop-in lounge is available to all for study, conversation or a moment of relaxation.

A wide ranging referral system offers information about campus and community groups and organizations, individuals with skills and expertise in specific areas, and individual professionals in the fields of medicine, law, mental health, etc. The center provides a bulletin board where job notices, conferences, and newsletters relating to women from all over the country are posted.

Throughout the academic year, a variety of programs will be offered free of charge to the public. The center serves as an advocate and liaison for women students, staff and faculty.

Academic Resources

Towson offers its students many opportunities to enhance their lives with academic support and extracurricular activities. Some of these programs will help students with their studies, while others will provide cultural enrichment.

ACADEMIC ADVISING

Lecture Hall 1, 410-704-2330

Margaret Faulkner, Associate Vice President for Student Academic Services

This office coordinates all undergraduate academic advising, including services offered by the Academic Advising Center and the Department of New Student Registration. Towson University is committed to providing comprehensive advising designed to enrich the educational experiences of every student. Towson offers a unique advising program for freshmen called the First Year Experience, and a similar program for newly admitted transfer students called the TRANS-AM Program. Both of these programs are coordinated through the Academic Advising Center. All students are encouraged to seek advising at any time during the academic year. Students who have chosen a major should go to the appropriate academic department to be assigned a faculty adviser.

Academic Advising Center Lecture Hall, 410-704-2472

Lynne Dowell, Director

The Academic Advising Center supports the advising needs of the university's students and faculty. This center serves as a clearinghouse for information about the university's policies, procedures and requirements. Its advisers help students review their progress toward the fulfillment of GenEd or GUR requirements and advise students about developing academic goals, planning programs, selecting courses, investigating majors and minors, clarifying catalog year choices, and meeting standards. Students who have completed 75 credit hours receive an audit of their progress toward graduation. In addition, the center advisers conduct special advising for students who have received academic warnings or who are on academic probation. Students who have questions or concerns prior to meeting with their faculty adviser can meet with trained peers through the Student Academic Advising Program, Lecture Hall 7-B, 410-704-3497.

The Academic Advising Center also administers the Degree Navigator online audit system, located at http://degnavsrv.towson.edu. The Degree Navigator is a software tool designed to assist students and advisers in evaluating academic progress toward any major or minor at Towson University. It is especially useful for students who are evaluating their General Education requirements, or for open majors who would like to see how many more courses would be necessary to complete different degrees. Finally, Degree Navigator allows students to check grades and read course descriptions from all Towson catalogs since 1996.

New Student Registration Lecture Hall, 410-704-2472

As new freshmen matriculate at Towson University, they work with the Office of New Student Registration to select courses to meet their goals and interests. Professional advisers coordinate the first semester's course schedules with information supplied to New Student Registration by the student. New students will meet with professional and faculty advisers during the summer to confirm their schedules and to be assigned to a First-Year Experience (FYE) adviser.

The First-Year Experience is a unique program for freshmen which pairs incoming students with a faculty member or professional adviser who has received special training in the Faculty Institute. Together, advisers and students work throughout the first year to orient the new college student to the university and to identify and use resources that will enhance the student's educational experience. The relationship between the FYE adviser and the new student helps develop successful, active members of the university community who are able to make effective educational decisions.

Following the First-Year Experience, students who have chosen a major will be advised by faculty advisers within the major department. Students who are still exploring their choice of major may be re-assigned to the professional advisers within the Academic Advising Center.

Transfer students are assigned to professional advisers or faculty members for the one-semester TRANS-AM (Transfer Advising and Mentoring) Program specially designed to meet the needs of experienced students in a new environment.

CENTER FOR INSTRUCTIONAL ADVANCEMENT AND TECHNOLOGY (CIAT)

Cook Library 424, 410-704-2005

The Center for Instructional Advancement and Technology (CIAT) supports Towson University's commitment to excellence in teaching. It is the faculty's central resource where solutions to enhance teaching and learning can be explored and developed. CIAT provides faculty the opportunity to investigate and apply current and experimental technologies to instructional delivery.

The CIAT staff works with faculty to design curriculum and courses, develop course materials and teaching and learning strategies, and to use powerful new technology applications that apply to teaching and learning. Although the services and resources of CIAT are reserved primarily for faculty, graduate assistant and internship opportunities are available for students who are interested in instructional technology, instructional design, multimedia, and Web resource development.

COMPUTING AND NETWORK SERVICES (CANS) CANS Help Center, Cook Library 5, 410-704-5151

Fax: 410-704-6177

E-mail: helpcenter@towson.edu

www.towson.edu/cans

Computing and Network Services (CANS) provides computing support for all university students, faculty and staff. The CANS Help Center is the best location to find out about all the computing resources available.

- Located on the first floor of Cook Library, the CANS Help Center provides a single point of contact for questions relating to e-mail accounts, Web access, General Computing Labs, PCnetworked classrooms, training and telecommunications.
- The General Use Computing Labs are located in Cook Library, Room 35, and provide access to the Web in addition to standard Microsoft application software such as Word, Excel, Access, etc. Additional software such as Corel WordPerfect is also available.
- Hours of operation for the CANS Help Center are Monday through Thursday, 8 a.m. - 11:30 p.m.; Friday, 8 a.m. - 5 p.m.; Saturday, 10 a.m. - 6 p.m.; and Sunday, 2 p.m. - 10 p.m.

FINE ARTS

Towson University, a center for the fine and performing arts in the Baltimore area, offers students a host of programs and concerts, many free of charge. In addition, Towson is home to the Maryland Arts Festival, an array of live theater, concerts, films, lectures and musicals, celebrating its 20th season in the summer of 2001.

Art Galleries

Asian Arts & Culture Center, Center for the Arts 236 410-704-2807

The Asian Arts & Culture Center is a key resource for students and faculty in such fields as art history, Asian studies, music, philosophy and theatre. The center regularly hosts exhibitions, lectures/workshops and films and concerts, featuring nationally and internationally renowned speakers, artists and performers. In addition to covering the spectrum of Asian art, the center also proudly serves as a social and cultural link between metropolitan area Asian communities and the university.

As a museum, the center houses and displays many of the university's most significant and valuable pieces of art in the Roberts Gallery. The Roberts Gallery, however, is more than just a showcase for the visual, aesthetic and cultural values of Asian art. It is a highly visible symbol of the university's commitment to the arts and to its goals of developing and nurturing multicultural awareness in an academic setting.

Holtzman Art Gallery, Center for the Arts Lobby

University Union Art Gallery, University Union, Second Floor Both galleries present a variety of exhibits to the Towson community, including student and faculty shows as well as national and international exhibitions. The Holtzman Gallery emphasizes contemporary art, while the Union Gallery focuses on M.F.A. thesis exhibitions and works by local artists.

Lieberman Collection, Honors College Lecture Hall, Lieberman Room

The Lieberman Collection of 40 oil paintings, sculptures, ink drawings, lithographs, photographs and art books was donated to Towson University by Dr. and Mrs. Sidney Lieberman in memory of their sons. The collection is on display in the Lieberman Room, located in the Lecture Hall. Used primarily by students in the Honors College as a quiet place to read or study, the room is open to the public during the university's normal hours.

Dance

The TU Dance Company is considered one of the premier university dance companies in the mid-Atlantic region. The company presents an annual concert of the Second Act of *Nutcracker*, and regularly performs works by internationally and nationally recognized choreographers, as well as classical ballets. The Department of Dance produces the faculty-alumni concert, dance majors performance project, and Sigma Rho annual dance show-

Film

The TU Film and Video Society offers a free film series during the fall and spring semesters. Sponsored by the Department of Electronic Media and Film, the films are screened in Van Bokkelen Auditorium. The S.G.A. presents a weekly series of recently released box office hits at student discount prices.

Music

The Department of Music's instrumental and vocal ensembles — including University Chorale, Chamber Singers, Choral Society, Orchestra, Symphonic Band, Percussion Ensemble, Woodwind Ensemble, Clarinet Choir, Saxophone Ensemble, Flute Ensemble, Brass Ensemble, Guitar Ensemble and Early Music Ensemble — present more than 200 concerts each year in the Concert Hall at Towson's Center for the Arts. Many concerts are free of charge; others offer discounts to students and faculty.

Theatre

Towson presents many productions each year in three campus theatres, as well as at the Baltimore Theatre Project downtown and in other local venues. They range from Shakespeare to musicals to new experimental performances, featuring Towson theatre majors, as well as talented students from other disciplines. Prices vary, but students pay a discounted rate.

INTERNATIONAL EDUCATION

Ellen Lichtfuss, Publications Coordinator

Office of Academic Programs

Administration Building, Second Floor 410-704-2919 Fax: 410-704-4646 E-Mail: internationaleducation@towson.edu www.towson.edu/internationaleducation Dean Esslinger, Associate Vice President, Academic Programs Elizabeth T. Lambert, Assistant Dean Donna Coale, Executive Administrative Assistant Karen Evers, Administrative Assistant G. Frank Mullen, Director of Special Projects Mary Hilton, Coordinator, International Programs

International Education is the central academic office for the coordination and supervision of the university's international programs and activities. The office coordinates faculty and student exchange programs with numerous partner institutions in a variety of foreign countries. It oversees the functions and policies of the International Student and Scholar Office, the International Undergraduate Admissions Office, the English Language Center, the Summer in Maryland Program for international students, and the Study Abroad Office. It seeks to promote better understanding of international and cross-cultural issues within the context of education to the university and external community, including schools, businesses, local government and the University System of Maryland.

One such initiative is the Maryland International Education Association (MIEA). MIEA membership comprises two-year and four-year higher education institutions across the state of Maryland. It provides a statewide platform for networking between Maryland faculty and university administrators concerned with international issues. The mission of MIEA is to serve as a forum to discuss and plan modes of cooperation and to provide opportunities for sharing resources and organizing activities throughout the state. MIEA organizes a broad range of programs serving the goal of coordinating the response of higher education to the global challenges of the 21st century. The association is funded by the Maryland Commission for Celebration 2000.

In its commitment to internationalization, the International Education Office provides a variety of services to international students and scholars, to the university student body, faculty and staff, and to the community. It also provides consultation and referral support to other academic departments, local government offices, and businesses.

Central administration for International Education is housed in the Office of Academic Programs, which is directed by Dean Esslinger, associate vice president for Academic Programs.

To obtain specific information about any of the international programs and services available through Towson University, contact the Academic Programs Office or one of the relevant offices listed below. For the names and locations of TU's international exchange partner institutions, refer to the Study Abroad section in this catalog, under University Curriculum.

LIBRARY/MEDIA SERVICES

Albert S. Cook Library 410-704-2461

The Albert S. Cook Library, located near the center of Towson University's campus, serves as the university's hub of information resources. The library's collection of nearly 539,000 volumes, 771,000 microforms, and over 2,150 periodicals has been selected to support Towson's academic curriculum. More than 70 online databases offer students and faculty members access (from on-campus and remote locations) to journal article citations, statistics, business data, news, legal information and increasingly, full-text articles.

The Media Resources Services Lab, complete with listening and viewing stations, offers approximately 15,000 films, videos, DVDs, recorded satellite resources, video conferences, cassettes, compact disks, and CD-ROMs. Cook Library is a depository for Maryland state documents, owns a notable collection in education and has special holdings in early English Literature, early American periodicals, and in the field of women's studies.

VICTORWeb, the online catalog, accesses Cook Library's entire collection as well as the collections of the other University System of Maryland libraries. Cooperative borrowing and document delivery agreements among USM schools ensure that materials can be shared. Reference librarians help patrons navigate the extensive array of information resources.

Whether at the reference desk, in the classroom, or by appointment, Cook Library reference service is tailored to meet the needs of individual library users and is aimed at enabling them to locate, evaluate, and use print and electronic information resources effectively.

TUTORING AND ACADEMIC SUPPORT

Testing Services Center Administration Building 234 410-704-3023

Fax: 410-704-4669

The Testing Services Center provides proctored testing accommodations (extended time, minimal distraction space, readers, scribes, computer access), free of charge, for Towson University students with appropriate documentation. Faculty can also request proctored testing accommodations for students who are re-testing, completing make-up exams, or require additional testing time due to language constraints. Begin the scheduling process early. Eligible students are encouraged to visit the facility and pick up testing accommodation forms. The forms must be submitted to appropriate faculty in a timely manner. This ensures adequate time to arrange accommodations. Contact the Testing Services Center for additional information.

In addition, the Testing Services Center provides a convenient testing site for Towson University students and individuals in the Towson community who are required to take standardized ex-

Examples of tests offered on an on-going basis are:
AMP TESTS Various certification examinations
APAT Accounting Program Admission Test
GRE Graduate Record Examination
LSAT Law School Admission Test

PRAXIS Professional assessment for beginning teachers

Special test administrations are also provided, upon request, to accommodate individuals with documented disabilities.

Publications provided by the national testing companies listed above are available at the Testing Center. This information includes test registration materials.

Tutorial Services Center Administration Building 235 410-704-2291 Fax: 410-704-4699

The Tutorial Services Center provides tutorial support and study skills development services for Towson University undergraduates. Tutoring is available in most lower-division and a limited number of upper-division courses. Services are free of charge, available on a first-come, first-served basis and depend upon the availability of a qualified tutor. Students are usually scheduled for one, possibly two hours of tutoring weekly (per course), and receive services via individual or small group sessions. Study skills development services are also available to any student who wishes to improve time management, note taking, test taking, reading comprehension and memory skills.

The center also provides supplemental computer-assisted instruction in accounting principles and study skills. LASSI, a learning and study strategies inventory, allows students to evaluate their study habits and attitudes in several areas including motivation, anxiety, information processing, selecting main ideas and test taking. Enrichment strategies are recommended after students complete LASSI. Plan early to achieve optimal levels of academic success.

Additional tutoring services available on campus include:

Accounting Online Tutorial

 The Iota Zeta Chapter of Beta Alpha Psi, the honorary fraternity for students majoring in accounting, finance and information systems, provides online tutoring for first-year accounting students at Towson University taking Principles of Accounting I and II (ACCT 201,202, 211,212). This program is a supplement and not a substitute for services provided by the Tutorial Services Center. Please send an e-mail to: baptutor@towson.edu to question a tutor.

Computer Science Tutorial Stephens Hall 309E

410-704-2424

Utilizes small group tutoring and individual appointments to assist students enrolled in Computer Science courses.

English Writing Services

Writing Lab

Lida Lee Tall 308

410-704-3426

Provides tutoring for writers at all stages of the writing process and in all courses within the university.

Writing Support Program

Linthicum 201B

410-704-2857

Assists students with sentence-level and grammar skills (ENGL 251/ENGL350). This service is for native English speakers.

Computer Lab

Lida Lee Tall 207

410-704-3834

Provides computer software for writing skills analysis/improvement. This service is for native English speakers.

ESOL Writing Services

Administration Building 216F

410-704-5016

Assists students, for whom English is a second language, with sentence-level and paragraph/essay-level skills.

Housing and Residence Life

OFFICE

Newell Hall, 410-704-2516 Jerry Dieringer, *Director*

HOUSING AND RESIDENCE LIFE

Housing and Residence Life provides living facilities for full-time degree candidates and promotes educational programs and activities that support the university's academic mission. The Housing and Residence Life staff and the University Residence Government strive to maintain an environment that encourages academic excellence, community responsibility and individual development.

Towson University's Residence Life program provides oncampus housing for approximately 3,800 students.

- Resident students must sign a contract for university housing, renewable at the option of the university, and must carry a minimum of 12 credits. Priority is given to undergraduate students.
- Residents must vacate the residence halls after they complete their final semester examination.
- Housing facilities are available to students only when classes are in session. Some special interest programs are open year-round.
- The Housing and Residence Life staff offers assistance and programs for resident students.
- A number of special living options are available, including smoke-free areas, alcohol-free areas, special quiet options, honors housing and the International House.

University Housing

Glen Complex

Connected to the rest of the campus by a bridge that crosses over the Glen, this complex includes four high-rise towers housing about 425 students each. All student accommodations are suites, with two double rooms sharing a bath. There is a lounge area on each floor and a centrally located dining hall in the complex.

Newell Hall

Completely renovated in 1997, Newell was the first residence hall built on campus. A brick building of Jacobean design, it houses 211 students.

Prettyman and Scarborough Halls

These low-rise residence halls enclose a garden courtyard and house approximately 160 students each.

Residence Tower

This 13-story, high-rise residence hall accommodates approximately 455 students in double and single rooms. There is a lounge area, study room and kitchen on each floor, and a recreation room and laundry facility on the lower level of the building. The Residence Tower accommodates students requesting the International House and is an excellent option for students who require year-round accommodations. Both nineand 12-month housing options are available.

Richmond Hall

Designated as the university's honors residence hall, Richmond houses 107 students. A brick, Jacobean-style building, Richmond was one of the first residence halls built on campus. It was completely renovated in 1998.

Towson Run Apartments

These one-, two-, and four-bedroom apartments for upperlevel undergraduate students are fully furnished. In addition to double bedrooms, each apartment has a full kitchen and living/ dining room. Approximately 420 students are housed at Towson Run. A nine-month housing option is available.

Ward and West Halls

These twin low-rise residence halls for men and women accommodate about 60 students each. A large study area is located on the lower level of each building.

On-Campus Adult Apartments

Burkshire at Towson University 10 W. Burke Avenue 410-324-8108

University-owned and located on campus at the corner of York Road and Burke Avenue, the Burkshire offers one bedroom, one bedroom with den, and two bedroom with den apartments featuring a full kitchen, washer and dryer, air conditioning, cable TV, and free storage locker. The Burkshire's apartments are available to students who are juniors with a 2.85 QPA or above, seniors, graduate students, married students, students 23 years or older, and faculty and staff. The Burkshire is a good choice for students interested in a quiet nontraditional housing alternative.

Millennium Hall Capstone Properties 8000 York Road 443-275-4000

Millennium Hall, Towson University's new five-story residence building, offers housing for 400 sophomores, juniors and seniors in four-bedroom furnished apartments. Owned and managed by Capstone Properties, the building is Towson's first privatized residence hall. Each four-bedroom apartment accommodates four students and is fully furnished, with a living/dining room and full kitchen. Each bedroom has a telephone jack, cable TV, and computer connection. The building is air-conditioned and has a laundry room on the first floor.

Expenses

Expenses are estimates at the time of printing this catalog and are subject to revision. Tuition, housing and boarding costs and other fees are subject to change at any time by action of the Board of Regents.

APPLICATION AND ENROLLMENT FEES

Each applicant must pay a nonrefundable application fee of \$35. No application will be processed without this fee or a valid waiver.

Once students are admitted for fall 2001, a nonrefundable \$300 enrollment fee must be forwarded to the Office of Admissions to reserve a place in the class.

TUITION

The University System of Maryland Tuition Policy, approved by the Board of Regents on June 11, 1993, established nonresident tuition at the calculated actual educational cost at each institution within the system and based the increase in the nonresident tuition and fees on that cost. Additionally, the policy recommends each institution to provide a four-year plan of tuition and fees for both resident and nonMaryland resident students. The two charges — Maryland resident and non-Maryland resident shown below provide the projected, per semester rates for fall 2001 through fall 2004.

The tuition and fee increases for the next three years are based on fall 2000 rates. They do not include increases related to inflation and other cost factors not known at this time.

The tuition policy is available for review in the following offices:

- · All academic departments
- · Office of the Bursar
- English Language Center
- College of Graduate Education and Research
- International Student and Scholar Office
- Enrollment Services

MARYLAND RESIDENTS					
		Projected			
Tuition and Mandatory Univ. Fees (Per Semester)	Fall 2001	Fall 2002	Fall 2003	Fall 2004

3. Lab/Lab-Lecture Course Fee

A \$50 fee is charged for selected courses offered through various academic departments that have either a lab course designation, or a lab-lecture component. These courses are designated as LAB and LLB in the *Schedule* of *Courses*. (Various course-based fees for courses designated as PRC, STT, and CIN will continue to be applied).

4. Major/Special Equipment Fee

Students currently declared as a major in the departments and programs listed below will be charged a one-time \$200 fee to defray the high costs incurred for special equipment and resources associated with these departments and programs. Students will be billed only if their primary major is one of the programs listed. Students pursuing any of these programs as a second major will not be billed. Students who change their major from one of the programs listed below to another pay the fee only once. This list is subject to change on a semester basis.

OTHER FEES AND EXPENSES TEXTBOOKS

Students are expected to buy the textbooks for their courses. The average cost for textbooks is \$350 per semester. Books and other supplies may be purchased at the University Store.

STUDENT TEACHING/CLINICAL PRACTICUM FEES

Students enrolled in student teaching or a clinical practicum are charged a fee ranging from \$200 to \$400 per experience. Students must confer with their department chair or with the director of the CASE office in the College of Education to determine the exact fee. These courses are designated PRC, STT and CIN in the *Schedule of Courses*.

PRIVATE MUSIC LESSON FEES

Students enrolled in private music lessons are charged a fee of \$100 or \$260 per credit, depending upon course registration.

STUDY ABROAD FEES

A fee of \$120 for the fall and spring semesters, \$60 for summer, and \$50 for Minimester is assessed for Study Abroad programs. In ISEP fee of \$565 is assessed per semester to each outgoing student in the International Student Exchange Program.

PARKING FEES

All students are required to register their automobiles with the university in order to obtain a parking permit. Parking permits do not guarantee a space on campus; however, permits are required to park at any university parking lot or garage. Permits may be purchased for a semester or a full academic year. Freshman resident students are not eligible to park on campus.

Parking permits are available on a first-come, first-served basis and may be purchased over the Towson University Web page, http://parking.towson.edu. Campus maps and other parking related information are also available at this Web site. In addition, parking permits may be purchased from the Auxiliary Services Business Office, University Union, room 118. Parking permits will go on sale on or about August 1, 2001 for annual and fall semester permits and December 1, 2001 for spring semester permits. For questions or additional information, call 410-704-2284.

2001-2002 Estimated Parking Permit Costs:

Summer 2001	. \$30
Annual 2001-2002	\$175
Fall 2001/Minimester 2002	. \$95
Spring 2002-Summer 2002	. \$95
Evening Annual (valid after 3 p.m. only, M-F)	. \$60
Fall 2001/Minimester 2002 Evening	
(valid after 3 p.m. only, M-F)	. \$60
Spring 2002/Summer 2002 Evening	
(valid after 3 p.m. only, M-F)	. \$60

HOUSING AND DINING FEES

Students interested in living on campus must make a \$225 non-refundable housing deposit. Failure to pay all room and board charges may result in forfeiture of residence hall space.

Depending upon the room and meal plan selected, students living on campus may pay approximately \$3,041per semester for room and meal plan.

For those students who enter university housing after the beginning of a semester, the charge will be prorated for the remainder of the semester. (For exact rates, contact Housing and Residence Life.)

For the 2001-2002 academic year, resident students can choose from traditional weekly meal plans of 19 at \$1,365, 14 at \$1,286, 10 at \$1,155, or five at \$693 per semester. All plans offer a choice of both kosher and standard menu items. An additional choice is the new Unrestricted Meal Plan, which offers students the option of eating at any time and as often as they desire. Pricing is a little higher on this option, but it gives students complete flexibility to use meals at any time during the week.

Students living off-campus and at the Burkshire, Millennium Hall or Towson Run Apartments may select any of the plans listed above, or may choose one of the Block Meal Plans which offer a specific number of meals per week each semester at a fixed price.

Prices are subject to change.

BURSAR FEES

A \$75 late fee is assessed to any student who confirms his/her attendance after published bill-processing deadlines. Confirming your attendance secures your class schedule for a semester; otherwise, cancellation of your class schedule will occur. You may confirm your attendance by either returning the bottom portion of your billing statement to the Bursar's Office, Enrollment Services Center, room 336, with payment or verification of funds to cover all charges; or for accounts reflecting a credit or zero balance, confirm your attendance through Towson University's Web Application, TSiNET (http://onestop.towson.edu). You will find the Confirmation Attendance feature under the Account Balance option.

A \$10 Archived Records Research Fee will be assessed when financial detail involving archived records is requested.

A \$50 penalty fee is assessed when a check given in payment of fees, fines or services is returned unpaid by the bank for any reason. Failure to reimburse the university for an uncollectable check may result in class schedules being cancelled.

A \$25 late collection fee will be assessed should an account become delinquent and deemed uncollectable, thus requiring referral to the Central Collection Unit of the state of Maryland. This fee is in addition to the collection fee assessed by the Central Collection Unit of the state of Maryland. See Payment of Fees, below.

GRADUATE CHARGES

The following policies apply to graduate students taking a mix of undergraduate and graduate courses and TU seniors taking a graduate course (with special permission).

If a graduate student takes a mix of graduate and undergraduate courses and the undergraduate credit-hour load is fewer than 12 credits, the individual is to be billed per credit-hour in each category and part-time university fees. If the undergraduate credit hour load is 12 or more credits, the flat undergraduate tuition rate and full-time university fees are billed with the graduate credit hours hilled at the per credit-hour graduate tuition rate.

This policy applies to graduate students taking all undergraduate courses. If the credit-hour load of undergraduate courses is 12 credits or more, the individual is to be billed the flat undergraduate tuition and the flat full-time university fees.

PAYMENT OF FEES

All checks or money orders should be made payable to Towson University for the exact amount of the charges. The student's

name and Social Security number must appear on all checks submitted to the university. The university offers a payment plan administered through Academic Management Services (AMS). The AMS payment plan extends to students a monthly budget plan for meeting expenses. Students who choose such a payment plan may arrange payment through AMS, 800-635-0120. AMS is not, however, affiliated with the university and does not act as the university's agent; accordingly, the university bears no responsibility for the acts or omissions of AMS. Moreover, a student's liability for tuition and fees is not discharged until payment is made in full. The Discover, MasterCard and Visa credit cards can be used for tuition, fees, room, meal plan, and other charges. The university offers credit card payment through TSiNET (http://onestop.towson.edu), Towson University's Web Application. Full payment is required. It is imperative that students adhere to processing deadlines. To avoid the cancellation of your class schedule, bill payment or confirmation of your attendance must be received prior to your bill-processing due date found in the Schedule of Courses semester booklet. We do not assume you want to attend the university. If your account balance is greater than zero, you must make payment in full through TSiNET, or return the bottom portion of your billing statement along with payment in full or verification of third-party funds to cover all charges to the Bursar's Office, Enrollment Services Center, room 336. If your account balance reflects a credit or zero balance, you must confirm your attendance by either returning the bottom portion of your billing statement to the Bursar's Office, or you may confirm your attendance through TSiNET. The Confirm Attendance feature is under the Account Balance option. Completing the bill-processing requirement will secure your class schedule for the semester. WARNING: Processing of financial billing statements is the responsibility of the student and is due to the university each semester as outlined in the Schedule of Courses. Nondelivery of the billing statement does not release you from the payment or late payment assessments.

Financial policy set by the Board of Regents and supported by the legislative auditors of the state of Maryland states that all previous balances must be paid prior to registration for the following academic semester. The university employs a "first in/ first out" technique when applying payments to accounts. Therefore, payments are used to satisfy the oldest outstanding charge prior to applying any portion of a payment to current or more recent charges. Should the account of any student become delinquent and sent to the Central Collection Unit of the state of Maryland, it is deemed delinquent, and a collection fee not to exceed 20 percent will be charged to the student. In accordance with COMAR Title 17, Subtitle 01, Chapter 02, Section 01 through 05, the Central Collection Unit of the state of Maryland will report debt to a credit bureau and begin intercepting Maryland income tax refunds of individuals indebted to the state colleges and universities for tuition, fees and other costs. Students with outstanding balances should contact the Office of the Bursar. Transcript and diploma requests will not be honored if a student has a financial obligation to the university. Payments made by check will be subjected to a waiting period of 10 to 30 working days prior to transcripts or diplomas being released or refunds being processed.

PLEASE NOTE: The university will retroactively bill when coding errors are identified.

REFUND POLICIES

Students withdrawing from the university must complete an Official Withdrawal Form before they are entitled to any refund. Withdrawal Forms must be processed by Enrollment Services. The date of withdrawal will be the date on which written notice of withdrawal is received.

For additional information regarding withdrawal, see the Academic Regulations section of this catalog.

Fall/Spring Withdrawal Refund Policy

Notification to the instructor does not constitute proper withdrawal. Withdrawal Forms must be processed by Enrollment Services. The date on which written notice of withdrawal is received determines the percentage of refund. All refund percentages are based on the official start of the semester. The timing for effecting refunds is as follows:

1. Through the end of each change of schedule period, 100

percent of tuition and fees is refunded to the student.

2. Beginning with the first day after the end of the Change of Schedule period through the 21st calendar day after the official start of the semester, 50 percent of tuition only is refunded the student who fully withdraws from the university.

3. Beginning with the 22nd calendar day after the official start of the semester, no tuition and fees are refunded to the student.

NOTES: Based on documentation of extraordinary circumstances, including medical, exceptions may be made to this policy. Requests for refunds for extraordinary circumstances should be submitted immediately; however, no requests will be considered 30 days beyond the session in question. Undergraduate students should contact the director of the Bursar's Office, Enrollment Services Center, room 315. Graduate students should contact the director of Graduate School Operations, Enrollment Services Center, room 236.

Any unpaid charges on a student's financial account with the university will be subtracted from the refund due prior to processing the refund request. For payments made by credit card, refunds will be credited to the original credit card account and will be reflected on the credit card monthly statement. Credit card owners are responsible for paying any and all interest charges accrued on the credit card. In the event that you are billed a second time for a one-time fee, you must contact the Bursar's Office to have this charge removed from your bill. All questions regarding fees and tuition should be referred to the Office of the Bursar, Enrollment Services Center, 410-704-2100 or 1-888-5BURSAR.

Second Seven-Week Fall/Spring Withdrawal Refund Policy

Notification to the instructor does not constitute proper withdrawal. Withdrawal Forms must be processed by Enrollment Services. The date on which written notice of withdrawal is received determines the percentage of refund. All refund percentages are based on the official start of the session.

Students are considered full-time when carrying 12 credits or greater; therefore, refunds apply only to credit hour loads under

12. The timing for effecting refunds is as follows:

1. Through the first day of classes after the official start of the second seven-week session, 100 percent of tuition and fees is refunded to the student.

2. During the second and third days of classes after the official start of the second seven-week session, 50 percent of *tuition only* is refunded to the student.

3. Beginning the fourth day of classes after the official start of the second seven-week session, no refund is issued.

NOTES: Based on documentation of extraordinary circumstances, including medical, exceptions may be made to this policy. Requests for refunds for extraordinary circumstances should be submitted immediately; however, no requests will be considered 30 days beyond the session in question. Undergraduate students should contact the director of the Bursar's Office, Enrollment Services Center, room 315. Graduate students should contact the director of Graduate School Operations, Enrollment Services Center, room 236.

Any unpaid charges on a student's financial account with the university will be subtracted from the refund due prior to processing the refund request. For payments made by credit card, refunds will be credited to the original credit card account and will be reflected on the

credit card monthly statement. Credit card owners are responsible for paying any and all interest charges accrued on the credit card. In the event that you are billed a second time for a one-time fee, you must contact the Bursar's Office to have this charge removed from your bill. All questions regarding fees and tuition should be referred to the Office of the Bursar, Eurollment Services Center, 410-704-2100 or 1-888-5BURSAR,

Fees

The following fees are nonrefundable:

- 1. late payment fee
- 2. note processing fee
- 3. room deposit fee
- 4. enrollment contract fee
- 5. application fee
- 6. closed contract fee

The following fees are nonrefundable after the official start of classes for the semester:

- 1. housing fee
- 2. applied fee (private instruction, student teaching, clinical practicum, etc.)
- 3. parking permit fee

The Board Plan Fee is prorated weekly.

The following fees are nonrefundable after the official change of schedule period:

- 1. mandatory university fees
- 2. surcharge/overload fee
- 3. course-hased fees
- 4. major/special equipment fees

INSURANCE PLAN

A sickness and accident insurance plan designed especially for Towson University students is offered at a nominal fee. Although this plan is voluntary, some basic medical coverage is required of all students who live on campus, as well as students who participate in any physical education class or extracurricular athletics. Proof of sufficient coverage must be submitted to Housing and Residence Life. Billing statements will not reflect the cost of the insurance. Enrollment is handled directly through the insurance company. Should a student withdraw from the university, coverage will remain intact for the policy year. Any questions regarding coverage should be directed to the Counseling Center, Glen Esk, 410-704-2512. (See Insurance under University Life section.)

Financial Aid

OFFICE

Enrollment Services Center 312 410-704-4236 Fax: 410-704-2584 http://onestop.towson.edu/finaid/

Student financial aid from the university includes grants, loans, scholarships and employment. Funds for these programs come from the U.S. Department of Education, the state of Maryland, and Towson University. The objective of these programs is to help students pay the difference between the cost of education and the amount their families can contribute:

Cost of Education

- Expected Family Contribution (EFC)
- Outside Resources (state/private scholarships, etc.)
- = Need for Title IV and university funds

The U.S. Department of Education calculates the EFC from the information that the student and the student's family provide on the Free Application for Federal Student Aid (FAFSA). The EFC formula considers income, assets, family size and number of family members in college.

The cost of education includes direct costs such as tuition and fees, and room and board, as well as indirect costs including transportation and personal expenses.

ESTIMATED COSTS FOR UNDERGRADUATE

CTUDENTCS

STODENIS			
COl	MMUTER RE	SIDENT OUT	
Tuition/Fees	\$4,984 **	\$4,984 **	\$11,870 **
Room/Board	1,530	6,104	6,104
Books	790	790	790
Transportation	1,760	1,550	1,550
Personal	930	1,500	1,500
Total	\$9,994	\$14,928	\$21,814

^{*}Figures shown are for full-time enrollment for an academic year and are subject to revision. Students receive a bill from the university each semester for tuition/fees, room and board charges (if the student lives on campus). All other costs shown above (including books) are estimates of indirect costs not billed by the university.

STUDENT ELIGIBILITY

Factors that determine eligibility for aid include:

- financial need (except for unsubsidized loans)
- degree candidacy or formal admission as a regular student making satisfactory academic progress toward a degree or certificate
- · U.S. citizen or eligible non-citizen status
- possession of a valid Social Security number
- certification that the applicant is not in default on a student loan and does not owe a repayment of a federal Title IV grant
- registration for the Selective Service

DEADLINE AND APPLICATION PROCEDURES

All students must reapply for financial aid annually, and should do so as soon as possible after January 1. Students can apply for aid electronically at the U.S. Department of Education's www.ed.gov/studentaid Web site, or they can request a paper FAFSA from the U.S. Department of Education by calling 1-800-4FED-AID.

Whether they apply electronically, or by mail, students should complete the process by January 31 to meet the Towson University priority deadline of March 1, 2001. All students must list Towson University (code #002099) in Step Six of the FAFSA to allow the federal processor to transmit applications results electronically to the Towson University Financial Aid Office.

The Financial Aid Office offers aid first to students whose applications are completed and received from the U.S. Department of Education by the March 1 deadline. Applications received after the March 1 deadline are processed on a rolling basis, but late applicants should not expect consideration for limited campus-based funds.

Students should take the following steps toward ensuring that funds are available in time to pay semester charges:

- meet the March 1 financial aid application deadline
- complete the admissions requirements early
- register for classes at the earliest opportunity

VERIFICATION

Either the U.S. Department of Education or the university can select an application for verification. If selected, students must provide signed copies of federal income tax returns. They must also provide documentation to verify information such as the value of assets, household size, number in college, etc. The Financial Aid Office encourages students to respond promptly and completely to any request for additional information. Failure to complete the verification process will result in cancellation of any financial aid offer.

IMPORTANT: Aid May Change

Federal Title IV regulations will not permit students to receive aid totaling more than the cost of education. The Financial Aid Office may revise or cancel an aid offer if the student:

- receives additional aid at any time from another source (such as a state or private scholarship)
- provides the university with information that changes the eligibility for financial aid
- wins an appeal to change tuition status from out-of-state to
- changes housing status, for example, from on-campus housing to commuting from a parent's home
- changes enrollment level, for example, from full to part-time

TRANSFER STUDENTS

Financial aid, including most federal grants and loans, will not transfer from one institution to another. Eligibility for the Federal Pell Grant, and some state grants may transfer.

Students must apply for financial aid using the instructions stated in "DEADLINE AND APPLICATION PROCEDURES" section. Mid-year transfer students who have already processed a FAFSA to attend a school during the fall 2000 semester must request that the U.S. Department of Education send a copy of the application results to Towson University's Financial Aid Office. Students can contact the federal processor at 1-800-4-FEDAID.

CAMPUS-BASED FINANCIAL AID

Towson University receives a limited amount of money each year for the campus-based programs. Campus-based funds go to the earliest completed applications from eligible students whose applications demonstrate the greatest need. The Financial Aid Office processes applications in the order of EFC, starting with the lowest EFC and continuing through the highest EFC. Students whose applications have the lowest EFCs may receive aid from the programs requiring exceptional need.

The Financial Aid Office continues to process applications after the March 1 deadline, but late applicants cannot expect

consideration for limited campus-based funds.

^{*}Students may incur additional academic fees, depending on courses taken. See Expenses.

Federal Supplemental Educational Opportunity Grant

This federal grant is for exceptionally needy students pursuing a first bachelor's degree. Towson University may offer up to \$4,000 to an eligible applicant.

Institutional Grant

Towson University may offer up to \$4,000 to first bachelor's degree candidates who have financial need.

Federal Perkins Loan

Towson University may offer Perkins Loans to undergraduate and graduate degree candidates. The university offers loans from this program first to students with exceptional financial need. Undergraduate students may receive up to \$4,000 per year. The statutory limit is \$8,000.for a student who has not reached junior standing, and \$20,000 for all undergraduate borrowing from this program.

This federal loan has an annual interest rate of 5 percent making this the lowest cost educational loan. Interest does not begin to accrue, and no payment of principal is due, until nine months after the borrower leaves school or drops below enrollment for at least 6 credit hours. Payments depend on the total amount borrowed, but will never be less than \$40 per month, plus interest.

Federal Work Study

This Federal Title IV program allows undergraduate and graduate degree candidates to work and earn money for educational expenses. The university pays aid from this program through paychecks every two weeks. The eligibility does not offset direct university charges such as tuition.

Students can find jobs on-campus or in approved off-campus organizations and agencies. The university encourages students to consider off-campus jobs in community service organizations. Towson University's Career Center maintains a list of available Federal Work-Study positions.

DIRECT FEDERAL AID

Unlike the campus-based programs, the university has no limit on the total number of eligible students who can receive aid from the direct aid programs. However, federal regulations limit the amount any student can receive from each program.

Federal Pell Grant

This federal grant is for first bachelor's degree candidates who have exceptional financial need. Pell Grants range from \$400 to \$3,750 per recipient.

Federal Direct Student Loan Program

These long-term loans are for first and second bachelor's degree students, as well as certificate and graduate students. The application requirements for these loans are the same as for other federal grant and loan programs. Borrowers must carry at least six credit hours per semester.

Depending on the amount of need, an aid offer may include an interest-subsidized loan or an unsubsidized loan. Some students receive both subsidized and unsubsidized loans.

The chief difference between a subsidized loan and an unsubsidized loan is the point at which interest begins to accrue. No interest accrues on a subsidized loan until the end of a sixmonth grace period, which begins when the borrower graduates, withdraws, or drops below enrollment for at least 6 credit hours. Interest on an unsubsidized loan accrues during enrollment, and throughout the grace period. The interest rate for Direct Loans is variable, and capped at 8.25 percent.

All borrowers pay interest while in repayment. The repayment period begins at the end of the grace period.

All borrowers pay a loan origination fee of 3 percent to the U.S. Department of Education. The university must deduct this fee from the loan proceeds.

Direct Loans have annual limits: freshmen, \$2,625; sophomores, \$3,500; juniors and seniors, \$5,500. Students who meet the Federal Title IV definition of self-supporting may borrow additional unsubsidized funds of up to \$4,000 for freshman and sophomore standing and up to \$5,000 for junior and senior standing.

Aggregate loan limits are \$46,000 for undergraduate borrowing, of which no more than \$23,000 may be subsidized.

Federal Direct Parent Loans for Undergraduate Students (PLUS) Parents of dependent students can borrow up to the cost of education minus all other aid received. Applicants do not have to demonstrate need. However, the U.S. Department of Education approves a loan from this federal program only after an evaluation of the parent borrower's credit history.

Interest begins to accrue at the time of disbursement. The interest rate is variable, and capped at 9 percent. All borrowers pay a loan origination fee of 4 percent to the U.S. Department of Education. The university must deduct this fee from the loan proceeds.

LOAN COUNSELING REQUIREMENTS FOR BORROWERS

New loan borrowers at Towson University of Federal Perkins Loans or Federal Direct Student Loans must complete entrance loan counseling. Borrowers who graduate or leave school must complete exit loan counseling sessions. These sessions provide borrowers with information on their rights and responsibilities.

New borrowers will find entrance and exit loan counseling for Direct Loans, as well as entrance counseling for the Perkins Loan Program at http://onestop.towson.edu/finaid/. The university's Office of Financial Services provides exit loan counseling for Perkins Loan borrowers.

STATE SCHOLARSHIPS

The state of Maryland offers scholarships and grants based on financial need or merit, or a combination of both. Legal residents of Maryland apply using the *FAFSA* or the Renewal FAFSA. The deadline is March I.

Some state scholarships, such as teaching and child care scholarships, require special applications and have different deadlines. For more information about all state scholarships, call the Maryland State Scholarship Administration at 410-260-4565 or visit www.mhec.state.md.us

ADDITIONAL INFORMATION

Financial Aid Disbursements

Generally, students receive one-half of academic year financial aid funds (except Federal Work-Study) each semester. The university will credit aid toward semester charges for tuition and fees and other direct university charges.

Whenever the amount of semester aid exceeds a student's charges to the university, the student has a credit balance. The student will receive any credit balance in a rebate check to use for books and day-to-day indirect educational expenses.

The Bursar's Office disburses rebate checks for credit balances no earlier than the first week of each semester. A student can request the Bursar's Office to convert a portion of the student's credit balance for retail points on the student's Towson University One Card for the purchase of books, or for use at any campus food location.

Any student who receives a late aid offer may not receive a check until at least three weeks after the creation of the credit balance. A student with a revised aid offer may also experience a delay in receiving a rebate check.

Minimester

Students will not receive Federal Title IV or university aid financial aid for Minimester.

Summer

A supplemental application is required for summer aid and is available from the Financial Aid Office at the time that summer course schedule booklets become available. Summer aid is usually limited to loans from the Federal Direct Student Loan Program.

Financial Aid Advising

Students and parents can schedule appointments to speak with Towson University financial aid advisers in person or by telephone. To schedule an appointment, call 410-704-4236.

Refund Policy

When a student completely withdraws from Towson University while receiving Federal Title IV student aid, the Financial Aid Office must determine what portion of the student's semester aid (not including Federal Work-Study funds) will revert to the federal programs. The Financial Aid Office must use a statutory federal refund formula required by the U.S. Department of Education to determine what portion of aid paid to university charges has been "earned" and what portion must be considered "uncarned."

The percentage of assistance earned is equal to the percentage of the semester completed as of the day the student withdraws. (If the withdrawal occurs after the 60 percent point, the percentage of aid earned is 100 percent.) The amount of aid not earned by the student is calculated by determining the complement of the percentage of assistance the student earned. That percentage is then applied to the total amount of grant and loan assistance disbursed for the semester.

If the student received more grant or loan assistance than the amount earned, the university or the student (or both) must return the unearned funds to the Federal Title IV programs.

Towson University returns the lesser of the unearned amount of Title IV assistance; or the institutional charges incurred for the semester, multiplied by the unearned percentage of Title IV grant and loan assistance. (Institutional charges are limited to tuition, fees, and room and board, if the student paid these charges to the university.)

The student returns unearned Title IV assistance minus the amount that the university returns. The U.S. Department of Education does not allow discretion on the part of the university for non-institutional costs. In most cases, when a student receives Title IV assistance greater than the amount of institutional charges and completely withdraws from the university, the student will have to return some of those federal funds.

Academic Dismissal or Suspension

Academic dismissal or suspension will always result in cancellation of financial aid for future semesters. Students who receive formal readmission to the university as degree candidates may request consideration for financial aid.

Internet Services

The Financial Aid Office has a comprehensive interactive Web page, offering more than 200 pages of information. This Web site, at http://onestop.towson.edu/finaid allows students to receive many financial aid services electronically. Students can apply for financial aid and scholarships online, as well as visit dozens of recommended Web sites.

Other Resources

Student Employment Program

This office helps students find part-time jobs in the Baltimore metropolitan area. For additional information, call 410-704-2730 or visit the Career Center in the Enrollment Services Center.

Private Scholarships

Various businesses, foundations and civic organizations offer scholarships. Students should check directly with groups in their local communities. The www.fastWEB.com Web site is another source for private scholarship information.

Veterans Benefits

Veterans or eligible dependents should contact the Baltimore Regional Office of the Veterans Administration, 1-800-827-1000, with questions regarding eligibility. Towson University's Veterans Office, 410-704-3094, will certify applications.

Alternative Loans

Students may borrow alternative loans from private lenders outside the university. These non-federal loans can supplement other sources of student financial aid. Students and parents can find links to alternative loan lenders at http://onestop.towson.edu/finaid (Web site of the Financial Aid Office).

SCHOLARSHIP OFFICE

Enrollment Services Center 307 410-704-2647 E-mail: Scholarship@towson.ed

E-mail: Scholarship@towson.edu http://onestop.towson.edu/finaid/

The Towson University Scholarship Office is a unit of the Financial Aid Office, and serves as a clearinghouse for information on merit scholarships. In addition to serving as an information center, this office handles the applications for several university-wide scholarships.

Unless otherwise noted in the scholarship criteria, scholarship recipients must enroll as degree candidates, and must be U.S. citizens or eligible non-citizens. Eligible non-citizens include students who have Permanent Resident status (I-551, I-151, I-551C) or students with I-94 records stamped "Refugee," "Asylum Status," "Conditional Entrant," "Parolee," or "Cuban-Haitian Entrant."

Scholarship Seeker

The Scholarship Office has added a Scholarship Seeker to the Financial Aid Office Web site. The Scholarship Seeker allows a student to find Towson University and state of Maryland scholarships and grants to fit the student's individual qualifications. Students can view lists of potential scholarships, and link to detailed information about scholarship requirements and application procedures. The Scholarship Seeker is a part of the Financial Aid Office Web site at http://onestop.towson.edu/ss.

Over-Award Policy

Towson University will not award or dishurse a combined total of federal, state, institutional and/or private scholarships that exceeds a student's cost of education unless all of the funding comes from a private external source. The cost of education is a standardized budget including tuition, fees, room, board, and allowances for indirect costs such as transportation and personal expenses. Whenever a student's total aid package exceeds the cost of education, the Financial Aid Office will adjust or reduce aid offered by the university.

Private Scholarships

Students who receive scholarships from private organizations outside the university (not including Maryland state scholarships)

should contact the Bursar's Office to arrange for payment of scholarship funds. The Bursar's Office will disburse scholarship proceeds in accordance with procedures and policies set by the private scholarship donors and Towson University. Students may defer partial payment of university charges before receipt of scholarship proceeds by forwarding a copy of the scholarship award letter to the Bursar's Office. Any outstanding balance created when a student or donor fails to provide the university with adequate, timely information will become a financial obligation of the student.

Office of Admissions Scholarships

Towson University awards a limited number of academic scholarships each fall to qualified, full-time incoming freshmen and transfer students. The Office of Admission awards these merit-based scholarships without regard to financial need, and with priority given to the earliest applicants for admission. Although students do not need a separate application for these scholarships, they must complete their admission applications, and provide transcripts and test results by December I.

Scholarships are awarded to the most highly qualified candidates. The minimum requirements for consideration are

listed below.

Elizabeth Cannon Memorial Scholarship

- · Maryland resident
- 3.5+ GPA, 1270+ SAT I

Commonwealth Award

- 3.00+ GPA
- Must apply directly from a Baltimore City public school
- · Designation as a Commonwealth or Commonwealth Plus Student

Community Enrichment and Enhancement Partnership (CEEP) Award

- U.S. citizen
- 2.00 minimum GPA
- At least three of the following criteria: first-generation college student; single-parent household; one activity must have multicultural focus; overcome personal, social, and/or physical obstacles to pursue education

Mary E. Cromwell Scholarship

- Maryland resident
- 3.50+ GPA, 1270+ SAT I

Cultural Diversity Transfer Scholarship

- 3.00+ college QPA
- · Direct transfer from a community college with 56 credits
- · Essay required

Honors College Grant

Competitive award for Honors College freshmen

Honors College Scholarship

Competitive award for Honors College freshmen

Helen Aletta Linthicum Scholarship

- · Maryland high school valedictorians
- · Academic credentials and class rank considered
- · Presidential, University and Provost's scholars are not eligible

Ronald L. Peterson Freshman Scholarship

- 3.25+ GPA, 1000+ SAT I
- · Son, daughter, grandson or granddaughter of a TU alumnus or alumna
- · One award is designated for students entering the field of education

Phi Theta Kappa Transfer Scholarship

- · Community college transfers
- 3.5+ college QPA and 56+ credits by time of transfer
- Member of Phi Theta Kappa

Presidential Scholarship

- Freshmen: 3.50+ GPA, 1360+ SAT I
- Community college transfers: 3.75 GPA and 56+ transferable credits

Provost's Scholarship

- Freshmen: 3.00 GPA
- Community college transfers: 3.50 GPA and 56a+ transferable credits

Towson Scholar

3.50+ GPA, 1470+ SAT I

University Scholarship

- Freshmen: 3.50+ GPA, 1310+ SAT I
- Community college transfers: 3.50 GPA and 56+ transferable credits

The College of Business and Economics

The College of Business and Economics (CBE)

VISION

CBE's vision is to be widely recognized as an Outstanding Undergraduate College of Applied Business and Economic Studies.

MISSION

CBE's mission is to provide:

- a strong undergraduate business education for high-achieving students and selected graduate programs based upon specific CBE strengths and needs
- a good balance of theory, application and personal development activities that create
 a challenging environment of integrated learning
- each student with the opportunity to meet the required "Profile of a CBE Graduate" through faculty members who consistently demonstrate quality teaching, advising and important scholarly contributions in their fields of expertise
- a nurturing culture of high expectations that properly prepares each student for life beyond college
- a strong outreach program to create dynamic partnerships beyond the university for economic and societal development, academic linkages that enhance the teaching/ learning environment throughout our College, and CBE's inclusion in the fabric of the community.

PROFILE OF A COLLEGE OF BUSINESS AND ECONOMICS GRADUATE

The College of Business and Economics (CBE) understands the need for its graduates to be broad-based and ready to perform immediately upon entering the job market, both as individuals and in teams. Therefore, its curriculum contains concrete, measurable and attainable objectives throughout. As a result, each CBE graduate is expected to perform successfully, as both an individual and a team member, in the following areas of Knowledge, Skills and Attitudes (KSAs):

1. COMMUNICATION -- WRITTEN, SPOKEN, GRAPHIC AND ELECTRONIC

- Write articulate, persuasive and influential business reports, proposals and letters
- Make articulate, persuasive and influential individual and team presentations
- Develop graphic, spreadsheet and financial analysis support for positions taken
- Display presentation skills
- Generate appropriate visual aids
- Use correct written structure, spelling, grammar and organization
- Articulate another's viewpoint through verbal and nonverbal interpretation
- Resolve interpersonal and team conflicts
- Negotiate effectively

2. THINKING — CRITICAL, CREATIVE AND INTEGRATED

- Use problem-solving techniques
- Use adaptable, flexible thinking
- Use critical thinking to produce comprehensive, supported, integrated conclusions
- Use creative thinking methods to produce ideas
- Distinguish (I) fact from opinion and (2) critical from noncritical information
- Develop several workable solutions to a problem
- Show common sense
- Demonstrate continuous learning (learning to learn)

3. TECHNOLOGY

- · Use software for writing, spreadsheets, databases, presentations and decision support
- Demonstrate self-taught use of a second software package
- Use e-mail, World Wide Web, Internet and other contemporary electronic services

4. ETHICS AND VALUES

- · Consistently accept responsibility for one's own actions
- · Display ethical conduct and honor-system behavior
- Apply ethics in reaching business recommendations
- Promote benefits of good ethical behavior while recognizing practical ethical challenges
- Display a "win-win" attitude

5. ACCREDITED BUSINESS CONTENT

- Know, apply and integrate the content in one's major
- Apply and integrate accumulated cross-discipline concepts
- Value the relevance of each business discipline in today's business world

6. DIVERSITY — INTERNATIONAL AND DEMOGRAPHIC

- Apply international concepts and contemporary issues to business situations
- Apply domestic diversity concepts and contemporary issues to business situations
- Show sensitivity to others' views, values and business customs
- Discuss relevant global business developments
- Interact as a business professional with people of other cultures and sub-cultures

7. PRACTICAL EXCELLENCE

- Demonstrate effective team skills
- Display professional business behavior and appearance
- · Network with professionals
- Manage time and tasks
- · Use estimates, analogies and examples
- Demonstrate development of one's self-esteem and "can do" attitude

8. LEADERSHIP, ENTREPRENEURSHIP AND COMMUNITY SERVICE

- Demonstrate group leadership
- Describe one's own risk-taking profile
- Differentiate between a leader, a manager and an entrepreneur
- Perform community service
- Foster leadership potential in self and others

9. JOB EXPERIENCE AND CAREER DEVELOPMENT

- Show evidence of a quality, mentored, reflective professional experience
- Organize a persuasive, informative resume
- Create a portfolio that displays evidence of employability
- Demonstrate effective job search and interview skills
- · Assume responsibility for one's own career goal-setting and lifelong learning

College of Business and Fconomics

Towson University is the only Maryland state university with both its Business and Accounting programs accredited by AACSB: The International Association for Management Education.

REQUIRED 60 CREDITS IN NON-CBE COURSES

The College of Business and Economics is accredited by AACSB, the national organization which accredits business colleges. AACSB standards require CBE students to take 50 percent of the required 120 program credits (i.e., 60 credits) outside the College of Business and Economics.

NOTE: Microeconomics, Macroeconomics, Statistics (MATH 231 or ECON 205), and Statistics for Business and Economics II (ECON 306) are counted as "outside CBE."

TRANSFER CREDIT POLICIES

In order to graduate from Towson University with a major from the CBE, students must complete at least 50 percent of the credit hours required in their major at Towson University.

Lower-Level Courses: Students planning to transfer into the Business Administration, Electronic Business or Accounting majors at Towson University are encouraged to take the lower-level prerequisite courses: Principles of Accounting 1 and 11, Microeconomics and Macroeconomics, Statistics, Legal Environment of Business, and Computer Science (COSC 111 equivalent). Students transferring from a Maryland community college should inquire at that institution's transfer office regarding the Recommended Transfer Program (RTP) for the Business Administration, Electronic Business or Accounting majors at TU. Students may also contact TU's CBE Student Center (410-704-3496) to verify transfer courses.

After transferring to Towson University, students are encouraged to take such courses as finance, marketing and management because these are upper-division courses at the university. Courses completed at a community college or a four-year college that are offered at TU as upper-level courses must be validated in order to be recognized as meeting upper-level requirements. Validation generally requires that another specified course in the same discipline be completed with a grade equivalent of 2.00 or higher at TU.

Upper-Level Courses: A four-year college's transferred course that possesses "level and content equivalency" of a TU course may be used to satisfy a core/elective requirement with the approval of the major department. Only one transferred course will be accepted in fulfillment of a concentration requirement. A student intending to transfer a course must provide a course description from the other college's catalog. Contact the CBE Student Center for policy and procedures regarding transfer of credits for upper-level accounting, business, e-business and/or economics courses.

NOTE: Courses taken at a community college or other two-year school cannot transfer as upper-level credits.

DISTINCTIVE FEATURES

- R.E.S.I. (formerly Regional Economic Studies Institute)
- Central Maryland Small Business Development Center (SBDC) Network
- Center for International Business Management (C.1.B.M.)
- Center for Organizational Performance
- Towson University Sales Institute
- College of Business and Economics Advisory Board
- Student Chapter of Beta Alpha Psi Honor Society
- Student Chapter of Beta Gamma Sigma National Honor Society

CBE STUDENT CENTER

Stephens Hall 112, 410-704-3496

Fax: 410-704-2300

E-mail: lsawyer@towson.edu

http://www.towson.edu/cbe/student/

Director: Louise Laurence

Associate Director: Patricia Atkinson

Adviser: Joan Harrison

Administrative Assistant: Linda Sawyer

The College of Business and Economics (CBE) Student Center was developed to encourage students to think "career" from the moment they declare a major in the CBE. The center enhances the CBE student's educational experience through coordination and support of advising activities, mentoring, quality internships, and part-time and full-time employment opportunities. In the center, we offer programs such as the Dean's Brown Bag Lunch, talks on career opportunities with area professionals, workshops on how to prepare for an interview, and what to include in your resume. Our annual Career Fair offers our majors a chance to network with recruiters to learn about internship, part-time, and full-time opportunities.

CBE CORNERSTONE-PROFESSIONAL EXPERIENCE PROGRAM

Stephens Hall 117, 410-704-5035

Fax: 410-704-4448

E-mail: rbray@towson.edu or dkopka@towson.edu

Director: Donald Kopka

Administrative Assistant: Roxanne Bray

Lecturers: Kathryn Delahanty, Quincey Johnson, Londa Lee,

Robert Miller, Susanna Sayre, Deirdre Woodward

The College of Business and Economics (CBE) Cornerstone-Professional Experience Program was established to develop, teach and administer the CBEC 301 Business Cornerstone course and the CBEC 460 Professional Experience course. The office issues special permits for both of these courses and selected sections of ENGL 317 Writing for Business and Industry. It also works with the Towson University Career Center to ensure that students have completed all necessary prerequisites for the CBEC 460 course. In order to complete all the prerequisites for the CBEC 460 course, students should meet with the Career Center coordinator for CBE during the first four weeks of the semester prior to the semester that they plan to take the course.

SALES INSTITUTE OF TOWSON UNIVERSITY

Stephens Hall 218, 410-704-4883

E-mail: ddecenzo@towson.edu

Director of Partnership Development: David A. DeCenzo

The Sales Institute of Towson University (SITU) is based upon several broad beliefs that reflect the goals of the College of Business and Economics, large corporations, and serve as the cornerstone of the institute. These beliefs are:

- The CBE is a college of applied learning.
- Many corporations offer sales positions as an entry into their organization.
- Sales Process Consultants has been researching the behaviors that contribute to professional sales and developing sales training programs based on this research for over 15 years.

WHY STUDY ACCOUNTING?

 To prepare for college-graduate, entry-level jobs such as cost accountant, staff accountant and tax preparer

• To prepare for a Master of Accountancy graduate program and the CPA Exam in order to hold jobs such as auditor, tax adviser, system analyst, business and personal accountant, and business and personal financial adviser. (Note: The state of Maryland requires 30 credits beyond the B.S. to qualify to sit for the CPA exam. Students who are not Maryland residents should check their own state's requirements.)

MISSION STATEMENT

The Department of Accounting:

- provides a high-quality accounting education built upon a sound business education and a comprehensive foundation in the liberal arts and sciences that prepares students for positions of responsibility and leadership in accounting, business and society
- creates student and faculty learning experiences through a combination of scholarly activities and partnerships with the accounting profession and business community
- is innovative and market-driven in carrying out the mission while maintaining the highest academic standards

DISTINCTIVE FEATURES

- Student Chapter of Beta Alpha Psi
- Accounting Advisory Board (of business professionals)
- Annual Accounting Open House
- Annual Department of Accounting Awards Banquet
- Student Awards for Academic Achievement:
 - CPA Review Scholarships
 - MACPA Outstanding Achievement in Accounting Award
 - American Society of Women Accountants Certificate of Achievement
 - Baltimore Association for Financial Planning Scholastic Achievement Award
 - Financial Executives Institute Academic Honors
 - Sylvia Bernstein Prize for Excellence in Accounting
 - Russell E. Denison Annual Award for Excellence in Accounting
- Outstanding Accounting Student Achievement Award

ACCOUNTING PROGRAM

The undergraduate Accounting major is a 120 credit hour program. The program provides the necessary transition to a Master of Accountancy graduate program. It is also designed for students who wish to prepare for the CPA examination and enter the public accounting profession by completing an additional 30 credits of undergraduate elective courses, or by completing the requirements for a second major or minor.

The lower-level prerequisites, upper-level business core and upper-level accounting core courses required of all Accounting majors are set forth below. Accounting majors must complete 60 credits outside the College of Business and Economics. Up to 9 credits in Economics may be counted as outside CBE.

All major course requirements must be completed with a grade equivalent of 2.00 or higher. Majors must score in the 50th percentile or above on the ATAG (Achievement Test for Accounting Graduates) in order to graduate.

Requirements for the Major

Application Procedure for Continuation in the Accounting Major: After completing 9 credits of Accounting courses and successfully passing the APAT exam, students complete the Accounting Application, available in the department office, Stephens Hall, room 102. The requirements are:

- APAT (Accounting Program Admissions Test) score: 70th percentile or above
- Quality Point Average (QPA) 2.50 or higher in all courses completed when applying
- Quality Point Average (QPA) 2.50 or higher in all Accounting courses completed when applying
- Completion of
 - 1) ECON 205 or MATH 231 (Statistics) with a grade equivalent of 2.00 or higher
 - 2) an ANTH or PSYC or SOCI course
 - 3) a POSC course

Lower-Level Prerequisite Courses (27 credits)

ACC1 201	Accounting Principles I (or Honors ACC1 211) (3)
ACCT 202	Accounting Principles II (or Honors ACCT 212) (3)

LEGL 225 Legal Environment of Business (3)

LEGL 226 Business Law (3)

COMM 131 Fundamentals of Speech Communication (3)

Information and Technology for Business (or Honors COSC 111

COSC 112) (3)

ECON 201 Microeconomic Principles (or Honors ECON 203) (3)

ECON 202 Macroeconomic Principles (or Honors ECON 204) (3)

ECON 205 Statistics for Business and Economics I (3)

MATH 231 Basic Statistics (or Honors MATH 233) (3)

Other General Education Requirements (9 credits)

One ANTH or PSYC or SOCI course (3)

One POSC course (3)

PHIL 37I Business Ethics (3)

Upper-Level Business Core Requirements (21 credits)

CBEC 301 Business Cornerstone (3)

Principles of Financial Management (3) FIN 331

MKTG 341 Principles of Marketing (3)

MNGT 361 Principles of Management (3)

MNGT 363 Decision Sciences (3)

MNGT 481 Business Strategy and Policy (3)

One of the following international courses:

ECON 305 Survey of International Economics (3)

International Finance (3) FIN 435 MKTG 445 International Marketing (3)

MNGT 355 International Business (3)

Upper-Level Accounting Courses (27 credits)

ACCT 301 Intermediate Accounting I (3) ACCT 302 Intermediate Accounting II (3)

ACCT 303 Intermediate Accounting III (3)

ACCT 321 Advanced Accounting I (3)

ACCT 341 Cost Accounting I (3)

ACCT 361 Tax Accounting I (3)

ACCT 401 Auditing I (3)

ACCT 410 Accounting Control Systems (3)

One Accounting elective selected from:

ACCT 322 Advanced Accounting II (3)

ACCT 342 Cost Accounting II (3) ACCT 362 Tax Accounting II (3)

ACCT 402 Auditing II (3)

Suggested but not required: If you do not have accounting or business experience, consider adding ACCT 497 Accounting Internship or CBEC 460 Professional Experience. These credits may be counted toward the 150-hour CPA requirement.

SUGGESTED COURSE SEQUENCE FOR **ACCOUNTING MAJORS**

Before advancing into upper-division courses, students need to complete specific prerequisite courses with a minimum grade equivalent of 2.00 or higher. See your adviser for information. Students must also have earned a minimum cumulative QPA of 2.50, a minimum QPA of 2.50 in Accounting, and scored at least 70 percent on the APAT Test.

While completing the freshman and sophomore sequences, students also need to complete one Political Science course, usually taken as either GenEd II.B.2 or GenEd II.D, and one Anthropology, Psychology or Sociology course, usually taken as GenEd II.B.2 or GenEd II.D. After completing these sequences, students will still need to fulfill GenEd I.D., II.A.2, II.C.1 and II.C.3 in the junior or senior year. Students should consult with their adviser to make the most appropriate elective choices.

Based on course availability and student needs and preferences, the selected sequences will probably vary from those presented below.

PROGRAMS AVAILABLE

• Major in Business Administration with concentrations or tracks in:

Economics

Finance

Human Resource Management

International Business

Legal Studies Management

Marketing

- Double Major in Business Administration and Computer Information Systems
- B.A. Degree Option
- Minor in Business Administration

MAJOR IN BUSINESS ADMINISTRATION

The major in Business Administration (BUAD) requires 21 credits in lower-level prerequisite courses, 33 credits of upperlevel core requirements, and 21 credits in one of the following concentrations or tracks: Economics, Finance, Human Resource Management, International Business, Management, Marketing, or Legal Studies. (Requirements for the Legal Studies Track are listed below. Requirements for the other concentrations and tracks are listed in their separate departments in the College of Business and Economics.) All major requirements must be completed with a grade equivalent of 2.00 or higher. See the Suggested Course Sequence for Business Administration Majors.

Requirements for Admission to the Business Administration Major

Students are admitted to the major in Business Administration (BUAD) on a competitive basis after first being admitted to the university. Admission to the university does not guarantee admission to the major. Each semester, the College of Business and Economics (CBE) Admissions Committee considers applications for admission to the major in the following semester. In order to be admitted, students must satisfy the following requirements:

1. Formal admission to TU as a degree candidate

- 2. Minimum cumulative quality point average (QPA) of 2.00 or higher for all course work
- 3. Completion of most of the lower-level General Education requirements (GenEds)
- 4. Grade equivalent of 2.00 or higher in each lower-level CBE Core prerequisite course
- 5. Minimum average (QPA) of 2.40 for ALL seven lowerlevel CBE Core prerequisites

The minimum quality point average (QPA) will be reviewed each year and may be adjusted as space availability dictates. Candidates for the major must fulfill the requirements in effect at the time of application.

Lower-Level CBE Core Prerequisites (21 credits)

ACCT 201	Principles of Accounting I (or ACCT 211) (3)
ACCT 202	Principles of Accounting II (or ACCT 212) (3)
COSC 111	Information and Technology for Business (or
	COSC 112) (3)
ECON 201	Microeconomics (or ECON203) (3)
ECON 202	Macroeconomics (or ECON204) (3)
LEGL 225	Legal Environment of Business (3)

ECON 202	Macroeconomics (or ECON204) (3)
LEGL 225	Legal Environment of Business (3)
ECON 205	Statistics for Business and Economics I (3)

MATH 231 Basic Statistics (or MATH 233) (3)

Degree candidates intending to major in Business Administration are designated as "pre-Business Administration" (PBUA) until admitted into the BUAD major. Students are encouraged to meet each semester with their assigned faculty adviser to evaluate their progress in completing the requirements for admission to major and the degree.

Application Procedure

Students who will meet the admission requirements at the end of the semester must complete an Application for Admission to the BUAD Major and a Change of Major Declaration Form before registering for upper-level "majors only" CBE courses (CBEC, EBUS, ECON, FIN, MKTG, and MNGT). The forms are available in the CBE Student Center, Stephens Hall, room 112.

Upper-Level Core Requirements (33 credits)

CREC 301	Business Cornerstone (3)*
CBEC 460	Professional Experience (3)
EBUS 311	Principles of E-Commerce (3)
ECON 306	Statistics for Business and Economics II (3)
FIN 331	Principles of Financial Management (3)
MKTG 341	Principles of Marketing (3)
MNGT 337	Information Technology (3)
MNGT 375	International Business Theory and Practice (3)
MNGT 361	Principles of Management (3)
MNGT 365	Principles of Operations Management (3)
MNGT 481	Business Strategy and Policy (3)
*Note: The GenEa	l 1.D. Advanced Writing Course is taken before or
concurrently with (CBEC 301

Concentrations/Tracks (21 credits)

- Economics Track
- Finance Concentration
- Human Resource Management Track
- International Business Concentration
- Legal Studies Track
- Management Concentration
- Marketing Concentration

B.A. DEGREE OPTION

A student must complete all the courses required for the major and a modern foreign language's intermediate courses (or equivalent).

LEGAL STUDIES TRACK

Coordinator: W. Michael Seganish Stephens Hall 102, 410-704-2227

To complete the major in Business Administration with the Legal Studies Track, students must be admitted to the Business Administration major (See requirements for Admission to the Business Administration major) before taking 21 credits in Legal Studies and 33 credits in upper-level core requirements in Business Administration. All requirements for the major must be completed with a grade equivalent of 2.00 or higher. See the Suggested Course Sequence for Business Administration Majors.

Required Courses (21 credits)

LEGL 226	Business Law (3)	
LEGL 326	Elder Law (3)	

LEG1. 328 Cyber Law: The Law of the Internet (3)

Four of the following:

LEGL 325 Sports Law (3)

LEGL 470-479 Special Topics in Legal Studies (3)

(Topics include: Administrative Law, White Collar Crimes, Employment Law, Women and the Law)

MCOM 350 Media Law (3)

HLTH 441 Legal and Ethical Issues In Health Administration (3)

POSC 209 Introduction to Law (3) POSC 418 Constitutional Law (3)

DOUBLE MAJOR IN BUSINESS ADMINISTRATION AND COMPUTER INFORMATION SYSTEMS

The Business Administration major with a second major in Computer Information Systems requires 89 credits to be earned with a grade equivalent of 2.00 or higher.

Lower-Level Prerequisite Courses (18 credits)

ACCT 201/211	Accounting Principles 1 (3)	
ACCT 202/212	Accounting Principles II (3)	
COSC 111/112	1. f f.

COSC 350 Data Communications and Networking (3)

CIS 407 Systems Analysis (3) CIS 409 Systems Design (3)

COSC 457 Database Management Systems (3)

MINOR IN BUSINESS ADMINISTRATION (21 credits)

This minor is available to students who have a major other than Accounting, e-Business or Business Administration. All requirements for the Business Administration minor must be completed with a grade equivalent of 2.00 or higher. Students electing a Business Administration minor are not formally admitted to nor graduates of the College of Business and Economics. Students must complete at least 12 credits at Towson University in order to earn this minor.

Accounting Principles I (or Honors ACCT 211) (3) ACCT 201 ACCT 202 ECON 201 Accounting Principles II (or Honors ACCT 212) (3) Microeconomic Principles (or Honors ECON 203) (3) ECON 202 Macroeconomic Principles (or Honors ECON 204) (3) FIN 331 Principles of Financial Management (3) MKTG 341 Principles of Marketing (3) Principles of Management (3) MNGT 361 *Special permit required.

SUGGESTED COURSE SEQUENCE FOR BUSINESS ADMINISTRATION MAJORS

Before advancing into upper-division courses, students must be admitted to the Business Administration major. See your adviser or the CBE Student Center for information.

After completing the freshman and sophomore sequences, students will still need to fulfill GenEd II.A.2 and II.C.3 in the junior or senior year. Students should consult with their adviser to make the most appropriate elective choices.

Students must complete at least one concentration/track from among Economics, Finance, Human Resource Management, International Business, Management, Marketing, and Legal Studies. They must also complete 50 percent of the required 120 credits outside the College of Business and Economics.

NOTE: Microeconomics, Macroeconomics, Statistics (MATH 231 or ECON 205), and Statistics for Business and Economics II (ECON 306) are counted as "outside CBE." Based on course availability and student needs and preferences, the selected sequences will probably vary from those presented below.

WHY STUDY ECONOMICS?

• To prepare for jobs in:

Government, such as research assistant, program analyst, and budget analyst. Government economists analyze economic conditions and estimate the economic impact of public policy.

Business and Consulting, such as financial analyst, longrange planner, and stockbroker. Business economists provide information on market conditions, forecasting, government regulations, facilities planning, product planning and pricing.

 To prepare for graduate school in such programs as Law, Economics, Public Policy, or Business Journalism

• To earn a double major in Geography and Environmental Planning, Mathematics or Political Science

 To blend business and economics by taking either an Economics major with a Business Administration minor or a Business Administration major with a track in Economics

 To have the ability to analyze the American economic system and international and domestic economic forces that determine production, prices, profits and income distribution

MISSION STATEMENT

The department is committed to an excellent economics education built on a comprehensive liberal arts foundation to enable graduates to excel as leaders in a dynamic business environment and/or a career in public service by means of individualized student advising, professional work experience, teaching excellence, and commitment to the highest academic and ethical standards.

DISTINCTIVE FEATURES

- REGIONAL ECONOMIC STUDIES INSTITUTE (R.E.S.I.)
- nationally recognized institute for applied economic research

COUNCIL ON ECONOMIC EDUCATION IN MARYLAND (CEEM)

 responsible for increasing the quality and quantity of economics taught in Maryland schools, colleges and the general community

Institutional Advancement Division affiliate

- Council Chair: Mark L. Perkins, president, Towson
- Council President: Michael Molloy, principal, Deutsche Banc Alex. Brown, Inc.
- Council Executive Director: Carol Jarvis, Ph.D.

CENTER FOR ECONOMIC EDUCATION

- One of nine Maryland college or university-based centers responsible for
 - consulting with educational and community organizations
 - developing economic education materials
 - improving economics instructional programs
 - conducting research in economic education
- Director: George C. Georgiou, Ph.D.
- Student Recognition Awards
 - Federal Reserve Bank Excellence Award
 - Wall Street Journal AwardJ.J. German Scholarship
 - Catherine Britt Memorial Scholarship

PROGRAMS OF THE DEPARTMENT

Major in Economics

Major in Business Administration: Economics Track

Double Major in Economics and Geography and Environmental Planning

Double Major in Economics and Mathematics Double Major in Economics and Political Science Minor in Economics

MAJOR IN ECONOMICS

The major in Economics requires 33 credits in Economics, completed with a grade equivalent of 2.00 or higher. (See the Suggested Course Sequence for Economics Majors.)

Transfer students must take a minimum of 15 credits in economics at Towson University to qualify for an Economics major.

Required Courses (33 credits)

ECON 201 Microeconomic Principles (or Honors ECON 203) (3) ECON 202 Macroeconomic Principles (or Honors ECON 204) (3) ECON 205 Statistics for Business and Economics (3)

ECON 309 Intermediate Price Theory (3)

ECON 310 Macroeconomic Theory (3) ECON 313 Money and Banking (3)

One 400-level economics course (excluding ECON 495 and ECON 497) Four upper-level economics electives (ECON 305 cannot count as an elective).

Only one Internship in Economics (ECON 497) will count toward the major.

Recommended Courses

The following courses are recommended for students considering graduate school in Economics: ECON 401, ECON 451, MATH 273, MATH 274, MATH 275 and MATH 463.

Also, the department allows any one of the following courses outside the department to count toward the major in satisfying four electives:

MNGT 451 Industrial Relations (3) MATH 377 Mathematical Models (3)

FIN 332 Advanced Financial Management (3)

GEOG 427 The Global Economy (3)

MAJOR IN BUSINESS ADMINISTRATION — ECONOMICS TRACK

Students in this track complete the major in Business Administration and 21 credits in Economics, listed below. The Business Administration requirements include 21 credits in lower-level prerequisites and 33 credits in upper-level core courses. All major requirements must be completed with a grade equivalent of 2.00 or higher. See the Suggested Course Sequence for Business Administration Majors.

(3)

Lower-Level Prerequisite Courses (21 credits)

Accounting Principles I (or Honors ACCT 211) (3)
Accounting Principles II (or Honors ACCT 212) (3)
Information and Technology for Business (3)
Microeconomic Principles (or Honors ECON 203) (3)
Macroeconomic Principles (or Honors ECON 204) (3)
Statistics for Business and Economics I (3)
or
Basic Statistics (or Honors MATH 233) (3)
Legal Environment of Business (3)

Requirements for Admission to the Business Administration Major Students must be eligible for admission to the Business Administration major to enroll in upper-level core and concentration/track courses. To be eligible, students must complete the seven specific lower-level prerequisite courses with a grade equivalent of 2.00 or higher and a minimum average (QPA) of 2.40 for ALL seven lower-level CBE Core prerequisites. (See admission requirements in the Business Administration major section of this catalog.)

Upper-Level Core Requirements (33 credits)

CBEC 301	Business Cornerstone (3)
CBEC 460	Professional Experience (3)
EBUS 311	Principles of E-Commerce (3)
ECON 306	Statistics for Business and Economics II (3)
FIN 331	Principles of Financial Management (3)
MKTG 341	Principles of Marketing (3)
MNGT 337	Information Technology (3)
MNGT 361	Principles of Management (3)
MNGT 365	Principles of Operations Management (3)
MNGT 375	International Business Theory and Practice (3)
MNGT 481	Business Strategy and Policy (3)

Economics Track (21 credits)

Economics Track	(21 Cicuits)
ECON 309	Intermediate Price Theory (3)
ECON 310	Macroeconomic Theory (3)
ECON 313	Money and Banking (3)
ECON xxx	Upper-level Electives (9)
Recommended as or	ne elective: ECON 409
MNGT 482	Business Ethics and Society (3)
NOTE: FCON 497	cannot count as an elective

DOUBLE MAJORS

The Department of Economics offers three double major programs: (1) Economics and Mathematics, (2) Economics and Geography and Environmental Planning, and (3) Economics and Political Science. A student majoring in economics may declare a second major and obtain a degree certifying that both majors have been completed. A total of 33 credits must be earned to complete the major in Economics. Of these, a total of 15 credits of the following courses are required for all double major programs:

ECON 201	Microeconomic Principles (or Honors ECON 203) (3)
ECON 202	Macroeconomic Principles (or Honors ECON 204) (3)
ECON 309	Intermediate Price Theory (3)
ECON 310	Macroeconomic Theory (3)

ECON 313 Money and Banking (3)

In addition to the required Economics courses listed above, one course in statistics from the following list is required:

ECON 205 Statistics for Business and Economics I (3)

MATH 332 Mathematical Statistics (4)

GEOG 375 Quantitative Methods in Geography (3)

For each specific double major, listed below are other required courses for Economics.

DOUBLE MAJOR IN ECONOMICS AND **MATHEMATICS**

The double major with Mathematics requires the following five additional courses:

MATH 377 Mathematical Models (3)

COSC 236 Introduction to Computer Science I (4) ECON 451 Introduction to Mathematical Economics (3)

Two additional electives in Economics (6)

Because MATH 332 and COSC 236 are both 4 credit courses, satisfying the Economics requirement for this double major will require 35 credits.

Students should consult with the Department of Mathematics to ensure fulfilling that department's requirements.

DOUBLE MAJOR IN ECONOMICS AND GEOGRAPHY AND ENVIRONMENTAL PLANNING

The double major with Geography and Environmental Planning requires five additional courses, one of which must be a 400level Economics course (excluding ECON 495 and ECON 497). Two of the following upper-level Economics courses can be used to satisfy the requirements of both majors:

ECON 323 Comparative Economic Systems (3) **ECON 325** Economic Development (3) **ECON 333** Poverty and Discrimination (3) **ECON 351** Urban Economics (3) **ECON 421** International Economics (3)

ECON 470-479 Topics in Economics (to be approved by the Department of Geography and Environmental Planning) (3)

In addition, the Department of Economics accepts two of the following geography courses toward fulfilling the Economics major:

GEOG 355 Historical Geography of Urbanization (3)

GEOG 381 Political Geography (3) GEOG 385 GEOG 391 Population Geography (3) Urban Systems 1 (3)

GEOG 393 Transportation and Infrastructure Planning (3)

GEOG 405 Comprehensive Planning (3) **GEOG 427** The Global Economy (3)

GEOG 470-479 Seminar: Selected Topics in Geography (to be approved by the Department of Economics) (3)

GEOG 481 Environmental Impact Analysis (3)

GEOG 484 Land Use Planning (3)

The student should consult with the Department of Geography and Environmental Planning to ensure fulfilling that department's requirements.

DOUBLE MAJOR IN ECONOMICS AND POLITICAL SCIENCE

The double major with Political Science requires five additional courses, one of which must be a 400-level Economics course (excluding ECON 495 and ECON 497). Two of the following upper-level Economics courses can be used to satisfy the requirements of both majors:

ECON 323 Comparative Economic Systems (3)

ECON 325 Economic Development (3)

ECON 331 Government and Economic Life (3)

ECON 337 Public Finance (3) **ECON 339**

Health Economics (3) **ECON 351** Urban Economics (3)

ECON 375 Environmental Economics (3)

In addition, the Department of Economics accepts two of the following courses in Political Science toward fulfilling the Economics major:

Urban Government and Politics (3)

POSC 305 POSC 375 Public Administration (3)

Special Topics Course "Comparative Public Policy" (3) Special Topics Course "Energy" (3) POSC 470

POSC 473

POSC 481 Public Policy Analysis (seminar or lecture course) (3)

Students should consult the Department of Political Science to ensure fulfilling that department's requirements.

MINOR IN ECONOMICS (18 credits)

The Economics minor may be taken with any other major. All Economics courses must be completed with a grade equivalent of 2.00 or higher.

Required Courses

ECON 201 Microeconomic Principles (3) ECON 202 Macroeconomic Principles (3) ECON xxx Upper-level Electives (12) NOTE: ECON 305 cannot count as an elective.

SUGGESTED COURSE SEQUENCE FOR ECONOMICS MAIORS

Students should consult with their advisers to make the most appropriate elective choices. Based on course availability and student needs and preferences, the selected sequences may vary from those presented below.

FRESHMAN YEAR

First Semester (15 credits)

ECON 201 Microeconomic Principles (Honors ECON 203) (3) GenEd (12)

WHY STUDY FINANCE?

- To prepare for positions in managerial finance, banking, insurance, and securities industries
- To become proficient in applying financial tools to investment and financing decisions
- To develop analytical skills that can be used throughout a business career
- To build a solid foundation for making personal financial decisions

MISSION STATEMENT

The mission of the Department of Finance is to produce finance graduates who possess the knowledge, skills and abilities necessary to function effectively in the financial community. The department's aim is to develop students who are competent, ethical, and capable of meeting the challenges of an increasingly complex, global environment.

GOALS

The goals of the department are: (1) to achieve excellence in teaching while offering students a curriculum based on leading-edge financial skills and techniques, (2) to increase the body of knowledge in the finance professions through applied scholarship activities, and (3) to provide consulting and advisory services to the business and professional community.

DISTINCTIVE FEATURES

- Teaching excellence
- · Involvement with businesses, nonprofit organizations, and gov-
- · Commitment to the highest ethical standards

PROGRAMS OF THE DEPARTMENT

The Department of Marketing and e-Business offers the following programs:

- · The major in Business Administration with a Marketing Concentration
- The major in Electronic Business

WHY STUDY MARKETING?

To prepare for jobs that comprise 25 to 33 percent of all civilian jobs. Entry-level jobs for college graduates include assistant product manager, sales representative, assistant store manager, research trainee, retail management trainee, customer service representative, assistant media buyer, assistant merchandiser, promotion and public relations assistant, and marketing trainee.

To understand the essential element that links all businesses with their customers. All people have needs. All companies want to satisfy those needs. Marketers are customer-driven business

To help generate company profits while holding a fast-paced, visible, dynamic, desirable and well-paid position. All business planning starts and ends with marketing.

DISTINCTIVE FEATURES

- Student Chapter of American Marketing Association
- The J. Dunbar, Jr. Memorial Scholarship
- Outstanding Marketing Graduate Award
- Marketing internships with prestigious organizations

MAJOR IN BUSINESS ADMINISTRATION — MARKETING CONCENTRATION

Students in the Marketing Concentration complete the major in Business Administration and 21 credits in Marketing.

The Business Administration requirements include 21 credits in lower-level prerequisites and 33 credits in upper-level core requirements, as listed below. All major requirements must be completed with a grade equivalent of 2.00 or higher. See the Suggested Course Sequence for Business Administration Majors.

Lower-Level Prerequisite Courses (21 credits)

ACCT 201	Accounting Principles I (or Honors ACCT 211) (3)
ACCT 202	Accounting Principles II (or Honors ACCT 212) (3)
LEGL 225	Legal Environment of Business (3)
COSC 111	Information and Technology for Business
	(or Honors COSC 112) (3)
ECON 201	Microeconomic Principles (or Honors ECON 203) (3)
ECON 202	Macroeconomic Principles (or Honors ECON 204) (3)
ECON 205	Statistics for Business and Economics I (3)
	or
MATH 231	Basic Statistics (or Honors MATH 233) (3)

Requirements for Admission to the Business

Administration Major

Students must be eligible for admission to the Business Administration major to enroll in upper-level core and concentration/track courses. To be eligible, students must complete the seven specific lower-level prerequisite courses with a grade equivalent of 2.00 or higher and a minimum average (QPA) of 2.40 for ALL seven lower-level CBE Core prerequisites. (See admission requirements in the Business Administration major section of this catalog.)

The College of Education

Towson University has a distinguished history in the preparation of classroom teachers and education specialists. As the first teacher-training institution in Maryland, Towson University has been preparing men and women for teaching careers for over 130 years. Programs of study within the College of Education lead to the baccalaureate degree in education with certification in early childhood education, elementary education, and special education. In addition, the college offers programs that lead to certification in secondary education and K-12 education for those students enrolled in other colleges of the university. Programs of study within the college are constantly assessed and reorganized in order to provide students with three essentials for professional success: 1) a challenging general education in a variety of disciplines; 2) in-depth content knowledge in the field of teaching specialization; 3) and a professional education based upon current research and models of best practice.

The teaching faculty in the College of Education is dedicated to providing a background in research on learning and methods of instruction which prepares teachers and education specialists as facilitators of active learning for diverse and inclusive communities of learners in environments that are technologically advanced. To promote this goal, faculty members are committed to active participation in the academic community as teachers, scholars and advisers. They use methods of instruction which emphasize active student learning through the integration of content knowledge with the study and practice of effective pedagogy.

CERTIFICATION AND ACCREDITATION

The College of Education offers programs of study leading to the baccalaureate degree in education with certification to teach early childhood, elementary, and special education. In addition, the college offers programs that lead to teacher certification in secondary education and K-12 education.

Teacher Education programs are approved by the National Council for the Accreditation of Teacher Education and the Maryland State Department of Education, which use state and nationally recognized standards. Completion of an approved program qualifies graduates for certification in all states that are members of the Interstate Reciprocity Compact. Applicants for Maryland teaching certificates are required to achieve qualifying scores on the Praxis I and II examinations, as determined by the Maryland State Board of Education.

TITLE II — HIGHER EDUCATION ACT

Required Program Information Report

1. Students

Total number of students enrolled in 1999-2000 — 2,128

2. Teacher Candidates

Total number of student teachers in 1999-2000 — 533

3. Faculty Supervising Interns

Appointed full-time faculty in professional education — 23 Appointed part-time faculty in professional education, but full-time in the institution — 27

Appointed part-time in professional education — 61

4. Ratio of Interns to Faculty Supervisors

Number of student teachers per faculty supervisor — 4.80

5. Length of Internship

7.5 hours per day; 5 days per week; 15 weeks 562.5 total hours of supervised internship

MISSION STATEMENT

The mission of teacher education at Towson University is to inspire, educate, and prepare educators as facilitators of active learning for diverse and inclusive populations in environments that are technologically advanced. In this process, faculty members assume the responsibility for designing, developing, implementing and assessing academic programs for:

1. entering College of Education freshmen

2. community college transfer students

3. post-baccalaureate degree students seeking certification (MAT; approved programs)

4. master's degree students

5. post-master's degree students seeking continuous professional development

VISION STATEMENT

The vision of teacher education at Towson University is to build upon its rich heritage and excellent reputation and to position itself to maintain a leadership role in academic program planning and public policy formulation. By maintaining this leadership role, teacher education can ensure that active learning occurs in diverse and inclusive educational environments where contemporary information resources are available. Thus, teacher education, in collaboration with other public/private agencies, can assist in the readiness of all learners to succeed in a rapidly changing, diverse and highly technical world. In order to achieve this vision, Teacher Education programs at Towson University are committed to:

- 1. ensuring the mastery of appropriate content in general studies in the liberal arts and sciences as well as in the specific academic discipline
- 2. reflecting upon and refining best practices—professional knowledge and skills—to develop a repertoire of instructional and assessment strategies

3. preparing students for diverse and inclusive communities of learners through systematic exposure to heterogeneous populations

4. utilizing appropriate technologies which reflect best practices in education

5. helping develop, internalize and display professional conscience (a commitment to ethical practice, inquiry, knowledge, competence, caring and social justice in a democratic society)

6. developing collaborative partnerships with the public/ private sector

7. playing a leadership role in teacher education through scholarly endeavors

PROGRAM OUTCOMES

All Teacher Education programs utilize Maryland's Essential Dimensions of Teaching or the Interstate New Teacher Assessment and Support Consortium Principles as the performance-based outcomes for teacher candidates.

ADMISSION TO TEACHER EDUCATION

The College of Education admits students either as freshmen or as undergraduate transfer students from accredited, post-secondary institutions. During the freshman and sophomore years, students are generally engaged in pre-professional courses or courses that fulfill General Education requirements.

Advising and Screening

Students who plan to enter Teacher Education programs must visit the Center for Applied Skills in Education (CASE), Hawkins Hall, room 302, early in their first semester in order to:

1. declare their major or concentration

2. complete a Criminal Background Disclosure Form

3. be assigned an adviser according to their chosen major

4. obtain information about the required speech and hearing screening

5. obtain information about the required Praxis I tests

Admission to Professional Education Programs

Admission to the professional program requires the following:

1. completion of a written application for formal admission to

the program

2. minimum overall quality point average of 2.50 in Secondary Education; minimum overall quality point average of 2.75 in Early Childhood, Elementary Education and Special Education; (Students in Art Education, Dance Education, Health Education, Music Education and Physical Education should contact their department chairperson for procedures and requirements for admission to these programs.)

3. completion of speech and hearing screening

4. completion of English 102/190 or equivalent course with grade equivalent of 2.00 or higher; Secondary Education

also requires an admission essay

- 5. successful completion of Praxis I Academic Skills Assessments; qualifying scores must be submitted to the CASE Office for admission to College of Education programs. Information on the Praxis tests is available in the CASE Office, Hawkins Hall, room 302.
- 6. All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form may be obtained from the department for K-12 programs and from the CASE Office for College of Education programs. The form is to be notarized and sent to the director of CASE to be kept on file. Janet Martin of the CASE Office is a notary with posted office hours.

The College of Education

In addition to the undergraduate program, the College of Education offers approved, post-baccalaureate "certification only" programs for baccalaureate graduates seeking Maryland state certification. "Certification only" students must document a passing score (as determined by the Maryland State Department of Education) on Praxis I and attain the required quality point average prior to admission.

The Teacher Education Executive Board (TEEB) reserves the right to refuse, deny or revoke the application for admission to professional education programs or entry into student teaching of any student whose observed conduct is deemed incongruent with established guidelines of student demeanor for those planning to enter the teaching profession.

Admission to Student Teaching

Students apply for student teaching over the Internet (http:// bacost.towson.edu) through the CASE Office by the mid-semester date of the semester prior to student teaching. All Teacher Education students must successfully complete the Praxis I tests and speech and hearing screening. Effective fall 1999, all preservice students in Teacher Education programs at Towson University whose program of study requires an intensive/ extensive internship or student teaching experience in a public or private school setting (pre-K through 12), will be required to undergo a criminal background check before beginning this experience. The criminal background check must be filed with the director of CASE. Forms are available in the CASE Office only. Students may use University Police for fingerprinting services.

Because some of Towson's Teacher Education programs have selected additional requirements for admission to student teaching, students should refer to the section of this catalog

related to their specific majors.

FIELD EXPERIENCE PLACEMENTS

Each Teacher Education student who has reached the appropriate level of competency will have a series of progressively responsible field experiences. Towson University is implementing a network of Professional Development Schools to provide all students with an intensive and extensive internship, including on-site course work integrated with pre-student teaching and student teaching experiences.

Differentiated student teaching (an additional and/or special student teaching experience) may be taken by students with the

permission of their adviser.

Students enrolled in student teaching are charged a fee ranging from \$200 to \$400 per student-teaching experience. This fee is used for remuneration to mentor teachers in schools where field experiences are completed.

CENTER FOR APPLIED SKILLS IN EDUCATION (CASE)

OFFICE

Hawkins Hall 302, 410-704-2567

Director: John Bailey

Assistant Director: Donna Copenhaver

The Center for Applied Skills in Education (CASE) is a service office supported by the College of Education at Towson University. The major purpose of the center is to assist students and instructors in placing students in a variety of field settings for internship experiences. More specific operations include:

1. facilitating field experiences—preservice and student teaching/internship

2. counseling students regarding field work

3. maintaining liaison between schools/agencies and university departments

- 4. coordinating student advising (orientation, declaration of major, assignment of advisers, etc)
- 5. providing information to Education majors on Praxis and speech and hearing test administrations
- 6. tracking Education majors and maintaining Education student records
- 7. evaluating requests for credit for prior teaching experience
- 8. coordinating the Student Teaching Abroad Program

MARYLAND WRITING PROJECT

OFFICE.

Hawkins Hall 403C, 410-704-3593 Director: Barbara Bass, 410-704-4573

Co-director: Linda De La Ysla, 410-704-4094

The Maryland Writing Project (MWP), a site of the National Writing Project, is housed in Towson University's College of Education. It is supported by the colleges of Education and Liberal Arts. Established in Baltimore in 1981, the MWP is a teacher-driven professional development organization for teachers across the content areas in grades pre-K through university. Its mission is to identify, train and support excellent teachers so that they can share with others their knowledge and experience in teaching writing and in using writing as a learning tool. Teachers participate in an invitational Summer Institute to become Teacher-Consultants. They research, develop, and share best writing practices in order to effect change in their classrooms, schools, and school systems.

The MWP offers both undergraduate and graduate courses. Maryland Writing Project Teacher-Consultants serve as instructors for EDUC 301, Writing and Communication Skills for Teachers. They also teach SCED 399, Differentiated Student Teaching, which is offered during the summer in conjunction with a camp for young writers called the Student Writers' Workshop. At the graduate level, MWP-trained Teacher-Consultants teach SCED 605, the 6-credit Summer Teacher Institute; EDUC 734, the Teacher Inquiry Institute; EDUC 667, Writing as Thinking; and EDUC 661, Responding to and Evaluating Writing. They also teach special topics courses at the graduate level throughout the

Finally, the MWP offers Maryland State Department of Education-approved, in-service professional development workshops in school systems across the state. The courses range in scope from day-long to year-long classes.

MISSION STATEMENT

The mission of the Teacher Education Unit is to inspire, educate and prepare facilitators of active learning for diverse and inclusive communities of learners in environments that are technologically advanced.

PROGRAMS OF THE DEPARTMENT

The Department of Early Childhood Education offers the following programs of study: the major in Early Childhood Education, the major in Elementary Education with eligibility for Early Childhood Education Certification, a Post-baccalaureate Certification Option, the Master of Arts in Teaching in Early Childhood Education, and the Master of Education in Early Childhood Education. For more information about the graduate program, consult the *Graduate Catalog*.

The Towson University Department of Early Childhood Education faculty prepares teachers to act as advocates for young children and their families, and to create and facilitate developmentally appropriate environments for them. The guiding principles that follow are the philosophical and practical basis for departmental programs.

Students entering the Early Childhood Education Program are made aware of the sophisticated and demanding work that teachers of young children perform, and they are screened for admission into the program accordingly. Developing teachers are enabled to recognize teaching as one of the highest and most dynamic professional callings to which one can aspire. Faculty facilitate the developing teacher's respect, pride and commitment to the teaching profession. Faculty are able to motivate and inspire developing teachers, in the most positive of ways, to have a sense of their ability to exert positive power in learning scenarios, as well as exerting a firm sense of professional selfdirection and decision-making skills. Faculty assists developing teachers to become reflective and ever-growing practitioners. From the outset, developing teachers are taught, and provided models, that only the very best is good enough for young children and their families.

Faculty members work to awaken and support the developing teacher's ability to value and approach children from broad intellectual, academic and social foundations. Developing teachers are prepared to rely upon those foundations in order to support the development of relevant and challenging curricula and to learn to respond to young children's immediate and long-term needs.

Content-appropriate and developmentally appropriate pedagogy facilitates integrated learning experiences and environments for young children. The faculty understands how young children develop and learn, thus, they facilitate in developing reachers content-appropriate pedagogy. The faculty also provides a wealth of experiences, strategies, creativity, and resources that enable developing teachers to draw in and inspire young children in the various content areas.

The Early Childhood faculty helps developing teachers understand how their personal and professional philosophies prompt them to facilitate the development of the "whole child." Integrated knowledge about child development is crucial to understanding children's play, learning and socialization. The faculty makes it apparent to developing teachers that assessing and responding to children's individual differences and developmental needs requires resourcefulness, responsibility and responsiveness. Developing teachers are encouraged to respond to the individual child while recognizing that their responses occur incrementally within the context of meeting the needs of a total group or class.

Faculty members in Early Childhood Education are committed to enabling developing teachers to meet the diverse learning needs of all young children, particularly in terms of their creative and aesthetic development, their learning modalities or styles (visual, auditory, kinesthetic and tactile), and their myriad intelligences (spatial, musical, mathematical, linguistic, kinesthetic and personal). Moreover, the faculty encourages students to become teachers who value the significance of human diversity and the richness, beauty and power that human diversity offers to classrooms and other places where learning takes place. Faculty and developing teachers, therefore, are committed to designing diversity-rich environments that encourage respect for the individuality of teachers and young children. Additionally, the faculty promotes respect for families and the importance of family in the lives of children. All of this serves as the ethical foundation of practice, providing a basis for developing teachers to move toward high ideals in their work with young children and their families.

Major in Elementary Education/Early Childhood Certification In cooperation with Elementary Education, students can select courses that will enable them to become certified in Early Childhood Education and Elementary Education. Graduates of this program would be eligible to teach children from birth through age 13. Interested students should contact the chairs of both departments to plan their program.

Post-baccalaureate Certification Option

For bachelor's degree holders in disciplines related to children and families as well as other fields of study, the Department of Early Childhood Education offers a post-baccalaureate program leading to Maryland certification in Early Childhood Education (birth-8). Prospective students interested in this option need to contact the department to set up an appointment to have their transcript(s) analyzed and a program of study developed based upon state certification and departmental requirements. The department will send to prospective students a packet of information and forms regarding post-baccalaureate study. Entry into and completion of this program includes a minimum grade point average of 2.60 in previous academic work and passing the Praxis 1 and Praxis 11 examinations and attaining Maryland required scores.

Post-baccalaureate Early Childhood Education Program

As a service to teachers who wish to pursue a degree in Early Childhood Education while they are on their teaching assignments and to other workers in programs for young children, the university offers an alternate program during evenings and summers for the preparation of nursery school, kindergarten, day care center, and primary teachers which will enable them to major in Early Childhood Education. There is a requirement to student teach and to participate in the student teaching seminar during daytime hours. See the department chairperson for information.

Special Education

Courses leading to state certification in Special Education are available through the Department of Reading, Special Education

and Instructional Technology. State certification is generic but age specific and requires 39 credits, many of which are required for Early Childhood Education majors.

School Library Media

Early Childhood Education students may acquire an additional state certification endorsement for school media center positions (Educational Media Associate, Level I) by adding 18 credits of certain Instructional Technology (ISTC) electives to their major. Interested students should contact the Department of Reading, Special Education and Instructional Technology.

MAJOR IN EARLY CHILDHOOD EDUCATION

To meet university, college, and Maryland certification requirements in general education and professional education courses, students must complete a 125-hour program for graduation. Students must have a grade equivalent average of 3.00 or higher in all courses in the major; this includes interdisciplinary courses taken during the final four semesters of the program. Students must maintain an overall grade point equivalent average of 2.75 or higher in all courses from all institutions of higher education in which the student has been enrolled.

All students, beginning with their enrollment in ECED 101, Introduction to Early Childhood Education, will be responsible for compiling and refining a Professional Portfolio. Student portfolios will be assessed and evaluated throughout the program.

Early Childhood Education majors need to confer with an adviser from the department each semester to ensure that their planned program of study meets college, university, and state requirements. This is particularly important if students are pursuing minors or if they are planning for additional certifications. Students also need to check with their departmental adviser prior to taking a course on a Pass grading option as courses in the major and courses required for certification cannot be taken using the Pass/Fail grading option.

Early Childhood Education Screening Criteria

Early Childhood Education is a screened major. Students apply to the program in the fourth semester for formal entry into the program beginning in the fifth semester. Students are required to maintain a 2.75 cumulative grade point average and a 3.00 grade point average in courses related to the major from the time they enter the program until the time of graduation.

The following requirements must be met for entry into the major:

1. completion of the university speech and hearing test

2. completion of 60 or more credits, including ENGL 102/190, MATH 204/205/251 with a grade equivalent of 2.00, and ECED 101 and ECED 201 with a grade equivalent of 2.50 or history

3. achievement of a cumulative QPA of 2.75; this includes transferred grades and grades earned at TU. (A failed course that has been repeated satisfactorily at another institution will be eliminated only from the computation for admission in the Early Childhood Education program. Courses taken at Towson and repeated at another college or university do not apply to Towson's repeated-course policy. See "Transferring Work to Towson" under the Academic Regulations section of this catalog.)

4. a score at or above the level established in March 1999 by the Maryland State Board of Education on the Praxis I - Academic Skills Assessments Examination: Pre-Professional Skills Tests (PPST) - Math: 177; Reading: 177, Writing: I73 or Computer Based Tests (CBT) - Math: 322; Reading: 325; Writing: 319.

5. application, including official transcripts from all post-highschool institutions, submitted to the Center for Applied Skills in Education (CASE) Office by the announced closing date sent to eligible students each semester (Note: Students are required to submit a "Blue Card" to the department office, Hawkins Hall, room 14, and to update the information on the card each semester. The Blue Card is completed with the assistance of the student's adviser.)

6. effective fall 1999, all students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. It is the responsibility of the student to have the form notarized. The form is then sent to the director of the CASE Office and kept on file.

ECED Student Teaching Internship Criteria

Admission into the Student Teaching Internship requires a cumulative QPA of 2.75 or higher and a 3.00 or higher in the major.

Effective fall 1999, all students in Teacher Education programs at Towson University will be required to undergo a Criminal Background Check *before* entering the Student Teaching Internship. The Criminal Background Check shall be filed with the director of the CASE Office, where it is kept on file.

Students need to complete Praxis II - Subject Assessments/ Specialty Area Tests no later than during their student teaching internship if they expect to attain certification upon graduation. A score at or above the level established in July 2000 by the Maryland State Board of Education on the Praxis II Subject Assessments in Early Childhood Education: (Maryland score needed: 600).

ECED FIELD PLACEMENTS

Each Teacher Education student who has reached the appropriate level of competence will have a series of progressively responsible field experiences. Towson University is implementing a network of Professional Development Schools to provide all students with an intensive and extensive internship, including on-site course work and integrated pre-student teaching and student teaching experiences.

STUDENT TEACHING SEMESTER

A maximum of 18 credits may be taken during the student teaching internship semester.

TRANSFER STUDENT POLICIES

A minimum of 30 credits in the major must be completed at TU. SPED 301, Introduction to Special Education, is transferable from certain institutions only. Students should contact their adviser for more information. Students are required to take the final 30 credit hours in residence at TU.

OUTCOMES

Students are required to compile and present a Professional Portfolio in order to graduate. The Early Childhood Teacher Education Program utilizes the Interstate New Teachers Assessment and Support Consortium (INTASC) standards, Maryland's Essential Dimensions of Teaching (EDoTs), and the Standards of the National Association on the Education of Young Children as the performance-based outcomes for all teacher candidates and the foundation framework for the Portfolio.

MASTER OF ARTS IN TEACHING — EARLY CHILDHOOD EDUCATION

Director: Edyth Wheeler

Hawkins Hall 107N, 410-704-2460

A Master of Arts in Teaching program is designed to prepare especially qualified students for teaching certifications in Prekindergarten through grade 3.

Thomas Proffitt-acting chair.

Department of

Elementary Education

Professors: Bess Altwerger, Karen Robertson, Robert Smith Associate Professors: Gregory Bryant, Lynn Cole, Roxanna Dellavecchia (Assistant Dean), Linda Emerick (Graduate Director), Nechie King

Assistant Professors: Robert Blake, Lijun Jin, Bonnie Mackey, Jane Neapolitan, Nancy Renman

Lecturers: Wanda Brooks, Ann Eustis, Debora Lang, Barbara Maestas, Pamela Morgan, Sue Rathbone

E-mail: sgrey@towson.edu

PROGRAMS OF THE DEPARTMENT

The Department of Elementary Education offers the following programs of study: the major in Elementary Education, the major in Elementary Education with eligibility for Early Childhood certification, the major in Elementary Education with eligibility for Special Education certification, the Elementary Education major with a minor in selected disciplines, the Master of Arts in Teaching, and the Master of Education in Elementary Education. For more information about the master's programs, consult the Graduate Catalog.

The Elementary Education faculty believe that well-prepared elementary school teachers are facilitators of active learning. As reflective practitioners, teachers engage students in the learning process by utilizing research findings and experience-based strategies and practices to make sound, educational decisions. These decisions should be based upon an articulated education philosophy, a thorough knowledge of students' strengths and needs, and an analysis of various learning environments. The Elementary Education Program fulfills the goal of preparing such teachers through a program based on a broad liberal arts background and professional preparation, including a planned sequence of courses and field experiences in the Baltimore metropolitan area.

The major in Elementary Education leads to certification to teach grades 1 through 6, through grade 8 in the middle schools organization, and grade 9 provided content requirements for secondary certification are met. The program provides classroom and laboratory experiences that prepare students for beginning teaching in elementary or middle schools.

Major in Elementary/Early Childhood Education Certification In addition to the major in Elementary Education, students can select courses that will enable them to become certified in both Elementary and Early Childhood Education. Graduates of this program would be eligible to teach children from birth through grade 8. Interested students should contact the chairs of both departments to plan their programs.

Special Education Certification

Courses leading to state certification in Special Education are available through the Department of Reading, Special Education, and Instructional Technology. State certification is generic but age specific and requires 39 credit hours, many of which are already required for Early Childhood, Elementary or Secondary Education majors.

^{*}Biology, chemistry, computer science, math, physical science or physics elective

Department of Elementary Education

School Library/Media Certification

Elementary and Early Childhood Education students may acquire an additional state certification endorsement for school media center positions (Educational Media Associate, Level I) by adding 18 credit hours of certain Instructional Technology electives to their major. Interested students should consult Cellestine Cheeks, Hawkins Hall, room 202.

Science and Mathematics Track

This program is for Elementary Education students with an interest in developing a specialty in science and mathematics for teaching in grades four through eight. Students may obtain an endorsement in this specialty by adding specified science, mathematics and interdisciplinary electives to their major. Interested students should contact Katherine Denniston, Center for Science and Mathematics Education (CSME), 410-704-2532.

Elementary Education, Education Major with a Minor

Elementary majors may complete programs with minors in other selected disciplines by arrangement with the chair of Elementary Education and the chair of the other department.

Elementary Education Major/Mathematics Minor

Through a cooperative program between the departments of Elementary Education and Mathematics, students can use a middle school student teaching experience as a route to elementary certification with a mathematics minor. Interested students should consult with the chairs of both departments as early in their college program as possible.

PRE-ADMISSION REQUIREMENT FOR ALL CANDIDATES

Students interested in becoming Elementary Education majors must first gain admission to Towson University. Admission to the university does not guarantee admission to the Elementary Education major.

All students applying for admission to the undergraduate Elementary Education Program must fulfill the following requirements:

A. Declaration of Intent

- 1. completion of Declaration of Intended Major (PELE) Form and assignment of adviser, Center for Applied Skills in Education (CASE) Office, Hawkins Hall, room 302, during the first two weeks of the semester
- 2. All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of CASE to be kept on file.
- completion of the Application to the Elementary Education Program Form. The application form must be completed during students' initial meeting with their adviser and returned to the department office (Hawkins Hall, room 100A).
- B. Prerequisites for Admission to Professional Education Sequence

The following prerequisites for admission must be met in the semester prior to scheduled entrance into the professional education sequence:

- 1. junior status (60 credits) upon beginning the professional education sequence. Application for admission occurs during the semester prior to beginning the elementary education program (45 credits). Students must have no more than two courses (6-7 credit hours) remaining in general education courses and prerequisite courses at the time of application to the ELED program.
- overall Quality Point Average of 2.75, including transfer QPA. Transfer grades are part of the eligibility screening to enter the program.

3.completion of speech and hearing screenings

4. completion of ENGL 102 (or equivalent course) with a grade equivalent of 2.00 or higher.

A score at or above the level established by the Maryland State Department of Education on the Praxis 1 Academic Skills Assessment Examination: Pre-Professional Skills Tests (PPST)-Math:177; Reading: 177; Writing: 173.

Effective fall 1999, all preservice students in teacher education programs at Towson University whose program of study requires an intensive and extensive internship or student teaching experience in a public or private school setting (pre-K through 12) will be required to undergo a criminal background check before beginning this experience.

SCREENING

All candidates for the undergraduate program may be ranked according to cumulative Quality Point Average in all college or university courses (transfer QPA and/or Towson QPA). The number of students admitted during any given semester is determined by the number of seats available in introductory courses which, in turn, is determined by available faculty resources.

TRANSFER STUDENTS

The Elementary Education major is extremely competitive, and the number of seats available each semester is limited. Therefore, only transfer students who are eligible for admission to the major and who have submitted their transcripts by the priority deadlines established by the department (March 1 for fall registration and November 1 for spring registration) will be included in the rank-order pool of applicants. NOTE: Transfer students are not exempt from meeting the above prerequisites.

MAJOR IN ELEMENTARY EDUCATION

To meet both the college and Maryland state certification requirements, students must complete 67 hours in the arts and sciences, at least 59 hours in professional education courses of which a minimum of 21 must be taken at Towson, and electives to make a total of at least 126 credits. Students must maintain an overall quality point average of 2.75 or higher, and a 3.00 in courses for the major.

For admission to student teaching, students in Elementary Education must complete a minimum of 90 credits.

Students should consult with their advisers before taking courses on a Pass grading option. Courses in the major and courses required for Maryland State Department of Education certification must not be taken with this option.

Exceptions, changes, waivers, and/or substitutions from the program pattern for Elementary Education majors, in content or sequence of professional education courses, are permitted only with the written consent of the chairperson of the Department of Elementary Education.

Requirements for the Major

Students must complete the following university and departmental required courses.

Students must take prerequisite courses in Art, Music and Physical Education and at least one methods course in one of these three special areas (ARED 371 or MUED 305 or KNES 324).

All content, methods and elective courses must be completed prior to student teaching.

Outcomes

The Department of Elementary Education has adopted the *Interstate New Teacher Assessment and Support Consortium* (INTASC) principles as its performance-based outcomes for its programs. Candidates are required to demonstrate mastery of outcomes in a summative portfolio.

Director of the Educational Technology Center: Deborah Fuller

OFFICE

Hawkins Hall 207, 410-704-4384, or 410-704-2576

PROGRAMS OF THE DEPARTMENT

The Department of Reading, Special Education and Instructional Technology is responsible for courses that are not limited to a single teacher education program. The education course listings include core education courses that provide knowledge and skills for general application in teaching and training areas. The instructional technology and special education offerings also have K-12 applications.

The department coordinates the reading programs and the Reading Center, Developmental Reading courses, Special Education, and Instructional Technology. Graduate programs include the Master of Arts in Teaching and the master's programs in Reading and Instructional Technology.

SCHOOL MEDIA, LIBRARY INFORMATION SERVICES AND INSTRUCTIONAL TECHNOLOGY

Elective courses in Instructional Technology allow students of any major to develop media design, production and utilization competencies for business, government, nonprofit and educational settings.

SCHOOL LIBRARY MEDIA CERTIFICATION

Coordinator: Cellestine Cheeks, Hawkins Hall 204A Students who major in Early Childhood, Elementary or Secondary Education may qualify for Maryland State Certification for school librarian or media center positions (Education Media Associate, Level I).

These courses are required in the concentration:

PSYC 201 SCED 319 Educational Psychology (3)

Survey of Educational Programs (3)

SCED 341 Principles of Secondary Education (4)

ISTC 301 Utilization of Instructional Media (3)

ISTC 302 Design and Production of Instructional Materials (3)

Teaching Reading in the Secondary School (3) SCED 460

EDUC 417 Children's Literature and Other Materials for Reading and Language Arts in Elementary School (3)

SCED 419 Young Adult Literature (3)

SPED 301 Introduction to Special Education (3) ISTC 475 Methods for Media Personnel in the Elementary School (2)

ISTC 477 Methods for Media Personnel in the Secondary School (2)

ISTC 397 Student Teaching: The Media Center in the

Elementary School (6)

ISTC 398 Student Teaching: The Media Center in the Secondary School (6)

NOTE: To complete this M.S.D.E. approved certification program, students must comply with the requirements of the Teacher Education Executive Board for Undergraduate Teacher Certification Programs.

GRADUATE STUDY IN INSTRUCTIONAL TECHNOLOGY

Director: David Wizer

Hawkins Hall 103B, 410-704-6268

The Department of Reading, Special Education and Instructional Technology offers a comprehensive graduate program which prepares professionals for careers in the instructional media field. The Instructional Development Concentration is intended for those who wish to prepare for training and media positions in business, community and governmental settings. The School Library Media Concentration is intended for the person who plans to direct a School Library Media Center operation. Persons holding this degree are eligible for certification by the Maryland State Department of Education as an Educational Media Generalist (Level II). The Educational Technology Track is designed for those who wish to integrate technology into classroom teaching, or to coordinate the planning and integration of educational technologies at the school, district or state level. See the *Graduate Catalog* for details.

MAJOR IN SPECIAL EDUCATION

Infant/Primary Track

Director: Maya Kalyanpur

Hawkins Hall 409, 410-704-3122

Students majoring in Special Education complete the Infant/ Primary Track (birth-grade 3). To meet the requirements of the College of Education and the Maryland State Department of Education, students must complete at least 74 credits from the following list of university and departmental courses and at least 60 credits in professional education courses and electives to earn a total of 131 credits. Students must maintain an overall cumulative Quality Point Average (QPA) of 2.75 or higher and a 3.00 QPA or higher in courses for the major.

Elementary Track

Director: Darlene Fewster

Hawkins Hall 103A, 410-704-2459

Students majoring in Elementary Special Education complete the Elementary Track (grades 1-8). To meet the requirements of the College of Education and the Maryland State Department of Education, students must complete all required General Education and professional education courses required for the Elementary Track. Students must maintain an overall cumulative Quality Point Average (QPA) of 2.75 or higher and a 3.00 QPA or higher in courses for the major.

Secondary/Adult Track

Director: Evelyn Dailey

Hawkins Hall 402A, 410-704-3835

Students majoring in Secondary Special Education complete the Secondary/Adult Track (grade 6-adult). To meet the requirements of the College of Education and the Maryland State Department of Education, students must complete all required General Education courses required for their concentration. Students must maintain an overall cumulative Quality Point Average (QPA) of 2.75 or higher and a 3.00 QPA or higher in courses for their major.

Special Education majors should meet with their advisers every semester to ensure that their planned programs of study meet university, major and Maryland State Department of Education certification requirements. Students must consult with their advisers prior to taking courses on a Pass grading option. Courses in the major and courses required for Maryland State Department of Education certification must not be taken with this option.

Exceptions, changes, waivers, and/or substitutions from the program pattern for Special Education majors in content or sequence are permitted only with the written consent of the director of the Special Education Program.

Pre-Admission Requirements for all Candidates

Students interested in majoring in Special Education must first gain admission to Towson University. Admission to the university, however, does not guarantee admission to the Special Education major. Students must then complete a Declaration of Intended Major Form available through the Center for Applied Skills in Education (CASE) Office, Hawkins Hall, room 302, at which time they will be assigned a Special Education adviser. All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of CASE to be kept on file.

Screening

Special Education is a screened major. All candidates for the Special Education major may be ranked according to cumulative grade point average in all college or university courses (transfer QPA and/or TU QPA). The number of students admitted during any given semester is determined by the number of seats available in courses which, in turn, is determined by available faculty resources.

To receive approval for admission, students are required to:

- 1. pass a speech and hearing screening
- 2. have a cumulative QPA of 2.75 or higher (which includes grades transferred and grades earned at TU)
- 3. have completed ENGL 102 with a grade equivalent of 2.00 or higher
- 4. have completed 60 or more credits
- 5. have scores on the Praxis I at or above the level of standards established by the Maryland State Department of Education. (With the elimination of the National Teachers Examination (NTE) Core Battery tests, effective November 22, 1998, all teacher candidates who have not taken or passed the General Knowledge and Communication Skills sections of the NTE will be required to submit qualifying scores on the Praxis I Academic Skills Assessments to the CASE office for admission to the program. Information on the Praxis tests is available in the CASE Office, Hawkins Hall, room 302.)

Screening occurs again for admission into student teaching. Students are required to have a cumulative QPA of 2.75 or higher and a QPA of 3.00 or higher in the major and must have completed a minimum of 90 credits. Effective fall 1999, all preservice students in Teacher Education programs at Towson University whose program of study requires an intensive and extensive internship or student teaching experience in a public or private school setting (pre-K through 12), will be required to undergo a criminal background check before beginning this experience. The criminal background check must be filed with the director of CASE.

Transfer Students

The Special Education Program personnel are responsive to the transfer student and will accept those credits which are compatible with the General Education (GenEd) requirements, Special Education major and state certification requirements. Please note, although credits might qualify toward graduation, only an evaluation conducted by the special education director

will determine which credits will also apply toward the major. Students must first have their transcripts evaluated by the Office of Admissions before requesting a special education transcript evaluation.

SPECIAL EDUCATION CERTIFICATION

Courses leading to state certification in Special Education are available through the Department of Reading, Special Education and Instructional Technology. State certification is generic but age specific. Students must also fulfill reading certification requirements.

GRADUATE STUDY IN READING

Director: Karen Blair

Hawkins Hall 107-H, 410-704-2348

A graduate program specifically designed to improve the teaching of reading at all age levels is available for qualified students seeking Maryland State Certification as Reading Specialist K-12. See the *Graduate Catalog* for details.

THE READING CLINIC

Director: Barbara Laster

Hawkins Hall 107F, 410-704-2558

This practicum experience is for graduate students in the master's degree program in Reading. The Reading Clinic provides diagnostic and remediation services to individuals in the community who need improvement in reading and writing.

THE LITERACY CLINIC

Director: Barbara Laster

Hawkins Hall 107F, 410-704-2558

Volunteer tutors receive training and supervision from master teachers. The Clinic is held on campus and provides assistance to children from the surrounding community. Tutors are Towson students, staff or community members.

DEVELOPMENTAL READING

Director: L. Steven Boone

Hawkins Hall 206, 410-704-3697

Remediation in reading skills is provided for Towson students through the Developmental Studies courses in reading scheduled by the Department of Reading, Special Education and Instructional Technology. See competency requirements for entering students under Undergraduate Admissions. Informational sessions for the Praxis are also conducted.

Department of Secondary Education

Professors: James Lawlor (Chair), Dennis Hinkle, Gloria

Neubert, David Vocke

Associate Professor: Lawrence Leak Affiliate Professor: Thomas Proffitt

Assistant Professors: Cynthia Hartzler-Miller, Todd Kenreich,

Debra Osborne-Sigrist, Elizabeth Wilkins-Canter

Affiliate Instructor: Deborah Piper

Part-time Faculty: James Binko, James Bowerman, Robert Huber, Michael Jessup, Charles Livingston, Janet Newberry, Thomas Schaefer, Craig Spilman, Allan Starkey, Donald Wesley, Linda Yienger, Ed Zenker, Stephanie Zenker

Lecturer: Sally McNelis

OFFICE

Hawkins Hall 405K, 410-704-2562

MISSION STATEMENT

The mission of the Teacher Education Unit is to inspire, educate and prepare facilitators of active learning for diverse and inclusive communities of learners in environments that are technologically advanced.

PROGRAMS OF THE DEPARTMENT

The Department of Secondary Education offers 13 certification programs in the secondary subject areas of Biology, Chemistry, Earth-Space Sciences, English, French, Geography, General Science, German, History, Mathematics, Physics, Social Science and Spanish.

Programs for teaching kindergarten through grade 12 in Art, Dance, Health, Library/Media, Music and Physical Education are

offered by these academic departments.

All Teacher Education programs are approved by the Maryland State Department of Education. Upon graduation in one of these programs, students are eligible for certification to

teach in Maryland.

The programs of education for junior, middle and high school teachers are designed to bring about close integration between teaching methods and the practical experience of observation and student teaching. Students are required to file a Declaration of Intention Form. A Secondary Education adviser is required in addition to an adviser in the major for the following majors: English Education, Geography Education, History Education, Mathematics Education, Modern Language Education, Science Education or Social Science Education. For information, go to Hawkins Hall, room 405K.

FORMAL ADMISSION TO THE PROGRAM

Formal admission into the Secondary Education Program occurs when students have met the following criteria:

1. completion of at least 45 college credits

2. completion of a written application, including an essay

3. a 2.50 cumulative average for all postsecondary institutions

attended (submit original transcripts)

4. presentation of passing scores on Praxis I—Academic Skills Assessment: Reading, Writing and Mathematics (With the elimination of the National Teachers Examination (NTE) Core Battery Tests, effective November 22, 1998, all teacher candidates who have not taken or passed the General Knowledge and Communication Skills sections of the NTE will be required to submit qualifying scores on the Praxis I Academic Skills Assessments to the Center for Applied Skills in Education (CASE) Office for admission to

the program. Information on the Praxis tests is available in the CASE Office, Hawkins Hall, room 302.)

 All students applying for admission to a Teacher Education Program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of CASE to be kept on file.

Once these program admission requirements are met, students are permitted to enroll in Principles of Secondary Education and Using Reading and Writing in the Secondary School. Prior to program admission, students are permitted to take only Educational Psychology, Introduction to Special Education, K-12, and Utilization of Instructional Media.

Along with application for formal admission to the program, students must arrange to take the required Praxis I tests. Praxis I tests must be taken and passed prior to admission to the program. In some cases, supplementary work may be required of students who fail to demonstrate adequate reading, writing and mathematics competencies. Information on Praxis testing is available in the CASE Office (Hawkins Hall, room 302). Students must secure approval for student teaching from the department; it is contingent upon successful completion of the required courses, demonstration of acceptable competencies in the tested areas, and meeting quality point average requirements (see QPA Requirement for Student Teaching).

After introductory courses in the nature of today's schools and their students and appropriate field experiences, the prospective secondary teacher enters the student teaching semester which begins prior to the start of the TU semester. Methods, philosophy, techniques and practice are combined to provide a thorough preparation for teaching, and such preparation must be demonstrated prior to student teaching. Also required is a course in the sociological, philosophical, and historical foundations of education.

SECONDARY TEACHER EDUCATION PROGRAM

In addition to majoring in one of the 13 subject area certification programs and satisfying the university General Education (GenEd) requirements, students must complete the professional education courses listed below.

Outcomes

All Teacher Education programs utilize Maryland's Essential Dimensions of Teaching (EDoTs) or the Interstate New Teacher Assessment and Support Consortium principles as the performance-based outcomes for teacher candidates.

Required Professional Education Courses

A minimum grade equivalent of 2.00 or higher is required for all courses.

PSYC 201	Educational Psychology (3)
SPED 301	Introduction to Special Education (3)
ISTC 301	Utilizing Instructional Media (3)
SCED 341	Principles of Secondary Education (4)
SCED 460	Using Reading and Writing in the Secondary
	School (4) (taken concurrently with SCED 341 and shares a
	required field experience)

SCED 461 Teaching Reading in the Secondary Content Areas (3)

SCED 499 Internship in Secondary Education (3) (taken at a professional development school the semester immediately prior to student teaching with Methods of

Teaching Major Subject (3)
SCED xxx Methods of Teaching Major Subject (3)

EDUC 401 Foundations of Education (3) SCED xxx Student Teaching (12)

Additional requirements to be integrated into GenEds: HIST 145 History of U.S. to Mid-19th Century (II.B.1) (3)

HIST 146 History of U.S. since Mid-19th Century (II.B.1) (3).

COMM 131 Fundamentals of Speech Communication (II.B.3) (3) One Course in Non-Western Culture (3)*

*(See secondary education adviser for approved list of courses.)

Note: Some methods courses are offered spring or fall only. Check with your adviser.

Subject Major

Refer to the department under which a specific major is discussed. For instance, those interested in teaching History at the secondary level should refer to the Secondary Education Program of the Department of History for specific requirements.

REOUIREMENTS FOR STUDENT TEACHING

- 1. All students must meet the following QPA requirements to be admitted to student teaching: 2.75 average in major field and in professional education courses and 2.50 overall average, based on transcripts from all institutions of higher learning attended. (Consult with SCED adviser.)
- 2. Effective fall 1999, all preservice students in Teacher Education programs at Towson University whose program of study requires an intensive and extensive internship or student teaching experience in a public or private school setting (pre-K through 12) will be required to undergo a criminal background check before entering this experience. The criminal background check must be filed with the director of CASE.

KINDERGARTEN-12th GRADE TEACHER EDUCATION PROGRAMS

Students may obtain certification to teach the following subjects at both the elementary and secondary levels: Art, Dance, Health, Library Media, Music and Physical Education.

Students must satisfy the GenEd requirements, the professional education courses listed below, requirements for each major listed below, and QPA requirements (see QPA Requirement for Student Teaching).

EDUC 401 Foundations of Education (3)

Additional requirements to be integrated into GenEds:

HIST 145 History of U.S. to Mid-19th Century (II.B.1) (3)

HIST 146 History of U.S. since Mid-19th Century (II.B.1) (3)

COMM 131 Fundamentals of Speech Communication (II.B.3) (3) One Course in Non-Western Culture (3)*

*(See Department of Secondary Education or major adviser for approved list of courses.)

Teacher education programs exist in the following areas:

Art Education
Dance Education
Health Education
Library Media
Music Education
Physical Education

For required courses and special program information, consult the section of this catalog dealing with each particular major.

SPECIAL EDUCATION CERTIFICATION

Courses leading to state certification in special education are available through the Department of Reading, Special Education and Instructional Technology. State certification is generic but age specific and requires 39 credits, many of which are already required for Early Childhood, Elementary or Secondary Education majors. Interested students should consult Evelyn Dailey, Hawkins Hall, room 402A, coordinator of the Special Education Program.

MASTER OF ARTS IN TEACHING—SECONDARY

Director: Debbie Piper

Hawkins Hall 209, 410-704-4935

A Master of Arts in Teaching program is designed to prepare especially qualified students for teaching certifications in grades 5 through 12.

The College of Fine Arts and Communication

Art

The College of Fine Arts and Communication provides quality education in the following areas: art, art history, art education, dance performance, dance performance and education, electronic media, film, music, music education, communication studies, mass communication and theatre arts. The programs in the departments of Art, Dance, Electronic Media and Film, Music, Mass Communication and Communication Studies, and Theatre Arts stress the importance of a liberal arts education while offering specialized training and practical experience in their respective fields, enabling students to develop creative and analytical abilities.

Courses offered for both majors and non-majors enhance student understanding and appreciation of the contributions of the arts and communication to human culture. The programs provide opportunities for majors to gain the detailed knowledge, skills and experience needed to begin careers or to enter graduate programs.

The College of Fine Arts and Communication maintains facilities that assist students and faculty in activities supporting curricular offerings. These include the Center for the Arts with the Concert Hall, Mainstage Theatre, Studio Theatre, Holtzman Art Gallery, Asian Arts & Culture Center, and many rehearsal and practice rooms; art studios and computer labs; the University Union Art Gallery; Burdick Hall with facilities for dance; Stephens Hall Theatre, providing performance space for dance, opera and musicals; and Van Bokkelen Hall and the Media Center, housing journalism and photojournalism laboratories, the debate and speech facility, WTMD-FM, WTSR-AM, radio-television-film laboratories, and the television station, WMJF-TV.

Recognized as a fine arts center for Maryland, the college continues to pursue its mission to enhance communication and the fine and performing arts. The college also sponsors international exchange programs with schools in China, Germany, Korea, Russia, Italy and the United Kingdom.

The college contributes to the cultural life of Towson and the metropolitan area by offering more than 400 performances, exhibitions, film and video screenings, debates, lectures and workshops each year.

PROGRAMS OF THE DEPARTMENT

The Department of Art offers a comprehensive program comprising the following areas of concentration: Art History, Crafts, Industrial Design, Painting, Printmaking, Sculpture and Visual Communication/Photography. Associated with these concentrations, four degree programs are offered: the major in Art, the major in Art Education, the Master of Education in Art Education and the Master of Fine Arts. Minors are offered in Art History and Studio Art.

The Department or Art offers a comprehensive, full-semester Travel-Study Abroad Program as an integral part of the curriculum. Students register on campus but pursue art courses in a foreign locale under University System of Maryland faculty direction.

The Department of Art offers non-credit art instruction throughout the year for children and adults through the Community Art Center.

FACILITIES

The facilities available to undergraduate and graduate students are extensive. They are designed to encourage and fully support the creative endeavors of students. Each area of concentration has the equipment necessary to assure that students reach their potential.

MAJOR IN ART

Art majors must complete 66 to 72 credits in art, depending on concentration and program option. As part of the total number of credits, 36 credits are taken in foundations. The First Level Foundation core (18 credits) is identical for all majors. The Second Level Foundation core (18 credits) is specific to the program option. (See Second Level Foundation courses listed under separate concentrations/options.) All Art majors must successfully complete all of the first-year foundation courses listed below with a grade of at least a C before enrolling in any other art courses.

First Level Foundation (18 credits)

ART 103	Design I (3)
ART 104	Design II (3)
ART 111	Drawing and the Appreciation of Drawing I (3)
ART 211	Drawing II (3)
ARTH 221	Survey of Western Art I (3)
ARTH 222	Survey of Western Art II (3)

CRAFTS CONCENTRATION

Students may select one of three program options within the Crafts Concentration: 1) Ceramics, 2) Jewelry or 3) Interdisciplinary Crafts.

Ceramics Option (66 credits)

First Level Foundation (18 credits)

Second Level Foundation (18 credits)

ART 217	Introduction to Computer Media (3)

Fibers Course (3) Internship in Art (3)

THEA 249 Mask Tradition and Design (3)

INDUSTRIAL DESIGN SCREENED

CONCENTRATION (72 credits)

Student prerequisites and procedures for Industrial Design screening:

1. QPA of 3.00 in the major and 2.67 overall.

- 2. The following courses must be completed by the end of the semester in which the student applies to the Industrial Design Concentration: ART 103, ART 104, ART 111, ART 217, ART 229, ARTH 221, ARTH 222. Students must complete the above courses, or equivalent transferred courses, with at least a B- (2.67) before taking further courses in the Industrial Design Concentration.
- 3. At least a B (3.00) in ART 211 (Drawing II), ART 368 (Industrial Design I), and ARTH 327 (History of Modern Design).
- 4. Submit a portfolio the second year of the four-year concentration to the Industrial Design faculty committee. To be considered in the screening process, students must submit the following by the last day of finals in a given semester: an official transcript, an Industrial Design Screening Form and a sealed 18"x24" portfolio. The portfolio must include two pieces of work from ART 103, ART 211, ART 217, ART 229 and ART 468 (a total of 10 pieces). Students who do not submit a portfolio or who submit an incomplete portfolio will NOT be considered for the Industrial Design Concentration at that time. Late applications will not be considered.
- 5. Students not accepted into the concentration may reapply twice. If the student's QPA in the major falls below 3.00 and 2.67 overall, he or she may have one probationary semester to get the QPA in the major back to 3.00 and 2.67 overall. Students would not be eligible to take further classes in the Industrial Design Concentration until they have been screened into the concentration. If the student does not raise his or her QPA in the major back to at least a 3.00 and 2.67 overall by the end of the probationary semester, then the student must leave the Industrial Design Concentration but can continue in another area of the Art major.

VISUAL COMMUNICATION CONCENTRATION

Students may select one of five program options within the Visual Communication Concentration: 1) Graphic Design Screened Option, 2) Illustration: Studio Media Option, 3) Illustration: Digital Option, 4) Photography: Fine and Applied Arts Option, 5) or Photography: Photographic Imaging Interdisciplinary Option.

Graphic Design: Screened Option (72 credits)

Student prerequisites and procedures for Graphic Design screening: 1. A QPA of 2.67 overall.

2. The following courses must be completed by the end of the semester in which the student applies to the Graphic Design Option: ART 103, ART 104, ART 111, ART 211, ART 217, ART 229, ARTH 221, ARTH 222. Students must complete these courses, or equivalent transferred courses, with at least a B- (2.67), before taking further courses in the Graphic De-

3. A grade lower than B- (2.67) in any studio art course will eliminate the student from consideration for the Graphic

Design Option.

sign Option.

4. Declared Art majors may apply to the Graphic Design Option at the end of their third semester of study. At the time of application, a minimum of 45 credits must have been completed, including courses from that semester. Students may apply who have earned an A.A. degree in a related major.

- 5. To be considered in the screening process, students must submit the following by the last day of finals in a given semester: an official transcript, a Graphic Design Screening Form and a sealed 18"x 24" portfolio. The portfolio must include two pieces of work from ART 103, ART 211, ART 217 and ART 229 (a total of eight pieces). Students who do not submit a portfolio or submit an incomplete portfolio will not be considered for the Graphic Design Option at that time. Late applications will not be considered. Students with an overall QPA of 3.50 or greater, having completed other prerequisites, and having completed a minimum of 45 credits at Towson University, are accepted on confirmation of their overall QPA and do not need to submit portfolios.
- 6. Students not accepted may reapply twice. If the student's QPA falls below a 3.00 in the major or 2.67 overall, the student may have a probationary semester to get the major OPA to 3.00 and QPA to 2.67 overall.

ART HISTORY CONCENTRATION

Study Abroad (3-9)

Students may select one of two program options in Art History: 1) Research Option or 2) Research/Studio Option.

Research Option

ARTH 494

This option is for those students who want to work in the curatorial, educational, public relations or registration areas of a museum or gallery or who wish to go on to graduate school in the art history field. This program option has no studio requirements.

To complete the Research Option, students must take a total of 45 upper-division credits. Of the 45 upper-division credits, a minimum of 27 credits, but not more than 36, must be taken in art history. If students choose to take the minimum 27 credits, the difference between the 27 minimum and the 36 maximum must be taken in allied disciplines, such as Anthropology, English, History and Philosophy, in a related historical period, subject to the approval of the faculty adviser. The remaining credits to reach the 45 upper-division total are electives, but they must also be taken in disciplines related to the students' interests in art history.

Required Courses (12 credits)

ARTH 221	Survey of Western Art I (3)
ARTH 222	Survey of Western Art II (3)
ARTH 391	Research Methods in Art History (3)
ARTH 485	Seminar in Art History (repeatable) (3)

Language Requirement

Two years of either German or French, or their equivalent by examination, is strongly recommended but not required.

(3)

(3)

Multicultural Requirement (3 credits)

```
One course from the following:
ARTH 331
             The Art of China (3)
ARTH 333
             The Art of Japan (3)
ARTH 335
             African American Art (3)
ARTH 341
              Women in Art (3)
```

Art History Courses (minimum of 24 credits, maximum

of 33 credits)	
ARTH 301	Origins of Western Art (3)
ARTH 306	Art and Architecture of the Classical World
ARTH 307	Medieval Art (3)
ARTH 309	Italian Renaissance Art and Architecture (3)
ARTH 311	Northern Renaissance Art and Architecture
ARTH 313	Baroque Art and Architecture (3)
ARTH 323	Modern Art 1 (3)
ARTH 324	Modern Art II (3)
ARTH 325	History of Modern Architecture (3)
ARTH 327	History of Modern Design (3)
ARTH 331	Art of China (3)
ARTH 333	Art of Japan (3)
ARTH 335	African American Art (3)
ARTH 337	American Art (3)
ARTH 341	Women in Art (3)

MAJOR IN ART EDUCATION

Students in the Art Education program receive dual certification enabling them to teach art in Maryland in grades K-12. In addition to meeting the General Education requirements and professional education requirements, students complete 79 credits for the Art Education major. The entire program takes five years to complete. The art education block is taken in the last three semesters of the program.

Requirements for admission are as follows:

1. Junior standing

2. An overall QPA of 2.75

3. A QPA of 3.00 in the major

4. An interview and portfolio review with the art education faculty

5. Permission of the education department

To continue within the professional sequences and be eligible to student teach, students must fulfill the following requirements:

1. Maintain a 3.00 average in the art education sequence

2. Maintain a 2.75 average in the professional course sequence

3. Pass the core battery of the NTE (National Teachers Examination) and the speech and hearing tests prior to student teaching

TRANSFER CREDIT POLICY

The Department of Art accepts art credits from other accredited colleges and universities. Portfolio evaluation and transfer credit sheets form a basis for course evaluation.

ART DEPARTMENT HONORS PROGRAMS

The Department of Art grants honors in Art Education, Art History and Studio Art. Admission is granted at the end of the sophomore or beginning of the junior year to students who have the following qualifications: overall cumulative average of 3.25, major average of 3.25, recommendation by adviser to departmental honors coordinator. The minimum requirements for graduation with honors in Art are an overall cumulative average of 3.25 and 3.50 in major field and completion of the honors program of study.

Students accepted into the university Honors Program may take the following: ARTH 207 Honors: Seminar in Art History (repeatable) and ARTH 208 Honors: Seminar in Non-Western Art History (repeatable).

CAREER OPPORTUNITIES

Towson University's Department of Art has a long tradition of preparing students as highly qualified teachers. To prepare students for other careers in art, the department, in conjunction with The Career Center, has developed internships with various studios, schools, colleges, design firms and museums. These internships provide students with the experience necessary for achieving success in their fields, including Web page design, graphic design, illustration and advertising.

STUDENT WORK POLICY

Material submitted by students to satisfy requirements in any course automatically becomes the property of the Department of Art. This material may be returned to students at the discretion of the faculty member.

The College of Fine Arts and Communication

Department of Dance

Associate Professors: Helene Breazeale (Professor), Jaye Knutson, Susan Mann, Dennis Price (Chair)

OFFICE

Burdick Hall 101, 410-704-2760

PROGRAMS OF THE DEPARTMENT

The Department of Dance offers a Bachelor of Fine Arts degree in Dance Performance and Education, including teacher certification for students planning to teach dance in the public schools. The department offers courses that fulfill various General Education (GenEd) requirements, including I.D. (DANC 321), I.E (DANC 235), II.B.1 (DANC 127), II.B.3 (DANC 101, DANC 105 and 106), and II.C.1 (DANC 102, DANC 123, DANC 125, DANC 133).

The B.F.A. Program promotes excellence in the process of becoming a dance professional or pursuing graduate studies. The experience of moving is the most potent way of understanding dance in this program. Our dual emphasis in ballet and modern dance involves cognitive, affective, and physical ways of doing and knowing. The curriculum promotes dance as a primary human vehicle for communication and expression-unifying diverse populations and having innate cultural value. An active professional faculty provides intensive studio, production and theoretical exposure that supports dancing for a lifetime.

Towson University is the only institution of higher education in Maryland to offer the Bachelor of Fine Arts degree in Dance. All students major in Dance Performance. Students may elect to add the education component. Towson University is an accredited institutional charter member of the National Association of Schools of Dance. The Dance major program is also accredited by the National Council for Accreditation of Teacher Education and the National Association of State Directors of Teacher Education and Certification.

International programs are available at Dartington College of the Arts and other locations by agreement with the faculty.

ADMISSION TO THE MAJOR

Students must first submit a written application to the Office of Admissions. Pending acceptance into the university, students must audition for the Dance major. Auditions are held twice during February. Prospective majors should contact the department for specific dates and an audition application form. The auditions determine the following:

- 1. acceptance into the Dance major
- 2. technical level for class placement
- 3. scholarship recipients

If students are accepted into the Dance major and do not attend the following fall, they must petition the faculty for later acceptance.

TRANSFER CREDIT POLICY

Students transferring from other institutions must complete a minimum of 20 credits of their dance course requirements at Towson University.

MAJOR IN DANCE PERFORMANCE

The major in Dance Performance leads to the Bachelor of Fine Arts degree. Students in the major must complete 62 credits of required dance courses, 6 credits of required interdisciplinary courses, 12 credits of dance electives, 3 credits of other electives, GenEd requirements (DANC 220, DANC 235 and DANC 321; specified components of the Dance Performance major), and the performance requirements outlined below. A grade equivalent of 2.00 or higher is required for all courses in the major.

Requirements for the Major

DANC 451	Dance Education and Public Policies (3)
DANC 481	Dance Company (3)
DANC 492	Practicum in Dance Technique (variable)
DANC 495	Independent Study in Dance (1-3)

At least 6 credits of electives must be in Modern Repertory, Ballet Repertory or Dance Company.

Other Electives (3 credits)

Performance Requirements for Majors

To fulfill performance requirements for graduation, Dance majors must audition for the TU Dance Company a minimum of two times during their tenure at Towson and must fulfill one of the following:

1. Perform with the TU Dance Company (3 credits—audition required) or Ballet or Modern Repertory (3 credits each) for a

Department of Dance

minimum total of 6 credits, and 9 additional credits of works in sections of Dance Composition III and IV for a total of 15 performance credits.

or

Transfer students must consult with the chairperson of the Department of Dance to arrange equivalent performing experiences.

Juries

As a mechanism for assessing progress toward the degree, all Dance majors will be evaluated by a jury of faculty members at the end of the spring semester of the sophomore year. The jury will consider a video portfolio of selections from the audition, movement exams, and performances of each student. In addition, each student will perform a combination of movement material at the time of the jury meeting. Written and verbal assessment will be given to each student in relation to the expected student outcomes of the program. Should the jury find a student to be in difficulty from a technical or academic standpoint, he or she may be advised to consider an alternative program of study.

Crews

All Dance majors are required to complete one crew assignment per year in the sophomore and junior years. These assignments are made by the department. Successful completion of each crew assignment is a requirement for graduation with the B.F.A. in Dance Performance and Education.

MAJOR IN DANCE PERFORMANCE EDUCATION CERTIFICATION

Dance majors may also wish to obtain certification to teach dance at the elementary and secondary levels. Students in this program receive certification to teach dance in grades K-12 in the public schools in Maryland and reciprocal states. The program leads to the Bachelor of Fine Arts degree in Dance Performance and Education.

Admission to the Dance Education Program and Student Teaching requires: 1) admission to the university; 2) admission to the major; 3) a personal interview; 4) completion of a Criminal Background Disclosure Form that must be notarized and kept on file in the Center for Applied Skills in Education (CASE) Office; 5) and completion of a criminal background check that must be kept on file in the CASE Office before the student enters into an intensive/extensive internship or student teaching experience in a public or private school setting (pre-K through 12). Continuance in the program requires the maintenance of an overall QPA of 2.50 and a QPA of 2.75 in the major. Students must also pass all tests required of Teacher Education candidates.

Students whose QPA falls below the minimum requirement will be placed on departmental probation and given one semester to improve their QPA. Failure to do so may result in suspension from

the program.

Students must complete the required dance courses (59 of the 62 credits of Dance Performance major requirements), the required interdisciplinary courses (6 credits), GenEd requirements (COMM 131, HIST 145/146, PSYC 101 and specified non-Western culture GenEd courses approved by the College of Education), the Performance Requirements outlined below, and the following dance and education courses (33 credits).

DANC 201	Developmental Movement (2)
DANC 251	Methods of Teaching Dance (3)
DANC 391	Student Teaching in Elementary School (6)
DANC 392	Student Teaching in Secondary School (6)
DANC 451	Dance Education and Public Policies (3)
PHEC 183	Ballroom/Folk/Square Dancing (1)
PSYC 201	Educational Psychology (3)
SCED 319	Survey of Educational Programs (3)
EDUC 401	Foundations of Education (3)
SPED 301	Introduction to Special Education K-12 (3)

Performance Requirements for Majors

To fulfill performance requirements for graduation, Dance Performance—Education Certification majors must audition for the TU Dance Company a minimum of two times during their tenure at Towson and must fulfill one of the following:

- t. Perform with the TU Dance Company (3 credits—audition required) or Ballet or Modern Repertory (3 credits each) for a minimum total of 3 credits, and 12 additional credits of works in sections of Dance Composition III and IV for a total of 15 performance credits.
- Transfer students must consult with the chairperson of the department to arrange equivalent performing experiences.

SCHOLARSHIPS

To qualify for a dance scholarship, students must be full-time Dance majors. Scholarships are renewed as long as the criteria are met and students remain in good academic standing. Scholarship students are required to participate in department service approximately four to six hours per week. Students select the assignments each semester.

Fax: 410-704-3337

PROGRAMS OF THE DEPARTMENT

The Electronic Media and Film major focuses upon the study of the aesthetics and practical issues of film, television and radio. The major is divided into four tracks in Television, Film, Radio, and Theory and Criticism. Within the tracks, students are encouraged to develop skills in writing, media history and criticism, and professional media production.

The department offers a major in Electronic Media and Film. This is an undergraduate degree program leading either to the Bachelor of Arts or Bachelor of Science degree. The program is designed to prepare students for career positions in film, television, video and radio.

The Department of Electronic Media and Film is committed to the liberal arts and the professional education of its students. Students are encouraged to develop and refine visual, written and technical skills and to cultivate critical thinking abilities in all courses. The program is designed to prepare qualified individuals for careers in electronic media and film as well as to prepare them for graduate study in related fields.

Students selecting the major should contact the department to be assigned an adviser to assist them in designing a program to meet their special needs. Students will meet with their adviser each semester to discuss their progress and to facilitate necessary changes in their course of study.

Screening Requirements

- Students should file a Declaration of Major Form with the department and list themselves as a pre-EMF major (PEMF).
- To be accepted as an Electronic Media and Film major, there are two tiers of screening.
- 1. Effective July 1, 2001, all students must attain a 3.00 average in the following core courses:

EMF 140 — Introduction to Electronic Media

EMF 221 — Principles of Film and Media Production

Students may either take these courses on the Towson campus or have the equivalent courses from their previous college or university. In the latter case, students must still attain the overall 3.00 average in the equivalent courses.

Students who have completed the required core courses with a 3.00 average may request to change from pre-EMF to EMF major status.

2. In the second tier, students are screened by cumulative Quality Point Average (CQPA). One required course in each track is identified as the screening course and requires a special permit for entry into that track. A 2.75 overall CQPA is necessary for the issuance of the special permit to enter these courses. Transfer students must demonstrate a CQPA of 2.75 from all schools of higher education attended.

The following are screening courses for the EMF tracks: Film Track — EMF 267 Filmmaking I: Basic 16mm Production

Radio Track — EMF 265 Radio I

Television Track — EMF 271 Television Studio Production Theory and Criticism Track — EMF 364 Aesthetics of Film and Electronic Media

The Electronic Media and Film Department monitors the status of pre-EMF majors and the issuance of special permits. Any current Towson University student who wishes to declare a new major or a double major in EMF will be placed in pre-EMF major status.

Graduation Requirements

All major requirements must be completed with a grade equivalent of 2.00 or higher. The Pass grading option is not available for courses applicable toward the major.

Bachelor of Arts Degree Option

Students may earn a Bachelor of Arts degree in Electronic Media and Film by completing the intermediate (200) level of a foreign language.

MAJOR IN ELECTRONIC MEDIA AND FILM

The Electronic Media and Film major requires the student to choose a track, after taking two introductory courses. The Electronic Media and Film major requires 39 credits in each track: 6 credits of common introductory courses, 6 credits of writing courses, and 27 credits of courses distributed between required courses and electives. Of those 39 credits, 21 credits must be upper-division courses.

Students are reminded that it is their responsibility to check all prerequisites before registering for any course.

Required Core Courses for All Electronic Media and Film Majors (6 credits):

EMF 140 Introduction to Electronic Media (3)

EMF 221 Principles of Film and Media Production (3)

Upon completion of the required core, students must fulfill the requirements in one of the four tracks outlined below:

FILM TRACK (33 credits)

Writing Requirements (6 credits)

EMF 363 History of Film (3)**

EMF 377 Broadcast/Film Writing (3)**

Production Requirements (9 credits)

EMF 267 Filmmaking I: Basic 16mm Production (3) EMF 275 Principles of Film and Video Editing (3)

EMF 367 Filmmaking II: Sync Sound 16mm Techniques (3)

1) The Pass grading option is not available for these courses.

2) * No more than 3 credits of independent study/internships can be applied to the Electronic Media and Film minor.

3) The department will transfer into the minor up to 9 credit

hours of compatible courses.

4) Students who wish to minor in Electronic Media and Film and major in either Mass Communication or Communication Studies may apply up to 6 credits simultaneously for satisfaction of major and minor.

5) ** This course fulfills the GenEd requirement of category

1.D.— Advanced Composition.

DOUBLE MAJOR IN MASS COMMUNICATION AND COMMUNICATION STUDIES

Students who wish to double major in Mass Communication or Communication Studies and Electronic Media and Film may apply up to 9 credits simultaneously for satisfaction of both majors.

INTERNSHIPS

Internship eligibility requirements for Electronic Media and Film are as follows:

- 1. Junior and senior status
- 2. Major must be declared.
- Completion of courses related to the area of internship concentration, specifically:
- EMF 140 and 271 prior to any television or television broadcast journalism-related placement.
- EMF 221 and 267 prior to any film placement
- EMF 140 and 265 prior to any radio or radio broadcast journalism-related placement.
- QPA requirement: 2.75 overall; 3.00 in the major. Waivers are considered by the department.

For additional information, contact the Career Center.

SCHOLARSHIPS

The Department of Electronic Media and Film offers several scholarships for majors. For more information, contact the department, 410-704-3184.

DEPARTMENTAL ACTIVITIES

Department activities include support for the following active student organizations: Alpha Epsilon Rho (national honorary broadcasting society) and the Film and Video Society. Students are also encouraged to participate in activities such as the Visual Media Laboratory, the campus radio stations, WTSR-AM and WTMD-FM, and the campus television station, WMJF-TV.

PROGRAMS OF THE DEPARTMENT

The Department of Mass Communication and Communication Studies offers the following programs of study: the Communication Studies major, the Mass Communication major, minors in both Communication Studies and Mass Communication, double majors in Political Science and Communication Studies and Political Science and Mass Communication, an interdisciplinary cooperative program with the departments of Marketing and Management, a certificate in Broadcast Journalism, a certificate in Sports Communication, a Master of Science in Communications Management, a graduate certificate in Strategic Public Relations and Integrated Communication, and an advanced study certificate in Litigation Consulting. In addition, the department participates in a multidisciplinary program offering a Master of Science in Human Resource Development.

The department focuses on the study of the structure, processes, aesthetics, functions and effects of human communication and mass media. In this, one of the most broad-based programs in Maryland and the region, students have the opportunity and flexibility to gain knowledge and skills in a wide array of communication fields. In addition, the study of human communication and mass media involves a strong practical

At the undergraduate level, the department seeks to contribute to a broad, liberal education for majors and non-majors by raising their level of oral, visual and written communication literacy, as well as their critical thinking abilities, by developing their understanding and appreciation of human message exchanges, and by recognizing how mass media and speech influence our social, political, artistic and cultural existence. In addition, the department seeks to provide knowledge as well as skill needed for future employment in print and broadcast journalism, news media, advertising, and public relations and/or in business, law, government, education and consulting wherein communication skills are essential.

The faculty members of the department are committed to scholarly research and/or creative productions in the department's various areas of expertise. As part of a metropolitan university's role in serving the region, the department is pledged to providing service to the university and to a larger community in a variety of ways, such as through its speech and debate program, affiliation with Lambda Pi Eta, American Advertising Foundation, Public Relations Group, Society of Professional Journalists, as well as faculty and student presentations, workshops and professional networking.

MAJOR IN COMMUNICATION STUDIES

The general purpose for majoring in Communication Studies is to understand and apply the process and function of human communication, as well as the foundations of communication theory, to students' own discourse and to an evaluation of the discourse of others. In addition, the major allows students to develop skills in communication as a method of inquiry and

Specifically, the major is intended to accomplish two objectives. First, students will be given several different opportunities to develop personal skills which enable them to secure public and private sector positions requiring communication competencies (i.e., speaking, writing, critical thinking, and advocacy skills for interpersonal, organizational and public settings). Second, students will become more liberally educated in personal and societal value structures, ethics, cultural heritage and the impact

of messages upon the individual and society.

Graduates with majors in Communication Studies have gone on to graduate school or careers in the public sector, private industry, or education, and in areas such as personnel, sales, lobbying, internal (organizational) communication, conference and meeting management, training and development, public affairs, corporate relations, law, religion, teaching or communication consulting.

Graduation Requirements

All major requirements must be completed with a grade equivalent of 2.00 or higher. The Pass grading option is not available for courses applicable toward the major.

Bachelor of Arts Degree Option

Students may earn a Bachelor of Arts degree by completing the intermediate (200) level of a foreign language.

Requirements for the Major

The Communication Studies major requires a total of 36 credits: 18 credits in the core, 6 credits of theory and criticism courses, 3 credits of applied communication courses and 9 credits of electives as listed below.

The College of Fine Arts and Communication

Required Courses (18 credits)

COMM 115 Introduction to Interpersonal Communication (3)

COMM 131 Fundamentals of Speech Communication (3)

COMM 211 Rhetorical Theory and Criticism (3)

COMM 331 Advocacy and Argument (3)

COMM 249 Speech and Debate I (1.5)

and

COMM 250 Speech and Debate ff (1.5)

COMM 419 Organizational Communication (3) COMM 480 Communication Research (3)

COMM 495 Independent Study in Communication Studies (1-6)*

MCOM 214 Principles of Advertising (3)

MCOM 253 Principles of Public Relations (3)

Or any of the courses listed above under theory and criticism or applied communication.

*No more than 3 credits of independent study and/or internships can be applied toward the Communication Studies major.

TRANSFER CREDIT POLICY

Transfer students are required to complete 21 credits in residence toward the Communication Studies major. The department will accept up to 15 credits of compatible transfer courses.

DOUBLE MAJOR IN COMMUNICATION STUDIES AND MASS COMMUNICATION

Students who wish to complete a double major in Communication Studies and Mass Communication may apply up to 12 credits simultaneously toward fulfillment of both majors.

MAJOR/MINOR IN COMMUNICATION STUDIES AND MASS COMMUNICATION

Students who wish to major in Communication Studies and minor in Mass Communication may apply up to 6 credits simultaneously toward fulfillment of both major and minor.

DOUBLE MAJOR IN COMMUNICATION STUDIES AND POLITICAL SCIENCE

Students electing to major in both Communication Studies and Political Science must complete the requirements for both majors. Following the outline below, students can complete the two majors with 60 credits of Communication Studies and Political Science courses. Completing these two majors separately requires a minimum of 72 credits (36 credits in each major).

- 1. Required Courses in Political Science (12 credits see the Department of Political Science)
- II. Elective Courses in Political Science (24 credits)

Note: The Department of Political Science will accept two of the following communication studies courses (6 credits) toward fulfillment of the electives in the Political Science major:

COMM 304 Persuasion (3)

COMM 331	Argument and Advocacy (3)
COMM 379	Intercultural Communication (3)
COMM 420	Communication in the Legal Process (3)
COMM 470	Special Topics (3)*

Topic to be approved by the Department of Political Science

111. Required Courses in Communication Studies

- A. Required Courses (18 credits see the Department of Mass Communication and Communication Studies)
- B. Theory and Criticism Courses (6 credits)
- C. Applied Communication Courses (3 credits)
- D. Electives (9 credits)

Note: The Department of Mass Communication and Communication Studies will accept two of the following Political Science courses (6 credits) toward fulfillment of the electives in the Communication Studies

POSC 340	Comparative Public Policy (3)
POSC 361	Political Behavior (3)
POSC 375	Public Administration (3)
POSC 381	Presidency (3)
POSC 383	Congress (3)
POSC 417	Political Parties (3)
POSC 459	Simulation and Games (3)
POSC 461	Research Methods (3)
POSC 470-479	Special Topics (3)*

^{*} Topic to be approved by the Department of Mass Communication and Communication Studies

MINOR IN COMMUNICATION STUDIES

The Communication Studies minor requires 24 credits: 15 credits in the core, 3 credits of theory and criticism courses, 3 credits of applied communication courses, and 3 credits of electives as listed below.

Graduation Requirements

All minor requirements must be completed with a grade equivalent of 2.00 or higher. The Pass grading option is not available for courses applicable toward the minor.

Combined Program with Mass Communication

Students who wish to minor in Communication Studies and major in Mass Communication may apply up to 6 credits simultaneously toward fulfillment of both major and minor.

Required Core (15 credits)

(See list under major requirements. All courses which appear there are required for the minor with the exception of COMM 480.)

Theory and Criticism Courses (3 credits)

(See list under the major requirements.)

Applied Communication Courses (3 credits) (See list under the major requirements.)

Electives (3 credits)(See list under the major requirements. COMM 480 may be added to this list.)

Note: No more than 3 credits of independent study and/or internships can be applied toward the Communication Studies minor.

TRANSFER CREDIT POLICY

The department will accept up to 9 credits of compatible transfer courses toward the minor.

PRE-MASS COMMUNICATION MAJOR

All incoming freshmen, transfer students, and currently enrolled students interested in becoming undergraduate Mass Communi-

Department of Mass Communication and Communication Studies

cation majors must become Pre-Mass Communication majors (PMCO) and enroll in three required screening courses as follows:

ENGL 102 Writing for a Liberal Education (3)

COMM 131 Fundamentals of Speech Communication (3)

MCOM 101 Introduction to Mass Communication (3)

Students cannot apply for MCOM as a major until they have met the above requirement.

Note: This requirement applies to incoming freshmen, transfer students, currently enrolled Towson University students, and students working on a Second Bachelor's degree.

Students are eligible to apply for admission to the Mass Communication (MCOM) major after completing at least 30 credit hours at Towson University or elsewhere, and upon completion of the three courses above earning a minimum grade of C+ (2.33) in each of these courses. No more than one of the screening courses can be repeated for the purpose of determining eligibility. PMCO students interested in declaring MCOM as their major should submit applications to the department office in order to be considered for admission to the program. Attached to these applications should be official transcripts showing grades in the three courses identified above, including equivalent courses taken at other institutions. Three times a year (fall, spring and summer), a group of eligible candidates, namely those who have completed the courses listed above and filed application forms with the department, will be selected to declare Mass Communication as a major.

Students are reminded that admission to the MCOM major is highly competitive and limited to students who complete the screening courses, and earn the highest Quality Point Averages among applicants. The higher a student's cumulative Quality Point Average in at least 30 semester hours, the higher the probability of a student being offered admission to the MCOM major. Successful completion of the screening courses does not, in itself, guarantee admission to the MCOM program. The number selected will be on a space-available basis. The criteria used for selection will be the cumulative QPA from the three courses noted above, regardless of where those courses were taken and the overall QPA at the time of application. The top percentage of students in each grouping will be admitted to the major, the specific number being determined by the ability of the department to provide the needed courses/experiences for the majors. Students may re-apply for admission to the major as often as they choose. Appeals may be addressed to the department's Executive Committee. All appeals should be in the form of a letter accompanied by a transcript.

MAJOR IN MASS COMMUNICATION

The Mass Communication major enables students to learn the practical application, structure, processes, aesthetics, responsibilities and effects of the mass media. The objectives of the Mass Communication major are 1) to provide students with appropriate training for careers in mass communication and 2) to help students become more critical consumers of the media.

Mass Communication majors are expected to develop and refine their visual and written skills; to think critically about ways in which the mass media influence society; and, to recognize and appreciate the need for a broad and diverse liberal arts education.

Students who complete the Mass Communication major will have many career options, especially in the broadly defined fields of print and broadcast journalism, news media, advertising, strategic public relations and integrated communications. Majors are expected to learn how the various fields in mass communication are structured and function, and to understand how the media are converging and the consequences of that convergence.

Students who complete the Mass Communication major are expected to:

understand and apply relevant theories of mass communication

- · understand and analyze research in mass communication
- understand and apply legal issues, statutes and regulations affecting mass communication
- understand and apply ethical principles that can be used to prevent and resolve potential conflicts and dilemmas in the operation of the mass media
- demonstrate proficiency in writing for the mass media
- demonstrate competence in the student's chosen track within the major

Bachelor of Arts Degree Option

Students may earn a Bachelor of Arts degree by completing the intermediate (200) level of a foreign language.

Requirements for the Mass Communication Major

The Mass Communication major requires 36 credit hours: 9 credits in core courses and 27 credits in track courses. Students are required to fulfill the requirements of one track. All major requirements must be completed with a grade equivalent of 2.00 or higher. The Pass grading option is *not* available for courses applicable to the major. Students are reminded that it is their responsibility to check all prerequisites before registering for any course.

Required Core Courses for All Three Tracks within the Major (9 credits)

MCOM 101 Introduction to Mass Communication (3)

COMM 480 Communication Research (3)

or

MCOM 490 Mass Communication Research (3)

MCOM 350 Media Law (3)

or

MCOM 433 Media Ethics (3)

JOURNALISM AND NEW MEDIA TRACK (27 credits)

Note: To begin this track, students should enroll in MCOM 255 News Writing (a special permit course).

Required Basic Courses (12 credits)

MCOM 255 News Writing (3)

MCOM 358 News Editing (3)

MCOM 407 Writing for New Media (3) One of the following:

MCOM 391 Photojournalism (3)

or

Required Professional Skills Writing Courses (6 credits)

Choose two of the following:

MCOM 356 Feature Writing (3)

MCOM 373 News Reporting (3)

MCOM 483 Computer-Assisted Reporting (3)

MCOM 409 Literary Journalism (3)

Track Electives (9 credits)

Choose from the following and from any courses not already chosen in the above groupings:

MCOM 100 Using Information Effectively in Mass Communication (3)

COMM 131 Fundamentals of Speech Communication (3)

COMM 131 Fundamentals o COMM 304 Persuasion (3)

MCOM 341 Digital Publishing (3)

MCOM 352 Media Criticism (3)

MCOM 359 Magazine Publishing (3)

MCOM 381 Broadcast Journalism (3)

MCOM 385 Mass Media and Society (3)

MCOM 411 Communication Process (3)

MCOM 431 Public Opinion and the Press (3)

MCOM 457 Photojournalism II (3)

MCOM 461 Internship in Journalism (1-6)*

MCOM 479 Special Topics in Journalism (3)

MCOM 496 Independent Study in Journalism (1-6)

The College of Fine Arts and Communication

Certificate in Broadcast Journalism

Students completing the Mass Communication major in the Journalism and New Media Track are eligible for a departmental Certificate in Broadcast Journalism if they take an additional five courses as specified below:

EMF 140 Introduction to Electronic Media (3)

EMF 265 Radio Production 1 (3)

EMF 271 Television Studio Production (3)

EMF 273 Electronic Field Production (3) MCOM 381 Broadcast Journalism (3) EMF 481 Television Journalism (3)

Students must earn a grade equivalent of 3.00 or higher in each of the above courses to receive the certificate. Students need to apply for the certificate with documentation of eligibility at least 90 days before graduation.

ADVERTISING TRACK (27 credits)

Note: To begin this track, students should enroll in MCOM 214 Principles of Advertising (a special permit course).

Required Basic Courses (12 credits)

COMM 131 Fundamentals of Speech Communication (3)

MCOM 214 Principles of Advertising (3)

MCOM 323 Advertising Media Planning (3)

MCOM 447 Advertising Campaigns (3)

Required Professional Skills Writing Courses (6 credits)

MCOM 325 Advertising Copywriting (3)

Choose one of the following:

MCOM 255 News Writing (3)

MCOM 357 Public Relations Writing (3)

Track Electives (9 credits)

The following groupings are designed to help students in their selection of electives. Choose from the following and from any courses not chosen in the above groupings:

Advertising

MCOM 440 Advertising Media Sales (3) MCOM 443 International Advertising (3)

Corporate and Institutional Advertising (3) MCOM 445

MCOM 462 Internship in Advertising (1-6)*

MCOM 498 Independent Study in Advertising (1-6)*

KNES 451 History of American Sport (3)

Notes about the major:

- Students must complete at least 18 credits of upper-level coursework in the major.
- No more than six credits of independent study and/or internships can be applied to the Mass Communication major.
- The Pass grading option is not available for courses applied to the major.

- Students who wish to double major in Mass Communication and Communication Studies may apply up to 12 credits simultaneously for satisfaction of both majors. Students who wish to major in Mass Communications and minor in Communication Studies may apply 6 credits simultaneously for satisfaction of both major and minor.
- Students who wish to double major in Mass Communication and Electronic Media and Film may apply up to 9 credits simultaneously for satisfaction of both majors. Students who wish to major in Mass Communication and minor in Electronic Media and Film may apply 6 credits simultaneously for satisfaction of both major and minor.
- Transfer students are required to take 21 hours in residence in their major area. The department will transfer up to 15 semester hours of compatible courses.

DOUBLE MAJOR IN MASS COMMUNICATION AND POLITICAL SCIENCE

Students electing to major in both Mass Communication and Political Science must complete the requirements for both majors. Following the outline below, students can complete the two majors with 60 credits of Mass Communication and Political Science courses. Completing these two majors separately requires a minimum of 72 credits (36 credits in each major).

I. Mass Communication

A. Required Core Courses (9 credits) B. Required Track Courses (12 credits)

C. Required Professional Skills Writing Courses (6 credits)

D. Electives (9 credits)

Note: The department will accept two of the following political science courses (6 credits) toward fulfillment of the electives in the Mass Communication major:

POSC 340	Comparative Public Policy (3)
POSC 361	Political Behavior (3)
POSC 375	Public Administration (3)
POSC 381	Presidency (3)
POSC 383	Congress (3)
POSC 417	Political Parties (3)
POSC 459	Simulation and Games (3)
POSC 461	Research Methods (3)
POSC 470-479	Special Topics (3)*

* Topic to be approved by the Department of Mass Communication and Communication Studies

II. Political Science

A. Required Courses in Political Science (12 credits - see the Department of Political Science)

B. Elective Courses in Political Science (24 credits)

Note: The Department of Political Science will accept two of the following mass communication courses (6 credits) toward fulfillment of the electives in the Political Science major:

MCOM 350	Media Law (3)
MCOM 352	Media Criticism (3)
MCOM 385	Mass Media and Society (3)
MCOM 431	Public Opinion and the Press (3
MCOM 433	Media Ethics (3)

MARKETING INTERDISCIPLINARY SPECIALIZATION FOR MASS COMMUNICATION

Completion of the Mass Communication major in the Public Relations or Advertising Track and 15 credits as follows. Students must earn a grade equivalent of 2.00 or higher in each required course below. Students completing this specialization will receive a departmental certificate. Students need to apply for the certificate with documentation of eligibility at least 90 days before graduation.

The College of Fine Arts and Communication

Marketing Specialization

MKTG 341 Principles of Marketing (3) MKTG 345 Advertising Management (3)

MINOR IN MASS COMMUNICATION

The Mass Communication minor requires a total of 24 credits: 9 credits in required core courses, 6 credits of approved writing courses, and 9 credits of upper-division electives (see major listings).

Core Required Courses (9 credits)

(See list under the major requirements.)

Writing Courses (6 credits)

(See list under the major requirements.)

Electives (9 credits)

Any upper-division courses listed under electives for the major.

Note: No more than 3 credits of independent study and/or internships can be applied toward the Mass Communication minor.

Graduation Requirements

All minor requirements must be completed with a grade equivalent of 2.00 or higher. The Pass grading option is *not* available for courses applicable toward the minor.

Combined Programs with Electronic Media and Film and Communication Studies

Students who wish to minor in Mass Communication and major in either Electronic Media and Film or Communication Studies may apply up to 6 credits simultaneously toward fulfillment of both major and minor.

Transfer Credit Policy

The department will accept up to 9 credits of compatible transfer courses toward the minor.

INTERNSHIPS

Internship eligibility requirements for Communication Studies and Mass Communication are as follows:

- 1. Junior or senior status
- 2. Major must be declared
- Completion of courses related to the area of internship concentration, specifically:
- MCOM 101 and 255 prior to any print journalism placement
- MCOM 101 and 253 prior to any public relations placement
- MCOM 101 and 214 prior to any advertising placement
- COMM 115 and 131 prior to any Communication Studies placement
- QPA requirement: 2.75 overall; 3.00 in the major. Waivers are considered by the department.

For further information, contact the Career Center.

DEPARTMENTAL SCHOLARSHIPS

The Patrick J. O'Connell Memorial Scholarship is available for Mass Communication students with a special interest in Broadcast Journalism, Cinematography, Journalism, Advertising, or Public Relations. Other scholarships include the Eddie Ballard Award for Journalism, the O'Connor Radio Broadcasting Scholarship, the Sam Lacy Sports Communication Scholarship, the Jamie Parker Memorial Scholarship, the George Rogers Jr. Memorial Scholarship, the Murfin Scholarship, the Public

Relations Society of America Scholarship, and speech and debate program scholarships. For scholarship information and deadlines, contact the department scholarship coordinator.

DEPARTMENTAL ACTIVITIES

Department activities include support for the following active student organizations: Speech and Debate Team, Pi Kappa Delta (national honorary forensic society), Pi Lambda Era (national honorary society in communication), the American Advertising Foundation Chapter, the Public Relations Student Group, and the Society for Professional Journalists.

GRADUATE PROGRAM

Information regarding the various graduate programs is included in the *Graduate Catalog*. The department offers a master's degree in Communications Management, a certificate in Strategic Public Relations and Integrated Communications, and a certificate in Litigation Consulting.

ADMISSION TO THE DEPARTMENT

Students who wish to apply to the Department of Music must write or call the department as well as the university's Office of Admissions. Applicants will receive information from both offices regarding the necessary entrance requirements and procedures. Admission to the university does not guarantee acceptance as a music major or minor. Acceptance into the Department of Music is contingent upon a performance audition.

PROGRAMS OF THE DEPARTMENT

The Department of Music offers three major degree programs. The first is a Bachelor of Music with concentrations in Vocal Performance, Instrumental Performance (Winds, Strings, Percussion, and Guitar), Keyboard Performance (Piano and Pipe Organ), Music Literature, Composition, and a Jazz/Commercial program in either Performance or in Composition. The second degree is a Bachelor of Science with a concentration in either Instrumental Music Education or Vocal-General Music Education. The third is a Bachelor of Science in Music.

Although there are courses common to all degree programs and concentrations, each program is designed with its own special requirements, especially in the junior and senior years. These requirements are found on the following pages.

A Music minor is available for those students who desire to pursue music studies as a secondary field.

REQUIREMENTS OF THE DEPARTMENT

Private Lessons and Master Classes

Every Music major must enroll for private lessons on an instrument or in voice with an instructor provided by the university. All students must perform before a faculty jury at the end of each semester in which they are enrolled in private lessons.

To enroll in 300-level private lessons, students must complete the upper-division, double-length jury examination.

All students enrolled for private lessons are required to attend a weekly master class. Activities in master classes range from topics concerning the instrument to performances by students, faculty and guest artists.

Degree Recitals

All Music majors, except those pursuing the Music Literature Concentration, will perform in recital with permission of their applied instructors. The Music Education and Composition Concentrations require a senior recital, while the Performance Concentrations require both junior and senior recitals. Students pursuing a Bachelor of Science in Music and who choose music performance as their principal area of competency perform a senior recital.

Students must enroll in private lessons the semester(s) of their recital(s). Senior recital may not be taken during the same semester as student teaching. A fee is assessed to each student who performs in recital (MUSA 399, MUSA 497, MUSA 498, MUSA 499).

Keyboard Proficiency Test

All students must reach the level of keyboard proficiency established for each degree and concentration. For Music Education majors, the test is scheduled on the Friday of the first week of fall and spring semester classes. Successful completion of Keyboard Proficiency is required for enrollment in Methods of Teaching Instrumental Music in the Elementary School (MUED 306) or Methods of Teaching Vocal-General Music in the Elementary School (MUED 307).

The test is offered for Organ Performance, Piano Performance, Composition, and Music Literature majors during the final exam period of each semester. All other degrees and concentrations allow students to satisfy the Keyboard Proficiency requirement by passing Piano Class I (MUSA 190), Piano Class II (MUSA 191), and Keyboard Harmony (MUSC 235).

Ensembles

All Music majors are required to participate in ensembles. Each degree program and/or concentration has its own set of expectations. These are listed under the "Requirements for the Major" found on the following pages.

Contact the Department of Music for information concerning times and requirements for ensemble auditions. Most auditions are scheduled during the first week of classes. If a student registers for an ensemble and is not selected, it is the student's responsibility to officially drop the ensemble from his or her schedule through the university's Office of Enrollment Services.

Recital Attendance

All Music majors are required to attend 60 approved on-campus recitals or concerts before permission is granted to perform in senior recital. Of those 60, 12 must be faculty performances.

For transfer students, these numbers are pro-rated after discussion with the department chairperson.

Graduation Requirements

Majors must earn a grade equivalent of 2.00 or higher in all music major courses, ensembles, and lessons. This includes foreign languages and Music Education core courses required of degree programs. The Pass grading option is not available for courses applied to the major.

In addition to the required Music major courses, students must fulfill the General Education requirements found in the University Curriculum section in this catalog. Notes: (1) GenEd II.C. 1 is fulfilled by MUSC 102 and (2) GenEd 1.D. is fulfilled by MUSC 302. University regulations require students to accrue no fewer than 32 upper-division (300-400) credits for graduation.

The department also supports the Early Childhood and Elementary Education Programs by offering individual Methods

The College of Fine Arts and Communication

of Teaching Music for each instructional level. In addition, a specific section of Music Fundamentals is offered for majors in the Department of Dance.

TRANSFER CREDIT POLICY

Transfer of major credits is based upon an audition, a review of transcripts, and an interview with the department chairperson. Transfer students must meet with the department chairperson immediately after matriculating.

All Music majors must complete a minimum of 24 major credits at Towson University, all of which are upper-level (300-400) courses.

All Music minors must complete a minimum of 12 credits at Towson University that meet the upper-division electives requirement in Section II of the Minor in Music section in this catalog.

CORE COURSES FOR BACHELOR OF MUSIC AND BACHELOR OF SCIENCE IN MUSIC EDUCATION DEGREES AND CONCENTRATIONS

The following core courses (28-31 credits) are required for all Bachelor of Music and Music Education majors.

MUSA 190 Piano Class I (except Music Education and Keyboard MUSA 191 Piano Class II (except Music Education and Keyboard majors) (1) MUSC 102 Introduction to Music of the Western Heritage: Analytic Emphasis (3)

MUSC 131 Theory I (2) MUSC 132 Theory 11 (2) MUSC 133 Musicianship I (2) MUSC 134 Musicianship II (2) MUSC 231 Theory III (2) MUSC 232 Theory IV (2)

Musicianship III (2) MUSC 233 MUSC 234 Musicianship IV (2) Keyboard Harmony (except Music Education and **MUSC 235**

Keyboard majors) (1) MUSC 301 History of Music I (Jazz/Commercial Performance and

Jazz/Commercial Composition majors substitute MUSC 426 Jazz History) (3)

MUSC 302 History of Music II (3)

Contemporary Music (except Jazz/Commercial MUSC 405 Performance Concentration) (3)

MAJOR IN MUSIC EDUCATION

Students majoring in Music Education are required to complete the core courses listed above (28 credits), the Music Education Professional Core Courses (27 credits), and the GenEd requirements. Students choose either the Instrumental Music Education Concentration (37-38 credits) or Vocal-General Music Education Concentration (31-35 credits).

Successful completion of the program certifies students to teach music at the K-12 level in Maryland (and other states with which reciprocal agreements exist). Certification requires successful completion of courses and requirements in a selected degree program, a criminal background check, the Praxis Examination parts I and II, and the Towson University speech and hearing screenings.

Requirements for Admission to the Teacher Education Program All students applying for admission to a Teacher Education Program are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Studies in Education (CASE) Office, Hawkins Hall, room 302, to be kept on file.

Requirements for Internship and/or Student Teaching Effective fall 1999, all pre-service students in Teacher Education programs, whose program of study requires an intensive/ extensive internship or student teaching experience in a public or private school setting (pre-K through 12), are required to complete and file a Criminal Background Disclosure Form (see above).

To register for student teaching, all pre-service students must complete and submit their scores on the Praxis I, Academic Skills Assessments, to the Center for Applied Skills in Education (CASE) Office. Information on the Praxis tests is available in the CASE Office, Hawkins Hall, room 302.

BACHELOR OF SCIENCE MAJOR IN MUSIC

The Bachelor of Science in Music is designed for students seeking a liberal arts degree in music. Applicants must demonstrate proficiency on an instrument or voice through an audition. For information regarding the requirements of this program, contact the department chairperson.

MINOR IN MUSIC (24 credits)

The Music minor, available for students who desire to pursue music studies as a secondary field, requires 24 credits. Music minors are required to have a department adviser to assist with building meaningful schedules. Courses are selected from the following:

- I. Lower-Division Requirements 100 and 200 level courses (12 credits)
- MUSC 102 Introduction to Music of the Western Heritage:
 Analytic Emphasis or
 - MUSC 106 Honors Introduction to Music of the Western Heritage: Analytic Emphasis (Honors College Only (3)
- 2. MUSC 105 Elements of Theory (3)

or

other theory course as determined by advanced theory placement testing and approved by the division leader of the theory area.

- 3. The remaining 6 lower-division credits may be selected from:
- Any other 100- or 200-level department course except MUSC 101, which may not be used for the minor
- b. Up to 4 credits of private lessons (MUSA) at the 100- or 200-levels
- c. Up to 4 credits of ensembles (MUSA) at the 100-or 200-levels
- II. Upper-Division Electives--300 and 400 level courses (12 credits)
- 1. Up to 4 credits of private lessons (MUSA) at the 300- or 400-levels
- 2. Up to 4 credits of ensembles (MUSA) at the 300- or 400-levels
- Any other 300- or 400-level department courses with the consent of the instructor, including Recitals or Music Theory III and IV and Musicianship III and IV.

Students must attain a grade equivalent of 2.00 or higher for courses applied to the minor. The Pass grading option is not available for courses applied to the minor.

GENERAL EDUCATION REQUIREMENTS

The department also offers courses for non-Music majors. These courses are primarily taken to satisfy GenEd requirements and include the following:

MUSC 100 Information Gathering and Assessment in Music (GenEd 1 B) (3)

MUSC 101 Introduction to Music of the Western Heritage (GenEd IL.C.1) (3)

MUSC 102	Introduction to Music of the Western Heritage: Analytic
	Emphasis (Gen.Ed II.C.I) (3)
MUSC 105	Elements of Western Music Theory (GenEd II.C.l) (3)
MUSC 106	Honors Introduction to Music of the Western Heritage
	(GenEd II.C.1) (3)
MUSC 109	Introduction to World Musics (GenEd II.D) (3)
MUSC 110	Honors World Music (GenEd II.D) (3)
MUSC 111	Introduction to American Music (GenEd II.B.1) (3)
MUSC 112	World Music: The Americas, Africa and West Europe
	(GenEd II.D.) (3)
MUSC 113	World Music: East Europe, Asia, and the Middle East
	(GenEd II.D.) (3)
MUSC 123	History of Jazz (GenEd II.B.1) (3)
MUSC 125	Honors History of Jazz (GenEd II.B.1) (3)
MUSC 127	Elements and History of Rock Music (GenEd II.B.1) (3)
MUSC 205	Women in Western Music (GenEd II.C.3) (3)

PERFORMING ENSEMBLES

Non-Music majors/minors are encouraged to audition for performing ensembles at the beginning of each semester. A complete list of ensemble offerings can be found under Course Descriptions for "Music Applied (MUSA) – Ensembles" in this catalog. (No audition is required for MUSA 150/350 Choral Society or MUSA 160/360 Marching Band). For further information, contact the department at 419-704-2839.

GRADUATE PROGRAM

The Department of Music offers two graduate degrees: a Master of Science in Music Education and a Master of Music in Performance and Composition. A Certificate of Music is also offered. A Certificate in Music: Dalcroze-Orff-Kodaly emphasis may be completed during summer sessions.

Other areas of emphasis may involve the fall, spring and Minimester sessions. Entrance requirements and programs of study are available from the department's graduate program directors and are outlined in the *Graduate Catalog*.

Department of Theatre Arts

Professors: Georgia Baker, Thomas Cascella, Maravene Loeschke, Juanita Rockwell

Associate Professors: Ralph Blasting (Chair), Tom Casciero, lay Herzog

Assistant Professors: Daniel Ettinger, Esiaba Irohi, Robyn Quick, Steve Satta, Diane Smith-Sadak

Part-Time Faculty: Steve Bauer, Allison Campbell, Harvey Doster, Donna Fox, Maurice Gentry, Joel Mouck, Margaret Penniman, Susan Rotkovitz, Barry Smith, Bradley Thoennes, Marianne Wittelsberger, Steve Yeager Adjunct Professor: Philip Arnoult

Distinguished Visiting Professor of Acting: John Glover

Center for the Arts 356, 410-704-2792, 704-2793 Fax: 410-704-3914 www.towson.edu/theatre

PROGRAMS OF THE DEPARTMENT

The Department of Theatre Arts offers the major and minor in Theatre. Theatre majors must complete one of three tracks: Acting, Design and Production, or General Theatre.

The curriculum is designed to provide, in cooperation with other departments, a broad liberal education, as well as specialized professional training in which emphasis is placed on skills as well as knowledge.

The major in Theatre is time-consuming and physically demanding. Participation in mainstage and studio productions is part of the educational program. All Theatre majors and minors are required to participate in crew work for productions. Majors must be free to participate in theatre activities on evenings and weekends.

TRANSFER CREDIT POLICY

Transfer students majoring in Theatre are required to complete a minimum of 20 credits of theatre courses at Towson University, with at least 12 credits at the upper (300-400) level. Majors need a total of 18 upper-level theatre credits, including transfer courses.

Transfer students minoring in Theatre must complete at least 12 credits of theatre courses at Towson University, with at least 6 at the upper level. Minors need a total of 12 upper-level theatre credits, including transfer courses.

Applicability of transfer work is determined by the department chair. Prospective transfer students should schedule an appointment with the chair at their earliest opportunity.

MAJOR IN THEATRE

Theatre majors must complete 45 credit hours in theatre, at least 18 of which must be at the 300-400 level. The major program consists of 30 credits of required courses and a minimum of 15 elective credits in theatre selected from one of the three tracks. Majors should work with a faculty adviser to select courses in their track. Students must attain a grade equivalent of 2.00 or higher in courses applied to the major. The Pass grading option is not available for courses applied to the major. Students are expected to take any lower-division prerequisites before attempting the required upper-division electives.

Requirements for All Majors

Theatre Courses (30 credits)

THEA 101 Acting I (3)

THEA 125 Script Analysis (3)

THEA 142 Introduction to Theatre Design (3) THEA 211 History of Theatre and Drama 1 (3) THEA 212 History of Theatre and Drama II (3)

THEA 213 History of Theatre and Drama III (3)

THEA 331 Directing I (3)

THEA 494 Theatre Production: Concentration in Scenic Elements (1) THEA 495 Theatre Production: Concentration in Lighting, Sound (1)

THEA 496 Theatre Production: Concentration in Costume (1)

THEA 499 Special Project in Theatre Research (3)

ACTING TRACK (15 credits)

The Acting Track is for students who are seeking professional theatre training. Students must have faculty permission to progress through the Acting Track and may be asked to repeat courses or take acting enrichment courses before advancing to the next level.

THEA 105 Drill in Movement (3)

THEA 111 Drill in Voice (3)

THEA 202 Acting II (3)

THEA 222 Voice for the Actor II (3)

THEA 308 Voice and Movement Integration (3)

THEA 309 Acting III (6)

THEA 312 Shakespeare (3)

THEA 315 Advanced Scene Study (3)

Enrichment Courses

Students may take any of the following with the appropriate prerequisites:

THEA 205 Theatre Games (3)

THEA 231 Mime and Physical Theatre Techniques (3)

THEA 261 Acting for Musical Theatre I (3)

THEA 301 Techniques of Comedy (3)

THEA 332 Mime and Physical Theatre Styles (3)

THEA 335 Movement Theatre Improvisation (3) THEA 423 Advanced Study in Movement Theatre (1-9)

THEA 425 Advanced Study in Acting Style (1-9)

THEA 487 Professional Theatre Seminar (1-12)

THEA 489 Senior Acting Seminar (3)

THEA 493 Advanced Study in Theatre (1-9)

DESIGN AND PRODUCTION TRACK (15 credits)

The Design and Production Track includes required courses and enrichment courses.

Required Courses (12 credits)

THEA 201 Scenic Design I (3)

THEA 251 Stagecraft I (3)

THEA 255 Lighting Design I (3)

One of the following:

THEA 351 Stagecraft II (3)

THEA 355 Lighting Design II (3)

THEA 361 Scenic Design II (3)

THEA 453 Costume Design II (3)

Enrichment Courses (3 credits)

THEA 107 Property Design and Construction (3)

THEA 209 Sound Design (3)

THEA 245 Makeup Design 1 (3)

THEA 246 Makeup Design II (3)

THEA 257 Stage Management (3)

THEA 433 Advanced Study in Stage Management (1-9)

THEA 443 Structural Design and Safety (3)

THEA 445 Scene Painting (3)

THEA 463 Period Styles for Design (3)

THEA 480 Advanced Study in Theatre Design (1-9)

THEA 487 Professional Theatre Seminar (1-12)

The College of Fine Arts and Communication

GENERAL THEATRE TRACK (15 credits)

The General Theatre Track serves two types of theatre majors: 1) those who wish to design their own programs of study within the department and 2) those who wish to specialize in areas of theatre studies which are not fully developed in the department (Movement Theatre, Stage Management, Directing, Theatre Arts Administration and Musical Theatre). In addition to the standard requirements for all Theatre majors, students in the General Theatre Track will select at least 15 elective credits with the supervision of a theatre faculty adviser.

Movement Theatre

There are opportunities for majors to explore Movement Theatre in depth. Students interested in Movement Theatre are encouraged to take the following courses offered on a rotating hasis:

THEA 105 Movement Drill for the Actor (3)

THEA 111 Voice Drill for the Actor (3)

THEA 202 Acting 11 (3)

THEA 231 Mime and Physical Theatre Techniques (3)

THEA 332 Mime and Physical Theatre Styles (3)

THEA 335 Movement Theatre Improvisation (3)

THEA 423 Advanced Study in Movement Theatre (1-9)

Selections from:

DANC 101 The Alexander Technique (3)

DANC 109 Jazz Dance 1 (2)

DANC 111 Tap I (2)

DANC 371 Modern for Non-Majors (2)

Directing

Students who have successfully completed Directing 1 and who have stage managed may propose to direct a Studio Project. There are several levels of increasing support and responsibility to which student directors may progress with faculty approval.

Stage Management

Students interested in Stage Management have excellent opportunities to stage manage studio and then mainstage productions. Student stage managers may work with several of the directors on the faculty and with professional guest artist directors. The stage managing course is offered every fall.

Theatre Administration

Students interested in box office, house managing, publicity and other aspects of Theatre Administration have the opportunity to gain work experience through crew work, independent study, and paid positions in the College of Fine Arts and Communication. Several internships with local theatres are available. Students with this interest often complete a Business Administration minor. There are no courses in Theatre Administration in the department.

Musical Theatre

Students interested in Musical Theatre have the opportunity to perform with the Maryland Arts Festival in the summer. The department produces a mainstage musical once every two years. Some students may take private voice lessons with the Department of Music and dance classes with the Department of Dance. Students may pursue a course of study through Towson's Interdisciplinary Studies Program.

MINOR IN THEATRE

The Theatre minor requires students to take 26 credit hours in theatre. The Pass grading option is not available for courses applied to the minor. Students must attain a grade equivalent of 2.00 or higher for courses applied to the minor. At least 12 of these hours must be at the upper-division. Students are required to take one Acting course and one Design and Production course. Students must complete two of the following courses with grades of C (2.00) or better: THEA 494, Theatre Production: Concentration in Scenic Elements; THEA 495, Theatre Production: Concentration in Lighting or Sound; THEA 496, Theatre Production: Concentration in Costume. Students are encouraged to pursue an area of study within one of the department's tracks (Acting, Design and Production, or General) under the supervision of an adviser.

MEETING GENERAL EDUCATION REQUIREMENTS

The Department of Theatre Arts offers courses that are designed for students who are not majors or minors. These courses are primarily taken to satisfy General Education requirements. Please see the General Education (University Curriculum) section of this catalog.

CAREER OPPORTUNITIES

Career opportunities in theatre include professional acting, directing, technical theatre, costume, make-up, light and set design, stage managing, theatre management and movement theatre. Students preparing to teach drama in high school must carry a secondary education major, but may consider carrying a theatre major as well. Theatre alumni have also found careers in related areas such as clothing design, computer-aided design, casting agencies, business management, personnel work, promotional agencies, film and television. Many of our graduates go on to graduate school in theatre, either in preparation for professional theatre careers or college teaching.

SCHOLARSHIPS

A limited number of scholarships are available for continuing students, including the Askew Scholarship, the Charles Dutton Scholarship, the John Glover Scholarship, the C. R. Gillespie Scholarship, and the Nina E. Hughes Memorial Scholarship.

GRADUATE PROGRAM

Master of Fine Arts in Theatre

The Master of Fine Arts in Theatre at Towson University is an experimental, self-directed graduate program designed to challenge, expand and develop participants' artistic vision. Focusing on original solo and ensemble work, it aims to reconstruct a theatre suited to the challenges of the 21st century. Our curriculum includes residencies and workshops by nationally and internationally recognized guest artists and encourages its students to collaborate on interdisciplinary and cross-cultural projects. For more information, see the TU *Graduate Catalog*; call 410-704-3851 or view the Web site at www.towson.edu/theatre/grad.

The College of Health Professions

Society places great value on health. The College of Health Professions accepts as its philosophical foundation the belief in the worth and dignity of individuals and their right to fulfill their potential in life. Preservation or restoration of the individual's dignity through health then becomes the basic tenet of the programs of the college. The programs promote the attainment of the highest level of wellness possible in the patients and clients who are served. Graduates of the college are committed to service to the public in maintaining wellness and to those whose well-being is threatened or altered by illness, injury or natural processes.

The programs in the college prepare graduates to assume roles in a variety of clinical, teaching and community settings. Each program integrates this professional preparation with a rigorous grounding in the liberal arts and sciences. Faculty members support students' development of professional behaviors and skills, as well as academic knowledge, problemsolving skills, and use of ethical decision making in all areas. Internships and clinical experiences are an essential part of each student's education in the health professions programs.

Programs in the college are accredited by appropriate professional and educational accrediting agencies. Graduates of the baccalaureate programs of Nursing and Occupational Therapy are eligible to sit for their respective licensure or certification examinations. In addition to providing courses for students majoring in each of the departments, each department provides courses that are available to all Towson University students.

PROGRAMS OF THE DEPARTMENT

The Department of Communication Sciences and Disorders offers a major in Speech-Language Pathology and Audiology, and a major in Deaf Studies. These majors are broadly based in liberal arts and sciences with emphasis on information gathering, observation, and the ability to evaluate information sources. At the undergraduate level, the programs emphasize information on the development and normal processes of communication, as well as communication disorders.

The undergraduate major in Speech-Language Pathology and Audiology prepares students for graduate study. The Master of Science degree program in Speech-Language Pathology and Audiology focuses on specific communication disorders, their diagnoses and treatment. The graduate program prepares students for national/state certification and state licensure, for clinical work in public and private schools, colleges, and medical/paramedical institutions, and to pursue advanced degrees in the profession. For more information about the graduate program, see the *Graduate Catalog*.

The Deaf Studies major offers students a broad-based liberal arts education, and an opportunity for the holistic study of sign language and the people who use it. The program incorporates opportunities to interact with professionals in the field and consumers who are deaf, as well as unique internship experiences in the Baltimore-Washington area. The major prepares graduates for entry-level positions in human services professions involving people who are deaf. Graduates also pursue careers in counseling, deaf education and interpreting, or graduate study in education, counseling or rehabilitation.

The concept of "wellness" recognizes the importance of hearing, language and speech as core criteria for quality of life. The ability to communicate is primary to normal child development and to the maintenance of physical, social, mental and spiritual health of an individual. The Department of Communication Sciences and Disorders prepares professionals to provide prevention, diagnostic treatment and other support services to people of all ages, with the goal of helping individuals maintain and enhance their communicative competence throughout their life span.

PRE-MAJOR REQUIREMENTS

Enrollment in the Speech-Language Pathology and Audiology major is restricted as a function of the availability of clinical internship experiences, clinical supervisors, faculty and space. Each student must fulfill pre-major requirements before being considered for admission to the major. These requirements include declaration of major in the department as a pre-major, completion of the five required pre-major courses, and a speech, language, hearing and voice screening.

Registration with the Department

After gaining admission to the university, students are advised to contact the Department of Communication Sciences and Disorders during their first semester in order to be assigned an academic adviser to discuss the following:

1. procedures for requesting admission to the major

2. the nature of the profession

3. the requirement of a master's degree in Speech-Language Pathology or Audiology for

certification by the Maryland State Department of Education
 licensure to work in hospitals and other clinics in the state of Maryland

- certification by the American Speech-Language-Hearing Association

4. the requirement of a clinical fellowship year

the national certification examination
 Students are advised to declare a pre-major in this area as soon as possible.

Pre-Major Courses

The following required courses must be completed before the student can be considered for admission to the major.

SPPA 105 Speech and Language Development (3) SPPA 210 Phonetics of American English (3)

PSYC 101 Introduction to Psychology (or equivalent) (3) Natural Lab Science (4)* Social/Behavior Science (3)**

The grade point average of each pre-major will be reviewed upon completion of the pre-major courses. Each candidate must have a minimum cumulative quality point average of 2.50 on a 4.00 scale for all course work, and a 2.80 in the five pre-major courses to be eligible for credentials evaluation. All eligible pre-majors are ranked by average of overall and pre-major QPA at the end of the spring semester; a maximum of 50 are selected for fall admission to major status. Evaluation of credentials for advancement to major status occurs after spring semester grades are posted, and students are notified of status by certified mail no later than June 15. Once students are admitted to major status, the program will require a minimum of four semesters to complete.

The department maintains these high standards because students must obtain a master's degree to practice speech-language pathology or audiology, and admission to graduate school is primarily dependent on academic excellence in undergraduate course work.

*i.e., BIOL 110 or 201; PHYS 211; CHEM 110 or 105

**i.e., SOCI 101; ANTH 207, 208, 209; PSYC 201, 203, 205, 211, or 230; GEOG 109; ECED 101, or EDUC 201

Speech, Language, Hearing and Voice Screening

Students majoring in Speech-Language Pathology and Audiology are expected to demonstrate proficiency in all areas of communication (reading, writing, oral) and in computational abilities. Students must have a hearing, language, speech and voice screening by clinically certified and licensed staff of the TU Speech-Language-Hearing Clinic. Students must arrange to be screened during their first semester in the program. These screenings are offered by the department on specific, announced days during the first weeks of each semester. Students exhibiting a communication disorder or a dialect of English that is not easily understood will be encouraged to seek treatment/training. It is expected that such students will show improved oral communication ability prior to enrolling in their first clinical internship course. If a pertinent medically based problem is suspected, a student may be required to obtain an otolaryngological examination and submit the written report to the department. Each student is given a copy of the department's screening policy upon declaration of pre-major.

TRANSFER STUDENT POLICIES

Transfer students who wish to major in Speech-Language Pathology and Audiology must register with the department after they have been admitted to the university. Students should arrange for their speech-language-hearing and voice screening during their first semester at Towson. Since screening for advancement to major status is only done at the end of a spring semester, transfer students should be admitted to the university no later than that semester.

Students must submit to the department an official transcript of any academic work pursued at all institutions of higher learning. All transfer credits to be applied to the major must be approved by the department. SPPA 210, Phonetics, must have been completed within the previous 10 years and all five pre-major courses must have been completed by the time of admission to the major.

Transfer students are required to take 20 hours in residence in their major area.

PREREQUISITE/SECOND BACHELOR'S PROGRAM

Admission to the graduate program in either Speech-Language Pathology or Audiology for those without an undergraduate degree in Speech-Language Pathology or Audiology, requires matriculation in either a 30-credit non-degree/prerequisite program or a 49-credit Second Bachelor's Degree Program. The non-degree program is specific to application to our graduate program, whereas the Second Bachelor's Degree Program prepares students for application to any graduate program. Candidates for either option should contact the Office for Non-Traditional Undergraduate Programs, 410-704-2471. In order to register for classes you must first be officially admitted to the university, and then officially declare your major with the department. Failure to begin during a fall semester will extend your program. Course work cannot be completed in one year; only a limited number of students are selected from those who have applied by March 15 each year.

MAJOR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY

In addition to the General Education (GenEd) requirements, Speech-Language Pathology and Audiology majors must complete 45 credits in required speech-language pathology and audiology courses. In order to continue in and graduate with the Speech-Language Pathology and Audiology major, students are required to earn a grade equivalent of 2.00 or higher in all required pre-major and major courses, in addition to attaining the overall cumulative quality point average required by the university. Any student earning a grade equivalent below a 2.00 in any one major required course must petition the department for a special permit to repeat the course on a space-available basis. Those who earn a grade equivalent below a 2.00 in more than one major required course are not allowed to continue in the program. However, a master's degree is the entry certificate for the professions, and most graduate programs generally require a minimum QPA of 3.00 for admission consideration. The Pass/ Fail grading option may not be applied to any SPPA course or required major course.

Pre-Major Sequence (16 credits required)

SPPA 105	Speech and Language Development (3)
SPPA 210	Phonetics of American English (3)
PSYC 101	Introduction to Psychology (3)
	Natural Lab Science (4)
	Social/Behavior Science (3)

Major (43 credits required)

SPPA 200	Anatomy and Physiology of the Auditory and Vocal
	Mechanism (3)
SPPA 205	Basic Sign Language (3)
SPPA 303	Hearing Science (3)
SPPA 313	Language and Speech Science (3)
SPPA 302	Speech and Language Pathology I: Phonology (3)
SPPA 304	Speech and Language Pathology II: Language (3)
SPPA 321	Introduction to Audiology (3)
SPPA 325	Introduction to Aural Rehabilitation (3)
SPPA 416	Clinical Observations and Techniques (3)
SPPA 417	Technical Writing in Clinical Processes (3)
PSYC 212	Behavioral Statistics (4)

Electives (9 of the 43 required; only 3 credits of special format courses SPPA 496-498 may be applied to requirement)

courses or	TA 496-496 may be applied to requirement)
SPPA 206	ASL I (3)
SPPA 306	Speech and Language Pathology III: Organic Disorders (3)
SPPA 307	ASL II (3)
SPPA 341	Clinical Audiology (3)
SPPA 345	Psychosocial Aspects of Deafness (3)
SPPA 487	Clinical Internship (3)
SPPA 496	Independent Study in Speech-Language Pathology and
	Audiology (1-4)
SPPA 497	Directed Readings in Speech-Language Pathology and

Audiology (1-4) SPPA 498 Proctoring in Speech-Language Pathology and Audiology (3)

MAJOR IN DEAF STUDIES

In addition to the General Education (GenEd) requirements, Deaf Studies majors must complete 46 credits in required program courses with a grade equivalent of 2.00 or higher, including 32 credits of upper-level course work inclusive of an Advanced Composition Course (GenEd I.D.). The major also requires a speechlanguage-hearing screening, and completion of a Criminal Background Disclosure Form.

Required Courses (38-40 credits)

required Co	ourses (50-10 creates)
SOCI 101	Introduction to Sociology (3) (GenEd II.B.2)
PSYC 101	Introduction to Psychology (3) (GenEd II.C.2)
PSYC 205	Introduction to the Helping Relationship (3)
SPPA 105	Speech and Language Development (3)
SPPA 205	Basic Sign Language (3) (GenEdII.B.3)
SPPA 206	American Sign Language I (3)
SPPA 307	American Sign Language II (3)
SPPA 345	Psychosocial Aspects of Deafness (3)
SPPA 311	Audition: Science and Social Impact (3)
DFST 310	Career Exploration in Deafness (3)
DFST 403	American Sign Language III (3)
DFST 404	American Sign Language IV (3)
DFST 410	Internship in Deafness (2-4)

PSYC 361

Electives (8 credits)			
DFST 308	Fingerspelling (2)		
DFST 309/509	Introduction to Deafblindness (2)		
SPPA 496	Independent Study in SPPA (1-4)		
SPPA 497	Directed Readings in SPPA (1-4)		
SPPA 498	Proctoring (3)		
CLST 201	Introduction to Cultural Studies (3)*		
COMM 301	Nonverbal Communication (3)		
EDUC 301	Writing and Communication Skills for Teachers (3)		
	(GenEd I.D)		
EDUC 407	Contemporary Issues in Education (3)		
ENOL 317	Writing for Business and Industry (3)		
ENOL 318	Advanced Informational Writing (3)		
PSYC 212	Behavioral Statistics (4)		
PSYC 203	Human Development (3)		
PSYC 305	Psychology of Learning (3)		
PSYC 315	Motivation (3)		
PSYC 325	Social Psychology (3)		
PSYC 350	Personality (3)		

Abnormal Psychology (3)

SOCI 311 Individual and Society (3) SOCI 343 Minority Groups (3)

SPED 30 Introduction to Special Education: K-12 (3)

STUDENT ACTIVITIES

Students are encouraged to participate in the campus chapter of the National Student Speech-Language Hearing Association. In addition, Sign Up (sign language club) welcomes student participation.

Department of Health Science

Professors: Patricia Alt, Neil Gallagher (Chair), Larry Olsen, Jack Osman, Susan Radius, Deitra Wengert

Associate Professors: Lillian Carter, Sharon Buchbinder (Coordinator, Health Care Management), Donna Cox (Coordinator, Chemical Dependency Counseling and Education)

Assistant Professors: Daniel Agley, Kandice Johnson, Hubert Nelson

OFFICE

Burdick Hall 141, 410-704-2388

PROGRAMS OF THE DEPARTMENT

The field of health science bridges the gap between scientific discoveries and the application of this knowledge to improve the quality of service and life.

The Department of Health Science offers the following programs: the major in Health Education with concentrations in Community Health and/or School Health; the major in Health Care Management; and a community college partnership program leading to the Bachelor's of Technical/Professional Studies in Chemical Dependency Counseling and Education with tracks in Chemical Dependency Counseling and Rehabilitation and Chemical Dependency Prevention and Education.

MAJOR IN HEALTH SCIENCE

Students interested in majoring in Health Education, Health Care Management, or Chemical Dependency Counseling and Education should contact the department chair to receive information about these programs and to learn more about completing a course of study in these programs. All students should meet with their assigned adviser each semester.

In addition to completing major requirements, students must complete the General Education requirements. A minimum grade equivalent of 2.00 or higher is necessary for all required courses.

TRANSFER CREDIT POLICY

All Health Science majors must complete a minimum of 30 credits toward the major at Towson University, with at least 15 credits at the upper-level (300-400), including the advanced writing course (GenEd I.D).

SCHOOL AND COMMUNITY HEALTH EDUCATION/ COMMUNITY HEALTH CONCENTRATIONS

Health education is both a science and an art that deals with the complexities of human behavior with the expressed purpose of promoting healthy behaviors. In order to develop the competencies necessary to be an effective health educator, students need a foundation built on principles derived from behavioral, biomedical and social sciences, as well as education. The expertise common to all health education specialists, regardless of the setting in which they practice, is the ability to apply teaching/learning principles to health/illness issues.

In the junior year of this major, students must decide if they want to participate in a community health internship or a student teaching experience. Students selecting the student teaching experience will receive certification to teach K through 12. The students who select School Health Teacher Education must meet the requirements for admission to the professional education program and to student teaching. Prior to student teaching, individuals must pass the Praxis I test. Students should schedule this examination during their junior year. Transfer students should plan to take additional semesters of study.

^{*}Additional CLST courses would be acceptable

Curriculum and Planning (HLTH 315) fulfills the GenEd I.D. advanced level writing course requirement.

GenEd requirements include ENGL 102, BIOL 110, SOCI 101, PSYC 101, CHEM 100 or 105, HLTH 101 and HLTH 315.

SCHOOL HEALTH — TEACHER EDUCATION CONCENTRATION

Requirement for Admission to Teacher Education Program All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is be notarized and sent to the director of CASE to be kept on file. Please read the section on Admission to Teacher Education Programs in the College of Education section.

Requirement for Student Teaching

Effective fall 1999, all pre-service students in Teacher Education programs at Towson University whose program of study requires an intensive/extensive internship or student teaching experience in a public or private school setting (pre-K through 12) will be required to undergo a criminal background check before entering this experience. The criminal background check must be filed with the director of CASE. Please read the section on Admission to Student Teaching in the College of Education section.

COMMUNITY HEALTH INTERNSHIP

The Community Health Internship serves as a capstone experience where students can apply the knowledge they have gained in a health setting. To be eligible for the internship, students must have senior status and must have successfully completed all required courses with a grade of C or better.

SUGGESTED COURSE SEQUENCE FOR HEALTH **EDUCATION MAJORS**

The following are the courses and recommended sequence for Health Science majors in School Health — Teacher Education, Community Health, and School and Community Health concentrations.

Freshman Year

First Semester (16 credits)

HLTH 101 Wellness for a Diverse Society (3)

Contemporary General Biology (4) BIOL 110

PSYC 101 General Psychology (3)

SOCI 101 Introduction to Sociology (3)

ENGL 102 Writing for a Liberal Education (3)

Second Semester (17 credits)

CHEM 105 Chemistry for Allied Health Professions (4)

COMM 131 Fund. of Speech Communication (3)

PHEA xxx Physical Education Elective (1)

Non-Western Culture Course (3) GenEd II.D.

GenEd I.B (3)

GenEd (not HIST) 11.C.1 (3)

Sophomore Year

First Semester (16 credits)

BIOL 213 Human Anatomy and Physiology I (4)

HLTH 103 Emergency Medical Care (3)

HLTH 222 Foundations of Health Education and Health Behavior (3)

HLTH 207 Health Care in U.S. (3)

GenEd I.C. (3)

Second Semester (16 credits)

BIOL 214 Human Anatomy and Physiology II (4)

PSYC 201 Educational Psychology (3)

HIST 145 History of the U.S. to Mid-19th Century (3)

HIST 146 History of the U.S. since Mid-19th Century (3)

HIST 145 or HIST 146 can be used to fulfill GenEd II.B.1

GenEd II.C3 (3)

HLTH Elective (3)

Junior Year

First Semester (15 credits)

HLTH 204 Nutrition/Weight Control for Consumer (3)

HLTH 208 Mental Health/Stress Management/Crisis Intervention (3)

HLTH 315 Curriculum and Planning in Health Educ. (3)

GenEd I.E. (3) Elective (3)

The following semesters are listed according to the concentration selected by students. Selection of a concentration must be declared with the department chairperson before the second semester of the junior year. Requirements differ based on the concentration selected. See the department chairperson for

Junior Year — School Health—Teacher Education

(Students must take the Praxis I test.)

Second Semester (12 credits)

HLTH 425 Instruction Methods in Health (3)

HLTH 401 Teaching About Drugs and Sex (3)

SCED 460 Teaching Reading in Secondary School (3)

SCED 341 Principles of Secondary Education (3)

Junior Year — School and Community Health Education

(Students must take the Praxis I test.)

Second Semester (15 credits)

Instruction Methods in Health (3) HLTH 425

HLTH 401 Teaching Ahout Drugs and Sex (3)

HLTH 435 Epidemiological Basis for Disease (3)

SCED 460 Teaching Reading in Secondary School (3)

SCED 341 Principles of Secondary Education (3)

Junior Year — Community Health

Second Semester (15 credits)

HLTH 425 Instruction Methods in Health (3)

HLTH 401 Teaching About Drugs and Sex (3)

HLTH 435 Epidemiological Basis for Disease (3)

HLTH xxx Elective (3)

HLTH xxx Elective (3)

Senior Year - School Health - Teacher Education

(Students must take the Praxis I test.)

First Semester (12 credits)

HLTH 432 Measurement and Evaluation in Health Education (3)

EDUC 401 Foundations of Education (3)

SPED 301 Introduction to Special Education (3)

HLTH 430 Organization Implementation/Management of Health Programs (3)

Senior Year — School and Community Health Education

(Students must take the Praxis I test.)

First Semester (12 credits)

HLTH 432 Measurement and Evaluation in Health Education (3)

EDUC 401 Foundations of Education (3)

SPED 301 Introduction to Special Education (3)

HLTH 430 Organization Implementation/Management of Health Programs (3)

The College of Health Professions

Senior Year — Community Health

First Semester (15 credits)

HLTH 432 Measurement and Evaluation in Health Education (3)

EDUC 401 Foundations of Education (3)

HLTH 430 Organization Implementation/Management of

Health Programs (3)

HLTH xxx Elective (3) HLTH xxx Elective (3)

Senior Year — School Health—Teacher Education

(Students must have passed the Praxis I test.)

Second Semester (12 credits)

HLTH 388 Student Teaching in Secondary Education (12)

Senior Year - School and Community Health Education

(Students must have passed the Praxis I test.)

Second Semester (12 credits)

HLTH 387 Student Teaching in Secondary Education (6)

HLTH 421 Fieldwork in Community Health (6)

Senior Year — Community Health

Second Semester (12 credits)

HLTH 422 Fieldwork in Community Health (12)

MAJOR IN HEALTH CARE MANAGEMENT

The Health Care Management curriculum is designed to provide students with a comprehension of U.S. health care organizations, a public health orientation including epidemiological concepts and tools, and the math language and computer competencies for research development, organizational management and/or program evaluation. Depending on a student's interest, graduate training in health administration is recommended after completing this course of study.

Required Prerequisites (21 credits)

ACCT 201 Accounting Principles I (3)

ACCT 202 Accounting Principles II (3)

ECON 201 Microeconomic Principles (3)

ECON 202 Macroeconomic Principles (3)

HLTH 101 Current Health Problems (3)

MATH 231 Basic Statistics (3)

SOCI 101 Introduction to Sociology (3)

Required Courses

Health Care Management (27 credits)

HLTH 207 Health Care in the U.S. (3)

HLTH 305 Health Care Administration (3)

HLTH 311 Chronic and Communicable Disease (3)

HCMN 415 Finance and Organization of Health Care in the U.S. (3)

HCMN 421 Legal and Ethical Issues in Health Administration (3)

HCMN 495 Internship (12)

Business Core (12 credits)

LEGL 225 Legal Environment of Business (3)

FIN 331 Financial Management (3)

MNGT 361 Principles of Management (3)

MKTG 341 Principles of Marketing (3)

Interdepartmental Courses (12-13 credits)

COSC 111 Information and Technology for Business (3)

ECON 339 Economics of Health (3)

ENGL 317 Writing for Business and Industry (3) Laboratory Science Elective (3,4)

Internship-HCMN 495 (12 credits)

Students have the opportunity to gain hands-on, practical work experience in this full semester "capstone" course. Students will be able to apply the knowledge and skills they have acquired in managing and delivering health services.

Students must apply for the internship in the semester prior to enrolling in HCMN 495. The internship coordinator will assign students to a placement site based on the acceptability of student to agency and the acceptability of agency to student.

MAJOR IN CHEMICAL DEPENDENCY COUNSELING AND EDUCATION

The Bachelor's of Technical/Professional Studies (B.T.P.S.) in Chemical Dependency Counseling and Education is an articulated program for students who have completed an Associate of Applied Sciences (A.A.S.) degree. This 2+2 program consists of training in the Chemical Dependency Counseling Program at the Community College of Baltimore County, Dundalk, followed by additional years of study at Towson University to complete the bachelor's degree in Chemical Dependency Counseling and Education.

The bachelor's degree program includes the following areas of curricular emphasis:

- Chemical dependency prevention at the primary, secondary and tertiary levels
- Fundamental tasks and responsibilities of the chemical dependency counselor
- Analysis and application of current research and outcome data in clinical practice
- Ethnical and behavioral standards of conduct in helping relationships
- Diversity and its influence on educational strategies and clinical practice

The program offered by the Community College of Baltimore County, Dundalk prepares students to be chemical dependency counselors. The Towson University program enhances the knowledge and skills gained through the community college program by focusing particularly on ethical and behavioral standards, cultural diversity and research applications as they relate to prevention and treatment of chemical dependency.

Admission Requirements

Applicants must meet the general requirements for undergraduate study outlined in the catalogs of the Community College of Baltimore County and Towson University. To enter the Towson University program, students must also have earned 62 to 64 credits from an institution's A.A.S. degree program in chemical dependency counseling or mental health/human services.

Program Requirements

The Bachelor's of Technical/Professional Studies in Chemical Dependency Counseling and Education requires the completion of a minimum of 120 credits, 62-64 of which are earned through the A.A.S. degree program. Of the 120 credits, each student must complete 30 credits in the arts and sciences, as follows:

- 6 credits in communication (including an advanced writing course)
- 6 credits in mathematics/computer science (MATH 231 or other appropriate statistics course)
- 12 credits in fine arts, social/behavioral sciences, and humanities
- 6 credits in natural sciences

Lower-level courses from two-year institutions will be applied to this 30-credit requirement, as appropriate.

In addition, students must complete 36-39 upper-level credits including 18 credits in one of two tracks: Chemical Dependency Counseling and Rehabilitation or Chemical Dependency Prevention and Education, and 15 credits in upper-level electives. An additional 6 upper-level credits of internship/practicum experience are also required beyond the internship experience earned via the A.A.S. degree program.

Department of Health Science

CHEMICAL DEPENDENCY COUNSELING AND REHABILITATION TRACK

Students who wish to pursue this track must have completed at least 24 credits in counseling or psychology, with course work in abnormal psychology; theories of addiction behavior and counseling; individual, family and group counseling; pharmacology; and delivery of services.

Required Courses (18 credits)

CDCE xxx	Cultural Diversity and Professional Practice (3)
CDCE xxx	Professional Standards and Ethical Responsibilities (3)
CDCE xxx	Research Applications in Professional Practice (3)
CDCD xxx	Cognitive Behavioral Treatment of Addictions (3)
PSYC 314	Experimental Psychology (3)

NURS 404 Health Care: An Interdisciplinary Approach (3)

or

HCMN 415 Financing and Organization of Health Care Services (3)

Electives (15 credits)

The track requires 15 credits of upper-division electives. Students should consult with their adviser to develop a coherent course of study. Students may receive approval from their adviser to complete electives not listed here.

complete	electives not listed here.
PSYC 309	Psychopharmacology (3)
PSYC 315	Motivation (3)

HONORARY SOCIETY

Eta Sigma Gamma, the national professional honorary society in health education, has established the Beta Zeta Chapter in the Department of Health Science. The purpose of the organization is to elevate standards, ideals and ethics of the profession. For information concerning Beta Zeta, contact the chair of Health Science, 410-704-2378.

HEALTH SCIENCE RECOGNITION AWARD

This award is presented in the spring commencement ceremony to outstanding undergraduate Health Education and Health Care Management majors.

GRADUATE PROGRAM

The department offers a Master of Science degree with concentrations in Health Administration, Community Health Education, and School Health Education. For more information, see the *Graduate Catalog*.

PRE-MEDICAL TECHNOLOGY PRE-PROFESSIONAL PREPARATION

A career in medical technology can be both stimulating and rewarding, since the field is rapidly growing with advances in medical science. The medical technologist works under the supervision of a pathologist in a laboratory and performs tests on which doctors rely for assistance in diagnosing or treating diseases.

Towson University's Pre-Medical Technology Program provides the liberal arts and science basis for continuation of the degree program at the University of Maryland at Baltimore (UMAB) or Salisbury State University. Pre-Medical Technology students are required to complete the GenEd requirements before transferring to another senior institution.

The College of Health Professions

Students who intend to transfer to UMAB to complete the Bachelor of Science degree in Medical Technology must complete the following during the first two years at Towson.

BIOI. 110 General Contemporary Biology (4)

BIOL 213 Anatomy and Physiology I (4)

BIOL 214 Anatomy and Physiology II (4)

BIOL 315 Medical Microbiology (4)

Chemistry

CHEM 101 General Chemistry I (4)

CHEM 102 General Chemistry II (4)

CHEM 330 Organic Chemistry (5)

Computer Science

COSC 165 Visual Basic (3)

English

ENGL 102 Writing for a Liberal Education (3)

ENGL xxx English Elective (3)

Mathematics

MATH 111 Algebra for Applications (3)

MATH 327 Elementary Biostatistics (4)

Humanities Electives (3 credits)

Select courses from history, literature, philosophy, art and music. In addition, credit for foreign language will be given only upon completion of either the first elementary year or an advanced course.

Behavior and Social Science Electives (6 credits)

Select from economics, political science, urban studies, sociology, geography, anthropology, African-American studies or psychology.

Electives (8 credits)

CHEM 331 Organic Chemistry II (5)

PHYS 100 Understanding Physics (3)

PHYS 102 Introduction to Physics (3)

BIOL 401 Genetics (4)

Students should make application to UMAB upon completing 45 credits at Towson. See the Pre-Medical Technology coordinator for application information, Burdick Hall, room 141.

Department of Kinesiology

Professors: Andrea Boucher, Ellen Eason, Raymond Stinar (Chair) Associate Professors: Ned Britt, Margaret Faulkner, William Forbes, Robert Slevin, David Zang

Assistant Professors: Phil Albert, Vincent Angotti, Li Chen, Paul Downing, Joanne Dusel, Jeffrey Fairbrother, Klara Gubacs, Karla Kubitz, Robert Martin, Gail Parr, Darcy Plymire, Carl Runk

Instructors: Lisa Swanson, Susan Truitt

Part-time Faculty: Kenneth Badders, Moria Blake, Terry O'Brien, Ronald Reich, Kate Sweeney, Michael Weglein, Andrea Worthington

OFFICE

Towson Center 200, 410-704-2376

PROGRAMS OF THE DEPARTMENT

The Department of Kinesiology offers five academic majors: Physical Education, Athletic Training, Sport Management, Exercise Science, and Sport Studies. The Sport Studies major provides a concentration in Psychology of Sport.

In addition, the Department of Kinesiology offers KNES 235 Individualized Fitness, as an approved course for GenEd II.B.3 -

American Experience: Contemporary Issues.

The department also offers a series of 2-credit activity courses that emphasize the development of skills, knowledge and fitness necessary to lead an active life. Some of the courses offered in this series include:

PHEA 205 Self Defense, Protection and Personal Safety

PHEA 207 Rhythmic Aerobics

PHEA 209 Ballroom Dance

PHEA 211 Cardiovascular Movement: Jogging, Cycling and In-Line

PHEA 215 Recreational Sports: Bowling, Billiards and Golf

Invasion Sports: Basketball, Lacrosse and Soccer PHEA 217

PHEA 221 Net Games: Badminton, Tennis and Volleyball

MAJOR IN PHYSICAL EDUCATION

This program prepares competent teachers in Physical Education for elementary and secondary schools. Graduates are certified to teach at the elementary and secondary levels. A planned sequence of courses is designed to provide the student with skills and leadership experience needed to direct a balanced program in class, intramural and extramural activities.

Students majoring in Physical Education must complete 35 credits in KNES professional core courses, 13 credits in KNES professional laboratory skill courses, 6 credits in KNES elective courses, 28-29 credits in lower-level courses, and 19 credits in Teacher Education courses. Students must complete all required and prerequisite courses for the major with a grade equivalent of 2.00 or higher. In addition, the following professional education courses must be completed with a grade equivalent of 2.00 or higher and a cumulative QPA of 2.75: Educational Psychology, PSYC 201; Survey of Educational Programs, SCED 319; Teaching PE in Elementary School, KNES 324; Teaching PE in Secondary School, KNES 325; Foundations of Education, EDUC 401; and Adaptive Physical Education, KNES 423.

Effective fall 1999, all pre-service students in Teacher Education programs at Towson University whose program of study requires an intensive and extensive internship or student teaching experience in a public or private school setting (pre-K through 12) will be required to undergo a criminal background check before beginning this experience. The criminal background check must be filed with the director of CASE. Students enrolled in the Physical Education major must complete the criminal

background check prior to enrollment in any of the following courses: KNES 324 Teaching Physical Education in the Elementary School, KNES 325 Teaching Physical Education in the Secondary School, and KNES 423 Adaptive Physical

A certification in Health Science is available for students who wish to be certified to teach in physical education and health education at the elementary and secondary levels. Students are advised that the Department of Health Science is responsible for establishing the health-education requirements for this program. As such, students interested in pursuing this option must contact the chair of Health Science for additional and current information.

Program Requirements

The requirements for the major in Physical Education include 35 credits of KNES professional core courses, 13 credits of KNES professional laboratory courses, 6 credits of KNES electives, 19 credits in teacher education courses, and 28-29 credits in lower-

The specific requirements for the Physical Education major are as follows:

KNES Professional Core (35 credits)

- **KNES 290** Introduction to Teaching in Physical Education (2)
- **KNES 298** History and Philosophy (3)
- **KNES 309** Tests and Measurements (3)
- **KNES 311** Biomechanics (3)
- **KNES 313** Physiology of Exercise (3)
- **KNES 315** Care and Prevention of Athletic Training (3)
- **KNES 324** Teaching Physical Education in the Elementary School (3)
- Teaching Physical Education in the Secondary School (3) **KNES 325**
- **KNES 341** Concepts of Motor Learning (3) **KNES 355** Psychology of Sport (3)
- **KNES 423** Adaptive Physical Education (3)
- **KNES 426** Motor Development (3)

KNES Professional Lab Skills/Activities (13 credits)

- **KNES 140** Track and Field (1)
- Personal Defense/Wrestling (1) **KNES 150**
- KNES 156 Gymnastics (1)
- Swimming (1) **KNES 165**
- **KNES 182** Field Court I (1)
- **KNES 183** Ballroom, Folk and Square Dance (1)
- **KNES 184** Field Court II (1)
- **KNES 202** Net/Wall Games (1)
- **KNES 210** Lifetime Activities (1)
- Physical Fitness Activities (1) **KNES 239**
- **KNES 279** Teaching Techniques in Creative Movement (1)
- KNES 283 Physical Education Activities for the Young Child (1)
- **KNES 284** Physical Education Activities for the Intermediate Grades (1)

KNES Professional Electives (6 credits)

- Outdoor Education Philosophy and Methods (3) **KNES 305**
- **KNES 307** Teaching Apprenticeship (.5-1)
- **KNES 331** Principles of Coaching (3)
- **KNES 337** Advanced Coaching Techniques (3)
- **KNES 353** Sport and Society (3)
- **KNES 395** Kinesiology Internship (3)
- Differentiated Student Teaching (1-3) **KNES 399**
- KNES 470 Selected Topics in Physical Education (3)
- **KNES 496** Independent Study (1-3)

Teacher Education Core (19 credits)

- SCED 319 Survey of Education (3)
- Foundations of Education (3) FDUC 401
- **KNES 392** Elementary Student Teaching (6)
- Secondary Student Teaching (6) KNES 394
- Seminar in Teaching Physical Education (1) **KNES 480**

Additional Required Courses (28-29 credits)

- Contemporary General Biology (4) (IIA1) BIOL 110
- Anatomy and Physiology I (4) BIOL 213
- BIOL 214 Anatomy and Physiology II (4)

- CHEM 105 Chemistry for Allied Health Professionals (4) (ItA1)
- **PHYS 202** General Physics for the Health Sciences (5) (IIA2)
- **IDHP** 110 Information Utilization in the Health Professions (3) (IB)
- ISTC 201 Using Information Effectively in Education (3) (IB)
- **COMM 131** Fundamentals of Speech Communication (3) (IIB3)
- Introduction to Psychology (3) (IIC2) PSYC 101
- PSYC 210 Educational Psychology (3)

MAJOR IN ATHLETIC TRAINING

The four-year Athletic Training Education Program is designed for students who are interested in an allied health care profession specializing in the health care of athletes. Athletic trainers function as integral members of the athletic health care team in secondary schools, colleges and universities, sports medicine clinics, professional sports programs, and other athletic health care settings. The athletic trainer specializes in the prevention, evaluation, management and rehabilitation of athletic injuries.

Athletic Training is a screened major. In order to receive an application for the program, students must attend an orientation session. The purpose of this session is to explain the application process, program requirements and the National Athletic Trainers Association (NATA) certification process. Students are accepted into this program as freshmen. Therefore, students should initiate the application process at the same time as application to the university. Admission to the university does not guarantee admission to the Athletic Training Education Program.

Students enrolling in the Athletic Training Education Program at Towson University must also provide verification that, with appropriate accommodation, they meet the technical standards for an entry-level athletic trainer as detailed in the National Athletic Trainers Association Educational Competencies and the National Athletic Trainers Association Board of Certification Role Delineation Study. The technical standards document may be viewed on the TU Athletic Training Web site, http:// www.towson.edu/~parr/a_train.html.

The program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). Satisfactory completion of the program qualifies students as candidates for the NATA certification examination.

Program Requirements

The requirements for the major in Athletic Training include 25-26 credits of lower-level courses and 54 credits of KNES courses. The specific requirements for the major in Athletic Training are as follows:

KNES Required Courses (54 credits)

- KNES 235 Individualized Fitness (3)
- KNES 291 Introduction to Athletic Training (1)
- **KNES 309** Tests and Measurements (3)
- KNES 311 Biomechanics (3)
- KNES 313 Physiology of Exercise (3)
- **KNES 315** Care and Prevention of Athletic Injuries (3)
- KNES 363 Nutrition for Exercise and Sport (3)
- KNES 381 Basic Clinical Athletic Training I (1)
- KNES 382 Basic Clinical Athletic Training II (1)
- **KNES 385** Intermediate Clinical Athletic Training I (1)
- **KNES 386**
- Intermediate Clinical Athletic Training II (1)
- **KNES 388** Advanced Clinical Athletic Training I (1)
- KNES 389 Advanced Clinical Athletic Training II (1) KNES 415 Advanced Care and Prevention of Athletic Injuries (3)
- **KNES 417** Organization and Administration of Athletic Training (3)
- **KNES 427** Therapeutic Exercise in Athletic Training (3)
- **KNES 428** Therapeutic Modalities in Athletic Training (3)
- **KNES 429** Physical Assessment in Athletic Training (3)
- KNES 431 Seminar in Athletic Training (2)
- Plus 12 credits selected from KNES upper-division courses

MAJOR IN EXERCISE SCIENCE

The major in Exercise Science is intended to examine the relationship between exercise and human performance and the role of physical activity in the promotion of healthy lifestyles. Exercise science consists of several overlapping disciplines, including biomechanics, exercise physiology and biochemistry, growth and development, exercise nutrition, measurement and evaluation, and exercise psychology. The program of study is designed to provide an effective blend of classroom instruction and practical experience. The program is intended to prepare qualified individuals for careers in clinical, corporate, commercial, and/or community exercise/wellness settings as well as to prepare students for graduate study in related fields.

Program Requirements

The requirements for the major in Exercise Science include 27 credits of lower-level courses and 45 credits of KNES courses. The specific requirements for the major in Exercise Science are as follows:

MAJEC D

KNES Required Courses (45 credits)		
Individualized Fitness (3)		
Test and Measurements (3)		
Biomechanics (3)		
Physiology of Exercise (3)		
Care and Prevention of Athletic Injuries (3)

MAJOR IN SPORT MANAGEMENT

The major is Sport Management is designed to address the unique position of sports in American business and to prepare students for careers in athletic and recreation administration, the fitness industry, college and professional sports, and retail marketing.

Program Requirements

The requirements for the major in Sport Management include 18 credits of lower-level courses, 36 credits of KNES courses, and 12 credits of BUAD courses. Students interested in Sport Management are strongly encouraged to pursue the major in Business Administration (BUAD) as part of their program of study. The requirements for the major in Sport Management with a minor in BUAD include 24 credits in lower-level courses, 36 credits of KNES courses, and 9 credits of BUAD courses.

The specific requirements for the major in Sport Management

Lower-Level	Requirements (18 credits)
ACCT 201	Accounting Principles I (3)

Accounting Principles II (3) ACCT 202 **COMM 131** Fundamentals of Speech Communication (3) COSC 111 Information and Technology for Business (3)

*Note: Students must complete a minimum of 12 credits in BUAD courses at Towson University in order to earn a minor in BUAD.

MAJOR IN SPORT STUDIES

The Sport Studies Program focuses on the current knowledge base and interpretations of human interaction in sport. The program provides a range of interdisciplinary study options leading to preparation for graduate study or employment in sports-related positions. The program includes a concentration in Psychology of Sport.

PSYCHOLOGY OF SPORT CONCENTRATION

The program in Psychology of Sport is designed to address aspects of psychological study related to athletic performance, exercise and physical activity. Students selecting this concentration must also declare a minor in Psychology.

Required KNES Courses (18 credits)

KNES 235	Individualized Fitness (3)
KNES 353	Sport and Society (3)
KNES 355	Psychology of Sport (3)
KNES 393	World History of Sport to 1900 (3)

KNES 451	History of American Sport (3)
KNES 395	Kinesiology Internship (3)
KNES 433	Applied Sport Psychology (3)

Kinesiology Electives

Students must choose 15 credits from KNES and selected psychology courses.

Required Courses (23 credits)

PSYC 101	Introduction to Psychology (3)
PSYC 212	Behavioral Statistics (4)
PSYC 314	Experimental Psychology (4)

Select from the following to complete 23 credits. The elective courses must include at least one course from each of the following areas: Human Development, Clinical-Social, Biophysiology and Learning Cognition.

I. Human Development (3 credits)

PSYC 330	Psychology of Individual Differences (3)
PSYC 403	Psychology of Infancy and Childhood (3)
DCVC 404	A dialogooms Davidhalaan (2)

PSYC 404 Adolescent Psychology (3) PSYC 405 Psychology of Aging (3)

PSYC 447 Sex Differences: Psychological Perspective (3) PSYC 451 Introduction to the Exceptional Child (3)

PSYC 467 Midlife Development (3)

II. Clinical-Social (3 credits)

	, o. a. (a. c.
PSYC 311	Behavioral Modification (3)
PSYC 325	Social Psychology (3)
PSYC 327	Industrial Psychology (3)
PSYC 341	Environmental Psychology (3)
PSYC 350	Personality (3)
PSYC 361	Abnormal Psychology (3)
PSYC 409	Organizational Psychology (3)

PSYC 305	Psychology of Learning (3)
PSYC 315	Motivation (3)
DOLLO LEL	0 11 5 11 135

PSYC 461 Cognitive Psychology (3)

Additional Required Courses (7 credits)

COMM 131 Fundamentals of Speech Communication (3) BIOL 110 Contemporary General Biology (4)

PROFESSIONAL PREPARATION ELEMENTARY EDUCATION

The Department of Kinesiology offers three courses for students majoring in Early Childhood or Elementary Education. They are KNES 281-282, Physical Education for Elementary Education Students I, II and KNES 324, Teaching Physical Education in the Elementary School. KNES 281-282 are prerequisites for KNES 324.

ATHLETIC COACHING AREA OF FOCUS

Designed for the non-major student, this area of focus develops coaching skills and attributes that will foster leadership qualities necessary for coaching in community recreation programs, intramural and extramural activities and varsity sports.

Students interested in this option should contact the department for further information.

Required Core (12 credits)

KNES 235	Individualized Fitness (3)
KNES 315	Care and Prevention of Athletic Injuries (3)
KNES 331	Principles of Coaching (3)
KNES 395	Kinesiology Internship (3)

Electives (6 credits)

KNES 337	Advanced Techniques and Analysis of Coaching in
	Selected Sports (3)
KNES 353	Sport and Society (3)
KNES 355	Psychology of Sport (3)
KNES 303	Organization and Administration of Physical Education (3)
	or
KNES 453	Sport Administration (3)

TRANSFER CREDIT POLICY

Kinesiology transfer credits will be evaluated by the department on an individual basis. A minimum of one-half of the credit hours required in the major (KNES) must be completed at Towson University. A grade equivalent of 2.00 or higher must be earned in all required courses and all prerequisites for required courses.

Department of Nursing

Professor: Cynthia Kielinen (Chair)

Associate Professors: Christina Barrick, Joanna Basuray, Janet Cogliano, Frances Damratowski, Deborah Greener, Mary Lashley, Dianne Taylor

Assistant Professors: Sharon Eifried, Marilyn Halstead, Susan Immelt, Joan Jordan, Vicky Kent, Lena Lee, Samson

Visiting Assistant Professor: Kim McCarron Part-time Faculty: Beverly Bye, Carol Gallo, Mary Lou Gercke, Katharine Parris, Karen Williams-Cooper

OFFICE

Burdick Hall 123, 410-704-2068 or 2069 Recorded Information: 410-704-2067 Admissions Coordinator: 410-704-4170

PROGRAMS OF THE DEPARTMENT

Nursing is both an art and a science with an evolving body of specialized knowledge derived from nursing research, as well as from the synthesis of knowledge from related disciplines. Nursing, independently or collaboratively, guides and influences the behavior of others in their efforts toward optimizing the health status of individuals, families, groups and communities.

Towson offers a program in professional nursing leading to the Bachelor of Science degree with a major in Nursing. The nursing curriculum includes courses in the liberal arts, the sciences and nursing. The curriculum, designed for basic and registered nurse students, prepares the graduate to accept responsibility and accountability for the care of clients and families in a variety of health care settings, to function in beginning leadership roles, and to be consumers of and participants in nursing research. Students are also provided with the foundation for graduate study in

The nursing program is approved by the Maryland Board of Nursing, accredited by the National League for Nursing, and has preliminary approval for accreditation by the Commission on Collegiate Nursing Education. Basic students graduating from the Nursing major are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Department of Nursing holds membership in the American Association of Colleges of Nursing, the Council of Baccalaureate and Higher Degree Programs of the National League for Nursing, Commission on Collegiate Nursing Education, and the Council on Collegiate Education in Nursing of the Southern Regional Education Board.

MAJOR IN NURSING: BASIC STUDENTS

The university requires a minimum of 120 credits for graduation. However, established departmental requirements must also be completed for graduation with a Nursing major. This necessitates completion of more than 120 credit hours for most students enrolled in the department.

Students must complete all prerequisite course requirements prior to beginning the major. Proper course planning and good advising are key to timely admission to the major and completion of the program in four years. The departmental brochure contains a recommended course plan for students for the entire four-year degree. Pre-nursing majors may request a nursing adviser to help them plan their academic program prior to admission to the major. Students can contact the department for specific information and to be assigned to an adviser. Once the student is admitted to the Nursing major, the nursing courses must be completed in a sequential pattern because each course is a foundation for the subsequent course. Part-time study options are available.

Pre-nursing students demonstrating competencies covered in MATH 115 (as determined by the Department of Mathematics) may enroll in an alternative offering of one of the following: MATH 116, MATH 119, or MATH 273, in order to meet the mathematics requirement. Placement in the particular course is determined by the Department of Mathematics.

Because requirements may be revised from time to time, it is the student's responsibility to make certain that he or she is working with the most current materials. Contact the department for assistance with program planning.

Requirements for the Major

In addition to the General Education (GenEd) requirements, Nursing majors must complete the following prerequisites prior to beginning major course work. Several of these courses can also meet GenEd requirements. (*GenEd)

*ENGL 102 Writing for a Liberal Education (3) *BIOL 110 Contemporary General Biology (4) Human Anatomy and Physiology I (4) **BIOL 213 BIOL 214** Human Anatomy and Physiology II (4) **BIOL 215** Fundamentals of Microbiology (4) **BIOL 315** Medical Microbiology (4) *CHEM 105 Chemistry for Allied Health Professions I (4) *CHEM 106 Chemistry for Allied Health Professions II (4) HLTH 331 Nutrition for Health Professionals (3) *MATH 115 Basic Mathematics for Sciences (3) *PSYC 101 Introduction to Psychology (3)

MAJOR IN NURSING FOR REGISTERED NURSE STUDENTS

Registered nurses seeking the baccalaureate degree with a major in Nursing are eligible to receive credit for prior learning. The department participates in a statewide Validation Model. Because RN students represent a variety of learning and practice experiences, every effort is made to design an individual program that will meet the learning needs of the student while, at the same time, offering a curriculum which provides the foundation for nursing practice at the baccalaureate level. The baccalaureate nursing program builds upon the student's previous learning, ensures a broad base in the liberal arts, and offers nursing courses that are designed to enhance professional nursing practice. RNs are advised to contact the department for assistance with admission and program planning.

TRANSFER AND SECOND DEGREE STUDENTS

Transfer students and those seeking a second baccalaureate degree are admitted to the university according to university policies and procedures. Generally, transfer students must complete all required nursing courses of the department at Towson University. Nursing courses completed in another baccalaureate nursing program are evaluated individually for equivalence by the department.

ADMISSION TO THE NURSING MAJOR

Before students can be considered for admission to the Nursing major, they must be admitted to or have applied for admission to the university. Transfer students must adhere to the university's transfer policies.

Admission to the Nursing major is granted only by the department. Admission to the university does not constitute or guarantee admission to the major. Students are admitted in both the fall and spring semesters of each academic year. The application for admission to the Nursing major is available from the admissions coordinator. It is to be returned to the admissions coordinator, Department of Nursing, by January 15 for fall admission and August 15 for spring admission. Because the process requires official transcripts from all educational institutions that students have attended, students should allow sufficient time for receipt of transcripts in the department by the due date.

EARLY ADMISSION POLICY

Pre-nursing students who have completed their freshman year at Towson University, have an overall grade point average of at least 3.00, and no more than one course grade less than a 2.00 may apply for early admission to the Nursing major. Early admission will give them "Guaranteed Admission Status" which will ensure them a place in the program in the semester they are ready to enter. In order to maintain this status, the student must maintain a grade point average of 3.00 and all course grades must be 2.00 or higher. Students who have "Guaranteed Admission Status" and have grades that fall below these criteria may still be accepted into the program, but need to be re-evaluated with the rest of the group applying for that semester. Students interested in pursuing admission under this policy are urged to contact the admissions coordinator at 410-704-4170.

INDIVIDUAL ADMISSION POLICY

Applicants who do not meet the admission criteria may still be considered for admission under the individual admission policy. To be considered, the individual must demonstrate the ability to be successful in a rigorous academic curriculum through recent strong academic performance in relevant course work. Applicants who wish to be considered under this policy must submit, with the standard application, supporting materials making a *specific*,

personalized case of why the applicant deserves acceptance into a rigorous academic program. Submitted materials should include a written request for consideration, two letters of recommendation from appropriate sources, such as professors or academic advisers, and a personal statement with supporting materials explaining why the applicant deserves special consideration and why his or her qualifications do not meet stated criteria. Materials submitted should contain very specific and compelling information to warrant special consideration.

BASIC PROGRAM

High school students are advised to take the following courses to provide the base necessary to complete the prerequisite courses for the Nursing major: mathematics – three units (two years of algebra and one year of geometry); chemistry – one unit; biology – one unit. Physics, although not required, is recommended.

Eligibility and Screening: Admission to the major is contingent upon the student being screened and admission being offered to the applicant by the department. The screening process takes place during the semester prior to the student's anticipated enrollment in the first nursing course. Students are eligible to apply for admission after they have completed a minimum of 42 undergraduate credits, including at least four laboratory sciences and ENGL 102. Only one grade below a grade equivalent of 2.00 is allowed in prerequisite or General Education courses, and no more than two courses may be repeated. A minimum quality point average of 2.50 on a 4.00 scale is required; however, students must note that achievement at the 2.50 level in itself does not guarantee admission to the program. The higher the applicant's quality point average (QPA), the greater the possibility of being offered admission.

REGISTERED NURSE COMPLETION PROGRAM

To be eligible for admission, students must have graduated from a state-approved diploma or associate degree nursing program and be licensed as a Registered Nurse in Maryland. Recent graduates may be admitted pending successful completion of the NCLEX-RN. Students applying for admission to the Nursing major must either have been admitted to the university or be currently seeking admission to the university.

Three advanced placement options are available for RNs through a statewide Validation Model. All students are eligible to take advanced placement examinations as one option. Two other options are available depending upon year of graduation and/or location of diploma or associate degree nursing program.

Registered Nurse students are advised to contact the department for advisement prior to completion and submission of the application for admission to the university. At that time, a determination will be made of the validation option that is most appropriate for the individual student.

Eligibility and screening: Admission to the Nursing Program is granted only by the department. Eligibility requirements are dependent upon the option chosen. In addition, RN students are required to have a minimum quality point average (QPA) of 2.50 on a 4.00 scale. Only one grade below a grade equivalent of 2.00 is allowed in the non-nursing courses required for the Nursing Program. Students validating their basic nursing education through the "transition course" option must have completed these courses prior to admission to the Nursing major.

ACADEMIC STANDARDS

In order to remain in and graduate from the Nursing major, students are required to maintain a grade equivalent of 2.00 or higher in both the theory and clinical component in each Nursing course, in addition to maintaining a 2.00 overall cumulative quality point average.

The *Nursing Student Handbook* provides additional information concerning department policies and is distributed upon enrollment in the major.

SPECIAL FINANCIAL OBLIGATIONS

All students in the Nursing major are required to

- carry nursing student liability insurance through the university
- carry hospitalization insurance including accident and/or emergency benefits
- purchase departmental uniforms and supplies (approximately \$700 for basic students and \$200 for RN students)
- have a valid driver's license and access to the independent use of a car in order to provide own travel to and from clinical facilities
- assume financial responsibility for expenses related to the required physical examination and laboratory/screening tests Information about financial assistance may be obtained from the university's Office of Financial Aid.

Information sessions are offered throughout the year. For additional information, contact the Department of Nursing.

Department of Occupational Therapy and Occupational Science

PROGRAMS OF THE DEPARTMENT

Occupational therapy is the art and science of directing human participation in selected occupations to restore, reinforce and enhance performance, facilitate learning of skills and functions essential for adaptation and productivity, diminish or correct pathology, and promote and maintain health. Occupational therapists direct the use of self-care, work, homemaking, play and leisure arts activities. They use these activities to assist individuals or groups whose health is threatened or impaired by developmental deficits, aging, poverty or environmental conditions, physical injury or illness, and psychological and social disability.

The Department of Occupational Therapy and Occupational Science currently offers a combined B.S./M.S. program designed to provide a liberal education and develop professional competence. The program of study leads to a combined B.S./M.S. degree in Occupational Therapy. The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA) located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA's phone number is 301-652-2682. Graduates of the program will be able to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT certification examination. (Persons convicted of felonies may be unable to sit for the certification examination and should inquire in advance of program entry regarding eligibility.)

Occupational therapy is a profession that demands its practitioners have clinical competencies as well as academic knowledge. In addition to satisfactory completion of course work, students must demonstrate appropriate clinical behaviors and skills prior to beginning clinical/internship experiences. Students who have less than a 2.50 QPA will not be permitted to enroll in OCTH 435/436. In the event that students lack appropriate clinical behaviors and/or skills and/or do not have satisfactory academic performance in one or more required courses, they will be provided with counseling by the occupational therapy faculty, and recommendations for remedial courses of action will be made.

Students are expected to be aware of and adhere to the Code of Ethics established by the department. Violation of the standards set forth in this document is cause for disciplinary action which may include dismissal from the programs offered by the Department of Occupational Therapy and Occupational Science.

The department also offers a Master of Science degree in Occupational Therapy. For further information, consult the *Graduate Catalog*.

Permit Cards

Special permit cards are required for admission to all Occupational Therapy major courses.

Health and Insurance Requirements

Contracts with clinical facilities require that students in clinical placements show proof of current health insurance and documentation of current health status. The findings of the health examination will not necessarily exclude students from clinical placement. Students must present evidence of current health insurance, a recent health examination, and results of a P.P.D. test prior to enrollment in the first clinical experience. Annual updates are required. Students must also complete the Hepatitis B vaccine series or sign a declination form for the vaccine.

First Aid and CPR Courses

It is highly recommended that students complete a standard course in first aid. Cardiopulmonary resuscitation (CPR) certification is required prior to beginning the program. Yearly updates for CPR certification are also required during enrollment in the major.

PRE-ADMISSION REQUIREMENTS FOR ALL CANDIDATES

Admission to the university does *not* guarantee admission to the Occupational Therapy major. At students' request, occupational therapy and occupational science faculty and administrative staff will advise candidates about the nature of the profession, the national certification examination, and the occupational therapy curriculum prior to admission.

APPLICATION CRITERIA

Applicants are encouraged to attend a program information session in the department prior to applying to the program. Application materials for the Occupational Therapy Program must be submitted to the College of Health Professions (CHP) admissions coordinator with a postmark no later than March 1. All students applying for admission to the combined B.S./M.S. Occupational Therapy Program at Towson University must meet the following criteria:

1. Applicants must have applied to Towson University for

fall admission by February 1.

 Applicants must have completed a minimum of 14 credits in college courses, excluding developmental courses, by the end of the fall semester preceding screening.

 Applicants must have a grade equivalent of 2.67 or higher in the following courses or their equivalents completed by

December 31:

a. BIOL 110, Contemporary General Biology (must be completed by end of fall semester preceding screening). BIOL 213, Anatomy and Physiology I, may be substituted for BIOL 110 for screening purposes.

b. Two of the following three courses:
PSYC 101 Introduction to Psychology
SOCI 101 Introduction to Sociology
ENGL 102 Writing for a Liberal Education

All of these courses must be completed by the end of the semester in which screening takes place with a grade equivalent of 2.67 or higher. CLEP tests and AP exam scores may be used in lieu

of course grades. However, scores must be equivalent to the grade requirement of a 2.67 or higher, and the courses must be posted on the TU transcript. Applicants with lower test scores must take the course and achieve a grade equivalent of 2.67 or higher to be considered for screening. Applicants with such test scores must contact the CHP admissions coordinator for specific information.

4. Applicants must have completed PHYS 202, General Physics B, or PHYS 211, General Physics 1 or the equivalent with a grade equivalent of 2.00 or higher by the end of the spring semester in which screening takes place.

5. Applicants must have a minimum overall quality point average of 2.70 by the end of the fall semester preceding

screening.

6. Applicants must submit the following documents in *one* packet postmarked by March 1:

a. Official transcripts that include course work taken through the fall semester preceding application to the program at institutions other than Towson University.

b. Evidence of spring semester enrollment in PHYS 202, General Physics B, or PHYS 211, General Physics I, and the other prerequisite course, if not previously completed.

c. A completed Human Service Activity Verification Form, which provides evidence of completion of at least 30 hours of work and/or volunteer experience in a human service activity. This work or volunteer experience must have involved direct contact with people with disabilities, illness or other disadvantages. Examples include work/volunteer experience with clients in hospitals, nursing homes, rehabilitation facilities, senior centers, drug rehabilitation programs, programs for the homeless, camps, etc.

d. A typewritten application essay following the guidelines

provided by the department.

e. Three reference forms completed by appropriate individuals and submitted in accordance with

application requirements.

7. Applicants must have a completed Prerequisite Course Form on file by March 1. In addition, applicants who wish to have courses not listed on this form approved as equivalent to major courses in this program of study must submit a written request for approval of these courses.

 A minimum of 23 credits meeting General Education (GenEd) requirements must have been completed prior to beginning the first semester of the Occupational Therapy

Program.

Applicants with credits over 10 years old may petition (in writing by March 1) to have these credits excluded from calculation of the QPA if they have successfully completed 14 or more credits within the past two years. These 14 credits must include either BIOL 110, Contemporary General Biology, or BIOL 213, Anatomy and Physiology I (or their equivalent). When this option is approved, all credits over 10 years old are excluded from QPA computation, with the exception of grades for PSYC 101, SOCI 101, ENGL 102, and PHYS 202 or PHYS 211. If applicants wish old screening course grade(s) to be omitted, they must have retaken the screening course(s) within the past 10 years. If a petition regarding omission of these grades is not received by the application deadline, all courses over 10 years old will be used in computation of the QPA.

The College of Health Professions

APPLICATION PROCESS

Faculty and clinical resources make it necessary to limit the number of students accepted.

First Level of Screening

Initial screening, which is based on QPA, will occur immediately after March 1 for applicants who have complete files. Overall QPAs will be computed, and the top 60 applicants will be identified.

Second Level of Screening

The department's Undergraduate Committee will review documents of the top 60 applicants and evaluate these applicants based upon their QPAs, essays and references. The top candidates from this pool of applicants will be selected for admission.

A maximum of 25 percent of the group of applicants selected will be out-of-state students, unless qualified in-state students are unavailable.

Selection of the top candidates will be completed by April 15. After May 15 a waiting list will be developed consisting of other applicants from the original pool of 60 who were not accepted but wish to remain on the waiting list for classes beginning that fall semester. The top candidate on that list is notified if a place becomes available in the class. If that candidate cannot accept the place, the next candidate is notified. The waiting list is maintained until the end of the drop-add period in the fall and does not carry over into the next year.

MAJOR IN OCCUPATIONAL THERAPY

In addition to the General Education requirements, Occupational Therapy majors must complete 70 credits in occupational therapy courses, 22 credits in other required courses, and 21 credits in clinicals and internships. Additional elective credits may be required to earn the total of 120 credits necessary for the B.S. degree and to meet the requirements of the M.S. degree. Courses applicable toward the major may not be taken under the Pass grading option.

Students must maintain a cumulative quality point average of at least 2.50 following admission into the Occupational Therapy major. Students who have less than a 2.50 QPA and/or who do not demonstrate appropriate professional behaviors and necessary clinical skills will not be permitted to enroll in OCTH 435/436. A grade equivalent of 1.67 or lower in a required course will not count toward major credit. Students receiving a grade equivalent of 1.67 or lower in a major course or a U in OCTH 435/436 may retake the course once to improve their standing.

After advancement to graduate student status, occupational therapy combined B.S./M.S. students must meet all department and Graduate School academic standards and policies.

COMBINED BACHELOR'S/MASTER'S DEGREE PROGRAM

The full-time program for students without a bachelor's degree starts with fall 2001 entry.

Prerequisites

BIOL 110	Contemporary General Biology (4)
ENGL 102	Writing for a Liberal Education (3)

OCTH xxx	*Graduate Elective (3)

* Graduate electives can be moved to an alternate semester and/or taken during the winter or summer sessions

All OT students must complete Level II Fieldwork within 24 months following completion of academic preparation.

In addition to the above courses, students are required to complete all GenEd requirements during regular semesters or summer sessions. Students must complete all GenEds by the end of the fifth semester of the program.

Students in this program may not take occupational therapy courses prior to the semesters in which they are scheduled on this plan.

CERTIFIED OCCUPATIONAL THERAPY ASSISTANTS

Certified occupational therapy assistants may ask to have courses taken in fulfillment of their degree reviewed to determine if any of these courses may substitute for required 200-level courses in the Occupational Therapy Program of study at Towson University. Depending upon type and number of courses accepted as equivalent to TU courses, permission to complete the academic program in four semesters of academic course work and six months of fieldwork may be granted. Students who wish to be considered for this option must notify the department in writing of their request and must provide course descriptions.

MASTER OF SCIENCE IN OCCUPATIONAL THERAPY

The Master of Science in Occupational Therapy is designed for individuals with bachelor's degrees who are interested in assuming leadership roles in the profession and obtaining advanced education in pediatrics or gerontology with emphasis on teaching, research or clinical practice. A specialization in Occupational Therapy Organization/Administration is also

offered. Those individuals who are not occupational therapists must be screened for admission to the pre-occupational therapy component of the program and must successfully complete prerequisite courses prior to enrolling in graduate degree program occupational therapy courses. For further information, consult the *Graduate Catalog*.

DOCTOR OF SCIENCE IN OCCUPATIONAL SCIENCE (Sc.D.)

The applied doctoral degree in Occupational Science prepares certified occupational therapists to teach and engage in applied research. Occupational science is the scientific study of human occupation, the purposeful and meaningful activities that comprise everyday life experiences. The study of occupation involves the investigation of the relationship between humans' occupations and their health. This unique social science examines the capacity of humans to engage in occupation and develop adaptive skills. The main emphasis of this doctoral program will be to enhance the health of society by applying knowledge gained through the advanced study of occupational science and human behavior. For more information, consult the *Graduate Catalog*.

The College of Liberal Arts

The liberal arts are the core disciplines of the university, those disciplines through which students explore and interpret what it means to be human, both as individuals and as members of groups. Study of the liberal arts frees us to think more clearly, to analyze and interpret information, to weigh points of view, to arrive at informed judgments about complex issues, and to appreciate the rich diversity of human culture.

The College of Liberal Arts is committed to providing a comprehensive opportunity for undergraduate and graduate instruction. The liberal arts curriculum helps students develop the ability to analyze and interpret information and opinions objectively, form and express conclusions creatively, express themselves clearly, appreciate the wide diversity of human culture, and move comfortably in the world of ideas and values. Degree programs in the College of Liberal Arts emphasize professional career opportunities and interdisciplinary study, as well as more traditional theoretical aspects of the disciplines.

Teaching

While using effective traditional teaching methods, Towson has also been in the forefront of innovation in instruction. The college supports small classes, an emphasis on writing and personal attention to students. College of Liberal Arts faculty are in the forefront of curriculum innovation in writing instruction, in infusion of material on cultural diversity, and in the use of technology to expand and enrich learning.

Scholarship

Commitment to undergraduate education is reflected not only in teaching excellence, but also in the faculty's active involvement in scholarly activity and professional growth, including publications, presentations at professional meetings, and participation in regional, national, and international conferences and workshops. Opportunities also exist for students to become involved in collaborative research with faculty, further developing students' academic and personal growth while providing new avenues for the College of Liberal Arts to meet the challenge of continued excellence in education.

Service

The College of Liberal Arts serves the metropolitan community in many ways, contributing to its cultural life and social progress. The departments, centers and institutes of the college develop creative partnerships with public and private enterprises that ensure the intellectual resources of the institution are fully engaged in ways that are mutually beneficial and serve the people of the Baltimore metropolitan area. Within the university, faculty of the college serve on the essential committees, governing bodies, and task forces which promote the educational missions of the university.

THE PROGRAM

Cultural Studies examines cultural expressions: kinship patterns, religion, folk, popular, middle-brow and avant-garde arts; politics; entertainment, medical procedures, technologies and the economy. It focuses on these as interconnected, interactive and as forming a system of meaning. To understand any one cultural manifestation involves seeing it in relation to others. How one draws connections, where one draws connections and why one draws connections between various manifestations of culture are issues of debate among its students. A cultural studies program is not meant to take any side in this debate. Rather, it provides students with a variety of tools to examine the connections between disciplines and cultural expressions and a range of materials to examine. It seeks to familiarize students both with a number of disciplines and ways to break down the barriers between them. Finally, it will help students find ways of expressing the connections they have made.

MAJOR IN CULTURAL STUDIES

Majors in Cultural Studies must complete 42-45 credits of course work drawn from throughout the curriculum of the university, including an introductory course (3 credits) and core requirements (18 credits), 18 credits of elective courses distributed among four of the six focus areas for cultural study (Visual Culture, Performance Culture, Identity and Culture, Textuality and Culture, Science, Technology and Culture, and Perspectives in Cultural Studies) and a seminar and/or capstone experience.

I. Introductory Course (3 credits)

CLST 201 Introduction to Cultural Studies (3)

II. Core Courses (18 credits)

CLST 301	Perspectives in Cultural Studies (3)
CLST 303	Identity and Culture (3)
CLST 305	Textuality and Culture (3)
CLST 307	Visual Culture (3)
CLST 309	Performance Culture (3)
CLST 311	Science, Technology and Culture (3)

III. Electives (18 credits)

CLST 370-75 Topics in Cultural Studies (3)

At least four courses from the following groups:

A. Perspectives in Cultural Studies

ANTH 346	Wealth, Power and Politics (3)
ANTH 361	Controversies in Anthropology (3)
ECON 321	History of Economic Thought (3)
ENGL 270	The American Dream (3)

B. Identity and Culture

ANTH 321	Gender in Cross-Cultural Perspective (3)
ANTH 366	Indians of South America (3)
ANTH 388	Peasant Cultures (3)
ENGL 236	Survey of American Indian Literature 1772-Present (3)
IDIS 101	Introduction to Lesbian and Gay Studies (3)
PSYC 447	Sex Differences: Psychological Perspectives (3)
SOCI 343	Minority Groups (3)
SPAN 312	Spanish Culture and Civilization II (3)
WMST 332	Women's Culture and Creativity (3)

C. Textuality and Culture

ENGL 462 Modern Literary Theory (3) MOLA xxx up to 6 credits of a modern language

D. Visual Culture

Visual Culture	
ARTH 207	Honors Seminar in Western Art (3)
ARTH 208	Honors Seminar in Non-Western Art (3)
ARTH 311	Northern Renaissance Art (3)

ARTH 333	The Art of Japan (3)
ARTH 335	African American Art (3)
ARTH 337	American Art (3)
ARTH 341	Women in Art (3)
ARTH 351	History of Photography (3)
ARTH 485	Seminar (Art and Theory Post-1945 and 20th
	Century Craft) (3)

E. Performance Culture

KNES 353	Sport and Society (3)
KNES 357	Sport in Film (3)
KNES 349	The Modern Olympic Games (3)
PSYC 209	Consumer Behavior (3)
SOCI 210	Sociology of Sport (3)
THEA 303	Cultural Diversity in Contemporary Theatre (3)

THEA 307 Theories of Theatre (3)

WMST 338 Women and Sexuality (3)

F. Science, Technology and Culture

NURS 406 Multicultural Health Care (3) WMST 336 Women and Medicine (3) WRIT 335 Ethics in the Physical Sciences (3)

IV. Seminar and/or Capstone Experience (3-6 credits)

Students have three options to choose from to fulfill this stage of the Cultural Studies Program. In all options, the student will research and write a major essay or report and exhibit an integrated knowledge of cultural studies. First, students may participate in an internship in the workplace approved and supervised by the director of the Cultural Studies Program. Second, the student may enroll in a senior seminar which will focus on an aspect of cultural studies. Third, the student may engage in independent study approved by the Cultural Studies director.

MINOR IN CULTURAL STUDIES

The minor in Cultural Studies is designed to enhance and supplement students' studies in a number of other areas, including Anthropology, Education, English, and Mass Communication. In these areas of study, the fundamental questions posed by Cultural Studies give students a broader, more critical look at the interactions between their fields of study and society as a whole. It may also provide a useful complement to any undergraduate program of study.

The Program

Students minoring in Cultural Studies must complete 18 credits, including the introductory course (3 credits) and three of the Electives — Group I (9 credits), and two Electives — Group II, one of which must be upper-level. Students must earn a grade equivalent of 2.00 or higher in all courses in the minor.

Introductory Course (3 credits)

CLST 101 Introduction to Cultural Studies (3)

Electives — Group I (9 credits)

Three courses from the following:

CLST 301 Perspectives in Cultural Studies (3)

CLST 303 Identity and Culture (3)

CLST 305 Textuality and Culture (3)

CLST 307 Visual Culture (3) CLST 309 Performance Culture (3

CLST 309 Performance Culture (3) CLST 311 Science, Technology and Culture (3)

Electives — Group II (6 credits)

Two courses from the following, one of which must be upper-level:

ANTH 321 Gender in Cross-Cultural America (3)

ANTH 346 Wealth, Power and Politics (3)

ANTH 361 Controversies in Anthropology (3)

ANTH 366 Indians of South America (3)

ANTH 388 Peasant Cultures (3)

ARTH 207 Honors Seminar in Western Art (3)

ARTH 208 Honors Seminar in Non-Western Art (3)

ARTH 311 Northern Renaissance Art (3)

ARTH 331 The Art of China (3)

ARTH 333 The Art of Japan (3)

ARTH 335 African-American Art (3)

ARTH 337 American Art (3)

ARTH 341 Women in Art (3)

ARTH 351 History of Photography (3) CLST 370-75 Topics in Cultural Studies (3)

ECON 321 History of Economic Thought (3)

ENGL 236 Survey of American Indian Literature, 1772-Present (3)

ENGL 270 The American Dream (3)

PROGRAMS OF THE DEPARTMENT

English offers students pleasure and profit, wit and wisdom, a sense of history and a vision of the future. English students know the delight of reading the best of British and American literature — authors as diverse as Shakespeare and Emily Dickinson, Edgar Allan Poe and Virginia Woolf, James Baldwin and John Donne. The Department of English provides several programs tailored to diverse needs. Students majoring in English can concentrate in Writing, Literature or Secondary Education. Students pursuing other majors can minor in English, Creative Writing or World Literature.

Each English major or minor chooses or is assigned a faculty adviser, who assists the student in tailoring an individual program of study best suited to the student's interest and abilities. The flexibility of all programs, including majors and minors, allows the student a wide choice of courses within the department and possibilities for coordinating a program with another academic department.

The Department of English oversees the Master in Professional Writing program, offering unique post-baccalaureate opportunities for English majors and minors interested in pursuing careers in creative writing, technical writing, editing, public relations and teaching writing at the community college level. Harvey Lillywhite, 410-704-2942, coordinates the program.

MAJOR IN ENGLISH

English majors must complete 42 credits and each course must be completed with a grade equivalent of 2.00 or higher. No more than 15 credits earned at the lower level may be counted toward the major.

140

The College of Liberal Arts

Core Requirements

English majors who choose the Secondary Education Concentration or the Literature Concentration must complete 24 credits in core requirements. Those who choose the Writing Concentration must complete 21 credits in core requirements.

Note: In fulfilling the requirements below, students must select at least one course in American literature and one in literature written prior to 1798; courses that fulfill the latter requirement are designated by an asterisk. In addition, the department strongly recommends that students who plan to major in English complete ENGL 102, Writing for a Liberal Education, or ENGL 190, Honors Writing Seminar, during their first year.

I. Historical Development (15 credits)

A. Both of the following:

ENGL 221 British Literature to 1798 (3)

ENGL 222 British Literature since 1798 (3)

B. Two of the following literary periods:

ENGL 321 Medieval British Literature* (3)

ENGL 323 British Renaissance Literature* (3)

ENGL 324 British Literature of the Later Renaissance* (3)

ENGL 325 18th Century British Literature* (3)

ENGL 326 British Romantic Period (3)

ENGL 327 Victorian Age (3)

ENGL 431 American Romantic Period (3)

ENGL 432 American Realistic Period (3)

Note: In consultation with their major advisers and with the prior approval of the department chairperson, students may substitute selected genre or topics courses for one of the two literary periods required in GenEd I.B.

C. One of the following courses in the development of a literary genre:

ENGL 322 British Medieval and Renaissance Drama* (3)

ENGL 331 American Drama (3)

ENGL 344 The Continental Novel (3)

ENGL 345 Perspectives in World Drama (3)

ENGL 346 Modern Drama (3)

ENGL 420 Development of the British Novel: 18th Century* (3)

ENGL 421 Development of the British Novel: 19th Century (3)

ENGL 422 Development of the British Novel: 20th Century (3)

ENGL 423 Modern British Poetry (3)

ENGL 433 American Short Story (3)

ENGL 435 Development of the American Novel: 19th Century (3)

ENGL 436 Development of the American Novel: 20th Century (3)

ENGL 437 American Poetry through Frost (3)

ENGL 438 Modern American Poetry (3)

ENGL 439 Modern World Poetry (3)

ENGL 441 Modern Fiction to World War II (3)

ENGL 442 Modern Fiction since World War II (3)

II. Analysis and Methodology (6 credits, Secondary Education Concentration, Literature Concentration; 3 credits, Writing Concentration)

A. Formal Study of Genre (3 credits)

One of the following:

ENGL 261 Tradition and Form in Western Poetry (3)

ENGL 263 Tradition and Form in Western Fiction (3)

ENGL 265 Tradition and Form in Western Drama (3)

Note: Secondary Education Concentration requires ENGL 261.

B. Research Methods and Approaches to Literary Analysis (3 credits, Secondary Education and Literature concentrations)

ENGL 361 Literary Research and Applied Criticism (3)

Note: Recommended but not required for the Writing Concentration. May be used to fulfill categories IV or V in the Writing Concentration.

III. Expository Writing (3 credits)

One of the following:

ENGL 310 Writing Argument (3)

ENGL 313 Academic Essay (3)

ENGL 315 Literary Essay (3)

ENGL 316 Writing about Literature (3)

WMST 333 Women's Words, Women's Lives (3)

LITERATURE CONCENTRATION

Eighteen credits are required from the following, in addition to the core requirements.

I. Thematic Approaches, Diversity, Western Heritage, Global Perspectives (3 credits)

One of the following:

ENGL 230 Main Currents in American Literature (3)

ENGL 233 African-American Literature (3)

ENGL 234 Major Writers in African-American Literature (3)

ENGL 235 Ethnic-American Literature (3)

ENGL 236 American Indian Literature (3)

ENGL 239 Jewish Literature of the 19th and 20th Centuries (3)

ENGL 240 Classics of the Western Heritage (3)

ENGL 243 Classical Mythology (3)

ENGL 244 World Folklore (3)

ENGL 248 Literature of the Global Experience (3)

ENGL 270 Ideas in Literature (3)

ENGL 290 Honors Seminar in Literature (3)

ENGL 341 History and Literature of the Old Testament (3)

ENGL 342 Folklore and Literature (3)

ENGL 343 Myth and Literature (3)

ENGL 347 World Literature Written in English (3)

ENGL 363 Film and Literature (3)

ENGL 370 Special Topics: Literature of Women (3)

ENGL 371 Women Poets: Themes and Images (3)

ENGL 372 Women Writers (3)

ENGL 373-379 Themes in Literature (3)

ENGL 471-477 Topics in World, British, American, Multiethnic and Black-American Literature (3)

ENGL 485-486 Seminar in Literature Studies (3)

II. Major Figures (6 credits)

A. One of the following:

ENGL 427 Shakespearean Comedy (3)

ENGL 428 Shakespearean Tragedy (3)

B. One of the following:

ENGL 425 Chaucer (3)

ENGL 429 Milton and the Humanist Tradition (3)

ENGL 469 Special Studies in One or Two Authors (3)

ENGL 471-477 Topics Courses (when the subject is

appropriate) (3)

ENGL 485-486 Seminar in Literary Studies (when the subject is appropriate) (3)

III. Literary Criticism (3 credits)

One of the following:

ENGL 461 History of Literary Criticism (3)

ENGL 462 Modern Literary Theory (3)

IV. Linguistics (3 credits)

One of the following:

ENGL 350 Comparative Grammar (3)

ENGL 351 Historical Linguistics (3)

ENGL 352 Structural Linguistics (3)

ENGL 353 History of American English (3)

ENGL 451 History of the English Language (3)

ENGL 452 Structure of the English Language (3)

ENGL 475 Topics in Linguistics (3)

V. Elective (3 credits)

Any course in literature, writing, honors or practical experience (may include ENGL 490, 497, 498 or 499).

SECONDARY EDUCATION PROGRAM

Eighteen credits are required from the following, in addition to the core requirements.

I. Diversity in American Literature (3 credits)

One of the following:

ENGL 233 African-American Literature (3)

ENGL 234 Major Writers in African-American Literature (3)

ENGL 235 Ethnic-American Literature (3)

ENGL 236 American Indian Literature (3)

ENGL 239 Jewish Literature of the 19th and 20th Centuries (3)

ENGL 373-379 Themes in Literature (when appropriate) (3)

ENGL 475 Topics in Multiethnic American Literature (3)

Topics in Black-American Literature (3) ENGL 477

ENGL 485-486 Seminar in Literary Studies (when appropriate) (3)

II. Thematic Approaches, Western Heritage, Global Perspectives, Literary Criticism (3)

One of the following:

ENGL 230 Main Currents in American Literature (3)

ENGL 240 Classics of the Western Heritage (3)

ENGL 243 Classical Mythology (3)

ENGL 244 World Folklore (3)

ENGL 248 Literature of the Global Experience (3)

ENGL 270 Ideas in Literature (3)

ENGL 290 Honors Seminar in Literature (3)

ENGL 341 History and Literature of the Old Testament (3)

ENGL 342 Folklore and Literature (3)

ENGL 343 Myth and Literature (3)

ENGL 347 World Literature Written in English (3)

ENGL 363 Film and Literature (3)

ENGL 370 Special Topics: Literature of Women (3)

ENGL 371 Women Poets: Themes and Images (3)

ENGL 372 Women Writers (3)

ENGL 373-379 Themes in Literature (3)

ENGL 425 Chaucer (3)

ENGL 429 Milton and the Humanist Tradition (3)

ENGL 469 Special Studies in One or Two Authors (3)

ENGL 461 History of Literary Criticism (3)

ENGL 462 Modern Literary Theory (3)

ENGL 471-473 Topics in World, British and American Literature (3)

ENGL 485-486 Seminar in Literary Studies (3)

III. Shakespeare (3 credits)

One of the following:

ENGL 427 Shakespearean Comedy (3)

ENGL 428 Shakespearean Tragedy (3)

IV. Applied Grammar and Linguistics (6 credits)

A. Grammar (Students may place out through departmental examination)

ENGL 251 Applied Grammar (3)

B. One of the following courses in grammar and linguistics:

ENGL 350 Comparative Grammar (3)

ENGL 351 Historical Linguistics (3)

ENGL 353 History of American English (3)

ENGL 451 History of the English Language (3)

ENGL 452 Structure of the English Language (3)

ENGL 475 Topics in Linguistics (3)

V. Literature for Secondary Education (3 credits)

SCED 418 Young Adult Literature (3)

WRITING CONCENTRATION

Twenty-one credits are required from the following, in addition to the core requirements.

I. Thematic Approaches, Diversity, Western Heritage, Global Perspectives (3 credits)

One of the following:

ENGL 230 Main Currents in American Literature (3)

ENGL 233 African-American Literature (3)

ENGL 234 Major Writers in African-American Literature (3)

ENGL 235 Ethnic American Literature (3)

ENGL 236 American Indian Literature (3)

ENGL 239 Jewish Literature of the 19th and 20th Centuries (3)

ENGL 240 Classics of the Western Heritage (3)

ENGL 243 Classical Mythology (3)

ENGL 244 Folklore (3)

ENGL 248 Literature of the Global Experience (3)

ENGL 270 Ideas in Literature (3)

ENGL 290 Honors Seminar in Literature (3)

ENGL 342 Folklore and Literature (3)

ENGL 343 Myth and Literature (3)

ENGL 347 World Literature Written in English (3)

ENGL 363 Film and Literature (3)

ENGL 370 Special Topics: Literature of Women (3) ENGL 371 Women Poets: Themes and Images (3)

ENGL 372 Women Writers (3)

ENGL 373-379 Themes in Literature (3)

ENGL 471-477 Topics in World, British, American, Multiethnic,

and Black-American Literature (3) ENGL 485-486 Seminar in Literary Studies (3)

II. Major Figure (3 credits)

One of the following:

ENGL 425 Chaucer (3)

ENGL 427 Shakespearean Comedy (3)

ENGL 428 Shakespearean Tragedy (3)

ENGL 429 Milton and the Humanist Tradition (3)

Special Studies in One or Two Authors (3) ENGL 469

ENGL 471-477 Topics (when appropriate) (3)

ENGL 485-486 Seminar in Literary Studies (when appropriate) (3)

III. Linguistics and Literary Criticism (3 credits)

One of the following:

ENGL 350 Comparative Grammar (3)

ENGL 351 Historical Linguistics (3)

ENGL 352 Structural Linguistics (3)

ENGL 353 History of American English (3)

ENGL 451 History of the English Language (3) ENGL 452

Structure of the English Language (3)

ENGL 461 History of Literary Criticism (3)

ENGL 462 Modern Literary Theory (3)

ENGL 475 Topics in Linguistics (3)

IV. Writing (9 credits in addition to the 3 credits in expository writing that are part of the core requirements)

Students will select one of the following Areas of Focus and complete three courses within that Area of Focus:

• Creative Writing, Poetry and Fiction

Business, Technical and Professional Writing

Literary, Critical and Creative Nonfiction Writing

Note: In consultation with their major advisers and with the prior approval of the department chairperson, students may create or modify an Area of Focus.

Creative Writing Area of Focus (9 credits)

ENGL 311 Writing Poetry (3)

ENGL 312 Writing Fiction (3)

ENGL 315 Literary Essay (3)

Advanced Poetry Writing (3) ENGL 411 **ENGL 412** Advanced Fiction Writing (3)

ENGL 417-419 Topics in Writing (when appropriate) (3)

Business, Technical and Professional Writing Area of Focus (9 credits)

- ENGL 310 Writing Argument (3)
- ENGL 313 Academic Essay (3)
- Writing for Business and Industry (3) ENGL 317
- ENGL 318 Advanced Informational Writing (3)
- ENGL 319 Organizational Communications (3)
- ENGL 417-419 Topics in Writing (when appropriate) (3)

Literary, Critical and Creative Nonfiction Writing

Area of Focus (9 credits)

- ENGL 313 Academic Essay (3)
- **ENGL 315** Literary Essay (3)
- **ENGL 316** Writing about Literature (3)
- Literary Research and Applied Criticism (3) ENGL 361
- ENGL 417-419 Topics in Writing (when appropriate) (3)

V. Elective (3 credits)

Any course in literature, writing, honors or practical experience. May include ENGL 490, 497, 498 or 499.

MINOR IN CREATIVE WRITING

Recognizing that all good writing is an act of imagination, ordering, and synthesis that transcends subject-matter boundaries, the Creative Writing minor is designed for students with academic concentrations outside the field of English who desire to develop their present writing skills beyond those specifically geared to their chosen disciplines, and to do this under the supervision of professional writers.

Students minoring in Creative Writing must complete 24 credit hours with a grade equivalent of 2.00 or higher in each course. At least 15 credit hours must be earned at the 300-400 level. Courses should be selected in consultation with the student's minor adviser in the Department of English. Students are encouraged to complete ENGL 102 as soon as possible.

Core Requirements (12-15 credits)

Select at least four courses in creative writing from the following:

- ENGL 283 Introduction to Creative Writing (3)
- **ENGL 311** Writing Poetry (3)
- ENGL 312 Writing Fiction (3)
- **ENGL 315** Literary Essay (3)
 - (Recommended for students who do not fulfill the GenEd
 - 1.D requirement with a course in their major)
- **ENGL 411** Advanced Poetry Writing (3)
- **ENGL 412** Advanced Fiction Writing (3) **ENGL 417**
- Topics in Writing (3)
 - (May be selected only when the topic pertains to creative writing)
- ENGL 490 Independent Study (3)
 - (May be selected only when the topic pertains to creative

Formal Study of a Genre (3 credits)

Select one course from the following:

- ENGL 261 Tradition and Form in Western Poetry (3)
- ENGL 263 Tradition and Form in Western Fiction (3)
- ENGL 265 Tradition and Form in Western Drama (3)

Literature Courses (6-9 credits)

Select at least two courses in literature. One of these courses must be at the 300-400 level.

MINOR IN ENGLISH

Students must complete 24 credit hours of work, including ENGL 102, Writing for a Liberal Education, 6 hours of 200-level courses, 6 hours of upper- or lower-level courses, and 9 hours of upper-level courses. No specific courses or blocks of courses are stipulated for the minor; each student works with a departmental adviser to design a coherent and purposeful individual program.

MINOR IN WORLD LITERATURE

Students minoring in World Literature must complete 24 credits with a grade equivalent of 2.00 or higher. Twelve credits must be taken at the 300-400 level. Courses should be selected in consultation with students' Department of English minor advisers.

Core Requirements (9 credits)

ENGL 102 Writing for a Liberal Education (3) **ENGL 190** Honors Writing Seminar (3) ENGL 240 Classics of the Western Heritage (3) **ENGL 248** Literature of the Global Experience (3)

Three of the following courses (9 credits)

- ENGL 342 Folklore and Literature (3) **ENGL 343** Myth and Literature (3)
- ENGL 344 Continental Drama (3)
- **ENGL 347** World Literature Written in English (3)
- **ENGL 348** Post-Colonial Literature (3)
- ENGL 373-9 Themes in Literature (when the subject is appropriate) (3)
- **ENGL 439** Modern World Poetry (3)
- ENGL 441 Modern Fiction to World War II (3)
- **ENGL 442** Modern Fiction since World War II (3)
- ENGL 443 Short Fiction in World Literature (3)
- ENGL 461 History of Literary Criticism (3) **ENGL 462** Modern Literary Theory (3)
- ENGL 471 Topics in World Literature (3)

Electives

Electives may be chosen from the courses listed above or from other courses in British and American literature, folklore, mythology, ethnic literature or literary criticism selected in consultation with the student's minor adviser. With the permission of the minor adviser and the Department of English chairperson, up to 6 credits may be taken in literature courses taught in a foreign language. These courses are offered through the Department of Modern Languages; course descriptions may be found under the listings for the specific language.

COURSE PREREQUISITES

Course prerequisites are noted in the course descriptions. The department strictly enforces prerequisites.

MEETING GENERAL EDUCATION REQUIREMENTS/COMPETENCY

Every student in the university must complete ENGL 102 or ENGL 190 with a grade equivalent of 2.00 or higher to satisfy the GenEd 1.A requirement.

Students may take additional courses to complete GenEd requirements. Many 200-level and some 300-level courses fulfill GenEd requirements.

Philosophy, art, history, speech and theatre GenEd courses provide especially effective background for an English major. Students are encouraged to select elective courses in these areas in addition to those which fulfill GenEd requirements.

Students may select any of the following advanced writing courses to fulfill GenEd 1.D: ENGL 310; ENGL 313; ENGL 315; ENGL 316; ENGL 317; ENGL 318. Students may, of course, take

additional elective credits in English.

Some students will be required to complete special competency courses in language and writing in addition to meeting GenEd requirements in English. Students for whom English is not a native language may be required to complete courses in English as a Second Language as a prerequisite to enrollment in ENGL 102, Writing for a Liberal Education (see International Undergraduate Admissions). Students whose entering scores indicate they need additional preparation to meet the standards of college-level expository writing will be required to complete DVWR 101, Preparation for College Writing, as prerequisite to enrollment in ENGL 102. Students must earn a grade of S or a grade equivalent of 2.00 or higher in the Developmental Writing course they are required to take before they are eligible to enroll in ENGL 102.

TRANSFER CREDIT POLICY

The Department of English accepts English credits from accredited colleges and universities. However, to meet GenEd requirements, students must either present 3 transfer credits in a college-level composition course, with a grade equivalent of 2.00 or higher, or earn a grade equivalent of 2.00 or higher in ENGL 102 or ENGL 190 at Towson University. Students registering in the department's major and minor programs must complete a minimum of 12 credits in Department of English offerings at Towson University.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The department awards credit through the Advanced Placement Program of the university. Also, a selected number of entering freshmen are placed in ENGL 190 rather than ENGL 102. The department offers credit for most courses, other than upper-level writing courses, through the Credit for Prior Learning Program. Students applying for credit under this program complete an examination, an interview and at least one paper in the area.

ENGLISH HONORS AND ACTIVITIES

The department participates in the Honors Program. As a member of the Honors College, the department offers a number of intensive introductory seminars for qualified students. It also sponsors departmental honors whereby students pursue independent study leading to the completion of a thesis. Students interested in departmental honors should consult the chair of the department no later than the first semester of their junior year. Honors are designated on the graduate's transcript and diploma.

By a vote of the English faculty, the outstanding graduate in the department receives the Gerry Buettner Award at commencement

Lambda Iota Tau is the national literary honor society with a chapter in the department, and the English Club is an informal association of majors, minors and professors who meet to exchange ideas about literature.

Students may publish in two literary publications: *Grub Street* and *Ladysmith*.

DOUBLE MAJOR PROGRAM

Students who major in one of the other programs of the university but feel a strong interest in language, literature or writing are urged to explore the value of completing a double major with their adviser or with the chair of the Department of English.

Environmental Science and Studies Program

Director: Jane L. Wolfson

Faculty, Environmental Studies: Daniel Agley (Health Science), Kent Barnes (Geography and Environmental Planning), Lillian Carter (Health Science), Kenneth Haddock (Geography and Environmental Planning), Chang Kong (Economics), Ling Li (Economics), Toni Marzotto (Political Science), Jeffrey Michael (Economics), John Morgan (Geography and Environmental Planning), Dennis Muniak (Political Science), Thomas Rhoads (Economics), Martin Roberge (Geography and Environmental Planning), Stephen Scales (Philosophy and Religious Studies), Ralph Scott (Geography and Environmental Planning), Timothy Sullivan (Economics), Wing-Chun Wong (Philosophy and Religious Studies), Tamara Woroby (Economics)

Faculty, Environmental Science: Rachel Burks (Physics, Astronomy and Geosciences), Ryan Casey (Chemistry), Nordulf Debye (Chemistry), Jonathan Filer (Physics, Astronomy and Geosciences), Donald Forester (Biological Sciences), Susan Gresens (Biological Sciences), Richard Hilton (Biological Sciences), James Hull (Biological Sciences), Scott Johnson (Biological Sciences), David Larkin (Chemistry), Steven Lev (Physics, Astronomy and Geosciences), Jay Nelson (Biological Sciences), Gerald Robinson (Biological Sciences), Lev Ryzhkov (Chemistry), Aubrey Scarbrough (Biological Sciences), Erik Scully (Biological Sciences), Joel Snodgrass (Biological Sciences), Joseph Topping (Chemistry), Jay Valdes (Biological Sciences), Donald Windler (Biological Sciences), Jane Wolfson (Biological Sciences)

OFFICE

Smith Hall 348, 410-704-4920 Fax: 410-704-2604

THE PROGRAM

The Environmental Science and Studies Program has two primary educational objectives. One is to provide the fundamental scientific, technical and social knowledge that program graduates will need to assess, plan and evaluate environmental concerns, particularly those confronting metropolitan regions. The second is to instill the wide range of cognitive skills and content mastery which students will need to effectively analyze environmental issues and propose realistic plans for solving environmental problems at local, regional and national levels.

The core requirements of the program are structured to meet these two objectives and include mathematical and scientific foundations as well as extensive interdisciplinary study related to environmental issues. The required capstone seminar integrates the student's program of study, and the senior internship/research requirement gives first-hand practice in an environmental field. The environmental problems addressed in many classes and seminars will focus on the adjacent urban/suburban region and its impact on the surrounding environment.

Most environmental problems resist solutions from any single discipline. To counter this dilemma, the program utilizes a rigorous interdisciplinary approach. The curriculum draws upon the expertise of faculty in the areas of biology, chemistry, geology, mathematics, environmental ethics and values, public policy, economics, geography, public health and social change.

MAJOR IN ENVIRONMENTAL SCIENCE AND **STUDIES**

The Environmental Science and Studies Program has two concentrations: Environmental Studies and Environmental Science. There is considerable overlap in the core courses between the two concentrations. As students progress though the program, they begin to specialize in their area of greatest interest. The senior year brings students from both concentrations together for a capstone course that emphasizes application of concepts to real world problems. The Environmental Studies Concentration is described below. For information about the Environmental Science Concentration, see the College of Science and Mathematics.

ENVIRONMENTAL STUDIES CONCENTRATION

After completing 54-56 credits in common core requirements, students in the Environmental Studies Concentration complete one of four tracks: Directed Environmental Studies, Environmental Geographic Analysis, Environmental Policy/Management, and Environmental Health. Each track requires 15 additional credit hours.

Common Core Requirements (54-56 credits)

All students in the program will complete a common core of course work establishing the scientific principles and mathematical skills needed as a foundation for more specialized study. They also will complete a core of courses in social sciences, a capstone course, and an upper-level internship or research

Of the total credits in program requirements, a minimum of 23 may be used to fulfill GenEd requirements (identified by an asterisk following the course number), effectively reducing the number of credits that apply solely to the Environmental Science and Studies major.

Note: Courses designated with "xx" did not have numbers assigned in time for publication. Please see department or program office for information.

Natural Sciences (15 credits)

BIOL 201*	Cellula	ır Biology	and	Genetics	(4)	
-----------	---------	------------	-----	----------	-----	--

BIO1, 202* Introduction to Ecology, Evolution and Behavior (4)

CHEM 104 Introduction to Environmental Chemistry (4)

GEOL 121* Physical Geology (4)

Mathematics and Statistics (6-8 credits)

A. One of the following:

MATH 119* Pre-Calculus (4)

MATH 211* Calculus for Applications (3)

B. One of the following:

MATH 231* Basic Statistics (3)

MATH 237* Elementary Biostatistics (4)

GEOG 375 Quantitative Methods in Geography (3)

ECON 205* Statistics for Business and Economics (3)

Social Science Requirement (27 credits)

PHIL 255*	Environmental Ethics (3)
GEOG 101*	Physical Geography (3)
GEOG 410	Environmental Geography (3)
ECON 201*	Microeconomic Principles (3)
ECON 375	Environmental Economics (3)
	or
ENVS 37x	Natural Resource Economics (3)
ENGL 318*	Advanced Informational Writing (3)
POSC 103*	American National Government (3)
	or

POSC 207* State and Local Government (3) POSC 421 Politics and Environmental Policy (3) **HLTH 451** Ecological Aspects of Health (3)

Seminar and Application (6 credits)

ENVS 482	Environmental Research
ENVS 485	Environmental Internship (3)
	or

ENVS 491 Senior Seminar

ENVIRONMENTAL GEOGRAPHIC ANALYSIS TRACK (15 credits)

Students will complete the following courses and any additional 3-credit elective from the Environmental Studies elective course list, below.

GEOG 221	Map Interpretation (3)
GEOG 412	Introduction to Geographic Information Systems (3)
GEOG 416	Principles of Remote Sensing and Digital Image
	Processing (3)
GEOG 481	Environmental Impact Analysis (3)

ENVIRONMENTAL POLICY/MANAGEMENT TRACK (15 credits)

Any five courses from the following: ECON 325 Economic Development (3)

20011323	Beonomie Bevelopment (5)
ECON 337	Public Finance (3)
ECON 351	Urban Economics (3)
ECON 375	Environmental Economics (3) (if not taken as

Environmental Economics (3) (if not taken as part of

ECON 37x Natural Resource Economics (3) (if not taken as part of core)

ECON 470-479 Topics in Economics (3) (with approval of program director)

PHIL 319 Science, Technology and Values (3) **POSC 481** Seminar: Public Policy Analysis (3)

POSC 470-479 Special Topics in Political Science (3) (with approval of program director)

POSC 488 Energy and the Environment (3)

ENVIRONMENTAL HEALTH TRACK (15 credits)

Any five courses from the following: **GEOG 329** Medical Geography (3) **GEOG 385** Population Geography (3) **GEOG 415** Geographic Aspects of Pollution (3) **GEOG 470** Seminar: Selected Topics in Medical Geography (3)

HLTH 333 Food Safety Science

HLTH 435 Epidemiology (3)

POSC 488 Seminar: Public Policy Analysis (3)

DIRECTED ENVIRONMENTAL STUDIES TRACK (15 credits)

Students complete 15 credits from the list of Environmental Studies electives. All students selecting this track should, in consultation with their adviser, develop a coherent course of study that includes five courses from this list. This list of courses, to be identified late in the sophomore year, is submitted to the program director for approval.

Environmental Studies Electives

ECON 309	Intermediate Price Theory (3)
ECON 325	Economic Development (3)
ECON 337	Public Finance (3)
ECON 351	Urban Economics (3)
ECON 375	Environmental Economics (3) (if not taken as part of
	the core)
ECON 37x	Natural Resource Economics (3) (if not taken as part
	of the core)
ECON 470-4	79 Topics in Economics (3) (with approval of
	program director)

GEOG 221 Interpretation of Maps (3)

GEOG 319 Soils and Vegetation (3) **GEOG 329** Medical Geography (3)

GEOG 383 Natural Resources and Society (writing course) (3)

GEOG 385 Population Geography (3)

GEOG 393 Transportation and Infrastructure Planning (3) **GEOG 405** Comprehensive Planning (3)

GEOG 411 Studies in Natural Hazards (3)

*Courses may be used to fulfill General Education requirements.

GEOG 412	Introduction to GIS (3)
GEOG 414	GIS Application (3)
GEOG 415	Geographical Aspects of Pollution (3)
GEOG 416	Principles of Remote Sensing and Digital
	Image Processing (3)
GEOG 470	Seminar: Selected Topics (i.e., Water Resources) (3)
GEOG 481	Environmental Impact Analysis (3)
GEOG 484	Land Use Planning (3)
GEOG 495	Directed Readings (3)
GEOG 496	Independent Research (3)
HLTH 435	Epidemiological Basis of Disease (3)
HLTH 491	Health Directed Readings (3)
PHIL 319*	Science, Technology, and Values (3)
PHIL 380	Eco-Philosophy (3)
POSC 305	Urban Government (3)
POSC 375	Public Administration
POSC 470-479	Special Topics in Political Science (3)
POSC 481	Seminar: Selected Topics (Public Policy Analysis) (3)
POSC 488	Energy and the Environment (3)
PSYC 341	Environmental Psychology (3)
SOCI 329	Demography (3)

MINOR IN ENVIRONMENTAL STUDIES

Students may minor in Environmental Studies by taking five key core courses and fulfilling an additional 6-8 credit requirement for the minor (21-23 credits total).

All students minoring in Environmental Studies take the following five core courses for a total of 15 credits:

•		
	ECON 375	Environmental Economics (3)
		or
	ECON 37x	Natural Resource Economics (3)
	GEOG 410	Environmental Geography (3)
	HLTH 451	Ecological Aspects of Health (3)
	PH1L 255	Environmental Ethics (3)
	POSC 421	Politics and Environmental Policy (3)
50	cience majors	who minor in Environmental Studies take

Science majors who minor in Environmental Studies take two additional 3-credit elective courses from the list of Environmental Studies electives. Total credit requirement for the minor for science majors is 21 credits.

Non-science majors who minor in Environmental Studies take 8 credits in the Environmental Sciences. A one-year sequence in a science with lab (8 credits) selected from the Environmental Sciences (BIOL 201-202, CHEM 110-111, GEOL 121 and GEOL 305) satisfies this requirement. Total credit requirement for the minor for non-science majors is 23 credits.

Family Studies Program

Director: Sandra Carson Stanley
Affiliated Faculty: Donna Cox (Health Science), Karen G.
Eskow (Occupational Therapy and Occupational Science),
Barry Frieman (Early Childhood Education), Sandra
Carson Stanley (Sociology, Anthropology and Criminal
Justice), Donna L. Wagner (Gerontology)

Office

Linthicum Hall 301H, 410-704-2849

THE PROGRAM

Family Studies offers the opportunity to study individual and family development, dynamics within families, and the interaction between families and the larger social context. The program provides academic and practical experiences related to the study of and service to families within three choices of concentration: Family Services and Family Life Enhancement; Family Policy and Planning; and Services to Children.

MAJOR IN FAMILY STUDIES

Majors in Family Studies complete 48 credits of course work drawn from throughout the curriculum in the university. Students complete 21 credits in the core curriculum. For each concentration, they complete 15 additional required credits related to the area of study and 12 credits of electives. Students must maintain a 2.00 average or better in all courses required for the major and must meet Towson University requirements for the completion of a Bachelor of Arts or Bachelor of Science degree.

Required Core Courses (21-22 credits)			
Introduction to Family Studies (3)			
Human Development (3)			
or			
Life Span Adaptations and Occupations (4)			
Family Relationships (3)			
Theories of Family Functioning (3)			
Trends in Contemporary Family Life (3)			
Research Methods in Family Studies (3)			
Senior Seminar in Family Studies (3)			

Family Services and Family Life Enhancement Concentration

Required Courses (15 credits)			
ECED 471	Families Under Stress (3)		
FMST 370	Community Services for Families (3)		
FMST 3xx	Helping Relationship with Families (3)		
FMST 397	Internship in Family Studies (6)		
Electives (12	credits)		
ANTH 321	Gender in Cross Cultural Perspective (3)		
COMM 115	Fundamentals of Interpersonal Communication (3)		
COMM 321	Interpersonal Communication (3)		
ECED 101	Introduction to Early Childhood Education (3)		
ECED 412	Communicating with Parents of Young Children (3)		
EDUC 409	Parenting Process (3)

TRANSFER CREDIT POLICY

WMST 335

Students may transfer no more than 18 credits.

Department of Geography and **Environmental Planning**

Professors: James Dilisio, Kenneth Haddock (Chair), Wayne McKim, John Morgan, Ralph Scott

Associate Professors: Kent Barnes, Virginia Thompson Assistant Professors: Douglas Herman, Martin Roberge, Charles Schmitz, Marshall Stevenson

Part-time Faculty: Jeanne Armacost, Philip Canter, Robert Cullison, Charles Goodman, Sophia Harmes, Dale Johnson, Ingrid Johnson, William Manns, Henry Schupple, Betty Shimshak, James Smith, Donald Stahl, Dean Turner

OFFICE

Linthicum Hall 20, 410-704-2973

PROGRAMS OF THE DEPARTMENT

The Department of Geography and Environmental Planning offers the following programs: the major in Geography and Environmental Planning, the major in Geography and Land Surveying, the minor in Geography, the Master of Arts in Geography and Environmental Planning, and the Master of Education with an emphasis in Geography. For more information about the graduate programs, consult the Graduate Catalog.

The Geography and Environmental Planning major is designed as a liberal arts program that explores how geographers carefully observe and measure human uses of the earth under diverse combinations of natural and cultural environments. Such academic preparation facilitates understanding of the changing world and its past.

Students are prepared in the program for careers in business, management, governmental service, education, planning, public affairs and other professions, as well as graduate school.

The major in Geography and Land Surveying is designed to meet the requirements of professionals in the field of land surveying. Courses taken in Geography at Towson University will both complement those taken in Surveying at the Community College of Baltimore County-Catonsville as well as provide additional skills of value to the professional surveyor. Importantly, completion of the four-year degree will shorten the time necessary to achieve professional licensure.

DOUBLE MAIORS

The department has established cooperative programs with the departments of Economics, Political Science, and Sociology, Anthropology and Criminal Justice, which make it possible for students to attain majors in both geography and one of these other disciplines. For further information, contact the Department of Geography and Environmental Planning or one of the cooperating departments listed above.

MAJOR IN GEOGRAPHY AND ENVIRONMENTAL PLANNING

Geography majors must complete a minimum of 39 semester hours in geography courses with a grade equivalent of 2.00 or higher. Of these 39 hours, 18 hours of core courses are required plus 6 hours of prescribed group courses. The remaining 15 semester hours in the major are selected from 200-400 level geography electives reflecting the student's areas of interest. A maximum of 6 hours of these electives may be taken at the 200

Core Requirements (18 credits)

GEOG 101 Physical Geography (3)

GEOG 109 Human Geography (3) or GEOG 102 (3) or 105 (3) or 110 (3)

GEOG 221 Interpretation of Maps (3)

GEOG 223 Physical Geography Applications (3) GEOG 375 Quantitative Methods in Geography (3)

GEOG 401 Growth of Geographic Thought (3)

Group Requirements (6 credits)

Majors must select at least one techniques course and at least one regional course. These courses may be selected from the following:

Technical Courses

Select at least one:

GEOG 321	Interpretation	on of Aerial	Photographs (3)

GEOG 323 Cartography and Graphics I (3)

GEOG 412 Introduction to Geographic Information Systems (3)

GEOG 416 Principles of Remote Sensing and Digital Image Processing (3)

GEOG 418 Computer Mapping (3)

Regional Courses

Select at least one:

GEOG 420 Geography of Anglo America (3)

GEOG 423 Geography of Maryland (3)

GEOG 431 Geography of Africa (3)

GEOG 424 Historical Geography of Atlantic Canada (3)

GEOG 443 Geography of East Asia (3)

GEOG 445 Geography of South and Southeast Asia (3)

GEOG 447 Geography of the Middle East (3)

GEOG 448 Conflict in Ireland (3)

GEOG 451 Geography of Europe (3)

GEOG 453 Geography of the former U.S.S.R. (3)

GEOG 461 Geography of Latin America (3)

MAJOR IN GEOGRAPHY AND LAND SURVEYING

The major in Geography and Land Surveying is based on a transfer articulation agreement between the Community College of Baltimore County-Catonsville and Towson University. Students electing to major in Geography and Land Surveying must complete the A.A.S. degree in Land Surveying at CCBC-Catonsville prior to enrollment at Towson University. All surveying courses will transfer. However, Towson University will only accept a maximum of 64 total credits in transfer. Any GenEd requirements not completed prior to enrollment will be completed at Towson University.

The program of study follows the guidelines for a major in Geography and Environmental Planning. A total of 39 credit hours are required as indicated above. A total of 6 credit hours can be met by transfer to satisfy the GEOG 101, GEOG 102, GEOG 105, and GEOG 109/110 requirements. The techniques requirement must be met by completing one of the following courses: GEOG 321, GEOG 412, GEOG 416, or GEOG 418. The preferred course for fulfilling the regional requirement is GEOG 423, The Geography of Maryland. Elective credits (a minimum of 15) should be selected in consultation with the adviser, as some are more preferable than others. GEOG 491, Internship is strongly recommended for those with little or no work experience. You may not substitute past work experience, nor use concurrent work to meet internship requirements, without permission of the department. A non-major requirement for this program is calculus, which may be taken at Catonsville or Towson, and which must be passed with a grade of C or higher.

For further information on this program, contact James E. Lobdell, coordinator of the Surveying Program at CCBC-Catonsville (410-455-4965), or the chair of the Department of Geography and Environmental Planning at Towson University (410-704-2973).

DOUBLE MAJOR IN GEOGRAPHY AND **SOCIOLOGY-ANTHROPOLOGY**

The departments of Geography and Environmental Planning and Sociology, Anthropology and Criminal Justice offer a program leading to a bachelor's degree with a double major in Geography and Environmental Planning and Sociology-Anthropology, with the Sociology-Anthropology major concentrated in Sociology.

I. The following lower-division courses must be taken:

A. GEOG 101 Physical Geography (3)

B. SOCI 101 Introduction to Sociology (3)

> (Both A and B count toward General Education requirements.)

II. One of the following statistics courses must be taken:

A. GEOG 375 Quantitative Methods in Geography (3)

B. PSYC 212 Behavioral Statistics (3)

C. MATH 231 Basic Statistics I (3)

(Any of these courses will count as 3 credits in either Geography or Sociology and satisfy the statistics requirement in both programs. You cannot receive credit in both the first and second major for more than one of these courses.)

III. Two of the following sociology courses must be taken:

SOCI 313 Introduction to Social Psychology (3)

SOCI 320 Military Sociology (3)

SOCI 323 Social Change (3)

SOCI 327 Urban Sociology (3)

SOCI 329 Demography (3)

SOCI 331 Organizations (3)

SOCI 333 Political Sociology (3)

SOCI 335 Medical Sociology (3)

SOCI 341 Class, Status and Power (3)

SOCI 359 Social Gerontology (3)

SOCI 391 Research Methods (3)

SOCI 470-479 Special Topics in Sociology (3) (Topics offered here may be accepted with approval of the Geography and Environmental Planning department adviser.)

IV. Two of the following geography courses must be taken:

GEOG 329 Medical Geography (3)

GEOG 351 Urban Design (3) **GEOG 355** Historical Geography of Urbanization (3)

GEOG 357 Cultural Geography (3)

GEOG 381 Political Geography (3)

GEOG 383 Natural Resources and Society (second writing course) (3)

GEOG 385 Population Geography (3)

GEOG 391 Urban Systems (3)

GEOG 405 Comprehensive Planning (3)

GEOG 407 Geography of the Aged (3)

GEOG 470-479 Seminar: Selected Topics in Geography (3) (Topics offered here may be accepted with approval of the Department of Sociology, Anthropology and Criminal Justice adviser.)

GEOG 494 Travel Study (3)

GEOG 495 Directed Reading in Geography (with approval of Department of Sociology, Anthropology and Criminal Justice adviser) (3)

GEOG 496 Independent Study in Geography (with approval of Department of Sociology, Anthropology and Criminal Justice adviser) (3)

- V. The following courses are required to complete the Geography major portion of the double major:
- A. Core Courses

GEOG 102 World Regional Geography (3)

Or Coography of International Affairs (

GEOG 105 Geography of International Affairs (3)

or

GEOG 109 Human Geography (3)

GEOG 221 Interpretation of Maps (3)

GEOG 223 Physical Geography Applications (3)

GEOG 401 Growth of Geographic Thought (3)

B. Techniques Course (only one of the following)

GEOG 321 Interpretation of Aerial Photographs (3) GEOG 323 Cartography and Graphics I (3)

CEOC 17: Cartography and Graphi

GEOG 47x Computer Mapping (3)

GEOG 412 Introduction to Geographic Information Systems (3)

GEOG 416 Principles of Remote Sensing and Digital Image

Processing (3)

- C. Regional Course (one 400-level regional course)
- D. Elective Course (one 300- or 400-level elective)
- VI. The following courses are required to complete the Sociology Concentration in the double major:
- A. Core Courses

SOCI 381 Sociological Theory (3)

SOCI 391 Research Methods (3)

B. Electives

Students must complete 24 credits of electives in Sociology, at least 18 of which must be upper division. Two elective course (6 credits) may be in Anthropology.

MINOR IN GEOGRAPHY

Students minoring in Geography must complete a minimum of 21 credit hours. Six credit hours will be at the 100 level (physical geography and either GEOG 102, 105, or 109/110) with the remainder at the 200-400 level, including one techniques intensive course. A maximum of 6 credit hours may be taken at the 200 level and all course selections must be made in consultation with a faculty adviser. A grade equivalent of 2.00 or higher is required in all courses in the minor.

GEOGRAPHY SECONDARY EDUCATION PROGRAM

Required in major (39 hours): lower-division (100-200) courses (12-18); upper-division (300-400) courses (21-27), at least 12 hours of which must be courses designated as systematic or technique courses.

Required in related subjects (33 hours): History courses: HIST 145, HIST 146, HIST 101, plus 6 hours of history electives; Political Science: POSC 103: Sociology: SOCI 101; Economics: ECON 201 and ECON 202; Anthropology: either ANTH 207, ANTH 208, or ANTH 209; and a specified Topics in Social Science course.

Requirements for Admission to Teacher Education Program

All students applying for admission to a Teacher Education Program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of CASE to be kept on file.

TRANSFER CREDIT POLICY

Geography and Environmental Planning majors may transfer up to 12 hours toward a major and Geography minors may transfer up to 6 hours. All transfer credits require department approval.

INTERNSHIPS

Majors have the opportunity to participate in the university's Internship/Cooperative Education Program. This valuable adjunct to the educational program provides qualifying students with both academic credit and work experience with participating government agencies (federal, state and local) and private businesses. The internship offers the student a way of trying out a potential career choice prior to actual entry into the job market. Because the benefits of this experience are so positive, majors are strongly urged to participate in this program.

SPECIAL DEPARTMENTAL PROGRAMS

The department sponsors the Beta Delta Chapter of Gamma Theta Upsilon, an international geography honorary society. GTU holds lectures and presents films and speakers on topics in Geography and Environmental Planning. All Geography majors are welcome to join.

Travel studies are available during summer to United States and

foreign locations.

The National Council for Geographic Education awards are given to academically outstanding graduating majors.

Careers in Geography and Environmental Planning

Faculty of the department are active in career advising. Occasional careers days are held, and the department participates in a regional network of career advising in geography. Graduates of the department are currently employed in a wide array of jobs such as teachers, professors, meteorologists, intelligence analysts with the Department of Defense, cartographers, planners, statisticians, travel agents, and environmental engineers.

GRADUATE PROGRAM

The Master of Arts degree program in Geography and Environmental Planning is designed to prepare students for doctoral programs as well as for career opportunities in private business and public agencies. The program is oriented toward applied geography and presents possibilities for an emphasis in the following areas: urban and regional planning, urban studies, public policy issues, physical geography, environmental assessment, energy resources, cultural and historical geography, medical geography, population, area studies, cartography and geographic information systems.

Graduate students in Geography and Environmental Planning are encouraged to take pertinent course work in other departments. Students may pursue either the Thesis Program (30 credits and a 6 credit thesis) or the Non-Thesis Program (36 credits). Detailed information is given in the Graduate Catalog.

Gerontology Program

Director: Donna Wagner

Faculty: Patricia Alt (Health Science), Mary Blann (Kinesiology), Janet Cogliano (Nursing), Sonia Coleman (Occupational Therapy), Donna Cox (Health Science), Kenneth Haddock (Geography and Environmental Planning), Cynthia Kielinen (Nursing), Karla Kubitz (Kinesiology), Barbara Laufer (Communication Sciences and Disorders), Mara Lauterbach (Biological Sciences), Ling Li (Economics), Alan Miller (Marketing), Wayne Nelson (Health Science), Howard Nixon (Sociology, Anthropology and Criminal Justice), S. Maggie Reitz (Occupational Therapy), Marlene Riley (Occupational Therapy), Guy Sedlack (Sociology, Anthropology and Criminal Justice), Michael Seganish (Accounting/Business Law), Kim Shifren (Psychology), Jan Sinnott (Psychology), Jay Stanley (Sociology, Anthropology and Criminal Justice), Regena Stevens-Ratchford (Occupational Therapy), Donna Wagner (Gerontology)

OFFICE

Linthicum Hall 308, 410-704-4644

THE PROGRAM

The Gerontology Program at Towson University offers an undergraduate degree program leading either to the Bachelor of Arts or Bachelor of Science degree. The course work is multidisciplinary and provides students with an understanding of the scope of gerontology, the issues which are central to the study of aging, and a perspective from which to understand the phenomenon of human aging and its implications on society. The program is designed to prepare students for entry-level occupational positions within the field of aging and to provide the knowledge and skills necessary for acceptance by graduate and professional schools for additional gerontological education.

MAJOR IN GERONTOLOGY

Students pursuing a degree in Gerontology must complete a minimum of 45 credits in the program as outlined below and maintain a 2.00 average or better in all required courses. Required elective courses must be approved by students' Gerontology adviser.

Required Core Courses (18-21 credits)

GERO 101	Introduction to Gerontology (3)
PSYC 405	Psychology of Aging (3)
SOCI 359	Social Gerontology (3)
GERO 485	Gerontology Senior Seminar (3)
HLTH 411	Health and Later Maturity (3)
	or
BIOL 313	Biology of Aging
	or
KNES 457	Physiology of Aging
GERO 397	Internship Arranged with Gerontology Adviser (3-6)

Required Methods Courses (6-8 credits)

Research Methods (approved by Gerontology adviser) (3-4) Social or Behavioral Statistics (approved by Gerontology adviser) (3-4)

Elective Upper-Level Courses (12 credits)

GEKO 310	Social Issues in Human Life Span Technology (3)
GERO 450	Directed Readings in Gerontology (3)
BULA 470	Elder Law (3)
GEOG 407	Geography of the Aged (3)
SOCI 377	Gender and Aging (3)
MKTG $4xx$	Marketing for Senior Citizen Lifestyles (3)
KNES 455	Activity Programming for the Older Adult (3)
SOCI 329	Demography (3)
SOCI 360	Sociology of Aging (3)
SOCI 367	Sociology of Death, Dying and Bereavement (3)
Or other uppe	r-level courses approved by Gerontology adviser

Cognate Electives (9 credits)

	enves (> credits)
ANTH 207	Cultural Anthropology (3)
ANTH 209	Anthropology of American Culture (3)
ANTH 211	Honors Anthropology of American Culture (3)
ECON 339	Health Economics (3)
GEOG 329	Medical Geography (3)
HLTH 101	Current Health Problems (3)
HLTH 204	Nutrition and Weight Control for the Consumer (3)
HLTH 207	Health Care in the U.S. (3)
HLTH 208	Mental Health, Stress Management, and Crisis
	Intervention (3)
HLTH 305	Community Health Administration (3)
HLTH 405	Drugs in our Culture (3)
HLTH 441	Legal and Ethical Issues in Health Administration (3)
OCTH 103	Leisure and Health (3)
OCTH 216	Bio-Psycho-Social Development (3)
KNES 107	Cardiovascular Fitness (3)
KNES 204	Nutrition/Weight Control (3)
KNEX 409	Stress Management (3)
PHIL 361	Ethics of Medicine and Life Science (3)
POSC 375	Public Administration (3)

Lecturers: Allaire Brumfield, John Mancini

Part-time Faculty: Patricia Anderson, William Calderhead, Tina Sheller

OFFICE

Linthicum Hall 119F, 410-704-2923

PROGRAMS OF THE DEPARTMENT

The Department of History offers the following programs: the major in History; the History Secondary Education major, for students planning to teach history at the secondary level; and the minor in History. Each of these programs encourages students to explore the study of history in depth. Such investigation leads to an appreciation of the structure and function of the discipline and prepares the student for teaching, for graduate work and for the study of law, theology, archival management, library science, historical preservation and museology. Skills, as well as historical knowledge acquired through the study of the discipline, may also lead to career opportunities in public history, federal, state and local government, and in business and industry. Students may opt for more career flexibility by choosing double majors or by combining History with a minor: History and Art, History and English, History and Women's Studies, History and Business, History and Communication, for example. History majors and minors are also expected to take correlative courses that broaden their academic backgrounds and offer valuable insights into their subjects. The department also strongly recommends the completion of the intermediate level of a foreign language. The department offers courses in the fields of American, European, Asian, African and Latin American history. The offerings are varied. Some courses are chronological, topical or national in scope. Others are in women's, ethnic, business, social, cultural or political history. All courses offered encourage an appreciation of the historical past through lecture/discussion, reading, analysis and writing. Because history explores all aspects of human endeavor, history courses touch upon the insights of all disciplines from the historical perspective.

An internship is a practical application of historical knowledge and skill. An internship may be taken at institutions such as the Maryland Historical Society, Baltimore City Archives, Baltimore Museum of Industry, Jewish Museum of Maryland, Inc. or Towson University Archives.

The department participates in interdisciplinary programs such as International Studies, Social Science, Women's Studies, the minors in Jewish Studies, Classical Studies, and Lesbian and Gay Studies, and in Interdisciplinary Studies, tracks in American Studies, African-American Studies, Comparative Ethnic Studies, Religious Studies, Latin American Studies, Asian Studies, and Medieval and Renaissance Studies.

MAJOR IN HISTORY

In addition to the General Education (GenEd) requirements, History majors are required to complete 39 credits with a grade equivalent of 2.00 or higher. The Bachelor of Arts degree may be earned by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate courses (or their equivalent) of a modern foreign language.

D . 1		140	1
Keauirea	Courses	118	credits)

HIST 101	Introduction to Ancient Civilization (3)
HIST 102	History of European Civilization through the 17th Century
(3)	

HIST 103 History of European Civilization from the 17th Century (3)

HIST 108 Honors History of European Civilization from the 17th

HIST 145 History of the United States to the Mid-19th Century (3)

HIST 146 History of the United States since the Mid-19th Century (3)

HIST 148 Honors History of the United States since the Mid-19th

HIST 300 Introduction to Historical Study (3)

Electives (21 credits)

Students must complete 21 credits of electives offered by the department, at least 15 of which must be in upper-division courses. Within the 21 credits of electives, there must be at least one 3-credit course each in American and European history. Nine credit hours must be taken in Asian, African, Latin American or world history. No more than two upper-division courses may be taken with the same instructor (Seminar, HIST 300, Directed Reading, Directed Research, Colloquium and Travel Study are excepted).

MINOR IN HISTORY

History minors are required to complete 24 credits with a grade equivalent of 2.00 or higher from among the following courses.

Required Courses (6 credits)

HIST 300 Introduction to Historical Study (3)

One of the following:

HIST 107 Introduction to History of Islamic Civilization (3)

HIST 109 Introduction to the Civilization of India (3) HIST 110 East Asian Civilization to the 17th Century (3) HIST 111 Modern East Asia since the 17th Century (3)

HIST 121 Latin America: Colonial Period (3) HIST 122 Latin America: National Period (3)

HIST 135 African History and Culture (3)

Lower-Division History Electives (9 credits)

Upper-Division History Electives (9 credits) (Excluding HIST 300 Introduction to Historical Study)

No more than two upper-division courses may be taken with the same instructor. (HIST 300 is excepted.) Seminar, Directed Reading, Directed Research, Colloquium and Travel Study may not be taken for history minor requirements.

HISTORY SECONDARY EDUCATION PROGRAM

History majors may wish to obtain certification to teach history at the secondary level. Students in this Secondary Education Program receive certification to teach in Maryland upon graduation. See Secondary Education Department requirements.

In addition to the GenEd requirements, and the requirements specified by the Department of Secondary Education, students must complete 54 credits with a grade equivalent of 2.00 or higher from among the courses listed below. Of the 54 credits, 21 must be completed in the required history courses, and 24 in social science courses and 9 credits in history electives before Student Teaching.

Required History Courses (21 credits)

HIST 102 History of European Civilization through the 17th

One of the following:

ANTH 207 Cultural Anthropology (3)

ANTH 209 American Culture (3)

SPECIAL RECOMMENDATIONS FOR MAJORS AND MINORS

Students must declare their majors and minors in the department. The major or minor should be declared during the second semester of the freshman year or at the beginning of the sophomore year. Students will be given major/minor forms listing additional rules for a History major/minor. They will also be required to select an academic adviser who will help in preparing a program of courses. Students should consult their advisers regularly. Students also must update their records each semester. A History minor who wishes to student teach must have completed 15 credits of the required courses in history.

TRANSFER CREDIT POLICY

No more than 18 credits in history will be accepted toward a major or a minor from a regionally accredited four-year college. No more than 12 lower-division credits in history will be accepted toward a major or a minor from a regionally accredited two-year college. The 12 credits must be in lower-division courses which have Towson University equivalents at the 100-200 level.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The department awards credit through the Advanced Placement Program of the university. The department also offers credit for lower-division courses, and for upper-division courses upon appeal, through the Credit for Prior Learning Program. Students applying for credit under this program complete a departmental examination, an interview and a paper or book review in the field.

DEPARTMENTAL HONORS AND ACTIVITIES

The department offers an honors program in History. Eligibility requirements and rules governing the departmental honors programs are described elsewhere in this catalog. Students interested in the history honors program should consult their adviser and their department chair no later than the first semester of their junior year.

The department sponsors the Theta Beta Chapter of the national History honor society, Phi Alpha Theta. The society presents lectures, films and other programs. Students may inquire about membership requirements at the department office.

The department awards at graduation each year the Medal of the Daughters of American Colonists, presented by the Cecilius Calvert Chapter of that organization, and the Disabled American Veterans Prize in History.

The Mary Catherine Kahl Prize is awarded annually to a History major or minor of outstanding promise who has not yet graduated. An essay in history written by the nominees is submitted as an integral part of the prize competition.

The Arnold Blumberg Prize is awarded annually to the senior History major who has compiled the most outstanding record in the field of European History.

Each year, under an endowment established to honor Professor Herbert Duane Andrews, an outstanding scholar will be invited to lecture at the university. The lecture will emphasize scholarly research which demonstrates the integration of history with other disciplines or which utilizes newer methodologies to enhance understanding of traditional areas of specialization.

The department also offers travel-study courses that in the past have introduced students to China, Japan, Mexico and several European countries.

Interdisciplinary Studies Program

Director: Carl Behm

OFFICE

Linthicum Hall 100A, 410-704-3600

THE PROGRAM

The Interdisciplinary Studies major provides students with the opportunity to pursue a program of study that is currently unobtainable through any single discipline at Towson University. The major offers students two alternatives: (1) formally designed thematic options (tracks and minors) and (2) an individually designed thematic option.

The formally designed thematic options have been created by interdisciplinary faculty committees under a thematic option alternative. Under the formally designed programs, students are advised by either the coordinator of the track or by a member of its advisory committee. Currently, eight formally designed thematic options are offered at Towson: African-American Studies, American Studies, Animal Behavior, Asian Studies, Comparative Ethnic Studies, Latin American Studies, Medieval and Renaissance Studies, and Prelaw. Students interested in any of these formally designed thematic options should contact that option's coordinator.

When none of the traditional majors or these formally designed thematic options meets the student's needs, then the student may pursue the second Interdisciplinary Studies alternative: the individually designed thematic option. This thematic option provides Towson University students with the opportunity to pursue a major that is available at other colleges or universities but is not available currently at Towson. Examples of such majors include Nature Writing and Recreation Management.

Students interested in the individually designed option should first consult catalogs from universities offering their desired major to determine if Towson University offers the necessary course work to complete the major. Then the student should meet with a faculty member or members who have expertise in the student's proposed area of study. With the help of a faculty member, the student must submit a program of study. The program of study must include a name for the concentration (e.g., Nature Writing), a description of the goals of the concentration, and the requirements of the concentration (i.e., a list of courses to be completed). See the eight formally designed thematic options on the following pages for examples of names, descriptions and requirements of approved programs of study. Contact the director of Interdisciplinary Studies for further information and for help in finding a faculty adviser with relevant expertise. All individually designed programs must be approved by a faculty adviser and by the Interdisciplinary Studies director. No unapproved program of study may be used for graduation.

Whether the student selects a formally designed or an individually designed thematic option, all Interdisciplinary Studies majors must complete a minimum of 45 upper-division credit hours (300-400 level). All 45 upper-division hours must be completed with a grade equivalent of 2.00 or higher.

INDIVIDUALLY DESIGNED CORE THEMATIC OPTION

Thematic Options

Students who submit a proposal for a thematic option must meet the following requirements:

1. The required 45 credits must relate to a particular academic theme or area of academic study which incorporates courses from at least three departments or programs.

2. All course work must be upper-division unless the faculty adviser and the Interdisciplinary Studies coordinator approve

the inclusion of some particularly significant course work at the lower-division level. For example, a course important to the student's theme may exist only at the lower division.

FORMALLY DESIGNED THEMATIC OPTIONS

The following formally designed thematic options are available. Requirements for each theme are listed below.

Tracks and Minors

African-American Studies Track
American Studies Track
Animal Behavior Track
Asian Studies Track and Minor
Comparative Ethnic Studies Track and Minor
Latin American Studies Track and Minor
Medieval and Renaissance Studies Track and Minor

Pre-Professional Preparation

Prelaw Program

MINORS

Towson University also offers interdisciplinary minors in Business, Communication and the Liberal Arts; Classical Studies; Irish Studies; Jewish Studies; and Lesbian and Gay Studies. Students in any major may elect to pursue these minors.

TRANSFER CREDIT POLICY

Interdisciplinary Studies majors may transfer up to 21 credit hours toward completion of the major. Interdisciplinary Studies minors may transfer up to 9 credit hours toward completion of the minor.

AFRICAN-AMERICAN STUDIES TRACK

Advisory Committee: Lena Ampadu (English), Camille Clay (Office of Diversity Resources), Elizabeth Clifford (Sociology, Anthropology and Criminal Justice), John Gissendanner (English, Coordinator), Kevin Mumford (History), John Murungi (Philosophy and Religious Studies), Frances Rothstein (Sociology, Anthropology and Criminal Justice), Katia Sainson (Modern Languages)

OFFICE

Linthicum Hall 201J, 410-704-2863

The Program

The African-American Studies Program offers students the opportunity to study in-depth the historical and cultural existence of African Americans by examining their unacknowledged roles in American society and the presence and importance of the black aesthetic culturally, socially, politically and economically. An interdisciplinary program concentrating mainly in the humanities, the curriculum of the African-American Studies Program is subject to review and flexibility, as courses may be added with the permission of the advisory committee.

Students may choose a track in the program, select courses to structure a track within the Interdisciplinary Studies Program, or simply take courses as electives.

New courses, special topics, and Minimester courses may be accepted toward the major with approval of the committee.

For further information, please contact one of the advisers.

Requirements for the Track

SOCI 101

- Students must satisfy General Education (GenEd) requirements with the following recommended or required courses:
- ENGL 230 Main Currents in American Literature (3) (recommended) HIST 146 History of the U.S. since the Mid-19th Century (3) (required) NOTE: Only one of these courses can be counted for GenEd II.B. I.

though both are recommended for the track. Introduction to Sociology (3) (required)

- To declare the track, students must be at least sophomores with a 2.00 QPA.
- Students must take a minimum of 45 semester hours of upperdivision work from the arts and sciences: art, biology, chemistry, economics, geography, history, mathematics, modern languages, music, philosophy, physics, political science, psychology, sociology, speech and theatre.
- Students must complete 15 hours from the following:
- ENGL 233 Survey of African-American Literature (3)
- ENGL 234 Major Writers in African-American Literature (3)
- ENGL 347 World Literature Written in English (3)
- HIST 133 History of Africa: Earliest Times to the 19th Century (3)
- HIST 135 African History and Culture (3)
- HIST 145 History of the U.S. to the Mid-19th Century (3)
- HIST 146 History of the U.S. since the Mid-19th Century (3)
- African-American History to the Mid-19th Century (3) HIST 381
- HIST 382 African-American History from the Mid-19th Century (3)
- Students must complete 15 hours from the following courses.
- One of the following:
- POSC 341 African Government and Politics (3)
- POSC 435 Africa in World Politics (3)
- GEOG 431 The Geography of Africa (3)
- Two of the following:
- ENGL 477 Literature of Black America (3)
- SOCI 241 Blacks in America: Myths and Realities (3)
- Class, Status and Power (3) **SOCI 341**
- SOCI 343 Minority Groups (3)
- SOCI 370 Topics in Sociology: Black-White Relations (3)
- Two of the following:
- ARTH 335 African-American Art (3)
- ECON 351 Urban Economics (3)
- GENL 241 The Ethnic Experience in America (3)
- HIST 375 The City in American History (3)
- PHIL 251 Contemporary African-American Thought (3)
- PHIL 270-Philosophical Perspectives (3)
 - 2.79
- POSC 305 Urban Government and Politics (3)
- POSC 341 African Government and Politics (3)
- **POSC 435** Africa in World Politics (3)
- SOCI 327 Urban Sociology (3)
- SOCI 341 Class, Status and Power (3)
- SOCI 343 Minority Groups (3)
- SOCI 370-79 Topics in Sociology (3) (consult with adviser)

AMERICAN STUDIES TRACK

Coordinator: Paul Douglas (English)

OFFICE

Linthicum Hall 218G, 410-704-2943

The Program

The American Studies Track is an interdisciplinary program that allows students to take courses in different academic departments while still focusing on the concept of American culture. The American Studies approach stresses the interrelatedness of history, literature, the fine and vernacular arts, popular culture, technology and folkways. Students examine American institutions, ideas and material forms in order to better understand their pasts and shape their futures.

The track is designed for those students who may wish to have careers in fields such as teaching, museum work, law and journalism where a broad knowledge of American history and culture is desirable.

Those students interested in material culture or museum work have the opportunity to receive credit for internships at a number of local museums or historical sites.

Requirements for the Track

- Lower-division requirements: 18 credits from the following list.
- AMST 201 Introduction to American Studies (3)
- ANTH 207 Cultural Anthropology (3)
- ARTH 113 Myths and Stories in American Art (3)
- ENGL 230 Main Currents in American Literature Survey of African-American Literature (3) ENGL 233
- ENGL 235 Ethnic American Literature (3)
- GEOG 109 Introduction to Human Geography (3)
- History of the U.S. to the Mid-19th Century (3) HIST 145
- HIST 146 History of the U.S. since the Mid-19th Century (3)
- H1ST 147 History of Women in America (3) MUSC 111 Introduction to American Music (3)
- POSC 103 American National Government (3)
- Upper-division requirements: 30 credits from the following list. Other courses relating to American culture may be taken with the approval of the coordinator. No more than 12 credits may be taken in any one department.

Anthropology

- **ANTH 365** North American Indians (3)
 - ANTH 383 North American Archeology (3)
- ANTH 385 Archeology of the American Southwest (3)

American Studies

- AMST 370 Topics in American Studies (3)
- AMST 491 Directed Readings in American Studies (3)
- AMST 497 Practicum in Material Culture (3)

Art History

- ARTH 335 African-American Art (3)
- ARTH 337 American Art (3)

English

- ENGL 331 American Drama (3)
- ENGL 353 History of American English (3)
- ENGL 431 Literature of the American Romantic Period (3)
- ENGL 432 Literature of the American Realistic Period (3)
- **ENGL 433** American Short Story (3)
- Development of the American Novel: 19th Century (3) **ENGL 435**
- ENGL 436 Development of the American Novel: 20th Century (3)
- **ENGL 437** American Poetry through Frost (3)
- ENGL 438 Modern American Poetry (3)
- ENGL 473 Topics in American Literature (3)
- ENGL 477 Topics in Black American Literature (3)

Geography

- **GEOG 420** Geography of Anglo-America (3)
- GEOG 423 Geography of Maryland (3)

History

- HISŤ 331 American Military History 1898-1945 (3)
- **HIST 345** The American Colonies (3)
- HIST 346 American Revolutionary Period (3)

Fifteen additional upper-division credits from any arts and sciences disciplines are needed to fulfill the Interdisciplinary Studies requirement of 45 upper-division credits.

ANIMAL BEHAVIOR TRACK

Advisory Committee: Michael Figler (Psychology), Donald Forester (Biological Sciences), Paz Galupo (Psychology, Co-Coordinator), Craig Johnson (Psychology), Scott Johnson (Biological Sciences), Jay Nelson (Biological Sciences), Herbert Petri (Psychology), Joan Rabin (Psychology), Gerald Robinson (Biological Sciences), Aubrey Scarbrough (Biological Sciences), Erik Scully (Biological Sciences, Co-Coordinator)

OFFICE

Smith Hall 261, 410-704-3012

The Program

The study of animal behavior has received an increasing amount of attention from the public because of the emphasis placed by zoological parks on behavioral biology and the large number of presentations in the media regarding animal behavior and sociobiology.

The Animal Behavior Track is designed to offer a solid foundation in the diverse approaches used to study behavioral biology. The program uses a carefully selected combination of courses in biology and psychology to achieve this goal. In addition, students are required to complete either an independent research project or an internship in order to apply their knowledge in an intensive research experience.

Students who complete the program may be qualified for positions at zoological parks, aquariums and nature centers. In addition, they will have the necessary technical knowledge to pursue a career in freelance writing about animal behavior. However, students who are considering attending graduate school will need to complete additional courses in either biology

or psychology. Most of the students currently enrolled in the program also are majoring in either Biology or Psychology.

Students who are considering the Animal Behavior Track must meet with one of the program coordinators before declaring Interdisciplinary Studies as a major.

Requirements for the Track

The Animal Behavior Track requires students to complete 45 credit hours with a grade equivalent of 2.00 or higher. If 45 hours have not been reached following completion of the required courses, the additional course or courses must be taken from the Biology or Psychology Electives list (see below).

Required Courses (31-32 credits)

BIOL 110	Contemporary General Biology (4)
PSYC 101	Introduction to Psychology (3)
BIOL 207	General Zoology (4)
PSYC 212	Behavioral Statistics (4)
BIOL 371	Animal Behavior (4)
PSYC 460	Ethology and Comparative Psychology (3)
PSYC 314	Experimental Psychology (4)
	or
BIOL 381	Biological Literature (3)
BIOL 413	Evolution (3)
PSYC 491	Independent Research in Psychology (3)#
	or
BIOL 491	Independent Research in Biology (3)#
	or
IDIS 495	Internship in Interdisciplinary Studies (3)

Biology Electives		
A minimum of	two courses from the following*:	
BIOL 351	Field and Systematic Vertebrate Zoology (4)	
BIOL 353	Invertebrate Zoology (4)	
BIOL 367	Endocrinology (3)	
BIOL 402	General Ecology (4)	
BIOL 456	Ornithology (4)	
BIOL 458	Mammalogy (4)	
BIOL 461	Entomology (4)	
BIOL 465	Mammalian Physiology (4)	
BIOL 467	Herpetology (4)	
BIOL 469	Comparative Animal Physiology (4)	
BIOL 481	Directed Readings in Biology (1-3)#	

Psychology Electives

A minimum o	of two courses from the following*:
PSYC 305	Psychology of Learning (3)
PSYC 309	Psychopharmacology (3)
PSYC 315	Motivation (3)

PSYC 315	Motivation (3)
PSYC 317	Sensation and Perception (3)
PSYC 341	Environmental Psychology (3)
PSYC 381	Readings in Psychology (1-3)#

PSYC 447 Sex Differences: Psychological Perspectives (3)

PSYC 465 Physiological Psychology (3) PSYC 485 Experimental Design (4) PSYC 470-479 Current Topics in Psychology#

#Must be approved by coordinator.

*Students should consult this catalog for course prerequisites and discuss all course selections with their advisers.

ASIAN STUDIES TRACK/MINOR

Advisory Committee: Samuel Collins (Sociology, Anthropology and Criminal Justice), Douglas Herman (Geography and Environmental Planning), Edwin Hirschmann (History, Coordinator), Daniel Kealey (Philosophy and Religious Studies), Ock Kyung Lee (Art), Jenny Li (Modern Languages), Junko Morishita (Modern Languages), Stephen Phillips (History), Satish Telegar (Philosophy and Religious Studies)

OFFICE

Linthicum Hall 119N, 410-704-2905

The Program

The Asian Studies Track within the Interdisciplinary Studies major is designed to offer students an interdisciplinary program of study of various dimensions of the Asian world. Students may plan a course of study that concentrates on a particular aspect of Asian civilization or on a particular sub-region of Asia. One might, for example, focus on the art and philosophy of various Asian peoples, or instead, one might choose to concentrate on Chinese (or Indian or Japanese) civilization, studying both the traditional and modern society, its physical setting, and its political and economic development. In order to build a sound program of study, which meets both the individual student's needs and the Interdisciplinary Studies requirements, it is essential that students work closely with an adviser in planning the program and selecting courses.

A second option open to students interested in specializing in Asian Studies is the International Studies major with a regional specialization.

Requirements for the Track

- 1. Twelve credit hours of a foreign language appropriate to the student's designated area of interest in Asia. In special cases, this requirement may be waived, but only with the written permission of the advisory committee. The Asian language courses presently offered at Towson are listed below.
- 2. A minimum of 30 credit hours selected from the following list of courses, but with courses from at least three departments (in addition to language) represented. Other courses not shown on the list, but which are relevant to Asia (such as directed readings courses and Minimester courses), may be accepted with the approval of the advisory committee.

Approved Courses

Minor in Asian Studies

The minor in Asian Studies is designed for students majoring in another discipline yet interested in acquiring knowledge of Asian nations and cultures without completing the major program above. Students minoring in Asian Studies must complete 21 credits with a grade equivalent of 2.00 or higher in each course. At least three courses (9 credits) must be selected from the lower-division courses listed below, and at least four courses (12 credits) from at least three disciplines must be selected from the list of upper-division courses. Students should select courses in consultation with the Asian Studies Program coordinator.

Lower-Division Courses (9 credits)

Introduction to Islamic Civilization (3)
Introduction to the Civilization of India (3)
Introduction to Japanese Civilization (3)
Introduction to Chinese Civilization (3)
Introduction to Asian Philosophy (3)

Upper-Division Courses (12 credits from at least 3 disciplines)*

Opper-Div	ision Courses (12 credits from at least 3 disci
ARTH 331	The Art of China (3)

PHII 302 Philosophies of China and Japan (3)

*Students should consult the Course Descriptions section of this catalog to verify prerequisites and should try to select prerequisite courses that fulfill GenEd requirements.

Asian Languages

There is no language requirement for the Asian Studies minor. However, students are encouraged to begin the study of an Asian language. One 3-credit, 100-level language course may be applied toward lower-division course credit.

BUSINESS, COMMUNICATION AND THE LIBERAL ARTS MINOR

Co-Coordinators: Sharon Gibson-Groshon (English), Stephen Scales (Philosophy and Religious Studies)

Faculty Advisory Board: Dan Brown (Art), Marlene Cowan (Emeritus), Darush Davani (Computer and Information Sciences), Garland Keesling (Marketing), Don Kopka (Communication Studies), Linda Mahin (English), Lamont Steedle (Accounting)

Corporate Advisory Board: Dr. Diana Elliott (Consultant to Management), Judy Green (CEO, Green and Associates), Leslie Keelty (Director of Training, The Arbitron Company), Linda Miller (Vice President of Human Resources, Baltimore Gas and Electric Company), Carroll Nordoff, (Executive Vice President, McCormick and Co., Inc.), Bernard Penner, Esq. (Director of Compliance, Maryland Department of the Environment)

Linthicum Hall 201 D, 410-704-2858 Linthicum Hall 219 B, 410-704-2752

The Program

The interdisciplinary minor in Business, Communication and the Liberal Arts (BCLA) was developed in 1997 in response to needs expressed by national and local business executives. Students possessing this minor to complement their major will help meet the growing demand for graduates who have strong oral and written communication skills, the ability to think critically and creatively in solving problems, and a general knowledge of business culture and practices.

MINOR IN BUSINESS, COMMUNICATION AND THE LIBERAL ARTS

The rigorous minor for liberal arts majors and others consists of 24 credit hours. The minor emphasizes the skills that are important for successful job performance over time and recognizes the business community's need for broadly educated, articulate college graduates. Completion of all required minor courses with a minimum 3.00 GPA is prerequisite to enrollment in IDIS 4xx, Integrating Management Skills. Application materials are available in the interdisciplinary studies office, the admissions office, or by calling 410-704-2858 or 410-704-2752.

Required Courses (24 credits)

Required Courses (24 credits)		
ACCT 201*	Accounting Principles I (3)	
CBEC 101	Introduction to Business (3)	
COMM 315	Business and Professional Communication (3)	
COSC 111*	Information Technology for Business (3)	
ENGL 317	Writing for Business and Industry (3)	
IDIS 4xx	Management Skills Integration (3)	
PHII 371	Rusiness Ethics (3)	

Completion of all required minor courses with a minimum 3.00 GPA is prerequisite to enrollment in IDIS 4xx.

And one course selected from the following:

ANTH 209* Anthropology of American Culture (3) ENGL 263 Tradition and Form in Western Fiction (3) PHIL 101 Introduction to Philosophy (3)

POSC 107 Introduction to International Relations (3)

* Honors College versions of these courses may be used to also fulfill Honors College requirements.

Recommended Courses

Students in the BCLA minor are encouraged to enroll in some of the following courses to fulfill graduation requirements. Students should discuss these options with their advisers. These recommended courses may not be used to replace any of the minor requirements.

COMM 304 Persuasion (3) **COMM 379** Intercultural Communication (3) ECON 201* Microeconomic Principles (3) ECON 202* Macroeconomic Principles (3) FREN 331 French for Business (3)

CLASSICAL STUDIES MINOR

Advisory Committee: Allaire Stallsmith (History, Coordinator), Rose Ann Christian (Philosophy and Religious Studies), Victor Fisher (Sociology, Anthropology and Criminal Justice), Suzanne Legault (English), John McLucas (Modern Languages)

OFFICE

Linthicum Hall 119E, 410-704-2909 E-mail: astallsmith@towson.edu

The Program

Classical Studies includes the study of Greek and Latin and of ancient history and civilization, extending from the Paleolithic to the fall of the Roman Empire in the West in A.D. 476, which have formed the core of liberal arts learning in the West for centuries. The Classical Studies minor incorporates courses drawn from the language, literature, philosophy, history, archaeology, art, theatre and Jewish studies programs, offering students an opportunity to specialize in the disciplines of antiquity. The Classical Studies minor helps students majoring in various fields to focus their interests and gives coherence to their programs.

Trained to integrate the past with the present, classicists are found not only in their traditional havens-universities, museums, archaeological projects, and research centers—but also as valuable team members in such diverse fields as international business, public educational programs, documentary filmmaking, publishing, marketing, mass communications, medicine, and the

Students in the Baltimore-Washington area have unique opportunities for research and hands-on learning at the Walters Art Museum, the Center for Hellenic Studies, Dumbarton Oaks, the Library of Congress, the Smithsonian, and the libraries of Johns Hopkins University and the University of Maryland.

Minor in Classical Studies

The minor in Classical Studies consists of 24 credit hours. It is designed for students who would like to take a specialized core of classical studies courses.

Required Courses (9 credits)

HIST 101 Introduction to Ancient Civilizations (3)

LATN 101 Latin Elements I (3) **LATN 102** Latin Elements II (3)

GRK 103 Ancient Greek Elements I (3) **GRK 104** Ancient Greek Elements II (3) NOTE: The language requirement may be waived by passing a proficiency exam; in that case, 6 credits would be made up by choices from the recommended courses listed below.

Recommended Courses (15 credits)

Five additional courses (15 credits) should be chosen from the following list, with no more than two courses (6 credits) in any one department.

Anthropology

ANTH 208	Human Evolution and Brobisson, (2)
	Human Evolution and Prehistory (3)
ANTH 381	Archaeological Methods and Theory (3)

Art History

ARTH 301	Origins of Western Art (3)
ARTH 303	Art and Architecture of Ancient Greece (3)
ARTH 305	Art and Architecture of Ancient Rome (3)

English

ENGL 243	Introduction to Classical Mythology (3)
ENGL 341	History and Literature of the Old Testament (3)
ENGL 351	Historical Linguistics (3)

Geography

COMPARATIVE ETHNIC STUDIES TRACK/MINOR

Advisory Committee: Evelyn Avery (English, Coordinator), Elizabeth Clifford (Sociology, Anthropology and Criminal Justice), John Gissendanner (English), Barbara Leons (Anthropology), Julie Ries (Communication Sciences and Disorders), Frances Rothstein (Anthropology)

Linthicum Hall 219D, 410-704-2865

The Program

The Comparative Ethnic Studies Track provides a sound liberal arts and sciences education. It reflects the goals of the university in providing students with some experience in interdisciplinary courses at upper- and/or lower-division levels. Although the Comparative Ethnic Studies Program allows students to take courses in several different and distinct academic disciplines, the program stresses the importance of a comparative framework and the value of interdisciplinary approaches to the American ethnic experience.

The program is designed for students desiring careers in teaching, personnel, human services, social work, criminal justice, law and other professions, for which the Comparative Ethnic Studies Track can provide valuable information and insights. It is also designed for those students who, no matter what their major or career goals, wish to have a broader and deeper understanding of the variety of peoples who comprise modern American society.

```
Required Courses (9 credits)
```

ENĞL 235	Ethnic-American Literature (3)
GENL 241	The Ethnic Experience in America (3)
SOCI 343	Minority Groups (3)

Minor in Comparative Ethnic Studies

Class, Status and Power (3)

Designed for liberal arts students, the Comparative Ethnic Studies minor provides experience in the field and complements the more traditional majors students have chosen. Although not as comprehensive as the track, the minor also offers an interdisciplinary approach and exposure to different cultures in America.

Students must take 18 or more credits from approved courses. All Ethnic Studies minors must take 9 required hours: GENL 241, The Ethnic Experience in America; ENGL 235, Ethnic American Literature; and SOCI 343, Minority Groups or HIST 378, The Immigrant in American History.

An additional 9 or more credit hours should be taken from the approved classes listed for the track. These electives should be upper-division with no more than 6 hours of electives coming from one discipline.

IRISH STUDIES MINOR

Advisory Committee: Evelyn Avery (English), Thomas Casciero (Theatre Arts), John Connolly (English), James Coughlin (Mathematics), James DiLisio (Geography and Environmental Planning, Coordinator), K Edgington (English), Clarinda Harriss (English), Michael Keating (English), James Paulsen (Art), Joseph Rudolph (Political Science), Michael Stanley (Mass Communication and Communication Studies), Timothy Sullivan (Economics), Robert Wall (Sociology, Anthropology and Criminal Justice)

OFFICE

Linthicum Hall 26, 410-704-2971

Fax: 410-704-4702

E-mail: jdilisio@towson.edu

The Program

The Irish Studies minor draws on the resources of several different departments in various colleges of the university. The minor is designed for students whose intellectual interest is focused on another discipline, but who would like to enhance their knowledge of Irish culture under the scholarly guidance of faculty members in an organized program. The program offers an interdisciplinary approach to the study of the Irish experience by way of various viewpoints and methodologies.

The Irish Studies minor complements major academic programs of study such as art, English, economics, geography, history, political science and theatre. This program provides an option for any student in the university interested in Irish culture.

The Irish Studies minor is constantly subject to revision and expansion as a result of regular evaluation and review by an advisory committee representing participating departments. New courses, special topics, minimester courses, directed research and travel study may be accepted for this minor with the approval of the advisory committee. Credits toward the minor may also be earned as part of a study abroad program in Ireland with the approval of the Irish Studies Advisory Committee prior to the experience. Application for study abroad must be made through the Towson University Study Abroad Program director.

Minor in Irish Studies

A minimum of 21 credits is required for the Irish Studies minor.

Required Courses (6 credits)

HIST 201 A Survey of Irish History (3)

ENGL 270 Ideas in Literature: Modern Irish Literature (3)

Electives (15 credits, 9 upper-level)

No more than two courses may be taken in any one discipline without permission.

JEWISH STUDIES MINOR

Advisory Committee: Evelyn Avery (English, Co-Coordinator), Arnold Blumberg (History, Emeritus), Alan Edelstein (Sociology, Anthropology and Criminal Justice), Howard Kaplon (Mathematics), Myron Scholnick (History), Martha Siegel (Mathematics), Allaire Stallsmith (History), Mark Whitman (History, Co-Coordinator)

OFFICE

Linthicum Hall 219D, 410-704-2865

Fax: 410-704-3999

The Program

Drawing on the resources of six different departments, the Jewish Studies minor is designed for students whose vocational and/or intellectual interest centers on another discipline, but who would also like to deepen their knowledge of Jewish history, literature and religion in an organized, directed manner. Although not as comprehensive as a concentration, the minor offers an interdisciplinary approach to the Jewish experience, set in the wider context of ancient and modern society.

Students from throughout the university are welcome to undertake the minor, despite its course concentration in the

College of Liberal Arts.

The Jewish Studies minor will be subject to revision and expansion in the future, as courses are evaluated by a permanent advisory committee which will monitor the program. New courses, special topics, or minimester courses may be accepted for the minor, or counted toward it, with the approval of the advisory committee.

LATIN AMERICAN STUDIES TRACK/MINOR

Advisory Committee: David Dent (Political Science), Colleen Ebacher (Modern Languages), Kenneth Haddock (Geography and Environmental Planning), Barbara Leons (Sociology, Anthropology and Criminal Justice), Ronn Pineo (History, Coordinator), Lea Ramsdell (Modern Languages), Francis Rothstein (Sociology, Anthropology and Criminal Justice)

OFFICE

Linthicum Hall 10IE, 410-704-2918

The Program

The Latin American Studies Track within the Interdisciplinary Studies major allows students to approach the study of Latin America as an area from an interdisciplinary perspective. It is an appropriate track for those intending to pursue Latin American Studies or Spanish at the graduate level, for those anticipating living or working in Latin America, or for those wishing to acquire expertise in Latin America for a career in government or business.

The Latin American Studies Committee administers the program. Students should select one of the members of the committee as an adviser.

Training in Latin American studies is an excellent preparation for careers in education, business and government. Graduates find employment with business such as export/import companies, international banks, tour and travel companies, and the international media. Government agencies, such as the State Department and the Department of Immigration seek individuals trained in Latin American Studies. Employment opportunities exist for translators, researchers, and in other areas.

Requirements for the Track

Students in the Latin American Studies Track complete SPAN 301 or its equivalent, and a minimum of 36 credit hours. The track requires 6 credits in foundations courses, 6 credits in advanced study courses, a 6-credit Capstone experience, and 18 credits of electives. Students must complete a minimum of 6 credits in at least three of the following disciplines: anthropology, history, geography, political science or Spanish.

Like all Interdisciplinary Studies majors, students choosing this track must complete a total of at least 45 semester hours of upperdivision course work from the departments of arts and sciences.

All course work must be completed with a grade equivalent of 2.00 or higher.

Suggested Majors to Combine with Latin American Studies Minor

The minor in Latin American Studies provides an excellent complement to the following majors: Anthropology, Business Administration, International Business, International Studies, History, Political Science and Spanish. See the coordinator of Latin American Studies for details.

Guidelines for Study Abroad

Students may attend any Latin American Study Abroad program approved by the Towson University Study Abroad Office. Credits earned abroad must be in Latin American Studies-related disciplines to count toward fulfilling the Towson University Latin American Studies program requirements, and are subject to the approval of the Latin American Studies coordinator.

Travel-study courses to Latin America may also count toward the Study Abroad Option of the Latin American Studies Capstone Experience requirement, subject to the approval of the Latin American Studies coordinator.

LESBIAN AND GAY STUDIES MINOR

Advisory Committee: David Bergman (English), K Edgington (English), M. Paz Galupo (Psychology), Cindy Gissendanner (History, Coordinator), Joan Rabin (Psychology), Deborah Shaller (Writing Lab/English), John Tinkler, (English)

OFFICE

Linthicum Hall 119G, 410-704-2903

The Program

The Lesbian and Gay Studies minor addresses issues of sexual orientation from interdisciplinary and multicultural perspectives. The growing public visibility and awareness of diverse sexualities and their cultural and political ramifications for individuals, social institutions and communities are evident in increased media coverage of political activism and debate related to issues of sexual orientation. Lesbian and Gay Studies is a response to these forces in the contemporary world but also represents a growing field of scholarship which is in the forefront of developing theoretical and methodological innovations in interdisciplinary studies. The Lesbian and Gay Studies minor aims to give students the critical skills to analyze a wide range of issues, including the historical evolution of sexual identities in different cultural settings, the relationship between gender systems and sexual orientation, the development of lesbian and gay cultural institutions, institutionalized forms of heterosexism and homophobia, conflict within and between lesbian and gay communities, and the social and political mobilization of lesbian and gay peoples and their allies in efforts to eliminate discrimination on the basis of sexual orientation.

Educational Objectives

- To familiarize students with major concepts, theories, substantive findings and works of fiction and nonfiction in the field of Lesbian and Gay Studies.
- To make students aware of the diversity of the attitudes toward and the experiences of gay men and lesbians in different cultures and historical periods.
- To examine institutionalized homophobia and heterosexism and their impact on the political, social and economic status of lesbians and gay men.
- 4. To investigate the relationships between prevailing gender norms and systems and the social construction of heterosexualities and same-sex sexualities and the cultural images associated with them.

- 5. To examine differences within and between gay and lesbian communities along lines of race, class, gender, ethnicity, age and region and the social and political ramifications of such differences for those communities.
- 6. To understand the wide range of political strategies used by lesbians and gay men in the past and the present in their struggles against oppression.
- 7. To trace the historical evolution of sexual identities and the roles of lesbians and gay men in reshaping them.

Required Course (3 credits)

MEDIEVAL AND RENAISSANCE STUDIES TRACK/MINOR

Advisory Committee: Ralph Blasting (Theatre Arts), John McLucas (Modern Languages), Florence Newman (English, Coordinator), John Tinkler (English)

OFFICE

Linthicum Hall 201H, 410-704-3864

The Program

By electing the track in Medieval and Renaissance Studies, majors in Interdisciplinary Studies have the opportunity for comprehensive interdisciplinary study of the Medieval and Renaissance periods. A degree in Medieval and Renaissance Studies can lead to fulfilling careers in such areas as teaching, museum work, archival research and freelance writing, as well as to interdisciplinary graduate studies in the Middle Ages and the Renaissance. As a second major, this track provides a special perspective on almost any other field of study. Students in this field have unique opportunities to study the Medieval and Renaissance collections at Baltimore's Walters Art Museum, Washington's Folger Library, the National Gallery of Art and Dumbarton Oaks.

Honors Program

Students interested in earning honors in Medieval and Renaissance Studies should see their adviser in the program.

Requirements for the Track

Like all Interdisciplinary Studies majors, students choosing this track must take at least 45 semester hours of upper-division course work from the departments of arts and sciences. Of these, at least 36 hours shall consist of course work in subjects related to the Middle Ages and the Renaissance.

Eighteen of the 36 hours shall be distributed as follows: 6 hours in English; 6 hours in history; and 6 hours from two of the following disciplines: art, Latin, modern languages, music, philosophy, and theatre arts.

The remaining 18 hours may be distributed according to students' choices except that no more than 21 hours may come from a single department.

Directed readings, research methods, independent study, honors thesis or minimester courses in Medieval and Renaissance topics, when approved by the Medieval and Renaissance Studies Committee, may be undertaken within the requirements of the departments that offer them and with the approval of the teaching faculty member. Instruction in Latin is available through the Department of Modern Languages at the elementary, intermediate and advanced levels.

Approved Courses

The upper-division courses listed below are applicable to the Medieval and Renaissance Studies Track. An asterisk marks those courses whose subject matter changes from semester to semester and which are not always applicable to the Medieval and Renaissance Studies Track. Before preregistration, the committee will make available a list showing which courses with asterisks are available to Medieval and Renaissance Studies for that semester. The subject matter of some of these courses can be arranged according to students' individual interests. Students wishing to use such courses toward their Medieval and Renaissance Studies Track should consult with their advisers in the program and with the course instructor during the semester before they intend to take the course.

Minor in Medieval and Renaissance Studies

The minor in Medieval and Renaissance Studies is designed for students whose major interest is in a single discipline (English, history, theatre) but who would also like to develop a specialization in the Medieval and Renaissance periods. The minor is also a good choice for students who are interested in the track but who are not sure they intend to pursue postgraduate work or education in this field.

The minor consists of 21 hours of course work distributed as follows:

1. Six hours divided as follows:

ENGL 221 British Literature to 1798 (3)

or

ENGL 240 Classics of the Western Heritage (3)

HIST 102 History of European Civilization through the 17th Century (3)

- 2. Six hours of approved upper-division courses (i.e., those approved for the major as listed above), three hours in English and three hours in history.
- 3. Three hours of approved upper-division courses in art, Latin, modern languages, music, philosophy, or theatre arts.
- Six hours of approved upper-division courses, distributed according to students' choices, with the guidance of their adviser.

PRELAW

Coordinator: Jack Fruchtman (Political Science)

OFFICE

Linthicum Hall 118B, 410-704-3350

The Program

Students contemplating law school after graduation should make an appointment with the university's Prelaw adviser, Dr. Jack Fruchtman. He can provide prospective students with a copy of the *Towson Prelaw Handbook*, introduce them to the Prelaw Society, and offer advice concerning courses of study, preparation for the Law School Admissions Test and other matters pertaining to what students need for their application to law school. In general, students should concentrate on improving their reading, writing and speaking skills.

Dual Law Program

Towson University offers to qualified students the opportunity to apply to the early admission program at the University of Baltimore School of Law. Admission is not automatic but is contingent upon acceptance by the University of Baltimore Law School (including review of LSAT scores). Transfer to the UB law program can only take place at the end of a spring semester. To qualify for entrance to the dual-degree program, students must fulfill the first three of the standards listed below; to qualify for graduation from Towson University, they must also fulfill the fourth standard listed:

- Completion of at least 91 credits at TU with at least a 3.00 QPA.
- 2. Completion of all TU General Education requirements.
- 3. Completion of a major at TU with at least a 3.25 QPA in the major. No specific areas of study or disciplines are required for this program; accordingly, students may choose majors in which they are most interested.
- 4. Successful completion of 29 credits at the University of Baltimore School of Law, and of all other TU graduation requirements as listed in the catalog under the heading Degree Requirements.

Subsequent completion of all requirements at the University of Baltimore Law School is necessary in order to earn the J.D. degree from the University of Baltimore. Students interested in this program should contact the TU Prelaw adviser, Dr. Jack Fruchtman, in the Department of Political Science.

THE PROGRAM

The International Studies Program provides a rigorous interdisciplinary curriculum in international affairs that is designed to appeal to students interested in addressing international problems and issues through careers in public service, education, business, and nonprofit enterprises. The program also provides excellent preparation for students wishing to pursue graduate education in international studies, law, or international business. The program aims to achieve a global perspective through an interdisciplinary network of courses and experience that will lead to a Bachelor of Arts degree in International Studies. The program is administered by a committee of faculty members from the various departments and colleges from which the courses are taken.

BACHELOR OF ARTS IN INTERNATIONAL STUDIES

All students must complete 48 credits (16 courses) in International Studies to complete the major. Students must complete the core curriculum described below (27 credits) and one of four tracks of courses (21 credits). The four tracks are the General Track, Asia Track, Europe Track, and Latin America Track. The purpose of the tracks is to provide students an opportunity to apply what they learned in the core curriculum to an issue or region of their choice. All 16 courses must be completed with a grade of 2.00 or higher. It is recommended that students complete the foundation courses in the core curriculum before proceeding to the rest of the curriculum.

FOREIGN LANGUAGE REQUIREMENTS

Students must achieve a level of proficiency equivalent to four semesters of college-level language training in a modern foreign language that is offered by or can be tested by the Department of Modern Languages. The language selected may depend upon the International Studies track the student chooses. For example, students in the Latin America Track must achieve proficiency in Spanish. Students can fulfill the language requirement for the International Studies major through any of the procedures outlined in the Meeting B.A. Requirements section of the Department of Modern Languages entry in this catalog. Lower-division courses taken in a modern language do not count toward the 48 credits needed to complete the International Studies major.

INTERNATIONAL STUDIES CORE COURSES

The courses meet General Education requirements as noted.

INTERNATIONAL STUDIES TRACKS (21 credits)

The tracks are intended to provide students with flexibility in designing a curriculum in international studies that addresses their interests while maintaining academic rigor and focus. Students must complete the course requirements listed for one of the following tracks.

GENERAL TRACK (21 upper-division credits)

The General Track is intended to give students a flexible approach to developing their skills and knowledge in International Studies. Students may choose to focus their courses on a particular discipline (such as economics or geography), or to focus their courses on a particular topic (such as international development), or to select a broad range of courses that provides them with a general understanding of international affairs. The student's academic adviser must approve the entire track.

To complete the General Track, students must take at least 21 credits (seven courses) from the courses listed below. Courses must be taken in at least three different departments. No more than two lower-division courses (6 credits) may be counted toward the General Track. Other courses, not listed below, that are relevant to International Studies (such as Special Topics courses or Directed Readings courses) may be accepted with the approval of the student's academic adviser. Courses cannot be counted in both the International Studies core and the General Track.

Students must complete through the 202 level or equivalent in a foreign language that is offered by or can be tested by the Department of Modern Languages. Language credits through the 202 level do not count toward the 21 credits needed for the track or the 48 credits needed for the International Studies major.

must be related to international topics to count toward the General Track in International Studies.

ASIA TRACK (21 upper-division credits)

The Asia Track is designed to offer students an interdisciplinary program of study in various dimensions of the Asian world. Students may plan a course of study that concentrates on a particular aspect of Asian civilization or on a particular subregion of Asia. One might, for example, focus on the art and philosophy of various Asian peoples or, instead, concentrate on Chinese, Indian, or Japanese civilizations, studying both the traditional and modern society, its physical setting, its political and economic development, etc. Students interested in Asia should also see the Asian Studies Track offered under the Interdisciplinary Studies major. However, students may not pursue both the Asia Track in International Studies and the Asian Studies minor offered under the Interdisciplinary Studies

To complete the Asia Track, students must take a total of 21 credits (seven courses) from the courses in the categories listed below. Courses must be taken in at least three different departments. No more than two lower-division courses (6 credits) may be counted toward the Asia Track. Other courses, not listed below, that are relevant to Asia (such as Special Topics courses or Directed Readings) may be accepted with the approval of the student's academic adviser. Courses may not be counted in both the Asia Track and the International Studies core.

Students must complete through the 202 level or equivalent in Chinese, Japanese, or another language that can be tested by the Department of Modern Languages if it is appropriate to the student's interests in Asia. Language credits through the 202 level do not count toward the 21 credits needed for the track or the 48 credits needed for the International Studies major.

EUROPE TRACK (21 upper-division credits)

The Europe Track permits students to apply what they have learned in the international studies curriculum to European issues and problems. Students may choose courses that focus their studies on a specific issue, such as European integration, or they can choose courses that permit them to gain a broader perspective on European politics, economics, and cultures. The entire track must be approved by either the student's academic adviser or the

director of the International Studies Program.

To complete the Europe Track, students must take a total of 21 credits (seven courses) from the courses listed in the categories below. No more than two lower-division courses (6 credits) may be counted toward the Europe Track. Other courses, not listed below, that are relevant to Europe (such as Special Topics courses or Directed Readings) may be accepted with the approval of the student's academic adviser. Courses may not be counted in both the Europe Track and the International Studies core. Students may not pursue both the Europe Track in International Studies and a European Studies minor.

Students must complete through the 202 level or equivalent in any modern foreign language that is offered by or can be tested by the Department of Modern Languages. Language credits through 202 do not count toward the 48 credits needed for the International Studies major.

LATIN AMERICA TRACK (21 upper-division credits)

The Latin America Track permits International Studies majors to apply what they learn about international affairs to the problems and cultures in Central America, South America and the Caribbean. Students can choose courses to focus their studies on specific countries or issues or they can choose courses that provide a broad overview of international affairs in the region. The entire track must be approved by either the student's academic adviser or the director of the International Studies Program. Students interested in Latin America should also see the Latin American Studies Track offered under the Interdisciplinary Studies major. However, students may not pursue both the Latin America Track in International Studies and a Latin American Studies minor offered under the Interdisciplinary Studies Program.

To complete the Latin America Track in International Studies, students must take a total of 21 credits (seven courses) from the courses listed in the categories below. No more than two lowerdivision courses (6 credits) may be counted toward the Latin American Track. Other courses, not listed below, that are relevant to Latin America (such as Special Topics courses or Directed Readings) may be accepted with the approval of the student's academic adviser. Courses may not be counted in both the Latin America Track and the International Studies core.

Students must complete through Spanish 202 or equivalent. Language credits through 202 do not count toward the 48 credits needed for the International Studies major or the 21 credits needed to complete the Latin America Track.

TRANSFER CREDIT POLICY

Transfer students must take a minimum of 18 credits of upperdivision courses in International Studies at Towson to fulfill the requirements for the major.

INTERNATIONAL STUDIES MINORS

In addition to the Bachelor of Arts major, the International Studies Program offers two minors for students majoring in other areas. The International Studies minor is not open to International Studies majors. The European Studies minor is not open to students who elect to pursue the Europe Track in the International Studies major.

INTERNATIONAL STUDIES MINOR (21 credits)

I. Two of the following:

GEOG 105

ANTH 207 Cultural Anthropology (3) (GenEd. II.D.) ECON 202 Macroeconomic Principles (3) (GenEd II.C.2)

HIST 151 The World since 1945 (3)(GenEd II.D)

POSC 107 Introduction to International Relations (3) (GenEd II.D.)

Geography of International Affairs (3) (GenEd II.D)

- 2. All students in the International Studies minor must complete 15 credits (five courses) from the list of approved courses for the General Track of the International Studies major.
- 3. Language Requirement: Students in the International Studies minor must attain an intermediate level of proficiency (through 202) or equivalent in any modern foreign language that is offered by or can be tested by the Department of Modern Languages. Language credits through 202 do not count roward the 21 credits needed for the minor.

EUROPEAN STUDIES MINOR (21 credits)

1. Two of the following:

HIST 150 Europe and the Non-European World (3)

HIST 102 History of European Civilization through the 17th Century (3)

HIST 103 History of European Civilization since the 17th Century (3)

- 2. All students in the European Studies minor must complete 15 credits (five courses) from the list of approved courses for the Europe Track of the International Studies major.
- 3. Language Requirement: Students in the European Studies minor must attain an intermediate level of proficiency (through 202) or equivalent in any one of the following modern languages: French, German, Italian, Russian or Spanish.

Students can fulfill the language requirement for the European Studies minor through any of the procedures outlined in the Meeting B.A. Requirements section of the Department of Modern Languages entry in this catalog. Language credits through 202 do not count toward the 21 credits needed for the minor.

THE INTERNATIONAL CREDENTIAL

The International Credential provides students in any major with a structured curriculum to certify that they have integrated international study and experience with their major. Recognizing the global nature of work, study, and practice enhances learning in nearly all majors. The Credential acknowledges those students who have actively and rigorously sought international experience related to their course of study. Evidence of the completion of the Credential will appear on the student's transcripts. To earn the International Credential, students must complete an approved study abroad program, international experiential learning program, or international internship program and complete the following courses with a grade equivalent of 2.00 or higher.

COMM 379 Intercultural Communications (3) INST 494 International Studies Abroad (3) INST 496 International Research (3)

Applications for the International Credential are available from the director of International Studies in Linthicum Hall, room 118L.

INTERNATIONAL STUDIES ACTIVITIES AND PROGRAMS

The International Studies Program offers students the opportunity to participate in the following special programs and activities:

- internships for academic credit in metropolitan Baltimore and Washington, D.C.
- participation in the Model Organization of American States
- annual foreign affairs conferences held at the U.S. Naval Academy, U.S. Air Force Academy, and U.S. Military Academy at West Point
- editing and managing the Towson Journal of International Affairs for academic credit
- travel study and opportunities to over 15 universities around the world
- the annual Earle T. Hawkins Symposium on International Affairs

Law and American **Civilization Program**

THE PROGRAM

The Law and American Civilization Program introduces undergraduates to the American legal system. Students will learn the methodology and gain the knowledge necessary to participate as active citizens in a nation devoted to the rule of law and will receive intensive training in analytical reasoning and critical thinking. Students majoring in Law and American Civilization may wish to attend law school following college graduation; they may choose to apply to graduate school in one of the disciplines of the program; they may enter the workforce in government, business and industry, or politics; or they may wish to enter the profession of trial consultation. This course of study is not necessarily a preprofessional program. Students not contemplating law or graduate school are encouraged to major in the program if their primary academic interest in college is to learn more about the American legal system.

MAJOR IN LAW AND AMERICAN CIVILIZATION

Majors must complete 54 credits. The program is divided into four parts, and writing skills are emphasized throughout. First, students must complete two introductory courses, one each in Political Science and Philosophy, which acquaint students with the nature of law and its role in American society. Second, students will take four core courses, one at the lower-division, two at the upper-division level, and an advanced writing course. These courses further situate students in American culture, politics, judicial policymaking and logical thinking. Third, students will have several options in choosing electives, which will be offered by several departments: Accounting, Mass Communication and Communication Studies, English, History, Philosophy and Religious Studies, and Political Science. Fourth and finally, students will undertake a 6-credit capstone experience of their choice and, if possible, design. Advanced students may wish to undertake a project in the workplace and then write an analytical essay on that experience as it fits into the overall program. Other students will participate in a senior seminar, in which they will write a research paper on some aspect of the law, to be developed into a thesis supervised by the program director. Finally, qualified students may choose to write an honors thesis.

```
1. Introductory Courses (6 credits)
   PHIL 204
                Race, Class and Gender (3)
   POSC 209
                Introduction to Law (3)
11. Core Courses (12 credits)
   ENGL 310
                Writing Argument (3)
   COMM 331 Advocacy and Argument (3)
   PHIL 111
                Logic (3)
   POSC 384
                The Judicial System (3)
III. Electives (30 credits)
```

Two courses in each of the following lettered topics. (Students may take no more than five law-related courses, so designated by an asterisk.) Students will need to fulfill each department's individual prerequisites in advance of taking these courses.

A. Accounting

LEGL 225* Legal Environment of Business (3) LEGL 226* Business Law (3)

Communication Studies

COMM 304 Persuasion (3)

COMM 420* Communication in the Legal Process (3)

Mass Communication

MCOM 350* Media Law (3)

B. English

Strongly recommended are ENGL 221 and ENGL 222.

- ENGL 361 Literary Research and Applied Criticism (3)
- **ENGL 425** Chancer (3)
- **ENGL 427** Shakespearean Comedy (3)
- ENGL 428 Shakespearean Tragedy (3)
- ENGL 429 Milton and the Humanist Tradition (3)
- ENGL 433 The American Short Story (3)
- ENGL 435 The Development of the American Novel: 19th Century (3) ENGL 436 The Development of the American Novel: 20th Century (3)
- ENGL 461 History of Literary Criticism (3)
- **ENGL 476** Topics in Multi-Ethnic Literature (3)
- ENGL 477 Topics in Black American Literature (3)

C. History

- HIST 331 American History 1898-1945 (3)

Metropolitan Studies Program

Affiliated Faculty: Kent Barnes (Geography and Environmental Planning), Cynthia Cates (Political Science), Kenneth Haddock (Geography and Environmental Planning), Marion Hughes (Sociology, Anthropology and Criminal Justice), Toni Marzotto (Political Science), John Morgan II (Geography and Environmental Planning), Dennis Muniak (Political Science), Ronn Pineo (History), Timothy Sullivan (Economics), Virginia Thompson (Geography and Environmental Planning)

OFFICE

Linthicum Hall 118F, 410-704-4490 Program Director: Dennis Muniak

THE PROGRAM

The Metropolitan Studies Program is designed as a liberal arts program that offers students the opportunity to explore the complexity of metropolitan regions in the United States as well as overseas. Classes place an emphasis on contemporary issues and problems and on innovative policy solutions. The Baltimore/ Washington metropolitan area provides an ideal "laboratory" for classes in metropolitan studies. Students are prepared for a number of interesting careers in the public and private sectors in planning policy and community development. The major is also an excellent preparation for graduate study in these professional fields, all of which are rapidly growing.

MAJOR IN METROPOLITAN STUDIES

Students in the Metropolitan Studies major are required to complete 39 credits with a grade equivalent of 2.00 or higher. Of the total credits in program requirements, a minimum of 9 may also be used to fulfill General Education requirements.

Note: Courses designated with "xx" did not have numbers assigned in time for publication. Please see the program director for information.

Core Courses (9 credits)

Department of Modern Languages

Professors: Jorge Giro, Michael O'Pecko, Roger Poirier
 Associate Professors: Thomas Evans, Beverly Leetch, George McCool, John McLucas, Salvatore Zumbo (Chair)
 Assistant Professors: Colleen Ebacher, Lea Ramsdell, Katia Sainson

Lecturer: Enrique Venegas

Part-time Faculty: Rossana Barbera, Vivian Braun, Tanya Feige, Kristen Freeman, Nelida Galla, Teresa Huidobro, Olesia Letts, Jane Li, Helmut Licht, James Medvitz, Sylvia Moore, Junko Morishita, Victoria Paetow, James M. Pickett, Giuliana Robberto, Rosemary Smart, Sophia Swope, Kanji Takeno, Eston Teter, Theresa Alfano Vance, Helen Wilson

OFFICE

Linthicum Hall 319 F/G, 410-704-2883 Fax: 410-704-4250

PROGRAMS OF THE DEPARTMENT

The Department of Modern Languages offers the following programs: 1) the major in French, German and Spanish; 2) the major in French, German and Spanish Secondary Education; 3) the major in French, German and Spanish Literature/Professional Program; 4) the minor in French, German, Italian and Spanish; 5) the proficiency in French, German and Spanish, for non-language majors or minors planning for careers which require reasonable oral and written competency in a foreign language; and 6) language elective, for all students who wish to acquire a reading or conversational ability in one of the following languages: Russian, Chinese, Portuguese, Hebrew, Japanese, Greek, Latin or Hindi. Expansion of these non-major languages will be made in response to expressed student interest. Students majoring or minoring in French, German or Spanish must declare their major or minor in the department and are required to have academic advisers in their major and minor field and maintain close contacts with the faculty advisers in order to select and prepare their course of study. Majors should see their advisers at least once a semester. It is recommended that the major be declared before or during the sophomore year.

Culture and Civilization Course Requirement

The requirement of 6 hours of Culture and Civilization for Spanish majors is strongly felt by the Spanish faculty to be a necessity in their program. This is primarily because of the great diversity of Spanish-speaking countries in Europe, South America and Central America and the importance of a knowledge of this diversity for all who teach or otherwise use Spanish. The French faculty also feel that French Culture and Civilization represents a necessary aspect of the language program. They believe the study of the culture and civilization of the French-speaking people and their countries cannot be separated from the study of the language. The German Culture and Civilization course is required for the Teacher Education program in German.

Double Majors

The department encourages its language majors in French, German or Spanish to carry an additional major in either another language or to combine their language with another field of study. Interested students should consult the department.

Department of Modern Languages

MAJOR IN FRENCH LITERATURE/PROFESSIONAL

In addition to the General Education (GenEd) requirements, French Literature/Professional Program majors must complete 30 credit hours with a grade equivalent of 2.00 or higher in French beyond the intermediate level. Of the 30 hours, at least 15 hours must be taken at Towson University.

Required Courses (15 credits)

FREN 301-302 Composition and Conversation I, II (3, 3)

Culture and Civilization I (3) **FREN 311**

FREN 312 Culture and Civilization II (3)

FREN 321-322 Survey of French Literature I, II (3, 3)

Electives

Fifteen hours in the target language, including 9 hours of literature at the 400 level are required.

Students wishing to acquire Professional Program rather than Literature Study, with the permission of the department, can substitute the Internship (497) for one 400-level elective course. The internship is generally completed in the junior or senior year, and students will need to complete 27 credits beyond the intermediate level and have a quality point average of at least 2.50 in the foreign language before applying for the Internship.

FRENCH SECONDARY EDUCATION PROGRAM

French majors may wish to obtain certification to teach French at the secondary level. Students in this Secondary Education Program receive certification to teach in Maryland upon graduation. In addition to the GenEd requirements and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade equivalent of 2.00 or higher beyond the intermediate level from among the following courses.

Majors who are in the Secondary Education Program are required to take Advanced Grammar and Method of Teaching a Foreign Language before student teaching.

Requirement for Admission to Teacher Education Program

All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) in the College of Education to be kept on file.

Required Courses (24 credits)

FREN 301-302 Composition and Conversation I, II (3, 3)

FREN 311 Culture and Civilization I (3)

Culture and Civilization II (3) **FREN 312**

Survey of French Literature I, II (3, 3) FREN 321-322

FREN 391 Advanced Grammar (taken before student teaching) (3)

FREN 401 French Phonetics (3)

FREN 402 Applied French Linguistics (3)

Electives

Six hours of electives at the 400 level are required.

MAJOR IN GERMAN LITERATURE/PROFESSIONAL **PROGRAM**

In addition to the GenEd requirements, German Literature/ Professional Program majors must complete 30 credit hours with a grade equivalent of 2.00 or higher in German beyond the intermediate level. Of the 30 hours, at least 15 hours must be taken at Towson University.

Required Courses (15 credits)

GERM 301-302 Composition and Conversation I, II (3, 3)

GERM 311 Culture and Civilization I (3) GERM 321 Survey of German Literature I (3) **GERM 341**

Readings in Contemporary German (3)

Electives

Fifteen hours in the target language, including 9 hours of literature at the 400 level are required.

Students wishing to acquire Professional Program rather than Literature Study, with the permission of the department, can substitute the Internship (497) for one 400-level elective course. The internship is generally completed in the junior or senior year, and students will need to complete 27 credits beyond the intermediate level and have a grade point average of at least 2.50 in the foreign language before applying for the internship.

GERMAN SECONDARY EDUCATION PROGRAM

German majors in the Secondary Education Program receive certification to teach in Maryland upon graduation. In addition to the GenEd requirements and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade equivalent of 2.00 or higher beyond the intermediate level from among the following courses. Stylistics is recommended as an elective.

Requirement for Admission to Teacher Education Program

All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) in the College of Education to be kept on file.

Required Courses (21 credits)

GERM 301-302 Composition and Conversation I, II (3, 3)

GERM 311 Culture and Civilization (3) GERM 321 Survey of Literature I (3)

GERM 341 Readings in Contemporary German (3)

GERM 391 Advanced German Grammar (3)

GERM 401 German Phonetics (3)

Electives

Nine hours of electives are required at the 400 level. (GERM 401 will be offered every three semesters or in accordance with student

MAJOR IN SPANISH LITERATURE/PROFESSIONAL **PROGRAM**

In addition to the GenEd requirements, Spanish Literature/ Professional Program majors must complete 30 credit hours with a grade equivalent of 2.00 or higher in Spanish beyond the intermediate level. Of the 30 hours, at least 15 hours must be taken at Towson University.

Required Courses (18 credits)

SPAN 301-302 Composition and Conversation I, II (3, 3)

SPAN 311 Culture and Civilization I (3) **SPAN 312** Culture and Civilization II (3)

SPAN 321-322 Survey of Spanish Literature I, II (3, 3)

Twelve hours in the target language, including 9 hours of literature at the 400 level are required.

Students wishing to acquire Professional Program rather than Literature Study, with the permission of the department, can substitute the Internship (497) for one 400-level elective course. The internship is generally completed in the junior or senior year, and students will need to complete 27 credits beyond the intermediate level and have a grade point average of at least 2.50 in the foreign language before applying for the internship.

SPANISH SECONDARY EDUCATION PROGRAM

Spanish majors in the Secondary Education Program receive certification to teach in Maryland upon graduation. In addition to the GenEd requirements and the requirements specified by the Department of Secondary Education, students must complete 30 credits with a grade equivalent of 2.00 or higher beyond the intermediate level in the following courses.

Requirement for Admission to Teacher Education Program

All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) in the College of Education to be kept on file.

Required Courses (27 credits)

SPAN 301-302 Composition and Conversation I, II (3, 3)

SPAN 311-312 Culture and Civilization I, II (3, 3)

SPAN 321-322 Survey of Literature I, II (3, 3)

SPAN 391 Advanced Spanish Grammar (3)

SPAN 401 Spanish Phonetics (3)

SPAN 402 Spanish Linguistics (3)

Required Literature Courses

Three hours of a 400-level literature course must be taken in Spanish.

MINOR IN MODERN LANGUAGE

This program is designed to provide majors in other disciplines with the educational background necessary to broaden and enhance their career opportunities and to enable teacher candidates to meet the requirements for a Maryland State Department of Education teaching certificate.

The minor in French, German, Italian and/or Spanish requires students to complete 12 upper-division credit hours plus the intermediate level courses I and II, to complete 18 credits. SCED 353 Teaching Modern Language in the Secondary Schools, is required of teaching candidates in addition to the minor.

The Italian minor requires Italian Intermediate I and II, or the equivalent, and I2 upper-division credits in Italian Composition and Conversation I or II, Italian Culture and Civilization, Readings in Contemporary Italian, and one 3-credit elective at or above the 300 level.

Language minors may transfer up to 8 hours toward a minor and must earn 12 upper-division credit hours at Towson.

The minor should be approved by students' department adviser and cannot be taken concurrently with the Certificate of Proficiency in a modern foreign language.

Required Courses (18 credits)

Intermediate Level Courses I and II (3, 3) Composition and Conversation I or II (3) Culture and Civilization I or II (3) Advanced Grammar (3) Elective course (3)

PROFICIENCY IN A MODERN FOREIGN LANGUAGE

The department has designed a program of study that offers the non-language major or minor a recognition of Proficiency in Modern Languages with a focus in French, German or Spanish upon satisfactory completion of prescribed requirements.

The proficiency may be earned by a degree candidate at Towson University as well as any individual whose sole interest in attending the university is for the purpose of obtaining the proficiency of the language.

The program is designed for those individuals who are planning or practicing careers which require reasonable oral and written competence in a modern language. In the job market, national and international, we are aware that a large number of opportunities await persons whose knowledge of one or more modern languages has been well established through intensive college/ university study. The proficiency is quite advantageous for aspiring professionals in the fields of communications, public service, business and finance, agriculture, transportation, health services, education, energy, natural resources, journalism, law, foreign services, air traffic, management, import/export purchasing, sales, etc.

In order to complete the recognition of proficiency, students must complete all required courses with a grade equivalent of 2.00 or higher. Students who are prepared to begin at the advanced level will need to complete 12 credits of study, whereas students who begin at the elementary level will have to earn 24 credits in the particular language.

Required Courses (24 credits)

101-102 Elements (3, 3) 201-202 Intermediate (3, 3)

301 Composition and Conversation I (3)

or

302 Composition and Conversation II (3)

311 Culture and Civilization I (3)

312 Culture and Civilization II (3)

391 Advanced Grammar (3)

495 Internship for the Proficiency in French, German or Spanish (3) Special courses will be planned and introduced in accordance with student needs.

MEETING B.A. REQUIREMENTS

The completion of the intermediate level, or its equivalent, is required of all candidates for the Bachelor of Arts degree. This requirement may be met by (a) completing two or more years of the language in high school plus the intermediate level courses in college, (b) completing the elementary and intermediate level courses in the language in college, (c) successfully completing one semester of any course beyond the intermediate level or (d) successfully completing a Credit for Prior Learning examination in any language offered at the 301-302 level at Towson University administered each November by the Department of Modern Languages.

CREDIT FOR PRIOR LEARNING EXAM

The examination will be given only in the languages offered by the Department of Modern Languages at the 301-302 level. The credits for 201-202 may not be earned unless the student takes 301 as a course. An overall grade of A is required in order to receive 6 credits; a grade of B entitles the student to 3 credits. The student should contact the department for further information.

COMPETENCY CREDITS IN MODERN FOREIGN LANGUAGES

Degree candidates successfully completing courses numbered 102, 201, 202 or 301 in any foreign language offered by the Department of Modern Languages at Towson University may earn a maximum of 6 credits for the two preceding courses if the course in which they are enrolled is successfully completed with a grade equivalent of 2.00 or higher in the first attempt. Students may attempt to earn competency credits by completing a higher level language course only once. Students who have earned credits via the competency credits or Credit for Prior Learning exam in a foreign language cannot enroll in any other lower-level courses in the same language for which they received the credits. Students should consult the department for detailed information about the competency credits in foreign languages.

Department of Philosophy and Religious Studies

PLACEMENT IN LANGUAGES

The department's policy regarding placement of entering students with high school language study follows:

- One year of high school language study, students may register for 101 or 102.
- Two years of high school language study, students may register for 102 or 201.
- Three years of high school language study, students may register for 201 or 202.
- Four years of high school language study, students may register for 202 or any 300-level course.
- Five years of high school language study, students may register for any 300-level course.

Students will normally want to register for the higher level course for which they are qualified. Deviations from this plan must be approved by the department.

TRANSFER CREDIT POLICY

All foreign language majors must complete a minimum of 15 credits toward the major at Towson University at the upper (300-400) level.

All foreign language minors must complete a minimum of 6 credits toward the minor at Towson University at the upper level.

HONORS PROGRAM

The department participates in the University Honors Program. Students interested in completing a language major with honors should consult the department Honors Board representative no later than the first semester of their junior year.

SPECIAL DEPARTMENTAL PROGRAMS

The department sponsors the Eta Gamma Chapter of the National Spanish Honor Society, Sigma Delta Pi, and encourages all Spanish students to participate in the activities of the society. The department also sponsors the Kappa Pi chapter of the National French Honor Society, Phi Delta Phi.

The department offers an internship program through the Career Center.

A year abroad in France, Germany, Spain, Mexico or Italy is also available.

The department is a testing center for the Certificat Pratique du Français Commercial et Economique. Students may take the test for the Certificat after having completed the French for Business

Note for foreign language students: Courses at the levels of 101, 102, 201 and 202 in any foreign language offered by the department are not open to students who have completed a higher level in the same language.

Department of Philosophy and Religious Studies

Professors: Wolfgang Fuchs, Christos Evangeliou, John Murungi (Chair), Jo-Ann Pilardi

Associate Professors: Rose Ann Christian, Wing-Chun Wong Assistant Professor: Stephen Scales

OFFICE

Linthicum Hall 219F, 410-704-2755

PROGRAMS OF THE DEPARTMENT

The Department of Philosophy and Religious Studies offers a major and minor in Philosophy, and a major and minor in Religious Studies.

Program in Philosophy

The examination of the nature of philosophy is an essential feature of the Philosophy Program. The program pays close attention to the history of philosophy, for it is in its history that the nature of philosophy is manifested. The program also attends to the diverse social and cultural settings out of which philosophy develops, to which it speaks, and with which it interacts. Philosophy cultivates and nourishes rigorous thinking; the development and the practice of analytic and dialectical skills are strongly emphasized. The program encourages students to take as great a diversity of courses as possible. It is flexible enough to ensure the incorporation of new interpretations and new schools of philosophy. It also enables the faculty to be innovative and to develop new courses.

The program prepares students for advanced work in philosophy, humanistic studies and various professions. The sound, clear and systematic thinking that philosophy emphasizes also makes philosophical education relevant to every other discipline. Hence, the program is designed to meet not only the needs of the majors and minors but also the needs of every other student in the university. Furthermore, it fosters reflection, a prerequisite for leading the good life.

Program in Religious Studies

Religious Studies as an academic endeavor takes as its subject matter two distinct but related objects of investigation. On the one hand, it focuses on the varied religious traditions, both living and dead, that figure prominently in any adequate account of the development of human culture. On the other hand, it theorizes about the phenomenon of religion itself, abstracting from its concrete manifestations and subjecting it to explanation and evaluation. Both orientations reveal religion to be complex by nature. Any specific religious tradition is impressively multifaceted. Typically, it is the outgrowth of an intricate history and the embodiment of a distinctive program for communal existence. Its vision of the nature of the cosmos and its understanding of the meaning of human life may find expression through ritual, myth, doctrine, art or philosophy. When religion is treated in more general terms, investigation may explore its psychological, sociological, anthropological, artistic, ethical or metaphysical dimensions. These considerations make it apparent that Religious Studies is well conceived as a multidisciplinary enterprise whose subject matter is best understood through the employment of a variety of approaches.

MAJOR IN PHILOSOPHY (33 credits)

In exceptional instances, students may, with the permission of the chair, make substitutions of courses within the department for required courses. Three credits may, with the permission of the chair, be taken in an allied discipline.

Section A: Required Courses (3 credits)

III IIH9 Logic (3)

MAJOR IN RELIGIOUS STUDIES (36 credits)

Majors in Religious Studies must complete 36 credits of course work, 15 from a set of core requirements designed to equip students with methodological tools critical to the study of religion and to acquaint them with a broad spectrum of religious traditions. The remaining 21 credits are to be selected from elective courses organized along geographical and cultural lines into four areas of study and representing various academic disciplines. Elective courses are to be distributed over at least three of the four areas and are to be selected from at least two disciplines; 15 of the 21 credits are to be at the 300-400 level. In selecting electives, students are strongly encouraged to meet with the program coordinator in order to be guided to courses that will address their distinctive interests and contribute to a balanced course of study.

Core Courses (15 credits)

PHIL 105 Introduction to the Study of Religion (3)

PHIL 205 Women in World Religions (3) **PHIL 206**

Judaism, Christianity and Islam (3) PHIL 219 Introduction to Asian Philosophy (3)

ANTH 207 Cultural Anthropology (3)

ANTH 210 Honors Cultural Anthropology (3)

Philosophy of Religion (3) **PHIL 353**

PHIL 357 Topics in Comparative Religion (3)

Electives

Students complete 21 credits to be distributed over at least three of the following four areas and representing at least two academic disciplines, 15 of which must be at the 300 or 400 level. Additional elective courses may be approved each semester by the department.

AREA 1

ANTH 331 Eskimo Ethnography (3)

Students complete 12 credits to be distributed over at least two of the following areas. Additional elective courses appropriate to specific areas may be approved each semester by the program coordinator.

TRANSFER CREDIT POLICY

All Philosophy and Religious Studies majors must complete a minimum of 24 credits toward the major at Towson University, with at least 18 credits at the upper (300-400) level.

The Early Middle Ages: 300-1050 (3) The High Middle Ages: 1050-1350 (3)

Hellenistic and Medieval Philosophy (3)

The Reformation: 1500-1648 (3)

American Philosophy (3)

Existentialism (3)

All Philosophy and Religious Studies minors must complete a minimum of 18 credits toward the minor at Towson University, with at least 12 credits at the upper level.

Department of Political Science

Professors: Eric Belgrad, David Dent, Jack Fruchtman, Martha Kumar, Toni Marzotto, Joseph Rudolph

Associate Professors: Cynthia Čates, Dennis Muniak, James Roberts (Chair)

Assistant Professors: Linda Bishai, Griffin Hathaway, Michael Korzi

Instructor: Arnold Isaacs *Lecturer:* James L. Hardin

Part-time Faculty: John Bowen, James Brochin, Robert Ginsburg, John Isaacs, G. Franklin Mullen, Nitza Nachmias, Dennis Rasmussen, Sabrina Willis, Ted Zaleski

OFFICE

Linthicum Hall 118M, 410-704-2958, Fax: 410-704-2960

PROGRAMS OF THE DEPARTMENT

The program of courses in political science aims to promote understanding of the nature of political relationships. The department offers a major and minor in Political Science. In addition, the Department of Political Science offers a double major with the Department of Economics, the Department of Mass Communication and Communication Studies, and with the Department of Geography and Environmental Planning. Students wishing to major in both Political Science and Economics, or Political Science and Geography and Environmental Planning, or Political Science and Mass Communication, or Political Science and Communication Studies can obtain a double major which certifies that the requirements of both departments have been completed. Students should refer to the section on double majors listed on the next page. The major prepares students for advanced study and provides the foundation for careers in public administration, law, public relations, business and research, and urban and regional planning.

MAJOR IN POLITICAL SCIENCE

Thirty-six credits with a grade equivalent of 2.00 or higher are required for the major in Political Science. Students must complete the following requirements:

At least 9 credits at the lower-division, of which no more than 3 credits may be at the 200 level.

At least 24 credits at the upper-division, including courses in three of the four topical areas: Comparative Politics, International Politics, American Government and Public Administration, and Law and Political Theory.

Note: Courses taught under Independent Study (POSC 490) or under Special Topics (POSC 470-479) will be assigned to one of the four areas by the department or students' advisers. This is to assure that courses taken under these two categories are not used in more than one area in order to meet the three area requirements.

Three credits from among the approved seminar courses. (Note: Seminar credit will not be given for Independent Study POSC 490.) All courses must be completed with a grade equivalent of 2.00 or higher except POSC 465. "Pass" will count only for POSC 465.

Required Courses (36 credits)

At least three of the following, of which no more than one may be at the 200 level:

POSC 101 Introduction to Political Science (3) POSC 103 American National Government (3) POSC 105 Governments of the World (3)

POSC 107 Introduction to International Relations (3)

POSC 207 State Government (3) POSC 209 Introduction to Law (3) Approved Seminar Courses

POSC 455 Seminar: International Law and Organization I (3) POSC 456 Seminar: International Law and Organization II (3)

POSC 457 Seminar: Use of Force in International Law (3)

POSC 481 Seminar: Public Policy Analysis (3) POSC 482 Seminar in Political Science (3)

POSC 483 Seminar: Politics and the News Media (3)

POSC 485 Seminar: Democratic Theory Seminar (3) POSC 486 Seminar: Justice and the Law (3)

POSC 488 Seminar: Topics in Public Policy (3)
POSC 491 Seminar in Contemporary United States Foreign Policy (3)

Electives

Twenty-four credits of electives, not counting the required seminar, must be taken at the upper division in three of the four topical areas of political science.

Topical Areas

The department offers courses in four topical areas: Comparative Politics, International Politics, American Government and Public Administration, and Law and Political Theory. The numbers indicate courses that are offered in each area.

Comparative Politics: 333, 337, 338, 339, 340, 341, 351, 433,

451, 470, 471, 490, 498, 499

International Politics: 303, 307, 355, 385, 432, 435, 437, 439,

441, 445, 465, 472, 473, 474, 490, 491, 498, 499

American Government and Public Administration: 305, 361, 375, 381, 383, 417, 421, 450, 451, 461, 463, 467, 475, 476, 477, 490, 493, 498, 499

Law and Political Theory: 359, 418, 419, 427, 428, 430, 478, 479, 490, 498, 499

MINOR IN POLITICAL SCIENCE

Twenty-one credits with a grade equivalent of 2.00 or higher are required for the minor in Political Science to be completed as follows: at least 6 credits at the lower division of which no more than 3 credits may be at the 200 level; at least 15 credits at the upper division.

Required Courses (21 credits)

At least two of the following, of which no more than one may be at the 200 level:

POSC 101 Introduction to Political Science (3)

POSC 103 American National Government (3)

POSC 105 Governments of the World (3)

POSC 107 Introduction to International Relations (3)

POSC 207 State and Local Government (3)

POSC 209 Introduction to Law (3)

Electives (15 credits)

Select 15 upper-division elective credits in political science.

DOUBLE MAJOR IN POLITICAL SCIENCE AND ECONOMICS

Completion of individual majors in Political Science and Economics requires the successful completion of 69 credits (36 in political science and 33 in economics). However, by electing the double major in Political Science and Economics, students will be able to complete both majors with a total of 60 credits. Students interested in either of the double majors should consult with an adviser in either department to review requirements.

In Political Science, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in economics toward fulfillment of the required eight upper-level courses (24 credits) in political science:

ECON 323 Comparative Economic Systems (3) ECON 325 Economic Development (3)

ECON 331 Government and Economic Life (3)

ECON 337	Public Finance (3)
ECON 339	Health Economics (3)
ECON 351	Urhan Economics (3)
ECON 375	Environmental Economics (3)
ECON 470-479	Topics in Economics* (3)

^{*}Topic to be approved by the Department of Political Science

In Economics, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in political science toward fulfillment of the required four courses (12 credits) of upperdivision economic electives:

POSC 305	Urban Government and Politics (3)
POSC 375	Public Administration (3)
POSC 470-479	Special Topics* (3)
POSC 482	Public Policy Analysis (seminar or lecture course) (3)

^{*}Topic to be approved by the Department of Economics

DOUBLE MAJOR IN POLITICAL SCIENCE AND GEOGRAPHY AND ENVIRONMENTAL PLANNING

Completion of individual majors in Political Science and Geography requires the successful completion of 75 credits (36 in POSC, 39 in GEOG). However, by electing the double major in Political Science and Geography, students will be able to complete both majors with a total of 65 credits. Students interested in this double major should consult with an adviser in either department to review requirements.

In Political Science, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in geography and environmental planning toward fulfillment of the required eight upper-level courses (24 credits) in political science:

GEOG 317	Energy Resources (3)
GEOG 355	Historic Geography of Urbanization (3)
GEOG 359	Economic Geography (3)
GEOG 381	Political Geography (3)
GEOG 385	Population Geography (3)
GEOG 391	Urban Systems (3)
GEOG 393	Transportation and Infrastructure Planning (3)
GEOG 405	Comprehensive Planning (3)
GEOG 427	Global Economy (3)
GEOG 431	Geography of Africa (3)
GEOG 461	Geography of Latin America (3)
GEOG 470-79	Seminar in Geography* (3)

^{*} Topic to be approved by the Department of Political Science

In Geography and Environmental Planning, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in political science toward fulfillment of the required five courses (15 credits) of lower/upper-division geography and environmental planning electives:

Theory of International Politics (3)
Urban Government and Politics (3)
Contemporary International Politics (3)
Comparative Government of Foreign Powers: The
Western World (3)
Comparative Public Policy (3)
African Government and Politics (3)
The Government and Politics of Latin America (3)
The Latin American Policy of the U.S. (3)
Model Organization of American States (3)
Africa in World Politics (3)
Contemporary U.SEuropean Relations (3)
U.S. Foreign Policy in South Asia (3)
Special Topics in Political Science* (3)
Seminar: Topics in Public Policy (3)

^{*} Topics to be approved by the Department of Geography and Environmental Planning

DOUBLE MAJOR PROGRAMS WITH MASS COMMUNICATION AND COMMUNICATION STUDIES

Completion of individual majors in Political Science and Communication Studies or Political Science and Mass Communication requires the successful completion of 72 credits (36 in each major). However, by electing the double major in Political Science and Communication Studies or Political Science and Mass Communication, students will be able to complete both majors with a total of 60 credits. Students interested in either of the double majors should consult with an adviser in either department to review requirements.

DOUBLE MAJOR IN POLITICAL SCIENCE AND COMMUNICATION STUDIES

In Political Science, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in communication studies toward fulfillment of the required eight upper-level courses (24 credits) in political science:

COMM 304	Persuasion (3)
COMM 331	Argument and Advocacy (3)
COMM 379	Intercultural Communication (3)
COMM 420	Communication in the Legal Process (3)
COMM 470	Special Topics* (3)

^{*}Topic to be approved by the Department of Political Science

In Communication Studies, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in political science toward fulfillment of the required three courses (9 credits) of communication studies electives:

POSC 340	Comparative Public Policy (3
POSC 361	Political Behavior (3)
POSC 375	Public Administration (3)
POSC 381	Presidency (3)
POSC 383	Congress (3)
POSC 417	Political Parties (3)
POSC 459	Simulation and Games (3)
POSC 461	Research Methods (3)
POSC 470-4	79 Special Topics* (3)

^{*}Topic to be approved by the Department of Mass Communication and Communication Studies

DOUBLE MAJOR IN POLITICAL SCIENCE AND MASS COMMUNICATION

In Political Science, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in mass communication toward fulfillment of the required eight upper-level courses (24 credits) in political science:

MCOM 350	Media Law (3)
MCOM 352	Media Criticism (3)
MCOM 385	Mass Media and Society (3)
MCOM 431	Public Opinion and the Press (3)
MCOM 433	Media Ethics (3)
MCOM 479	Special Topics* (3)

^{*}Topic to be approved by the Department of Political Science

In Mass Communication, students must complete all requirements for the major. However, they must substitute two of the following upper-level courses (6 credits) in political science toward fulfillment of the required seven courses (21 credits) of electives in mass communication:

Comparative Public Policy (3)
Political Behavior (3)
Public Administration (3)

POSC 381	Presidency (3)
POSC 383	Congress (3)
POSC 417	Political Parties (3)
POSC 459	Simulation and Games (3)
POSC 461	Research Methods (3)
POSC 470-479	Special Topics* (3)

*Topic to be approved by the Department of Mass Communication and Communication Studies

TRANSFER CREDIT POLICY

Students who transfer to Towson University in senior standing are expected to complete a minimum of 15 credits of upper-division political science courses. Those who transfer below senior standing normally will be expected to complete 21 credits of upper-division political science courses at Towson University.

CAREERS IN POLITICAL SCIENCE

Political Science majors generally prepare themselves, at the undergraduate level, for careers in law, government (federal, state and local), service in public and private interest groups, business, and journalism and the media, as well as research and teaching at various levels of the education system.

STUDENT OPPORTUNITIES

Activities

In addition to its academic curriculum, the department offers opportunities providing a broad range of related experiences. Classes travel to Annapolis and Washington, D.C. to observe first-hand the political workings of government. The annual Earle T. Hawkins Symposium on International Affairs brings to campus noted scholars to lecture on topics of contemporary relevance. Political Science majors are given the opportunity to edit the *Towson Journal of International Affairs*, one of the few undergraduate academic journals in this country.

Internships

An integral part of the Political Science curriculum is the opportunity for students to participate in an internship in their junior or senior year. Students are placed in all branches of government and at all levels of government. Placements with the Maryland General Assembly or a member of Congress are most common.

Department of Psychology

Professors: Barry Bass, Michael Figler, Lawrence Froman, Craig Johnson, Frederick Parente, Herbert Petri, Jeffrey Sanders, Jan Sinnott

Associate Professors: Janet Anderson, Jean Ayers, Margaret Faulkner, Roger Fink, Maria Fracasso (Chair), M. Paz Galupo, John Govern, Thomas Kruggel, Joan Rabin, John Webster, Evangeline Wheeler, Stanley Zweback

Assistant Professors: Susan Bartels, Bethany Brand, Leonie Brooks, Alan Clardy, Jonathan Mattanah, Bruce

Mortenson, Bina Raval, Kim Shifren Visiting Associate Professor: David Cowie Visiting Assistant Professor: Laurie Orgel

Part-time Faculty: Joseph Abate, Patricia Alvey, Joella Anzelc, Majorie Ashcraft, Elizabeth Beil, Philip Burge, Allison Chausmer, Richard Craig, Holly Davani, Joan Evensen, Heather Fox, James Furukawa, Julie Fulcher, Scott Gehring, Kathleen Grau, John Harris, John Hickey, Nancy C. Hoffman, Scott Holzman, Kim Houser, Mark Jacobson, David Jahn, Natasha Kara, Dean R. Kirschner, Cynthia Larson-Daughtery, Thomas Little, Elizabeth Lopez, Christopher Magalis, Sara Maggitti, Evelyn Marx, Lloyd McCraney, Joan McDermott, Mary Ann Michaloski, Stuart Miller, Charles Miron, Thomas Monahan, Arthur Mueller, Alan Nemerofsky, Mark Nolder, Michael Oidick, Kathleen Ratican, Linda Rice, Joyce Rochlin, Gary Rockwood, Henry Scharles, Barbara Shue, Frances Spencer, Michael Steinhardt, Robert Storey, Edward Toyer, Lorraine Ukens, Jessie Ungard, Sharon Weiss, Geri Willen, Barbara Wilson

PROGRAMS OF THE DEPARTMENT

The Department of Psychology offers the following programs: the major in Psychology, the minor in Psychology, and an honors program that includes three options, allowing honors students to specialize in clinical, developmental or research psychology.

The major in Psychology prepares students for graduate work in psychology, for training in special education and general education, for careers requiring a liberal arts background, and for work in clinical services.

MAJOR IN PSYCHOLOGY

Majors are required to complete 35 credits in psychology with a grade equivalent of 2.00 or higher, including 26 credits of required courses and 9 hours of electives (no Pass grades accepted). Of the 26 required credits, 14 are to be completed in the core courses by taking 101 or 102, 203 or 204, 212, and 314. The remaining 12 required credits are to be completed by taking one course in each of the four topical areas: Human Development, Clinical-Social, Biopsychology and Learning-Cognition.

Core Courses (14 credits)

The following 14 credits are required:

PSYC 101 Introduction to Psychology (3)

PSYC 102 Honors Introduction to Psychology (3)

PSYC 203 Human Development (3)

PSYC 204 Honors Human Development (3) PSYC 212 Behavioral Statistics (4) (Prerequisite – one college math course) PSYC 314 Experimental Psychology (4) (Prerequisites: ENGL 102 or 190; PSYC 101 or 102, PSYC 212; PHIL 101 or 111)

Topical Areas (12 credits)

1. Human Development (PSYC 203 is a prerequisite)

One of the following is required:

PSYC 403 Psychology of Infancy and Childhood (3)

PSYC 404 Adolescent Psychology (3) PSYC 405 Psychology of Aging (3)

PSYC 447 Sex Differences: Psychological Perspectives (3)

PSYC 451 Introduction to the Exceptional Child (3)

PSYC 467 Midlife Development (3)

II. Clinical-Social

One of the following is required:

PSYC 311 Behavior Modification (3)

PSYC 325 Social Psychology (3) PSYC 327 Industrial Psychology (3)

PSYC 341 Environmental Psychology (3)

PSYC 350 Personality (3)

PSYC 361 Abnormal Psychology (3)

PSYC 409 Organizational Psychology (3)

PSYC 411 Tests and Measurements (3) PSYC 421 Applications of Behavioral Principles to Family and

Classroom Environments (3)

PSYC 431 Group Dynamics (3)

III. Biopsychology (BIOL 110 is a prerequisite)

One of the following is required:

PSYC 317 Sensation and Perception (3)

PSYC 460 Ethology and Comparative Psychology (3)

PSYC 465 Physiological Psychology (3)

1V. Learning-Cognition

One of the following is required:

PSYC 305 Psychology of Learning (3)

PSYC 315 Motivation (3)

PSYC 461 Cognitive Psychology (3)

Electives (9 credits)

The remaining 9 elective credits may be selected from any 200-, 300-, or 400-level psychology courses. Electives may include other courses from the topical areas not selected as requirements or any other psychology course listed in this catalog with the exception of PSYC 211 and PSYC 230.

HONORS IN PSYCHOLOGY

The Department of Psychology is piloting an expanded honors program that seeks to provide students with a specialized learning experience encompassing both scholarship and application. Honors students in the department take specialized courses and complete either a series of internships or an independent research project. The program includes three options, allowing honors students to specialize in clinical, developmental, or research psychology. In the senior year of the program, honors students from all three options together build a learning community and share the culmination of their honors experience in a symposium format. Students who successfully complete the program will receive a diploma with the designation Bachelor of Science or Bachelor of Arts with Honors in Psychology. Departmental Honors will also appear on the students' transcripts.

The program is developed for the junior and senior years of the major. Prerequisite course work is required for each option. Students transferring into their junior year at Towson University may complete remaining prerequisite courses in the summer prior to matriculation. In addition to the honors program requirements students must complete the university's GenEd requirements and any additional requirements of the Psychology major. Application to the Honors Program must be made by February 25

of the student's sophomore year. To be admitted to the program students must present an overall grade point average of 3.25 and an average of 3.50 in the major, or have consent of the departmental honors program coordinator.

HONORS CLINICAL OPTION (formerly the Clinical

Concentration Program)

The Clinical Honors Option offers training in clinical skills and leads to a bachelor's degree in psychology (with Departmental Honors designation) and a certificate in Mental Health from the Education Center at Sheppard and Enoch Pratt Hospital. The option provides a four-semester sequence of courses organized around practicum experience with intensive supervision so that there is unbroken continuity between theory and the development of clinical skills. Two prerequisite courses must be completed before entering the Honors Clinical Option: PSYC 205 Introduction to the Helping Relationship and PSYC 361 Abnormal Psychology.

SEMESTER 1

PSYC 430 Systems and Techniques of Psychotherapy (3)

PSYC 439 The Initial Interview (3)

SEMESTER 2

PSYC 453 Issues in Mental Health (2) PSYC 454 Internship in Psychotherapy (4)

SEMESTER 3

PSYC 431 Group Dynamics (3)

PSYC 454 Internship in Psychotherapy (4) PSYC 497 Honors Seminar in Psychology (3)

SEMESTER 4

PSYC 433 Group Psychotherapy Internship (3)

PSYC 454 Internship in Psychotherapy (4)

PSYC 499 Honors Thesis (4)

HONORS DEVELOPMENTAL OPTION

The Developmental Honors Option provides a four-semester sequence of courses for students whose future interests include graduate school or employment in a developmentally related area of psychology. Students in this option may choose to pursue either field placement experience or independent research in developmental psychology. One prerequisite course, PSYC 203 Human Development through the Lifespan, must be completed before entering the Honors Developmental Option.

SEMESTER 1

PSYC 403 Psychology of Infancy and Childhood (3)

PSYC 405 Psychology of Aging (3)

PSYC 47x Special Topics in Development (1)

SEMESTER 2

PSYC 404 Adolescent Psychology (3) PSYC 467 Midlife Development (3)

PSYC 47x Special Topics in Development (1)

SEMESTER 3

PSYC 435 Internship in Psychology (3-6)

or

PSYC 491 Independent Investigations in Psychology (3)

PSYC 497 Honors Seminar in Psychology (3)

SEMESTER 4

PSYC 435 Internship in Psychology (3-6)

PSYC 491 Independent Investigations in Psychology (3)

PSYC 499 Honors Thesis (4)

HONORS RESEARCH OPTION

The Honors Research Option prepares students for graduate study in any area of psychology or for employment in a research setting. The option provides a four-semester sequence of courses organized around advanced methodology courses and independent research projects. Two prerequisite courses must be completed before entering the program: PSYC 212 Behavioral Statistics and PSYC 314 Experimental Psychology.

SEMESTER 1

PSYC 486 Advanced Experimental Design (3)

PSYC 46I Cognitive Psychology (3)

SEMESTER 2

PSYC 381 Readings in Psychology (2) PSYC 325 Social Psychology (3)

SEMESTER 3

PSYC 491 Independent Investigations in Psychology (3)

PSYC 497 Honors Seminar in Psychology (3)

SEMESTER 4

PSYC 491 Independent Investigations in Psychology (3)

PSYC 499 Honors Thesis (4)

MINOR IN PSYCHOLOGY

Minors are required to complete 26 credits in psychology with a grade equivalent of 2.00 or higher in each course. Of these 26 credits, 14 credits are to be completed in the core courses, and 3 credits are to be completed in the topical area, Learning-Cognition. The remaining 9 credits are electives and may be selected from any of the 200-, 300-, or 400-level psychology courses with the exception of PSYC 211 and PSYC 230.

TRANSFER CREDIT POLICY

Students entering TU from another institution may transfer up to 15 credits toward the major and up to 10 credits toward the minor in Psychology upon approval of the department chair.

All Psychology majors must complete a minimum of 20 credits, and all Psychology minors must complete a minimum of 16 credits, toward the major or minor at Towson University.

MASTER OF ARTS IN PSYCHOLOGY

The Master of Arts in Psychology is designed for students who are primarily interested in an advanced degree in Experimental Psychology, School Psychology, Clinical Psychology or Counseling. For detailed information, see the *Graduate Catalog*.

DEPARTMENT ANIMAL POLICY

In accordance with federal laws and regulation, Towson University, through its Institutional Animal Care and Use Committee, reviews the use of animals in teaching to assure compliance with the standards established by the USDA and NIH for the humane treatment of animals. The university makes every effort to minimize the use of animals and seeks alternatives wherever possible. Although Towson University recognizes that some students may believe the use of animals as teaching tools is inhumane, certain curricula require the use of animals as a necessary part of instruction. Accordingly, where the use of animals in class demonstrations or experiments is a requirement for successful completion of any course, as determined by the department, students will be obliged to comply with those requirements as set forth by the instructor in the course syllabus. The university will not provide optional procedures for students who do not comply with course requirements.

If a course requires the use of animals in class demonstrations or experiments, however, the syllabus must specifically state that animals will be used in class demonstration or experiments and that such use is a requirement for successful completion of the course. Notice of this requirement will be made a part of the course description and shall be placed in the catalog.

Social Sciences Program

Director: Carl Behm

Advisory Committee: Samuel Collins (Sociology, Anthropology and Criminal Justice), Lynn Johnson (History), Chang Kong (Economics), James Lawlor (Secondary Education), Toni Marzotto (Political Science), Ralph Scott (Geography and Environmental Planning)

OFFICE

Linthicum Hall 100A, 410-704-3600

THE PROGRAM

The Social Sciences Program is an interdepartmental major offering courses from the departments of Economics, Geography and Environmental Planning, History, Political Science, and

Sociology, Anthropology and Criminal Justice.

The program is designed for those students who do not wish to major in a single discipline but are interested in a broad education, transcending traditional department boundaries. It is useful for those students who plan to enter graduate school for an advanced degree in one of the disciplines of the program and for those students who plan to enter professional schools for a degree in law, social service, or a phase of law enforcement as well as those students who seek a broad background in preparation for employment in business, industry or a government agency. It is particularly designed for students planning to teach social studies at the secondary school level.

A director administers the program, and faculty from the departments of Economics, Geography and Environmental Planning, History, Political Science, and Sociology, Anthropology and Criminal Justice advise students majoring in the program. Policies and requirements for the majors in Social Science are established by an advisory committee composed of representatives from the various disciplines included in the program.

The major offers students the choice of two Social Sciences programs: a Social Science major in Secondary Education or a Social Science major in Liberal Arts. The Bachelor of Arts degree may be earned in either Social Science major by adding a foreign language to the course requirements. The language requirement can be met by completing the intermediate courses of a modern foreign language or its equivalent.

MAJOR IN SOCIAL SCIENCE

Social Science majors must complete 60 credits with a grade equivalent of 2.00 or higher from among the following courses. The General Education (GenEd) requirements must also be fulfilled.

Required Courses (30 credits)

Two of the following:

HIST 102 History of European Civilization through the 17th Century (3)
HIST 103 History of European Civilization from the 17th Century (3)
HIST 145 History of United States to the Mid-19th Century (3)

HIST 145 History of United States to the Mid-19th Century (3) HIST 146 History of United States since the Mid-19th Century (3)

One of the following:

GEOG 101 Physical Geography (3)

GEOG 102 World Regional Geography (3)

GEOG 109 Introduction to Human Geography (3)

One of the following:

GEOG 101 Physical Geography (3)

GEOG 102 World Regional Geography (3)

GEOG 105 Geography of International Affairs (3) GEOG 109 Introduction to Human Geography (3)

GEOG 221 Interpretation of Maps (3)

Department of Sociology, Anthropology and Criminal Justice

Two of the following:

POSC 101 Introduction to Political Science (3)
POSC 103 American National Government (3)
POSC 105 Governments of the World (3)

POSC 107 Introduction to International Relations (3)

POSC 207 State Government (3)

All of the following:

ANTH 207 Cultural Anthropology (3)
ECON 201 Microeconomic Principles (3)
ECON 202 Macroeconomic Principles (3)
SOCI 101 Introduction to Sociology (3)

Upper-Division Requirements (24 credits)

Students must complete two courses in each of four disciplines of the six disciplines in the program at the upper-division level (300-or 400-level). At least 12 credits of upper-division courses must be taken at Towson University.

Electives

Select 6 credits of upper- or lower-division courses in any of the six disciplines in the program.

SOCIAL SCIENCE SECONDARY EDUCATION PROGRAM

Social Science majors in this Secondary Education Program receive certification to teach Social Science at the secondary level in Maryland upon graduation. See Secondary Education department requirements. In addition to the GenEd requirements, and the requirements specified by the Department of Secondary Education, students must complete 54 credits with a grade equivalent of 2.00 or higher from among the following courses.

Required Courses (45 credits)

ANTH 207 Cultural Anthropology (3)
ECON 201 Microeconomic Principles (3)
ECON 202 Macroeconomic Principles (3)
GENL 401 Topics in Social Science (3)

HIST 102 History of European Civilization through the

17th Century (3)

HIST 103 History of European Civilization from the 17th Century (3)
HIST 145 History of United States to the Mid-19th Century (3)
HIST 146 History of United States since the Mid-19th Century (3)
HIST xxx African, Asian or Latin American History Course (3)

HIST xxx Elective History Course (3)

POSC 103 American National Government (3) SOCI 101 Introduction to Sociology (3)

One of the following:

GEOG 101 Physical Geography (3)

GEOG 102 World Regional Geography (3)

GEOG 109 Introduction to Human Geography (3)

One of the following:

GEOG 101 Physical Geography (3)

GEOG 102 World Regional Geography (3)

GEOG 105 Geography of International Affairs (3)

GEOG 109 Introduction to Human Geography (3)

GEOG 221 Interpretation of Maps (3)

One of the following:

POSC 101 Introduction to Political Science (3)

POSC 105 Governments of the World (3)

POSC 107 Introduction to International Relations (3)

POSC 207 State Government (3)

Electives

Select three additional upper-division electives (300- or 400-level) from any of the disciplines in the program. The upper-division courses must be taken at Towson University.

TRANSFER CREDIT POLICY

Transfer students in the Social Sciences Program are required to earn a minimum of one-half the total number of credits required for the major at Towson University.

Department of Sociology, Anthropology and Criminal Justice

Professors: Alan Edelstein, Barbara Leons, Howard Nixon, Frances Rothstein, Jay Stanley, Sandra Stanley
Associate Professors: Victor Fisher, Douglas Pryor (Acting

Assistant Professors: Elizabeth Clifford, Marion Cockey, Samuel Collins, Stephen Feiler, Whitney Garcia, Marion

Hughes, Miriam Sealock

Part-time Faculty: Scott Buresh, Christa Craven, Elaine Feder-Alford, Stephen Hartmark, Ethel Hazard, Joseph W. Hopkins, Ingrid Johnson, Roland Knapp, Edgar Koch, Dana Kollmann, Timothy Longo, Brad Lyman, Robert McQuay, Richard Mitchell, Jamie Mullaney, Robbie Robinson, Tom Rodriguez, Lorri Rubenstein, Susan Topel, Robert D. Wall

Lecturer: Meryl Cozart (Internship Coordinator)

Linthicum Hall 318E, 410-704-2852

MAJOR IN SOCIOLOGY-ANTHROPOLOGY

The Department of Sociology, Anthropology and Criminal Justice offers major concentrations in Sociology, Anthropology and Criminal Justice under the Sociology-Anthropology degree program. These concentrations reflect the varied nature of the sociology, anthropology and criminal justice disciplines. Sociology is the scientific study of social interaction, social networks, social issues, and social problems that link people to each other and to society. Anthropology is the study of sociocultural patterns and the biological and cultural development of humans through time. Criminal justice is the scientific study of patterns of crime, other forms of social deviance, and social control in society. All three disciplines are intended to acquaint students with social science methods and perspectives needed to understand their society and the world. All provide students with knowledge and skills of analysis that will prepare them for entry into many occupations and for the pursuit of many different types of post-baccalaureate professional and graduate study.

For all courses of study in the department, the Bachelor of Arts degree may be earned by adding a foreign language to the major requirements. The language requirements can be met by completing the intermediate courses of a modern language or the equivalent. The Bachelor of Science degree is earned by completing department major and university degree requirements without meeting the foreign language requirements.

Towson University does not offer an undergraduate program approved by the state of Maryland for certification in social work. Many students, however, graduate from Towson University and pursue the Master of Social Work degree at another university. Students who are interested in social work or who wish to gain practical, career-oriented experience in another field benefit from taking the internship option in Sociology, Anthropology or Criminal Justice. The internship applies academic learning to work settings related to the student's major.

ANTHROPOLOGY AND SOCIOLOGY CONCENTRATIONS

All students pursuing a major concentration in Anthropology or Sociology must complete the Common Core in Sociology-Anthropology and either the Anthropology Concentration or the Sociology Concentration. The major program in Anthropology

The College of Liberal Arts

or Sociology requires the completion of 12-13 credits in the Sociology-Anthropology Common Core and 27-28 credits in an Anthropology or Sociology concentration. All courses must be completed with a grade equivalent of 2.00 or higher. Students are reminded that Using Information Effectively and Advanced Composition courses are required to fulfill the General Education (GenEd) requirements. SOCI 100 is a department course that meets the Using Information Effectively requirement (Category 1.B). ANTH 401, SOCI 300, and WRIT 354 are department courses that meet the Advanced Composition requirement (Category 1,D), Please note that when Introduction to Criminal Justice is offered as SOCl 354, it does not meet the Advanced Composition requirement, Individual courses in sociology or anthropology cannot satisfy more than one requirement or count in more than one section of the curriculum, unless otherwise indicated. Only ANTH 207 or ANTH 210 and SOCI 101 or SOCI 102 can be applied toward more than one section. The requirements and courses of the Sociology-Anthropology Common Core and the Anthropology and Sociology concentrations are listed below.

Sociology-Anthropology Common Core (12-13 credits)

One of the following three courses (Honors students may take ANTH 210 instead of ANTH 207 but not both) (3):

ANTH 207 Cultural Anthropology (3)

ANTH 208 Human Evolution and Prehistory (3)

ANTH 210 Honors Cultural Anthropology (3)

One of the following two courses (Honors students may take SOCI 102 instead of SOCI 101 but not both) (3):

Introduction to Sociology (3)

SOCI 102 Honors Introduction to Sociology (3)

One of the following five courses (Honors students may take ANTH 211 instead of ANTH 209 but not both) (3):

ANTH 209 Anthropology of American Culture (3)

ANTH 211 Honors Anthropology of American Culture (3)

SOCI 210 Sociology of Sport (3)

SOCI 241 Blacks in America: Myths and Reality (3)

SOCI 243 Sociology of Race, Class and Gender (3)

One of the following two courses (3-4):

MATH 231 Basic Statistics 1 (3) or equivalent

PSYC 212 Behavioral Statistics (4) or equivalent

ANTHROPOLOGY CONCENTRATION

This concentration requires a minimum of 27-28 credits plus the Sociology-Anthropology Common Core.

Select one of the following four Areas of Focus (A, B, C or D) to complete the Anthropology Concentration

A. Combined Anthropology/Sociology Area of Focus

One of the following three courses that was not taken in the Common Core (Honors students may take ANTH 210 instead of ANTH 207 but not botb) (3):

ANTH 207 Cultural Anthropology (3)

ANTH 208 Human Evolution and Prehistory (3)

ANTH 210 Honors Cultural Anthropology (3)

Both of the following courses (6):

ANTH 37x Ethnographic Field Methods (3)

ANTH 401 Anthropological Theory (3)

One of the following courses (3):

SOCI 300 Sociological Analysis (3) SOCI 391 Research Methods (3)

Plus five additional upper-level courses not taken in the Sociology-Anthropology Common Core, three in anthropology and two in sociology (15).

B. General Anthropology Area of Focus

One of the following three courses that was not taken in the Sociology-Anthropology Common Core (Honors students may take ANTH 210 instead of ANTH 207 but not both) (3):

ANTH 207 Cultural Anthropology (3)

ANTH 208 Human Evolution and Prehistory (3)

ANTH 210 Honors Cultural Anthropology (3)

Both of the following courses (6):

ANTH 37x Ethnographic Field Methods (3)

ANTH 401 Anthropological Theory (3)

Plus six additional courses (18):

(a) at least one must be an upper-level course in archaeology; (b) at least one must be from among area courses in anthropology, or ENGL 350, ENGL 351, SOCI 243, SOCI 300, SOCI 329, SOCI 381 or SOCI 391; (c) the remaining four courses may be selected from ANTH 209 or any other upper-division anthropology courses; (d) at least five of the total must be upper-level anthropology courses.

C. Archaeology Area of Focus

Courses listed in more than one group can be counted in only one group.

One of the following two courses (3):

ANTH 381 Archaeological Methods and Theory (3)

ANTH 393 Archaeological Field School (3)

The following course (3):

ANTH 401 Anthropological Theory (3)

Three of the following courses (9):

ANTH 311 Archaeology of Maryland (3)

ANTH 370-79 Topics in Anthropology (3) (must be an archaeology course approved by adviser)

ANTH 381 Archaeological Methods and Theory (3)

ANTH 383 North American Archaeology (3)

ANTH 387 Native American Archaeoastronomy (3)

ANTH 391 Archaeological Lab Methods (3)

ANTH 393 Archaeological Field School (3)

ANTH 470-79 Special Topics in Anthropology (3) (must be an archaeology course approved by adviser)

Two additional upper-level courses in anthropology not taken in the Sociology-Anthropology Common Core (6).

One of the following courses (4):

GEOL 121 Physical Geology (4)

BIOL 201 Biology I: Cellular Biology and Genetics (4)

BIOL 213 Human Anatomy and Physiology I (4)

BIOL 307 Introduction to Paleontology (4)

One of the following courses (3):

ART 107 Ceramics for Non-Art Majors (3)

ART 231 Ceramics 1 (3)

GEOG 101 Physical Geography (3)

GEOG 412 Introduction to Geographic Information Systems (3)

HIST 101 Introduction to Ancient Civilization (3)

D. Globalization and Development Area of Focus

At least 24 credits must be at the upper level.

All of the following courses (9):

ANTH 368 Development and Industrialization in Cross-Cultural Perspective (3)

ANTH 388 Peasant Cultures (3)

ANTH 401 Anthropological Theory (3)

One of the following courses (3):

SOC1 300 Sociological Analysis (3)

SOCI 329 Demography (3)

SOCI 391 Research Methods (3)

Two of the following area courses (6):

ANTH 331 Eskimo Ethnography (3)

ANTH 353 Latinas in the Americas (3) ANTH 365 North American Indians (3)

ANTIL 266 South American Indians (2)	a Calif Contain Internation and the Life Course

TRANSFER CREDIT POLICY FOR ANTHROPOLOGY AND SOCIOLOGY CONCENTRATIONS

At least 21 of the total credits required for completion of the Sociology Concentration, and at least 21 of the total credits required for completion of the Anthropology Concentration, must be taken at Towson University.

CRIMINAL JUSTICE CONCENTRATION

The Criminal Justice Concentration is intended to provide students with an interest in criminology and the various aspects of the criminal justice system a broad-based liberal arts education. More specifically, this concentration is meant to provide a rich and sophisticated understanding of the relationship between liberty and order in a democracy, of the types and processes of social deviance that are part of society, and of the ways society exercises social control to maintain legal, moral and social order in society. In addition, it is intended to provide a foundation for training and professional programs in criminal justice that prepare students for careers in the many occupations in this field.

The Criminal Justice Concentration is an integrated curriculum that combines study in three general areas of the field: corrections, criminology and law enforcement. Although Criminal Justice students take courses in all three of these areas of focus, one is selected for somewhat more intensive study.

The Criminology Area of Focus has more theoretically and methodologically oriented courses that are a foundation for advanced study in criminology, criminal justice, law, or sociology or for related fields or careers in crime analysis. The Corrections and Law Enforcement areas of focus are somewhat more applied or practice oriented. Corrections is relevant to the correctional system, probation, parole, social services, crisis intervention and related fields. Law Enforcement is relevant to police administration, policing and the legal profession. All three areas of focus offer a strong academic background for a wide variety of post-baccalaureate educational and career pursuits, which are not restricted to criminal justice. Students interested in crime analysis should take courses that enhance their computer and information processing skills and statistical and research methods knowledge, and if possible, take the Sociology Using Information Effectively course (SOCI 100) to meet the GenEd requirement in Category I.B. and one of the Sociology Advanced Composition courses, Sociological Analysis (SOCI 300) or Introduction to Criminal Justice (WRIT 354) to meet the GenEd requirement in Category I.D (Introduction to Criminal Justice does not meet the

Advanced Composition requirement when it is taken as SOCI 354.) Students are encouraged to consult with a faculty adviser in Criminal Justice to discuss curricular options in relation to their objectives and goals. All students in Criminal Justice are encouraged to consider an internship and should talk to their adviser about their eligibility to pursue this option in the department through SOCI 491, SOCI 492.

The Criminal Justice Concentration consists of a total of 43 credits (unless the statistics requirement is met by taking a 3-credit course instead of the 4-credit PSYC 212). All courses in Criminal Justice must be completed with a grade equivalent of 2.00 or higher. The Bachelor of Arts degree may be earned by students who add a foreign language to the major requirements. The language requirement can be met by completing the intermediate courses of modern language or the equivalent. Students who complete all requirements for the Criminal Justice Concentration in Sociology-Anthropology and other university requirements but do not meet the Bachelor of Arts requirements will earn a Bachelor of Science degree.

Criminal Justice Common Core (12-13 credits)

SOCI 101	Introduction to Sociology (3)
SOCI 353	Theories of Crime (3)

Department of Sociology, Anthropology and Criminal Justice

SOCI 331	Deviance and Organizations (3)
SOCI 343	Minority Groups (3)
SOCI 349	Social Problems (3)
SOCI 491	Internship in Sociology 1 (3)
SOCI 495	Independent Research (3)

Outside Electives (9 credits)

Three courses are required in three different disciplines.

Other courses	s may be taken as outside electives with the adviser's
pproval.	
COSC 111	Information and Technology for Business (3)
COSC 118	Information Processing on the Internet (3)
COSC 165	Visual Basic (3)
GEOG 391	Urban Systems (3)
GEOG 47x	Geography of Crime (3)
GEOG 47x	Social Applications of GIS (3)
HIST 364	Social History of the United States since 1865 (3)
HIST 368	The Bill of Rights and the Constitution: 1941 to Present (3)
HIST 375	The City in American History (3)
H1ST 382	African-American History from the Mid-19th Century (3)
HLTH 208	Mental Health (3)
HLTH 221	Sexuality in a Pluralistic Society (3)
HLTH 405	Drugs in Our Culture (3)

POSC 209 Introduction to Law (3) POSC 305 Urban Government and Politics (3)

POSC 375 Public Administration (3) POSC 418 Constitutional Law I (3) POSC 47x Women and the Law (3) PSYC 350 Personality (3) PSYC 361 Abnormal Psychology (3) PSYC 404 Adolescent Psychology (3)

TRANSFER CREDIT POLICY FOR CRIMINAL **JUSTICE CONCENTRATION**

At least 24 of the total credits required toward completion of the Criminal Justice Concentration must be taken at Towson University.

SOCIOLOGY-ANTHROPOLOGY AND **PSYCHOLOGY DOUBLE MAJOR**

Normally, completion of two separate dual majors in Psychology and Sociology-Anthropology with a concentration in Sociology requires 74-75 credits (35 in psychology and 39-40 in sociology). However, students who are interested in both majors can now select the double major option in Sociology-Anthropology and Psychology, which consists of courses offered by both departments.

The double major option requires a total of 65 credits. Core required courses in the major (29 total hours) include: ANTH 207, PSYC 101, PSYC 203, PSYC 212, PSYC 314, SOCI 101, SOCI 381 and SOCI 391. Students must also complete either SOCI 100 or PSYC 100. In addition, the double major requires six additional courses in psychology (18 credits) and six additional courses in sociology-anthropology (18 credits) from a pre-set list of electives in a number of topical or content areas defined by each department.

In Psychology, the double major requires electives be selected from courses in the four topical areas for the Psychology major in this catalog (sections I-IV) but in the following combination: Human Development (two courses), Clinical-Social (two courses), Biopsychology (one course), and Learning-Cognition (one course).

In Sociology-Anthropology, the electives must include six courses from at least three of the seven sociology content areas listed under the Sociology-Anthropology major, Sociology Concentration, General Sociology Area of Focus, also in this catalog. Students interested in declaring the combined double major should consult an adviser in both departments to review the specific core requirements and the approved topical or content elective courses prior to taking any classes.

SOCIOLOGY-ANTHROPOLOGY AND GEOGRAPHY DOUBLE MAJOR

Students interested in combining a Sociology or Anthropology concentration with Geography in a double major should consult the Department of Sociology, Anthropology and Criminal Justice or the Department of Geography and Environmental Planning for more information about the value of the double major and its requirements. It is possible to choose a double major with a concentration in Anthropology or Sociology. The double major requires fewer credits than are required when each major is pursued separately. The Geography and Sociology-Anthropology double major with a concentration in Anthropology requires 57-58 credits, and the Geography and Sociology-Anthropology double major with a concentration in Sociology requires 66-67 credits.

MINOR IN SOCIOLOGY

The minor in Sociology consists of 24-25 credits of sociology courses (including Statistics), at least 12 of which must be upper division, and at least 15 of which must be taken at Towson University.

Four of the following required courses (12-13 credits):

SOCI 101	Introduction to Sociology (3)
SOC1 381	Sociological Theory (3)
SOCI 391	Research Methods (3)
MATH 231	Basic Statistics I (3) or its equivalent
	or
PSYC 212	Behavioral Statistics (4) or its equivalent
Plus any four	additional elective courses in sociology (12).

MINOR IN ANTHROPOLOGY

The minor in Anthropology consists of 24 credits of anthropology courses; at least 12 of which must be upper division, and at least 15 of which must be taken at Towson University.

All of the following required courses (9 credits):

ar or the rono.	ing required courses (> excurs).
ANTH 207	Cultural Anthropology (3)
ANTH 208	Human Evolution and Prehistory (3)
ANTH 401	Anthropological Theory (3)
Plus any five	additional elective courses in anthropology (15).

INTERNSHIPS

Student internships can be pursued in each concentration offered by the department (SOCI 491 or 492 or ANTH 491 or 492). Internships provide students with opportunities to apply what they have learned in the classroom, allowing them to explore possible career avenues while adding valuable practical experience to their résumés. Students in the department have completed internships in a variety of organizations and settings. A sample of specific recent internship sites includes the Baltimore County Forensic Services Division (Crime Lab); Hickey School (Juvenile Services); Department of Juvenile Services; Police Athletic League of Baltimore County; Immigration and Naturalization Service; Department of Alcohol, Tobacco and Firearms; Department of Natural Resources Police; Office of the Public Defender (Forensic Social Work Division); Maryland Chapter of the National Association of Social Workers; Prisoner's Aid; Keswick Adult Day Care; Manor Care of Ruxton; Sunrise (Assisted Living); Meridian at Brightwood (Senior Care); Church Home (Nursing); Baltimore Center for Urban Archaeology; Baltimore Museum of Art; Walters Art Museum; Baltimore County Department of Aging; Latino Health Task Force; Secret Service; Baltimore City Child Abuse Police Unit; Child Abuse Prevention and Education Center; ACTS (Shelter for Victims of Domestic Abuse); and St. Vincent Family Services. Students are encouraged to consider internships related to areas

of interest in their concentration. Each year, the Lieberman Endowment provides an award to the best intern. Students participating in an internship are assessed a fee. Interested students should contact the department internship coordinator for more information.

HONORS AND OTHER STUDENT OPPORTUNITIES

Superior students are encouraged to consider taking the special set of courses that would qualify them for graduation with honors in the department. See the honors adviser or the department chair for more information. The departmental honors program is distinct from the university-sponsored honors program, which includes a number of honors courses in sociology and anthropology.

The Lieberman Award is presented annually to the most distinguished scholar in each of the three major concentrations in the department. The Mignon Lieberman Award is presented each year to the outstanding student intern. The Irwin Goldberg Endowment Award is given annually to the student who submits the paper best reflecting sociological research techniques. The paper may have been written for any sociology course or as an independent research project. A chapter of Alpha Kappa Delta, the national honor society in sociology, was established at the university in 1988. Majors can participate in independent research, internships and field experiences, as appropriate.

INFORMATION FOR STUDENTS IN DISCONTINUED CONCENTRATIONS

The department recently discontinued its concentrations in Gerontology and Corrections, and the Law Enforcement Concentration that was administered by the department also has been discontinued. In addition, the Sociology and Anthropology concentrations were substantially revised in 1998. Students who declared one or more of these concentrations prior to their elimination will be permitted to select from the new or revised concentrations currently offered by the department or to complete their original concentration, provided their original catalogs have not expired. All students are encouraged to work closely with a departmental adviser to plan their curriculum. Students entering Towson University during or after fall 1999 will *not* be permitted to select curricular options from catalogs prior to the 1999-2000 *Undergraduate Catalog*.

Interdisciplinary Program in Women's Studies

Professors: Karen Dugger, Jo-Ann Pilardi (Director) Assistant Professor: Esther Wangari

Affiliated Faculty: Lena Ampadu (English), Allaire Stallsmith (History), Rose Ann Christian (Philosophy and Religious Studies), Marion Cockey (Sociology, Anthropology and Criminal Justice), K Edgington (English), Paz Galupo (Psychology), Gail Gasparich (Biological Sciences), Cindy Gissendanner (History), John Gissendanner (English), Susan Isaacs (Art), Nancy Larson (Music), Louise Laurence (Economics), Luz Mangurian (Biological Sciences), Toni Marzotto (Political Science), Florence Newman (English), Carol Pippen (English), Joan Rabin (Psychology), Patricia Romero (History), Frances Rothstein (Sociology, Anthropology and Criminal Justice), Lev Ryzhkov (Chemistry), Lisa Swanson (Kinesiology), Jacqueline Wilkotz (English), Sabrina Willis (Political Science)

Part-time Faculty: Susan Doering, Tina Kelleher, F. Rachel Magdalene, Paula Rangel, Dorothy Roome, Beverly Shuman

Associates to Women's Studies Program: Phyllis Freeman (Director, Women's Center), Kathryn Sullivan (Library Liaison), Beth Vanfossen (Director, Institute for Teaching and Research on Women)

OFFICE

Linthicum Hall 201F, 410-704-2660

THE PROGRAM

The Women's Studies major is an interdisciplinary program that offers students the opportunity to study the status and roles of women as individuals and as members of society. Courses emphasize both commonalities among women and differences according to race, ethnicity, class and sexual preference. The major consists of 6 hours of required core courses (Section A), plus 33 hours selected from sections B-E as shown below. Each program is individually tailored to the needs and interests of students. Students must consult with a Women's Studies faculty adviser to plan their programs. (See transfer credit policy.)

The following interdisciplinary and departmental women's studies courses are currently in the curriculum. The departmental courses may be taken as electives for departmental credit and/or applied to the major or minor in Women's Studies. Some courses fulfill General Education (GenEd) requirements.

MAJOR IN WOMEN'S STUDIES

Women's Studies majors are required to complete 39 credits with a grade equivalent of 2.00 or higher from among the following courses.

Section A: Required Core Courses (6 credits)

WMST 231 Women in Perspective (3)

or

WMST 232 Honors Seminar: Women in Perspective (3)

or

WMST 233 International Perspectives on Women (3)

or

WMST 234 Honors Seminar: International Perspectives on Women (3)

and

WMST 337 Feminist Theory (3)

Section B: M	alticulturalism and Diversity (6 credits)
WMST 233	International Perspectives on Women (3) (*233 or 234
	cannot be used here if used in Section A)
	or
WMST 234	Honors Seminar: International Perspectives on Women (3)
WMST 370	Topics in Women's Studies: Women of Color (3)
ANTH 321	Gender in Cross-Cultural Perspective (3)
ANTH 353	Latinas in the Americas (3)
ENGL 347	World Literature: African Women Writers (3)
ENGL 477	Topics in Black American Literature: African-American Women Writers (3)
HIST 361	Gays and Lesbians in U.S. History (3)
HIST 384	Life Histories of African Women (3)
PHIL 205	Women in World Religions (3)
PSYC 449	Psychology of Lesbian Culture (3)
Section C: Sc	ience: Natural; Social (9 credits)
WMST 339	Reproductive Technologies and the Future
W 1415 1 337	of Motherhood (3)
BIOL 321	Biology of Women (3)
ECON 374	Economic Issues of Gender (3)
HLTH 101	Wellness for a Diverse Society * Special Topics on
	Women (3)
HLTH 440	Perspectives on Rape and Sexual Assault (3)
IDNM 307	Women, Gender and Science (3)
IDNM 309	Women, Society and Radiation (3)
KNES 441	The American Woman in Sport (3)
POSC 47x PSYC 447	Special Topics: Women and Law (3) Sex Differences: Psychological Perspectives (3)
PSYC 457	Gender Identity in Transition (3)
PSYC 47x	Special Topics: Psychology of Women (3)
SOCI 348	Women and Crime (3)
3001310	women and Crime (5)
Section D: An	rts and Humanities (6 credits)
ARTH 341	Women in Art (3)
EMF 205	Women and Gender in Film (3)
ENGL 290	Honors Seminar in Literature: Emily Dickinson (3)
ENGL 290	Honors Seminar in Literature: Austen and the Brontes (3)
ENGL 370	Special Topics: Literature of Women (3)
ENGL 371	Women Poets: Themes and Images (3)
ENGL 372	Women Writers (3)
ENGL 471	Topics in World Literature: African American Writers (3)
ENGL 471	Topics in World Literature: Black Women Writers (3)
ENGL 472 HIST 306	Topics in British Literature: Virginia Woolf (3) Women in 20th Century U.S. History (3)
HIST 365	Comparative History of the Modern Family: 1750-
11131 303	Present (3)
HIST 484	Historical Themes: Women in Ancient Greece (3)
HIST 484	Historical Themes: Modern European Women (3)
HIST 484	Historical Themes: African-American Women in
	History (3)
MUSC 205	Women in Western Music (3)
PHIL 332	Feminist Philosophy (3)
PHIL 38x	Philosophical Topics: Simone de Beauvoir (3)
Section F: In	terdisciplinary Women's Studies Courses (12 credits)
WMST 332	Women's Culture and Creativity (3)
WMST 333	Women's Words, Women's Lives (3) (GenEd. 1.D.)
WMST 335	Women, Work and Family (3)
WMST 336	Women and Medicine (3)
WMST 338	Women and Sexuality (3)
WMST 341	Women and Aging (3)
WMST 370	Topics in Women's Studies: Bodywork/Body Image (3)
WMST 370	Topics in Women's Studies: Inventing the Self (3)
WMST 370	Topics in Women's Studies: Women, Learning and
WA CT 270	Knowledge (3)
WMST 370	Topics in Women's Studies: Women and Development (3)
WMST 370	Topics in Women's Studies: Women, the Environment
	and Health (3)

WMST 485	Seminar in Women's Studies (for 3 credits only)
WMST 491	Directed Readings for Honors in Women's Studies (3-
	4)
WMST 491	Directed Readings for Women's Studies (1-4)
WMST 496	Internship in Women's Studies (for 3 credits only)
WMST 499	Honors Thesis (for 3 credits only)

Note: content varies in WMST 370 and WMST 485. Depending on content, these course numbers may fulfill credits for other lettered sections.

MINOR IN WOMEN'S STUDIES

Students may wish to major in a traditional subject (history, English, sociology) but minor in Women's Studies. Some students plan to do graduate work in a traditional discipline, with emphasis on women within it.

Requirements for the Minor (21 credits)

Section A: Required Core Courss (6 credits)

WMST 231	Women in Perspective (3)
	or
WMST 232	Honors Seminar: Women in Perspective (3)
	or
WMST 233	International Perspectives on Women (3)
	or
WMST 234	Honors Seminar: International Perspectives on
	Women (3)
	and
WMST 337	Feminist Theory (3)

Section B: Multiculturalism and Diversity (3 credits) Section C: Science: Natural; Social (3 credits)

Section D: Arts and Humanities (3 credits)

Section E: Interdisciplinary Women's Studies (6 credits)

TRANSFER CREDIT POLICY

All Women's Studies majors must complete a minimum of 18 credits toward the major at Towson University, with at least I2 credits at the upper (300-400) level.

All Women's Studies minors must complete a minimum of 12 credits toward the minor at Towson University, with at least 9 credits at the upper level.

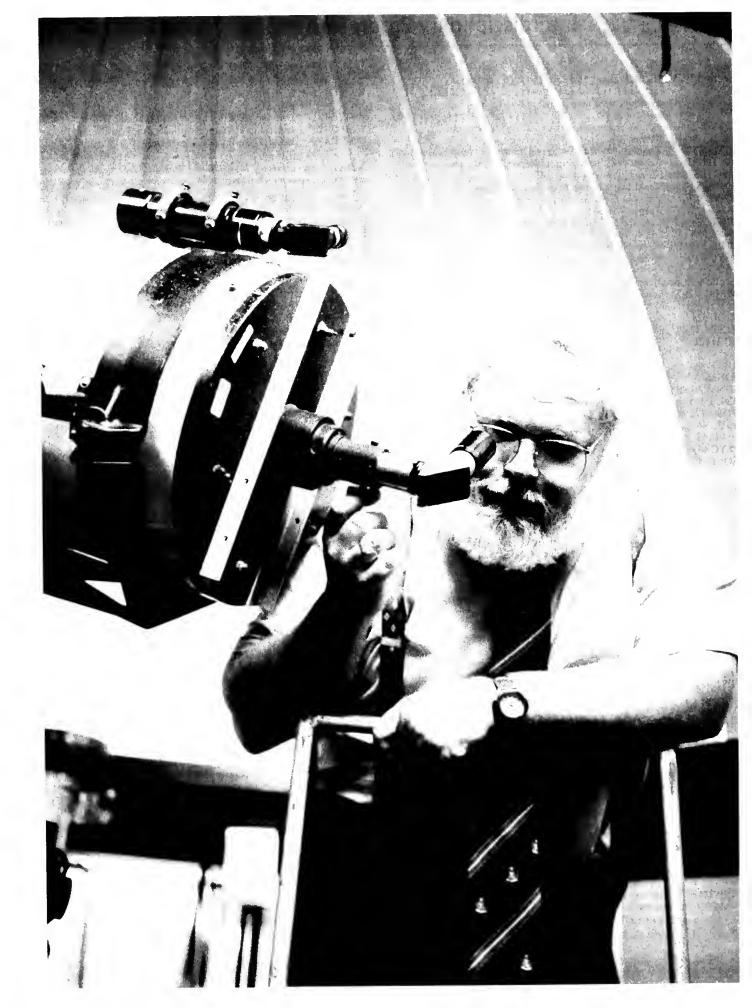

HONORS PROGRAM AND OTHER ACTIVITIES

Honors work is available to students with a Women's Studies major. Interested students may consult the Women's Studies director for information, preferably during their sophomore year. See information on Honors College elsewhere in this catalog.

The Women's Studies Program also provides a Women's Studies Colloquium series each semester with speakers from the university or off campus.

Women's Studies students are also welcome to participate in the Feminist Collective, a student organization.

In alternate years, the Women's Studies Program awards the Guess Scholarship for achievement in writing. It also participates in the Presidental Scholarship Program.

The College of Science and Mathematics

Welcome to the College of Science and Mathematics at Towson University. Our college offers a wide variety of undergraduate and graduate majors, as well as interdisciplinary programs in which students work closely with faculty, receiving quality instruction in small classes.

Science is becoming increasingly important as our world evolves and is challenged by rapid technological transformations. More and more, science will determine the road into the future. The College of Science and Mathematics at Towson University is helping to build that road through its educational programs and its commitment to teaching, research and scholarship. The College of Science and Mathematics has a fourfold mission: to prepare students for careers and advanced professional training in the biological or physical sciences, mathematics, or computer science; to participate fully in the liberal education mission of the campus; to foster significant scholarly research; and to serve the well-being of the community, state and region. To accomplish its mission the college maintains high standards of performance for faculty and students. Each student is provided the opportunity to develop competence in a special field of knowledge by learning its principles and perspectives, mastering its methods, and acquiring much of its accumulated knowledge.

In addition to offering formal course work, the college is committed to providing students with opportunities to learn through participation in scientific research, independent study, internships and honors programs. Students gain experience in laboratories, interact with the environment through field studies, conduct student research, and receive training in technologically advanced instrumentation. We believe that there is no stronger means of learning than by active participation at the frontiers of scientific knowledge, and we encourage our entire faculty to leave open their doors so that students may embrace the discovery of the secrets in the world around us. A combination of student participation and rigorous classroom instruction gives majors in the college a competitive advantage in career advancement or in the selection of professional or graduate schools. The student majoring outside the college is assured of ample scientific knowledge to make informed decisions essential to citizens in a science-oriented, technological world.

Although we offer degrees in the sciences and mathematics, we recognize that the Towson experience encompasses so much more than a diploma. Each one of us strives daily to create enriching educational experiences for all of those around us. We recognize the importance of science and mathematics not merely as an aid to understanding the natural world, but also as an aid to understanding ourselves. Each person can benefit greatly from scientific experience, and it is this sort of experience that we seek to provide our students. Come and join us. Towson will enrich your life.

Center for Science and Mathematics Education (CSME)

OFFICE

Smith Hall 304, 410-704-2532

Fax: 410-704-3959

E-mail: kdenniston@towson.edu Director: Katherine J. Denniston

The Center for Science and Mathematics Education (CSME) is a focal point for research efforts, curriculum development, teacher education, and pedagogical reform designed to enhance the teaching and learning of mathematics, science and technology from K-16. Representatives of each of the departments of the College of Science and Mathematics and the College of Education serve as affiliate faculty. Advisory board members representing local schools, universities, agencies of informal education, business, and the Maryland State Department of Education provide counsel in guiding center activities.

CSME is the headquarters of the Maryland Collaborative for Teacher Preparation (MCTP), a National Science Foundationsupported statewide program of innovative approaches to the preparation of science and mathematics teachers for the upper elementary and middle school grades. Faculty from 10 University System of Maryland institutions, five community colleges, and the largest Maryland school systems are involved in MCTP. CSME is also the center of operations for the Maryland Educator's Summer Research Program (MESRP), a summer internship program that offers authentic research experiences in science and mathematics for in-service teachers and teachers-in-training. CSME organizes and operates The Maryland Governor's Academy for Science and Mathematics, a three-week residential program that provides selected Maryland teachers with graduate-level content courses and workshops on the implementation of reform- and standards-based science and mathematics education.

The primary goal of CSME is to promote excellent and effective science and mathematics teaching at all levels from K-16. To that end, the center is engaged in the following activities:

- 1. fostering initiatives for improvement of teacher education
- 2. initiating and establishing professional development schools to promote professional growth of in-service teachers
- 3. disseminating ideas on curriculum and instruction in science, mathematics and technology at grade levels K-16
- 4. overseeing the Sciences and Mathematics Track of the Elementary Education major
- 5. assisting area schools, community agencies, and university departments in selection, implementation and assessment of innovative approaches to the teaching and learning of science, mathematics and technology
- 6. coordinating communication and collaboration among universities, community colleges and schools

Interdisciplinary Studies

ANIMAL BEHAVIOR TRACK

Advisory Committee: Michael Figler (Psychology), Donald Forester (Biological Sciences), Paz Galupo (Psychology, Co-Coordinator), Craig Johnson (Psychology), Scott Johnson (Biological Sciences), Jay Nelson (Biological Sciences), Herbert Petri (Psychology), Joan Rabin (Psychology), Gerald Robinson (Biological Sciences), Aubrey Scarbrough (Biological Sciences), Erik Scully (Biological Sciences, Co-Coordinator)

OFFICE

Smith Hall 261, 410-704-3012

The Program

Animal Behavior is offered as a track within the Interdisciplinary Studies major. For a complete description of course requirements, see the College of Liberal Arts.

The study of animal behavior has received an increasing amount of attention from the public because of the emphasis placed by zoological parks on behavioral biology and the large number of presentations in the media regarding animal behavior and sociobiology.

The Animal Behavior Track is designed to offer a solid foundation in the diverse approaches used to study behavioral biology. The program uses a carefully selected combination of courses in biology and psychology to achieve this goal. In addition, students are required to complete either an independent research project or an internship in order to apply their knowledge in an intensive research experience.

Students who complete the program may be qualified for positions at zoological parks, aquariums and nature centers. In addition, they will have the necessary technical knowledge to pursue a career in free-lance writing about animal behavior. However, students who are considering attending graduate school will need to complete additional courses in either biology or psychology. Most of the students currently enrolled in the program also are majoring in either Biology or Psychology.

Students who are considering the Animal Behavior Track must meet with one of the program coordinators before declaring Interdisciplinary Studies as a major.

Department of Biological Sciences

Professors: Virginia Anderson, Katherine Denniston, Donald Forester, James Hull, Luz Mangurian, Gerald Robinson (Interim Chair), Aubrey Scarbrough, Erik Scully, Robert Shoemaker, Donald Windler

Associate Professors: Richard Hilton, L. Scott Johnson, Brian Masters, Jay Nelson, Jane Wolfson

Assistant Professors: Carol Berkower, Gail Gasparich, Susan Gresens, Sarah Haines, William Mechling, Vonnie Shields, Erik Silldorff, Joel Snodgrass, Laurie Williams-Hogarth, Larry Wimmers

Adjunct Research Professors: Steven Baskin, Alan Brimfield, David Lenz, John McDonough, John Petrali, James Romano, Jr., John Schlager, Alfred Sciuto, Tsung-Ming Shih, William Smith, Jay Valdes

Lecturers: Sarah Bruce, Susannah Feldman, Carl Kloock
Part-time Faculty: Linda Behrens, Pamela Healey, Elsie Shoemaker,
Bernadette Stundick

Undergraduate Biology Student Coordinator: Mara Lauterbach

OFFICE

Smith Hall 341, 410-704-3042

Fax: 410-704-2405

PROGRAMS OF THE DEPARTMENT

The Department of Biological Sciences offers the following programs of study: the major in Biology, the minor in Biology, and the Master of Science in Biology. For more information about the master's program, consult the *Graduate Catalog*.

A major in Biology is recommended for students interested in pursuing general careers in botany, zoology, ecology, microbiology or molecular biology. It is also recommended for individuals preparing for graduate studies in biology, medicine, dentistry, or medically oriented fields; including optometry, pharmacy, podiatry or veterinary science; teacher education in secondary schools, i.e., teaching of biological or natural sciences; basic or applied research in the biological sciences; or environmental biology, including conservation, wildlife biology, forestry, fisheries, pollution control and marine biology.

Students selecting this major should contact the department to be assigned an adviser to assist them in designing a program to meet their special needs. Students will meet with their adviser each semester to discuss their progress and to facilitate necessary changes in their programs of study.

MAJOR IN BIOLOGY

The Biology major requires a total of 40 Biology credits with a grade equivalent of 2.00 or higher; 21 credits in core courses and 19 credits in electives. Additionally, 21-30 credits with a grade equivalent of 2.00 or higher are required in ancillary courses.

Selection of appropriate electives allows students to fulfill the requirements in any of eight areas of specialty: Animal Anatomy and Physiology, Botany, Ecology, Marine Biology, Microbiology, Premedicine/Predentistry, Secondary School Biology and General Science Teaching, and Zoology. Completion of a concentration is not required to graduate with a Biology major.

Core Courses (21 credits)

BIOL 201 Biology 1: Cellular Biology and Genetics* (4)
BIOL 202 Biology II: Introduction to Ecology, Evolution

and Behavior (4)
BIOL 205 General Botany (4)
BIOL 207 General Zoology (4)

BIOL 309 Principles of Genetics (4) BIOL 486 Biology Majors Seminar (1)

*BIOL 110 or 112 with a grade equivalent of 3.00 or higher also fulfills this requirement.

Electives (19 credits)

Biology majors are required to complete a minimum of 19 credit hours of elective courses in Biology. This requirement may be fulfilled by following one of two options:

Option I students may select their own electives from offerings within the department (see exceptions noted below). Option II students may select a series of courses recommended within concentrations developed by the department, and at the request of students, completion of a concentration will be noted on their transcript. Regardless of the option chosen, students must work closely with a faculty adviser in the development of a program of study.

No more than 3 credits combined from BIOL 491 Independent Research in Biology; BIOL 494 Travel Study; BIOL 498 Honors Research; and BIOL 499 Senior Thesis in Biology, may count toward the Biology major.

The following courses may not be used to fulfill Biology elective requirements for the major in either Option I or Option II: BIOL 100 Humanistic Botany; BIOL 103 Human Biology; BIOL 105 Environmental Biology; BIOL 115 Biological Science I; BIOL 116 Biological Science II; BIOL 215 Foundations of Microbiology; BIOL 301 Field Natural Science; BIOL 303 Life Science for the Elementary Teacher; BIOL 381 Biological Literature; BIOL 481 Directed Readings in Biology; BIOL 493 Internship in Biology; BIOL 495 Course Research.

Before enrolling in any 300- or 400-level elective course, Biology majors are required to complete a minimum of 12 credit hours in lower-level biology courses, and complete these courses with a grade equivalent of 2.00 or higher. In addition, for any elective course, students must have completed all prerequisite courses with a grade equivalent of 2.00 or higher and have an overall QPA of 2.00 or higher. Students who do not meet the above requirements may not be allowed to enroll in upper-level electives.

The Department of Biological Sciences makes every effort to offer elective courses in a systematic fashion. However, it assumes no responsibility for cases in which unforeseen scheduling conflicts, course cancellations, or staffing changes prevent students from taking a particular elective course during their residence at Towson University.

Ancillary Courses (21-30 credits)

Option I students must select from the following courses in chemistry, physics and mathematics:

Chemistry (13-18 credits)

CHEM 110-111 General Chemistry I, II (4, 4) CHEM 330 Essentials of Organic Chemistry* (5)

or

CHEM 331-332 Organic Chemistry I, 11 (5, 5)

Physics (5-8 credits)

PHYS 203 Topics in Physics for Biology Majors* (5)

or

PHYS 211-212 General Physics I, II (4, 4)**

Mathematics (3-4 credits)***

One of the following:

MATH 211 Calculus for Applications (3) MATH 237 Elementary Biostatistics (4)

MATH 273 Calculus (4)

PSYC 212 Behavioral Statistics (4)

In addition, a computer science course is strongly recommended.

*Graduate schools often require two semester courses in these subjects.

**In all subsequent concentrations and course prerequisites, PHYS 241-242 may be substituted for PHYS 211-212.

***Because material covered in Basic Mathematics for the Sciences (MATH 115) is prerequisite for chemistry and physics, students who have not completed high school trigonometry and two years of high school algebra in good standing should take MATH 115 in addition to one of the options listed above.

192

The College of Science and Mathematics

Option II students must complete a specified group of ancillary courses within a concentration.

In both options, General Chemistry should be taken during the freshman year; Organic Chemistry during the sophomore year; and Physics as soon as possible.

ANIMAL ANATOMY AND PHYSIOLOGY CONCENTRATION

Students completing this concentration will be prepared for advanced study in anatomy and physiology or vocations requiring proficiency in these areas.

Biology Core (21 credits)

Electives (19 credits)

BIOL 213-214 Human Anatomy and Physiology I, II (4, 4) Select three from the following, at least one of which must be BIOL 465 or BIOL 469:

BIOL 360 Histology (4)
BIOL 367 Endocrinology (3)
BIOL 408 Cell Biology (4)
BIOL 463 Animal Embryology (4)
BIOL 465 Mammalian Physiology (4)
BIOL 469 Comparative Animal Physiology (4)

Biology electives, if needed to complete the required 19 credits (see recommendations)

Ancillary Courses (21-30 credits)

As in Biology Major Option I

Recommended Courses

BIOL 318	Microbiology (4)
BIOL 355	Animal Parasitology (4)
BIOL 427	Neuromuscular Mechanisms of the Upper Body (2)
CHEM 351	Introductory Biochemistry (3)
CHEM 356	Biochemistry Laboratory (2)

BOTANY CONCENTRATION

Background acquired in this concentration will train graduates for positions in botanically related industry or advanced study in botany, horticulture or forestry.

Biology Core (21 credits)

Electives (20 credits)

A minimum of 20 credits from the following courses, of which one must be from Group A, two from Group B, and the remainder from Groups A, B and C:

Group A	
BIOL 436	Plant Physiology (4)
BIOL 439	Plant Anatomy (4)
Group B	•
BIOL 331	Plant Morphology (4)
BIOL 341	Fresh Water Algae (4)
BIOL 345	Mycology (4)
BIOL 349	Marine Botany (4)
BIOL 432	Vascular Plant Taxonomy (4)
Group C	•
BIÔL 305	Electron Microscopy (4)
BIOL 335	Economic Botany (3)
BIOL 431	Horticulture (4)
BIOL 435	Plant Ecology (4)

Ancillary Courses (21-30 credits)

As in Biology Major Option 1

Recommended Courses

```
CHEM 351 Introductory Biochemistry (3)
CHEM 356 Biochemistry Laboratory (2)
```

ECOLOGY CONCENTRATION

Completion of this concentration provides background for advanced study in ecology and career opportunities in environmental education, government environmental regulatory agencies and the private sector.

Biology Core (21 credits)

Electives (19-20 credits)

A minimum of 19 credits from the following courses with at least one course selected from each of Group A, Group B, Group C and Group D: Group A

Group 11	
BIOL 402	General Ecology (4)
BIOL 435	Plant Ecology (4)
Group B	0,
BIOL 325	Environmental Animal Physiology (4)
BIOL 436	Plant Physiology (4)
BIOL 469	Comparative Animal Physiology (4)
Group C	
BIOL 331	Plant Morphology (4)
BIOL 341	Fresh Water Algae (4)
BIOL 345	Mycology (4)
BIOL 349	Marine Botany (4)
BIOL 432	Vascular Plant Taxonomy (4)
Group D	•
BIOL 310	Environmental Conservation (4)
BIOL 347	Marine Biology (3)
BIOL 351	Field and Systematic Vertebrate Zoology (4)
BIOL 353	Invertebrate Zoology (4)
BIOL 371	Animal Behavior (4)
BIOL 404	Ecological Techniques (3)
BIOL 406	Limnology (4)
BIOL 411	Wildlife Biology (3)
BIOL 413	Evolution (3)
BIOL 456	Ornithology (4)
BIOL 458	Mammalogy (4)
BIOL 461	Entomology (4)
BIOL 467	Herpetology (4)
Ancillary Co	urses (22-30 credits)

Ancillary Courses (22-30 credits)

Chemistry and Physics requirements as in the Biology Major Option I and one of the following.

```
MATH 237 Elementary Biostatistics (4) or PSYC 212 Behavioral Statistics (4)
```

Recommended Courses

MATIT 2/3	Calculus (7)
	or
MATH 211	Calculus for Applications (3)
CHEM 351	Introductory Biochemistry (3)
CHEM 356	Biochemistry Laboratory (2)

MARINE BIOLOGY TRACK

This track provides background for advanced study in the marine sciences. It also offers training appropriate for careers in private or public agencies that are concerned with aquatic environments.

Biology Core (21 credits)

Electives (19-22 credits)
BIOL 347 Marine Biology (3)

A minimum of four courses selected from the following:

BIOL 349 Marine Botany (4)

BIOL 351 Field and Systematic Vertebrate Zoology (4)

BIOL 353 Invertebrate Zoology (4)

BIOL 389 Current Developments in Biology (3)*

BIOL 406 Limnology (4)

Recommended Marine Experience (3-4)**

*When focusing on a marine-related topic

**An intensive field and/or laboratory experience in the area of marine biology; credit will be granted for BIOL 491, or BIOL 494, or transfer credit from the sponsoring institution. The department has a current list of approved courses and programs. All experiences must be approved in advance.

Ancillary Courses (21-30 credits)

As in Biology Major Option I

Recommended Courses

BIOL 402	General Ecology (4)
	0, . ,
BIOL 436	Plant Physiology (4)
BIOL 469	Comparative Animal Physiology (4)
BIOL 351	Introductory Biochemistry (3)
CHEM 356	Biochemistry Laboratory (2)
PHSC 121	Physical Geology (4)
PHSC 123	Historical Geology (3)
PHSC 357	Physical Oceanography (4)
PHSC 443	Sedimentology and Sedimentary Petrology (3

MICROBIOLOGY CONCENTRATION

This concentration will provide knowledge of the characteristics of microorganisms and the laboratory skills necessary for isolation, cultivation, and identification of microorganisms and the evaluation of microbiological data. Careers in microbiology are available in food technology, pharmaceutical production, fermentation industries, agriculture, medical laboratories, water quality control and basic research. Completion of this concentration will qualify students for registry as microbiologists with the Federal Civil Service and the American Academy of Microbiology.

Biology Core (21 credits)

Electives (20 credits)

BIOL 315	Medical Microbiology (4)
	or
BIOL 318	Microbiology (4)
A minimum of 16	credits selected from the following:
BIOL 305	Electron Microscopy (4)
BIOL 341	Freshwater Algae (4)
BIOL 345	Mycology (4)
BIOL 355	Animal Parasitology (4)
BIOL 403	Advanced Genetics (3)
BIOL 408	Cell Biology (4)
BIOL 421	Immunology (4)
BIOL 428	Virology (3)
BIOL 485	Seminar in Microbiology and Cell Biology (1)

A	ncillary Courses	(27-35 credits)
	CHEM 110-111	General Chemistry I, II (4, 4)
	CHEM 210	Principles and Methods of Chemical Analysis (4)
	CHEM 330	Essentials of Organic Chemistry (5)
		or
	CHEM 331-332	Organic Chemistry I, II (5, 5)
	CHEM 351	Introductory Biochemistry (3)
	CHEM 356	Biochemistry Laboratory (2)
	PHYS 203	Topics in Physics for Biology Majors (5)
		or
	PHYS 211-212	General Physics 1, II (4, 4)
	MATH 211	Calculus for Applications (3)
		or
	MATH 273	Calculus (4)

Recommended Courses

ceommended Courses		
BIOL 213-214	Human Anatomy and Physiology I, II (4, 4)	
BIOL 311	Functional Anatomy of Humans (4)	
HLTH 311	Chronic and Communicable Disease (3)	
MATH 237	Elementary Biostatistics (4)	
CHEM 341	Physical Chemistry —Thermodynamics (3)	
CHEM 342	Physical Chemistry—Structure and Kinetics (3)	

PREMEDICINE/PREDENTISTRY CONCENTRATION

Students planning to enter medical or dental school should select this concentration. It is also recommended for those interested in medically related fields, such as osteopathy, podiatry and optometry.

Biology Core (21 credits)

Electives (19-20 credits)

BIOL 213-2	14 Human Anatomy and Physiology I, II (4, 4)
BIOL 408	Cell Biology (4)
A minimum of	two of the following:
BIOL 360	Histology (4)
BIOL 367	Endocrinology (3)
BIOL 463	Animal Embryology (4)
BIOL 465	Mammalian Physiology (4)

Ancillary Courses (29-30 credits)

CHEM 110-111	General Chemistry I, II (4, 4)
CHEM 331-332	Organic Chemistry I, II (5, 5)
PHYS 211-212	General Physics I, II (4, 4)
Math requirement a	s in Biology Major Option I

Recommended Courses

BIOL 315	Medical Microbiology (4)
CHEM 351	Introductory Biochemistry (3)
CHEM 356	Biochemistry Laboratory (2)

SECONDARY SCHOOL BIOLOGY AND GENERAL SCIENCE TEACHING CONCENTRATION

Students who complete this concentration and the required courses in the Department of Secondary Education will meet certification requirements to teach secondary school biology and general science in at least 33 states, including Maryland. Students must register with the Department of Secondary Education and should have an adviser in that department in addition to their adviser in the Department of Biological Sciences. Students should consult the Department of Secondary Education regarding any recent changes in certification requirements.

Students with bachelor's degrees who desire to become certified to teach either biology or general science in Maryland or other states should first contact the Department of Secondary Education for advising in a Professional Education Program and then contact the Department of Biological Sciences for an adviser.

Biology Core (21 credits)

Electives (19-20 credits)

BIOL 213-214 Human Anatomy and Physiology I, II (4, 4) Biology electives to complete 19 credits as approved by adviser

Ancillary Courses (27-29 credits)

incinary courses	(27 25 credits)
CHEM 110-111	General Chemistry I, II (4, 4)
CHEM 330	Essentials of Organic Chemistry (5)

PHYS 211-212 General Physics I, II (4, 4) One of the following:

MATH 211	Calculus for App	lications (3)

MATH 273 Calculus (4)
One of the followin

Ine of the follou	ung:
PHSC 121	Physical Geology (4)
PHSC 123	Historical Geology (3)
PHSC 161	General Astronomy I (3)
PHSC 357	Physical Oceanography (4)
GEOG 373	Climatology (4)
GEOG 377	Descriptive Meteorology (4)

Recommended Courses

BIOL 315	Medical Microbiology (4)
BIOL 318	Microbiology (4)
BIOL 461	Entomology (4)

ZOOLOGY CONCENTRATION

This concentration is recommended for individuals preparing for careers and/or advanced study in vertebrate zoology, invertebrate zoology, entomology, wildlife biology or fisheries biology.

Biology Core (21 credits)

Electives (19-20 credits)

BIOL 469 Comparative Animal Physiology (4)

In addition, a minimum of four courses from the following, at least one of which must be selected from Group A and one from Group B:

Group A

BIOL 371	Animal Behavior (4)
B1OL 402	General Ecology (4)
BIOL 411	Wildlife Biology (4)
BIOL 413	Evolution (3)

BIOL 467

Group B	
BIOL 351	Field and Systematic Vertebrate Zoology (4)
BIOL 353	Invertebrate Zoology (4)
BIOL 355	Animal Parasitology (4)
BIOL 456	Ornithology (4)
BIOL 458	Mammalogy (4)
BIOL 461	Entomology (4)

Ancillary Courses (22-30 credits)

Chemistry and Physics requirements as in Biology Major Option I One of the following:

MATH 237	Elementary Biostatistics (4)
	or
PSYC 212	Behavioral Statistics (4)

Herpetology (4)

Recommended Courses

MATH 211	Calculus for Applications (3)
	or
MATH 273	Calculus (4)
CHEM 351	Introductory Biochemistry (3)
CHEM 356	Biochemistry Laboratory (2)

MINOR IN BIOLOGY

To fulfill the requirements for a Biology minor, students must complete the following courses with a 2.00 or higher. A minimum of 12 hours of the biology credits applied toward the minor must be earned at Towson University.

Biology Requirements (24 credits)

BIOL 110	Contemporary General Biology (4)
BIOL 205	General Botany (4)
BIOL 207	General Zoology (4)
BIOL xxx	Upper-division Biology Courses (12)

The following courses MAY NOT be used to fulfill this requirement: BIOL 301 Field Natural Science; BIOL 303 Life Science for the Elementary Teacher; BIOL 381 Biological Literature; BIOL 481 Directed Readings in Biology; BIOL 491 Independent Research; BIOL 493 Internship in Biology; BIOL 494 Travel Study; BIOL 495 Course Research.

Ancillary Courses (8 credits)

CHEM 110-111 General Chemistry I, II (4, 4)

TRANSFER CREDIT POLICY

All Biology majors must complete a minimum of 19 biology credits toward the major at Towson University, with at least 10 of these credits at the upper (300-400) level.

All Biology minors must complete a minimum of 12 biology credits toward the minor at Towson University, with at least 6 of these credits at the upper level.

HONORS PROGRAM

To graduate with honors in Biology, students must complete BIOL 498 and BIOL 499 in consecutive semesters of their senior year. The research thesis must be presented in an oral defense before the Honors Research Committee. An oral presentation open to the public is also required. In addition, a minimum of 3 credit hours must be selected from BIOL 491 and/or BIOL 481 in the junior year. For eligibility and general information, consult the College Honors Program description.

INTERNSHIP/COOPERATIVE EDUCATION

The department participates in the university's cooperative education program, which provides junior- and senior-level students of high academic standing practical work experience while earning college credit. Students have served as interns at such facilities as the National Aquarium and the Smithsonian Institution. For further information, contact the Career Center.

STUDENT ORGANIZATIONS

The Biology Club, the Premed/Predent Club, the Animal Behavior Club, and the local chapter of Beta Beta Beta, the national honor society in biology, are active organizations composed of and led by students. Among the events organized by members of the Biology Club are field trips, which are designed to enhance participants' knowledge of the biological sciences, and athletic and social events, which provide opportunities for student and faculty interaction in an informal atmosphere. Tri Beta, whose members have achieved high scholarship, functions primarily to encourage and provide for the academic growth of its members.

GRADUATE PROGRAM

The course of study leading to the Master of Science in Biology is designed to provide greater knowledge and understanding of biology and to help students develop a proficiency in independent thought, inquiry and research. Students may pursue either the Thesis Program (30 credits and a thesis) or the Non-Thesis Program (36 credits). Detailed information regarding both programs is given in the Graduate Catalog.

DEPARTMENT ANIMAL POLICY

In accordance with federal laws and regulations, Towson University, through its Institutional Animal Care and Use Committee, reviews the use of animals in teaching to assure compliance with the standards established by the U.S. Department of Agriculture and the National Institutes of Health for the humane treatment of animals. The university makes every effort to minimize the use of animals and seeks alternatives wherever possible. Although Towson University recognizes that some students may believe the use of animals as teaching tools is inhumane, certain curricula require the use of animals as a necessary part of instruction. Accordingly, where the use of animals in class demonstrations or experiments is a requirement for successful completion of any course, as determined by the department, students will be obliged to comply with those requirements as set forth by the instructor in the course syllabus. The university will not provide optional procedures for students who do not comply with course requirements.

If a course requires the use of animals in class demonstrations or experiments, however, the syllabus will specifically state that animals will be used in class demonstrations or experiments and that such use is a requirement for successful completion of the course. Notice of this requirement will be made a part of the course description and will be published in this catalog.

Department of Chemistry

Professors: Laurence Boucher, Nordulf Debye, David Larkin, Frank Milio, J. David Rawn, Linda Sweeting, Joseph Topping, Alan Wingrove

Associate Professors: Richard Preisler (Chair), Alan Pribula Assistant Professors: Ryan Casey, Timothy Dwyer, Lev Ryzhkov

OFFICE

Smith Hall 547, 410-704-3058

Fax: 410-704-4265

e-mail: vsmith@towson.edu www.towson.edu/chemistry

PROGRAMS OF THE DEPARTMENT

The Department of Chemistry offers the following curricular options:

- Major in Chemistry
- American Chemical Society accredited major in Chemistry
- American Chemical Society accredited major in Chemistry/ Biochemistry Track
- Chemistry Secondary Education Program for students planning to teach chemistry at the secondary level
- Dual degree program with the University of Maryland School of Pharmacy
- Minor in Chemistry
- Biochemistry Concentration through Molecular Biology, Biochemistry and Bioinformatics Program
- Environmental Chemistry Track in Environmental Science and Studies Program

The Chemistry major provides a strong background in all major areas of chemistry; physical chemistry, inorganic chemistry, organic chemistry, biochemistry, analytical chemistry, and instrumental analysis. Students may concentrate in one or more of the above areas by taking advanced courses in areas of specific interest. Students are required to learn to use instruments commonly encountered in chemistry laboratories. Small classes are prevalent in all chemistry courses, and students are taught by faculty in both lecture and laboratory. Special topics courses are offered periodically to provide students the opportunity to broaden their background in chemistry.

Chemistry majors are prepared to pursue many different careers after graduation, including graduate study in chemistry and related areas, employment in government or industry, professional school (e.g., medicine, dentistry, pharmacy, law, library science), or secondary school teaching. Other employment opportunities are available to Chemistry majors, including those in water pollution, forensic chemistry, environmental chemistry, molecular biology, research and development, quality assurance and genetic engineering.

MAJOR IN CHEMISTRY

The major in Chemistry requires completion of the core courses (58 credits) and additional courses for one of the two options that follow. A grade equivalent of 2.00 or higher must be earned in each required course.

Core Courses (required for all majors in Chemistry)

MATH 273	Calculus I (4)
MATH 274	Calculus II (4)
PHYS 241*	General Physics 1 (4)
PHYS 242*	General Physics II (4)
CHEM 110	General Chemistry 1 (4)
CHEM 111	General Chemistry II (4)
CHEM 213	Quantitative Analytical Chemistry Lecture (3)
CHEM 215	Quantitative Analytical Chemistry Laboratory (2)
CHEM 321	Descriptive Inorganic Chemistry (3)
CHEM 331	Organic Chemistry I (5)

CHEM 332	Organic Chemistry II (5)
CHEM 341	Physical Chemistry: Thermodynamics (3)
CHEM 342	Physical Chemistry: Structure and Kinetics (3)
CHEM 351	Introductory Biochemistry (3)
CHEM 372	Intermediate Laboratory J (1)
CHEM 373	Intermediate Laboratory II (1)
CHEM 401	Seminar in Chemistry (1)
CHEM 413	Theory of Instrumental Analysis (3)
CHEM 491**	Introduction to Research in Chemistry (1)
*PHYS 211	and 212 are acceptable for the basic major in Chemistry
and the Che	mictey minor

**or CHEM 391 or CHEM 395 for the basic major in Chemistry

OPTION 1: BASIC MAJOR IN CHEMISTRY

This major is recommended for students who intend to teach in secondary schools, to work in industrial, government or hospital laboratories, technical libraries, and related professions. Students who plan to pursue chemically oriented careers in fundamental and industrial research, medicine, dentistry, pharmacy, veterinary medicine, agriculture and other allied fields, may also elect this major. Students electing this major should contact the Department of Chemistry and be assigned an adviser to assist them in designing programs to meet their career needs.

Additional Required Courses (6 credits)

raditional recquired courses to credits,		
Biochemistry Laboratory (2)		
or		
Inorganic Chemistry Laboratory (2)		
Intermediate Laboratory III (1)		
Advanced Inorganic Chemistry (2)		
Intermediate Laboratory IV (1)		

For those who intend to go to graduate school in chemistry, two semesters of a foreign language are strongly recommended. Additional physics, biology and mathematics courses are also suggested, especially COSC 165 and/or MATH 275 and/or MATH 374 and/or PHYS 243 and/or PHYS 307. (See American Chemical Society (ACS) Certification.)

OPTION 2: AMERICAN CHEMICAL SOCIETY ACCREDITED MAJOR IN CHEMISTRY

The ACS degree is widely recognized throughout industry, government and education as a standard of excellence. Students with a good academic record are encouraged to pursue this option.

Additional Required Courses (11-12 credits)

CHEM 356	Biochemistry Laboratory (2)
	or
CHEM 424	Inorganic Chemistry Laboratory (2)
CHEM 374	Intermediate Laboratory III (1)
CHEM 425	Advanced Inorganic Chemistry (2)
CHEM 475	Intermediate Laboratory IV (1)

Students must also complete *two* advanced courses from the following: CHEM 356 (2), CHEM 357 (3), CHEM 417 (3), CHEM 424 (2), CHEM 431 (2), CHEM 432 (3), CHEM 441 (3), CHEM 452 (3), CHEM 454 (3). Either CHEM 357 or CHEM 452, but not both, may be counted. Students who have taken General Physics without calculus (PHYS 211 and PHYS 212) may count these courses for ACS certification *provided* an additional advanced physics lecture course is taken. An advanced course in physics or mathematics may be substituted for one advanced course in chemistry (excluding CHEM 424 and CHEM 491). Students selecting these substitutions must obtain *prior* written departmental approval.

Students selecting this option should plan their college careers carefully because not all the advanced chemistry courses are offered every semester. A tentative schedule of when these courses will be offered may be obtained from the Department of Chemistry. Advanced chemistry electives are offered periodically, subject to adequate enrollment.

BIOCHEMISTRY CONCENTRATION

Students may concentrate in Biochemistry through the Molecular Biology, Biochemistry and Bioinformatics Program that is described in a later section in the College of Science and Mathematics. Chemistry majors may also acquire some depth in biochemistry through the American Chemical Society accredited major in Chemistry/Biochemistry Track. Please contact the Department of Chemistry for more information.

ENVIRONMENTAL CHEMISTRY TRACK IN ENVIRONMENTAL SCIENCE AND STUDIES PROGRAM

Students may pursue the Environmental Chemistry Track of the Environmental Science and Studies Program that is described in a later section in the College of Science and Mathematics.

CHEMISTRY SECONDARY EDUCATION PROGRAM

Students in the Secondary Education Program receive certification to teach in Maryland upon graduation. Chemistry majors seeking certification must complete BIOL 110 or BIOL 201 and one earth science course selected from the following: GEOG 373, GEOG 377, GEOL 121, GEOL 123, PHSC 161, GEOL 357. These students must complete 16 credits total of courses in biology, physics, and earth science. Students must also meet the requirements specified by the Department of Secondary Education as listed in the catalog section describing the Physics Secondary Education Program.

Students must register with the Department of Secondary Education and should have an adviser in that department in addition to their chemistry faculty adviser.

DUAL DEGREE MEDICINAL CHEMISTRY PROGRAM WITH UNIVERSITY OF MARYLAND SCHOOL OF PHARMACY

Refer to the College of Science and Mathematics Dual Degree Programs section in this catalog.

MINOR IN CHEMISTRY

Students whose major interest is in cell or molecular biology, physiology, physiological psychology, environmental studies, natural science or molecular physics, will find a good chemistry background to be a useful supplement to their major. The Chemistry minor provides this background and offers some flexibility in catering to the specific interest of students. Students should consult the Chemistry minor adviser as soon as possible after entering Towson to design programs to meet their needs.

The minor in Chemistry requires a minimum of 24 credits in Chemistry, 12 of which must be upper-division. At least 8 upper-division credits must be taken at Towson. A grade equivalent of 2.00 or higher must be earned in each course. Courses taken elsewhere and accepted for transfer to Towson University may be used for the Chemistry minor.

Required Courses (24 credits)

CHEM 110 General Chemistry I (4) CHEM 111 General Chemistry II (4)

CHEM 210* Principles and Methods of Chemical Analysis (4)

CHEM 330** Essentials of Organic Chemistry (5)

*CHEM 213 and CHEM 215 can be taken in place of CHEM 210

**CHEM 331 and CHEM 332 can be taken in place of CHEM 330

Upper-Division Chemistry Electives

In addition to the required courses, one or more upper-division chemistry courses may have to be taken for a *total* of 12 upper-division credits.

TRANSFER CREDIT POLICY

Students who transfer to Towson University from a regionally accredited two-year college with an A.A. degree should have completed two semesters of general chemistry, two semesters of organic chemistry, two semesters of calculus, and two semesters of calculus-based physics. Students who transfer from a two-year college without an A.A. degree should complete as many of the above-mentioned chemistry, physics and mathematics courses as possible. Transfer students should consult the Department of Chemistry concerning the transferability of chemistry courses and this catalog for university transfer policies.

Transfer students must complete at least 12 upper-division credits in chemistry at Towson to graduate with a degree in Chemistry.

ADVANCED PLACEMENT AND CREDIT FOR PRIOR LEARNING

The Department of Chemistry awards credit for General Chemistry through the Advanced Placement Examinations given by the Educational Testing Service.

Students may also receive credit for General Chemistry by taking the Credit for Prior Learning Examination, which is administered through the Office for Non-Traditional Undergraduate Programs. Students may also receive credit for other chemistry courses by passing the appropriate examinations. Further information may be obtained from the department.

ADVANCED COMPOSITION COURSE

The Department of Chemistry offers CHEM 301 Professional Ethics for Scientists, which is a course that deals with professional ethics in the physical sciences and fulfills the General Education requirements for the advanced composition course.

GENERAL EDUCATION COURSES

Category I.D Advanced Composition

CHEM 301 Professional Ethics for Scientists

Category II.A.1 Scientific Inquiry

CHEM 100 Chemistry for Non-Scientists

CHEM 110/111* General Chemistry I, II

CHEM 105/106* Chemistry for Allied Health Professions I, II

CHEM 112 Honors Chemistry for Non-Scientists

Category II.A.2 Science, Technology and Society
IDNM 305 Ethics, Science and Society

IDNM 309 Women, Society and Radiation Science

*These two-semester lecture-laboratory sequences meet the General Education requirements for both Categories II.A.1 and II.A.2.

RESEARCH IN CHEMISTRY

Students interested in participating in research may enroll in CHEM 491 and should consult the undergraduate research coordinator, who will assist them in finding a research project of interest. Students must complete CHEM 491 before their final semester at Towson University. In addition, undergraduate research participation grants are awarded by the university on a competitive basis to provide support for student research. The department offers competitive summer research stipends.

INTERNSHIPS

Chemistry majors are encouraged to participate in the Internship Program and receive academic credit for practical work experience in areas of special student interest. Academic credit can be acquired by taking CHEM 395, Internship in Chemistry. For further information, contact the Career Center, 410-704-2233, or the Department of Chemistry internship coordinator.

DEPARTMENTAL ACTIVITIES AND AWARDS

Many Chemistry majors actively participate in the Student Affiliates of the American Chemical Society (ACS), a student group supported by the department under the auspices of the ACS. This organization permits students to join the national organization and to procure certain chemistry publications and services at reduced rates.

Student awards are given annually for outstanding work in chemistry courses. These include the CRC Press Freshman Chemistry Achievement Award, Merck Index Achievement Award in Organic Chemistry, ACS Achievement in Organic Chemistry Award (joint Polymer-Education Committee), Analytical Division (ACS) Award in Analytical Chemistry, Coblentz Society Award in Spectroscopy, Floyd A. Blankenship Award in Physical Chemistry, American Institute of Chemists Outstanding Senior Award, and the ACS Outstanding Student Award.

Department of Computer and Information Sciences

Professors: John Alexander, Ali Behforooz, James Clements, Darush Davani, John Grant, Doris Lidtke, Joyce Little, Chao Lu (Chair), Rajeshwar Srivastava, Harry Zhou Associate Professors: Charles Dierbach, Ramesh Karne, James

Assistant Professors: Shiva Azadegan, Yanggon Kim, Jonathan Lazar, Charles Schmitt, Alexander Wijesinha, Marius Zimand

Visiting Assistant Professors: Murray Berkowitz, Scott Hilberg, Michael Lavine, Gabriele Meiselwitz

Lecturers: Alfreda Dudley-Sponaugle, Willard Graves, Dennis Hamilton, Cheryl Schroeder-Thomas, Brooks Shumate, Blair Taylor, Iliana Zimand

OFFICE

Stephens Hall 314, 410-704-2633

PROGRAMS OF THE DEPARTMENT

The Department of Computer and Information Sciences offers the following programs of study: the major in Computer Science; the major in Computer Science with a second major in Mathematics; the major in Computer Information Systems; the major in Computer Information Systems with a second major in Business Administration; the minor in Computer Science, and the minor in Computer Information Systems. The major in Computer Science and the major in Computer Science with a second major in Mathematics are both accredited by the Computing Sciences Accreditation Board (CSAB), a specialized accrediting body.

The Computer Science major offers students an opportunity to study for both a theoretical and practical background, which can lead to computer-oriented careers in a variety of settings. Graduates are sought by scientific research organizations, software development companies, business and banking operations, government agencies, educational institutions and computer manufacturers. Jobs held by recent graduates include systems programmer, computer programmer/analyst, computer specialist, systems analyst/designer, software engineer, and management information systems specialist. Students are encouraged to expand their studies by taking courses in areas such as business, education or the sciences. Computer expertise combined with knowledge in an application area is attractive to specific employers. The programs also prepare students for graduate work in computer sciences, mathematics or management information systems.

The curriculum seeks to provide factual knowledge as well as a mode of thinking which permits continued growth on the part of graduates. In addition to exposing students to a depth of knowledge in computer science sufficient to lay the basis for professional competence, the curriculum also provides students with the intellectual maturity to stay abreast of their own discipline and to interact with other disciplines.

Degree requirements may be fulfilled by matriculated students attending classes either full-time or part-time. Students attending part-time in the evening are advised that not all required courses are available in the evening every semester. COSC/CIS course cycle information is available in the department.

The department has 30 full-time faculty members and a number of part-time faculty. Research specialties include artificial intelligence, database languages, decision support systems, networks, numerical and linear analysis, operating systems, robotics, simulation, software engineering, and systems analysis and design.

Students enroll in computer science courses work with an assortment of computing machinery in a variety of computing laboratories to achieve their educational goals. Instructional facilities planned and provided by the department include an Undergraduate Majors Open Lab, a Graduate Open Lab, three general classroom labs, an NSF-funded Collaborative Learning Lab, a Hardware/Real-Time Processing Lab, a Parallel Computing Lab, and a Faculty/Graduate Research Lab.

The computing needs of Computer Science majors are also met by the facilities and services provided by the university's Computing and Network Services (CANS).

Students electing the major should contact the Department of Computer and Information Sciences and be assigned a faculty adviser to assist them in planning their academic schedules, identifying educational goals and maintaining good academic progress.

MAJOR IN COMPUTER SCIENCE

CSAB-Accredited

The Computer Science major requires 74-78 credits to be earned with a grade equivalent of 2.00 or higher. A minimum of 30 major credits must be taken at Towson University.

Required COSC Courses (29 credits)

COSC 236	Introduction to Computer Science I (4)
COSC 237	Introduction to Computer Science II (4)
COSC 280	Assembly Language and Computer Architecture (3)
COSC 336	Data and File Structures (4)
COSC 338	Computer Organization and Architecture (4)
COSC 439	Operating Systems (3)
COSC 455	Programming Languages: Design and Implementation (3)
COSC 457	Database Management Systems (3)
COSC 480	Senior Seminar (1)
	(COSC 418 may be selected as a substitute for COSC 480)

Required MATH Courses (18-19 credits) MATH 263 Discrete Mathematics (3)

MATH 273	Calculus I (4)
MATH 274	Calculus II (4)
MATH 330	Introduction to Statistical Methods (4)
And at least one	of the following:
MATH 265	Elementary Linear Algebra (4)
MATH 275	Calculus III (4)
MATH 374	Differential Equations (3)
MATH 377	Mathematical Models (3)
MATH 435	Numerical Analysis I (3)
MATH 436	Numerical Analysis II (3)
MATH 437	Operations Research (3)

Graph Theory (3)

Algebraic Structures (4)

Electives COSC Courses (12-14 credits)

At least two courses from the following:

MATH 451 MATH 467

COSC 47 I

At least two courses from the following:		
COSC 367	Discrete Structures (3)	
COSC 415	Compiler Design (3)	
COSC 417	Introduction to the Theory of Computing (3)	
COSC 436	Object-Oriented Design and Programming (4)	
COSC 441	Computer Performance Evaluation (3)	
COSC 459	Computer Simulation and Modeling (3)	
COSC 461	Artificial Intelligence (3)	
COSC 483	Design and Analysis of Algorithms (3)	
At least two courses from the following:		
COSC 350	Data Communications and Networking (3)	
COSC 412	Software Engineering (3)	
COSC 431	Selected Topics in Computer Science (3)	
COSC 438	Parallel/Vector Computer Architectures (3)	

Computer Graphics (3)

COSC 484 Weh-Based Programming (3)

Science Requirement (15-16 credits)

A sequence of two courses taken from physics, biology or

chemistry, which must be courses accepted for majors in that discipline and must have the equivalent of 1 credit of laboratory work. Two additional science courses from physics, biology or chemistry, which must be from courses accepted for the major in that discipline, except PHYS 244, 303, and 337 are not counted.

General Education Requirement

COMM 131 (completed with a grade equivalent of 2.00 or higher). This course can count toward GenEd II.B.3.

DOUBLE MAJOR IN COMPUTER SCIENCE AND **MATHEMATICS**

CSAB-Accredited

The Computer Science major with a second major in Mathematics requires 91-95 credits to be earned with a grade equivalent of 2.00 or higher. A minimum of 30 major credits must be taken at Towson University.

Required Core Courses (61 credits)

COSC 236	Introduction to Computer Science I (4)
COSC 237	Introduction to Computer Science II (4)
COSC 280	Assembly Language and Computer Architecture (3)
COSC 336	Data and File Structures (4)
COSC 338	Computer Organization and Architecture (4)
COSC 439	Operating Systems (3)
COSC 455	Programming Languages: Design and Implementation (3)
COSC 457	Database Management Systems (3)
COSC 480	Senior Seminar (1)
	(COSC 418 may be selected as a substitute for COSC 480)
MATH 263	Discrete Mathematics (3)
MATH 265	Elementary Linear Algebra (4)
MATH 267	Introduction to Abstract Math (3)
MATH 273	Calculus I (4)
MATH 274	Calculus II (4)
MATH 275	Calculus III (4)
MATH 330	Introduction to Statistical Methods (4)
MATH 435	Numerical Analysis I (3)
MATH 490	Senior Seminar in Math (2)

Elective Courses (15-18 credits)

COSC 471

COSC 483

Computer Science (9-10 credits)		
Two courses from	m the following:	
COSC 367	Discrete Structures (3)	
COSC 417	Introduction to the Theory of Computing (3)	
COSC 436	Object-Oriented Design and Programming (4)	
COSC 483	Design and Analysis of Algorithms (3)	
And one course from the following:		
COSC 350	Data Communications and Networking (3)	
COSC 412	Software Engineering (3)	
COSC 415	Compiler Design (3)	
COSC 441	Computer Performance Evaluation (3)	
COSC 459	Computer Simulation and Modeling (3)	
COSC 484	Web-Based Programming (3)	
	or	
Two courses from	m the following:	
COSC 350	Data Communications and Networking (3)	
COSC 415	Commiles Design (2)	

COSC 350	Data Communications and Networking (3)		
COSC 415	Compiler Design (3)		
COSC 441	Computer Performance Evaluation (3)		
COSC 459	Computer Simulation and Modeling (3)		
COSC 484	Weh-Based Programming (3)		
And one course from the following:			
COSC 367	Discrete Structures (3)		
COSC 417	Introduction to the Theory of Computing (3)		
COSC 436	Object-Oriented Design and Programming (4)		
COSC 461	Artificial Intelligence (3)		

Design and Analysis of Algorithms (3)

Computer Graphics (3)

Department of Computer and Information Sciences

Mathematics (6-8 credits)

Two courses from the following; at least one must be selected from MATH 377, 436, 437, 451:

MATH 331 Probability (4)

MATH 374 Differential Equations (3)
MATH 377 Mathematical Models (3)
MATH 436 Numerical Analysis II (3)
MATH 437 Operations Research (4)

MATH 451 Graph Theory (3)

MATH 457 Differential Geometry (3)
MATH 467 Algebraic Structures (4)
MATH 473 Introductory Real Analysis (4)

MATH 475 Complex Analysis (3) MATH 477 Topology (3)

Science Requirement (15-16 credits)

A sequence of two courses taken from physics, biology or chemistry, which must be courses accepted for majors in that discipline and must have the equivalent of I credit of laboratory work. Two additional science courses from physics, biology or chemistry, which must be from courses accepted for the major in that discipline, except PHYS 244, 303 and 337 are not counted.

General Education Requirement

COMM 131 (completed with a grade equivalent of 2.00 or higher). This course can count toward GenEd II.B.3.

MAJOR IN COMPUTER INFORMATION SYSTEMS

The Computer Information Systems major requires 63-65 credits to be earned with a grade equivalent of 2.00 or higher. A minimum of 30 major credits must be taken at Towson University.

Required CIS and COSC Courses* (33 credits)

	indiana cromina con an arrang

CIS 239	Computer Systems Architecture (3)
CIS 334	Data Organization (3)
CIS 341	Advanced Concepts of Information Systems (3)
COSC 350	Data Communications and Networking (3)
CIS 407	Systems Analysis (3)
CIS 409	Systems Design (3)
COSC 457	Database Management Systems (3)

200

The College of Science and Mathematics

MINOR IN COMPUTER SCIENCE

This minor is available to students who have a major other than Computer Science, Computer Information Systems or Applied Mathematics and Computing Concentration. All Computer Science minors are required to take 21 credits in Computer Science to be completed with a grade equivalent of 2.00 or higher. At least half must be taken at Towson University.

COSC 236	Introduction to Computer Science I (4)
	•
COSC 237	Introduction to Computer Science II (4)
COSC 336	Data and File Structures (4)
Electives* (9)	

* The 9 credits of elective courses must be upper-division courses and may include one approved computer-related course from outside the department. COSC 109, 111, 115, 119, 165 or 175 cannot count as electives.

MINOR IN COMPUTER INFORMATION SYSTEMS

All Computer Information Systems minors are required to take 20 credits in Computer Science to be completed with a grade equivalent of 2.00 or higher. At least half must be taken at Towson University.

Required CIS and COSC Courses (11 credits)

COSC 236 Introduction to Computer Science I (4)
COSC 237 Introduction to Computer Science II (4)
CIS 341 Advanced Concepts of Information Systems (3)

Elective CIS and COSC Courses (9 credits)

At least three courses from the following:

•	tener times commercial in a familiary			
	CIS 334	Data Organization (3)		
	COSC 350	Data Communications and Networking (3)		
	CIS 407	Systems Analysis (3)		
	CIS 409	Systems Design (3)		
	COSC 412	Software Engineering (3)		
	CIS 425	Decision Support Systems (3)		
	CIS 433	Special Topics in Information Systems (1-3)		
	CIS 435	Human-Computer Interaction (3)		
	CIS 458	Organizational Database Management (3)		
	COSC 461	Artificial Intelligence (3)		
	COSC 471	Computer Graphics (3)		
	CIS 479	Software Project Management (3)		

One course from outside COSC/CIS may be used if it is first approved by the Department of Computer and Information Sciences.

MEETING GENERAL EDUCATION REQUIREMENTS

Since fall 1996, all students entering the university have been required to meet the General Education (GenEd) requirements described elsewhere in this catalog. Computer Science and Computer Information Systems majors in particular should note the following Computer Science courses which may be used to satisfy GenEd requirements in various categories. The categories are indicated in parentheses.

COSC 109	Computers and Creativity (I.E)		
COSC 111	Information and Technology for Business (I.B)		
COSC 119	Using Information Effectively in the Computing		
	Sciences (I.B)		
COSC 311	Digital Technologies in Society (II.A.2)		
COSC 321	Computerization and Its Impacts (II.A.2)		
COSC 418	Ethical and Societal Concerns of Computer Science (II.A.2)		

TRANSFER CREDIT POLICY

Students intending to transfer into the Computer Science or Computer Information Systems program should provide course descriptions and supportive materials from their institution for review by a departmental adviser. Community college students from local public institutions should be aware that agreements on equivalency of courses are maintained; they should inquire about the current agreement either at their institution or at Towson University. They should also be aware that community college courses can only be counted as lower-division work. Transfer students are urged to gain a good background in mathematics.

SECOND BACHELOR'S PROGRAM

Baccalaureate degree holders may apply for enrollment in the Second Bachelor's Program through the Office for Non-Traditional Undergraduate Programs. Because of the high demand for computer personnel, the Computer Science or Computer Information Systems major is often of interest to persons who wish to change careers. Students in this program must satisfy the requirements for the major and earn at least the last 30 hours in the COSC/CIS major at Towson University. Although there are computer science or computer information systems courses offered in the evening, students may find that some required courses must be taken during the day. Because of the sequence of prerequisites, a minimum of five terms is normally needed to complete the program.

DEPARTMENTAL ACTIVITIES

A student chapter of the Association for Computing Machinery (ACM) is the basis for the Computer Science Club. Meetings are held during the semester, with field trips and speakers featured. To recognize outstanding talent in the field of computer science, Towson University has a charter chapter of Upsilon Pi Epsilon (UPE), the first and only international honor society for the computer sciences. Members of UPE are outstanding undergraduate and graduate students in Computer Science.

DEPARTMENTAL AWARDS

The Mary Hudson Scarborough Award in Computer Science is given annually to the outstanding Computer Science graduate.

Environmental Science and Studies Program

Environmental Science and Studies Program

Director: Jane L. Wolfson

Affiliated Faculty, Environmental Science: Rachel Burks (Physics, Astronomy and Geosciences), Ryan Casey (Chemistry), Nordulf Debye (Chemistry), Jonathan Filer (Physics, Astronomy and Geosciences), Donald Forester (Biological Sciences), Susan Gresens (Biological Sciences), Richard Hilton (Biological Sciences), James Hull (Biological Sciences), Scott Johnson (Biological Sciences), David Larkin (Chemistry), Steven Lev (Physics, Astronomy and Geosciences), Jay Nelson (Biological Sciences), Gerald Robinson (Biological Sciences), Lev Ryzhkov (Chemistry), Aubrey Scarbrough (Biological Sciences), Erik Scully (Biological Sciences), Joel Snodgrass (Biological Sciences), Joseph Topping (Chemistry), Jay Valdes (Biological Sciences), Jonald Windler (Biological Sciences), Jane Wolfson (Biological Sciences)

Affiliated Faculty, Environmental Studies: Daniel Agley (Health Science), Kent Barnes (Geography and Environmental Planning) Lillian Carter (Health Science), Kenneth Haddock (Geography and Environmental Planning), Chang Kong (Economics), Ling Li (Economics), Toni Marzotto (Political Science), Jeffrey Michael (Economics), John Morgan (Geography and Environmental Planning), Dennis Muniak (Political Science), Thomas Rhoads (Economics), Martin Roberge (Geography and Environmental Planning), Stephen Scales (Philosophy and Religious Studies), Ralph Scott (Geography and Environmental Planning), Timothy Sullivan (Economics), Wing-Chun Wong (Philosophy and Religious Studies), Tamara Woroby (Economics)

OFFICE

Smith Hall 348, 410-704-4920 Fax: 410-704-2604

THE PROGRAM

The Environmental Science and Studies Program has two primary educational objectives. One is to provide the fundamental scientific, technical and social knowledge that program graduates will need to assess, plan and evaluate environmental concerns, particularly those confronting metropolitan regions. The second is to instill the wide range of cognitive skills and content mastery that students will need to effectively analyze environmental issues and propose realistic plans for solving environmental problems at local, regional and national levels.

The core requirements of the program are structured to meet these two objectives and include mathematical and scientific foundations as well as extensive interdisciplinary study related to environmental issues. The required capstone seminar integrates the student's program of study, and the senior internship/research requirement gives first-hand practice in an environmental field. The environmental problems addressed in many classes and seminars will focus on the adjacent urban/suburban region and its impact on the surrounding environment.

Most environmental problems resist solutions from any single discipline. To counter this dilemma, the program utilizes a rigorous interdisciplinary approach. The curriculum draws upon the expertise of faculty in the areas of biology, chemistry, geology, mathematics, environmental ethics and values, public policy, economics, geography, public health and social change.

MAJOR IN ENVIRONMENTAL SCIENCE AND STUDIES

Students majoring in Environmental Science and Studies have a choice of two concentrations: Environmental Studies or Environmental Science. There is considerable overlap in the core courses between the two concentrations. As students progress through the program, they begin to specialize in their area of greatest interest. The senior year brings students from both concentrations together for a capstone course that emphasizes application of concepts to real-world problems. The Environmental Science Concentration is described below. For information on the Environmental Studies Concentration, see the College of Liberal Arts.

ENVIRONMENTAL SCIENCE CONCENTRATION

The Environmental Science Concentration has a core of required courses. Students then choose a track that provides advanced study in one of three different fields: Biology, Chemistry or Geology, or for students who chose not to specialize, a more general Environmental Science Track is also available. The Environmental Science Tracks require a total of between 71-78 credits. Up to 23 credit hours of this required course work can also fulfill GenEd requirements.

Common Core Requirements (46-48 credits)

All students in the program will complete a common core of course work establishing the scientific principles and mathematical skills needed as a foundation for more specialized study. They also will complete a core of courses in social sciences, a capstone course, and an upper-level internship or research course.

Of the total credits in program requirements, up to 23 may be used to fulfill GenEd requirements (identified by an asterisk following the course number), effectively reducing the number of credits that apply solely to the Environmental Science and Studies major.

Natural Sciences (16 credits)

CHEM 110* General Chemistry I (4)
CHEM 111* General Chemistry II (4)

BIOL 202* Introduction to Ecology, Evolution and Behavior (4)

CHEM 330 Organic Chemistry (5)

One of the following:

BIOL 402 Ecology (4) GEOL 415 Hydrogeology (4)

Two additional upper-level electives from biology, chemistry, geology or geography (6-10)

MINOR IN ENVIRONMENTAL STUDIES

Students may minor in Environmental Studies by taking five core courses and fulfilling an additional 6 to 8 credit requirement for the minor (21 to 23 credits total).

All students minoring in Environmental Studies take the following five core courses for a total of 15 credits:

ECON 375
Environmental Economics (3)
or
ECON 37x
GEOG 410
HLTH 451
PHIL 255
POSC 421
Environmental Geography (3)
Environmental Geography (3)
Ecological Aspects of Health (3)
Environmental Ethics (3)
Politics and Environmental Policy (3)

Science majors who minor in Environmental Studies take two additional 3-credit elective courses listed in the Environmental Studies description under the College of Liberal Arts. Total credit requirement for the minor for science majors is 21 credits.

Non-science majors who minor in Environmental Studies take 8 credits in the environmental sciences. A one-year sequence in a science with lab (8 credits) selected from the environmental sciences (BIOL 201-202, CHEM 110-111, GEOL 121 and GEOL 305) satisfies this requirement. Total credit requirement for the minor for non-science majors is 23 credits.

^{*}Courses may be used to fulfill General Education requirements.

Department of Mathematics

Professors: Mostafa Aminzadeh, John Chollet, James Coughlin, Geoffrey Goodson, John Grant, Ohoe Kim, Richard Krach, Coy May, Martha Siegel (Chair), Houshang Sohrab, Leonid Stern

Associate Professors: Raouf Boules, Howard Kaplon, Laurence Shirley, Tadanobu Watanabe, Maureen Yarnevich, Jay Zimmerman

Assistant Professors: Tiziana Giorgi, Richard Ng, Michael O'Leary, Candice Ridlon, William Rose, Robert Smits, Wei Sun, Caryn Werner

Contractual Associate Professor: William Moulds Lecturers: Jerome Cohen, Froma Lustman, Judith Macks Director of Distance Education Program: Gerald Cohen

PROGRAMS OF THE DEPARTMENT

The mathematics curriculum provides opportunities for students to do abstract reasoning applicable to many scientific or academic areas, to survey the field of mathematics, to study the applications of the discipline, and to prepare for additional study or for a

The Department of Mathematics offers the following programs: the major in Mathematics, in which there are five concentrations; the minor in Mathematics, designed to enhance major programs to which mathematics is readily applied; the minor in Mathematics with the Elementary Education major, for prospective elementary teachers who may wish to teach mathematics at the middle school or junior high school level; the minor in Applied Statistics, designed to provide the knowledge and skills necessary for students to successfully enter quantitative career specialties within their chosen majors; and the second major programs offered in conjunction with the departments of Economics, and Computer and Information Sciences.

The Mathematics major has five areas of concentration from which to choose. The Mathematics Secondary Education Concentration is designed for students who wish to become certified to teach mathematics in secondary schools. The Pure Mathematics Concentration emphasizes abstract mathematics. For students interested in the actuarial profession, there is an Actuarial Science Concentration that provides the necessary background required for entry-level positions in that field. The Applied Mathematics Concentration and the Applied Mathematics and Computing Concentration are designed for students who wish to apply mathematics to problems in business and industry.

The Bachelor of Arts degree may be earned by adding the intermediate level of a foreign language or its equivalent to the major course requirements.

MAJOR IN MATHEMATICS

Mathematics majors may choose from the following areas of concentration: Pure Mathematics, Applied Mathematics, Applied Mathematics and Computing, Actuarial Science, and Mathematics Secondary Education. Students must complete the General Education requirements in addition to the requirements for a concentration.

PURE MATHEMATICS CONCENTRATION

The Pure Mathematics Concentration requires 60-62 credits completed with a grade equivalent of 2.00 or higher.

Required Courses (48 credits)

COSC 236 Introduction to Computer Science I (4) MATH 265 Elementary Linear Algebra (4) **MATH 267** Introduction to Abstract Mathematics (4) MATH 273 Calculus I (4)

MATH 274 Calculus II (4) MATH 275 Calculus III (4) MATH 331 Probability (4)

MATH 374 Differential Equations (3) **MATH 379** Advanced Calculus (3) MATH 467 Algebraic Structures (4) MATH 473 Introductory Real Analysis (4)

MATH 475 Complex Analysis (4) MATH 490 Senior Seminar in Mathematics (2)

Upper-Division Mathematics Electives (6 credits)

Two courses from the following:

MATH 315 Applied Combinatorics (3) **MATH 367** Theory of Numbers (3) **MATH 377** Mathematical Models (3) MATH 45 I Graph Theory (3) MATH 457 Differential Geometry (3) MATH 463 Linear Algebra (3) MATH 477 Topology (3)

Applications (6-8 credits)

Two courses from the following:

PHYS 241, PHYS 242, BIOL 401, COSC 417, COSC 461, COSC 471, ECON 451, MGNT 365, MGNT 467, SOCI 391, with the restriction that only one of BIOL 401 and SOCI 391 may be selected.

APPLIED MATHEMATICS CONCENTRATION

The Applied Mathematics Concentration requires 58-62 credits completed with a grade equivalent of 2.00 or higher.

Required Courses (46 credits)

COSC 236 Introduction to Computer Science I (4) MATH 265 Elementary Linear Algebra (4)

MATH 267 Introduction to Abstract Mathematics (4)

MATH 273 Calculus I (4) MATH 274 Calculus II (4) MATH 275 Calculus III (4)

MATH 330 Introduction to Statistical Methods (4)

MATH 331 Probability (4)

MATH 374 Differential Equations (3) MATH 377 Mathematical Models (3) MATH 379 Advanced Calculus (3)

MATH 435 Numerical Analysis I (3)

MATH 490 Senior Seminar in Mathematics (2)

Upper-Division Mathematics Electives (6-8 credits)

Two courses from the following:

MATH 315 Applied Combinatorics (3) MATH 332 Mathematical Statistics (4) MATH 436 Numerical Analysis II (3) MATH 437 Operations Research (4) MATH 451 Graph Theory (3) MATH 457 Differential Geometry (3)

MATH 463 Linear Algebra (3)

MATH 473 Introductory Real Analysis (4)

Applications (6-8 credits)

Two courses from the following:

PHYS 241, PHYS 242, BIOL 401, COSC 417, COSC 461, COSC 471, ECON 451, MNGT 365, MNGT 467, SOCI 391, with the restriction that only one of BIOL 401 and SOCI 391 may be selected.

APPLIED MATHEMATICS AND COMPUTING CONCENTRATION

The Applied Mathematics and Computing Concentration requires 63-67 credits completed with a grade equivalent of 2.00 or higher.

Required Courses (51 credits)

COSC 236	Introduction to Computer Science 1 (4)
COSC 237	Introduction to Computer Science II (4)
COSC 336	Data and File Structures (4)
MATH 265	Elementary Linear Algebra (4)
MATH 267	Introduction to Abstract Mathematics (4)
MATH 273	Calculus 1 (4)
MATH 274	Calculus II (4)
MATH 275	Calculus III (4)
MATH 330	Introduction to Statistical Methods (4)
MATH 331	Probability (4)
MATH 377	Mathematical Models (3)
MATH 379	Advanced Calculus (3)
MATH 435	Numerical Analysis I (3)
MATH 490	Senior Seminar in Mathematics (2)

Upper-Division Mathematics Electives (3-4 credits)

		lowing:

MATH 315	Applied Combinatorics (3)
MATH 332	Mathematical Statistics (4)
MATH 374	Differential Equations (3)
MATH 436	Numerical Analysis II (3)
MATH 437	Operations Research (4)
MATH 451	Graph Theory (3)
MATH 457	Differential Geometry (3)

Upper-Division Computer Science Elective (3-4 credits)

1 1	k · · · · · · · · · · · · · · · · · · ·
One course fro	m the following:
COSC 338	Computer Organization and Architecture (4)
COSC 439	Operations Systems (3)
COSC 455	Programming Languages: Design and Implementation (3)
COSC 461	Artificial Intelligence (3)
COSC 441	Computer Performance Evaluation (3)
COSC 457	Database Management Systems (3)

Applications (6-8 credits)

Two courses from the following:

BIOL 401, COSC 417, COSC 461, COSC 471, ECON 451, MGNT 365, MGNT 467, PHYS 241, PHYS 242, SOCI 391, with the restrictions that only one of BIOL 401 and SOCI 391 may be selected, and that COSC 461 is not selected as the upper-division computer science elective.

ACTUARIAL SCIENCE CONCENTRATION

The Actuarial Science Concentration requires 71-72 credits completed with a grade equivalent of 2.00 or higher.

Required Courses 168 credits

ζ,	equired Courses	(68 credits)
	ACCT 201-202	Accounting Principles I and II (6)
	COSC 236	Introduction to Computer Science I (4)
	ECON 201-202	Microeconomic and Macroeconomic Principles (6)
	ENGL 317	Writing for Business and Industry (3)
	FIN 331	Principles of Financial Management (3)
	FIN 332	Advanced Financial Management (3)
	MATH 265	Elementary Linear Algebra (4)
	MATH 267	Introduction to Abstract Mathematics (4)

	MATH 435	Numerical Analysis I (3)
	MATH 438	Life Contingencies I (3)
	MATH 485	Mathematical Finance (3)
	MATH 490	Senior Seminar in Mathematics (2)

Upper-Division Mathematics Elective (3-4 credits)

One course from the following courses:

MATH 377 Mathematical Models (3) MATH 437 Operations Research (4)

MATHEMATICS SECONDARY EDUCATION CONCENTRATION

Mathematics majors in the Secondary Education Concentration are eligible, upon graduation, to apply for certification to teach mathematics at both the middle and high school levels in the state of Maryland. Students in this concentration should be prepared to do their student teaching in their senior year. Any student who wishes to deviate from this policy must obtain permission from the Department of Mathematics prior to the beginning of their junior year. Consult the Department of Secondary Education section in this catalog for additional course and professional requirements for preservice Secondary Education majors.

In addition to the university's GenEd requirements, students in this concentration must complete 78-80 credit hours, earning a grade equivalent of 2.00 or higher. However, a minimum cumulative QPA of 2.75 is required for student teaching.

Requirement for Admission to Teacher Education Program

All students applying for admission to a Teacher Education program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) at the College of Education to be kept on file.

Requirement for Student Teaching/Internship

All preservice students in Teacher Education programs at Towson University whose program of study requires an intensive/ extensive internship or student teaching experience in a public or private school setting (pre-K through 12) is required to undergo a criminal background check before entering this experience. The criminal background check must be filed with the director of CASE.

With the elimination of the National Teachers Examination (NTE) Core Battery tests, effective November 22, 1998, all teacher candidates who have not taken or passed the General Knowledge and Communication Skills sections of the NTE will be required to submit qualifying scores on the Praxis 1 Academic Skills Assessment to the CASE Office for admission to programs and student teaching. Information on the Praxis tests is available in the CASE Office, Hawkins Hall 302.

Required Courses (55 credits) COSC 236 Introduction to Computer Science I (4)

PHYS 241	General Physics 1 (4)
MATH 265	Elementary Linear Algebra (4)
MATH 267	Introduction to Abstract Mathematics (4)
MATH 273	Calculus I (4)
MATH 274	Calculus II (4)
MATH 275	Calculus III (4)
MATH 301	History of Mathematics (3)
MATH 330	Introduction to Statistical Methods (4)
MATH 353	Euclidean and Non-Euclidean Geometries (3)
MATH 423	Teaching Mathematics in Secondary Schools (3)
MATH 426	Student Teaching in Secondary Education Mathematics (12)
MATH 428	Senior Seminar in Mathematics Education (2)

Upper-Division Mathematics Elective (3-4 credits)

One course from the following: MATH 367 Theory of Numbers (3) MATH 467 Algebraic Structures (4)

Department of Mathematics

Additional Elective (3-4 credits)

One course from the following:

PHYS 242 General Physics II (4) MATH 315 Applied Combinatorics (3)

MATH 331 Probability (4)

MATH 374 Differential Equations (3) MATH 377 Mathematical Models (3) MATH 379 Advanced Calculus (3) MATH 473 Introductory Real Analysis (4)

SECOND MAJOR PROGRAMS

Students may declare a second major and obtain a degree certifying that both majors have been completed. The Department of Mathematics encourages majors to pursue a second major or a minor in subjects in which mathematics is applied. In cooperation with the departments of Economics, and Computer and Information Sciences, the following courses of study have been developed to enable students to obtain a second major in Economics or Computer Science.

DOUBLE MAJOR IN MATHEMATICS AND **ECONOMICS**

The Mathematics major with the second major in Economics requires 70-72 credits completed with a grade equivalent of 2.00 or higher.

Required Courses (55 credits)

COSC 236 Introduction to Computer Science I (4)

ECON 201 Microeconomic Principles (3) ECON 202 Macroeconomic Principles (3) ECON 309 Intermediate Price Theory (3) ECON 310 Macroeconomic Theory (3)

ECON 313 Money and Banking (3) ECON 451

Introduction to Mathematical Economics (3)

MATH 265 Elementary Linear Algebra (4)

MATH 267 Introduction to Abstract Mathematics (4)

MATH 273 Calculus I (4) MATH 274 Calculus II (4) MATH 275 Calculus III (4)

MATH 331 Probability (4)

Mathematical Statistics (4) MATH 332 MATH 377 Mathematical Models (3)

MATH 490 Senior Seminar in Mathematics (2)

Upper-Division Mathematics Elective (9-11 credits)

Two courses from the following:

MATH 374 Differential Equations (3) MATH 435 Numerical Analysis I (3) MATH 436 Numerical Analysis II (3) MATH 437 Operations Research (4)

And one course from the following:

Theory of Numbers (3) MATH 367 MATH 451 Graph Theory (3) MATH 467 Algebraic Structures (4)

MATH 473 Introductory Real Analysis (4)

MATH 475 Complex Analysis (3) Topology (3) MATH 477

Upper-Division Economics (6 credits)

Two additional courses to be chosen in economics. Courses recommended are:

ECON 337, ECON 401, ECON 410 and ECON 421.

DOUBLE MAJOR IN MATHEMATICS AND COMPUTER SCIENCE

The Mathematics major with the second major in Computer Science requires 91-95 credits completed with a grade equivalent of 2.00 or higher.

Required Core Courses (61 credits)

COSC 236 Introduction to Computer Science I (4) COSC 237 COSC 280 Introduction to Computer Science II (4)

Assembly Language and Computer Architecture (3)

COSC 336 Data and File Structures (4)

Computer Organization and Architecture (4) COSC 338

COSC 455 Programming Languages: Design and Implementation (3)

COSC 439 Operating Systems (3)

COSC 457 Database Management Systems (3)

COSC 480 Senior Seminar (1) (COSC 418 may be selected as a substitute for COSC 480)

MATH 263 Discrete Mathematics (3)

MATH 265 Elementary Linear Algebra (4) MATH 267 Introduction to Abstract Mathematics (4)

MATH 273 Calculus I (4) MATH 274 Calculus II (4) MATH 275 Calculus III (4)

MATH 330 Introduction to Statistical Methods (4)

MATH 435 Numerical Analysis I (3)

MATH 490 Senior Seminar in Mathematics (2)

Upper-Division Electives (15-18 credits)

Computer Science (9-10 credits)

Either

Two courses (6 credits) from the following:

COSC 367 Discrete Structures (3)

COSC 417 Introduction to the Theory of Computing (3)

COSC 483 Design and Analysis of Algorithms (3) and one course (3-4 credits) from the following:

COSC 350 Data Communications and Networking (4)

COSC 412 Software Engineering (3)

COSC 415 Compiler Design (3)

COSC 441 Computer Performance Evaluation (3) COSC 459 Computer Simulation and Modeling (3)

Two courses (6-7 credits) from the following:

COSC 350 Data Communications and Networking (4)

COSC 415 Compiler Design (3)

COSC 441 Computer Performance Evaluation (3)

COSC 459 Computer Simulation and Modeling (3) and one course (3 credits) from the following:

Discrete Structures (3) COSC 367

COSC 417 Introduction to the Theory of Computing (3)

COSC 461 Artificial Intelligence (3) COSC 471 Computer Graphics (3)

COSC 483 Design and Analysis of Algorithms (3)

Mathematics (6-8 credits)

Two courses from the following (at least one must be selected from MATH 377, MATH 436, MATH 437 or MATH 451):

MATH 331 Probability (4)

MATH 374 Differential Equations (3)

MATH 377 Mathematical Models (3)

MATH 436 Numerical Analysis II (3)

MATH 437 Operations Research (4)

MATH 451 Graph Theory (3)

MATH 457 Differential Geometry (3)

MATH 467 Algebraic Structures (4)

MATH 473 Introductory Real Analysis (4)

MATH 475 Complex Analysis (4)

MATH 477 Topology (3)

Science Requirements (15-16 credits)

A sequence of two courses taken from physics, biology or chemistry must be accepted for majors in that discipline and must have the equivalent of 1 credit of laboratory work. Two additional science courses from physics, biology or chemistry must be accepted toward the major in that discipline. PHYS 244, 303 and 337 are not counted.

GenEd Requirement

COMM 131 (completed with a grade equivalent of 2.00 or higher). This course can count for GenEd II.B.3.

MINOR IN MATHEMATICS

The minor in Mathematics requires 23-24 credits completed with a grade equivalent of 2.00 or higher. The minor requires 11-12 credits of specific courses plus at least 12 upper-division credits in Mathematics, excluding MATH 305, MATH 321, MATH 323, MATH 324, MATH 326 and MATH 423.

Required Courses (11-12 credits)

MATH 267 Introduction to Abstract Mathematics (4)

01

MATH 263 Discrete Mathematics (3)

MATH 273 Calculus I (4) MATH 274 Calculus II (4)

Upper-Division Mathematics Electives (12 credits)

Students must select at least 12 credit hours of upper-division electives in Mathematics, excluding MATH 305, MATH 321, MATH 323, MATH 324, MATH 326 and MATH 423.

ELEMENTARY EDUCATION MAJOR WITH A MATHEMATICS MINOR

Elementary Education majors who complete a Mathematics minor will possess the necessary concepts and skills to effectively teach both elementary and middle school mathematics. Special field-based courses are available so that students will experience teaching mathematics (specifically at the middle school level) in addition to the other elementary school subjects. Students in this program should be advised by faculty members in both the departments of Elementary Education and Mathematics. Early Childhood Education majors who wish to minor in Mathematics should consult with faculty members in both the departments of Early Childhood Education and Mathematics for appropriate course work and counseling.

The minor in Mathematics for the Elementary Education major requires 25-26 credit hours, with each course completed with a grade equivalent of 2.00 or higher. Students must also complete requirements for their major as specified by the Department of Elementary Education. The minor requires the six courses listed below, plus at least 3 additional credits of upper-division electives in mathematics.

Required Courses (22 credits)

MATH 267 Introduction to Abstract Mathematics (4)

MATH 273 Calculus I (4)

MATH 274 Calculus II (4)

MATH 301 History of Mathematics (3)

MATH 330 Introduction to Statistical Methods (4)

MATH 353 Euclidean and Non-Euclidean Geometries (3)

Upper-Division Mathematics Elective (3-4 credits)

One course from the following:

MATH 305 Chance (3)

MATH 315 Applied Combinatorics (3)

MATH 326 The Mathematics of Information Science (3)

MATH 331 Probability (4)

MATH 367 Theory of Numbers (3)

MINOR IN APPLIED STATISTICS

The minor in Applied Statistics is designed to provide the knowledge and skills necessary for students to successfully enter quantitative career specialties within their chosen majors. It also provides an excellent background for students to successfully complete graduate studies and research within their chosen majors.

The minor in Applied Statistics requires six courses (18 to 21 credits) completed with a grade equivalent of 2.00 or higher. The minor consists of two required courses, three statistics electives, and one additional elective.

Required Courses (6-8 credits)

One course (3-4 credits) from the following:

MATH 231 Basic Statistics I (3)

MATH 237 Elementary Biostatistics (4)

MATH 330 Introduction to Statistical Methods (4)

MATH 332 Mathematical Statistics (4)

ECON 205 Fundamental Statistics for Economics (3)

PSYC 212 Behavioral Statistics (4)
One course (3-4 credits) from the following:

MATH 211 Calculus for Applications (3)

MATH 273 Calculus I (4)

Statistics Electives (9 credits)

Three courses from the following:

MATH 333 Applied Regression and Correlation Analysis (3)

MATH 334 Nonparametric Statistical Methods (3)

MATH 335 Sampling Techniques (3)

MATH 336 Statistical Methods in Quality Control (3)

MATH 433 Applied Analysis of Variance (3)

Additional Elective (3-4 credits)

One additional course from among the statistics electives above or one course from the following:

MNGT 263 Decision Sciences 1

ACCT 401 Auditing J (3)

COSC 441 Computer Performance Evaluation (3)

ECON 401 Introduction to Econometrics (3)

EDUC 414 Educational Tests and Measurements (3)

MATH 331 Probability (4)

PSYC 411 Tests and Measurements (3)

SOCI 391 Research Methods (3)

COURSE PREREQUISITES

The department strictly enforces prerequisites for all mathematics courses.

TRANSFER CREDIT POLICIES

Only courses approved by the Department of Mathematics may be applied to a major or minor program offered by the department. If students submit Mathematics credits that are more than five years old at the time of admission or readmission, the chair, after reviewing these records, may require that some courses be repeated or that a new course be completed.

Secondary Education Mathematics majors are required to take MATH 423, MATH 426, MATH 428, and at least four additional upper-division courses in their Mathematics major program at Towson University.

All other Mathematics majors are required to take MATH 490 (Senior Seminar in Mathematics) and at least six additional upper-division courses of their Mathematics major program at Towson University.

Mathematics minors must take at least four courses of their Mathematics minor program at Towson University; at least two courses must be at the upper-division level.

NOTES FOR MAJORS AND MINORS

Mathematics majors with minors in Economics may satisfy their Applications requirement by completing ECON 451.

Mathematics majors or minors who receive a grade equivalent of 1.00 in a 100-level course prerequisite to calculus must repeat the course no later than concurrently with calculus. Mathematics majors or minors must attain a grade equivalent of 2.00 or higher in any 200-, 300-, or 400-level course used as a prerequisite or applied toward a major or minor. Unless otherwise noted, prerequisites must be satisfied prior to taking a course. The program of the minor should be approved by students' department advisers.

GENERAL EDUCATION REQUIREMENTS IN MATHEMATICS

Students should consult those portions of this catalog describing their major and minor programs to see whether specific Mathematics courses are required or recommended.

The I.C (College Mathematics) category of the General Education requirements may be satisfied by any of the mathematics courses listed below, except as noted. Students, however, should enroll in the mathematics course for which they have the necessary high school or collegiate background and which is most relevant to their program of study. Placement tests may be used to help select the appropriate course.

MATH 105 is intended as a terminal mathematics course and

satisfies the GenEd I.C requirement.

MATH 111 is designed specifically for students majoring in Business, Economics, Psychology or the Social Sciences, and satisfies the GenEd I.C requirement.

MATH 115 and MATH 119 are designed specifically for students majoring in Mathematics, Computer Science, and the Physical or Biological Sciences, and either one satisfies the GenEd I.C requirement.

MATH 251 and the sequences of MATH 204-205 and MATH 206-207 are designed specifically for students majoring in Elementary or Early Childhood Education. Only the second course of each sequence (MATH 205 and MATH 207) satisfies the GenEd I.C requirement.

MATH 211, MATH 231, MATH 237, MATH 263, MATH 273, MATH 274 and MATH 275 are intended for students with additional previous preparation in mathematics. Each one

satisfies the GenEd I.C requirement.

MATH 293 is an honors course in mathematics. It satisfies the GenEd I.C requirement.

The II.A.2 category (Science, Technology and Society) of the GenEd requirements may be satisfied by MATH 305.

MATHEMATICS COURSE NUMBERS

A note on the numbering system: the left digit of the course number indicates the level of the content. The middle digit of the course number indicates the area of the content: 0-general; 1-service; 2-mathematics education; 3-probability, statistics and numerical analysis; 5-geometry; 6-algebra; 7-analysis; 9-readings, special topics, and seminars in mathematics.

Molecular Biology, Biochemistry and Bioinformatics Program

Director: Brian Masters

Affiliated Faculty: John Alexander (Computer and Information Sciences), Ali Behforooz (Computer and Information Sciences), Carol Berkower (Biological Sciences), Katherine Denniston (Biological Sciences), Charles Dierbach (Computer and Information Sciences), Gail Gasparich (Biological Sciences), John Grant (Computer and Information Sciences), Richard Hilton (Biological Sciences), L. Scott Johnson (Biological Sciences), David Larkin (Chemistry), Brian Masters (Biological Sciences), William Mechling (Biological Sciences), Richard Preisler (Chemistry), J. David Rawn (Chemistry), Lev Ryzhkov (Chemistry), Charles Schmitt (Computer and Information Sciences), Erik Scully (Biological Sciences), Linda Sweeting (Chemistry), Joseph Topping (Chemistry), Larry Wimmers (Biological Sciences), Alan Wingrove (Chemistry), Daniel Wubah (Biological Sciences), H. Harry Zhou (Computer and Information Sciences)

OFFICE

Smith Hall 341, 410-704-3042

THE PROGRAM

The goal of the Molecular Biology, Biochemistry and Bioinformatics Program is two-fold: to train students in the specific disciplines of molecular biology, biochemistry and bioinformatics, and to engage them in the process of scientific inquiry so that they will have the ability to grow with their chosen discipline throughout their scientific careers. The Molecular Biology, Biochemistry and Bioinformatics major provides undergraduate preparation for students interested in biochemistry, bioinformatics, biophysics, biotechnology, cell biology, genetics, immunology, microbiology or molecular biology. The curriculum is also excellent for students interested in medical or dental school.

Students complete a curriculum that includes lecture and stateof-the-art laboratory courses, as well as an independent research project that emphasizes the practical application of disciplinebased knowledge. Because of the emphasis placed on providing a practical understanding of the fundamental nature of the scientific discipline, students are assigned a faculty mentor who engages them in the process of scientific research from the outset of their undergraduate careers.

The major consists of three tracks: Molecular Biology, Biochemistry and Bioinformatics. The Molecular Biology Track examines the molecular basis of life, using molecular approaches to understand the processes of living systems, with applications in all areas of biology. The Biochemistry Track also examines the molecules of living systems, with emphasis on the chemical structure and reactivity that shape biological function. The Bioinformatics Track combines the study of the molecular basis of life with the study of computer science. All three tracks are interdisciplinary in their approach. Students choose a track after completing many of the core courses common to all three tracks.

MAJOR IN MOLECULAR BIOLOGY, BIOCHEMISTRY AND BIOINFORMATICS

All students are required to complete 40 credits of core courses in the departments of Biological Sciences, Chemistry, and Computer and Information Sciences, and an additional 24-29 credits within one of the three tracks.

Common Core Requirements (40 credits)

CHEM 110-111	General Chemistry I, II (8)
BIOL 201	Cellular Biology and Genetics (4)
COSC 2xx	Introduction to Bioinformatics (4)
CHEM 331-332	Organic Chemistry I, II (10)
CHEM 351	Introductory Biochemistry (3)
BIOL 309	Genetics (3)
BIOL 409	Molecular Biology (3)
BIOL 4xx	Seminar in Bioethics (1)
BIOL 4xx	Seminar in Applied Molecular Biology (1)
BIOL 491	Independent Research in Biology (3)
	or
CHEM 491	Introduction to Research in Chemistry (3)
	or
COSC 495	Independent Study in Computer Science (3)

MOLECULAR BIOLOGY TRACK (25-29 credits)

BIOL 202	Evolution and Ecology (4)
PHYS 211-212	General Physics I, II (8)
	or
PHYS 203	Topics in Physics for Biology Majors *(5)
CHEM 210	Analytical Chemistry (4)
BIOL 408	Cell Biology (4)
BIOL 410	Molecular Biology Laboratory (2)
	or
BIOL 3xx	Genetics Laboratory (2)

Plus 3 credits of biology electives

One of the following:

MATH 211 Calculus for Applications (3) MATH 237 Elementary Biostatistics (4)

MATH 273 Calculus *(4)

*Many graduate and professional programs require two semesters of physics and/or calculus. Students who are contemplating education beyond the undergraduate level (graduate school, medical school, etc.) need to talk with an adviser.

BIOCHEMISTRY TRACK (29-30 credits)

General Physics I, II (8)
or
General Physics I, Il (8)
Principles and Methods of Chemical Analysis (4)
or
Introduction to Quantitative Analytical Chemistry (3)
and
Quantitative Analytical Chemistry Laboratory (2)
Physical Chemistry (3)
Biochemistry Laboratory (2)
Intermediate Laboratory I (1)
Biochemistry II (3)
Calculus I, II (8)

BIOINFORMATICS TRACK (28 credits)

COSC 236-237	Introduction t	o Compute	r Science L. II (8)

MATH 263 Discrete Mathematics (3)

MATH 273-274 Calculus I, II (8)

COSC 3xx Computational Modeling (3) COSC 4xx Advanced Bioinformatics (3) plus 3 credits of computer science electives

Department of Physics, Astronomy and Geosciences

Professors: Harry Bates, Henry Chen, Mary Lu Larsen, Eddie Loh, Leon Ukens

Associate Professors: Rachel Burks, Robert Johnson, Thomas Krause, David Schaefer, John Wessner (Chair)

Assistant Professors: Jonathan Filer, Elmer Kreisel, Steven Lev, Moolathody Rajeswari, Alex Storrs

Research Assistant Professor: Karen Schaefer

Smith Hall 445, 410-704-3020, 410-704-3021

Fax: 410-704-3511 www.towson.edu/physics/

PROGRAMS OF THE DEPARTMENT

The Department of Physics, Astronomy and Geosciences offers undergraduate programs leading to a Bachelor of Science or Bachelor of Arts degree in Physics, Geology or Earth-Space Sciences, an Earth-Space Sciences Secondary Education Track, a Physics Secondary Education Program, a Dual Degree in Engineering Program leading to a bachelor's degree in Physics from Towson University and a bachelor's degree in Engineering from the University of Maryland, College Park, and a Physics minor. There is also a five-year program leading to a B.S. degree in Physics and an M.S. degree in Computer Science.

MAJOR IN PHYSICS

The Physics major is divided into three main tracks designed to give the student the greatest possible flexibility in preparation for graduate study in physics, astrophysics, medicine, engineering, or other allied fields, and for professional practice as a physicist in industrial, governmental or institutional laboratories.

In order to provide students a broad and solid base in physics and also to provide the flexibility which enables students to take courses in areas where physics can be applied, all Physics majors take a series of basic physics core courses. The first courses are General Physics I, II and III (PHYS 241, 242 and 243). They provide an introduction to both classical and modern physics. The junior and senior core physics courses treat classical and modern physics in greater depth.

It is recommended that those who intend to pursue graduate studies in physics or astrophysics, take the General Physics Track or the Astrophysics Track, as well as additional physics electives and mathematics courses. Those who intend to participate in fundamental or applied research and development in industrial or government laboratories are encouraged to take the Applied Physics Track and other physics electives. Calculus III is highly recommended. Upper-level mathematics electives especially recommended are Differential Equations, Advanced Calculus, and Numerical Analysis I, II.

Students may also wish to elect a foreign language as preparation for graduate study. Students may also supplement the core program of study by participation in a guided independent study and/or ongoing research project. Up to 6 credit hours of such courses (Independent Study, Directed Reading, Research Problems, etc.) may count toward required physics electives. A combination of well-grounded preparation in fundamentals plus the availability of an individually tailored program of study is designed to optimize students' preparation for graduate school or a professional career. In addition to physics courses, all majors are required to complete courses in computer science, mathematics and chemistry. Students who intend to major in Physics should contact the department in order to be assigned a faculty adviser. The faculty adviser will assist students in planning a program that

Department of Physics, Astronomy and Geosciences

will meet their special needs. Advisers are also available for advising on career opportunities and employment. Physics majors are required to complete 16, and minors 8, of the required upperdivision credits in physics at Towson. Students should be aware that most advanced physics courses (300- and 400-level) may be offered in either the first semester or the second semester, but not in both semesters. Some physics electives are only offered every other year. Advisers will have information on the courses offered and on the schedules.

Students must see their advisers no later than the time of their matriculation for the third semester in General Physics, which is normally the beginning of the spring semester of their sophomore year. Students, after consultation with their advisers, will propose a tentative plan for completing all graduation requirements, including those for the major. This selection of electives for the various concentrations must be approved by an adviser. The plan may be modified from time to time, but the modification must be approved by the major adviser. Students may also organize an individualized course of studies. This gives students the option to select a plan that reflects their interest in a special area of physics. The array of courses must have internal coherence and be approved by the major adviser.

REQUIREMENTS FOR THE PHYSICS MAJOR

The major in Physics requires 51-52 credits in Physics core and non-Physics requirements completed with a grade equivalent of 2.00 or higher, plus additional credits for specific tracks. The General Education requirements must also be completed.

Required Physics Core Courses (29 credits)

PHYS 241, 242, 243	General Physics I, II, III (4, 4, 3)
PHYS 307	Introductory Mathematical Physics (3)
PHYS 311	Modern Physics (4)
PHYS 341	Intermediate Physics Laboratory I (3)
PHYS 351	Mechanics I (4)
PHYS 354	Electricity and Magnetism I (4)

Non-Physics Requirements (22-23 credits)

CHEM 110-111	General Chemistry I, II (4, 4)
COSC 165	Visual Basic or equivalent (3)
MATH 273-274	Calculus I, II (4, 4)
MATH xxx	Upper-Division Mathematics Course (3-4)
Recommended mathen	natics electives are MATH 374, 379, 435-436

GENERAL PHYSICS TRACK

All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The General Education requirements must be completed. The Physics core courses and the non-Physics requirements must be completed, as well as the following courses:

Advanced Physics Courses (18 credits)

PHYS 342	Intermediate Physics Laboratory II (3)		
PHYS 455	Quantum Mechanics (3)		
PHYS 485	Physics Seminar (1)		
Two courses from among the following:			
PHYS 352	Thermodynamics and Kinetic Theory (3)		
PHYS 451	Mechanics II (3)		
PHYS 454	Electricity and Magnetism II (3)		
PHYS 457	Solid State Physics (3)		
PHYS 459	Nuclear Physics (3)		
Five credits of physics electives			
Recommended Physics Electives			

Five credits of physics electives			
Recommended Physics Electives			
PHYS 335	Basic Electronics (4)		
PHYS 352	Thermodynamics and Kinetic Theory (3)		
PHYS 361	Optics Fundamentals (4)		
ASTR 479	Selected Topics in Contemporary Astrophysics (3)		
PHYS 421	Fundamental Particles (3)		
PHYS 453	Physical Optics (3)		
PHYS 457	Solid State Physics (3)		
PHYS 459	Nuclear Physics (3)		

APPLIED PHYSICS TRACK

All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The General Education requirements must be completed. The physics core courses and the non-physics requirements must be completed, as well as the following courses:

Advanced Physics Courses (18 credits) PHYS 342 Intermediate Physics Laboratory II (3) PHYS 361 Optics Fundamentals (4) PHYS 485 Physics Seminar (1) One course from: PHYS 335 Basic Electronics (4) **PHYS 337** Digital Electronics (4) PHYS 437 Introduction to Microprocessor-Based Digital Systems (3) One course from: PHYS 453 Physical Optics (3) PHYS 457 Solid State Physics (3) Three or 4 credits of Upper-Level Physics Electives Recommended Physics Electives PHYS 335 Basic Electronics (4) **PHYS 337** Digital Electronics (4) PHYS 352 Thermodynamics and Kinetic Theory (3) PHYS 435 Electronics (3) **PHYS 437** Introduction to Microprocessor-Based Digital Systems (3) **PHYS 445** Lasers and Holography (3) PHYS 453 Physical Optics (3) PHYS 455 Quantum Mechanics (3) PHYS 457 Solid State Physics (3) PHYS 459 Nuclear Physics (3) **PHYS 461** Electro-Optics (4)

ASTROPHYSICS TRACK

All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The General Education requirements must be completed. The Physics core courses and the non-Physics requirements must be completed, as well as the following courses:

Additional Physics and Astrophysics Courses (25 credits)

ASTR	161	General Astronomy I (4)
ASTR :	331	Introduction to Astrophysics (3)
ASTR :	3XX	Astrophysical Techniques (3)
ASTR :	361	Astronomy II (3)
ASTR 4	423	Particle Astrophysics (3)
ASTR 4	470-479	Special Topics in Astrophysics (3)
ASTR 4	195	Capstone Project in Astrophysics (3)
PHYS 4	455	Quantum Mechanics (3)

PHYSICS SECONDARY EDUCATION PROGRAM

The Department of Physics, Astronomy and Geosciences offers a Physics Secondary Education Track that leads to a Bachelor of Science or Arts degree in Physics. This program is designed for those students who plan to teach physics at the secondary level.

Physics majors in the Secondary Education Program complete a total of 92-95 credits. In addition to the General Education requirements and the requirements specified by the Department of Secondary Education, students must complete 33 credits in physics courses and 30 credits in non-physics courses. For certification purposes (NSTA), students should include the course WRIT 312 (History of Science). All courses required for the major must be completed with a grade equivalent of 2.00 or higher.

```
Physics Core Courses (29 credits)
Additional Physics Courses (4 credits)
PHYS 342 Intermediate Physics Laboratory (3)
PHYS 485 Physics Seminar (1)
```

Non-Physics Requirements (30 credits)

BIOL 201 Biology 1 (4)

CHEM 110-111 General Chemistry I, II (4, 4)

COSC 165 Visual Basic (3) MATH 273-274 Calculus I, II (4, 4) **WRIT 312** History of Science (3)

Four credits from the following Earth Science courses:

GEOL 121 Physical Geology (4) General Astronomy I (4) ASTR 161 Physical Oceanography (4) **GEOL 357**

The Physics Secondary Education major also requires 29-32 credits of secondary education courses. For details and sequencing see the Department of Secondary Education listings in this catalog. To remain informed of current certification requirements, each student in this program must have an adviser in the Department of Secondary Education.

Requirement for Admission to Teacher Education Program

All students applying for admission to a Teacher Education Program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) to be kept on file.

Requirement for Student Teaching/Internship

All preservice students in Teacher Education programs at Towson University whose program of study requires an intensive/ extensive internship or student teaching experience in a public or private school setting (pre-K through 12) are required to undergo a criminal background check before entering this experience. The criminal background check must be filed with the director of CASE.

SUGGESTED COURSE SCHEDULES FOR PHYSICS MAJORS

By its very nature, physics is more hierarchical in its course structure than typical humanities or social science disciplines. Therefore, many courses depend heavily on prerequisite courses (such as calculus and general physics). Any time that is required to prepare for calculus, such as taking MATH 119, must be added to the four-year minimum. Normally, progress in mathematics and general physics is the pacesetter.

SUGGESTED COURSE SCHEDULE—GENERAL TRACK IN PHYSICS

FRESHMAN YEAR

First Semester (14 credits)

CHEM 110 General Chemistry I (4)

ENGL 102 Writing for a Liberal Education (3)

SUGGESTED COURSE SCHEDULE FOR THE PHYSICS SECONDARY EDUCATION MAJOR

Physics Secondary Education majors are not required to take any physics electives but are encouraged to take as many courses in physics and mathematics as possible. For a recommended course schedule, contact the Department of Physics, Astronomy and Geosciences.

MINOR IN PHYSICS

An important aspect of the overall contribution of physics is its impact on other disciplines. This program is designed to provide majors in any of the sciences, mathematics, business or humanities with a background in physics which will broaden their understanding and enhance their career opportunities. This program requires students to complete the following courses:

Required Courses (24 credits)

PHYS 241, 242, 243 General Physics I, II, III (4, 4, 3)

PHYS 311 Modern Physics (4)

PHYS xxx Upper-division Physics Courses (9)

Students interested in the Physics minor program should consult the Physics minor adviser as soon as possible in order to design a program to meet their special needs. To provide greater flexibility in selecting electives, students may organize their course of studies to supplement their major programs and/or reflect their special interests. The array of courses should have internal coherence and must be approved by their Physics minor adviser. At least 8 upper-division credits must be taken at Towson. A grade equivalent of 2.00 or higher must be earned in each course.

DUAL DEGREE ENGINEERING PROGRAM

Refer to the College of Science and Mathematics Dual Degree Programs section in this catalog.

BACHELOR OF SCIENCE IN PHYSICS AND MASTER OF SCIENCE IN COMPUTER SCIENCE

Refer to the College of Science and Mathematics Dual Degree Programs section in this catalog.

PHYSICS HONORS PROGRAM

The Department of Physics, Astronomy and Geosciences offers a departmental honors program for students with superior scholarship in physics. This program is designed to provide exceptional students with maximum opportunity for intensive study of physics at an advanced level. Students with demonstrated ability will be invited by the department to participate in this program. These students will work closely with faculty members and will participate in an individualized program of research, directed readings and independent studies. Students who complete an approved program will receive a diploma with the designation of Bachelor of Arts or Bachelor of Science with Honors, and Departmental Honors will also appear on the transcript. For further information, contact the department chair.

EDWARD I. RUBENDALL PHYSICS ACHIEVEMENT AWARDS

The awards were established in honor of Professor Emeritus Rubendall by friends of the department. The awards are presented annually to outstanding juniors and seniors majoring in Physics.

GEOSCIENCES PROGRAMS

Director: Rachel Burks

Affiliated Faculty: Jonathan Filer, Steven Lev, Robert Shoemaker (Biological Sciences)

The Geosciences programs in the Department of Physics, Astronomy and Geosciences include the major in Geology and the major in Earth-Space Sciences.

MAJOR IN GEOLOGY

The Geology major contains two programs: a broad-based track in General Geology and a track in Environmental Geology. [Note: this program replaces the Geosciences major, which is no longer available for new students]. Both programs in the Geology major follow current course recommendations of the American Institute of Professional Geologists. The Geology major contains a core of the fundamental earth, physical and life sciences with essential mathematics and computing sciences courses. While completing the core courses, every student selects either the General Track or the Environmental Track. The General Track is designed to prepare students for a variety of geoscientific careers or advancement to post-graduate studies in the geosciences: geology, geophysics, mineralogy, petrology, etc. In the Environmental Track, students concentrate on hydrogeological and environmental geoscience applications that emphasize both field and laboratory studies. All students in the Geology major complete their science education in their senior year with research experience in regional geological or environmental problems.

The College of Science and Mathematics

Requirements for the Major

The Geology major requires 44-45 credits in geology and nongeology requirements completed with a grade equivalent of 2.00 or higher, plus 21-25 additional credits for specific tracks. The General Education requirements must also be completed: Category II.A.1 (8 credits) and Category I.C (4 credits) are satisfied by requirements in the Geology major; category II.A.2 is waived because of 8 credits in II.A.1. Geology majors are advised to take either WRIT 312 History of Science or CHEM 301 Professional Ethics for Scientists to fulfill Category I.D, Advanced Composition.

Core Courses (44-45 credits)

GEOL 121	Physical Geology (4)
GEOL 123	Historical Geology (4)
GEOL 321	Structural Geology (4)
GEOL 331	Mineralogy (4)
GEOL 443	Sedimentology and Stratigraphy (4)
GEOL 489	Introduction to Research (1)
GEOL 492	Introduction to Field Methods (2)
GEOL 499	Regional Geology (2)
CHEM 110	General Chemistry I (4)
CHEM 111	General Chemistry II (4)
MATH 273	Calculus I (4)
MATH 274	Calculus II (4)
	or
MATH 231	Basic Statistics (3)
	or
COSC 165	Visual Basic (3)
PHYS 211 (or	241) General Physics I (4)
,	

GENERAL GEOLOGY TRACK (21-23 credits)

The General Geology Track requires 21-23 credits in addition to the Geology core. All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The General Education requirements must be completed. The core courses of the Geology major must be completed, as well as the following courses:

Required Courses (15 credits)

GEOL 333	Igneous and Metamorphic Petrology (4)
GEOL 415	Optical Mineralogy and Petrography (4)
GEOL 451	Petrology of Sedimentary Rocks (3)
PHYS 212 to	r 242) General Physics II (4)

Environmental Geology (4)

Electives (6-8 credits)

GEOL 305

GEOL 357	Physical Oceanography (3)
GEOL 415	
	Hydrogeology (4)
GEOL 4xx	Introduction to Geochemistry (3)
GEOG 315	Geomorphology (4)
GEOG 412	Introduction to Geographical Information Systems (3)

ENVIRONMENTAL GEOLOGY TRACK (21-25 credits)

The Environmental Geology Track requires 21-25 credits in addition to the Geology core. All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The General Education requirements must be completed. The core courses of the Geology major must be completed, as well as the following courses:

Required Courses (12 credits)

GEOL 305	Environmental Geology (4)
GEOL 415	Hydrogeology (4)
BIOL 110	Contemporary Biology (4)

Electives (9-13 credits)

GEOL 357	Physical Oceanography (3)
GEOL 451	Petrology of Sedimentary Rocks (3)
GEOL 4xx	Introduction to Geochemisty
	Other upper level Geology courses with approval of
	adviser

GEOG 315	Geomorphology (4)
GEOG 412	Introduction to Geographical Information
	Systems (3)
GEOG 416	Principles of Remote Sensing and Digital Image
	Processing (3)
BIOL 205	General Botany (4)
CHEM 331	Organic Chemistry (5)
CHEM 361	Chemical and Bacteriological Studies of Water
	Pollution (3)

EVENING GEOLOGY MAJOR PROGRAM

The Department of Physics, Astronomy and Geosciences offers a program that permits evening students to pursue the Geology major at 4 p.m. or later. Contact the geology director for further information and a long-range schedule of course offerings.

MINOR IN GEOLOGY

Geological sciences provide an important perspective to fields like environmental science, environmental studies, and geography and environmental planning. This program is designed to furnish majors in sciences, humanities, business or the arts with a background that will enrich their education and deepen their understanding of the earth around them, particularly its materials, processes, history and environmental challenges. Students in the Geology minor are required to complete the following courses:

Required Courses (24 credits)

GEOL 121	Physical Geology (4)
GEOL 123	Historical Geology (4)
	Upper-Division Geology Credits (16)

Students in the Geology minor should consult with a geology adviser as soon as possible to design a program to meet their particular needs and interests.

MAJOR IN EARTH-SPACE SCIENCES

The Department of Physics, Astronomy and Geosciences offers an undergraduate program leading to a Bachelor of Science in Earth-Space Sciences for those students wanting a broad survey of the earth and space sciences. A total of 51-52 credits are required in this major, 12 of which also satisfy General Education requirements. Within the Earth-Space Sciences major, 31-32 core and elective credits are within the earth, atmospheric, oceanographic and space sciences. The remaining credits in the major are in the supporting physical and mathematical sciences. All required courses in this track must be completed with a grade equivalent of 2.00 or higher. The additional General Education requirements must also be completed.

Required Core Courses (48 credits)

equired Core	Courses (40 credits)
GEOL121	Physical Geology (4)
GEOL 123	Historical Geology (4)
GEOL357	Physical Oceanography (3)

EARTH-SPACE SCIENCES SECONDARY **EDUCATION TRACK**

GEOL 443

Earth-Space Sciences majors may obtain certification to teach earth science at the secondary level. Students must register for formal admission to the Secondary Education Program with the Department of Secondary Education, and they must meet the requirements described in that section of the catalog. Students in this program should have an adviser in the Department of Secondary Education in addition to their adviser in the Department of Physics, Astronomy and Geosciences. Earth-Space Sciences majors in the Secondary Education Program must complete the 51-52 credits in the Earth Sciences program in addition to the General Education requirements and 41 credits of professional secondary requirements in the Department of Secondary Education, 12 of which also satisfy General Education requirements. For certification purposes, students in this program should take WRIT 312 History of Science to fulfill their General Education Category I.D. For student teaching, a minimum 2.75 is required in the professional education courses, and a minimum overall of 2.50 is required.

Requirements for Admission to a Teacher Education Program All students applying for admission to a Teacher Education Program at Towson University are required to complete a Criminal Background Disclosure Form. This form is to be notarized and sent to the director of the Center for Applied Skills in Education (CASE) to be kept on file.

Dual Degree Programs

Towson University offers a Dual Degree Engineering Program with the University of Maryland, College Park (UMCP), and a Dual Degree Progam in Medicinal Chemistry with the University of Maryland School of Pharmacy. In addition, Towson offers a five-year program for students interested in obtaining a B.S. degree in Physics and an M.S. degree in Computer Science. These programs are described below.

DUAL DEGREE ENGINEERING PROGRAM

OFFICE Smith Hall 445, 410-704-3020 www.towson.edu/physics/

The objective of the Dual Degree Engineering Program at Towson University is to provide an educational opportunity for students interested in both a "liberal science" and a professional education at the undergraduate level. Students choosing this program will be able to obtain a Bachelor of Science or Arts degree from Towson, and a Bachelor of Engineering degree from UMCP. In principle, students can seek a degree in any discipline offered by Towson; but in practice, Biology, Chemistry, Computer Science, Mathematics and Physics are the natural choices of students interested in the Dual Degree Program.

Dual Degree candidates from Towson are eligible to seek a baccalaureate degree majoring in any one of the following areas at the University of Maryland:

Aerospace Engineering Biological Resources Engineering Chemical Engineering Civil Engineering Electrical Engineering Fire Protection Engineering

Mechanical Engineering Materials Science Engineering Nuclear Engineering B.S. in Engineering

Requirements for Dual Degree Students While at TU

- I. complete required courses in Dual Degree Program
- 2. complete a minimum of 90 semester hours
- 3. complete General Education (GenEd) requirements
- 4. complete a major program (with transfers from UM approved by department)
- 5. obtain recommendation from chair of TU major department

Requirements for Admission to UMCP as a Dual Degree Student In order for students to become Dual Degree candidates at UMCP, they must have satisfied TU requirements and, in addition, have the following:

- 1. a cumulative grade point average at TU of 2.00 or better
- 2. a recommendation from the designated official at TU

Admission to the College of Engineering of UMCP is guaranteed to TU Dual Degree students, providing the above requirements have been satisfied.

In order to be eligible for transfer into the engineering program of their choice at University of Maryland, College Park, students must have included in their work at Towson the following courses:

CHEM 110-111 **COSC 236** MATH 273-274-275 MATH 374 PHYS 241-242-243 PHYS 351

General Chemistry I, II (8) Introduction to Computer Science I (4) Calculus I, II and III (12) Differential Equations (3) Physics I, II and III (11) Mechanics I (4)

Thermodynamics and Kinetic Theory (3) **PHYS 352**

The College of Science and Mathematics

Additional required courses for Dual Degree students at TU for selected majors are listed below.

Courses at	Equivalent Courses
Towson University	at UMCP
1 n 1 n 1 n 1 n	Carrier and an array of the short

Students interested in Biological Resources Engineering must take the following courses at TU:

BIOL 201 Biology I: Cellular Biology and Genetics (4) BIOL 105

BIOL 201 Biology I: Cellular Biology and Genetics (4) BIOL 105
BIOL 215 Foundations of Microbiology (4) MICB 200
ECON 202 Macroeconomic Principles (3) ECON 201
BIOI 408 Cell Biology (4) ZOOL 201

Students interested in Chemical Engineering must take the following courses at TU:

CHEM 331, 332 Organic Chemistry I, II (5, 5) CHEM 233, 243 CHEM 341, 342 Physical Chemistry I, II (3, 3) CHEM 481, 483 CHEM 373, 374 Intermediate Lab I, II (1, 1) CHEM 483

Students interested in Civil Engineering must take the following courses at TU.

CHEM 330 Essentials of Organic Chemistry (5) CHEM 237 MATH 330 Introduction to Statistical Methods (4) ENCE 302

Students interested in Electrical Engineering must take the following courses at TU:

PHYS 354,
454 Electricity and Magnetism 1, 11 (4, 3) ENEE 380, 381
PHYS 335 Basic Electronics (4) ENEE 204
PHYS 337 Digital Electronics (4) ENEE 244
ENEE 206
PHYS 311 Modern Physics (4) PHYS 421

Students interested in Materials Engineering must take the following courses at TU:

PHYS 335 Basic Electronics (4) ENEE 204
CHEM 331 Organic Chemistry 1, II (5) CHEM 233
or
CHEM 341 Physical Chemistry I (3) CHEM 481

DUAL DEGREE PROGRAM IN MEDICINAL CHEMISTRY WITH THE UNIVERSITY OF MARYLAND SCHOOL OF PHARMACY

Program Director: Frank R. Milio

OFFICE

Smith Hall 353 or 561, 410-704-3111 or 410-704-3131 E-mail: fmilio@towson.edu

The program requires Prepharmacy students to study chemistry at Towson University for three years prior to application and acceptance into the Doctor of Pharmacy (Pharm.D.) program at the University of Maryland School of Pharmacy. The three years at Towson University, combined with successful completion of the first two years of study in the School of Pharmacy, will provide the student the credits and understanding needed to meet the requirements for the B.S. or B.A. degree in Medicinal Chemistry from Towson University. Heretofore, students attending Towson University for two or three years, being admitted to the School of Pharmacy, would not receive a baccalaureate degree. This 3 + 4 Dual Degree Program between Towson University and the University of Maryland School of Pharmacy provides students the opportunity to broaden their background and allows them flexibility of career options as summarized below.

Dual Degree Program and Options

After Completing	Decision Points (Career Options)
Three years at Towson University	 Continue studies for B.S. or B.A. in Medicinal Chemistry at University of Maryland School of Pharmacy (contingent upon admission to the program). Pursue B.S. or B.A. at TU (Chemistry; Environmental Science; Molecular Biology, Biochemistry and Bioinformatics).
five years (three years at TU and two years at UMD School of Pharmacy)	 Earn B.S. or B.A. in Medicinal Chemistry from TU and continue in the Pharm.D. program at UMD. Earn B.S. or B.A. in Medicinal Chemistry at TU and pursue other postbaccalaureate study. Earn B.S. or B.A. in Medicinal Chemistry at TU and enter marketplace.
Seven years (three years at TU and four years at UMD School of Pharmacy)	 Complete Pharm.D. at UMD and enter the marketplace. Complete Pharm.D. and continue Ph.D. specialization.*

^{*}Combined Pharm.D./Ph.D. or Pharm.D./M.B.A. programs are available at University of Maryland School of Pharmacy.

Towson University Admission Requirements

Applicants must meet the requirements for undergraduate admission to Towson University. After completing three years of study as outlined below at Towson, the student must apply and be admitted to the School of Pharmacy at University of Maryland to complete the Dual Degree Program.

Towson University Requirements (90 credit hours) Leading to B.S. or B.A. in Medicinal Chemistry

General Education Requirements (33 credits)

Courses including English composition, literature, humanities and physical and social sciences in 14 General Education (GenEd) categories:

Chemistry (26 credits)

CHEM 1	10 Gen	eral Chemistry I (4)
CHEM 1	11 Gen	eral Chemistry II (4)
CHEM 3.	31 Org	anic Chemistry I (5)
CHEM 3.	32 Org	anic Chemistry II (5)
CHEMA	1.2 Inter-	Austina to Opentitation Anal

CHEM 213 Introduction to Quantitative Analytical Chemistry (3)
CHEM 215 Quantitative Analytical Chemistry Laboratory (2)

CHEM 351 Introductory Biochemistry (3)

Biology (8 credits)

BIOL 201 Cellular Biology and Genetics (4)
BIOL 315 Medical Microbiology (4)
or
BIOL 318 Microbiology (4)

Physics (8 credits)

PHYS 211 General Physics I (4)	
and	
PHYS 212 General Physics II (4) (Non-Calculus	: based)
or	
PHYS 241 General Physics I (4)	
and	
PHYS 242 General Physics II (4) (Calculus base	d)

Dual Degree Programs

Mathematics (8 credits)

Calculus I (4) MATH 273

MATH 237 Elementary Bio-statistics (4)

Electives (7 credits)

Pharm.D. Admission Requirements

To be considered for admission, applicants must:

- Submit a completed application, transcripts of all higher education institutions attended, and the Pharmacy College Admission Test (PCAT) scores.
- Have an overall minimum quality point average (QPA) of 2.50.

Students having average QPAs of 3.50 or better and PCAT scored in the 80th percentile, and with strong backgrounds in biology and chemistry, are competitive for admission to the program. Good written and verbal communication skills are essential in the program and in the profession of pharmacy. Students considered for admission are invited to admission interviews each spring with faculty, students and alumni.

University of Maryland School of Pharmacy (31 credits)

(Currently required courses in the Pharm, D. program taken in the first two years.)

Chemistry (14 credits)

PHAR 513	Drug Chemistry (2)
PHAR 521	Biochemistry II (3)
PHAR 526	Physical Chemistry (2)
PHAR 531	Pharmaceutical Chemistry (2)
PHAR 542	Clinical Chemistry (2)
PHAR 544	Medicinal Chemistry (3)

Biology (17 credits)

PHAR 512	Cell Biology (2)
PHAR 514	Human Biology I (3)
PHAR 524	Human Biology II (3)
PHAR 525	Immunology (2)
PHAR 533	Microbiology (2)
PHAR 534	Human Biology III (3)
PHAR 544	Microbiology II (2)

BACHELOR OF SCIENCE IN PHYSICS AND MASTER OF SCIENCE IN COMPUTER SCIENCE

OFFICE

MATH 262

Smith Hall 445, 410-704-3020

The Department of Physics, Astronomy and Geosciences and the Department of Computer and Information Sciences offer a "fourone" program which will lead to the degrees B.S. in Physics and M.S. in Computer Science in five years. Students can satisfy the requirements for a Physics major and graduate with their class. By taking additional computer science courses as their free electives, they will be able to take 6 to 9 hours of graduate computer science courses in their senior year. (These graduate courses will not be counted toward their undergraduate degree requirements.) The remaining courses and thesis requirements for the M.S. in Computer Science would then be completed in a fifth year.

This option is especially attractive to students who are considering dual majors in Physics and Computer Science or who are planning a career in the area of computational sciences.

Those students interested in the "four-one" program should declare their intent by the end of the second (sophomore) year and meet with Dr. Behforooz, the Computer Science graduate coordinator, early in the fall of the third (junior) year.

Required Courses in Computer and Information Sciences and Mathematics Discrete Mathematics (3)

MIA 111 203	Discrete Mathematics (3)
COSC 236	Introduction to Computer Science I (4)*
COSC 237	Introduction to Computer Science II (4)
COSC 280	Assembly Language and Computer Architecture (3)
COSC 336	Data and File Structures (4)‡
COSC 338	Computer Organization and Architecture (4)
COSC 236 will rep	place the physics requirement of COSC 165.
Students may take I	PHYS 337 and PHYS 437 in place of COSC 280 and
COSC 338.	

‡Students completing COSC 236 and COSC 237 with a grade equivalent of 3.00 or higher are exempt from taking COSC 336.

Pre-Professional Programs

The College of Science and Mathematics offers pre-professional preparation in medicine, dentistry, pharmacy, physical therapy and veterinary medicine. In addition, the college offers post-baccalaureate premedical and predental programs for students who decide to pursue medicine or dentistry after completing their bachelor's degree. The programs are described below.

PREMEDICAL AND PREDENTAL PROGRAM— UNDERGRADUATE AND POST-BACCALAUREATE

Program Director: Frank R. Milio

OFFICE

Smith Hall 353 or 561, 410-704-3111 or 410-704-3131 E-mail: fmilio@towson.edu www.towson.edu/csm/premed

Students who are interested in a career in medicine or dentistry must keep the following facts in mind during their studies:

- (a) Students must have an outstanding academic record in all the courses they take—science and otherwise—to be competitive for admission to medical or dental school.
- (b) Most students who are admitted to medical or dental school have a B.S. or B.A. degree. A very few exceptional students are admitted to professional school with the minimum required 90 credits of university work.
- (c) The B.S. or B.A. degree may be in any discipline, but most students get their degree in one of the sciences. However, all students must take the science courses that are required by the professional schools and listed under Required Courses below.
- (d) Students interested in medical or dental school usually take the Medical College Admission Test (MCAT) or the Dental Aptitude Test (DAT) one to one and one-half years in advance of entering professional school. Advance application must be made to take the MCAT, which is administered in April and August. The computerized DAT is given throughout the year. Students are strongly urged to prepare for the MCAT or DAT, either on their own or by taking a commercial preparation course.
- (e) Letters of recommendation are required, and at Towson University these letters are prepared by the Premedical/ Predental Committee.
- (f) Careful planning and organization on the part of the student are an absolute necessity.

Information should be obtained from the Premedical and Predental Committee before or upon entering Towson University. Write to the Premedical and Predental Committee, Department of Biological Sciences, Towson University, Towson, MD 21252-0001 or call 410-704-3042. Information may also be obtained on the Internet at www.towson.edu/csm/premed.

Requirements for Admission to Medical or Dental School

A student must have an outstanding undergraduate record to be competitive for admission to medical or dental school. Criteria used by professional schools to evaluate applicants include:

- academic achievement with emphasis on performance in biology, chemistry, mathematics and physics
- scores on the Medical College Admission Test (MCAT) or Dental Admission Test (DAT)

- 3. motivation to pursue a career in medicine or dentistry
- 4. clinical and/or research experience
- 5. participation in extra-curricular activities
- 6. letter of recommendation prepared by the applicant's undergraduate Premedical/Predental Committee
- 7. interview with members of the medical or dental school admissions committee

Letters of recommendation written by the Towson University Premedical/Predental Committee are based upon evaluation of Items 1–5 above as well as letters of evaluation obtained by students from science faculty of their choosing and an interview with members of the committee.

Although educational philosophies and specific undergraduate course requirements differ among the nation's medical and dental schools, these institutions recognize the value of a broad-based undergraduate education including a strong foundation in the natural sciences (biology, chemistry, physics and mathematics), well-developed communication skills, and a solid background in the humanities and social sciences.

Required and Recommended Science Courses

Premedical and predental students, regardless of their major, must take the required courses as part of their curriculum. Students are also advised to take as many of the highly recommended courses as possible as these courses should help improve their performance on the MCAT or DAT exams.

Required Courses (34 credits)*

required Courses (54 credits)		
BIOL 201	Biology I: Cellular Biology and Genetics (4)	
BIOL xxx	elective (4)	
CHEM 110	General Chemistry I (4)	
CHEM 111	General Chemistry II (4)	
CHEM 331	Organic Chemistry I (5)	
CHEM 332	Organic Chemistry II (5)	

CHEM 332 Organic Chemistry II (5) PHYS 211 General Physics I (4)** PHYS 212 General Physics II (4)**

*All of the required courses should be completed before taking the MCAT or DAT exams. Some medical schools also require calculus and/or other specific courses, and students should determine the admission requirements of the schools they are especially interested in attending.

**PHYS 241 Physics I and PHYS 242 Physics II, both of which require calculus, may be taken in place of PHYS 211, 212. PHYS 241, 242 must be taken by Physics, Chemistry, and Mathematics majors.

Highly Recommended Courses

MATH 115	Basic Mathematics for the Sciences (3) (Students
	are encouraged to take other mathematics
	courses, such as calculus, to meet the requirements
	of specific medical schools.)
DIOL 212	Lluman Anaromy and Dhusialogy I /4)

	or specific medical schools.)		
BIOL 213	Human Anatomy and Physiology I (4)		
BIOL 214	Human Anatomy and Physiology II (4)		
DIO. 200	7 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1		

BIOL 309 Principles of Genetics (3) BIOL 408 Cell Biology (4)

BIOL 409 Molecular Biology (3)

CHEM 351 Introductory Biochemistry (3)

Undergraduate Premedical/Predental Program

Undergraduate students may obtain the B.S. or B.A. degree in any major but must take the Required Courses and should take as many of the Highly Recommended Courses as possible before applying to professional school. Most premedical and predental students major in Biology, Chemistry or Physics, and many Biology majors select the Premedicine/Predentistry Concentration offered in the Department of Biological Sciences.

To get an undergraduate degree from Towson University requires a minimum of 120-credit hours. This includes the completion of the General Education (GenEd) requirements and the courses required for a major (approximately 36-credit hours).

Post-baccalaureate Premedical/Predental Program

Towson University offers a Post-baccalaureate Premedical/ Predental Program for students whose career goals have shifted to medicine or dentistry after completing their bachelor's degree. This program permits them the opportunity to complete the undergraduate science and mathematics courses required for admission to medical or dental school. This program is designed for students who received their undergraduate degree in a nonscience or science area but who did not take the courses required to prepare them for admission to professional school. It is not a remedial program but is designed for outstanding preprofessional candidates who have not applied for admission to medical or dental school and who have not taken the MCAT or DAT examinations. This program is designed for completion in 12-14 months, including courses during the summer sessions. Although the courses can be completed in I2-14 months and many professional schools seem to prefer this concentrated approach, the Post-baccalaureate Premedical/Predental Program at TU does offer flexibility to those students needing more time to complete the courses that are usually offered in the summer and evening and during the academic year. Students must take the Required Courses mentioned above and as many of the Highly Recommended Courses as possible. (A background and knowledge of algebra and trigonometry is assumed for the Required Courses, and students having a weak background in either one should plan to review this material before starting the program.)

Each student in the program is assigned a faculty adviser from the Premedical/Predental Committee to assist each one with planning their course of study, with the application process, and with course registration. In addition to formal course work, post-baccalaureate students are encouraged to obtain practical experience in a medical or dental setting before applying to professional school.

Eligibility: To be eligible for admission to the Post-baccalaureate Premedical/Predental Program, a student must have completed a bachelor's degree at an accredited college or university. Students preparing for admission to medical school should have a minimum undergraduate grade point average (GPA) of 3.40, and those interested in dental school, a minimum 3.00 GPA.

Application and Further Information: The deadline for application is March 1, but earlier applications will be reviewed beginning September 15. An interview with a member of the Premedical/Predental Committee is required after initial screening of the application documents. For information regarding the application process, including application forms, (a) write the Premedical/Predental Committee, Department of Biology, Towson University, Towson, MD 21252-0001, (b) call 410-704-3042, or (c) e-mail fmilio@towson.edu.

Cost: The Towson University tuition and fees for students in the Post-baccalaureate Premedical/Predental Program are the same as those for undergraduates and depend on the student's residency—in-state or out-of-state. These costs are competitive with other schools offering the same program. Fee information will be provided along with the request for an application and additional information. Students admitted to this program are eligible to apply for certain student loans because they are classified as second-degree students.

PREPHARMACY PREPARATION

Program Director: Frank R. Milio

OFFICE

Smith Hall 353, 410-704-3131 E-mail: fmilio@towson.edu

Students planning a career in pharmacy may apply to a college of pharmacy after taking or expecting to complete a total of 63 seniester hours of university credit, including the required core courses. Student averages are evaluated in the following four areas: (a) overall college work, (b) required core courses, (c) chemistry courses, and (d) mathematics and physics courses. In addition, applicants are required to satisfactorily pass the Pharmacy College Admission Test (PCAT), followed by a personal interview by the admission committee of the pharmacy school.

Required core courses include 6 credits of English, 6 credits of mathematics (through Calculus I), 8 credits of biology, 8 credits of physics, and 16-18 credits of chemistry. The remaining credits (18-20) include elective courses, such as sociology, economic principles and problems, public speaking, modern languages, art, music, psychology, botany, biology and computer programming.

Students interested in pharmacy as a professional career should consult with the prepharmacy adviser in the Department of Chemistry upon admission to Towson University. Students need to plan a course program, declare an academic major, and become cognizant of the specific admissions requirements of the pharmacy college that they plan to attend. The recommended course sequence is based upon the requirements of the University of Maryland and is typical of most pharmacy schools, with the exception that some also include in their core courses 6 credits of biology and 3 credits of economics.

Prepharmacy Course Requirements

P	,	4
BIOL 110	Contemporary	General Biology (4)

01

BIOL 201 Cellular Biology and Genetics (4)

BIOL 315 Medical Microbiology (4)

O

BIOL 318 Microbiology (4)

CHEM 110 General Chemistry I (4)

CHEM 111 General Chemistry II (4) ENGL 102 Writing for a Liberal Education (3)

MATH 119 Pre-Calculus (4)

MATH 231 Basic Statistics (3)

or

MATH 237 Elementary Biostatistics (4)

MATH 273 Calculus I (4)

GenEd I.B Course (3)

CHEM 331 Organic Chemistry I (5)

CHEM 332 Organic Chemistry II (5)

PHYS 211* General Physics 1 (4)

PHYS 212* General Physics II (4)

*Physics 241 and 242 can be substituted for the above, but these two courses require calculus as a prerequisite.

The College of Science and Mathematics

PHYSICAL THERAPY PREPARATION

Program Director: M. Lauterbach

OFFICE

Smith Hall 341, 410-704-3127

In recent years, most physical therapy programs in the United States have converted to graduate programs. Entry into these programs is highly competitive, and prerequisites vary. The minimum requirements for application to most physical therapy programs include 90 credits. Because of the strong emphasis on science courses, which typically includes one year of chemistry, one year of physics, statistics and other mathematics courses, and at least four courses in biology, many students choose Biology as their major. However, any major is acceptable, so long as specific undergraduate prerequisites for individual schools are completed. A typical first-year student curriculum at Towson University might include chemistry, biology and mathematics. Towson provides advising to assist students with their undergraduate preparation for this field.

PREVETERINARY PREPARATION

Program Director: William H. Mechling

OFFICE

Smith Hall 341, 410-704-3027 wmechling@towson.edu

Students planning a career in veterinary medicine should be aware of the following considerations as they prepare for admission to veterinary school:

- To be admitted to these very selective schools, students must have an outstanding record, usually with a minimum of 90 undergraduate credits.
- b) Most entering veterinary students have a B.S. or B.A. degree with a major in Biology or Chemistry, although other specific disciplines may be acceptable if basic courses in biology, chemistry, physics and mathematics are included.
- Although there are no specific tests required for admission to some veterinary schools, many request indications of aptitude as reflected in SAT I, GRE, or other standardized examinations.
- d) Veterinary schools expect applicants to have experience in aiding or assisting a veterinarian or working in adjunct fields as a volunteer or paid assistant. Varied experience, including research, is considered valuable.
- e) Advising for preveterinary students is available through the Department of Biological Sciences. It is strongly suggested that students seek these advisory services upon entering Towson University to maximize their career planning strategies.

Careful planning and early contact with veterinary schools is crucial. For further information, contact Professor William H. Mechling, Department of Biological Sciences.

Interdisciplinary Programs

Women's Studies

Interdisciplinary programs have become an increasingly important part of Towson University's role as a premier metropolitan university. The rise of new interdisciplinary fields and revision of traditional curricula are reflected in the diverse group of programs listed here. These programs enhance the strong liberal arts and sciences core while preparing students for professional and applied fields. They also provide opportunities for new forms of student learning and build on the strengths of the faculty.

As Towson University strives to provide all of its students with the knowledge and skills for entry into the professional world, interdisciplinary programs will continue to expand throughout the curriculum. These programs will also help to create an environment that stimulates commitment to lifelong learning and allows for continued personal growth.

These interdisciplinary programs are described in detail elsewhere in this catalog.

Interdisciplinary Programs

CULTURAL STUDIES

OFFICE

Linthicum Hall 218G, 410-704-2943 *Director:* Scott Allen

Cultural Studies examines cultural expressions: kinship patterns; religion; folk, popular, middle-brow and avant-garde arts; politics; entertainment; medical procedures; technologies; and the economy. It focuses on these as interconnected, interactive, and as forming a system of meaning. To understand any one cultural manifestation involves seeing it in relation to others. How one draws connections, where one draws connections, and why one draws connections between various manifestations of culture are issues of debate among its students. A cultural studies program is not meant to take any side in this debate. Rather, it provides students with a variety of tools to examine the connections between disciplines and cultural expressions and a range of materials to examine. It seeks to familiarize students both with a number of disciplines and ways to break down the barriers between them. Finally it will help students find ways of expressing the connections they have made.

For more information about this program, see the College of Liberal Arts.

ENVIRONMENTAL SCIENCE AND STUDIES

OFFICE

Smith Hall 348, 410-704-4920 Director: Jane Wolfson

The Environmental Science and Studies Program has two primary educational objectives. One is to provide the fundamental scientific, technical and social knowledge that program graduates will need to assess, plan and evaluate environmental concerns, particularly those confronting metropolitan regions. The second is to instill the wide range of cognitive skills and content mastery that students will need to effectively analyze environmental issues and propose realistic plans for solving environmental problems at local, regional and national levels.

The core requirements of the program are structured to meet these two objectives and include mathematical and scientific foundations as well as extensive interdisciplinary study related to environmental issues. The required capstone seminar integrates the students' program of study, and the senior internship/research requirement gives first-hand practice in an environmental field. The environmental problems addressed in many classes and seminars will focus on the adjacent urban/suburban environment and its impact on the surrounding regions.

Most environmental problems resist solutions from any single discipline. To counter this dilemma, the program utilizes a rigorous interdisciplinary approach. The curriculum draws upon the expertise of faculty in the areas of biology, chemistry, geology, mathematics, physics, environmental ethics and values, public policy, economics, geography, public health and social change.

The Environmental Sciences and Studies Program has two concentrations: Environmental Science and Environmental Studies. For more information about the Environmental Science Concentration, see the College of Science and Mathematics. For more information about the Environmental Studies Concentration, see the College of Liberal Arts.

FAMILY STUDIES

OFFICE

Linthicum Hall 301H, 410-704-2849 Director: Sandra Carson Stanley

Family Studies offers the opportunity to study individual and family development, dynamics within families, and the interaction between families and the larger social context. The program provides academic and practical experience related to the study of and service to families within three choices of concentration: Family Services and Family Life Enhancement; Family Policy and Planning; and Services to Children.

For more information about this program, see the College of Liberal Arts.

GERONTOLOGY

OFFICE

Linthicum Hall 308, 410-704-4644 Director: Donna Wagner

The Gerontology Program at Towson University offers an undergraduate degree program leading either to the Bachelor of Arts or Bachelor of Science degree. The course work is multidisciplinary and provides students with an understanding of the scope of gerontology, the issues which are central to the study of aging, and a perspective from which to understand the phenomenon of human aging and its implications on society. The program is designed to prepare the student for entry-level occupational positions within the field of aging and to provide the knowledge and skills necessary for acceptance by graduate and professional schools for additional gerontological education.

For more information about this program, see the College of Liberal Arts.

HONORS COLLEGE

OFFICE

Cook Library 524, 410-704-4677

Towson University's Honors College is designed for students who have demonstrated superior academic performance in the past, and who wish to pursue unique educational opportunities while attending the university. Students may major in any field at Towson University and be part of the Honors College. At Towson, honors students are encouraged to seek intellectual excellence and leadership through opportunities which go beyond the routine college experience. The Honors College is a true community of scholars

There are Honors College courses in a wide range of academic disciplines: anthropology, art history, biology, chemistry, mass communication and communication studies, economics, English, history, philosophy, political science, psychology, sociology, and women's studies. Honors College courses, taught by outstanding teachers among a faculty committed to excellence in undergraduate education, are designed to facilitate discussion and collaborative learning. Honors College courses require thoughtful participation and often go beyond the boundaries of traditional disciplines.

For a full description of Honors programs, please see the University Curriculum section.

INTERDISCIPLINARY STUDIES

Tracks/Minors

African-American Studies American Studies Animal Behavior Asian Studies Comparative Ethnic Studies Jewish Studies Latin American Studies Medieval and Renaissance Studies Prelaw

Minors

Business, Communication and the Liberal Arts Classical Studies Irish Studies Jewish Studies Lesbian and Gay Studies

OFFICE

Linthicum Hall 100A, 410-704-3600 Director: Carl Behm

The Interdisciplinary Studies major provides students with the opportunity to pursue a program of study that is currently unobtainable through any single discipline at Towson University. The major offers students two alternatives: (1) formally designed thematic options (tracks and minors) and (2) an individually designed thematic option.

The formally designed thematic options have been created by interdisciplinary faculty committees under a thematic option alternative. Under the formally designed programs, students are advised by either the coordinator of the track or by a member of its advisory committee. Currently eight formally designed thematic options are offered at Towson: African-American Studies, American Studies, Animal Behavior, Asian Studies, Comparative Ethnic Studies, Latin American Studies, Medieval and Renaissance Studies, and Prelaw. Students interested in any of these formally designed thematic options should contact that option's coordinator.

When none of the traditional majors or these formally designed thematic options meets the student's needs, then the student may pursue the second Interdisciplinary Studies alternative: the individually designed thematic option. This thematic option provides Towson University students with the opportunity to pursue a major that is available at other colleges or universities but that is not available currently at Towson.

Contact the director of Interdisciplinary Studies for further information and for help in finding a faculty adviser with relevant expertise. All individually designed programs must be approved by a faculty adviser and by the director of Interdisciplinary Studies. No unapproved program of study may be used for graduation.

Towson University offers the minor in Business, Communication and the Liberal Arts; Classical Studies; Irish Studies; Jewish Studies; and Lesbian and Gay Studies. These programs are listed under Interdisciplinary Studies because they are interdisciplinary in content and structure. Students in any major may elect to pursue these minors.

For a complete description of these programs, see the College of Liberal Arts.

INTERNATIONAL STUDIES

OFFICE

Linthicum Hall 118H, 410-704-3510 *Director:* James Roberts

The International Studies Program provides a rigorous interdisciplinary curriculum in international affairs that is designed to appeal to students interested in addressing international problems and issues through careers in public service, education, business and nonprofit enterprises. The program also provides excellent preparation for students wishing to pursue graduate education in international studies, law or international business. The program aims to achieve a global perspective through an interdisciplinary network of courses and experience that will lead to a Bachelor of Arts degree in International Studies. The program is administered by a committee composed of representatives from the following disciplines: economics, geography and environmental planning, history, management, modern languages, political science, and sociology-anthropology.

For more information about this program, see the College of Liberal Arts.

LAW AND AMERICAN CIVILIZATION

OFFICE

Linthicum Hall 118B, 410-704-3350 *Director:* Jack Fruchtman

The Law and American Civilization Program introduces students to the study of the law within the context of American history, culture and society. As an interdisciplinary major, it covers six disciplines and includes course work in three others. Towson University students will study with experts in a variety of fields in the law as well as with faculty whose interests are deeply and broadly rooted in the liberal arts.

Each faculty member who teaches in the program gives great attention to students' individual interests and needs.

- Academic and career advising are such essential elements in the program that all students have individual faculty members to turn to for guidance.
- Students have a wide array of choices to make for their course selections.
- Students may engage in internships and practicums in a variety of legal environments, if they choose to do so.
- The faculty focuses particular attention on students' communication skills in writing and speaking.
- The faculty emphasizes critical and analytical thinking skills in the course work of each department participating in the program.
- The faculty is intent on enriching the lives of its students to help them achieve a successful undergraduate career.
- Academic and career planning are essential elements in the program as a cooperative effort between students and faculty.

For more information about this program, see the College of Liberal Arts.

SOCIAL SCIENCES

OFFICE

Linthicum Hall 100A, 410-704-3600

Director: Carl Behm

The Social Sciences Program is an interdepartmental major offering courses from the departments of Economics, Geography, History, Political Science, and Sociology, Anthropology and Criminal Justice.

The program is designed for those students who do not wish to major in a single discipline, but are interested in a broad education, transcending traditional department boundaries. It is useful for those students who plan to enter graduate school for an advanced degree in one of the disciplines of the program; for those students who plan to enter professional schools for a degree in law, social service, or a phase of law enforcement, as well as those students who seek a broad background in preparation for employment in business, industry, or a government agency. It is particularly designed for students planning to teach social studies at the secondary school level.

A director administers the program, and faculty from the departments of Economics, Geography, History, Political Science, and Sociology, Anthropology and Criminal Justice advise students majoring in the program. Policies and requirements for the majors in Social Science are established by an advisory committee composed of representatives from the various disciplines included in the program.

The major offers the student the choice of two Social Science programs: a Social Science major in Secondary Education or a Social Science major in Liberal Arts. The Bachelor of Arts degree may be earned in either Social Science program by adding a foreign language to the major course requirements. The language requirement can be met by completing the intermediate courses of a modern foreign language or its equivalent.

For more information, see the College of Liberal Arts.

WOMEN'S STUDIES

OFFICE

Linthicum Hall 201F, 410-704-2660 Director: Jo-Ann Pilardi

The Women's Studies major is an interdisciplinary program which offers students the opportunity to study the status and roles of women as individuals and as members of society. Courses emphasize both commonalities among women and differences according to race, ethnicity, class and sexual preference. The 39credit major consists of 6 hours of required core curriculum plus 33 hours selected from approved electives. Each program is individually tailored to the needs and interests of the student. Elective courses are offered in women's studies (WMST), anthropology, art, biology, chemistry, economics, electronic media and film, English, geography, health science, history, interdisciplinary studies, kinesiology, music, philosophy, political science, psychology and sociology.

For more information about the undergraduate program, see the College of Liberal Arts. For information about the graduate program, see the Graduate Catalog.

The College of Graduate Education and Research

The team of administrators and staff of the College of Graduate Education and Research is committed to providing outstanding service and premier quality education to all the students it serves.

The Graduate School prepares qualified and dedicated students for career advancement, leadership positions and further graduate study. Its graduate programs satisfy professional and personal needs of students and fulfill the demand for advanced education in the professions. Programs are offered at times convenient to employed students, and many students also take advantage of graduate offerings without enrolling in degree programs. Three applied doctorates, 32 master's degree programs and 15 certificates are available in the fields of education, arts and sciences, and fine arts.

The graduate faculty include recognized scholars and practitioners in many fields who are committed to excellence in teaching in a scholarly environment. The classroom, library, clinical and faculty assets of the graduate programs are supplemented by a community rich in cultural, artistic, social, technological and scientific resources.

ADMISSION

Admission to the Graduate School at Towson University is granted to applicants whose academic and personal qualifications give promise of success in graduate study. The applicant must hold a baccalaureate degree from a regionally accredited college or university and satisfy minimum grade point average requirements.

Students seeking admission to a graduate degree program, or to take courses carrying graduate credit, must apply prior to first enrollment. Applicants must file an application together with all credentials and official transcripts of all college work. Some programs have selection cut-off dates and admit students on a competitive, space-available basis.

Graduate School Office Hours

The Graduate School office is open Monday through Thursday from 8 a.m. to 7 p.m. and Fridays from 8 a.m to 5 p.m. During registration, the office is open in the evening according to the registration schedule. Students may arrange for appointments with the Graduate School staff at other hours.

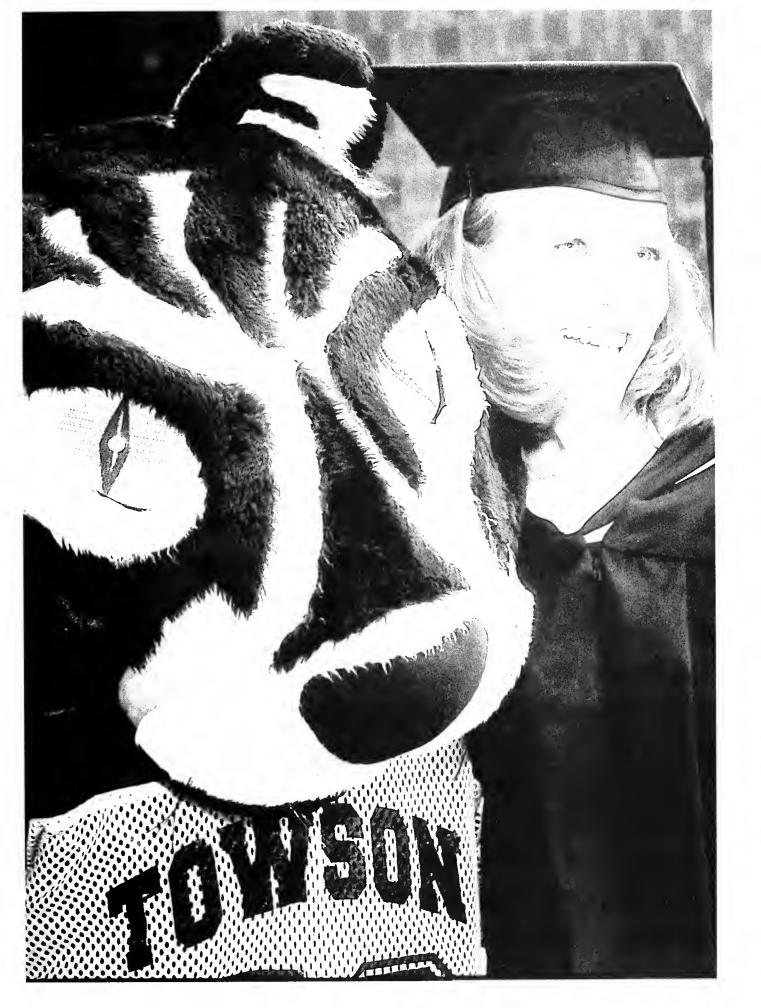

The Graduate Catalog

The Graduate Catalog contains the academic regulations governing graduate studies at Towson University. It also includes information regarding programs, course offerings and the application process. A copy may be obtained by calling or writing to the Graduate School office. A Schedule of Courses booklet, listing dates and times of courses for the coming semester and containing registration material is available on campus or from the Graduate School office immediately prior to registration.

Correspondence and Information

All correspondence and requests for information concerning graduate study should be addressed to: Graduate School

Towson University 8000 York Road Towson, MD 21252-0001 410-704-2501 www.towson.edu/grad grads@towson.edu

The College of Extended Programs

The College of Extended Programs is committed to expanding educational opportunities for various populations in diverse settings across the state and to linking the academic resources of the university to organizations and communities in a variety of extended learning, corporate and business, and community outreach activities. The college includes four units: (a) Extended Learning Enterprises, which is involved with off-campus, weekend, summer session and Minimester programs; (b) The Career Center, which connects students and alumni to potential employers through internships, part-time opportunities, and full-time careers; (c) Older Adult Programs, which include Elderhostel and the Auburn Society; and (d) the Community Engagement Institute, which links university faculty and students to the community to meet community needs, and includes Senior Cyber Net.

The College of Extended Programs

SUMMER SESSION

The summer session includes day and evening terms. Workshops, intensive courses and teacher certification courses are features of the summer session. Graduate courses and a large variety of undergraduate courses increasing to complete the General Education requirements and undergraduate majors are offered as well.

MINIMESTER

The January session, or Minimester, is designed to offer both the student and the professor an opportunity to explore a non-traditional educational experience. Subject matter is usually organized around a highly specific theme. Both the thematic approach and the concentrated time span encourage a depth of study not possible during the regular semester.

Regular graduate and undergraduate courses are offered, as well as independent study, directed readings, practica, travel study, seminars and field study.

The student is restricted to no more than 6 credits per Minimester. Credits for the Minimester are equivalent to credits earned during the regular semester. Graduate students, as well as undergraduate non-degree students and part-time degree candidates, are eligible to register for Minimester.

Fees are assessed on a per-credit basis payable at the time the student registers for the course. Registration times are listed in the publications of the university.

OFF-CAMPUS COURSES

Through the Towson Learning Network (TLN), Towson University offers off-campus programs and courses at a variety of sites, including community colleges and higher education centers.

Education partnerships with community colleges and higher education centers cross the state. For example, Towson currently offers or soon will offer courses at the Harford County Higher Education and Applied Technology (HEAT) Center; The Southern Maryland Higher Education Center (SMHEC) in St. Mary's County; the Owings Mills Center of the Community College of Baltimore County and The Universities at Shady Grove Center in Montgomery County.

For the latest information on courses and seminars offered by Towson University at these centers, please call 410-704-3534.

TELEVISION COURSES

In association with the Maryland Center for Public Broadcasting, courses are offered through the Maryland College of the Air. Students may register for television courses through telephone registration or in-person registration. Consult the *Schedule of Courses*.

CORPORATE UNIVERSITY

Towson University meets the diverse, ongoing educational needs of businesses. TU provides courses that meet the professional development needs of corporate employees and staff development needs of their employers. The Corporate University also meets employees' needs for undergraduate or graduate education for personal advancement. Courses are offered at off-campus locations, as well as work sites. For more information, call 410-704-2631.

OLDER ADULT PROGRAMS

Towson University offers a variety of programs that serve the educational needs of older adults in the community. For more information, call 410-704-3437.

The Elderhostel Program, inspired by the youth hostels and folk schools of Europe, is a network of more than 1,800 colleges and universities that offers special low-cost, short-term residential academic programs for adults over the age of 60. Participants in summer programs are housed in dormitories, take meals in dining halls, and take part in a variety of activities on and off campus. TU Elderhostel also offers additional weeks of programs throughout the year at a commercial facility a short drive from the campus, as well as at sites in Annapolis.

The Auburn Society at Towson University is a nonprofit organization affiliated with Towson University and the Elderhostel Institute Network. A volunteer organization, it provides a unique opportunity for older adults to continue learning at the university level. Members plan, administer and teach courses.

THE CAREER CENTER

Enrollment Services Center 332, 410-704-2233 www.towson.edu/careercenter Information about The Career Center can be found in the University Life section of this catalog.

THE COMMUNITY ENGAGEMENT INSTITUTE

This part of the College of Extended Programs facilitates connections between the community and the talents of Towson University faculty, staff and students.

Senior Cyber Net is a Towson-sponsored project in which older adults, trained in basic computer skills, teach other older adults to use such computer functions as electronic mail. The program is specifically geared to relieve the isolation of homebound seniors. For more information, call 410-704-5570.

Instructional Faculty

The date in brackets is the date of first appointment in the university.

ROBERT ADELSON, Assistant Professor, Music [2000] B.M.M.M., Northwestern University.

DANIEL AGLEY, Assistant Professor, Health Science [1971] B.S., M.S., Indiana University; Ed.D., University of Maryland.

PHILIP S. ALBERT, Assistant Professor, Kinesiology [1968] B.S., University of Arizona.

JOHN R. ALEXANDER, JR., Professor, Computer and Information Sciences

[1976] B.S., Columbia University; M.S., Johns Hopkins University; Ph.D., University of Maryland Graduate School, Baltimore.

GLEN SCOTT ALLEN, Associate Professor, English; Director, Cultural Studies

[1992] B.S., University of Utah; M.A., Boston University; Ph.D., University of Utah.

PATRICIA ALT, *Professor, Health Science* [1987] A.B., Duke University; M.A., Ph.D., University of North Carolina.

BESS ALTWERGER, *Professor, Elementary Education* [1989] B.A., State University of New York, Stony Brook; M.A., Jersey City State College; Ed.D., University of Arizona.

MOSTAFA S. AMINZADEH, *Professor, Mathematics* [1988] B.S., Pahlavi University (Iran); M.S., California State University; Ph.D., Oregon State University

LENA M. AMPADU, Assistant Professor, English [1976] B.A., Howard University; M.A., American University; Ph.D., University of Maryland, College Park.

DAVID ANDERSON, Assistant Professor, Physics, Astronomy and Geosciences [2000] B.S., G.D.E., Ph.D., Queensland University of Technology.

JANET KAY ANDERSON, Associate Professor, Psychology [1977] B.A., University of Portland; M.A., New York University at Madrid (Spain); M.S., Kansas State University; Ph.D., University of Maryland.

VIRGINIA JOHNSON ANDERSON, *Professor, Biological Sciences* [1968] B.S., Lamar State College of Technology; M.Ed., University of Georgia; Ed.D., University of Maryland.

VINCENT A. ANGOTTI, Assistant Professor, Kinesiology [1965] B.S., Lock Haven State College; M.S., West Virginia University.

JAMES M. ANTHONY, Associate Professor, Music [1971] B.M., B.A., University of Arkansas; M.A., University of Michigan; Ph.D., University of Michigan.

POONAM AYRA, Assistant Professor, Reading, Special Education and Instructional Technology [1998] B.S., M.Ed., Delhi University; Ph.D., State University of New York, Buffalo.

ALBERT E. AVERY, Associate Professor, Finance [1987] B.S., M.S.I.A., Ph.D., Purdue University.

EVELYN M. AVERY, *Professor*, *English* [1974] B.A., Brooklyn College; M.A., D.A., Ph.D., University of Oregon.

JEAN F. AYERS, Assistant Professor, Psychology [1993] B.A., Loyola College; Psy.D., Hahnemann University.

SHIVA AZADEGAN, Assistant Professor, Computer and Information Sciences [1992] B.S., University of Tulsa; M.S., Ph.D., University of Minnesota.

HOWARD BAETJER, Visiting Assistant Professor, Economics

[1997] B.A., Princeton University; M.A., University of Edinburgh, Boston College; Ph.D., George Mason University.

GEORGIA O. BAKER, *Professor, Theatre Arts* [1966] B.S., University of Kansas; M.A., Stanford University.

PETER N. BAKER, JR., *Professor*, *English* [1989] A.B., Harvard College; M.A., Johns Hopkins University; Ph.D., Brown University.

CECYLIA BARCZYK, *Professor, Music* [1983] B.M., M.M., Warsaw Conservatory; Postgraduate diploma, Moscow Conservatory; M.M., Yale University.

KENT B. BARNES, Associate Professor, Geography [1990] B.S., Lock Haven State College; M.A., Kent State University; Ph.D., Rutgers, The State University of New Jersey.

CHRISTINA B. BARRICK, Assistant Professor, Nursing [1979] B.S., Towson State University; M.S., University of Maryland, Baltimore; Ph.D., University of Maryland, College Park.

SUSAN BARTELS, Assistant Professor, Psychology [1997] B.A., University of Michigan; M.A., Ph.D., University of Virginia.

CHRISTOPHER E. BARTLETT, Professor, Art; Gallery Director

[1974] Art, Cert. Ed., St. Paul's College, England; B.Ed., Bristol University (England); M.F.A., Syracuse University.

BARBARA KAPLAN BASS, Assistant Professor, English, Director of the Maryland Writing Project [1974] B.A., Montclair State College; M.S., Indiana State University; Ph.D., University of Maryland.

BARRY A. BASS, *Professor*, *Psychology* [1974] B.A., Rutgers University; Ph.D., University of Tennessee.

CELIA J. BASSICH-ZEREN, Assistant Professor, Communication Sciences and Disorders [1992] B.A., M.A., Catholic University of America; A.B.D., University of Maryland.

JOANNA S. BASURAY, Associate Professor, Nursing [1987] RN; B.S., M.S., University of Oklahoma; Ph.D., University of Maryland, College Park.

M. TOM BASURAY, Associate Vice President for Budget and Planning - Academic Affairs; Associate Dean, College of Business and Economics; Professor, Management [1986] B. Com., University of Calcutta (India); M.B.A., Ph.D., University of Oklahoma.

HARRY E. BATES, Professor, Physics, Astronomy and Geosciences

[1977] B.S., Auburn University; M.S., Rollins College; Ph.D., University of Florida.

JANE K. BATES, *Professor*, *Art* [1986] B.A., University of California; M.A., Ed.D., Arizona State University.

JAN BAUM, Assistant Professor, Art [2000] B.F.A., Beaver College; M.F.A., University of Massachusetts at Dartmouth.

GEOFFREY BECKER, Assistant Professor, English [2000] B.A., Colby College; M.F.A., University of Iowa.

ALI BEHFOROOZ, Professor, Computer and Information Sciences

[1987] B.S., M.S., University of Tehran; M.S., Ph.D., Michigan State University.

CARL BEHM III, Acting Associate Dean, College of Liberal Arts; Professor, English [1972] B.A., M.A., Ph.D., University of Maryland.

ERIC A. BELGRAD, *Professor*, *Political Science* [1966] B.A., M.A., Ph.D., Johns Hopkins University.

MARGARET L. BENNER, Instructor, English; Director, Writing Support Program [1989] B.A., Mt. St. Agnes College; M.A., Georgetown University.

SUE BERGAMY-WILLINGER, Lecturer, Reading, Special Education and Instructional Technology [2000] B.S., M.A., Towson University.

DAVID BERGMAN, *Professor*, *English* [1978] B.A., Kenyon College; Ph.D., Johns Hopkins University.

TERRY R. BERKELEY, Professor and Chair, Early Childhood Education

[1995] B.A., The Citadel; M.A., University of North Carolina, Chapel Hill; Ed.D., Harvard University.

CAROL L. BERKOWER, Assistant Professor, Biological Sciences [1998] B.A., University of Chicago; Ph.D., The Johns Hopkins University School of Medicine.

MURRAY R. BERKOWITZ, Visiting Assistant Professor, Computer and Information Sciences [1999] B.S., Polytechnic Institute of Brooklyn; M.A., M.S., Columbia University; D.O., University of Osteopathic Medicine and Health Science.

LINDA BISHAI, Assistant Professor, Political Science [2000] A.B., Harvard University; LL.M., University of Stockholm; Ph.D., M.Sc., London School of Economics and Politics; J.D., Georgetown University Law Center.

KAREN BLAIR, Associate Professor, Reading, Special Education and Instructional Technology [1973] A.B., Hood College; M.Ed., Towson State University; Ph.D., University of Maryland.

ROBERT W. BLAKE, Assistant Professor, Elementary Education [1997] B.S., State University of New York, Albany; M.A.T., Brown University; Ph.D., The University of Illinois at Chicago.

MARY E. BLANN, *Professor, Kinesiology* [1971] B.S., State University College, Cortland; M.Ed., State University of New York, Buffalo; Ph.D., University of Maryland.

RALPH J. BLASTING, Associate Professor and Chair, Theatre Arts

[1989] B.A., B.F.A., Wayne State University; M.A., University of Michigan; Ph.D., University of Toronto.

GARRY BOLAN, Lecturer, Mass Communication and Communication Studies [1999] B.S., Towson State College; M.A., Ohio University.

RENÉ BOOKOFF, Visiting Assistant Professor, Occupational Therapy and Occupational Science [1998] B.S., University of Delaware; M.A., University of Southern California.

FRANCES BOTKIN, Assistant Professor, English [2000] B.A., M.A., Ph.D., University of Illinois, Chicago.

ANDREA BOUCHER, *Professor, Kinesiology* [1970] Diploma in Physical Education, University of Adelaide (Australia); Diploma in Early Childhood Education, Western Teachers College (Australia); M.Ed., Western Washington University; Ph.D., University of Maryland.

LAWRENCE J. BOUCHER, *Professor*, *Chemistry* [1990] B.S., Michigan State University; M.S., Ph.D., University of Illinois, Urbana.

RAOUF N. BOULES, Associate Professor, Mathematics [1990] B.Sc., M.Sc., Alexandria University (Egypt); Ph.D., The Catholic University of America.

SUZANNE S. BOURDESS, Visiting Instructor, Reading, Special Education and Instructional Technology [1999] B.S., York College of Pennsylvania; M.S., Towson University.

BETHANY BRAND, Assistant Professor, Psychology [1998] B.A., University of Michigan; M.A., Ph.D., University of Maryland, College Park.

HELENE BREAZEALE, *Professor, Dance* [1972] B.S., The Juilliard School; M.A., Teachers College, Columbia University; Ph.D., Union Graduate School.

NED BRITT JR., Associate Professor, Kinesiology [1972] B.S., University of Maryland, Eastern Shore; M.Ed., Springfield College; Ed.D., Indiana University.

KATHERINE BROADWATER, Lecturer, Art [1996] B.A., Capital University; M.A., Towson State University.

KENNETH BRODA-BAHM, Assistant Professor, Mass Communication and Communication Studies [1994] B.A., M.A., Western Washington University; Ph.D., Southern Illinois University. LEONIE BROOKS, Assistant Professor, Psychology [2000] B.A., State University of New York, Stonybrook; M.S., Ph.D., Virginia Commonwealth University.

CHERYL BROWN, Assistant Professor, English; Writing Program Coordinator [1999] B.A., M.A., Ph.D., University of Texas at Arlington.

DANIEL BROWN, Associate Professor, Art [1975] B.A., Towson State University; M.F.A., University of Massachusetts.

SARAH BRUCE, Lecturer, Biological Sciences [1999] B.S., Hood College; Ph.D., State University of New York, Albany.

GREGORY W. BRYANT, Associate Professor, Elementary Education

[1989] B.A., Greensboro College; M.Ed., University of North Carolina-Greensboro; Ed.D., Memphis State University.

SHARON BUCHBINDER, Assistant Professor, Health Science [1997] B.A., University of Connecticut; M.A., University of Hartford; Ph.D., University of Illinois.

BARRY BUCHOFF, Assistant Professor, Accounting [1972] B.S., University of Maryland; CPA, State of Maryland; M.B.A., Loyola College; C.F.P., College of Financial Planning.

RACHEL J. BURKS, Associate Professor, Physics, Astronomy and Geosciences [1989] B.S., University of New Orleans; M.A., Ph.D., University

of Texas, Austin.

LILLIAN C. CARTER, Associate Professor, Health Science [1988] B.A., M.A.T., University of South Carolina; Ph.D., Temple University.

THOMAS J. CASCELLA, *Professor*, *Theatre Arts* [1980] A.S., Housatonic College; B.F.A., University of Bridgeport; M.F.A., Yale University.

THOMAS CASCIERO, Associate Professor, Theatre Arts [1990] B.A., Towson State University; C.M.A., Laban Institute; Ph.D., The Union Institute.

RYAN E. CASEY, Associate Professor, Chemistry [2000] B.S., Virginia Polytechnic Institute of Technology; Ph.D., Clemson University.

RAYMOND J. CASTALDI, Associate Professor, Accounting [1970] B.S., Mt. St. Mary's College; CPA, State of Maryland and District of Columbia; M.B.A., George Washington University.

CYNTHIA CATES, Associate Professor, Political Science [1993] B.S., M.S., Illinois State University; Ph.D., University of Maryland, College Park.

CELLESTINE CHEEKS, Associate Professor, Reading, Special Education and Instructional Technology [1978] B.A., Jackson State University; M.L.S., University of Illinois; Ph.D., University of Pittsburgh.

HENRY L. CHEN, Professor, Physics, Astronomy and Geosciences [1965] B.A., Harvard University; M.A., Johns Hopkins University; Ph.D., University of Maryland.

LI CHEN, Assistant Professor, Kinesiology [1999] B.E., Hunan Institute of Physical Education; M.S., Ph.D., Springfield College.

NI CHEN, Assistant Professor, Mass Communication and Communication Studies [1997] B.A., Nanjing Normal University; M.A., Ohio University; Ph.D., Ohio University.

KANG CHENG, Assistant Professor, Accounting [1998] B.L. National Taiwan University; M.B.A., Ph.D., George Washington University; CPA, State of Maryland.

JOHN CHOLLET, *Professor, Mathematics* [1983] B.A., University of California, Berkeley; M.A., San Francisco State University; Ph.D., University of California, Santa Barbara.

ROSE ANN CHRISTIAN, Associate Professor, Philosophy and Religious Studies [1986] B.A., Wells College; Ph.D., University of Pennsylvania.

KAREN CICMANEC, Visiting Assistant Professor, Reading, Special Education and Instructional Technology [2000] B.S., Kansas State; M.A., Hood College; Ph.D., Ohio

University.

ALAN B. CLARDY, Assistant Professor, Psychology
[1998] B.A. University of Houston; M.A., Southern Illinois Uni-

versity, Carbondale; Ph.D., University of Maryland, College Park.

JAMES P. CLEMENTS, Professor, Computer and
Information Sciences

[1989] B.S., University of Maryland, Baltimore County; M.S., Johns Hopkins University; M.S., Ph.D., University of Maryland Graduate School, Baltimore.

ELIZABETH J. CLIFFORD, Assistant Professor, Sociology, Anthropology and Criminal Justice [2000] B.A., University of Toronto; M.A., Ph.D., Northwestern University.

MARION J. COCKEY, Assistant Professor, Sociology, Anthropology and Criminal Justice [1969] A.B., Randolph-Macon Women's College; M.A., University of Tennessee.

JANET E. COGLIANO, Associate Professor, Nursing [1988] RN; Diploma, St. Agnes Hospital School of Nursing, Baltimore; B.S., University of Maryland Baltimore; M.S., D.N.Sc., The Catholic University of America.

JEROME COHEN, Lecturer, Mathematics [1999] B.S., Towson University; M.Ed., Loyola College.

LYNN COLE, Associate Professor, Elementary Education [1989] B.S., M.Ed., Ph.D., University of Maryland.

SONIA COLEMAN, Assistant Professor, Occupational Therapy and Occupational Science [1994] B.S., Towson State University; M.Ed., University of Maryland.

STEPHEN N. COLLIER, Director, Center for Health Policy and Workforce Research; Professor, Health Science [1989] B.A., Emory University; M.A., Ph.D., Georgia State University.

SAMUEL G. COLLINS, Assistant Professor, Sociology, Anthropology and Criminal Justice [1999] B.A., Rice University; M.A., Ph.D., American University.

PHILLIP COLLISTER, Assistant Professor, Music [2001] B.A., Marycrest College; M.M., Northwestern University; D.M.A., University of Maryland.

AUDRA COLVERT, Assistant Professor, Mass Communication and Communication Studies

[1998] B.A., Moorhead State University; M.A., Bowling Green State University; (A.B.D), Ohio University.

JOHN E. CONNOLLY, Associate Professor, English [1970] B.A., University of Scranton; M.A., Ph.D., University of Pennsylvania.

JAMES R. C. COOK, Ill, Associate Professor, English [1980] A.B., Rutgers University; M.A., Ph.D., University of Texas, Austin.

JAMES P. COUGHLIN, *Professor, Mathematics* [1979] B.S., Fordham College, M.A.; Columbia University; Ph.D., University of Colorado.

DONNA COX, Assistant Professor, Health Science [1996] B.A., M.S., Ph.D., University of Maryland, Baltimore County.

STEPHEN CRAFT, *Instructor, Marketing* [2000] B.A., Birmingham Southern College; M.B.A., George Washington College.

LENEIDA CRAWFORD, Assistant Professor, Music [1996] B.S., Virginia Commonwealth University; M.A., California State University, Fresno; D.M.A., University of Maryland.

EVELYN DAILEY, Associate Professor, Reading, Special Education and Instructional Technology [1993] B.S., Frostburg State College; M.Ed., Towson State University; C.A.S.E., Ed.D., Johns Hopkins University.

FRANCES DAMRATOWSKI, Associate Professor, Nursing [1982] RN; Diploma, St. Mary of Nazareth School of Nursing, Chicago; B.S.N., DePaul University; M.S.N., The Catholic University of America; Ph.D., University of Maryland, College Park.

BONNIE DANIEL, Lecturer, Reading, Special Education and Instructional Technology [1999] B.A., University of North Carolina; M.S., Loyola College.

WILLIAM P. DARROW, Associate Professor, Management [1984] B.S., Drexel University; M. Eng., Ph.D., Pennsylvania State University.

DARUSH DAVANI, Professor, Computer and Information Sciences [1985] B.S., University of Jundislapour; M.S., Loyola College; B.S., M.S., D.Sc., George Washington University.

NORDULF W. G. DEBYE, *Professor*, *Chemistry* [1975] B.A., Rice University; Ph.D., Cornell University.

DAVID A. DeCENZO, Director of Partnership Development, College of Business and Economics; Professor, Management [1986] B.A., University of Maryland; M.A., Ph.D., West Virginia University.

MICHAEL J. DECKER, Assistant Professor [1977] B.A., Millersville State College; M.M., Peabody Conservatory of Johns Hopkins University.

ROXANA DELLAVECHIA, Assistant Professor, Elementary Education [2000] B.S., M.S., Towson University; Ph.D., University of Maryland.

KATHERINE DENNISTON, Associate Dean, Center for Science and Mathematics Education; Professor, Biological Sciences [1985] B.A., Mansfield State College; Ph.D., Pennsylvania State University.

DAVID W. DENT, *Professor*, *Political Science* [1972] B.A., M.A., San Diego State College; Ph.D., University of Minnesota.

CHARLES DIERBACH, Associate Professor, Computer and Information Sciences [1991] B.A., Ithaca College; M.S., Ph.D., University of Delaware.

JAMES E. DILISIO, *Professor*, *Geography and Environmental Planning* [1975] B.S., Salem State; M.A., Wayne State University; Ph.D., University of Oklahoma.

JILL DISCORDIA, Visiting Assistant Professor, Chemistry [1999] B.S., Alleghany College; M.Phil., Ph.D., Syracuse University.

NICOLE DOMBROWSKI, Assistant Professor, History [1998] B.A., University of Wisconsin-Madison; M.A., Ph.D., New York University.

JAMES A. DORN, *Professor*, *Economics* [1973] B.S., Canisius College; M.A., Ph.D., University of Virginia.

PAUL H. DOUGLAS, *Professor*, *English* [1969] B.A., University of Connecticut; M.A., University of Oregon; M.Phil., Ph.D., George Washington University.

PAUL R. DOWNING, Assistant Professor, Kinesiology [1998] B.S., Ashland University; M.S.S., United States Sports Academy.

ALFREDA DUDLEY-SPONAUGLE, Lecturer, Computer and Information Sciences [2000] B.S., M.G.A., University of Maryland.

KAREN DUGGER, Professor, Women's Studies; Director, National Center for Curriculum Transformation Resources on Women [1999] B.A., Ph.D., Kent State University.

DON-JOHN DUGAS, Assistant Professor, English [1999] B.A., M.A., Trinity College, University of Dublin; Ph.D., Pennsylvania State University.

EDWIN DUNCAN, Associate Professor, English [1993] B.A., Texas Tech University; M.A., Ph.D., University of Texas.

JOANNE M. DUSEL, Assistant Professor, Kinesiology [1997] B.S., Queens College; M.S., Queens College; Ed.D., Columbia University.

TIMOTHY DWYER, Assistant Professor, Chemistry [2000] B.S., Regis College; Ph.D., Dartmouth Medical School.

J. ELLEN EASON, Associate Dean, College of Health Professions; Professor, Kinesiology [1966] B.S., East Carolina University; M.Ed., University of North Carolina, Greensboro; Ed.D., George Peabody College for Teachers.

COLLEEN EBACHER, Assistant Professor, Modern Languages [1995] B.A., M.A., Marquette University; Ph.D., University of Michigan.

ALAN EDELSTEIN, *Professor*, *Sociology*, *Anthropology and Criminal Justice* [1978] B.A., M.A., Ph.D., City University of New York.

K EDGINGTON, Associate Professor, English [1976] B.A., Ph.D., The American University.

JOHN B. EGGER, *Professor*, *Economics* [1987] B.S., Cornell University; M.A., Southern Methodist University; Ph.D., New York University.

SHARON B. EIFRIED, Assistant Professor, Nursing [1990] RN; Diploma, St. Vincent's Hospital, N.Y.; B.S., Radford University; M.S., Rutgers University; Ph.D., University of Maryland.

LAURA R. ELDRIDGE, Assistant Professor, History [1970] B.A., Wilson College; M.A., Bryn Mawr College.

DIANA EMANUEL, Associate Professor, Communication Sciences and Disorders [1994] B.S., Towson State University; M.S., Ph.D., Pennsylvania State University.

LINDA J. EMERICK, Associate Professor, Elementary Education [2000] B.A., M.A., Georgia State University; Ph.D., University of Connecticut.

LUIS ENGELKE, Assistant Professor, Music [1999] B.M., B.M.E., Florida State University; M.A., Ohio State University; D.M.A., Arizona State University.

KAREN GOLDRICH ESKOW, Associate Professor, Occupational Therapy and Occupational Science and Science/ Family Studies

[1987] B.S., University of Pennsylvania; M.A., Towson State University; Ph.D., University of Maryland.

DEAN R. ESSLINGER, Associate Vice President for Academic Programs; Associate Dean for Faculty Development; Professor, History

[1968] B.A., University of Kansas; M.A., Ph.D., University of Notre Dame.

DANIEL ETTINGER, Assistant Professor, Theatre Arts [1996] B.F.A., Southwest Missouri State University; M.F.A., University of Hawaii.

CHRISTOS C. EVANGELIOU, Professor, Philosophy and Religious Studies [1986] B.A., University of Athens; M.A., Ph.D., Emory University.

THOMAS G. EVANS, Associate Professor, Modern Languages [1967] B.A., University of Rochester; M.A., Johns Hopkins University.

TERRY B. EWELL, *Professor and Chair, Music* [2000] B.A., M.A., Ph.D., University of Washington.

CHARLOTTE E. EXNER, Dean, College of Health Professions; Professor, Occupational Therapy and Occupational Science

[1982] B.S., Ohio State University; M.S., Johns Hopkins University; Ph.D., University of Maryland.

JEFF FAIRBROTHER, Assistant Professor, Kinesiology [2000] B.A., University of California; M.S., California Polytechnic State University; Ph.D., Florida State University.

GREG S. FALLER, *Professor, Electronic Media and Film* [1986] B.S., University of Notre Dame; M.S., Syracuse University; Ph.D., Northwestern University.

MARGARET E. FAULKNER, Associate Vice President for Student Academic Services; Associate Professor, Kinesiology and Psychology

[1970] B.S., West Chester University of Pennsylvania; M.A., Trenton State College; Ed.D., University of Northern Colorado.

STEPHEN M. FEILER, Assistant Professor, Sociology, Anthropology and Criminal Justice [1999] B.A., Franklin and Marshall College; M.A., Ph.D., Tulane University.

J. VAN FENSTERMAKER, *Professor, Economics* [1988] B.S., M.A., Kent State University; Ph.D., University of Illinois.

SUSANNAH FELDMAN, Lecturer, Biological Sciences [1996] B.S., University of Chicago; M.A., Ph.D., Harvard University.

DARLENE FEWSTER, Assistant Professor, Reading, Special Education and Instructional Technology [1994] B.A., University of Maryland Baltimore County; M.A., Loyola College; Ed.D., Johns Hopkins University.

MICHAEL H. FIGLER, *Professor, Psychology* [1971] B.S., University of Wisconsin; M.A., Ph.D., Michigan State University.

JONATHAN FILER, Assistant Professor, Physics, Astronomy and Geosciences [1998] B.S., Haverford College; M.S., Ph.D., University of North Carolina at Chapel Hill.

ROGER W. FINK, Associate Professor, Psychology [1972] B.A., Concordia College; M. Div., Concordia Seminary; M.A., Loyola College; Ph.D., University of Maryland.

VICTOR B. FISHER, Associate Professor, Sociology, Anthropology and Criminal Justice [1961] B.A., Bucknell University.

CHARLES FLIPPEN, Associate Dean, College of Fine Arts and Communication; Associate Professor and Acting Chair, Mass Communication and Communication Studies [1979] B.A., Washington and Lee University; M.A., Ph.D., University of North Carolina.

JAMES W. FLOOD, *Professor and Chair, Art* [1966] B.S., Philadelphia Museum College of Art; M.A., University of Illinois.

JOHN L. FLYNN, *Instructor*, *English*; Coordinator of *Technical Services*, CLA [1989] B.A., M.A., University of Southern Florida; Ph.D., Southern California University.

WILLIAM FORBES, Associate Professor, Kinesiology [1967] B.S., Lock Haven University; M.A., University of Pittsburgh; Ph.D., University of Maryland.

DONALD C. FORESTER, *Professor, Biological Sciences* [1974] B.S., M.S., Texas Tech University; Ph.D., North Carolina State University.

HEATHER FOX, Lecturer, Human Resource Development [2000] B.A., Loyola College; M.S., Ph.D., Virginia Tech.

MARIA P. FRACASSO, Associate Professor and Chair, Psychology [1994] B.S., M.A., Ph.D., Fordham University.

MARTIN FREEDMAN, *Professor, Accounting* [2000] B.S., SUNY at Buffalo; M.S., University of Pennsylvania; Ph.D., University of Illinois.

BARRY FRIEMAN, *Professor, Early Childhood Education* [1970] B.A., M.A., Ed.D., University of Maryland; M.S.W., University of Maryland School of Social Work.

LAWRENCE FROMAN, Associate Professor, Psychology [1980] B.A., City College of New York; M.A., Ph.D., Wayne State University.

JACK FRUCHTMAN JR., Professor, Political Science; Director, Law and American Civilization [1985] B.A., Hobart College; M.A., University of California; Ph.D., Johns Hopkins University.

WOLFGANG FUCHS, Professor, Philosophy and Religious Studies

[1969] B.A., Duquesne University; M.A., Ph.D., Pennsylvania State University.

KARL FUGELSO, Assistant Professor, Art [2000] B.A., University of Virginia; M.A., M. Phil., Ph.D., Columbia University.

NEIL E. GALLAGHER, *Professor and Chair, Health Science* [1970] B.S., University of Dayton; Ed.M., Temple University; Ph.D., University of Maryland.

M. PAZ GALUPO, Assistant Professor, Psychology [1996] B.A., Miami University; M.A., Ph.D., University of Arkansas.

WHITNEY GARCIA, Assistant Professor, Sociology, Anthropology and Criminal Justice [1996] B.S., Towson State University; M.A., Ph.D., University of Maryland Baltimore County.

DEBORAH GARTLAND, Professor, Reading, Special Education and Instructional Technology [1986] B.S.E., Westfield State College; M.Ed., North Adams State College; Ph.D., Pennsylvania State University.

GAIL GASPARICH, Assistant Professor, Biological Sciences [1996] B.S., College of William and Mary; Ph.D., Pennsylvania State University.

GEORGE C. GEORGIOU, *Professor and Chair, Economics* [1980] B.A., Drew University; M.Ph., Ph.D., George Washington University.

BEVERLY GERMAN, Lecturer, Reading, Special Education and Instructional Technology

[2000] B.S., Towson University; M.S., Johns Hopkins University.

ROSALYN V. GHITTER, Professor, Communication Sciences and Disorders

[1976] B.S., Northwestern University; M.A., George Washington University; Ph.D., University of Maryland.

SHARON S. GIBSON-GROSHON, Associate Professor, English [1988] B.A., M.A., Ph.D., University of Louisville.

TIZIANA GIORGI, Assistant Professor, Mathematics [1999] B.S., University of Rome, La Sapienza, Italy; M.S., Ph.D., Purdue University.

JORGE A. GIRO, *Professor, Modern Languages* [1966] Dr. of Law, Universidad de Villanueva (Cuba) and Jose Martí University (Cuba); B.A., M.S., Indiana State University.

CINDY H. GISSENDANNER, *Professor and Chair, History* [1984] B.A., Vassar College; M.A., Ph.D., University of Pennsylvania.

JOHN M. GISSENDANNER, *Professor, English* [1975] B.A., M.S., San Francisco State University; Ph.D., University of California, San Diego.

RICHARD R. GIST, JR., *Instructor, Mass Communication and Communication Studies* [1989] B.A., Swarthmore College; M.S., Syracuse University.

SHANNON GLASGOW, Visiting Assistant Professor, Dance [2000] B.F.A., M.A., Temple University; C.M.A., Laban/Bartenieff Institute University, Utah.

LOREN GLASS, Assistant Professor, English [2000] B.A., University of California, Berkeley; M.A., University of California, Davis; Ph.D., Duke University.

SHARON GLENNEN, Assistant Professor, Communication Sciences and Disorders [1998] B.S., M.S., Purdue University; M.P.A., Ph.D., Pennsylvania State University.

CAROLINA GOMEZ, Assistant Professor, Marketing and Management
[1999] R.S. Meredith College: Ph. D. University of North

[1999] B.S., Meredith College; Ph.D., University of North Carolina.

JIN KANG GONG, Dean, College of Graduate Education and Research and Associate Vice President for Research; Professor, Chemistry

[2000] B.A., East China Normal University; Ph.D., Purdue University.

GEOFFREY R. GOODSON, *Professor, Mathematics* [1989] B.Sc., Hull University; M.Sc., Warwick University (United Kingdom); D.Phil., University of Sussex (United Kingdom).

JOHN M. GOVERN, Associate Professor, Psychology [1989] B.S., Albright College; M.A., Ph.D., Temple University.

JOHN GRANT, Professor, Mathematics; Computer Science [1978] B.S., City College of N.Y.; Ph.D., New York University.

Instructional Faculty

WILLARD GRAVES, Lecturer, Computer and Information Sciences [1998] B.S., Drury College; B.E.S., M.S., Ph.D., Johns Hopkins University.

WILLIAM F. GRAZER, *Professor*, *Marketing* [1987] B.A., Southern Benedictine College; M.B.A., D.B.A., University of Maryland.

DEBORAH L. GREENER, Associate Professor, Nursing [1993] RN; Diploma, Henry Ford Hospital, Detroit; B.S., Wayne State University; M.S., Ph.D., University of Utah.

SUSAN GRESENS, Assistant Professor, Biological Sciences [1995] B.S., State University of New York College, Oneonta; M.S., University of Wisconsin, Madison; Ph.D. University of Chicago.

ALAN E. GRIMSHAW, *Professor and Chair, Finance* [1987] B.S., M.B.A., Northern Illinois University; D.B.A., University of Maryland; CPA, State of Maryland.

HAROLD E. GRISWOLD, *Professor*, *Music* [1969] B.A., Evansville College; M.M., Indiana University; D.M.A., Peabody Conservatory.

KLARA GUBACS, Assistant Professor, Kinesiology [2000] B.A., Hungarian University; M.A., Montclair State University; Ed.D., University of Massachusetts.

University.

JOAN HAAG, Visiting Instructor, Communication Sciences and Disorders
[1995] B.S., James Madison University; M.S., Towson State

KENNETH C. HADDOCK, *Professor and Chair*, *Geography and Environmental Planning* [1977] B.S., State College at Boston; M.A., Ph.D., Michigan State University.

H. GEORGE HAHN, II, *Professor, English* [1965] B.S., Mount St. Mary's College; M.L.A., Johns Hopkins University; M.A., Ph.D., University of Maryland.

SARAH A. HAINES, Assistant Professor, Biological Sciences [1999] B.A., Bucknell University; M.S., Ph.D., University of Georgia.

BETH HALLER, Assistant Professor, Mass Communication and Communication Studies

[1996] B.A., Baylor University; M.A., University of Maryland, College Park; Ph.D., Temple University.

MARILYN TULS HALSTEAD, Assistant Professor, Nursing [1999] R.N. Diploma, Blodgett Memorial Hospital School of Nursing, Grand Rapids; B.S.N., Regents College, University of the State of New York; M.S., University of Delaware; Ph.D., University of Maryland.

DENNIS HAMILTON, Lecturer, Computer and Information Sciences

[1996] B.S., Lawrence Technological University; M.S., Johns Hopkins University.

SETH HAMMER, Assistant Professor, Accounting [1994] B.S., Syracuse University; M.B.A., Baruch College, City University of New York; Ph.D., University of Pittsburgh; CPA, State of Maryland.

WENDY HANKS, Associate Professor, Communication Sciences and Disorders

[2000] B.S., M.C.D., Brigham Young University; Ph.D., Wichita State University.

JAMES HARDIN, Lecturer, Political Science [1996] B.A., Towson University.

CLARINDA HARRISS, *Professor and Chair*, *English* [1982] B.A., Goucher College; M.A., Johns Hopkins University.

CYNTHIA HARTZLER-MILLER, Assistant Professor, Secondary Education

[1999] B.A., Goshen College; B.S., Virginia Commonwealth University; Ph.D., Michigan State University.

GRIFFIN HATHAWAY, Visiting Assistant Professor, Political Science

[1999] B.A., American University; M.A., Ph.D., University of Maryland, College Park.

DUANE HELLELOID, Assistant Professor, Management [1999] B.S., University of Minnesota; Ph.D., University of Washington.

DOUGLAS HERMAN, Assistant Professor, Geography and Environmental Planning

[2000] B.A., Dartmouth College; M.A., Ph.D., University of Hawaii.

JAY HERZOG, Associate Professor, Theatre Arts [1994] B.A., Brooklyn College; M.F.A., University of Massachusetts, Amherst.

EVA J. HESTER, Associate Professor, Communication Sciences and Disorders

[1992] B.S., Texas Woman's University; M.A., San Francisco State University; Ph.D, University of Maryland.

MICHAEL HICKEY, Professor, Reading, Special Education and Instructional Technology

[2000] B.A., M.A., Ph.D., University of Washington, Seattle.

SCOTT HILBERG, Visiting Assistant Professor, Computer and Information Sciences

[2000] M.S., Johns Hopkins University.

CAROLYN HILL, Associate Professor, English [1988] B.A., University of Puerto Rico; M.A., Ph.D., University of Maryland.

RICHARD L. HILTON, JR., Associate Professor, Biological Sciences

[1969] B.A., M.A., University of Connecticut; Ph.D., University of Arizona.

DENNIS E. HINKLE, Dean, College of Education; Professor, Secondary Education

[1993] B.A., Earlham College; M.Ed., M.S., Ph.D., The University of Toledo.

EDWIN A. HIRSCHMANN, Professor, History; Coordinator, Asian Studies

[1969] B.A., Johns Hopkins University; M.A., Pennsylvania State University; M.A., Ph.D., University of Wisconsin.

NORMA HOLTER, *Professor, Accounting* [1985] B.S., M.S., University of Baltimore; Ph.D., George Washington University; CPA, State of Maryland; CIA, Institute of Internal Auditors; C.F.E., Association of Fraud Examiners.

WILLIAM HORNE, Associate Professor, Electronic Media and Film

[1989] B.A., Cambridge University; M.A., Dalhousie University; Ph.D., University of Wisconsin.

CATHERINE HORTA-HAYDEN, Assistant Professor, Dance [2000] B.A., Florida International University; M.F.A., Florida State University.

MARION HUGHES, Assistant Professor, Sociology, Anthropology and Criminal Justice [1998] B.A., Franklin and Marshall College; M.A., Ph.D., University of North Carolina, Chapel Hill.

JAMES C. HULL, *Professor, Biological Sciences* [1976] B.A., Ph.D., University of California, Santa Barbara.

SUSAN C. IMMELT, Assistant Professor, Nursing [1998] B.A., Yale University; B.S.N., Johns Hopkins University; M.S., University of Maryland.

GERALD W. INTEMANN, Dean, College of Science and Mathematics; Professor, Physics, Astronomy and Geosciences [2000] B.S., M.S., Ph.D., Stevens Institute of Technology.

ESIABA IROBI, Assistant Professor, Theatre Arts [2000] B.A., M.A., University of Nigeria; M.A., University of Sheffield; Ph.D., University of Leeds.

STACEY IRWIN, *Instructor, Electronic Media and Film* [1993] B.A., Salem College; M.A., Emerson College; A.B.D., University of Maryland, College Park.

ARNOLD ISAACS, Permanent Part-time Instructor, Political Science [1991] B.A., Harvard University.

J. SUSAN ISAACS, Associate Professor, Art [1993] B.A., M.A., Ph.D., University of Delaware.

BHARAT JAIN, *Professor, Finance* [1992] B.S., Delhi College of Engineering; M.B.A., Ph.D., Pennsylvania State University.

HAIG JANIAN, *Professor, Art* [1970] B.A., M.F.A., Rutgers University.

LIJUN JIN, Assistant Professor, Elementary Education [1999] B.A., M.A., Shanghai Teachers University; Ed.D., Indiana University of Pennsylvania.

CRAIG T. JOHNSON, *Professor, Psychology* [1974] B.A., University of Wisconsin, Madison; M.A., Ph.D., Johns Hopkins University.

KANDICE JOHNSON, Assistant Professor, Health Sciences [1999] B.S., M.S., University of Florida, Gainesville; Ph.D., Indiana University.

L. SCOTT JOHNSON, Associate Professor, Biological Sciences [1994] B.A., St. Olaf College; M.S., Northern Arizona University; Ph.D., University of Calgary.

LYNN JOHNSON, Assistant Professor, History [1995] B.A., M.A., University of Alabama; Ph.D., Washington University.

ROBERT W. JOHNSON, Associate Professor, Physics, Astronomy and Geosciences [1969] B.S., Wayne State University; M.A., University of Michigan; Ed.D., Wayne State University.

DAN L. JONES, *Interim Provost*; *Professor*, *English* [1966] B.A., Ph.D., University of Utah.

PAUL E. JONES, *Professor and Chair, Reading, Special Education and Instructional Technology* [1971] A.B., Pfeiffer College; M.A., Appalachian State University; Ed.D., University of Virginia.

JOAN C. JORDAN, Assistant Professor, Nursing [1981] RN; Diploma, The Johns Hopkins Hospital School of Nursing, Baltimore; B.S.N., M.S., University of Maryland, Baltimore; Ed.D., Morgan State University.

MICHAEL JOTHEN, *Professor, Music* [1993] B.A., St. Olaf College; M.M., Case Western Reserve; Ph.D., Ohio State University.

MAYA KALYANPUR, Associate Professor, Reading, Special Education and Instructional Technology [1994] B.A., St. Stephen's College (India); M.A., Jawaharial Nehru University (India); Ph.D., Syracuse University.

HOWARD S. KAPLON, Associate Professor, Mathematics [1966] B.S., Towson State College; M.S., Ohio State University.

RAMESH KARNE, Associate Professor, Computer and Information Sciences [1995] B.E., Osmania University (India); M.S., University of Wisconsin; Ph.D., George Mason University.

SHOHREH KAYNAMA, Associate Professor and Chair, Marketing [1989] B.A., Towson State University; M.B.A., University of Baltimore; Ph.D., George Washington University.

VICKY KENT, Assistant Professor, Nursing [1999] B.S., William Carey College; M.S., Ph.D., University of Maryland Baltimore.

GARLAND KEESLING, *Professor*, *Marketing* [1989] B.A., University of Georgia; M.A., Appalachian State University; Ph.D., University of Arkansas.

CYNTHIA E. KIELINEN, *Professor and Chair, Nursing* [1989] RN; Diploma, Salem Hospital School of Nursing; B.S., M.S., Boston University; Ed.D., Columbia University Teachers College.

OHOE KIM, *Professor*, *Mathematics* [1972] B.A., Korea University; M.S., Ph.D., University of Rochester.

YANGGON KIM, Assistant Professor, Computer and Information Sciences [1998] B.S., M.S., Seoul National University; Ph.D., Pennsylvania State University.

ALGIN B. KING, *Professor, Marketing* [1987] B.A., University of South Carolina; M.S., New York University; Ph.D., The Ohio State University.

NECHIE R. KING, Associate Professor, Elementary Education [1991] B.A., Antioch College; M.Ed., Harvard Graduate School of Education; Ph.D., University of Wisconsin, Madison.

MUBINA H. KIRMANI, Associate Professor, Early Childhood Education

[1994] B.Ed., M.Ed., University of Nairobi Kenya; C.A.S., Ed.D., Harvard University.

WILLIAM KLEINSASSER, Associate Professor, Music [1992] B.A., University of Oregon; M.M., D.M., Indiana University.

CARL KLOOCK, Lecturer, Biological Sciences [1999] B.S., M.S., University of California; Ph.D., Michigan State University.

JAYE KNUTSON, Associate Professor, Dance [1989] B.S., University of Nevada, Las Vegas; M.A., University of Hawaii, Manoa; C.M.A., Laban/Barlenieff Institute of Movement Studies.

MAJIA J. KO, Visiting Assistant Professor, Health Science [1999] B.A., Case Western Reserve University; M.S.Ed., Temple University; Ph.D., University of Maryland, College Park.

CHANG MIN KONG, *Professor, Economics* [1978] B.A., Seoul National University; M.A., Ph.D., University of Wisconsin.

DONALD J. KOPKA, JR., Assistant Professor, Management [1995] B.A., M.B.A., University of Toledo; Ph.D., George Washington University.

MICHAEL KORZI, Assistant Professor, Political Science [1999] B.A., University of Pittsburgh; M.A., Pennsylvania State University; Ph.D., University of Albany.

RICHARD M. KRACH, *Professor*, *Mathematics* [1987] B.S., M.A., Ph.D., Ohio State University.

THOMAS O. KRAUSE, Associate Professor, Physics, Astronomy and Geosciences [1976] B.S., Massachusetts Institute of Technology; Ph.D., Ohio State University.

ELMER C. KREISEL, JR., Assistant Professor, Physics, Astronomy and Geosciences [1966] B.A., Johns Hopkins University; M.Ed., Loyola College.

THOMAS G. KRUGGEL, Associate Professor, Psychology [1974] B.A., University of Michigan; Ph.D., Wayne State University.

KARLA A. KUBITZ, Assistant Professor, Kinesiology [1997] B.A., University of West Florida; M.S., University of Texas, Dallas; Ph.D., Arizona State University.

MARTHA J. KUMAR, *Professor, Political Science* [1971] B.A., Connecticut College; M.A., Ph.D., Columbia University.

KARL G. LAREW, *Professor, History* [1966] B.A., University of Connecticut; M.A., Ph.D., Yale University.

DAVID LARKIN, *Professor*, *Chemistry* [1973] B. Technology; Ph.D., Loughborough University of Technology; MRSC, Royal Society of Chemistry, London.

MARY LU LARSEN, Professor, Physics, Astronomy and Geosciences

[1974] B.S., Siena Heights College; M.S., Ph.D., Michigan State

MARY ELLEN C. LASHLEY, Associate Professor, Nursing [1986] RN; B.S., Towson State University; M.S., University of Maryland Baltimore; Ph.D., University of Maryland, College Park

BARBARA LASTER, Associate Professor, Reading, Special Education and Instructional Technology [1994] B.S., University of Florida; M.S., Ohio University; Ed.D., Virginia Polytechnic and State University.

KIMBERLY LAUFFER, Assistant Professor, Mass Communication and Communication Studies [2000] B.A., M.A., Michigan State University; Ph.D., University of Florida.

M. BARBARA LAUFER, *Professor and Chair*, Communication Sciences and Disorders [1975] B.S., Towson State College; M.A., Pennsylvania State University; Ph.D., University of Maryland.

LOUISE LAURENCE, *Professor, Economics* [1987] B.S., Ph.D., University of Maryland.

MICHAEL LAVINE, Visiting Assistant Professor, Computer and Information Sciences [1996] B.S., Touro College; M.Sc., City University Business School, London; M.S., Johns Hopkins University.

JAMES C. LAWLOR, *Professor and Chair, Secondary Education* [1971] B.S., Towson State College; M.L.A., Johns Hopkins University; Ph.D., University of Maryland.

JONATHAN LAZAR, Assistant Professor, Computer and Information Sciences [1999] B.B.A., Loyola College; M.S., Ph.D., University of Maryland Graduate School, Baltimore.

LAWRENCE E. LEAK, Associate Professor, Secondary Education

[1994] B.A., St. Mary's College of Maryland; M.Ed., Ph.D., University of Maryland, College Park.

DEBORAH LEATHER, Associate Provost [1992] B.A., College of St. Elizabeth; M.L.S., University of Hawaii; M.B.A., Marymount University; D.B.A., The George Washington University.

ALAN LEBERKNIGHT, Dean, College of Business and Economics [1995] B.S., Indiana University of Pennsylvania; M.B.A., Loyola College, Baltimore.

JEONG-JOON LEE, Assistant Professor, Economics [2000] B.A., Yonsei University; Ph.D., Stanford University.

JUNG-SOOK LEE, Assistant Professor, Mass Communication and Communication Studies [1994] B.A., Busan National University; M.A., University of

[1994] B.A., Busan National University; M.A., University of Illinois at Urbana, Champaign; Ph.D., University of Wisconsin, Madison.

KANGOH LEE, *Professor*, *Economics* [1990] B.A., M.A., Seoul National University; Ph.D., University of Illinois.

LENA B. LEE, Assistant Professor, Nursing [1974] RN; B.S.N., Tuskegee Institute; M.S., University of Maryland, Baltimore.

BEVERLY C. LEETCH, Interim Dean, College of Liberal Arts; Associate Professor, Modern Languages [1973] B.A., Maryland Baldwin College; M.A., Ph.D., Johns Hopkins University.

SUZANNE LEGAULT, Associate Professor, English [1975] B.A., Hunter College; M.S., Ph.D., Georgetown University.

M. BARBARA LEONS, Professor, Sociology, Anthropology and Criminal Justice

[1970] B.A., Brandeis University; M.A., Ph.D., University of California, Los Angeles.

JONATHAN LESHNOFF, Assistant Professor, Music [2001] B.A., Johns Hopkins University; B.M., Peabody Conservatory of Music; M.M., Peabody Conservatory of Music; D.M.A., University of Maryland.

PETER LEV, *Professor, Electronic Media and Film* [1983] B.A., Wesleyan University; M.A., Ph.D., University of California, Los Angeles.

STEVEN LEV, Assistant Professor, Physics, Astronomy and Geosciences

[2000] B.S., Dickinson College; M.S., University of Cincinnati; Ph.D., SUNY at Stonybrook.

NANCY LEVY, Lecturer, Reading, Special Education and Instructional Technology [1999] B.S., University of Chicago; M.S., Towson University; Ph.D., Johns Hopkins University.

DORIS LIDTKE, *Professor*, *Computer and Information Sciences* [2000] B.S., Ph.D., University of Oregon.

THOM LIEB, Associate Professor, Mass Communication and Communication Studies

[1990] B.A., Point Park College; M.S., Syracuse University; Ph.D., University of Maryland.

HARVEY LILLYWHITE, *Professor*, *English* [1984] M.A., Columbia University; Ph.D., University of Utah.

LING LI, Associate Professor, Economics [1994] B.A., Wuhan University; M.A., University of Pittsburgh; M.A., Wuhan University; Ph.D., University of Pittsburgh.

GEORGE LINDLEY IV, Assistant Professor, Communication Sciences and Disorders [1999] B.S., Pennsylvania State University; M.S. (A.B.D), University of Pittsburgh.

JOYCE CURRIE LITTLE, Professor, Computer and Information Sciences

[1981] B.S., Northeast Louisiana State University; M.S., San Diego State University; Ph.D., University of Maryland; CCP, CDP.

LEPING LIU, Assistant Professor, Reading, Special Education and Instructional Technology [1998] B.S., University of Science and Technology of China; M.S., Ph.D., University of Nevada, Reno.

MARAVENE LOESCHKE, Dean, College of Fine Arts and Communication; Professor, Theatre Arts [1970] B.S., M.Ed., Towson State College; Ph.D., Union Graduate School.

BRENDA LOGUE, *Professor, Mass Communication and Communication Studies* [1970] B.S.J., West Virginia University; M.S., Purdue University; Ph.D., Ohio University.

EDDIE L. LOH, *Professor*, *Physics*, *Astronomy and Geosciences* [1969] B.S., Virginia Polytechnic Institute; Ph.D., Johns Hopkins University.

CHAO LU, Professor and Chair, Computer and Information Sciences [1990] B.S., Shandong University; M.S., City University of New York; Ph.D., City University of New York.

DIANE LUCHESE, Assistant Professor, Music [1999] B.M., Manhattan School of Music; M.M., New England Conservatory; Ph.D., Northwestern University.

FROMA LUSTMAN, Lecturer, Mathematics [1999] B.S., Downstate Medical, New York; M.S., Johns Hopkins University.

JANE MAAS, Visiting Assistant Professor, Accounting [1996] B.S., University of Baltimore; M.S., University of Baltimore (Taxation); CPA, State of Maryland.

JOHN L. MacKERRON, Associate Professor, Electronic Media and Film

[1971] B.S., State University of New York, Fredonia; M.S., Ed.D., Syracuse University.

BONNIE MACKEY, Assistant Professor, Elementary Education [2000] B.A., Mary Washington College of the University of Virginia; M.Ed., University of Texas at El Paso; Ph.D., Texas A&M University.

JUDITH MACKS, Lecturer, Mathematics [1996] B.A., Western Maryland College; M.Ed., Loyola College.

CRISTINA MAGALDI, Assistant Professor, Music [1998] B.A., University of Brazil; M.M., University of Reading; Ph.D., University of California, Los Angeles.

LINDA R. MAHIN, Associate Professor, English [1987] M.A., Ph.D., University of Illinois; M.S., University of Baltimore.

MAN C. MALOO, Associate Professor, Accounting [1988] Bachelor of Commerce, College of Commerce (India); Master of Commerce, University of Rajasthan (India); M.B.A., Atlanta University; D.B.A., Florida State University.

JOHN MANCINI, *Lecturer, History* [1987] B.S., Towson University; M.A., Ph.D., Catholic University of America.

LUZ MANGURIAN, *Professor, Biological Sciences* [1989] B.S., University of Pittsburgh; M.S., American University; Ph.D., George Washington University.

JOHN MANLOVE, *Professor*, *Theatre Arts* [1967] B.A., Reed College; M.A., DePauw University; Ph.D., University of Minnesota.

SUSAN LESLIE MANN, Associate Professor, Dance [1989] B.A., University of Texas, Austin; M.F.A., University of North Carolina, Greensboro.

THOMAS J. MARONICK, *Professor, Marketing* [1987] B.A., St. Thomas Seminary; M.S., University of Denver; D.B.A., University of Kentucky.

CHARLES L. MARTIN, JR., *Professor, Accounting* [1988] B.S., University of Maryland; M.S., D.B.A., The George Washington University; CPA, State of Maryland.

ROBERT J. MARTIN, Assistant Professor, Kinesiology [2000] B.S., Temple University; M.Ed., Ed.D., Columbia University Teachers College.

TONI MARZOTTO, *Professor, Political Science* [1975] B.A., University of California, Berkeley; M.A., Ph.D., University of Connecticut, Storrs.

BRIAN S. MASTERS, Associate Professor, Biological Sciences [1989] B.S., Ph.D., University of Florida.

RONALD J. MATLON, *Professor, Mass Communication and Communication Studies* [1987] B.A., Indiana State University; M.S., Ph.D., Purdue University.

JONATHAN F. MATTANAH, Assistant Professor, Psychology [1999] B.A., Yale University; M.A., Ph.D., University of California at Berkeley.

TONIA MATTHEWS, *Lecturer, Art* [1993] B.F.A., Indiana University; M.F.A., Louisiana State University.

COY L. MAY, *Professor*, *Mathematics* [1979] B.A., University of Texas; M.A., University of California, Los Angeles; Ph.D., University of Texas.

GEORGE J. McCOOL, Associate Professor, Modern Languages [1990] B.A., University of Scranton; Licence es lettres, Université de Reims; M.A., Ph.D., Cornell University.

DONALD McCULLOH, Senior Lecturer, Management [1968] B.A., The Citadel; M.A., George Washington University.

MARK P. McELREATH, Associate Professor, Mass Communication and Communication Studies [1987] B.A., University of Houston; M.A., Ph.D., University of Wisconsin, Madison.

WAYNE McKIM, *Professor, Geography* [1971] B.A., M.A., Michigan State University; Ph.D., Northwestern University.

ROBERT McLAUGHLIN, Lecturer, Reading, Special Education and Instructional Technology [1996] B.A., West Virginia Wesleyan College; M.S., Wesley Theological Seminary.

JOHN C. McLUCAS, *Professor*, *Modern Languages* [1984] B.A., Wesleyan University; M.A., Ph.D., Yale University.

JOAN D. McMAHON, *Professor*, *Human Resource Management* [1973] B.S., M.A., University of Maryland; Ed.D., George Washington University.

SALLY J. McNELIS, *Lecturer, Secondary Education* [1997] B.S., Loyola College, Maryland; M.A., University of Maryland, College Park.

SANDRA HANSON McPHERSON, Assistant Professor, Economics

[2000] B.A., Bemidji State University; M.A., Ph.D., Indiana University.

WILLIAM H. MECHLING, Assistant Professor, Biological Sciences

[1967] B.S., M.A., M.Ed., University of Missouri.

GABRIELE MEISELWITZ, Visiting Assistant Professor, Computer and Information Sciences [1999] B.S., Technical College of Hamburg; M.S., Towson University.

JEFFREY A. MELLO, *Professor and Chair, Management* [2001] B.S.B.A., Boston University School of Management; M.B.A., Ph.D., Northeastern University.

EVA MENGELKOCH, Assistant Professor, Music [1999] B.A., Folkwang Hochschule; M.M., Ph.D., Indiana University.

MARY BETH MERRYMAN, Assistant Professor, Occupational Therapy and Occupational Science

[1996] B.S., Ohio State University; M.S., Towson State University.

JEFFREY A. MICHAEL, Assistant Professor, Economics [1999] A.B., Hamilton College; M.S., University of Maine; Ph.D., North Carolina State University.

PAUL MIERS, Associate Professor, English [1988] B.A., M.A., Texas Christian University; Ph.D., University of Missouri, Columbia.

FRANK R. MILIO, *Professor*, Chemistry [1965] B.S., M.S., University of Maryland.

ALLAN R. MILLER, Associate Professor, Marketing [1989] B.A., Marietta College; M.B.A., University of Puget Sound; D.B.A., University of Tennessee; M.A., New School for Social Research.

BARRY W. MOORE, Associate Professor and Chair, Electronic Media and Film [1978] B.A., M.A., Pennsylvania State Unversity; Ph.D., University of Michigan.

JOHN M. MORGAN, III, Professor, Geography and Environmental Planning [1984] B.S., M.A., Towson State University; Ph.D., University of Maryland.

PAMELA MORGAN, Visiting Assistant Professor, Elementary Education

[2000] B.S., Coppin State College; M.A., College of Notre Dame of Maryland.

BRUCE MORTENSON, Assistant Professor, Psychology [1999] B.S., Plattsburgh State SUNY; M.A., Psy.S., Galludet University; M.A., Ph.D., Louisiana State University.

WILLIAM J. MOULDS, Visiting Associate Professor, Mathematics

[1990] B.A., Johns Hopkins University; M.A., Indiana University; Ph.D., University of Maryland.

PAULA MOZEN, Assistant Professor, Electronic Media and Film

[1999] B.F.A., University of Utah; M.F.A., San Francisco State University.

ALICIA MUELLER, Associate Professor, Music [2000] B.S., Tennessee Technological University; M.S., University of Illinois, Ed.D., Arizona State University.

KEVIN MUMFORD, Assistant Professor, History [2000] B.A., University of Wisconsin, Madison; M.A., Ph.D., Stanford University.

DENNIS C. MUNIAK, Associate Professor, Political Science [1989] B.A., State University of New York, Buffalo; M.R.P., Ph.D., Syracuse University.

LYNNE MURPHY, Lecturer, Occupational Therapy and Occupational Science [1999] B.S., M.S., Towson State University.

TIMOTHY MURPHY, Assistant Professor, Music [1999] B.M.A., M.M.A., Peabody Conservatory, Johns Hopkins University.

JOHN J. MURUNGI, *Professor and Chair, Philosophy and Religious Studies* [1969] B.A., Beloit College; M.A., Ph.D., Pennsylvania State University; J.D., University of Maryland Law School.

SIRI NADLER, Assistant Professor, Art [2000] B.F.A., M.F.A., Tyler School of Art, Temple University.

BARINDRA N. NAG, *Professor, Management* [1987] B.Tech., M.Tech., University of Calcutta (India); Ph.D., University of Maryland.

JANE NEAPOLITAN, Assistant Professor, Elementary Education

[1999] B.A., Sacred Heart University; M.S., University of Bridgeport; Ed.D., Columbia University.

JAY NELSON, Associate Professor, Biological Sciences [1993] B.A., B.S., University of Washington; M.S., Ph.D., University of Wisconsin, Madison.

BENJAMIN A. NEIL, Associate Professor, Accounting/ Business Law

[1990] B.A., University of Baltimore; M.S., Morgan State University; J.D., University of Baltimore.

H. WAYNE NELSON, JR., Assistant Professor, Health Science [1998] B.A., M.A., Portland State University; M.A., California State University; M.B.A., City University; Ph.D., Oregon State University.

GLORIA A. NEUBERT, *Professor, Secondary Education* [1972; 1980] B.S., M.Ed., Towson State University; Ph.D., University of Maryland.

FLORENCE NEWMAN, Associate Professor, English [1987] B.A., M.A., University of Virginia; Ph.D., Cornell University.

RICHARD NG, Assistant Professor, Mathematics [1999] B.S., University of Hong Kong; Ph.D., Rutgers University.

HOWARD L. NIXON II, Acting Dean, College of Extended Programs; Professor, Sociology, Anthropology and Criminal Justice

[1995] B.A., Lehigh University; Ph.D., University of Pittsburgh.

DORIS NOVAK, Lecturer, Reading, Special Education and Instructional Technology [2000] B.S., University of Maryland, College Park; M.S., Johns Hopkins University.

MICHAEL O'LEARY, Assistant Professor, Mathematics [1998] B.S., Benedictine University; M.S., Ph.D., Northwestern University.

LARRY K. OLSEN, *Professor*, *Health Science* [1997] B.S., M.A.T., Lewis and Clark College; M.P.H., University of California, Berkeley; Dr. P.H., University of California, Los Angeles.

SAMSON A. OMOTOSHO, Assistant Professor, Nursing [1999] R.N. Diploma, School of Nursing, Ibadan, Nigeria; B.Sc., University of Ibadan; M.A., University of Life, Nigeria; Ph.D., University of Maryland.

MICHAEL T. O'PECKO, *Professor*, *Modern Languages* [1973] B.A., Pennsylvania State University; M.A., Ph.D., Johns Hopkins University.

MELISSA A. OSBORNE, Assistant Professor, Economics [2000] B.A., Williams College; Ph.D., University of Massachusetts.

JACK D. OSMAN, *Professor*, *Health Science* [1971] B.S., West Chester State College; M.A., University of Maryland; Ph.D., Ohio State University; M.A.-Theology, St. Mary's Seminary.

STEPHEN PALLETT, Visiting Instructor, Communication Sciences and Disorders [1991] B.A., University of Maryland; M.S., Towson State University.

FREDERICK J. PARENTE, *Professor*, *Psychology* [1975] B.A., California State University; M.A., Ph.D., University of New Mexico.

GAIL P. PARR, Associate Professor, Kinesiology [1987] B.S., Towson State University; M.S., University of Delaware; Ph.D., University of Maryland, College Park.

HARVEY PAUL, *Professor, Economics* [1966] B.A., Brooklyn College; Ph.D., State University of New York, Buffalo.

JAMES R. PAULSEN, *Professor*, *Art* [1969] B.A., Western Illinois University; M.A., Northern Illinois University; M.F.A., University of Delaware.

HERBERT PETRI, *Professor*, *Psychology* [1971] A.B., Miami University; M.A., Ph.D., Johns Hopkins University.

GERALD PHILLIPS, Associate Professor, Music [1971] B.S., Central Michigan State University; M.A., University of Cincinnati; Ph.D., Temple University.

STEVEN PHILLIPS, Assistant Professor, History [1999] B.A., George Washington University; Ph.D., Georgetown University.

PATRICIA PIERSON, Lecturer, Communication Sciences and Disorders [2000] B.A., State University of New York, Buffalo; M.S., State University of New York, Albany.

Instructional Faculty

JO-ANN PILARDI, Professor and Director, Women's Studies; Professor, Philosophy and Religious Studies [1969] B.A., Duquesne University; M.A., The Pennsylvania State University; Ph.D., Johns Hopkins University.

SHARMA PILLUTLA, Associate Professor, Management [1993] B.Tech., Banaras Hindu University; M.M.S, University of Bombay; Ph.D., Syracuse University.

RONN PINEO, Associate Professor, History [1988] B.A., California State University; M.A., Ph.D., University of California, Irvine.

HARRY PIOTROWSKI, *Professor*, *History* [1966] B.S., State University of New York; Ph.D., Syracuse University.

DEBORAH M. PIPER, Affiliate Instructor, Secondary Education [1999] B.A., University of Maryland, Baltimore County; M.A.,

University of Maryland, College Park.

ED PIPER, Lecturer, Management [2000] B.A., University of Baltimore; M.S., Johns Hopkins University.

CAROL PIPPEN, Instructor, English; Director of ESOL Writing Support [1980] B.A., Washington College; B.S., University of Maryland; M.A., University of Maryland; Ph.D., University of Pennsylvania.

SHARON PITCHER, Lecturer, Reading, Special Education and Instructional Technology [1999] B.S., M.S., Towson State University; Ph.D., University of Maryland.

ROBERT A. PITMAN, Associate Professor, Art [1972] B.S., M.Ed., Towson State College; M.F.A., Maryland Institute College of Art.

AMY PLEET, Assistant Professor, Reading, Special Education and Instructional Technology [2000] B.A., University of Delaware; M.S., Johns Hopkins University; Ed.D., George Washington University.

DARCY PLYMIRE, Assistant Professor, Kinesiology [2000] B.S., Ohio University; M.S., University of California-Davis; Ph.D., University of Iowa.

ROGER L. POIRIER, *Professor, Modern Languages* [1968] Ph.D., Johns Hopkins University.

JOSEPH POMYKALA, Visiting Assistant Professor, Economics [1998] B.A., University of Maryland, College Park; Ph.D., University of Pennsylvania.

JOAN M. PORTS, Lecturer, Early Childhood Education [1995] B.S., M.Ed., Towson State University.

KAREN W. POTTASH, Clinical Administrator, Communication Sciences and Disorders [1999] B.S., Towson State University; M.A., Case Western Reserve University.

RICHARD S. PREISLER, Associate Professor and Chair, Chemistry [1982] Sc.B., Brown University; Ph.D., Stanford University. ALAN J. PRIBULA, Associate Professor, Chemistry [1976] B.S., Bucknell University; Ph.D., University of Illinois, Urbana.

DENNIS PRICE, Associate Professor and Chair, Dance [1988] B.F.A., M.F.A., Florida State University; Martha Graham Pedagogy Certification.

THOMAS D. PROFFITT, Associate Dean, College of Education; Associate Professor, Secondary Education [1990] B.A., Towson State College; M.A., Morgan State College; Ed.D., University of Maryland, College Park.

DOUGLAS PRYOR, Associate Professor and Acting Chair, Sociology, Anthropology and Criminal Justice [1996] B.S., M.A., Northern Arizona University; Ph.D., Indiana University.

ROBYN QUICK, Assistant Professor, Theatre Arts [1998] B.A., Western Maryland College; M.A., Kent State University; Ph.D., University of Michigan.

JOAN RABIN, Associate Professor, Psychology [1971] B.A., Queens College; Ph.D., State University of New York, Buffalo.

SUSAN RADIUS, *Professor*, *Health Science* [1981] A.B., Vassar College; M.Ed., Goucher College; Ph.D., Johns Hopkins University.

MOOLATHODY R. RAJESWARI, Assistant Professor, Physics, Astronomy and Geosciences [2001] M.S., Birla Institute of Science; Ph.D., Indian Institute of Science.

LEA A. RAMSDELL, Assistant Professor, Modern Languages [1999] B.A., Clarke College; M.A., University of Iowa; M.A., University of Texas at Austin; Ph.D., University of New Mexico.

PAUL RARDIN, Associate Professor, Music [1993] B.A., Williams College; M.M., D.M.A., The University of Michigan.

DALE RAUSCHENBERG, *Professor*, *Music* [1966] B.M.E., Youngstown University; M.M., Indiana University.

BINA D. RAVAL, Assistant Professor, Psychology [1969] B.A., Bihar University; M.A., Ph.D., Catholic University of America.

J. DAVID RAWN, *Professor, Chemistry* [1974] B.S., Capital University; Ph.D., Ohio State University.

S. MAGGIE REITZ, Associate Professor and Chair, Occupational Therapy and Occupational Science [1990] B.S., M.S., Towson State University; Ph.D., University of Maryland, College Park.

JOYCE SCHWARTZ REITZEL, *Professor*, Communication Sciences and Disorders [1965] B.S., M.A., Ohio University; Sc.D., Johns Hopkins University.

NANCY RENMAN, Assistant Professor, Elementary Education [2000] B.A., Boise State University; M.A., Virginia Polytechnic Institute; Ph.D., New York University.

REYNALDO REYES, *Professor, Music* [1967] B.M., Santo Tomas University; M.M., Peabody Conservatory.

MOON-WHOAN RHEE, Associate Professor, Finance [1989] B.A., Seoul National University; M.A., M.B.A., University of Rochester; Ph.D., University of Maryland, College Park.

THOMAS A. RHOADS, Assistant Professor, Economics [1999] B.S., Lebanon Valley College; M.A., University of Delaware; Ph.D., University of Wyoming.

CANDICE L. RIDLON, Assistant Professor, Mathematics [1999] B.S., Florida State University; M.S., Voldosta State University; Ph.D., Florida State University.

JULIE E. RIES, Professor, Communication Sciences and Disorders

[1980] B.S., Towson State University; M.A., University of Pittsburgh; Sc.D., Johns Hopkins University.

MARLENE RILEY, Visiting Assistant Professor, Occupational Therapy and Occupational Science [1994] B.S., Towson State University; M.M.S., Loyola College.

MARTIN ROBERGE, Assistant Professor, Geography and Environmental Planning [1999] B.A., SUNY at Binghamton; M.S., University of South Carolina; Ph.D., Arizona State University.

JAMES C. ROBERTS, Associate Professor and Chair, Political Science; Director, International Studies [1989] B.A., Ohio State University; M.A., Ph.D., American University.

KAREN ROBERTSON, Professor, Elementary Education [1999] B.S., M.A., Ohio State University; Ph.D., University of Iowa.

GERALD D. ROBINSON, *Professor, Biological Sciences* [1977] B.A., Lock Haven State College; Ph.D., Pennsylvania State University.

PAULETTE ROBINSON, Assistant Professor, Reading, Special Education and Instructional Technology [2000] B.A., University of Hawaii; M.A., University of San Francisco; Ph.D., University of Maryland, College Park.

JUANITA ROCKWELL, *Professor*, *Theatre Arts* [1994] B.A., Colorado College; M.F.A., University of Connecticut.

PATRICIA ROMERO, *Professor*, *History* [1989] B.A., Central State University; M.A., Miami University; Ph.D., Ohio State University.

WILLIAM R. ROSE, Assistant Professor, Mathematics [1972] B.A., Queens College; M.A., University of Illinois; M.A., University of Maryland.

RICHARD B. ROSECKY, Associate Professor, Marketing [1990] B.S., Drexel University; M.B.A., Wharton Graduate Division, University of Pennsylvania; Ph.D., University of Maryland.

DONALD L. ROSENBERG, *Professor, Accounting* [1984] B.S., M.B.A., University of Maryland; M.S., J.D., University of Baltimore; CPA, State of Maryland; C.M.A.; C.D.P.

DOUGLAS N. ROSS, Associate Professor, Management [1990] B.A., B. Comm., University of Saskatchewan; M.B.A., University of Denver; Ph.D., University of Colorado.

DANA ROTHLISBERGER, Associate Professor, Music [1983] B.M.Ed., M.M., East Texas State University; Ph.D., University of Maryland, College Park.

FRANCES ROTHSTEIN, *Professor*, *Sociology*, *Anthropology* and *Criminal Justice* [1974] B.A., Queens College; Ph.D., University of Pittsburgh.

JOSEPH R. RUDOLPH, JR., *Professor, Political Science* [1986] B.A., M.A., Ph.D., University of Virginia.

FRANCIS RUGEMER, JR., Lecturer, Finance [1998] B.A., Johns Hopkins University; M.B.A., Loyola College; M.A., College of Notre Dame of Maryland; C.F.A.

CARL A. RUNK, Assistant Professor, Kinesiology [1967] B.S., M.Ed., University of Arizona.

PATRICIA RYAN, Lecturer, Reading, Special Education and Instructional Technology [1999] B.S., M.S., Towson State University.

RODERICK N. RYON, *Professor, History* [1965] A.B., Western Maryland College; M.A., Ph.D., Pennsylvania State University.

LEV R. RYZHKOV, Assistant Professor, Chemistry [1995] B.S., Stevens Institute of Technology; Ph.D., Brown University.

WILLIAM SADERA, Assistant Professor, Reading, Special Education and Instructional Technology [2000] B.S., City University of New York; M.S., Ph.D., Iowa State University.

KATIA SAINSON, Assistant Professor, Modern Languages [1999] B.A., Barnard College; M.A., Ph.D., New York University.

JEFFREY L. SANDERS, *Professor, Psychology* [1968] B.A., Towson State University; M.A., University of Texas, Austin; Ph.D., George Washington University.

DOUGLAS SANFORD, Visiting Assistant Professor, Management [2000] B.A., Colgate University; M.A., State University of New York, Buffalo; Ph.D., University of Michigan.

STEVE SATTA, Assistant Professor, Theatre Arts [2000] B.F.A., New York University; M.F.A., York University.

STEPHEN SCALES, Assistant Professor, Philosophy [1995] B.A., New School for Social Research; M.A., Ph.D., University of California, San Diego.

AUBREY G. SCARBROUGH, *Professor, Biological Sciences* [1970] B.S., M.S., Arkansas State University; Ph.D., University of Illinois.

DAVID SCHAEFER, Associate Professor, Physics, Astronomy and Geosciences [1995] B.S., Towson State University; M.S., Ph.D., Purdue University.

ANDREW D. SCHIFF, Associate Professor, Accounting [2000] B.A., Colgate University; M.S., SUNY at Albany; M.B.A., Ph.D., Rutgers University; C.P.A., State of New York.

CARL B. SCHMIDT, *Professor*, *Music* [1994] B.A., Stanford University; M.M., Ph.D., Harvard University.

CHARLES J. SCHMITT, Assistant Professor, Computer and Information Sciences [1973] B.E., M.S., Vanderbilt University; CDP; CCP.

CHARLES SCHMITZ, Assistant Professor, Geography and Environmental Planning [1999] B.S., M.A., Ph.D., University of California at Berkeley.

MYRON I. SCHOLNICK, *Professor*, *History* [1967] B.A., American University; M.A., Ph.D., University of Maryland.

CHERYL SCHROEDER-THOMAS, Lecturer, Computer and Information Sciences [2000] M.S., Johns Hopkins University.

RALPH C. SCOTT, *Professor*, *Geography and Environmental Planning* [1974] B.S., M.S., Florida State University; Ph.D., University of Georgia.

ERIK P. SCULLY, *Professor, Biological Sciences* [1978] B.S., Fordham University; Ph.D., University of Rhode Island.

MIRIAM SEALOCK, Assistant Professor, Sociology, Anthropology and Criminal Justice [2000] B.A., M.A., Ph.D., University of Maryland, College Park.

W. MICHAEL SEGANISH, Associate Professor, Accounting/ Business Law [1970] B.S., M.B.A., University of Maryland; J.D., University of Baltimore School of Law.

DEBORAH SHALLER, Instructor, English; Director, Writing Lab

[1983] M.A., Ph.D., University of Maryland, College Park.

VONNIE SHIELDS, Assistant Professor, Biological Sciences [2000] B.S., Ph.D., University of Regina.

KIM SHIFREN, Assistant Professor, Psychology [1998] B.A., University of Maryland Baltimore County; M.A., Ph.D., Syracuse University.

LAWRENCE H. SHIRLEY, Associate Professor, Mathematics [1989] B.S., California Institute of Technology; M.Ed., University of Illinois; Ph.D., Ahmadu Bello University (Nigeria).

ROBERT E. SHOEMAKER, *Professor, Biological Sciences* [1967] B.A., Carleton College; M.S., Ph.D., University of Minnesota.

BROOKS SHUMATE, Lecturer, Computer and Information Sciences

[2000] B.S., Towson University; M.S., Johns Hopkins University.

MARTHA J. SIEGEL, *Professor and Chair, Mathematics* [1971] B.A., Russell Sage College; M.A., Ph.D., University of Rochester.

ERIK P. SILLDORFF, Assistant Professor, Biological Sciences [1998] B.A., Ph.D., University of Delaware.

DANIEL D. SINGER, *Professor, Finance* [1990] B.S., Rider College; M.S., State University of New York; Ph.D., University of Colorado.

JAN D. SINNOTT, *Professor, Psychology* [1978] B.A., St. Louis University; M.A., Ph.D., Catholic University.

ELIZABETH SKINNER, Assistant Professor, Mass Communication and Communication Studies [1998] B.A., University of Kansas; M.A., Southwestern Missouri State University; (ABD), Wayne State University.

ELENA SKITTLE-WATSON, Lecturer, Occupational Therapy and Occupational Science [1999] B.S., Temple University; M.A.S., Johns Hopkins University.

ROBERT L. SLEVIN, Associate Professor, Kinesiology [1970] B.S., Ball State University; M.S., Baylor University; Ed.D., Louisiana State University.

JAMES W. SMITH, Associate Professor, Computer and Information Sciences [1967] A.B., University of Rochester; M.A., State University of New York; M.S., Johns Hopkins University.

LOUISE W. SMITH, *Professor, Marketing* [1984] B.A., University of Delaware; M.E., M.B.A., Harvard University; Ph.D., University of Maryland.

ROBERT F. SMITH, *Professor*, *Elementary Education* [1990] B.S., M.A., Ph.D., Fordham University.

WILLIAM P. SMITH, Associate Professor, Management [1988] B.S., University of Nebraska; M.S., Colorado State University; Ph.D., Arizona State University.

DIANE SMITH-SADAK, Assistant Professor, Theatre Arts [1999] B.A., Union College; M.F.A., Florida State University.

ROBERT SMITS, Assistant Professor, Mathematics [1999] B.S., University of Nebraska; Ph.D., Purdue University.

JOEL W. SNODGRASS, Assistant Professor, Biological Sciences [1999] B.S., Guilford College; M.S., University of Central Florida; Ph.D., University of Georgia Institute of Ecology.

HOUSHANG H. SOHRAB, *Professor*, *Mathematics* [1984] B.S., M.A., University of Paris (France); Ph.D., University of California.

JANET STERN SOLOMON, *Professor, Management* [1983] A.B., Syracuse University; M.B.A., University of Missouri, Kansas City; D.B.A., George Washington University.

RAJESHWAR P. SRIVASTAVA, *Professor*, Computer and *Information Sciences* [1986] M.S., Allahabad University (India); M. Math, University of Waterloo; Ph.D., University of Idaho.

LALEH SRNEC, Lecturer, *Marketing* [1998] B.A., Washington College; M.M.S., Loyola College.

ALLAIRE STALLSMITH, *Lecturer, History* [1999] B.A., Barnard College; M.A., Columbia University; Ph.D., University of Pennsylvania.

JAY STANLEY, Professor, Sociology, Anthropology and Criminal Justice [1971] B.S., M.A., University of Tennessee; Ph.D., University of Maryland, College Park.

MICHAEL STANLEY, Instructor, Mass Communication and Communication Studies [1972] BJ., M.A., University of Missouri.

SANDRA CARSON STANLEY, *Professor*, *Sociology*, *Anthropology and Criminal Justice* [1982] B.A., Towson State University; M.A., Loyola College; Ph.D., University of Maryland, College Park.

ALLAN STARKEY, Lecturer, Secondary Education [2000] M.S., Morgan State University; M.L.A., Johns Hopkins University.

PATRICK STEARNS, Assistant Professor, Electronic Media and Film [1999] B.F.A., Ohio University; M.F.A., Howard University; Ph.D., Bowling Green State University.

LAMONT STEEDLE, *Professor and Chair, Accounting* [1990] B.S., M.S., Ph.D., Pennsylvania State University; C.M.A., Institute of Management Accounting.

STUART STEIN, Assistant Professor, Art [1998] B.S., Towson State University; M.F.A., Maryland Institute College of Art.

LEONID STERN, *Professor, Mathematics* [1986] B.A., University of Novosibirsk (Russia); M.Sc., D.Sc., Technion-Israel Institute of Technology.

REGENA G. STEVENS-RATCHFORD, Professor, Occupational Therapy and Occupational Science [1980] B.S., M.S., Ohio State University; Ph.D., University of Maryland.

MARSHALL L. STEVENSON, Assistant Professor, Geography and Environmental Planning [1968] B.A., University of Vermont; M.A., East Carolina University.

BARBARA R. STEWART, *Professor, Accounting* [1988] B.A., Barnard College; M.A., Ph.D., Columbia University; C.P.A., State of Maryland.

RAYMOND STINAR, *Professor and Chair, Kinesiology* [1972] B.S.E., M.S.E., Northern Illinois University; Ph.D., University of Maryland.

ALEX D. STORRS, Assistant Professor, Physics, Astronomy and Geosciences [2000] B.S., Massachusetts Institute of Technology; M.S., Ph.D., University of Hawaii.

MIRIAM STRUCK, Assistant Professor, Occupational Therapy and Occupational Science [1998] B.A., University of California, Berkeley; M.A., Tufts University.

NORA STURGES, Assistant Professor, Art [1999] B.A., Bowdoin College; M.F.A., Ohio University.

BRIDGET Z. SULLIVAN, Assistant Professor, Art [1987] B.F.A., Maryland Institute College of Art; M.F.A., Towson State University.

TIMOTHY E. SULLIVAN, Associate Professor, Economics [1989] B.A., M.A., Eastern Illinois University; M.A., Eastern Illinois University; M.S., Ph.D., University of Illinois.

WEI SUN, Assistant Professor, Mathematics [1996] B.A., Northeast Normal University, China; M.A., M.Ed., Ed.D., Columbia University.

THOMAS G. SUPENSKY, *Professor*, *Art* [1968] B.F.A., Ohio State University; M.Ed., Towson State College.

LOUISE SUPNICK, Lecturer, Reading, Special Education and Instructional Technology [2000] B.S., State University College of Buffalo; M.A., Teachers College, Columbia University.

LISA SWANSON, *Lecturer, Kinesiology* [2000] B.A., St. Mary's College of Maryland; M.A., University of North Carolina at Greensboro.

LINDA M. SWEETING, *Professor, Chemistry* [1970] B.Sc., M.A., University of Toronto; Ph.D., University of California, Los Angeles.

ZOLTAN SZABO, *Professor, Music* [1979] B.M., M.M., Peabody Conservatory; D.M., Indiana University.

FILIZ TABAK, Associate Professor, Management [1995] B.S., Istanbul Technical University; M.B.A., Bogazici University, Istanbul; M.S., University of Istanbul; Ph.D., Oklahoma State University.

SANDRA TATMAN, Assistant Professor, Art [1999] B.A., University of Delaware; M.L.S., University of Oregon; Ph.D., University of Delaware.

B. BLAIR TAYLOR, Lecturer, Computer and Information Sciences [1996] B.A., M.S., Johns Hopkins University.

DIANNE E. TAYLOR, Associate Professor, Nursing [1979] RN, Union Memorial Hospital School of Nursing; B.S., Southern Connecticut State College; M.S., Yale University; Ed.D., University of Maryland, College Park.

PRECHA THAVIKULWAT, *Professor*, *Management* [1988] B.S., Ph.D., University of Minnesota.

VIRGINIA THOMPSON, Associate Professor, Geography and Environmental Planning [1995] B.A., M.A., University of Missouri; Ph.D., University of Oklahoma.

JOHN F. TINKLER, Assistant Professor, English [1994] Ph.D., Queen's University (Canada).

KEITH TISHKEN, Lecturer, Electronic Media and Film [1999] B.A., Oakland University.

JOSEPH J. TOPPING, *Professor*, *Chemistry* [1970] B.S., LeMoyne College; M.S., Ph.D., University of New Hampshire.

SUSAN TRUITT, Lecturer, Kinesiology [1999] B.A., Middlebury College; M.S., University of Pennsylvania.

JOHN R. TURNER, Associate Professor, Electronic Media and

[1989] B.S., M.S., West Virginia University; Ph.D., Ohio University.

LEON L. UKENS, Professor, Physics, Astronomy and Geosciences

[1971] B.S., Fort Hays State College; M.A., University of Northern Colorado; Ph.D., New York University.

JOHN G. VAN OSDELL, Professor, History [1967] B.A., Ph.D., Tulane University.

RICHARD E. VATZ, Professor, Mass Communication and Communication Studies

[1974] B.A., M.A., Ph.D., University of Pittsburgh.

DAVID E. VOCKE, Professor, Secondary Education [1989] B.S., M.S., Miami University; Ph.D., University of Iowa.

DONNA WAGNER, Director and Professor, Gerontology [1997] B.S., M.U.S., Ph.D., Portland State University.

ROBERT WALL, Professor, Reading, Special Education and Instructional Technology

[1966] B.S., Iowa State University; M.A., Kent State University; Ph.D., University of Maryland.

CAROLYN WALTER, Lecturer, Kinesiology [1989] B.S., West Virginia University; M.S., Morgan State University.

ESTHER WANGARI, Assistant Professor, Women's Studies [1996] B.A., Warren Wilson College; M.A., Ph.D., The New School for Social Research.

PATSY F. WASHINGTON, Lecturer, Early Childhood

[1999] B.S., M.S., Albany State University.

TADANOBU WATANABE, Associate Professor, Mathematics

[1992] B.A., Taylor University; M.S., Purdue University; Ph.D., Florida State University.

PATRICIA WATERS, Assistant Professor, Early Childhood Education

[1964] B.S., M.Ed., Towson State College.

OCIE WATSON-THOMPSON, Associate Professor, Early Childhood Education

[1991] B.S., M.S., Ed.D., University of Alabama.

DONALD WATTS, Assistant Professor, Music [1973] B.M., M.M., University of Kansas; Ph.D., University of Maryland, College Park.

JOHN W. WEBSTER, Associate Professor, Psychology [1972] A.B., Ed.M., Ed.D., Rutgers University.

MARCIE WEINSTEIN, Assistant Professor, Occupational Therapy and Occupational Science [1989] B.S., University of Kansas; M.B.A., University of Baltimore.

DEITRA WENGERT, Professor, Health Science [1979] B.S., Bowie State College; M.Ed., Towson State University; Ph.D., University of Maryland.

CARYN WERNER, Assistant Professor, Mathematics [1998] B.A., Binghamton University; M.S., Ph.D., Colorado State University.

JOHN M. WESSNER, Chair and Associate Professor, Physics, Astronomy and Geosciences [1973] A.B., Amherst College; M.S.T., Wisconsin State University; Ph.D., Montana State University.

EDYTH WHEELER, Assistant Professor and Graduate Director, Early Childhood Education [1996] B.A., Duke University; M.Ed., Ph.D., George Mason University.

EVANGELINE A. WHEELER, Associate Professor, Psychology [1994] B.S., Howard University; Ph.D., University of California, Berkeley.

MARK WHITMAN, Professor, History [1967] B.A., Dartmouth College; M.A., Ph.D., Harvard University.

ALEX WIJESINHA, Assistant Professor, Computer and Information Sciences

[1999] B.S., University of Sri Lanka; M.S., Ph.D., University of Florida; Ph.D., University of Maryland, Baltimore County.

ELIZABETH WILKINS-CANTER, Assistant Professor, Secondary Education

[1999] B.M.E., Illinois Wesleyan University; M.S., University of Illinois; Ph.D., Southern Illinois University.

JACQUELINE WILKOTZ, Professor, English [1973] A.B., M.A., Ph.D., University of California, Berkeley.

LAURIE WILLIAMS-HOGARTH, Assistant Professor, Biological Sciences

[1999] B.S., Georgetown University, Ph.D., Howard University.

G. PATRICIA WILSON, Assistant Professor, Early Childhood

[1999] B.S., St. Joseph College; M.Ed., Ph.D., University of New Hampshire.

NANCY W. WILTZ, Assistant Professor, Early Childhood

[1999] B.S., University of Missouri; M.A., Ph.D., University of Maryland, College Park.

LARRY E. WIMMERS, Assistant Professor, Biological Sciences [1995] B.S., University of Dayton; Ph.D., Cornell University.

DONALD R. WINDLER, Professor, Biological Sciences [1969] B.S., M.A., Southern Illinois University; Ph.D., University of North Carolina.

MARY MARGARET WINDSOR, Visiting Assistant Professor, Occupational Therapy and Occupational Science [2000] B.S., M.E.D., University of New Hampshire; Sc.D., Boston University.

ALAN S. WINGROVE, Professor, Chemistry [1973] B.S., University of California, Berkeley; Ph.D., University of California, Los Angeles.

DAVID WIZER, Assistant Professor, Reading, Special Education and Instructional Technology [1997] B.A., Rider College; M.A., Ph.D., University of Maryland, College Park.

JANE L. WOLFSON, Associate Professor, Biological Sciences; Director, Environmental Science and Studies Program [1998] B.A., Cornell University; Ph.D., State University of New York, Stony Brook.

WING-CHUN WONG, Associate Professor, Philosophy and Religious Studies [1993] B.A., University of Michigan; M.A., Ph.D., University of Illinois.

CHERYL WOOD, Visiting Instructor, Reading, Special Education and Instructional Technology [1999] B.A., V.P.I.; M.S., Towson University.

GARY WOOD, Associate Professor, English [1971] B.A., Westminster College; M.A., Ph.D., University of Pittsburgh.

JENNIFER WOOD, Assistant Professor, Mass Communication and Communication Studies [1999] B.A., Rockhurst College; M.A., Webster University; Ph.D., Bowling Green State University.

TAMARA WOROBY, *Professor*, *Economics* [1978] B.A., University of Regina; M.A., Ph.D., Queens University, Ontario (Canada).

MAUREEN YARNEVICH, Associate Professor, Mathematics [1994] B.S., University of Hartford; M.S., Ph.D., The American University.

CRYSTAL YAU, Visiting Assistant Professor, Chemistry [1999] B.A., University of California, San Diego; Ph.D., Oregon State University.

JENNA YEAGER, Assistant Professor, Occupational Therapy and Occupational Science [1995] B.S., M.A., Towson State University.

JUNE YUM, Associate Professor, Mass Communication and Communication Studies [1989] B.A., Seoul National University; M.A., University of Hawaii; Ph.D., University of Southern California.

DAVID ZANG, Associate Professor, Kinesiology [1995] B.A., Wittenberg University; M.S., Pennsylvania State University; Ph.D., University of Maryland.

H. HARRY ZHOU, *Professor*, *Computer and Information Sciences* [1989] M.S., Ph.D., Vanderbilt University.

ILIANA ZIMAND, Lecturer, Computer and Information Sciences

[2000] M.S., Georgia Southeastern State University.

MARIUS ZIMAND, Assistant Professor, Computer and Information Sciences [1999] M.S., University of Rochester; Ph.D., University of Bucharest.

JAY J. ZIMMERMAN, Associate Professor, Mathematics [1989] B.A., Knox College; M.S., Ph.D., University of Illinois.

SALVATORE M. ZUMBO, Associate Professor and Chair, Modern Languages [1989] B.A., M.A., University of Akron; Ph.D., University of Arizona.

STANLEY ZWEBACK, Assistant Professor, Psychology [1970] B.A., Trenton State College; M.Ed., Rutgers University; Ph.D., University of Maryland.

Instructional Faculty

PERMANENT/REGULAR PART-TIME FACULTY

ARNOLD ISAACS, *Instructor*, *Political Science*B.A., Harvard University.

PAMELA MORGAN, *Instructor, Elementary Education*B.S., Coppin State College; M.A., College of

Notre Dame of Maryland.

CLINICAL FACULTY

VAIL ANDERSON, OTR Forbush School (MD)

AZI ATIGHECHI, OTR Children's Guild (MD)

MARGARET BARCZAK, OTR University of Maryland (MD)

Appendix A MISSION STATEMENT

Institutional Identity

The Maryland State Normal School was founded in Baltimore City in 1866. In 1915 it moved to its current location in Towson and became the Maryland State Teachers College at Towson in 1935, offering a Bachelor of Science degree in education. Expanding its mission by introducing a variety of degree programs in the arts and sciences in 1946, it began programmatic development that led to its becoming Towson State College in 1963, Towson State University in 1976, and Towson University in 1997. It is Maryland's largest comprehensive university. The quality of its programs, its educational value, and its focus on student achievement have brought it national recognition as a premier metropolitan institution. With strong baccalaureate programs in the arts and sciences, the fine arts, interdisciplinary studies, and professional practice, it similarly provides high quality graduate programs in a variety of applied fields. Through its programs, staff and faculty, it seeks to enrich lives and to expand opportunities for all members of its community.

The university's long-standing commitment to creating a multicultural campus is advanced by policies and practices that assure the recruitment and retention of a diversified student body, staff and faculty who accurately reflect local, regional, national and global diversity. This commitment is sustained through an extensive multicultural curriculum and by many services, activities and developmental initiatives that serve its diverse populations and prepare them to live comfortably within an increasingly multicultural society. Through its international education program, it also enrolls students from as many as 100 nations. The campus is fully accessible to all faculty members, staff and students with disabilities and has a full range of services for meeting their identified needs.

The undergraduate curriculum promotes the intellectual skills essential for effective communication, gathering and evaluating information, critical thinking, meaningful use of technology, appreciating diversity and making informed choices. These skills are grounded through the university's long-standing commitment to a strong liberal arts core that emphasizes an understanding of the arts and sciences and how their branches of knowledge gather, evaluate and apply information to reach valid conclusions. The liberal arts core also serves to develop intellectual and social skills that will guide students as contributing members of the work force and of a democratic society.

As a complex comprehensive learning community, the university currently emphasizes the systematic addition of strong undergraduate and graduate programs that represent emerging disciplines, address economic and work force needs, and serve the metropolitan region. To date, new master's degree programs in the health professions, applied information technology, mathematics education, and a variety of interdisciplinary or applied fields, and three doctoral programs have been developed in response to pressing regional needs and extensive student demands. The new doctoral programs build on the strengths of the university in audiology, occupational therapy and instructional technology.

The certification and professional development of educators has been and will remain central to Towson University's future. It is the largest single provider of certified teachers in Maryland and plays a leadership role in the continuing professional development of the state's educators. Its strategies for improving the quality of undergraduate teacher preparation serve as regional and national models, as do its highly regarded Professional Development School Network and the professional development programs of its different centers and projects. To meet the critical needs for more and better teachers in Maryland and the nation, the university has expanded programming in teacher education

and currently plans additional specialized master's and doctoral programs responding to market demands and the Maryland State Plan.

Towson University is committed to a student-centered learning environment that uses a variety of formats to provide innovative access to information. Through academic partnerships and collaborative programs, it advances the statewide goal of attaining a cost effective and accountable system for delivering high-quality post-secondary education. It is an active participant in four regional higher education centers and will quickly expand its current certificate and baccalaureate programming with community college partners. It works closely with profit and nonprofit organizations to provide educational opportunities, including baccalaureate and post-baccalaureate programs meeting these organizations' specific needs. It has created a technology infrastructure for providing improved access to degree programs for greater numbers of Maryland residents. It will expand the Cook Library's capacity as a center for information resources and new technologies related to teaching and research. In so doing, Towson strengthens Maryland's role as a national leader in the use of technology to enhance its economy and to improve learning and lifelong access to learning for all of its citizens.

Towson's faculty members actively pursue scholarship and creativity that complement disciplinary knowledge and superior teaching. The university values and rewards equally the scholarships of discovery, teaching, integration and application. Faculty members also engage in a wide range of activities, which support the university's institutional outreach programs to government, health care organizations, nonprofit groups, education, business, and the fine arts in its region. Its self-support centers, such as the Regional Economic Studies Institute, the Center for Geographic Information Sciences, and the Center for Applied Information Technology, continue to link faculty scholarship with community needs and interests. Partnerships with corporations re-engage the work force in higher education, both as learners and as teachers. The Maryland Arts Festival, the Children's Dance Division, and numerous faculty and student performances and exhibits throughout the year contribute to the cultural life of the community. The Wellness Center and the Speech-Language-Hearing Clinic provide clinical sites for faculty members and students and serve the well being of the region. The Institute for Teaching and Research on Women and the National Center for Curriculum Transformation Resources on Women provide international as well as national services for a full variety of disciplines and agencies.

Institutional Capabilities

By Carnegie Classification, Towson University is a Master's (Comprehensive) University I; within the next decade it expects to become a Doctoral/Research University-Intensive. It has achieved national prominence as a premier metropolitan comprehensive university by offering a wide range of excellent graduate and undergraduate degree programs and by increasing its regional and national reputation through its focus on student learning and its innovative programs and pedagogies, faculty creativity and scholarship, applied and sponsored research, community service, and cultural outreach to business, education and health care professions. Its commitments to the active facilitation of learning through a variety of modes as its faculty members' primary role and to developing and retaining a diverse student population will sustain its record for high overall six-year graduation rates, with noteworthy rates for women, African Americans and other minorities.

The university has a strong commitment to study in the liberal arts, both as it serves as a general intellectual resource for more specialized disciplinary work and as it enriches students' cultural and social awareness. A highly regarded general education program provides undergraduates with multiple ways of knowing and specific skills that equip them to reason in and respond to a wide range of work and life settings. Active initiatives to recruit

African American, other American minority, and a range of international faculty, staff and students advance its commitment to diversity and support strong multicultural and international studies programming. It further augments and enriches students' academic programs through extensive practice of faculty-student and student-student mentoring, cohort learning communities, undergraduate research projects, internships, practicums, clinical placements, the Honors College, departmental honors, colloquia, forums, and performance and lecture series.

Towson University's chief role in enhancing the Maryland economy may rest in its ability to respond quickly to changing circumstances and emerging needs by revising or introducing high-quality undergraduate, master's, doctoral and certificate programs that address those circumstances and needs. Program development readily can be targeted to support economic and social development as identified by national, state and regional government agencies. Its plans for expanding its graduate programming, increasing the number of both students and degrees offered, will lead to an increase in the number of teaching and research opportunities available to the graduate student body. This design gives Towson a strong presence in the educational growth of employees from local school districts, health care fields, the arts, government agencies, and technology and service industries, including e-business.

Faculty members value excellent teaching and give it their highest priority. Their active engagement in scholarship and service as well generates sustained originality and outstanding performance throughout their academic careers. Their frequent participation in more than one academic unit or department sustains the unusually high number of innovative multidisciplinary programs offered by the university. Their large number of refereed publications and presentations are noted for their quality and innovation, and the richness and diversity of their research and interests provide a wide array of learning and research opportunities for students, who often engage in collaborative research and creative projects with their instructors.

Institutional Objectives and Outcomes

In keeping with the Towson University Strategic Plan, the University System of Maryland Strategic Plan, and the Maryland State Plan for Higher Education, the university will:

I. enhance its reputation as a premier regional university by engaging faculty strengths and identifiable resources to develop a program portfolio through the doctoral level comparable to that of its peer institutions and responsive to the specific needs of students, the work force, and the Maryland economy. It will continue as Maryland's premier institution for the initial certification and subsequent professional development of excellent educators who also lead in pre-school through baccalaureate (P-16) initiatives to improve teacher preparation, professional development and student learning at all levels. Targeted new programs, including degree programs offered in collaboration with historically black colleges and universities, and the enhancement of current programs will aid the university in recruiting and retaining students with excellent preparation and high motivation, as will increased emphasis on a student-centered learning environment that enriches their course of study through activities such as learning communities, honors programs, undergraduate research, clinical placements, internships and capstone integration of their study. Tuition, fee and scholarship planning and management will seek to provide adequate need-based aid to all qualified applicants. Enrollment management, consistent with existing space, will pace a moderate increase in undergraduate population and substantial increase in the graduate populations on campus. However, with Board of Regents' support, the university will reassess and be ready to substantially expand the rate of on-campus growth for undergraduate students in line with its ability to add new instructional facilities. Online and off-campus programming serving traditional and non-traditional students at regional centers, community colleges, and other private and public educational sites will increase undergraduate and graduate enrollments significantly and help the state provide affordable quality education for its increased number of college-age students and adult learners of all ages:

2. emphasize its strong commitment to diversity by intensifying its statewide, regional, national and international recruitment efforts, its diversity scholarship funding, its retention activities, and its array of services, development opportunities, and academic programs that promote the success of a highly diverse student body, faculty and staff. Vigorously addressing the needs of specific populations, such as African Americans, Hispanics and Asians, the university will also foster high achievement for all members of the community, including improved retention, graduation, and graduate school placement rates for all students, and opportunities for continuous professional development by staff and faculty. It will sustain an enriched learning environment, which instills an appreciation and understanding of international cultures and the creative potential in racial, ethnic, gender, sexual and religious differences and similarities;

3. retain and promote a superior core faculty through redefining the faculty workload and by intensifying its effort to reward excellent teaching, meritorious service, creativity and scholarship that enriches instruction, advances knowledge, or brings information to bear in meeting needs or solving problems in the public and private sectors. The university will strive to bring faculty compensation in line with that at its peer institutions and to the 85th percentile on the American Association of University Professors scale, to support ample faculty research and development opportunities, and to engender an abiding sense of community that integrates the faculty with students, staff, administration, and alumni in common endeavor and a highly active shared governance system;

4. achieve improved quality at minimum expense through updating and implementing plans to reallocate human and material resources, establishing an annual facilities audit program, implementing its 10-year facilities master plan, and creating a resource development plan and planning process that assures high quality laboratories and instructional space, institutional flexibility, and appropriate funding in support of priorities;

5. build an infrastructure that will coordinate and intensify its outreach efforts and ties to public and private communities through service and research partnerships, the activities of its applied research institutes and centers, and training and resource development programs serving specific community agencies and corporate entities. Through highly active alumni programs and a sustained marketing and public relations plan, the university will achieve and exceed the goals of its capital campaign as well as greatly amplify endowment and gift funding available to enhance its academic mission. Increased emphasis and support for faculty and staff scholarship and research leading to the award of grants or gain of external funding will further increase institutional and departmental resources;

6. fully implement and regularly update the campus technology plan to assure the material and instructional resources needed for students, faculty and staff to achieve fluency with important technologies, for the university to contribute to creating a work force with essential technological skills, for instructors to enrich and extend information access and student learning through the appropriate use of new technologies, for bringing instruction to students at remote sites, and for sustaining a fully networked academic community and system of communication. The university will also renovate and enhance Cook Library both to create an information commons and state of the art study environment fully supporting all academic programs and to maintain consortial and other information partnerships that expand access to a wider range of information resources.

UNIVERSITY GOALS

- I. By far the highest priority of the university shall be to provide a sound liberal arts and sciences education for all students regardless of their major or occupational ambitions.
- II. The campus environment shall provide ideal conditions for learning learning between student and teacher, student and student, teacher and teacher, and between these and the staff, alumni, and citizens concerned with intellectual and professional pursuits.
- III. The university shall support programs leading to the development of skills and knowledge.
- IV. Excellence in student, faculty, and administrative performance shall be encouraged by relevant, constructive evaluation and recognition.
- V. The university shall provide equal educational opportunity for the population it serves.
- VI. The university shall maintain its autonomy from unreasonable influence by outside governing bodies and special interest groups.

Appendix B TITLE 13B MARYLAND HIGHER EDUCATION COMMISSION

Subtitle 06 GENERAL EDUCATION AND TRANSFER Chapter 01 Public Institutions of Higher Education Authority: Education Article, (11-201 - 11-206, Annotated Code of Maryland)

.01 Scope and Applicability.

This chapter applies only to public institutions of higher education.

.02 Definitions.

A. In this chapter, the following terms have the meanings indicated.

B. Terms Defined.

- (1) "A.A. degree" means the Associate of Arts degree.
- (2) "A.A.S. degree" means the Associate of Applied Sciences degree.
- (3) "Arts" means courses that examine aesthetics and the development of the aesthetic form and explore the relationship between theory and practice. Courses in this area may include fine arts, performing and studio arts, appreciation of the arts, and history of the arts.
 - (4) "A.S. degree" means the Associate of Sciences degree.
- (5) "Biological and physical sciences" means courses that examine living systems and the physical universe. They introduce students to the variety of methods used to collect, interpret, and apply scientific data, and to an understanding of the relationship between scientific theory and application.
- (6) "English composition courses" means courses that provide students with communication knowledge and skills appropriate to various writing situations, including intellectual inquiry and academic research.
- (7) "General education" means the foundation of the higher education curriculum providing a coherent intellectual experience for all students.
- (8) "General education program" means a program that is designed to:
- (a) Introduce undergraduates to the fundamental knowledge, skills, and values that are essential to the study of academic disciplines;
 - (b) Encourage the pursuit of life-long learning; and
- (c) Foster the development of educated members of the community and the world.
- (9) "Humanities" means courses that examine the values and cultural heritage that establish the framework for inquiry into the meaning of life. Courses in the humanities may include the language, history, literature, and philosophy of Western and other cultures.
- (10) "Mathematics" means courses that provide students with numerical, analytical, statistical, and problem-solving skills.
- (11) "Native student" means a student whose initial college enrollment was at a given institution of higher education and who has not transferred to another institution of higher education since that initial enrollment.
- (12) "Parallel program" means the program of study or courses at one institution of higher education which has comparable objectives as those at another higher education institution, for example, a transfer program in psychology in a community college is definable as a parallel program to a baccalaureate psychology program at a 4-year institution of higher education.
- (13) "Receiving institution" means the institution of higher education at which a transfer student currently desires to enroll.

- (14) "Recommended transfer program" means a planned program of courses, both general education and courses in the major, taken at a community college, which is applicable to a baccalaureate program at a receiving institution, and ordinarily the first two years of the baccalaureate degree.
- (15) "Sending institution" means the institution of higher education of most recent previous enrollment by a transfer student at which transferable academic credit was earned.
- (16) "Social and behavioral sciences" means courses that examine the psychology of individuals and the ways in which individuals, groups, or segments of society behave, function and influence one another. The courses include, but are not limited to, subjects which focus on:
 - (a) History and cultural diversity;
 - (b) Concepts of groups, work, and political systems;
- (c) Applications of qualitative and quantitative data to social issues; and
- (d) Interdependence of individuals, society, and the physical environment.
- (17) "Transfer student" means a student entering an institution for the first time having successfully completed a minimum of 12 semester hours at another institution which is applicable for credit at the institution the student is entering.
- .02-1 Admission of Transfer Students to Public Institutions. A. Admission to Institutions.
- (1) A student attending a public institution who has completed an A.A., A.A.S., or A.S. degree or who has completed 56 or more semester hours of credit, shall not be denied direct transfer to another public institution if the student attained a cumulative grade point average of at least 2.0 on a 4.0 scale or its equivalent in parallel courses, except as provided in subsection A(4) below.
- (2) A student attending a public institution who has not completed an A.A., A.A.S., or A.S. degree or who has completed fewer than 56 semester hours of credit, shall be eligible to transfer to a public institution regardless of the number of credit hours earned if the student:
- (a) Satisfied the admission criteria of that receiving public institution as a high school senior; and
- (b) Attained at least a cumulative grade point average of 2.0 on a 4.0 scale or its equivalent in parallel courses.
- (3) A student attending a public institution who did not satisfy the admission criteria of a receiving public institution as a high school senior, but who has earned sufficient credits at a public institution to be classified by the receiving public institution as a sophomore, shall meet the stated admission criteria developed and published by the receiving public institution for transfer.
- (4) If the number of students seeking admission exceeds the number that can be accommodated at a receiving public institution, admission decisions shall be:
- (a) Based on criteria developed and published by the receiving public institution; and
- (b) Made to provide fair and equal treatment for native and transfer students.
- B. Admission to Programs.
- (1) A receiving public institution may require higher performance standards for admission to some programs if the standards and criteria for admission to the program:
- (a) Are developed and published by the receiving public institution; and
- (b) Maintain fair and equal treatment for native and transfer students.
- (2) If the number of students seeking admission exceeds the number that can be accommodated in a particular professional or specialized program, admission decisions shall be:
- (a) Based on criteria developed and published by the receiving public institution; and

- (b) Made to provide fair and equal treatment for native and transfer students.
- (3) Courses taken at a public institution as part of a recommended transfer program leading toward a baccalaureate degree shall be applicable to related programs at a receiving public institution granting the baccalaureate degree.
- C. Receiving Institution Program Responsibility.
- (I) The faculty of a receiving public institution shall be responsible for development and determination of the program requirements in major fields of study for a baccalaureate degree, including courses in the major field of study taken in the lower division.
- (2) A receiving public institution may set program requirements in major fields of study which simultaneously fulfill general education requirements.
- (3) A receiving public institution, in developing lower division course work, shall exchange information with other public institutions to facilitate the transfer of credits into its programs.
- .03 General Education Requirements for Public Institutions.
- A. While public institutions have the autonomy to design their general education program to meet their unique needs and mission, that program shall conform to the definitions and common standards in this chapter. A public institution shall satisfy the general education requirement by:
- (1) Requiring each program leading to the A.A. or A.S. degree to include not less than 30 and not more than 36 semester hours, and each baccalaureate degree program to include not less than 40 and not more than 46 semester hours of required core courses, with the core requiring, at a minimum, course work in each of the following five areas:
 - (a) Arts and humanities,
 - (b) Social and behavioral sciences,
 - (c) Biological and physical sciences,
 - (d) Mathematics, and
 - (e) English composition; or
 - (2) Conforming with COMAR 13B.02.02.16D(2)(b)-(c).
- B. Each core course used to satisfy the distribution requirements of A(1) of this regulation shall carry at least 3 semester hours.
- C. General education programs of public institutions shall require at least:
- (1) One course in each of two disciplines in arts and humanities;
- (2) One course in each of two disciplines in social and behavioral sciences;
- (3) Two science courses, at least one of which shall be a laboratory course;
- (4) One course in mathematics at or above the level of college algebra; and
 - (5) One course in English composition.
 - D. Interdisciplinary and Emerging Issues.
- (1) In addition to the five required areas in A of this regulation, a public institution may include up to 8 semester hours in a sixth category that addresses emerging issues that institutions have identified as essential to a full program of general education for their students. These courses may:
- (a) Be integrated into other general education courses or may be presented as separate courses; and
 - (b) Include courses that:
- (i) Provide an interdisciplinary examination of issues across the five areas, or
- (ii) Address other categories of knowledge, skills, and values that lie outside of the five areas.
- (2) Public institutions may not include the courses in this section in a general education program unless they provide academic content and rigor equivalent to the areas in A(1) of this regulation.

- E. General education programs leading to the A.A.S. degree shall include at least 20 semester hours from the same course list designated by the sending institution for the A.A. and A.S. degrees. The A.A.S. degree shall include at least one 3-semester-hour course from each of the five areas listed in A (1) of this regulation.
- F. A course in a discipline listed in more than one of the areas of general education may be applied only to one area of general education.
- G. A public institution may allow a speech communication or foreign language course to be part of the arts and humanities category.
- H. Composition and literature courses may be placed in the arts and humanities area if literature is included as part of the content of the course.
- I. Public institutions may not include physical education skills courses as part of the general education requirements.
- J. General education courses shall reflect current scholarship in the discipline and provide reference to theoretical frameworks and methods of inquiry appropriate to academic disciplines.
- K. Courses that are theoretical may include applications, but all applications courses shall include theoretical components if they are to be included as meeting general education requirements.
- L. Public institutions may incorporate knowledge and skills involving the use of quantitative data, effective writing, information retrieval, and information literacy when possible in the general education program.
- M. Notwithstanding A(1) of this regulation, a public 4-year institution may require 48 semester hours of required core courses if courses upon which the institution's curriculum is based carry 4 semester hours.
- N. Public institutions shall develop systems to ensure that courses approved for inclusion on the list of general education courses are designed and assessed to comply with the requirements of this chapter.

.04 Transfer of General Education Credit.

- A. A student transferring to one public institution from another public institution shall receive general education credit for work completed at the student's sending institution as provided by this chapter.
- B. A completed general education program shall transfer without further review or approval by the receiving institution and without the need for a course-by-course match.
- C. Courses that are defined as general education by one institution shall transfer as general education even if the receiving institution does not have that specific course or has not designated that course as general education.
- D. The receiving institution shall give lower-division general education credits to a transferring student who has taken any part of the lower-division general education credits described in Regulation .03 of this chapter at a public institution for any general education courses successfully completed at the sending institution.
- E. Except as provided in Regulation .03M of this chapter, a receiving institution may not require a transfer student who has completed the requisite number of general education credits at any public college or university to take, as a condition of graduation, more than 10-16 additional semester hours of general education and specific courses required of all students at the receiving institution, with the total number not to exceed 46 semester hours. This provision does not relieve students of the obligation to complete specific academic program requirements or course prerequisites required by a receiving institution.

F. A sending institution shall designate on or with the student transcript those courses that have met its general education requirements, as well as indicate whether the student has completed the general education program.

G. A.A.S. Degrees.

- (1) While there may be variance in the numbers of hours of general education required for A.A., A.S., and A.A.S. degrees at a given institution, the courses identified as meeting general education requirements for all degrees shall come from the same general education course list and exclude technical or career courses.
- (2) An A.A.S. student who transfers into a receiving institution with fewer than the total number of general education credits designated by the receiving institution shall complete the difference in credits according to the distribution as designated by the receiving institution. Except as provided in Regulation .03M of this chapter, the total general education credits for baccalaureate degree-granting public receiving institutions may not exceed 46 semester hours.
 - H. Student Responsibilities. A student is held:
 - (1) Accountable for the loss of credits that:
- (a) Result from changes in the student's selection of the major program of study,
 - (b) Were earned for remedial course work, or
- (c) Exceed the total course credits accepted in transfer as allowed by this chapter; and
- (2) Responsible for meeting all requirements of the academic program of the receiving institution.

.05 Transfer of Nongeneral Education Program Credit.

- A. Transfer to Another Public Institution.
- (1) Credit earned at any public institution in the state is transferable to any other public institution if the:
- (a) Credit is from a college or university parallel course or program;
- (b) Grades in the block of courses transferred average 2.0 or higher; and
- (c) Acceptance of the credit is consistent with the policies of the receiving institution governing native students following the same program.
- (2) If a native student's "D" grade in a specific course is acceptable in a program, then a "D" earned by a transfer student in the same course at a sending institution is also acceptable in the program. Conversely, if a native student is required to earn a grade of "C" or better in a required course, the transfer student shall also be required to earn a grade of "C" or better to meet the same requirement.
- B. Credit earned in or transferred from a community college is limited to:
- (1) 1/2 the baccalaureate degree program requirement, but may not be more than 70 semester hours; and
- (2) The first 2 years of the undergraduate education experience.

C. Nontraditional Credit.

(1) The assignment of credit for AP, CLEP, or other nationally recognized standardized examination scores presented by transfer students is determined according to the same standards that apply to native students in the receiving institution, and the assignment shall be consistent with the state minimum requirements.

- (2) Transfer of credit from the following areas shall be consistent with COMAR 13B.02.02. and shall be evaluated by the receiving institution on a course-by-course basis:
 - (a) Technical courses from career programs;
- (b) Course credit-awarded through articulation agreements with other segments or agencies;
- (c) Credit awarded for clinical practice or cooperative education experiences; and
 - (d) Credit awarded for life and work experiences.
- (3) The basis for the awarding of the credit shall be indicated on the student's transcript by the receiving institution.
- (4) The receiving institution shall inform a transfer student of the procedures for validation of course work for which there is no clear equivalency. Examples of validation procedures include ACE recommendations, portfolio assessment, credit through challenge, examinations, and satisfactory completion of the next course in sequence in the academic area.
- (5) The receiving baccalaureate degree-granting institution shall use validation procedures when a transferring student successfully completes a course at the lower division level that the receiving institution offers at the upper division level. The validated credits earned for the course shall be substituted for the upper division course.

D. Program Articulation.

- (1) Recommended transfer programs shall be developed through consultation between the sending and receiving institutions. A recommended transfer program represents an agreement between the two institutions that allows students aspiring to the baccalaureate degree to plan their programs. These programs constitute freshman/sophomore level course work to be taken at the community college in fulfillment of the receiving institution's lower division course work requirement.
- (2) Recommended transfer programs in effect at the time that this regulation takes effect, which conform to this chapter, may be retained.
- .06 Academic Success and General Well-Being of Transfer Students.

A. Sending Institutions.

- (1) Community colleges shall encourage their students to complete the associate degree or to complete 56 hours in a recommended transfer program which includes both general education courses and courses applicable toward the program at the receiving institution.
- (2) Community college students are encouraged to choose as early as possible the institution and program into which they expect to transfer.
 - (3) The sending institution shall:
- (a) Provide to community college students information about the specific transferability of courses at 4-year colleges;
- (b) Transmit information about transfer students who are capable of honors work or independent study to the receiving institution; and
- (c) Promptly supply the receiving institution with all the required documents if the student has met all financial and other obligations of the sending institution for transfer.

B. Receiving Institutions.

- (1) Admission requirements and curriculum prerequisites shall be stated explicitly in institutional publications.
- (2) A receiving institution shall admit transfer students from newly established public colleges that are functioning with the approval of the Maryland Higher Education Commission on the same basis as applicants from regionally accredited colleges.

- (3) A receiving institution shall evaluate the transcript of a degree-seeking transfer student as expeditiously as possible, and notify the student of the results not later than mid-semester of the student's first semester of enrollment at the receiving institution, if all official transcripts have been received at least 15 working days before mid-semester. The receiving institution shall inform a student of the courses which are acceptable for transfer credit and the courses which are applicable to the student's intended program of study.
- (4) A receiving institution shall give a transfer student the option of satisfying institutional graduation requirements that were in effect at the receiving institution at the time the student enrolled as a freshman at the sending institution. In the case of major requirements, a transfer student may satisfy the major requirements in effect at the time when the student was identifiable as pursuing the recommended transfer program at the sending institution. These conditions are applicable to a student who has been continuously enrolled at the sending institution.

0.7 Programmatic Currency.

- A. A receiving institution shall provide to the community college current and accurate information on recommended transfer programs and the transferability status of courses. Community college students shall have access to this information.
- B. Recommended transfer programs shall be developed with each community college whenever new baccalaureate programs are approved by the degree-granting institution.
- C. When considering curricular changes, institutions shall notify each other of the proposed changes that might affect transfer students. An appropriate mechanism shall be created to ensure that both 2-year and 4-year public colleges provide input or comments to the institution proposing the change. Sufficient lead time shall be provided to effect the change with minimum disruption. Transfer students are not required to repeat equivalent course work successfully completed at a community college.

.08 Transfer Mediation Committee.

- A. There is a Transfer Mediation Committee, appointed by the Secretary, which is representative of the public 4-year colleges and universities and the community colleges.
- B. Sending and receiving institutions that disagree on the transferability of general education courses as defined by this chapter shall submit their disagreements to the Transfer Mediation Committee. The Transfer Mediation Committee shall address general questions regarding existing or past courses only, not individual student cases, and shall also address questions raised by institutions about the acceptability of new general education courses. As appropriate, the Committee shall consult with faculty on curricular issues.
- C. The findings of the Transfer Mediation Committee are considered binding on both parties.

.09 Appeal Process.

- A. Notice of Denial of Transfer Credit by a Receiving Institu-
- (1) Except as provided in A(2) of this regulation, a receiving institution shall inform a transfer student in writing of the denial of transfer credit not later than mid-semester of the transfer student's first semester, if all official transcripts have been received at least 15 working days before mid-semester.
- (2) If transcripts are submitted after 15 working days before mid-semester of a student's first semester, the receiving institution shall inform the student of credit denied within 20 working days of receipt of the official transcript.

- (3) A receiving institution shall include in the notice of denial of transfer credit:
 - (a) A statement of the student's right to appeal; and
- (b) A notification that the appeal process is available in the institution's catalog.
- (4) The statement of the student's right to appeal the denial shall include notice of the time limitations in B of this regulation.
- B. A student believing that the receiving institution has denied the student transfer credits in violation of this chapter may initiate an appeal by contacting the receiving institution's transfer coordinator or other responsible official of the receiving institution within 20 working days of receiving notice of the denial of credit.
 - C. Response by Receiving Institution.
 - (1) A receiving institution shall:
- (a) Establish expeditious and simplified procedures governing the appeal of a denial of transfer of credit; and
 - (b) Respond to a student's appeal within 10 working days.
- (2) An institution may either grant or deny an appeal. The institution's reasons for denying the appeal shall be consistent with this chapter and conveyed to the student in written form.
- (3) Unless a student appeals to the sending institution, the writing decision in C(2) of this regulation constitutes the receiving institution's final decision and is not subject to appeal.
 - D. Appeal to Sending Institution.
- (1) If a student has been denied transfer credit after an appeal to the receiving institution, the student may request the sending institution to intercede on the student's behalf by contacting the transfer coordinator of the sending institution.
- (2) A student shall make an appeal to the sending institution within 10 working days of having received the decision of the receiving institution.
 - E. Consultation Between Sending and Receiving Institutions.
- (1) Representatives of the two institutions shall have 15 working days to resolve the issues involved in an appeal.
- (2) As a result of a consultation in this section, the receiving institution may affirm, modify, or reverse its earlier decision.
- (3) The receiving institution shall inform a student in writing of the result of the consultation.
- (4) The decision arising out of a consultation constitutes the final decision of the receiving institution and is not subject to appeal.

- .10 Periodic Review.
 - A. Report by Receiving Institution.
- (1) A receiving institution shall report annually the progress of students who transfer from 2-year and 4-year institutions within the state to each community college and to the secretary of the Maryland Higher Education Commission.
- (2) An annual report shall include ongoing reports on the subsequent academic success of enrolled transfer students, including graduation rates, by major subject areas.
- (3) A receiving institution shall include in the reports comparable information on the progress of native students.
- B. Transfer Coordinator. A public institution of higher education shall designate a transfer coordinator, who serves as a resource person to transfer students at either the sending or receiving campus. The transfer coordinator is responsible for overseeing the application of the policies and procedures outlined in this chapter and interpreting transfer policies to the individual student and to the institution.
- C. The Maryland Higher Education Commission shall establish a permanent Student Transfer Advisory Committee that meets regularly to review transfer issues and recommend policy changes as needed. The Student Transfer Advisory Committee shall address issues of interpretation and implementation of this chapter.

Administrative History

Effective date: December 4, 1995 (22:24 Md. R. 1901)

Regulations .02, .03, and .05 amended. Effective date: July 1, 1996 (23:13 Md. R. 946)

Revised: February 11, 1998

Appendix C RESIDENCY POLICY

POLICY ON STUDENT CLASSIFICATION FOR ADMISSION, TUITION AND CHARGE-DIFFERENTIAL PURPOSES.

Approved by the Board of Regents August 28, 1990; Amended July 10, 1998; Amended November 27, 2000)

I. POLICY

It is the policy of the Board of Regents of the University System of Maryland (USM) to recognize the categories of in-state and out-of-state students for the purpose of admission, tuition, and charge differentials at those institutions where such differentiation has been established.

- A. An in-state student is a student whom the university determines to be a permanent resident of the state of Maryland. For the purposes of this policy, "permanent resident" is defined as a person who satisfies all the following conditions and has done so for at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the person seeks in-state status:
- 1. Is not residing in the state of Maryland primarily to attend an educational institution; and
- 2. Owns and continuously occupies or rents and continuously occupies living quarters in Maryland. There must exist a genuine deed or lease in the individual's name reflecting payments/rents and terms typical of those in the community at the time executed. Persons not having such a lease may submit an affidavit reflecting payments/rents and terms as well as the name and address of the person to whom payments are made which may be considered as meeting this condition. As an alternative to ownership or rental of living quarters in Maryland, a student may share living quarters in Maryland which are owned or rented and occupied by a parent, legal guardian or spouse; and
- Maintains within Maryland substantially all personal property; and
- 4. Pays Maryland income tax on all earned taxable income including all taxable income earned outside the state; and
- Registers all owned motor vehicles in Maryland in accordance with Maryland law; and
- Possesses a valid Maryland driver's license, if licensed, in accordance with Maryland law; and
 - 7. Is registered in Maryland, if registered to vote; and
- Receives no public assistance from a state other than the State of Maryland or from a city, county or municipal agency other than one in Maryland; and
- 9. Has a legal ability under federal and Maryland law to live permanently without interruption in Maryland.
- B. In addition, persons with the following status shall be accorded the benefits of in-state status for the period in which they hold such status:
- 1. A full-time or part-time (at least 50 percent time) regular employee of the University System of Maryland.
- 2. The spouse or financially dependent child of a full-time or part-time (at least 50 percent time) regular employee of the USM.
- A full-time active member of the armed forces of the United States whose home of residency is Maryland or one who resides or is stationed in Maryland, or the spouse or a financially dependent child of such a person.
- 4. For UMUC, a full-time active member of the armed forces of the United States on active duty, or the spouse of a member of the armed forces of the United States on active duty.
- 5. A graduate assistant appointed through the University System of Maryland for the semester/term of the appointment. Except through prior arrangement, this benefit is available only

for enrollment ar the institution awarding the assistantship.

C. Students not entitled to in-state status under the preceding paragraphs shall be assigned out-of-state status for admission, tuition, and charge-differential purposes.

- D. Assignment of in-state or out-of-state classification will be made by the university upon an assessment of the totality of facts known or presented to it. The person seeking in-state status shall have the burden of proving that he or she satisfies all requirements.
- E. The following circumstances raise a presumption that the student is residing in the state of Maryland primarily for the purpose of attending an educational institution:
- 1. The student was attending high school or residing outside Maryland at the time of application for admission to a USM institution.
- 2. The student is both (a) not financially independent and (b) is financially dependent upon a person not a resident of Maryland.

The burden shall be on the student to rebut the presumption.

II. PROCEDURES

- A. An initial determination of in-state status will be made by the university at the time a student's application for admission is under consideration. The determination made at that time, and any determination made thereafter, shall prevail for each semester/term until the determination is successfully challenged in a timely manner.
- B. A change in status must be requested by submitting a USM "Petition for Change in Classification for Admission, Tuition and Charge Differential." A student applying for a change to in-state status must furnish all required documentation with the petition by the last published date to register for the forthcoming semester/ term for which the change in classification is sought.
- The student shall notify the institution in writing within fifteen (15) days of any change in circumstances which may after in-state status.
- D. In the event incomplete, false, or misleading information is presented, the institution may, at its discretion, revoke in-state status and take disciplinary action provided for by the institution's policy. Such action may include suspension or expulsion. If instate status is gained due to false or misleading information, the university reserves the right to retroactively assess all out-of-state charges for each semester/term affected.
- E. Each institution of the University of Maryland shall develop and publish additional procedures to implement this policy. Procedures shall provide that on request the president or designee has the authority to waive any residency criterion set forth in Section I, if it is determined that the student is indeed a permanent resident and the application of the criteria creates an unjust result. These procedures shall be filed with the Office of the Chancellor.

III. DEFINITIONS

expenses.

A. Financially Dependent: For the purposes of this policy, a financially dependent studenr is one who is claimed as a dependent for tax purposes or who receives more than one-half of his or her support from another person during the twelve (12) month period immediately prior to the last published date for registration for the semester or session. If a student receives more than one-half of his or her support in the aggregate from more than one person, the student shall be considered financially dependent on the person providing the greater amount of support. B. Financially Independent: A financially independent student is one who (1) declares himself or herself to be financially independent as defined herein; (2) does not appear as a dependent on the federal or state income tax return of any other person; (3) receives less than one-half or his or her support from any other

person or persons; and (4) demonstrates that he or she provides

through self-generated support one-half or more of his or her total

C. Parent: A parent may be a natural parent, or, if established by a court order recognized under the law of the state of Maryland, an adoptive parent.

D. Guardian: A guardian is a person so appointed by a court order recognized under the law of the state of Maryland.

E. Spouse: A spouse is a partner in a legally contracted

marriage.

F. Child: A child is a natural child or a child legally adopted pursuant to a court order recognized under the law of Maryland. G. Self-Generated: Self-generated describes income which is derived solely from compensation for an individual's own efforts as evidenced, for example, by federal or state W-2 forms or IRS Form 1099 where interest income is based upon finances created from one's own efforts. For the purpose of this policy, grants, stipends, awards, benefits, loans and gifts (including federal and state aid, grants and loans) may not be used as self-generated

H. Regular Employee: A regular employee is a person employed by USM who is assigned to a state budget line or who is otherwise eligible to enroll in a state retirement system. Examples of categories NOT considered regular employees are graduate students, contingent employees and independent contractors.

IV. IMPLEMENTATION PERIOD

This policy, as amended by the Board of Regents on November 27, 2000, shall be applied to all student residency classification decisions made on or after that date.

Appendix D

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA, a.k.a. Buckley Amendment)

The Family Educational Rights and Privacy Act of 1974, as amended, is a federal law requiring the institution to maintain the confidentiality of student educational records. This law states that a) a written institutional policy must be established and b) a statement of adopted procedures covering the privacy of students be made available. The university has taken the appropriate steps to comply with this law.

Towson University accords all the rights under the law to students who have reached the age of majority. Information may be released to parents who have established students' dependency as defined by the Internal Revenue Code of 1954, Section 152. The Judicial Affairs office will review the parent's claim of dependency and notify students of the claim prior to release of any academic information. Except as permitted under the Act, no one outside the institution will have access to any information from students' education records without their written consent. Those permitted access under the Act include personnel within the institution, officials of other institutions in which students seek to enroll, persons or organizations providing financial aid, accrediting agencies, persons in compliance with a judicial order, and persons acting in an emergency situation to protect the health or safety of others.

Within the Towson University community, only those individuals acting in students' educational interest are allowed access to student education records. These include personnel in the offices of Admissions, Academic Advising, Enrollment Services, Bursar, Financial Aid, and other academic personnel within the limitations of their need to know. The director of Enrollment Services may grant access to education records for other legitimate reasons permitted under the Act.

The university may provide Directory Information in accordance with the provisions of the Act without the written consent of students. Directory Information includes student name, address, telephone number(s), e-mail address, date and place of birth, major field of study, dates of attendance, degrees received, the most recent previous educational institution attended by students, participation in officially recognized activities and sports, and the weight and height of members of athletic teams. Enrollment Services will release Directory Information at its discretion and may release it over the telephone or in writing. Students may withhold Directory Information by notifying Enrollment Services in writing within two weeks after the first day of classes.

Requests for non-disclosure will be honored for only one academic year; thereafter, authorization to withhold Directory Information must be filed annually with the director of Enrollment Services.

The Act also provides students with the right to inspect and review information contained in their education records. The director of Enrollment Services at Towson University has been designated to coordinate the inspection and review of student education records. Students wishing to review their education records must make written requests to the Records Office. Records covered by the Act will be made available within 30 days of the request. Students may have copies made of their records at their expense with certain exceptions (e.g., copies of the original or source document that exists elsewhere or when students have an outstanding financial obligation to the university). Education records do not necessarily include records of instructional, administrative, or educational personnel, which are the sole possession of the makers. Health records, employment records or

alumni records will not be released to students but may be reviewed by them or by physicians of their choosing.

FERPA does not allow students to inspect and review the following: financial information submitted by their parents, confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review. Education records containing information about more than one student are restricted, and the institution will permit access only to that part of the records that pertains to the individual student. The institution will not permit students to inspect and review confidential letters and recommendations placed in their files prior to January I, 1975.

The university has established an appeal mechanism in accordance with the Act. Students who believe their education records contain inaccurate, misleading, or unlawful information may discuss their problems informally with the director of Enrollment Services. If the director agrees with the request, the appropriate records will be amended. If students' requests are denied, they will be notified by the director of the right to a formal hearing.

Requests for formal hearings must be made in writing to the vice president for Student Affairs, who will inform students of the date, place and time of the hearing. Students may present evidence and may be assisted or represented at the hearings by counsel. The hearing panel that will adjudicate such challenges may include the vice president for Academic Affairs, the vice president for Student Affairs, the dean of the Graduate School, and the academic dean of students' colleges, or their designees. Decisions of the hearing panel will be final. The findings will be based solely on the evidence presented at the hearing and will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panel. Students dissatisfied with the outcome of their hearings may prepare a written statement to be placed in the education records and maintained as part of students' records.

Students who believe the adjudications of the challenges were unfair or not in keeping with the provisions of FERPA may request that the hearing be reviewed by the president of the university. In addition, students who believe their rights have been abridged may file complaints with The Family Educational Rights and Privacy Act office (FERPA), Department of Health, Education, and Welfare, Washington, D.C. 20201, concerning the alleged failures of Towson University to comply with the Act.

Revisions and clarifications of this policy will be published as the law warrants.

Appendix E FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

Financial aid recipients must make satisfactory academic progress toward the completion of a degree while maintaining good standing as defined in the university catalogs.

The policy measures two areas:

- Number of credits completed in relation to the number of credits attempted at Towson.
- 2. Time frame for completion of degree.

SAP CRITERIA

Undergraduate and graduate students must successfully complete 67 percent of credits attempted each academic year at Towson University.

Undergraduates Must Earn	Graduates Must Earn
At least 67% of credits	At least 67% of credits
attempted at TU	attempted at TU
Time frame: Must complete degree	Time frame: Must complete
within 180 attempted credits	degree within seven years.
(includes TU credits plus transfer	
credits accepted toward TU degree).	

EXAMPLE: A student who attempts 60 credits at Towson University will meet the SAP requirement if the student earns at least 41 of the attempted credits.

ADDITIONAL INFORMATION:

- Developmental courses do not count as attempted and/or earned credits and cannot exceed 24 credits without permission from the Financial Aid Appeals Committee.
- All credits on a student's schedule on the first day of class each semester count, unless the student drops the course or completely withdraws from the university during the 100 percent refund period for that semester.
- Only courses completed with an earned letter grade or passed under Pass/Fail provision count toward credits completed. Course work earning the following grades will not count as credits completed: AU (Audit), W (Withdraw), I (Incomplete), U (Unsatisfactory), F or FX (Failure).
- The exclusion of credits attempted for one medical withdrawal semester requires approval from the Financial Aid Appeals Committee.
- Students who have aid canceled because of failure to comply
 with the SAP criteria may appeal to the Financial Aid Appeals
 Committee. Appeals must be written, and must include a statement outlining the causes of poor academic performance and a
 formal plan for regaining compliance with the policy. If the
 appeals committee approves the appeal, the student will receive an aid offer of funds available at the time of approval.

Appendix F CODE OF CONDUCT

I. Student Rights and Responsibilities

A. Preamble

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and rhe general well being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility. The responsibility to secure and respect general conditions conducive to the freedom to learn is shared by all members of the community. The present code is designed to establish policies and procedures which provide and safeguard this freedom.

B. Purpose

Towson University's mission to the community at large is one of academic excellence and achievement. To that end, its campus community must be one wherein respect for the individual pursuit of academic excellence and achievement is given priority. In order to foster this environment, it is incumbent upon students to conduct themselves within the framework of the reasonable rules and regulations designed to enhance and protect the academic environment of the university. By specifying behavioral standards and by establishing fair and efficient processes for adjudicating conflict, the university seeks to protect the environment in which learning is nurtured and respect for that goal is continually afforded.

C. Individual Rights and Responsibilities

1. Access to higher education

a. Within the limits of its facilities, the institution and its courses, programs and activities shall be open to all applicants who are qualified, according to its admission requirements.

1. The institution shall, in the University Catalog, make clear to the students the standards of its programs.

2. Admission to Towson University shall be in com-

2. Admission to Towson University shall be in compliance with federal and state laws and regulations that prohibit illegal discrimination.

2. Classroom Expression

a. Discussion and expression of all views relevant to the subject matter are permitted in the classroom, subject only to the responsibility of the instructor to maintain order and reasonable academic progress.

1. Faculty comportment shall be in accordance with standards set forth by the American Association of University

Professors.

2. Students shall not be penalized for expressing controversial views relevant to the subject matter in class.

b. Evaluation of a student's academic performance shall be neither prejudiced nor capricious.

3. Personal Expression

- a. Discussion and expression of all views is permitted within the institution subject only to requirements for the maintenance of order. Support of any cause, by orderly means which do not disrupt the operation of the institution, is permitted.
- b. Students, groups, and campus organizations may invite to hear any persons of their own choosing, subject only to the requirements of the use of institutional facilities and regulations of the university, and the Board of Regents of the University System of Maryland.
- c. Students' dress and grooming, of any style, are permitted subject to legal prohibitions.

- d. Students, groups, or organizations may distribute written material on campus, providing such distribution does not disrupt the operations of the institution or deface property and adheres to the Advertising Policy and/or the Distribution and Solicitation Policy which is available at the University Union, Information Desk (410-704-4636).
- e. The right of assembly is granted within the institutional community. The institution retains the right to assure the safety of individuals, the protection of property, and the continuity of the educational process.
- f. Orderly picketing and other forms of peaceful protest are permitted on institutional premises. Interference with entrances to institutional facilities, intentional interruption of classes, or damage to property exceeds permissible limits.

g. Orderly picketing and orderly demonstrations are permitted in public areas within institutional buildings subject to the requirements of non-inference.

h. Every student has the option to be interviewed on campus by an organization authorized to recruit at the institution.

4. Privacy

a. Students have the same rights of privacy as any other citizens and surrender none of those rights by becoming members of the academic community.

b. Information about student views, beliefs, and political associations acquired by faculty and staff in the course of their work as instructors, advisers and counselors is confidential and is not to be disclosed to others unless under legal compulsion or with permission of the student.

c. The privacy and confidentiality of all student records shall be preserved. Official student academic records, supporting documents, and other student files shall be maintained only by full-time members of the institution's staff employed for that purpose and students employed by them who may have access in line of employment. Separate files shall be maintained for the following: academic records, supporting documents and general educational records, records of disciplinary proceedings, medical and psychiatric records, and financial aid records.

d. No entry may be made on a student's academic record and no document may be placed in the student's file without actual notice to the student.

e. Every student is guaranteed the right to inspect and review all information in his or her own files maintained by the Office of Judicial Affairs, subject only to reasonable regulations as to time, place and supervision. However, the student may not have copies of items in a file.

1) A student may challenge the accuracy or presence of any item by following the standard appeal process (see Appeal Procedures below).

2) When a case is referred, a disciplinary file may be developed in the name of the charged student.

3) The file will be voided if the charges against the student are not substantiated.

4) The file will be retained for seven years if the charges are substantiated. Disciplinary records may be retained for longer periods of time or permanently if the sanction is suspension or expulsion from the university or university housing.

5) Any record, file, or incident report to which the student has access and an opportunity to respond, or records of previous hearings, may be taken into consideration by the decision-maker in arriving at an appropriate decision.

6) Pursuant to recent changes in the Family Educational Rights and Privacy Act of 1974, as revised, the Judicial Affairs Office reserves the right to notify parents of students under the age of 21 who are found responsible for alcohol or drug violations of the Code of Student Conduct.

f. No record may be made in relation to any of the following matters except upon the express written request of the

student: religion, political or social views, and membership in any organization other than honorary and professional organizations directly related to the educational process.

- g. Agencies of the university which keep student records must make students aware of how and to whom those records may be divulged. No information in any student file may be released to anyone except with prior written consent of the student concerned or as stated below.
- 1) Administrators may have access to student records for internal educational and administrative purposes.
- 2) Members of the faculty may have access to academic records for internal educational and administrative purposes.
- 3) Non-academic records shall be routinely available only to administrators and staff charged with their maintenance. Faculty and staff may have access to all records for statistical purposes.
- 4) Directory information, as defined in Appendix F, may be released to any inquirer unless the student has specifically asked the director of Enrollment Services to withhold that information.
- 5) Unless under legal compulsion, all other information regarding students' records shall be denied to any person making an inquiry.
- h. Upon graduation or withdrawal from the institution, the records and files of former students shall continue to be subject to the provisions of this code.

D. Rights and Responsibilities of Campus Organizations

- 1. Organizations, groups, and NCAA teams may be established within the institution for any legal purpose. Their recognition will be in accordance with established guidelines.
- 2. Membership in all institution-related organizations, within the limits of their facilities, shall be open to any fee-paying member of the institution community who is willing to subscribe to the stated aims and meet the stated obligations of the organization.
- 3. Individual members, as well as the organization, group, or team itself, can be charged with violations of the Code of Student Conduct, including those actions defined in the "Hazing, Pre-Initiation Activities" section of this document.
- 4. Use of university facilities shall be granted to recognized student organizations. Student organizations shall be given priority for use of space as outlined in procedures established by Event & Conference Services and the Student Government Association.
- 5. The authority to allocate institutional funds derived from student fees for use by organizations shall be delegated to a body in which student participation in the decision-making process is assured.
- a. Approval of requests for funds is conditional upon submission of budgets to and approval by this body.
- b. Financial accountability, in full accordance with university and state policies, regulations, procedures and practices, is required for all allocated funds, including statement of income and expenses on a regular basis.
- Otherwise, organizations shall have independent control over the expenditure of allocated funds.
- 6. The student press is to be free of censorship. The editors and managers shall not be arbitrarily suspended because of student, faculty, administration, alumni or community disapproval of editorial policy or content. Similar freedom is assured oral statements of views on institution-controlled and student-operated radio or television stations. This editorial freedom entails a corollary obligation under the canons of responsible journalism and applicable regulations of the Federal Communications Commission.
- 7. All student communications shall explicitly state that the opinions expressed are not necessarily those of the institution or its student body.

E. Rights of Students in Institutional Government

- 1. All constituents of the institutional community are free, individually and collectively, to express their views on issues of institutional policy and on matters of interest to the student body. Clearly defined means shall be provided for student expression on all institutional policies affecting academic and student affairs.
- 2. The role of student government and its responsibilities shall be made explicit. There should be no review of student government actions except where review procedures are agreed upon in advance, or where actions of the government are either potentially illegal or present a clear danger to either individual or institutional rights.
- 3. On questions of educational policy, students are entitled to a participatory function. Students shall be designated as members of standing and special committees concerned with institutional policy affecting academic and student affairs, including those concerned with curriculum, discipline, admission, academic standards, university governance and allocation of student funds.

F. Student Grievance Procedures

- 1. Any student or group may file a grievance against an administrative official or faculty member for violation of student rights as listed above.
- 2. The Office of Judicial Affairs may make a preliminary investigation to determine whether the charges can be disposed of informally by mutual consent without the initiation of official proceedings.
- 3. If the charges cannot be disposed of informally, the student or group may file an appeal to the Student Appeals Committee.

II. Code of Student Conduct

A. Rationale

The primary purpose for the imposition of discipline in the university setting is to protect the campus community. Consistent with that purpose, reasonable efforts will also be made to foster the personal, educational, and social development of those students who are held accountable for violations of university regulations. However, the university must commit its policies and procedures first of all to protect and promote the academic enterprise. Consequently, it may be necessary to suspend or expel students who have been found responsible for violations of this Code, or who otherwise pose a substantial danger to the campus community.

B. Definitions

- 1. The terms "university" and "institution" mean Towson University (TU).
- 2. The term "student" includes all persons taking courses at the university, both full-time and part-time, pursuing undergraduate, graduate, professional, certificate, or continuing studies. Persons who are not officially enrolled for a particular term but who have a continuing relationship with the university are considered "students."
- 3. The term "faculty member" and "instructor" mean any person hired by the university to conduct classroom activities.
- 4. The term "university official" includes any person employed by the university, performing assigned administrative, professional, or paraprofessional responsibilities (including student resident assistants and building managers).
- 5. The term "member of the university community" includes any person who is a student, faculty member, university official, or any other person employed by the university.
- 6. The term "university premises" includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the university (including adjacent streets and sidewalks).
- 7. The term "organization" means any number of persons who have complied with formal requirements for university recognition (including SGA, Greek and NCAA).

- 8. The term "group" means a number of persons who are associated with each other but who have not complied with university requirements for registration as an organization.
- 9. The term "Hearing Board" means the hearing officer and judicial aides authorized by the director of Judicial Affairs to determine whether a student has violated the Code of Student
- 10. The director of Judicial Affairs is that person designated by the university president to be responsible for the administration of the Code of Student Conduct.
- 11. The term "policy" is defined as the written regulations of the university as found in, but not limited to, the Code of Student Conduct, the Policies for University Housing, the Faculty Handbook, the University Catalog, the Towson University Procedures for Alcohol Events, and the Event & Conference Services Guide for Student Organizations.

12. The term "academic dishonesty" is defined in the sec-

tion of this policy titled "Academic Dishonesty."

13. The term "interim disciplinary action" means discipline which is imposed pending the outcome of a court case for

off-campus behavior.

14. The term "banned from campus" means that a student is prohibited from coming onto university property. A student who is banned from campus may be allowed to finish current course work off campus, if appropriate, and a tuition refund may be granted. As a result of a ban, the student will not have a permanent file in the Office of Judicial Affairs. A ban will normally only be issued after the student has been offered a meeting with a representative of the Office of Judicial Affairs.

C. Scope

1. Generally, student or group conduct subject to institutional discipline is limited to: on-campus actions; off-campus actions which affect the university community or the university's pursuit of its mission, policies or procedures; off-campus actions by officially sponsored organizations, groups, or NCAA teams; or actions on university property which is leased to, or managed by, an entity other than the university.

2. However, a student charged with a violation of federal, state, or local laws for off-campus behavior may be disciplined by the university without a judicial board hearing when: the student is found guilty by a court of law; the student pleads guilty or nolo contendere to the charges; the student is given probation

before judgment; or, the case is stetted.

Additionally, interim or final disciplinary action may be taken before any court action is completed. Examples of charges that may result in action include acts of violence, drug and alcohol related violations, and a citation for a disorderly house. Such action will be taken only after a limited investigation by the Office of Judicial Affairs and after the student has been offered a meeting with a university official. Any interim action shall be reviewed, and appropriate final action taken, at the student's request or at the university's discretion, when a final court decision is rendered or when the university receives additional persuasive evidence.

3. Some conduct clearly disturbs only the campus environment; when such behavior occurs, the university shall take inter-

nal action.

- 4. At all times, the university seeks to resolve conflict and protect its community at the most immediate level. Review and resolution of conflict without having to involve university judicial bodies is desirable. The university's Code of Student Conduct is most successful when formal procedures are not necessary.
- 5. When there is evidence that a student has committed a crime on campus, disciplinary action at the university will normally proceed independently of pending criminal charges, including when charges involving the same incident have been dismissed or dropped. The student may then be subject to civil authorities as well as internal disciplinary action.

- 6. When a student is charged with a violation of one or more provisions of this Code, a charge letter arranging a meeting with a representative of the Office of Judicial Affairs will be sent to that student within a reasonable amount of time. At the meeting, the student will be informed of:
 - a. specific violation
 - b. description of alleged incident
 - c. hearing or disciplinary conference procedure
 - d. rights of appeal
 - D. Prohibited Conduct

The following misconduct is subject to disciplinary action:

- 1a. Intentionally furnishing false information to the institution.
- 1b. Forging, altering, or using institutional documents or instruments of identification with intent to defraud, or to otherwise benefit therefrom.
- 2a. Disruption or obstruction of teaching, research, administration or disciplinary proceedings.
- 2b. Disruption or obstruction of university sponsored activities or events.
 - 3. Lewd, obscene or indecent behavior.
 - 4. Physical abuse of any person.
- 5a. Unwanted physical contact or threat of physical contact with a university official.
- 5b. Threats of violence or placing a person in fear of imminent physical injury or danger.
- 5c. Any endangering conduct that imperils or jeopardizes the health or safety of any person or persons, including oneself.
- 5d. Stalking, defined as: to follow or otherwise contact another person repeatedly, so as to put that person in fear for his or her life or personal safety.
- 6. Inflicting mental or emotional distress upon a person through a course of conduct involving abuse or disparagement of that person's race, religion, sex, creed, sexual orientation, age, national origin or disability.

7. Acts that invade the privacy of another person.

- 8. All forms of sexual assault including, but not limited to, rape, date/acquaintance rape, or other non-consensual verbal or physical conduct of a sexual nature.
- 9. Abuse of any person; this includes verbal, written, email, or telephone abuse.
- 10. Intentionally or recklessly damaging, destroying, defacing or tampering with university, public or personal property of another.
- 11. Uncooperative behavior and/or failure to comply with proper instructions of officials acting in performance of their duties.
- 12. Violation of published institutional regulations and policies.
 - 13. Violation of state, federal and local laws.
 - 14. Unauthorized presence in institutional facilities.
- 15a. The possession or use of illegal drugs or drug paraphernalia when not in accordance with established policy.
- 15b. The sale, distribution or manufacture of illegal drugs when not in accordance with established policy.
- 16. The possession or use of any firearms or instrument which may be construed as a weapon, without express permission of the University Police.
- 17. The possession of explosives, fireworks, or pyrotechnic paraphernalia on campus.
- 18a. The possession or use of alcoholic beverages when not in accordance with established policy.
 - 18b. Public intoxication.
- 19. The unauthorized use of or entry into university computer systems.
 - 20. Violation of the university housing policy.
 - 21. Violation of any disciplinary sanction.

- 22. Charging telephone or telecommunications charges to university telephones or extension numbers without authorization.
- 23. Theft, attempted theft, possession of stolen property, conspiracy to steal or misappropriation of another's property. This includes, but is not limited to, removing, possessing, concealing, altering, tampering or otherwise appropriating goods or property without authorization.

24. Academic dishonesty.

E. Penalties

The following penalties may be imposed upon students and all student organizations for violations of the Code of Student Conduct. With only two exceptions, federal regulation prohibits disclosing the outcome of judicial proceedings to anyone other than to the accused and to appropriate university personnel. The first exception relates to allegations of sexual assault: in those cases, the university will disclose to the victim of a sexual offense the outcome of any investigation by University Police or the Office of Judicial Affairs pursuant to the victim's complaint against the alleged perpetrator of the sexual offense. The second case relates to alcohol and drug violations: the parents of students under the age of 21 may be notified when students are found responsible for violations of the university's alcohol or drug policies.

- 1. CENSURE: A written reprimand for violation of specified regulations, including a warning that continuation or repetition of prohibited conduct may be cause for additional disciplinary action. This may include a specified period of probation.
- 2. PROBATION: Notice to the student that any further disciplinary violation, during a specified period of time, may result in suspension or expulsion from the university and or university housing.
- 3. SOCIAL PROBATION: Exclusion from participation in privileged or extracurricular institutional activities, including NCAA athletic events or practice, for a specified period of time. Additional restrictions or conditions may also be imposed. Violations of the terms of social probation, or any other violation of this Code during the period of probation, will at times result in a fine, suspension or expulsion from the university.
- 4. SUSPENSION: Suspension involves separation of the student from the university for a specified period of time and usually impairs a student's ability to pursue work at other colleges and universities. Normally, the student will also be barred from university premises during the period of suspension. Any student who is suspended shall not be entitled to any tuition or fee refund
- 5. EXPULSION: Expulsion constitutes permanent separation of the student from the university. Any student who is expelled shall not be entitled to any tuition or fee refund.
- 6. SUSPENSION OF GROUP: Suspension shall consist of the withdrawal of an organization's recognition by the university, for a stated period of time, when an organization is found to have violated regulations. Suspension shall result in complete suspension of activities of the group during the stated period of time and may also include conditions for removal of suspension.
- 7. ORGANIZATIONAL DISSOLUTION: Organizational dissolution is a sanction imposed only upon student organizations guilty of serious and/or repeated violations of these standards. The sanctions involve permanent withdrawal of recognition by the university, denial of the use of university facilities or funds, and official dissolution of the organization on the campus.
- 8. RESTITUTION: Restitution may be imposed on students whose violation has involved monetary loss or damage. Fines may be imposed in addition to restitution. Restitution becomes a financial obligation to the university and either full payment or an agreement for partial payment according to a schedule agreed to by the director of Judicial Affairs is required before a student may register for classes again, or in the case of seniors, before the student may graduate.

- 9. TERMINATION OF UNIVERSITY HOUSING CONTRACT: Termination of a student's university housing contract may be imposed in order to safeguard the residence community if the seriousness of the violation warrants such action.
- 10. FINES: Fines of varying amounts may be imposed for certain violations, such as alcohol- and drug-related incidents. Fines must be paid prior to the end of the current semester, otherwise a student's registration privileges will be withheld or prior registration canceled.
- 11. OTHER SANCTIONS: Other sanctions may be imposed instead of or in addition to those specified above. For example, students may be subject to restrictions upon or denials of university parking privileges for violations involving the use or registration of motor vehicles on campus; sanction hours or research projects may be assigned; or the university housing contract may be placed on probation.
- 12. DRUG PENALTIES: (see Substance Abuse Policy below)

F. Standards and Procedures of Due Process

- 1. Students subject to suspension or expulsion from the university will be entitled to a judicial board hearing, except as described in section C.2. With the exception of allegations of academic dishonesty (see the section below: Academic Dishonesty), students subject to any other sanction will be entitled to a disciplinary conference.
- 2. The purpose of a disciplinary proceeding is to provide a fair evaluation of an accused's responsibility for violating disciplinary regulations. Although formal rules of evidence need not be applied, procedures shall comport with standards of fundamental fairness. Harmless deviations from the prescribed procedures shall not necessarily invalidate a decision or proceeding unless significant prejudice to an accused student or the university may result.
- 3. Any person may refer students or student groups or organizations suspected of violating this Code to the Office of Judicial Affairs. Allegations of violations occurring within university housing should be referred to the Office of Housing & Residence Life. Those referring cases are normally expected to serve as a witness and to present relevant evidence in disciplinary hearings or conferences. The director of Judicial Affairs may appoint a member of the campus community to serve as an adviser to university witnesses. The role of the adviser shall be limited to consultation with the witnesses.
- 4. Suspensions and expulsions from the university and/or university housing will be made by the vice president for Student Affairs, or designee. All other sanctions will be determined by the director of Judicial Affairs, or designee. In all cases, the accused will be notified in writing of any sanctions to be imposed and of his or her rights of appeal.

G. Disciplinary Conference and University Hearing Procedure

1. Disciplinary Conference: The conference procedure is designed to reduce unnecessary proceduralism and potential contentiousness in disciplinary proceedings. A disciplinary conference will normally consist of an informal, non-adversarial meeting between the accused and a university administrator, as designated by the director of Judicial Affairs. Witnesses are not required to participate, unless cross-examination is necessary to resolve a dispositive factual issue. Documentary evidence, written statements, and hearsay can be relied upon. The accused will be given access to documentary evidence and written statements in advance or during the conference and allowed to respond to them. Accused are also allowed to call appropriate and relevant witnesses.

The following procedural protections are provided to respondents in disciplinary conferences:

a. written notice of the specific charges prior to the scheduled conference;

b. reasonable access to the case file prior to and during the conference;

c. an opportunity to respond to the evidence and call

appropriate and relevant witnesses.

- 2. University Hearing: The following procedural guidelines shall be observed for all hearings held by the University Hearing Board. The University Hearing Board will be composed of the hearing officer, who shall preside and make the final decision, and one or two student judicial aides. In the absence of the judicial aides, the hearing officer may hear and decide the case alone. A case may not be heard if the hearing officer, or designated substitute, is not in attendance. The hearing officer shall be responsible for submitting the hearing panel's report to the Office of Judicial Affairs.
- a. The accused shall be given notice of the hearing date and the specific charges against him or her at least three calendar days in advance and shall be accorded reasonable access to the case file, which will be retained in the Office of Judicial Affairs. (In some cases, the accused may chose not to wait three days for a hearing to take place.)

b. The hearing will be tape recorded.

- c. The accused will be present for the hearing. If the accused fails to appear, this will be stated for the record and the hearing will continue.
- d. The accused and the complainant may be accompanied by a friendly observer. This party may not be or act as legal counsel, except when concurrent criminal charges have been filed. Then counsel may not participate in the hearing, but may advise the accused.
- e. The hearing officer shall exercise control over the proceedings to avoid needless consumption of time and to achieve orderly completion of the hearing. Any person, including the accused, who disrupts a hearing may be excluded by the hearing officer.
- f. Witnesses shall be asked to affirm that their testimony is truthful and may be subject to charges of intentionally providing false information to the university.
- g. Prospective witnesses, other than the complainant and the accused, will be excluded from the hearing during the testimony of other witnesses. In some cases, a university official may be present to offer relevant information regarding university policies and procedures. All parties and witnesses shall be excluded during hearing panel deliberations after the hearing.
- h. The burden of proof shall be upon the university, which must establish the responsibility of the accused by a preponderance of the evidence. "Preponderance of the evidence" is that evidence which, when fairly considered, produces the stronger impression, has the greater weight, and is more convincing as to its truth when weighed against the evidence in opposition thereto.
- i. Formal rules of evidence shall not be applicable in disciplinary proceedings conducted pursuant to this Code. The hearing officer shall admit all matters into evidence that reasonable persons would accept as having probative value, including documentary evidence, written statements, and hearsay. Repetitious or irrelevant evidence may, however, be excluded.
- j. Documentary evidence and written statements shall only be admitted into evidence if available to the accused before or during the hearing.
- k. Complainants and accused shall be allowed to call witnesses and accorded an opportunity to question those witnesses who testify for either party at the hearing.
- 1. The director of Judicial Affairs may appoint a special hearing panel member in complex cases. Special panel members may question all parties, participate in hearing panel deliberations, and offer advice to the hearing officer.
- m. The hearing will conclude with the accused making a final summation or statement.

- n. The hearing officer's report will be presented to the Office of Judicial Affairs within 72 hours. The student may view the hearing officer's written report by appointment.
- o. The accused will receive the decision in writing from the vice president for Student Affairs or designee.
- p. The taped records will be kept on file in the Office of Judicial Affairs for one semester following the hearing.
- H. Judicial Hearings for Student Organizations, Groups, and NCAA Teams
- 1. Student organizations, groups, and NCAA teams (referred to here collectively as "group") may be charged with violations of the Towson University Code of Student Conduct.
- 2. When one or more members of a group are charged with a violation of the Code of Student Conduct, the university may charge the group as well. A student group and its officers may be held collectively and individually responsible when violations of this Code by those associated with the group have received the consent or encouragement of the group or of the group's leaders or officers.
- 3. A position of leadership in a student group entails responsibility. Student officers or leaders cannot knowingly permit, condone, or acquiesce in any violation of this Code by the group. This section of the Code is designed, in part, to hold a group and its officers accountable for any act of hazing. The express or implied "consent" of the victim or participant is not a defense.
- 4. The officers, leaders, or any identifiable spokesperson for a student group may be directed by the vice president for Student Affairs or designee to take appropriate action designed to prevent or end violations of this Code by the group. Failure to make reasonable efforts to comply with the vice president for Student Affairs' directive shall be considered a violation of this Code, both by the officers, leaders, or spokesperson for the group and by the group itself.
- 5. A disciplinary conference for student groups will be conducted in a manner similar to the procedures listed above. Conferences shall be conducted with one spokesperson representing the group, usually the president. Any sanction listed in the Code of Student Conduct may be imposed on a group and its individual members. If individual members are subject to suspension or expulsion from the university for actions of the group, those individuals will be offered a judicial board hearing.

I. Emergency Suspensions

- 1. When there is evidence that the continued presence of a student on the university campus poses a substantial threat to him/herself or others, or to the stability and continuance of normal university functions, the vice president for Student Affairs, or designee, may immediately suspend a student from any or all university activities, including university housing, for an interim period pending a hearing or medical evaluation. Such an emergency suspension may become effective immediately without prior notice.
 - 2. An emergency suspension may be imposed only:
- a. to ensure the safety and well-being of members of the university community;
- b. to ensure the student's own physical or emotional safety and well-being;
- c. if the student poses a definite threat of disruption of or interference with the normal operations of the university.
- 3. A student issued an emergency suspension shall be denied access, as determined appropriate by the vice president for Student Affairs, or designee, to:
 - a. the entire campus, including classes;
 - b. university housing and dining facilities;
- c. all other activities or privileges for which the student might otherwise be eligible.
- 4. In these cases, a university hearing or medical evaluation will be scheduled as soon as is practicable.

J. Appeal Procedures

- 1. Any disciplinary determination resulting in expulsion or suspension from the university may be appealed to:
 - a. the Student Appeals Committee b. the president of the university
- 2. Any disciplinary determination resulting in suspension from university housing may be appealed to: the Student Appeals Committee.
- 3. Any disciplinary determination resulting in any lesser sanction may be appealed to: the vice president for Student Affairs.

The basis for appeal of a disciplinary sanction must be one of the following:

a. a flaw in the student's right of due process

b. evident bias in the decision of the hearing board or the individual conducting a disciplinary conference

c. inconsistent or overly severe sanction imposed

d. new evidence or insufficient consideration of all aspects of the situation

Appeals must be submitted in writing to the Office of Judicial Affairs within five business days after receipt of the sanction letter. Failure to appeal within the allotted time will render the original decision final and conclusive. Appeals shall be decided upon the record of the original proceedings, written letters submitted by the parties, and any further information requested by the committee.

Normally, new hearings will not be conducted on appeal. The imposition of sanctions will be deferred during the appeal process unless, in the judgment of the vice president for Student Affairs, or designee, the continued presence of the student on the campus or in university housing poses a substantial threat to him/herself or to others, or to the stability and continuance of normal university functions.

- 4. When a student has a dispute about a grade or substantive academic matter, the appeal process is:
 - a. instructor
 - b. department chairperson
 - c. college dean
 - d. Student Appeals Committee

In cases involving the awarding of grades, the Student Appeals Committee normally reviews whether a grade was determined in accordance with the terms set forth at the beginning of the semester by the instructor, normally as outlined in the course syllabus. Disputes regarding the grading of a particular piece of work shall be assigned to the appropriate chairperson who shall establish impartial means to conduct a review of the grade.

- 5. When a graduate student appeals a sanction imposed by a department for violation of established professional standards, the appeal process is:
 - a. department chairperson
 - b. college dean
 - c. Graduate Studies Committee
 - d. Student Appeals Committee

ACADEMIC DISHONESTY

Academic dishonesty in any form is unacceptable at Towson University. If a faculty member has evidence that a student's class-related behavior constitutes academic dishonesty, the faculty member may determine the course-related sanction to be imposed against the student, up to and including failure for the course. A letter must be sent to the student stating the imposed sanction and informing the student of his/her right to appeal. A copy of this letter should be sent to the director of Judicial Affairs. The route of appeal for a faculty-imposed sanction is:

- a. department chairperson
- b. college dean
- c. Student Appeals Committee
- d. provost and vice president for Academic Affairs

Definition

Academic dishonesty is an act of fraud, which may include misrepresentation, deceit, falsification, or trickery of any kind that is done by the student with the purpose, intent, or expectation of influencing a grade or other academic evaluation. Academic dishonesty also includes forgery and falsification of university academic documents, intentionally impeding or damaging the academic work of others, or assisting other students in acts of dishonesty. Common examples of academically dishonest behavior include, but are not limited to, the following:

1. Cheating: Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise; copying from another student's examination; representing material prepared by another as one's own work; violating rules governing administration of examinations.

2. Fabrication: Intentional and unauthorized falsification or invention of any information or citation in an academic exercise

3. Facilitating academic dishonesty: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

4. Plagiarism: Intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise; failure to attribute direct quotation, paraphrase, or borrowed fact or information.

(Plagiarism is an often misunderstood kind of cheating. It is a form of theft in which another person's ideas or words are presented as one's own. In its most blatant form it involves copying material word for word from a book or article and failing to use quotation marks and proper documentation. Most plagiarism, however, is not as blatant. If one borrows phrases, even key words, from a written source, these must be quoted and documented with a footnote. In like manner, ideas or sequences of ideas which one borrows from a written source require documentation with either footnotes or textual references to the source. These latter forms of plagiarism often result more from carelessness than deliberate dishonesty; however, plagiarism in any form is a serious offense.)

HAZING, PRE-INITIATION POLICY

Hazing in any form is against the law (Annotated Code of Maryland, Article 27, Section 268H) and is strictly prohibited at Towson University. When this policy is violated, action may be taken against all participants, including pledges. "Hazing" is defined as any action taken or situation created, intentionally, whether on or off campus to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations include but are not limited to paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips, or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities, late night sessions which interfere with scholastic activities; and any other activities which are not consistent with the academic mission of the university.

Students may bring their concerns regarding hazing to the Office of Student Involvement and Transitions.

NON-DISCRIMINATION POLICY

Towson University is in compliance with federal and state laws and regulations that prohibit illegal discrimination. The university does not discriminate on the basis of sexual orientation. Sexual harassment (see following section) is considered a form of sexual discrimination.

Procedure for Filing and Investigating Complaints of Discrimination in Education or Employment:

Students and employees may bring concerns about discrimination or unfair practices in education or employment to the Office of Fair Practices for investigation (Administration Building, room 205, 410-704-2361). After a student or employee has filed a

formal complaint, full information from the complainant, from university records, and from university personnel involved in the incident will be gathered and a determination as to the merits of the complaint will be made.

The investigation will normally be completed within 30 days. If a key person is unavailable or if the complaint is complex, involves a grade dispute or other faculty matter, the investigation may take longer. Every effort will be made to complete the investigation within the semester in which it is filed, unless the complaint is filed within the last two weeks of a semester, in which case every effort will be made to complete the investigation by the beginning of the following semester.

Students are encouraged to bring incidents that they think are discriminatory to the attention of university officials. The university cannot take appropriate action unless it is aware that a problem exists.

SEXUAL OR GENDER HARASSMENT

Sexual harassment constitutes a serious threat to the free interacrion and exchange necessary for educational and personal development, and it is entirely unacceptable on this campus. Definition: Sexual or gender harassment may range from offensive gender or sexual innuendos to coerced sexual relations. It can happen to both men and women, but women are more often victims.

Harassment occurs when a person in a position of control or influence uses authority and power to gain sexual advances and threats or punishes for refusal to comply. It includes suggestive remarks about clothing or physical attributes; leering or ogling; unnecessary touching; subtle or direct requests for sexual favors; implied or overt threats of consequence; or a hostile sexual environment. Students and employees may bring concerns about sexual harassment to the Office of Fair Practices for investigation.

AIDS POLICY

In accordance with the university's Non-Discrimination Policy, no student, faculty, or staff member shall be denied access to the academic, social, or employment opportunities offered by Towson University solely because he/she has AIDS or is an HIV carrier. A university committee (appointed by the president) will be appointed to evaluate individual cases of HIV infection and to make recommendations as questions of risk or cases of specific emergencies require. Educational programs will be implemented for the campus and the campus community to assist in preventing further spread of the virus.

POLICY ON SUBSTANCE ABUSE FOR FACULTY, STAFF, AND STUDENTS

University System of Maryland POLICY

The University System of Maryland, as an employer, strives ro maintain a workplace free from the illegal use, possession, or distribution, possession or use of controlled substances (as defined pursuant to Controlled Substances Act, 21 U.S.C. Sections 801, et. seq.). Unlawful manufacture, distribution, dispensation, possession or use of controlled substances by university employees in the workplace is prohibited under university policy. In addition to any legal penalties under federal and state law, employees found to be in violation of this policy or the Maryland Governor's Executive Order on Substance Abuse, 01.01.1991.16, may be subject to corrective action under applicable university personnel policies. The university supports programs aimed at the prevention of substance abuse by university employees. Employees are encouraged to seek assistance for substance-dependency problems. Employee-assistance counseling and leaves of absence to attend rehabilitation programs are appropriate means of dealing with these problems.

Towson University POLICY

The use of controlled substances and the abuse of alcohol presents a serious threat to individual health and everyone's safety.

Moreover, the use of illegal drugs and the abuse of alcohol can result in less than complete reliability, stability, and good judgment which is inconsistent with the standards set for the faculty, staff, and students of this university. Towson University, as an employer, strives to maintain a workplace free from illegal use, distribution, or possession of controlled substances. Any person found to be participating in such activity will be subject to administrative disciplinary action, mandatory counseling and treatment and/or criminal proceedings.

The use, possession, and/or sale of illegal drugs, are considered violations of Towson University's Code of Student Conduct, the faculty contract, and the terms of employment of regular, contingent (exempt/non-exempt) staff. Faculty, students, and employees who use, possess, or sell illegal drugs shall be subject to discipline, including mandatory counseling, suspension, or dismissal from the university. The university will take disciplinary action based on reasonable available information; such action will be independent of any civil or criminal processes precipitated by the same incident and will follow the policies and procedures of the university and the University System of Maryland Board of Regents. In the workplace, use, possession, and/or sale of illegal drugs and controlled substances are also violations of state and federal laws for which individuals are subject to university disciplinary processes and/or arrest and criminal prosecution.

These serious workplace situations must be handled in ways which ensure the protection of the civil rights and handicapped rights of the accused, the treatment and rehabilitation of employees, and the notification of the necessary administrative and legal authorities.

Specific procedures for reporting drug use, penalties and appeals are part of the Towson University Code of Conduct. Employee disciplinary measures and appeals for violations of this policy as well as other policies of the university are part of the Faculty Handbook, the Part-Time Faculty Handbook, and the Personnel Manual.

In addition to the university policy on substance abuse, all employees of the university including student employees are subject to the Maryland Governor's Executive Order 01.01.1991.16 on the Drug and Alcohol Free Workplace.

In accordance with federal legislation, Towson University's substance abuse policy will be distributed annually to all students and employees through the campus or U.S. mail.

Education

In accordance with federal legislation, there will be an annual distribution in writing, to each employee and student of:

- 1. the dangers of drug abuse in the workplace (to include student employees);
- 2. the institution's policy of maintaining a drug-free workplace and drug-free campus;
- 3. standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on university property or as part of any university activities;
- 4. a description of applicable legal sanctions under local, state, or federal law;
- 5. a description of health risks associated with the use of illicit drugs and abuse of alcohol;
- 6. a description of available drug or alcohol counseling, treatment, or rehabilitation and/or reentry programs;
- 7. a clear statement of the disciplinary sanctions that the university will impose on students and employees.

All supervisory faculty and staff will receive training on drug awareness and treatment. This training program shall include existing as well as new supervisory personnel. Drug awareness training will be an integral part of the university's student orientation program.

Faculty and staff orientations will include programming especially designed to focus on the university's policy toward substance abuse. Employee/Student Assistance Programs

Towson University's health and drug education programs will inform the entire university community of the physical and psychological effects of the non-medically supervised use of illegal drugs, alcohol and consciousness expanding drugs. The education program shall make employees aware of the consequences of prosecution under local, state and federal laws and the rules for governance for university imposed discipline.

The university recognizes the importance of individual rights and respects the privacy of employees and students. To this end, the university has an established counseling program for students and an Employee Assistance Program (EAP) for faculty and staff. These programs have been designed to provide counseling and rehabilitative services. Employees and students are encouraged to contact the appropriate program in the event they have a substance abuse problem. In this way a student or employee can correct the problem before it jeopardizes a job, an education, family, or individual well being.

Employees or students who need help with a problem of drug abuse shall be encouraged to call the Counseling Center, the Health Center, Human Resources or the office of the vice president for Student Affairs. The resources of the Counseling Center shall be available for supervisors who wish consultation in handling employees who may have substance abuse problems. The call will be treated with confidentiality and respect.

Voluntary participants in an assistance program will not jeopardize their continued employment or enrollment at the university provided that their job performance or behavior is consistent with established standards. However, voluntary participation in an assistance program will not prevent disciplinary action for violation of the policy described herein, where such violation has already occurred.

Procedures for Grievances and Appeal

Towson University strongly encourages the use of drug rehabilitation programs as the keystone to a drug-free environment. For each class of employee and student category, the formal rules of procedure remain intact. These include the student judicial procedures and criminal justice procedures. Following a conviction for violation of a drug offense in the workplace, disciplinary action can be imposed, up to and including termination or disenrollment. As a condition of continued employment or education, an employee or student may be required to participate in an approved drug abuse rehabilitation program.

Suspected Drug Use, Possession, or Sale

The use, possession or sale of illegal drugs are violations of state and federal laws for which all offenders are subject to arrest and criminal prosecution, as well as university administrative processes. These serious offenses must be handled in ways to ensure the guarding of evidence, the protection of civil rights of the accused, and notification of the proper authorities. To this end, specific procedures outlined in this policy are to be followed in any campus situation where substances are suspected to be ille-

Any individual, student or employee, directly associated with the University System of Maryland who uses or becomes involved with illegal drugs without proper medical supervision, shall be subject to discipline, including suspension or dismissal, as appropriate.

Students, faculty and staff, in their routine activities, may observe suspected illegal drug activities. As a result, some staff members may become involved in the determination of disciplinary action that follows suspected use, possession or distribution of an illegal substance. Specific actions or responsibilities in regard to the suspicion of illegal substances have been outlined in other paragraphs of this policy.

The university reserves the right to conduct drug testing consistent with applicable federal and state laws.

Alcohol Use and Abuse

Towson University views with alarm the potential and real prob-

lems caused by alcohol abuse and alcoholism. The alcohol policy has been directed to students and employees engaged in the legal use of alcohol. The implicit as well as explicit focus for prudent drinking is with moderation rather than intoxication.

Any person using alcoholic beverages at any time and at any place while on the Towson University campus is responsible to civil and university authorities for compliance with state and county law.

It is against Maryland State law for anyone under the age of 21 to purchase, possess or consume alcoholic beverages.

It is unlawful for any minor to knowingly and willfully make any misrepresentation or false statement as to his/her age in order to obtain alcoholic beverages.

It is unlawful for any person to purchase alcoholic beverages for consumption by an individual who is known to be a minor.

It is unlawful for any person to possess open containers of any alcoholic beverages in a public place.

Policies concerning the possession and/or use of alcoholic beverages on campus and at special university/community events shall be the delegated responsibility of the vice president for Student

Procedures for Reporting Substance Abuse

The following information shall provide the basic guidelines for the reporting of student or employee drug use, possession, sale or distribution. Other procedures to be followed have been specified in other sections of this policy.

Upon observing or receiving a report of suspected use, possession, or distribution of an illegal drug or the illegal use of alcohol, faculty and staff, and/ or students shall proceed in the following manner:

Step One: Report suspicions of illegal drug/or alcohol use or possession to the administrator of your area or the appropriate vice president. Any faculty or staff member who observes the workplace use or possession of illegal drugs or alcohol must take appropriate action.

Students observing drug activity in the residence halls should notify a housing staff member. These administrators will notify the appropriate authorities and take appropriate action.

Step Two: Use judicious thought and sound judgment when approaching individuals suspected of illegal drug or alcohol use, possession or distribution. It is preferable to leave drugs or alcohol in their original location until the authorities take action.

Step Three: The university administration will determine if state or federal laws may have been violated. University employees should not become involved in mediating any situation involving illegal drug or alcohol use.

Penalties for Substance Abuse Penalties for Faculty and Staff

Towson University strongly encourages the use of drug rehabili-

tation programs as an effective measure in creating a drug-free workplace program. However, additional penalties may be implemented up to and including reprimand, suspension, mandatory counseling, mandatory participation in a drug rehabilitation program and/or dismissal. Appropriate university grievance procedures shall be used for each classification of employee.

Any individual who has been convicted of a controlled dangerous substance offense on or after January 1, 1991 shall be required to disclose that fact when applying for a license renewal. The licensing authority may refuse to issue the license or impose appropriate conditions on the license, except for noncommercial driver's licenses (Maryland Drug Enforcement Act of 1990).

Maryland law [Art. 27, 8, 286, and 287 Annotated Code of Maryland (1990)] states that persons who manufacture, distribute, dispense, or possess a controlled dangerous substance may be subject to imprisonment (length of time varies) and fines (\$15,000 and up).

Penalties for Students

In addition to the laws of the University System of Maryland, the State of Maryland and the nation, Towson University students shall be governed by rules referred to as the "Towson University Code of Conduct." Within these campus guidelines, students shall be subject to institutional discipline if they use, possess, distribute, or sell illegal drugs and illegally use or abuse alcohol. There may be various penalties applied to the student convicted of misuse of drugs and alcohol, depending on the situation. Individuals are encouraged to use voluntary rehabilitation programs and may be required to receive mandatory counseling and treatment. If a student is suspected by the university police to have violated state and/or federal laws with regard to illegal drugs or use of alcohol, the student will be subject to arrest and criminal prosecution.

All students suspected of substance abuse violations may be referred to the director of Judicial Affairs. The student will be subject to a due process hearing in accordance with institutional disciplinary guidelines. Disciplinary action at the university will normally proceed whether or not criminal charges related to the same incident have been processed and sustained. The university encourages voluntary counseling and may require participation

in an approved treatment program.

Where there is evidence that the continued presence of a student on the university campus poses a substantial threat to self, others, or to the stability and continuance of normal university functions, the vice president for Student Affairs, or a designee, may immediately suspend, on an emergency basis, a student from any or all university activities (including university housing programs and class attendance) pending a hearing or medical evaluation. A hearing will be scheduled in a timely fashion to adjudicate the case as swiftly as possible. During the period of emergency suspension, if the student needs access to the campus, arrangements can be made for the student to come to campus, on a limited basis, to attend counseling sessions and/or conduct business, usually with an escort. Such an interim suspension can become effective immediately without prior notice.

The following penalties described herein are in addition to those penalties listed in the section on general procedures and penalties for suspected drug use, possession or sale. The specific penalty prescribed will usually depend on the nature of the alleged violation. Penalties may be administered following a judicial hearing where the suspected offender has been found to be guilty of specific charges. Possible penalties for student violations

may include, but are not limited to, the following:

PENALTY ONE: The student user may be subject to referral to a mandatory drug treatment/education program, and/or the termination of the university housing contract, denial of access to university housing halls and social functions. If suspended, permission to return to school will be considered after the period of suspension and a verified report of attendance in a drug treatment/education program. Repeat offenders may be subject to more severe actions.

PENALTY TWO: The student distributor may be subject to referral to a mandatory drug treatment/education program and/or suspension from school for at least one year. Permission to return to school will be considered after the period of suspension and a verified report of attendance in a drug treatment/education program. Repeat offenders may be subject to more severe actions.

PENALTY THREE: The student conspirator, who brings together the seller and the buyer, may be subject to referral to a mandatory drug treatment/education program and/or suspension for at least one semester. Permission to return to school after the period of suspension will be considered with verified attendance in a drug treatment/education program.

PENALTY FOUR: Greek Organizations, who have been found to tolerate drug use, possession, and/or sale on the part of their members will be subject to a drug education program for the

group.

Maryland law [Art. 27, 8, 286, and 287 Annotated Code of Maryland (1990)] states that persons who manufacture, distribute, dispense, or possess a controlled dangerous substance may be subject to imprisonment (length of time varies) and fines (\$15,000 and up).

Recipients of Federal Grant/Contracts/Awards

Any faculty, staff member or student applying 1) for a federal grant/contract in which an in the workplace drug-free policy has been required, 2) for a "Pell Grant" or any other student/faculty grant/award or fellowship in which an in-the-workplace drug-free policy has been required, and 3) for a subcontract with the Department of Defense, will be required to comply in accordance with federal regulations.

1. Each individual must certify in writing to abide by the terms of the Towson University Drug-Free Workplace Policy.

2. Each individual must notify the Office of Sponsored Projects and Research Administration or the Office of Financial Aid of any criminal drug conviction occurring in the workplace, no later than 5 days after conviction.

The university will be responsible for notifying any contracting or granting agency, within 10 days of employee notification otherwise receiving actual notice, of a conviction in (2) above.

If a grant or award is directly made to an individual, rather than the institution, the individual will certify in writing to the institution to not engage in unlawful manufacture, distribution, dispensation, possession, or use of any controlled substance in the workplace or while conducting any work activity with the grant/contract and will abide by the terms of this Towson University Substance Abuse Policy.

Relationship with External Contractors

The university is committed to encourage all non-state entities, who do business with the university or otherwise receive funds from the university, to make a "good faith" effort to eliminate illegal drug abuse from their workplace. Therefore, in accordance with Executive Order 01.01.1991.16, the university shall take whatever action necessary and appropriate to require a drug-free workplace, in accordance with applicable federal and state law, on each recipient of a state contract, grant, loan or other state funding instrument.

Biennial Review

The Towson University Substance Abuse Policy and Program will be reviewed every two years (a) to determine effectiveness and the need to implement change as necessary, and (b) to assure that sanctions developed and implemented were consistently enforced. Responsibility

The president of Towson University will appoint a campus coordinator for all substance and alcohol abuse programs. This administrator will be responsible to the president for the implementation of this policy and the university's Drug Free Workplace and Drug Free Campus plans. The president shall also hold responsible all faculty, staff, and students for supporting the campus coordinator, especially those who occupy positions of leadership and supervision.

"Good Faith" Efforts

Towson University will at all times make a "good faith" effort to maintain a drug-free and substance abuse free workplace and campus through the implementation of this policy.

Course Descriptions

THE MEANING OF COURSE NUMBERS

Academic departments use specific abbreviations for each general subject area (for example, French in the Department of Modern Languages). These three- or four-letter abbreviations (discipline codes) are listed below. In the course listings below, the discipline codes are followed by a three-digit code, which signifies course

Course	Significance of
Numbers	Numbers
100-299	Lower-Level Undergraduate Courses
300-499	Upper-Level Undergraduate Courses
	Certain courses may be taken for undergraduate
	or graduate credit. These courses'
	graduate-level equivalents are shown in brackets.

Sequential Courses

Courses whose numbers are separated by a hyphen are to be taken in sequence. When course numbers are separated by a comma, either semester may be taken independently of the other. (See Prerequisites.)

Prerequisites

Prerequisites are requirements imposed by an academic department for certain courses within its curriculum. Such requirements may include, but are not limited to, other courses, a specific quality point average, or class standing (e.g., junior, senior). Prerequisites may also include successful completion of screened requirements, where applicable, or successful completion of a specific test or examination, either departmental or standardized, where applicable. Prerequisites may also include department or instructor permission in addition to, or in lieu of, specific course, testing, or class standing requirements.

Departments are responsible for enforcing prerequisites. Students are advised to read carefully course descriptions found in this catalog, and to make sure they have met any prerequisites before registering for courses. Students who remain in courses without having met prerequisites, with or without the permission of the instructor, do so at their own risk. Failure to meet prerequisites and withdraw from a course by the published deadline is not a basis for petitioning the Academic Standards Committee for an exception to academic policy.

Elective Courses

Courses that are not required toward the GenEds or a major program of study are electives. Students may complete elective courses to attain the 120 credits needed to graduate. However, before attempting electives, students should consult their advisers and, for more information, the course instructors and department chairpersons.

Credit Value of Courses

The semester credit value of each course is indicated in the parentheses following the title.

Time of Offering

All required courses are usually offered at least once a year. Elective courses in each department are offered on a regular rotation so that each is available at least once every three years. All courses are offered subject to sufficient enrollment.

ACCOUNTING (ACCT)

Lower Division

ACCT 201 ACCOUNTING PRINCIPLES I (3) Accounting in the decision-making process of a business, including the effects of accounting events on business financial statements; planning and decision-making tools in the operating cycle; process of recording and communicating information.

ACCT 202 ACCOUNTING PRINCIPLES II (3) Accounting in the decision-making process of a business, including analysis of the operating cycle and cash management and controls; evaluating business performance through financial statement analysis; spreadsheet applications and team learning activities. Prerequisite: ACCT

201 with a grade equivalent of 2.00 or higher.

ACCT 211 HONORS ACCOUNTING PRINCIPLES I (3) This course is similar to ACCT 201 except that it emphasizes more conceptual approaches to accounting and requires completion of a research paper, case studies and practice sets. It also requires a considerable amount of computer-based instruction. Prerequisites: SAT scores 550 or above, Verbal; 600 or above, Math.

ACCT 212 HONORS ACCOUNTING PRINCIPLES II (3) This course is similar to ACCT 202 except that it emphasizes more conceptual approaches to accounting and requires completion of a research paper, case studies and practice sets. It also requires a considerable amount of computer-based instruction. Prerequisites: SAT scores 550 or above, Verbal; 600 or above, Math, and ACCT 211 with a grade equivalent of 2.00 or higher.

Upper Division

ACCT 301 INTERMEDIATE ACCOUNTING I (3) GAAP accounting theory; analysis of financial statements; revenue recognition methods; accounting for changes and errors and for changes in prices; financial statement analysis. Prerequisite: ACCT 202 with a grade equivalent of 2.00 or higher.

ACCT 302 INTERMEDIATE ACCOUNTING II (3) Analysis of assets (cash, receivables, inventories, fixed assets and intangibles) and liabilities. Concepts of present value analysis. Prerequisites: ACCT 301 with a grade equivalent of 2.00 or higher and passing score on

the APAT.

ACCT 303 INTERMEDIATE ACCOUNTING III (3) Analysis of equity. Reporting of earnings per share. Accounting for investments, leases, post-employment benefits and income taxes. Prerequisite: ACCT 302 with a grade equivalent of 2.00 or higher.

ACCT 321 ADVANCED ACCOUNTING I (3) Partnership accounting, multinational accounting, accounting for non-business organizations, and business combinations and consolidations. Prerequisite:

ACCT 303 with a grade equivalent of 2.00 or higher.

ACCT 322 ADVANCED ACCOUNTING II (3) Interpretation and application of financial accounting principles. Prerequisite: ACCT 321 with a grade equivalent of 2.00 or higher or consent of instructor.

ACCT 341 COST ACCOUNTING I (3) Components of manufacturing cost under the job order and processing cost system will be discussed. Elements of standard cost accounting, variance analysis and direct cost will be presented. Prerequisite: ACCT 202 with a grade equivalent of 2.00 or higher.

ACCT 342 COST ACCOUNTING II (3) Preparation of budgets and budgetary controls, standard costs and their application. Also covers management uses of accounting information through case analyses. Prerequisite: ACCT 341 with a grade equivalent of 2,00 or higher.

ACCT 361 TAX ACCOUNTING I (3) Covers federal income tax laws governing gross income, deductions, calculation of taxable income tax rates. Emphasis is placed on the effect of these laws on the income of individual taxpayers. Prerequisite: ACCT 202 with a grade equivalent of 2.00 or higher.

ACCT 362 TAX ACCOUNTING II (3) This course covers federal income tax laws dealing with partnerships, corporations, special tax areas and state of Maryland income tax laws. Prerequisite: ACCT

361 with a grade equivalent of 2.00 or higher.

ACCT 401 AUDITING (3) Standards, controls, ethics and procedures employed by financial auditors. Prerequisites: ACCT 303, COMM 131, and upper-level writing requirements with a grade equivalent of 2.00 or higher; senior status.

ACCT 402 AUDITING II (3) Auditing procedures, working in small groups and developing oral and written communications skills for public accounting. Prerequisite: ACCT 401 with a grade equivalent of 2.00 or higher.

ACCT 410 ACCOUNTING CONTROL SYSTEMS (3) Analysis, design and implementation of accounting systems and their role in gathering and disseminating financial information. Emphasis will be placed on the use and integration of computers into the accounting system. Prerequisites: ACCT 303 and ACCT 341 with a grade equivalent of 2.00 or higher. MAJORS ONLY.

ACCT 470 - 479 SPECIAL TOPICS IN ACCOUNTING (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current accounting practice. May be repeated for credit provided a different topic is covered. Prerequisite: consent of

instructor.

ACCT 495 INDEPENDENT RESEARCH IN ACCOUNTING (3)
Directed research on specific problems in a functional area of
accounting. May be repeated for a maximum total of 6 credits.
Prerequisite: consent of instructor.

ACCT 497 ACCOUNTING INTERNSHIP (3) Students are required to work in assigned projects in actual accounting environments. Priority will be given to seniors. Open to highly qualified jumors. Graded S/U. May be repeated for a maximum of 6 credits. Prerequisites: consent of department chairperson; junior status.

ADULT EDUCATION (ADED)

Upper Division

ADED 485[585] ADULT EDUCATION (3) Introduction to the historical and philosophical evolution of adult education in the United States in relationship to current aims, types of programs, and issues. Prerequisite: consent of instructor.

ADED 487[587] TEACHING THE ADULT LEARNER (3) Teaching learning activities at various levels of adult education. The needs, motivation, and abilities of the adult learner are stressed.

Prerequisite: consent of instructor.

ADED 489 PRINCIPLES OF READING INSTRUCTION FOR ADULTS (3)
Causes of adult reading disabilities, evaluation relevant to reading disability, and the methods and materials employed in the remediation process. Prerequisite: consent of instructor.

AMERICAN STUDIES (AMST)

Lower Division

AMST 201 INTRODUCTION TO AMERICAN STUDIES (3) Interdisciplinary course interpreting American culture through historical documents, literature, film, music, art and popular expression. Topic varies, GenEd II.B.1.

Upper Division

AMST 491 DIRECTED READINGS IN AMERICAN STUDIES (3)
Independent research in American Studies on a topic selected by the
student in consultation with the instructor. Prerequisite: consent of
American Studies coordinator.

AMST 497 PRACTICUM IN MATERIAL CULTURE (3) Students will work with members of the curatorial staff at a local museum to learn various museum techniques, examine the collections, and understand the educational and scholarly uses of material culture. A daily log and 90 hours of participation are required. Prerequisite: consent of American Studies coordinator. Graded S/U.

ANTHROPOLOGY (ANTH)

Lower Division

- ANTH 207 CULTURAL ANTHROPOLOGY (3) Introduction to social and cultural anthropology; cultural theory, social structure, human ecology, language and culture, technology, religion, art and literature. GenEd II.D.
- ANTH 208 HUMAN EVOLUTION AND PREHISTORY (3) The study of humans: their biological and cultural development through time. GenEd II.D.
- ANTH 209 ANTHROPOLOGY OF AMERICAN CULTURE (3)
 Applies the anthropological perspective and methodology to the study of the institutions of American culture and the distinctive ways of life encompassed by it. Students will use the perspective in a field work situation of their choice. GenEd II.B.2.
- ANTH 210 HONORS CULTURAL ANTHROPOLOGY (3) Introduction to social and cultural anthropology. Major social institutions, such as politics, economics, religion and social structure will be viewed cross-culturally. Honors College course. Special permit only. GenEd II.D.

ANTH 211 HONORS ANTHROPOLOGY OF AMERICAN CUL-TURE (3) Applies the anthropological perspective and methodology to the study of the institutions of American culture and the distinctive ways of life encompassed by it. Students will use the perspective in a fieldwork situation of their choice. Honors College course. Special permit only. GenEd II.B.2.

Upper Division

- ANTH 311 ARCHAEOLOGY OF MARYLAND (3) Prehistory of Maryland from initial settlement until the European contact. Prerequisite: ANTH 208.
- ANTH 321 [521] GENDER IN CROSS-CULTURAL PERSPECTIVE (3) Materials from a variety of cultures will be used to illustrate and analyze the roles of women and men within the major institutional aspects — the family, economics, politics and religion. Particular attention will be devoted to the similarities and differences in sex role patterns within and among the cultures. Prerequisite: SOCI 101 or ANTH 207.
- ANTH 331 ESKIMO ETHNOLOGY (3) Survey of the social and cultural worlds of the Inuit (Eskimo). Prerequisite: ANTH 207.
- ANTH 346 [546] WEALTH, POWER & POLITICS IN CROSS-CULTURAL PERSPECTIVE (3) Political systems and the distribution of power in egalitarian, ranked and stratified societies will be examined. Prerequisite: SOCI 101 or ANTH 207.
- ANTH 351 DRUGS IN THE AMERICAS (3) Examines drug production and organization of supply in Latin America and the impact of the illegal economy on the peasant producers and the fabric of the economy, polity and society of those Latin American countries most directly involved. Most attention will be paid to cocaine, although heroin and marijuana will be discussed for comparative purposes. The course will not deal with drug consumption in the United States except incidentally. In the light of Latin American reality, the policy choices of the "War on Drugs" will be evaluated. Prerequisite: SOCI 101 or ANTH 207.
- ANTH 353 LATINAS IN THE AMERICAS (3) Anthropological perspective stressing "emic" or insider view, structural constraints of class, gender and race; women's agency is used to understand the diverse experiences of Latin American women with colonization, independence, revolution, development and structural readjustment. Prerequisite: ANTH 207, ANTH 208, or WMST 231 or consent of instructor.
- ANTH 361 CONTROVERSIES IN ANTHROPOLOGY (3) Focuses on a number of significant controversial issues in cultural anthropology. Students will read divergent assessments on each issue under study. In addition, films will be shown which further illuminate the topics. The topics covered will cover a diverse range of areas, including sociobiology, cannibalism, incest, family organization, sexuality, warfare, competitive feasting, and spirit possession. Prerequisite:
- ANTH 364 [564] RELIGION, MAGIC AND WITCHCRAFT (3) The world view, beliefs and rituals of selected non-literate peoples considered with reference to religion as a universal category of human culture. Prerequisite: ANTH 207.
- ANTH 365 [565] NORTH AMERICAN INDIANS (3) The traditional culture of native North Americans and their socio-cultural place in modern American society. Prerequisite: ANTH 207.
- ANTH 366 [566] SOUTH AMERICAN INDIANS (3) Survey of the cultures of the native peoples of South America in Pre-Columbian times and the situation of contemporary tribal peoples of South America. Prerequisite: ANTH 207.
- ANTH 367 [567] PEOPLES OF THE MIDDLE EAST (3) Survey of the Middle East as a cultural area with emphasis on culture change. Prerequisite: ANTH 207.
- ANTH 368 [568] DEVELOPMENT AND INDUSTRIALIZATION OF CROSS-CULTURAL PERSPECTIVE (3) The development and industrialization experiences of selected contemporary populations in Asia, Africa, and Latin America in comparison with those of developed countries. Prerequisites: ANTH 207 or SOCI 101.
- ANTH 369 [569] TRADITION AND REVOLUTION IN LATIN AMERICAN SOCIETY (3) An anthropological perspective will be brought to bear on contemporary Latin American culture and society. The Pre-Columbian heritage, the traditional synthesis and the struggle to modernize and develop will be examined. Prerequisite: SOCI 101, ANTH 207, or ANTH 208.
- ANTH 370-379 [530-539] TOPICS IN ANTHROPOLOGY (3) An examination of current topics in anthropology designed for non-

- majors as well as majors. May be repeated for a maximum of 6 credits. Prerequisite: ANTH 207.
- ANTH 381 [581] ARCHAEOLOGICAL METHODS AND THEORY (3) Methods of excavating and recording archaeological data. Investigation of problems of current research interest. Prerequisite: ANTH 207.
- ANTH 383 [583] NORTH AMERICAN ARCHAEOLOGY (3) Regional survey of the prehistory of native North American cultures. Prerequisite: ANTH 207 or ANTI1 208.
- ANTH 387 [587] NATIVE AMERICAN ARCHAEOASTRONOMY (3) Examination of prehistoric roots of astronomy in the New World with an emphasis on the American Southwest. Celestial motions and the development of a calendar, related folklore, and case studies concerning solstice and equinox observations. Prerequisite: ANTH 207 or 208.
- ANTH 388 [588] PEASANT CULTURES (3) Focuses on rural agricultural population of modern states, their traditional lifeways and the changes being wrought by modernization. Prerequisite: SOCI 101 or ANTH 207.
- ANTH 391 ARCHAEOLOGICAL LAB METHODS (3) Artifact analyses from prehistoric site excavations; archaeological data analysis techniques. Prerequisite: ANTH 208.
- ANTH 393 ARCHAEOLOGICAL FIELD SCHOOL (3) Field work conducted in a late prehistoric archaeological site in the Maryland area. May be repeated for a maximum of 6 credits. Prerequisite: ANTH 208.
- ANTH 401 [501] ANTHROPOLOGICAL THEORY (3) Survey of the theoretical contributions made by American, British and Continental anthropologists. This course also satisfies the university's second writing course requirement. Prerequisites: ENGL 102, ANTH 207, and 9 hours of anthropology. GenEd I.D.
- ANTH 470-479 [570-579] SPECIAL TOPICS IN ANTHROPOLOGY (1-3) An examination of current topics in anthropology designed for junior and senior majors. May be repeated for a maximum of 6 credits. Prerequisites: ANTH 207 and 6 additional hours of anthropology.
- ANTH 491-492 [591-592] INTERNSHIP IN ANTHROPOLOGY I, II (3, 3) Supervised experience in work setting which facilitates understanding of rules and relationships relevant to anthropological inquiry and application of anthropological knowledge. Although opportunities to do anthropologically oriented fieldwork in the community will usually be available, placement in agencies dedicated to anthropological inquiry may not always be possible. Students may elect to take one semester for 3 credits (491) or two semesters for 3 credits each (491-492), in one agency for both semesters or in a different agency each semester. No more than 3 credits may be earned in a semester without consent of the chair, which will be granted only when agency requirements and student needs make it appropriate. A fee is charged for each semester a student is involved in the internship. Prerequisites: concentration in anthropology; junior standing and consent of internship coordinator.
- ANTH 495 [595] INDEPENDENT RESEARCH (3) Supervised research and anthropological investigation leading to preparation of a research project or a supervised field experience. For senior students with a concentration in anthropology. May be repeated for a maximum of 6 credits. Prerequisites: at least 12 credits in ANTH and consent of department chair.
- ANTH 498 READINGS IN ANTHROPOLOGY (Honors) (4) A survey of the relevant scholarly literature under the guidance of a staff member who will direct the student's research. Prerequisite: consent of the honors coordinator.
- ANTH 499 HONORS THESIS (4) Supervised research and anthropological investigation involving library and/or field experiences and culminating in a written report. Prerequisite: consent of the honors coordinator.

ART

Lower Division

- ART 100 USING VISUAL INFORMATION EFFECTIVELY (3) Accessing, analyzing and organizing visual information, including Internet research and Web page design, Gen.Ed. I.B.
- ART 102 DESIGN FOR NON-ART MAJORS (3) Creative process through two-dimensional art theory and concepts. Studio application, lectures, research problems. GenEd I.E.

- ART 103 DESIGN 1 (3) Elements and principles of two-dimensional design: compositional problems involving various materials, tools and techniques.
- ART 104 DESIGN II (3) Elements and principles of three-dimensional design: form and space problems involving various tools, materials and techniques.
- ART 106 DRAWING FOR NON-ART MAJORS (3) Creative process through drawing. Studio application, lectures, demonstrations and research problems. GenEd I.E.
- ART 107 CERAMICS FOR NON-ART MAJORS (3) Creative process through studio application of ceramics. Lectures, demonstrations and research problems, GenEd I.E.
- ART 109 SCULPTURE FOR NON-ART MAJORS (3) Creative process through sculpture. Studio application, lectures, demonstrations and research problems. GenEd I.E.
- ART 111 DRAWING AND THE APPRECIATION OF DRAWING 1 (3) Problems of expressive draftsmanship in a variety of media. Drawing from the costumed and nude figures, still life and landscape.
- ART 113 PAINTING FOR NON-ART MAJORS (3) Creative process through painting. Studio application, lectures, demonstrations and research problems. GenEd I.E.
- ART 115 AMÉRICAN TRADITIONS IN PAINTING (3) Diverse trends in American painting. Lecture, demonstration, studio experiences, museum visits, guest speakers. GenEd H.B.1.
- ART 117 PRINTMAKING FOR NON-ART MAJORS (3) Creative process through printmaking. GenEd l.E.
- ART 118 JEWELRY FOR NON-ART MAJORS (3) Creative process through jewelry production. GenEd 1.E.
- ART 126 FABRIC DESIGN FOR NON-ART MAJORS (3) Study of design elements and principles using various textile techniques, such as embroidery, applique, quilting, and dyeing. GenEd I.E.
- ART 205 THE HUMAN FIGURE (3) Exploration of the human figure using two- and three-dimensional techniques: emphasis on the representational image. Prerequisite: ART 111.
- ART 211 DRAWING II (3) Continued studio work in drawing: landscape, still life and figure. Prerequisite: ART 111.
- ART 217 INTRODUCTION TO COMPUTER MEDIA (3) Hardware and software for image generation, image processing and design. Prerequisite: ART 103.
- ART 229 PAINTING I (3) Fundamentals of painting through lecture, demonstration and studio experience. Emphasis on color theory and applications: still life and landscape. Prerequisites: ART 103, ART
- ART 231 CERAMICS I (3) Creative investigation of ceramic materials. Studio work, lectures and discussion on ceramic design, techniques and materials. Prerequisites: ART 103, ART 104, or consent of instructor.
- ART 234 PHOTOGRAPHY1 (3) Technical and aesthetic elements of the photographic process. A manually adjustable camera is required. Prerequisite: ART 103.
- ART 236 PAINTING II (3) Continued studio experience utilizing a variety of techniques and media: still life, landscape, and the figure. Prerequisite: ART 229.
- ART 241 SCULPTURE I (3) Lecture and studio problems in the aesthetic and technical considerations of contemporary sculpture.
- ART 245 INTRODUCTION TO PRINTMAKING (3) Basic intaglio and relief processes: collograph, dry point, linocut, and monoprinting, with an overview of other printmaking media. Prerequisites: ART 103 and ART 111.

Upper Division

- ART 301 STAINED GLASS (3) Directed studio problems in stained glass: cutting, foiling, soldering, brass frame, and patina. Prerequisite: ART 102 or ART 103 or consent of instructor.
- ART 309 CERAMICS: THE POTTER'S WHEFL (3) Studio experience in wheel throwing with emphasis on utilitarian art forms. Lectures, discussion and demonstrations. Prerequisite: ART 231.
- ART 310 CERAMICS: HANDBUILDING (3) Studio experience utilizing a variety of handbuilding techniques: problems in both utilitarian and sculptural considerations.
- ART 311 WOOD: CONCEPT AND PROCESS (3) Lecture and directed studio problems in the fabrication and lamination of wood. Prerequisite: ART 241.
- ART 313 ENAMELING I (3) Directed studio problems in applying and firing vitreous enamels on metal. Basic techniques of stencil and inlay work are emphasized. Cloisonne, plique-à-jour champleve will be introduced. Prerequisites: ART 103, ART 104.

- ART 317 GRAPHIC DESIGN1(3) Fundamentals of visual conceptualization, type and image integration, creative and innovative concept development. Not available to students who successfully completed ART 317, Design for Visual Communication. Prerequisites: ART 103 and ART 217.
- ART 318 JEWELRY (3) Investigation into aesthetics, history, function and design of jewelry. Lecture and directed studio problems in forming, joining and finishing of metallic and non-metallic materials. Prerequisites: ART 103 and ART 104 or consent of instructor.
- ART 319 [519] METALSMITHING (3) Lecture, demonstration and directed studio problems in raising, forging, joining and finishing various metals with emphasis on design and creation of hollowware and flatware. The historic and aesthetic aspects of the media are considered. Prerequisite: ART 318.
- ART 320 FIBERS: STRUCTURES 1 (3) Non-loom fiber construction including twining, coiling, crochet, felting, basketry. Functional and sculptural forms, historical and aesthetic considerations. Prerequisite: ART 104 or consent of instructor.
- ART 321 COMPUTER GRAPHICS I (3) Utilizing Macintosh systems, software, and utilities for art, and visual communication. Prerequisites: ART 217 and ART 234.
- ART 326 FIBERS: SURFACES I (3) Design problems executed with dye and ink on fabric using resist techniques, hand painting and printing. Prerequisite: ART 103 or consent of instructor.
- ART 328 FIBERS: STRUCTURES II (3) Basics of hand weaving on the loom. Aesthetic and historical aspects of the media. Prerequisite: ART 103 or consent of instructor.
- ART 331 WATERCOLOR I (3) Fundamentals explored through lecture, demonstration and studio experience: still life, landscape and the figure. Prerequisite: ART 236 or consent of the instructor.
- ART 334 [534] PHOTOGRAPHY II (3) The aesthetic of black-and-white photography using advanced photographic processes and electronic imaging techniques. (May be taken concurrently with ART 321.) Prerequisite: ART 234.
- ART 335 [535] PHOTOGRAPHY III (3) The aesthetic of color photography through the use of advanced color photographic processes, alternative media processes, and electronic imaging techniques. Prerequisite: ART 234.
- ART 336 PAINTING III (3) Continued development of skills and technical expertise. Emphasis on independent problems and personal direction. Prerequisite: ART 236.
- ART 337 FIBERS: SURFACES II (3) Contemporary design and color studies in piecing, applique, quilting, and embroidery by hand and machine. Aesthetic, historical and cultural considerations. Prerequisite: ART 103 or consent of instructor.
- ART 339 METAL: CONCEPT AND PROCESS (3) Lecture and directed studio problems in metal fabrication and lost wax casting. Prerequisite: ART 241.
- ART 340 MODELING: CONCEPT AND PROCESS (3) Lecture and directed studio problems in clay modeling emphasizing the human figure and moldmaking. Prerequisite: ART 241.
- ART 342 CARVING: CONCEPT AND PROCESS (3) Lecture and directed studio problems in stone, wood and other media. Prerequisite: ART 241.
- ART 345 NEW DIRECTIONS IN PRINTMAKING (3) Utilizing technology to link printmaking to digital, photo, Xerox and hand-drawn images. Prerequisites: ART 217 or consent of instructor.
- ART 346 NEW DIRECTIONS IN PAINTING, EXPERIMENTAL MEDIA AND ART I (3) Development of skills and technical expertise in 2-D, 3-D, 4-D computer based and time based. Emphasis on individual expression, uniqueness and personal direction. Prerequisite: ART 236.
- ART 347 SCREEN PROCESS 1 (3) Multicolor projects include paper, stencil, drawing fluid, filler blockout, crayon resist, direct photo emulsion using water-based inks. Prerequisites: ART 103, ART 111 or consent of instructor.
- ART 349 RELIEF PROCESS 1 (3) Traditional and experimental techniques in printmaking: woodcut, collagraph, subtractive relief process using oil and water-based materials. Prerequisites: ART 103, ART 111 or consent of instructor.
- ART 350 ETCHING AND INTAGLIO PROCESSES (3) Etching, engraving, aquatint, lift ground, wood intaglio, and beginning color printing. Prerequisites: ART 103, ART 111 or consent of instructor.
- ART 351 WRITING ABOUT ART (3) Expository writing about the visual arts, including critiques, articles, press releases and other

- formats. Emphasis on effective writing with aesthetic insight. Prerequisites: ENGL 102 or 190; ARTH 221 or 222 or consent of instructor, GenEd LD.
- ART 353 LITHOGRAPHIC PROCESS I (3) Personal expression through printing from litho stones and plates. Prerequisites: ART 103, ART HH or consent of instructor.
- ART 355 TYPOGRAPHY (3) Theory, concepts and aesthetics of type. Prerequisite: ART 317
- ART 356 NEW DIRECTIONS IN PAINTING, EXPERIMENTAL MEDIA AND ART (3) Development of skills and technical expertise in 2-D, 3-D, 4-D, computer-based and time-based media. Emphasis on individual expression, uniqueness and personal direction. Prerequisite: ART 236.

ART 357 PHOTOGRAPHIC FORMATS (3) Field experience in photographic imaging technology. Prerequisite: ART 334 or ART 335. May be

repeated for up to 6 credits.

- ART 359 DIGITAL PHOTOGRAPHY I (3) Digital photographic image capture, manipulation and production. Prerequisites: ART 234, ART 217.
- ART 360 COMPUTER ART I (3) Introductory experience in producing art images on the computer. Includes lectures, demonstrations, Internet, gallery visits and lab work. Prerequisites: ART 217 and ART 229.
- ART 361 COMPUTER 3-D MODELING (3) Ideas and technologies for developing 3-D models and images. Prerequisite: ART 217
- ART 363 COMPUTER MULTIMEDIA I (3) Exploration of multimedia and authoring techniques as related to interactivity on the computer using still and animated image creation. Prerequisite: ART 321 or ART 360.
- ART 365 DESIGN FOR THE WWW (3) Authoring techniques as related to interactivity, information design and digital imaging. Prerequisite: ART 321.
- ART 366 CONCEPT MODEL MAKING (3) Making 3-D material models out of a range of materials using precision fabrication techniques to depict innovative design ideas for products. Prerequisite: ART 368 or consent of instructor.
- ART 367 THEORY AND APPLICATION OF MATERIALS AND PRO-CESSES FOR INDUSTRIAL DESIGN (3) Theory, analysis and application of how materials and processes are chosen for the design and fabrication of products. Prerequisite: ART 368 or consent of instructor.
- ART 368 INDUSTRIAL DESIGN I (3) Product and furniture design; idea development, design of computer models, construction of 3-D material models and presentation. Prerequisites: ART 104, ART 111, ART 241.
- ART 370 SPECIAL TOPICS IN ART (3) In-depth study of a selected area dependent upon faculty and student interest. May be repeated for a maximum of 6 credits provided a different topic is covered, Prerequisite: 18 credits of art courses.
- ART 371 PRODUCTION TECHNIQUES FOR THE GRAPHIC **DESIGNER** (3) Experiences with the tools and methods involved in preparing camera ready art elements for print media and advertising. Prerequisites: ART 317 and one 300-level graphics (printing) course.
- ART 373 ILLUSTRATION I (3) Use of black-and-white and color media to produce images that communicate to a mass audience. Prerequisites: ART 211 and ART 229 or consent of instructor.
- ART 377 EXHIBIT DESIGN (3) Theory, concepts, planning, graphics, spatial aesthetics and model construction for various professional exhibits. Management, design and installation of art exhibits. Not open to those who successfully completed ART 220. Prerequisites: ART 103 and ART 104,
- ART 400 [500] CERAMIC RAW MATERIALS (3) Lecture and laboratory investigation of ceramic materials as they apply to glazes, clay slips and clay bodies. Tests and problems in ceramic raw materials. Prerequisites: ART 309, ART 310 or equivalent.
- ART 402 LIFE DRAWING AND ANATOMY I (3) The study of anatomical structure of the human figure for art students. Drawing from the nude and draped model. Prerequisite: ART 211.
- ART 407 [508] CERAMICS: CLAY SCULPTURE (3) Studio experience utilizing a variety of ceramic techniques. Assigned problems in sculptural directions for students experienced in handbuilding and the potter's wheel. Prerequisite: ART 310 or consent of instructor.
- ART 409 CERAMICS: THE VESSEL (3) Studio experience utilizing a variety of ceramic techniques. Problems in utilization directions based on the vessel. Prerequisite: ART 310 or consent of instructor.
- ART 412 LIFE DRAWING AND ANATOMY II (3) Continued study of anatomical structure of the human figure for art students. Emphasis

- on musculature. Drawing from the nude and draped model. Prerequisite: ART 402.
- ART 413 [513] ENAMELING II (3) Continued studio experience in enameling. Emphasis on advanced techniques of cloisonne, pliqueá-jour, independent work and personal experience are encouraged. Taught concurrently with ART 313. Prerequisite: ART 373.
- ART 414 [514] ADVANCED STUDIO (2-3) Independent work for advanced students in field of special interest. Prerequisites: must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice.
- ART 415 [515] ADVANCED STUDIO (2-3) Independent work for advanced students in field of special interest. Prerequisites: must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice.
- ART 416 [516] ADVANCED STUDIO (2-3) Independent work for advanced students in field of special interest. Prerequisites: must have exhausted other courses in particular field or written consent of instructor. Student must make arrangements in advance of registration with instructor of choice.
- ART 417 GRAPHIC DESIGN II (3) Communication graphics synthesizing formal, conceptual and technical skills. Emphasis on creative concept development using type and image. Prerequisite: ART 317, Design for Visual Communication II or consent of instructor.
- ART 418 [518] JEWELRY II (3) Intermediate design and studio experience. Directed problems in the techniques of metal construction, forging, stone setting and cold joinery.
- ART 419 JEWELRY III (3) Advanced design and studio experience. Directed problems, including surface treatments, die forming and casting of metals. Emphasis on independent work and personal expression. Prerequisite: ART 418.
- ART 421 COMPUTER GRAPHICS II (3) Directed studio experience using a variety of digital art software programs. Emphasizing artistic vision, professional pieces and digital design.
- ART 431 [531] WATERCOLOR II (3) Intermediate studio experience: landscape, still life, figure and photographic imagery. Prerequisite: ART 331.
- ART 435 PHOTOGRAPHY IV (3) Advanced research into the aesthetic of photographic imaging through the use of black-and-white and color photo process, alternative media processes, and electronic imaging technology. May be taken concurrently with ART 421. Prerequisites: ART 334, ART 335, and ART 321. May be repeated for up to 9 credits.
- ART 436 PAINTING IV (3) Continued studio experience for advanced students with emphasis on personal direction. Prerequisite: ART 336. May be repeated for credit.
- ART 437 QUILTING II (3) Continued studies in contemporary design using piecing, applique, trapunto, and quilting by hand and machine. Prerequisite: ART 337.
- ART 438 METALSMITHING II (3) Continued studio experiences in silver and coppersmithing: raising and forging non-ferrous metals. Prerequisite: ART 319 or consent of instructor.
- ART 441 ADVANCED SCULPTURE I (3) Lecture and directed studio problems in advanced sculpture media and concepts. Prerequisite: any 300-level sculpture course.
- ART 443 ADVANCED SCULPTURE II (3) Continued lecture and directed studio problems in advanced sculptural media and concepts. Prerequisite: ART 441 or ART 414-16.
- ART 445 EXPERIMENTAL DIRECTIONS (3) Lecture and directed studio problems: recent sculptural trends, concepts and technologies, including installation, performance, environments, computers, etc. Prerequisite: ART 241 or consent of instructor.
- ART 446 NEW DIRECTIONS IN PAINTING, EXPERIMENTAL ME-DIA AND ART II (3) Continued studio experience for advanced students with emphasis on personal direction. Prerequisite: ART 346.
- ART 447 [547] SCREEN PROCESS II (3) Advanced color projects using direct photo emulsion emphasizing integration of hand drawn images with photo and computer-generated images with non-toxic inks. Prerequisite: ART 347 or consent of instructor.
- ART 449 [549] RELIEF PROCESS II (3) Traditional and experimental processes. Advanced color assignments using oil and water-based inks. Prerequisite: ART 349 or consent of instructor.
- ART 450 [550] INTAGLIO PROCESS II (3) Multiple plate color and simultaneous color/intaglio/relief techniques and collagraph using experimental materials. Prerequisite: ART 350.

- ART 453 [553] LITHOGRAPHIC PROCESS II (3) Personal expression, advanced printing including stone plate and photo plate. Multiple color printing. Prerequisite: ART 353.
- ART 457 GRAPHIC DESIGN III (3) Problems in graphic communication on the Macintosh, emphasizing individual portfolio development. Prerequisite: ART 417.
- ART 459 DIGITAL PHOTOGRAPHY II (3) Advanced digital photographic image capture, manipulation and production. Prerequisite: ART 359.
- ART 460 COMPUTER ART II (3) Intermediate experience in producing art images on the computer. Includes lectures, demonstrations, gallery visits and lab work. Prerequisite: ART 360.
- ART 462 COMPUTER ART III (3) Advanced experience in producing art images on the computer. Includes lectures, demonstrations, gallery visits and lab work. Prerequisite: ART 460.
- ART 463 COMPUTER MULTIMEDIA II (3) Authoring techniques as related to interactivity on the computer using still and animated image creation. Prerequisite: ART 363.
- ART 468 INDUSTRIAL DESIGN II (3) Product solutions and idea development related to operation and manufacturing, including human factors and ergonomics analysis. Prerequisite: ART 368.
- ART 469 INDUSTRIAL DESIGN III (3) Advanced issues in product design, including experimentation in group projects and individual designs. Prerequisites: ART 366, ART 367, ART 468.
- ART 473 [573] ILLUSTRATION II (3) Continued studio experience in illustration, developing personal approaches in various media. Emphasis on practicing professional assignments and portfolio preparation. Prerequisite: ART 373 or equivalent.
- ART 474 ILLUSTRATION III (3) Advanced studio experience utilizing a variety of contemporary and experimental media, emphasizing creative exploration and building a professional portfolio. Prerequisites: ART 373 and ART 473.
- ART 483 PACKAGE DESIGN (3) Designing packages with understanding of marketing, social, ethical and environmental impact. Prerequisites: ART 317, ART 321, and ART 360.
- ART 490 INTERNSHIP IN ART (2-3) A non-paid work experience with cooperating businesses and organizations. A daily log and 100 hours of participation are required. Prerequisite: consent of instructor.
- ART 491 INTERNSHIP IN ART (2-3) A non-paid work experience with cooperating businesses and organizations. A daily log and 100 hours of participation are required, Prerequisite: consent of instructor.
- ART 492 INTERNSHIP IN ART (2-3) A non-paid work experience with cooperating businesses and organizations. A daily log and 100 hours of participation are required. Prerequisite: consent of instructor.
- ART 494 [594] TRAVEL AND STUDY ABROAD (3-6) Countries and topics to be selected by the department and instructors sponsoring the program. For information, contact the Department of Art early in the semester preceding the semester of travel study. Prerequisites: consent of instructor and interview.
- **ART 497 SENIOR PROJECT** (3) Directed studio. Critiques culminating in a presentation/portfolio. Prerequisite: consent of instructor.
- ART 499 SENIOR HONORS THESIS (4) Honors in Art History or Art Education: Writing of a standard thesis based on individual research under the direction of a thesis adviser. Honors in Studio Area: An exhibition of work resulting from Honors Studio courses. A supporting paper defining philosophy and purpose written under the direction of a thesis adviser. Prerequisite: Admittance to Art Department Honors Program.

Graduate Division

See TU Graduate Catalog for course descriptions.

ART EDUCATION (ARED)

Upper Division

- ARED 371 ART AND THE CHILD (3) Major considerations of art education appropriate to the work of the elementary teacher; experiences with art materials.
- ARED 373 ART FOR EARLY CHILDHOOD EDUCATION (2) Lectures, demonstrations and workshops based on special needs as students experience art in nursery schools, day care centers, kindergartens and the primary grades. Prerequisites: concurrent registration for Block I, ECED 341.
- ARED 381 MEDIA AND TECHNIQUES FOR ART TEACHERS: ELEMENTARY (3) Introduction to Art Education. Exploration of media and processes; planning and instructional strategies. Taken concurrently with ARED 383.

- ARED 383 MEDIA AND TECHNIQUES FOR ART TEACHERS: SECONDARY (3) Introduction to studio activities, planning and instructional strategies. Taken concurrently with ARED 381.
- ARED 465 ADVANCED ART EDUCATION (3) Art education problems at all levels; materials and skills in relation to classroom needs. Prerequisite: ARED 371 or equivalent.
- ARED 467 FIELD EXPERIENCES IN ART EDUCATION: ELEMENTARY (2) Analysis of instruction in selected elementary teaching situations; preparation and teaching of units in elementary schools. Taken concurrently with ARED 468, ARED 475, and ARED 479.
- ARED 468 FIELD EXPERIENCES IN ART EDUCATION: SECOND-ARY (2) Analysis of instruction in selected secondary teaching situations; preparation and teaching of units in secondary schools. Taken concurrently with ARED 467, ARED 475, and ARED 479.
- ARED 475 METHODS OF TEACHING ART: ELEMENTARY (3) Theoretical and practical aspects of teaching art: selection, design and implementation. Taken concurrently with ARED 467, ARED 468, and ARED 479.
- ARED 479 METHODS OF TEACHING ART: SECONDARY (3) Theoretical, practical, philosophical and historical aspects of art education: content and methods of planning and instruction. Taken concurrently with ARED 467, ARED 468, and ARED 475.
- ARED 481 STUDENT TEACHING IN ELEMENTARY EDUCATION-ART (6) Practical experiences in observation, participation and student teaching in a public elementary school under the guidance of a cooperating teacher and a university supervisor. Prerequisites: all art foundation requirements, all ARED courses, PSYC 101, PSYC 201 and SCED 319 (or SCED 341). Taken concurrently with ARED 483 and ARED 485. Graded S/U.
- ARED 483 STUDENT TEACHING IN SECONDARY EDUCATION-ART (6) Practical experiences in observation, participation, and student teaching in public secondary school under the guidance of a cooperating teacher and a university supervisor. Prerequisites: all art foundation requirements, all ARED courses, PSYC 101, PSYC 201, and SCED 319 (or SCED 341). Graded S/U.
- ARED 485 PRO-SEMINAR IN THE TEACHING OF ART (3) A professional seminar for Art Education majors. Discussion of problems in the current teaching experience. Prerequisite: permission of Art Education faculty. Taken concurrently with student teaching.

ART HISTORY (ARTH)

Lower Division

- ARTH 105 ART IN THE CULTURE (3) Forms of art in relation to world culture. GenEd II.D.
- ARTH 107 ART: THEMES, DREAMS, AND VISIONS (3) Artists' ideas, subjects and motifs across time and place. GenEd II.D.
- ARTH 108 INTRODUCTION TO NON-WESTERN ART (3) Non-western arts of the Americas, Africa, Oceania, Islam, India, China, Japan. GenEd. II.D.
- ARTH 109 ART AND THE HUMAN BODY (3) Depictions of the human body in western Art. GenEd II.C.1.
- ARTH 113 MYTHS AND STORIES IN AMERICAN ART (3) Myths, stories, folk tales and narratives depicted through American art. GenEd II.B.1.
- ARTH 207 HONORS: SEMINAR IN ART HISTORY (3) Specific historical period/movement or artist with presentations, critiques, directed readings and research paper. GenEd II.C.1. May be repeated for a maximum of six credits.
- ARTH 208 HONORS: SEMINAR IN NON-WESTERN ART HISTORY (3) Specific historical, period/movement or artist within the non-western tradition with presentations, critiques, directed readings and research paper. GenEd II.D. May be repeated for a maximum of six credits.
- ARTH 221 SURVEY OF WESTERN ART I (3) Prehistoric to Medieval art. GenEd ILC.1.
- ARTH 222 SURVEY OF WESTERN ART II (3) Renaissance to Modern art. Prerequisite: ARTH 221. GenEd II.C.1.

Upper Division

- ARTH 301 ORIGINS OF WESTERN ART (3) Historical survey concentrating in Paleolithic, Egyptian, Mesopotamian, and Aegean art and architecture. Prerequisite: ARTH 221.
- ARTH 306 ART AND ARCHITECTURE OF THE CLASSICAL WORLD (3) History of the art and architecture of Ancient Greece and the Roman Empire. Not open to those students who successfully completed ARTH 303 and/or ARTH 305. Prerequisite: ARTH 221.

- ARTH 307 MEDIEVAL ART (3) History of the art and architecture of the Romanesque and Gothic periods. Prerequisite: ARTH 221.
- ARTH 309 ITALIAN RENAISSANCE ART AND ARCHITECTURE (3) History of the architecture, painting and sculpture of the Italian Renaissance. Prerequisite: ARTH 222.
- ARTH 311 NORTHERN RENAISSANCE ART AND ARCHITECTURE (3) History of the architecture, painting and sculpture of France, Germany and Flanders. Prerequisite: ARTH 222.
- ARTH 313 BAROQUE ART AND ARCHITECTURE (3) History of the art and architecture of the 17th century in Italy, France, Spain, Holland and Flanders. Prerequisite: ARTH 222.
- ARTH 323 MODERN ART I (3) History of the painting and sculpture of Europe from the Rococo to Post-Impressionism, ARTH 222.
- ARTH 324 MODERN ART II (3) History of 20th-century art concentrating on painting and sculpture from Europe and the United States. Prerequisite: ARTH 222.
- ARTH 325 HISTÓRY OF MODERN ARCHITECTURE (3) History of European and American architecture of the 20th century. Prerequisites: ARTH 221 and ARTH 222.
- ARTH 327 HISTORY OF MODERN DESIGN (3) Twentieth century graphic, furniture, industrial, product, textile and domestic design. Prerequisites: ARTH 221 and ARTH 222.
- ARTH 330 EAST ASIAN ART AND ARCHITECTURE (3) A crosscultural analysis of Chinese, Japanese and Korean art and architecture. Prerequisites: ART 108 or consent of instructor.
- ARTH 331 THE ART OF CHINA (3) History of the painting, sculpture, craft and architecture of China and peripheral regions. Prerequisites: ARTH 105, ARTH 221, or ARTH 222 or consent of instructor.
- ARTH 333 THE ART OF JAPAN (3) History of the painting, sculpture and architecture of Japan. Prerequisites: ARTH 105, ARTH 221, or ARTH 222 or consent of the instructor.
- ARTH 335 AFRICAN-AMERICAN ART (3) African-American art and artists in the context of American Art. Prerequisites: ARTH 105, ARTH 222, ARTH 313 or consent of instructor.
- ARTH 337 AMERICAN ART (3) History of American architecture, art and crafts from the colonial period to the present. Prerequisites: ARTH 105, ARTH 222 or consent of instructor.
- ARTH 341 WOMEN IN ART (3) Images of women and images made by women in western and non-western cultures from prehistoric to the present. Prerequisites: ARTH 105 or ARTH 222 or consent of instructor.
- ARTH 351 HISTORY OF PHOTOGRAPHY (3) World photography from the early 19th century to the present. Prerequisite: ARTH 105 or ARTH 222.
- ARTH 370-379 SPECIAL TOPICS IN ART HISTORY (3) In-depth study of a selected period, theme or artiste. May be repeated for a maximum of 6 credits when different topics are covered. Prerequisites: ARTH 221 and ARTH 222 or consent of instructor.
- ARTH 391 RESEARCH METHODS IN ART HISTORY (3) Bibliographic research and procedures. History of scholars and writing in the field. Prerequisites: ARTH 221 and ARTH 222 and two upper-division art history courses.
- ARTH 485 [585] SEMINAR IN ART HISTORY (3) Intensive analysis of a single artist, a defined historical period, or a stylistic development in art. Directed reading, discussions and museum tours. Variable content. May be repeated under a different topic for a maximum of 9 credits, including attempts of ARTH 485. Prerequisites: ARTH 222 and one upper-division art history or consent of instructor.
- ARTH 494 STUDY ABROAD (3-9) Travel and study abroad. Various topics in the history of art.
- ARTH 495/96/97 INDÉPENDENT STUDY IN ART HISTORY (3,3,3) Advanced research and examination of a topic in art history. Prerequisites: ARTH 221, ARTH 222, and at least one 300-level art history.
- ARTH 498 INTERNSHIP IN ART HISTORY (3) A non-paid work experience in cooperating arts organizations, institutions, and businesses. 100 hours and a written assignment related to the internship. May be repeated for a maximum of 9 credits. Prerequisites: consent of instructor and interview.
- ARTH 499 SENIOR HONORS THESIS (4) Thesis under the direction of an adviser. Prerequisite: admission to the Department of Art Honors Program.

ASTRONOMY (ASTR) Lower Division

ASTR 161 GENERAL ASTRONOMY I (4) Science of astronomy; investigations and theories concerning the solar system, galaxies and

the universe. Three lecture hours and one two-hour laboratory period. High school algebra suggested. GenEd H.A.I. Not open to students who have successfully completed PHSC 161.

Upper Division

- ASTR 301 COSMIC ORIGINS (3) Origin and evolution of the universe, stars and planets; the rise of life on Earth; social, technological and ethical issues raised by the scientific search for extraterrestrial life and its possible discovery on other worlds. Prerequisite: one course in GenEd H.A.1. GenEd H.A.2.
- ASTR 303 ASTROPHYSICAL TECHNIQUES (3) Observational astronomy using the department's telescope and NASA archival data, emphasizing equipment operating principles, scientific methods, signal statistics, data reduction. Includes imaging and photometry with coupled charge devices in addition to spectroscopy, space observations, radio astronomy. Prerequisites: ASTR 331, PHYS 341.
- ASTR 331 INTRODUCTION TO ASTROPHYSICS (3) Applications of physics in astronomy, spectroscopy, stellar interiors and evolution, the interstellar medium, cosmology. Prerequisite: ASTR 161; PHYS 212 or PHYS 242 may be taken concurrently. Not open to students who have successfully completed PHSC 231.
- ASTR 361 ASTRONOMY II (3) Stars, stellar systems, galaxies and cosmology. Emphasizing determination of the distance scale and modern trends in astronomy. Prerequisite: ASTR 161 or acceptable substitute. Not open to students who have successfully completed PHSC 361.
- ASTR 423 PARTICLE ASTROPHYSICS (3) Atomic, nuclear, and particle physics; presenting elements—of star and galaxy formation and cosmology. Prerequisites: ASTR 161, PHYS 307, PHYS 311; ASTR 361 recommended.
- ASTR 470-479 SELECTED TOPICS IN CONTEMPORARY ASTRO-PHYSICS (3) Variable content including the origin of the elements and radio, microwave, and UV instruments and sources. Prerequisite: ASTR 331.
- ASTR 495 CAPSTONE PROJECT IN ASTROPHYSICS (3) Individual project in observational or theoretical astrophysics. Prerequisite: senior standing in Astrophysics Track or consent of instructor.

BIOLOGY (BIOL)

The following courses may involve the use of vertebrate animals in class demonstrations or experiments. Such use is considered a requirement for successful completion of the courses. Students should consult instructors if they have questions or concerns about animal use in a particular course.

Lower Division

- BIOL 100 HUMANISTIC BOTANY (3) Selected botanical topics of interest to the non-science major. Topics will include poisonous plants, medicinal plants, plant hallucinogens, tree-ring dating, botanical genetics, bonsai and commercial uses of major plant groups. Not for biology major credit. No credit will be given to those who successfully completed BIOL 205.
- BIOL 103 HUMAN BIOLOGY (3) Basic principles of human body processes in normal and certain abnormal conditions for non-science majors. The emphasis will be on physiology with sufficient anatomy for its understanding. Not for Biology major credit. Not open to those who successfully completed BIOL 213, BIOL 214, or BIOL 325.
- BIOL 105 ENVIRONMENTAL BIOLOGY (3) Analysis of problems caused by use of the natural world emphasizing biological aspects of this interdisciplinary subject. Not for Biology major credit.
- BIOL 110 CONTEMPORARY GENERAL BIOLOGY (4) Biological principles common to plants and animals. Topics include cell structure and process (both physical and biochemical), mitosis, gametogenesis, aspects of embryology, genetics, evolution and ecology. Average of two laboratory hours per week. Not open to those who successfully completed BIOL 201. GenEd II.A.I.
- BIOL 112 HONORS CONTEMPORARY GENERAL BIOLOGY (4)
 Biological principles common to plants and animals. Topics include
 cell structure and process (both physical and biochemical), mitosis,
 gametogenesis, aspects of embryology, genetics, evolution and
 ecology. Average of two laboratory hours per week. Not open to
 those who successfully completed BIOL 201. Special permit by
 Honors College Committee only. This course will be equated with
 BIOL 110 for use as a prerequisite or in entering the major. GenEd
 II.A.I.

- BIOL 115 BIOLOGICAL SCIENCE I (4) Integrates concepts of modern molecular genetics, evolution and natural selection. Not for Biology major credit. GenEd II.A.1.
- BIOL 116 BIOLOGICAL SCIENCE II (4) Integrates concepts of biology and chemistry of cellular metabolism and ecology. Environmental implications of human activities. Not for Biology major credit. Prerequisite: BIOL 115 or consent of instructor.
- BIOL 201 BIOLOGY I: CELLULAR BIOLOGY AND GENETICS (4)
 An introduction to biology, including biologically important molecules, cell and tissue structure, respiration, photosynthesis, mitosis, meiosis and genetics. Average of three laboratory hours per week. Prerequisite: CHEM 110 (may be taken concurrently) or one year high school chemistry. Major credit not given for both BIOI. 201 and BIOL 110. GenEd II.A.1.
- BIOL 202 BIOLOGY II: INTRODUCTION TO ECOLOGY, EVOLUTION AND BEHAVIOR (4) Population dynamics, community patterns and processes, natural selection, population genetics and behavioral ecology; emphasis on developing testable hypotheses and quantitative analyses of biological data. Prerequisite: BIOL 110 or BIOL 112 or BIOL 201 or high school General Biology. GenEd Jl.A.1.
- BIOL 205 GENERAL BOTANY (4) Plant structure, development, reproduction, and diversity of life forms by interrelating hormones, physiological processes and environmental relationships with respect to the whole plant. Emphasis on flowering plants. Average of three laboratory or discussion hours per week. Prerequisite: BIOL 201 or BIOL 110.
- BIOL 207 GENERAL ZOOLOGY (4) Major animal phyla. A comparative approach to the structure, function, development and ecology of the animal kingdom. Average of three laboratory hours per week. Prerequisite: BIOL 202 or BIOL 110.
- BIOL 211 ANATOMY AND PHYSIOLOGY I: KINESIOLOGY MAJORS (4) Structure and function of the human body for needs/ interests of students majoring in Athletic Training, Exercise Science, or Secondary Physical Education. Includes levels of body organization, the integumentary system, skeletal system and muscular system. Three laboratory hours per week. May not be applied toward Biology major. Not open to those students who have successfully completed BIOL 213. Prerequisites: BIOL 110 or BIOL 201.
- BIOL 212 ANATOMY AND PHYSIOLOGY II: KINESIOLOGY MAJORS (4) Structure and function of the human body in Athletic Training, Exercise Science, or Secondary Physical Education. Includes vital bodily fluids, the circulatory system, respiratory system, excretory system, endocrine system, digestive system, and reproductive system. Three laboratory hours per week. May not be applied toward Biology major. Not open to those who have successfully completed BiOL 214. Prerequisites: BIOL 211 or BIOL 213.
- BIOL 213 HUMAN ANATOMY AND PHYSIOLOGY I (4) Cell biology, histology, skeletal, muscular and nervous systems. Average of three laboratory hours per week. To receive Biology major credit, BIOL 214 must also be completed. Prerequisite: BIOL 201 or BIOL 110.
- BIOL 214 HUMAN ANATOMY AND PHYSIOLOGY II (4) Cardiovascular, respiratory, digestive, excretory, endocrine and reproductive systems. Average of three laboratory hours per week. To receive Biology major credit, BIOL 213 must also be completed. Students who successfully completed BIOL 325 may not take this course without departmental approval. Prerequisite: BIOL 213.
- BIOL 215 FOUNDATIONS OF MICROBIOLOGY (4) Pathogenesis of bacteria and viruses, their interactions with the human body, and methods of treatment and prevention. Three hours of laboratory per week. Recommended for Health Science majors. Not for Biology major credit. Prerequisite: BIOL 110.
- Upper Division
- BIOL 301 FIELD NATURAL SCIENCE (4) Physical and biological components of various environments and their interrelationships with each other and man. Emphasis on field observation. Average of three laboratory hours per week. Not for credit toward Biology major, minor, or M.S. degree in biology. Prerequisite: BIOL 110 or BIOL 201.
- BIOL 302 [512] INSTRUMENTAL METHODS FOR BIOLOGISTS Principles of electronics, data management, analytical techniques, radioisotope applications and physiological monitoring methods. Average of four laboratory hours per week. Prerequisites: BIOL 205

- or BIOL 207; PHYS 203 or PHYS 212 or PHYS 242; CHEM 111 and CHEM 210 or CHEM 211 or consent of instructor.
- BIOL 303 [509] LIFE SCIENCES (3) Living organisms in the environment, emphasizing modes of scientific inquiry and the utilization of living organisms in the classroom. Prerequisite: BIOL 110. Not for credit toward Biology major, minor, or M.S. degree in biology.
- BIOL 304 LIFE SCIENCE EDUCATION IN THE INFORMAL OR OUTDOOR SETTING (3) Background and training to effectively teach science lessons to school-age children in a variety of informal settings. Not for Biology major credit. Prerequisites: 14 science credits.
- BIOL 305 [505] ELECTRON MICROSCOPY (4) Theory, preparation, and application of the electron microscope, including light microscopy. Average of three laboratory hours per week. Prerequisites: 12 credits of biology, PHYS 211, PHYS 212 recommended, and consent of instructor.
- BIOL 307 [507] INTRODUCTION TO PALEONTOLOGY (4) Examination of major forms of life with the emphasis on appearances, diversification and extinctions during the different geologic periods. Prerequisite: minimum 10 credits in Biology.
- BIOL 309 PRINCIPLES OF GENETICS (4) Problem-based genetics: Mendelian genetics, genetic linkage and mapping, nucleic acid structure, replication and function, protein synthesis and the genetic code, gene expression and regulation, mutation, repair and recombination, recombinant DNA technology, and population genetics. Not open to those who successfully completed BIOL 401. Prerequisites: BIOL 202, CHEM 330 or CHEM 332 (may be taken concurrently).
- BIOL 310 [510] ÉNVIRONMENTAL CONSERVATION (4) Conservation practices and problems. Soil, water, forest and wildlife resources with emphasis on interrelationships. Specialists in various phases of local, state, and federal conservation work conduct or assist in numerous field trips. Average of three laboratory hours per week. Prerequisites: BIOL 110 or BIOL 201 and 10 hours of biology, or a combination of 10 hours from biology, geography and physical sciences.
- BIOL 313 BIOLOGY OF AGING (3) Age-related changes in the human body at the cellular through organ system levels, emphasizing changes in structure and function that alter the ability to maintain homeostasis or a high quality life. Not for credit toward Biology major, minor, or M.S. program. Prerequisite: BIOL 103 or BIOL 213/214.
- BIOL 315 [515] MEDICAL MICROBIOLOGY (4) Pathogenesis of bacterial, viral, rickettsial and fungal diseases with emphasis on medically important bacteria and microbiological techniques. Recommended for students pursuing a career in medical sciences. Prerequisites: BIOL 110 or BIOL 201; CHEM 111 or CHEM 106 (may be taken concurrently). Either this course or BIOL 318, but not both, may count toward Biology major or M.S. degree in biology.
- BIOL 317 [517] MICROTECHNIQUE (4) Techniques used in preparation of plant and animal tissues for histological examination. Average of three laboratory hours per week. Prerequisite: BIOL 110 or BIOL 111. (CHEM 111 may be taken concurrently.)
- BIOL 318 [518] MICROBIOLOGY (4) Biology of microorganisms with emphasis on bacteria. Microbial morphology, physiology and genetics, and the role of microorganisms in natural processes and disease. Laboratory includes methods of observing, isolating and identifying bacteria. Average of three laboratory hours per week. Either this course or BIOL 315, but not both, may count toward Biology major or M.S. degree in Biology. Prerequisite: CHEM 330 or CHEM 331 (may be taken concurrently).
- BIOL 321 BIOLOGY OF WOMEN (3) Anatomy and physiology, evolution of reproduction, health related issues, gestation, lactation, and child care; the role of women in the work force and sciences, including health issues; contribution of women to global initiatives, including ecofeminism. Not for credit toward Biology major, minor, or M.S. program. Prerequisite: one course fulfilling GenEd II.A.I. GenEd II.A.2.
- BIOL 322 BIOTECHNOLOGY AND SOCIETY (3) Use of biotechnology in medicine, agriculture and ecology; applications, ethics and future implications. Prerequisite: BIOL 110 or BIOL 112 or BIOL 201.
- BIOL 325 ENVIRONMENTAL ANIMAL PHYSIOLOGY (4) Animal structure and function from the molecular to organismic levels. Emphasis on comparative strategies and adaptations of various

animal groups in their respective environments; response of integrated systems to changes in the physical and chemical environment; environmental physiology. Will not count toward Biology major credit for those who successfully completed BIOL 213-214. Prerequisites: BIOL 207, CHEM 111.

BIOL 331 [531] PLANT MORPHOLOGY (4) A survey of the plant kingdom with emphasis on evolutionary relationships, morphology, and life histories as affected by environmental conditions. A Saturday field trip may be required. Average of three laboratory

hours per week. Prerequisite: BIOL 205.

BIOL 335 ECONOMIC BOTANY (3) Plants and plant products which provide man with various luxuries and necessities. Emphasis will be on higher plants commercially important in North America.

Prerequisite: BIOL 205.

- BIOL 341 [543] FRESH WATER ALGAE (4) Systematics, structure, ecology, physiology, and life histories of fresh water algae. Laboratory will include methods of collection, culture and experimental study of selected species. Prerequisites: BIOL 205; BIOL 331 recommended.
- BIOL 345 [545] MYCOLOGY (4) Morphology, classification, life histories and economic applications of fungi. Average of three laboratory hours per week. Prerequisite: BIOL 205.
- BIOL 347 MARINE BIOLOGY (3) Major features of the marine environment, emphasizing biological aspects and specific adaptations of marine organisms. Prerequisites: BIOL 205, BIOL 207.
- BIOL 349 [549] MARINE BOTANY (4) The ecology, physiology and identification of marine plants, emphasizing the Chesapeake Bay and coastal areas of Maryland. Prerequisites: BIOL 347; BIOL 331 strongly recommended.
- BIOL 351 [551] FIELD AND SYSTEMATIC VERTEBRATE ZOOLOGY (4) Evolution, distribution and definitive features of each class are studied comparatively. Extensive field and laboratory work deals with morphological, taxonomic, ecological and hehavioral features of selected vertebrate groups and species. Average of three laboratory hours per week. Prerequisite: BIOL 207.
- BIOL 353 [553] INVERTEBRATE ZOOLOGY (4) Aquatic and terrestrial species of phyla from the Protozoa through the Echinodermata with special emphasis on local forms. Economic, ecological and taxonomic considerations. Average of three laboratory hours per week. Prerequisite: BIOL 207.
- BIOL 355 ANIMAL PARASITOLOGY (4) Major groups of animal parasites and their vectors. Emphasis will be placed on the more important human parasites. Prerequisite: BIOL 207 or BIOL 214 or BIOL 311.
- BIOL 360 [560] HISTOLOGY (4) Tissues of the vertebrate body. Prerequisite: BIOL 311 or BIOL 214.
- BIOL 367 [568] ENDOCRINOLOGY (3) Endocrine mechanisms regulating homeostasis and functional integrity of animals with emphasis on vertebrates. Prerequisites: BIOL 214 or BIOL 311, CHEM 102.
- BIOL 371 [571] ANIMAL BEHAVIOR (4) Ethological approach to the comparative study of animal behavior. Major emphasis on the adaptive function of behavior and classification of behavioral mechanisms. Average of three laboratory hours per week. Prerequisite: BIOL 207.
- BIOL 381 BIOLOGICAL LITERATURE (3) Familiarization with the literature of biology through the preparation of papers requiring a knowledge of techniques for exploring the literature. Three one-hour lectures per week. Not for major or minor credit or M.S. degree in biology. Prerequisites: ENGI 102 or 190, and at least 10 hours of biology. GenEd I.D.
- BIOL 389 CURRENT DEVELOPMENTS IN BIOLOGY (3) Current directions of research in a major area of the biological sciences. Sufficient background will be given for the appreciation of the significance of these developments. May not be repeated for major credit. Prerequisites: BIOL 205, BIOL 207, and consent of instructor.
- BIOL 398 STUDENT TEACHING IN SECONDARY EDUCATION BIOLOGY (12)
- BIOL 402 GENERAL ECOLOGY (4) Effects of the abiotic environment on distribution and abundance of organisms; organization of biological communities; ecosystems; evolution of different reproductive strategies; and application of ecological principles to natural resource conservation. Several daylong trips required. Prerequisite: BIOL 202; and BIOL 205 or BIOL 207.
- BIOL 403 [503] ADVANCED GENETICS (3) Emphasis on the molecular basis of gene action. Discussion of current work and methods related

- to the problem of gene structure, function and mutation, including the translation and regulation of genetic information. Prerequisite: BIOL 309 or BIOL 401.
- BIOL 404 [504] ECOLOGICAL TECHNIQUES (3) Lectures and readings on investigative techniques employed by ecologists in the various specialty fields. An individual investigation, laboratory or field, using appropriate equipment, is required. Prerequisite: BIOL 402 or its equivalent.
- BIOL 406 [506] LIMNOLOGY (4) Physical, chemical and biological factors that affect freshwater organisms and some of the standard methods used to analyze these factors. Average of three laboratory hours per week. Prerequisites: BIOL 205, BIOL 207; BIOL 402 is recommended; CHEM 111, PHYS 212.
- BIOL 408 [508] CELL BIOLOGY (4) The molecular and morphological organization of the cell in relationship to cellular activities with emphasis on eukaryotic cells. Average of three laboratory or discussion hours per week. Prerequisites: BIOL 207 or BIOL 214 or BIOL 311; CHEM 330 or CHEM 331.
- BIOL 409 MOLECULAR BIOLOGY (3) Molecular basis of genetic inheritance and gene expression. DNA and RNA structure, DNA replication, sources and mechanisms of mutation and repair. Genome structure and organization in viruses, prokaryotes and eukaryotes. Prerequisite: BIOL 309.
- BIOL 410 MOLECULAR BIOLOGY LABORATORY (2) Modern molecular genetic research techniques. The theoretical and practical considerations of the organisms and enzymes used in molecular biology, gene cloning strategies, DNA sequencing and analysis, analysis of genome structure and gene expression, gene subcloning and transgenic organisms. Prerequisite: BIOL 409 (may be taken concurrently).
- BIOL 411 [511] WILDLIFE BIOLOGY (4) Important wildlife species with emphasis on aspects of research and management. Specific techniques and problems are studied in the field. Average of three hours per week in laboratory and field work. Prerequisite: BIOL 207.
- BIOL 413 [513] EVOLUTION (3) Concepts of biological evolution, the history of the development of these concepts, and current topics in evolutionary biology. Prerequisites: BIOL 202 and either BIOL 205 or 207.
- BIOL 421 [521] IMMUNOLOGY (4) Cells and organs of the immune system, antibody-antigen interactions, immunoglobulin gene organization, B-cell maturation and activation, Major Histocompatibility Complex, cytokines, complement, inflammation, hypersensitivity, vaccines, autoimmunity, immunodeficiencies with recitation section for problem solving and demonstrations. Prerequisites: BIOL 315 or 309; BIOL 408 or BIOL 409 recommended.
- BIOL 422 [522] ADVANCED IMMUNOLOGY (2) An advanced study of current topics in immunology, including humoral and cell-mediated immunity, histocompatibility, hypersensitivity, autoimmunity, tumor immunology, immunologic disorders, and the use of mono-clonal antibodies as a research tool. Prerequisite: BIOL 421 or its equivalent or consent of instructor.
- BIOL 425 [525] DISSECTION OF THE UPPER EXTREMITY (2) Gross anatomical dissection of the human upper extremity, including the muscles, nerves and blood vessels which supply the appendage. Special emphasis will be placed on development of techniques which assure careful and accurate dissection. Will be offered only in the Minimester. Prerequisites: BIOL 213 or BIOL 311 and consent of instructor.
- BIOL 427 NEUROMUSCULAR MECHANISMS OF THE UPPER BODY (2) Gross anatomy of the human upper extremity and cranial nerves. Upper extremity emphasis includes muscle action, innervation and major spinal cord pathways. Olfactory, optic, auditory and vestibular functions of cranial nerves are stressed. One lecture and two laboratory periods per week. Prerequisites: BIOL 110; BIOL 311 or BIOL 213.
- BIOL 428 [528] VIROLOGY (3) Pathogenesis, morphology and life cycles of bacterial, animal and plant viruses. Emphasis will be on animal viruses causing disease in humans. Prerequisite: BIOL 315 or BIOL 318.
- BIOL 431 [530] HORTICULTURE (4) Plant culture and application to developing desirable plantings on home grounds or in public places with examples of appropriate types of plants for specific situations. Average of three laboratory hours per week. Prerequisite: BIOL 205.
- BIOL 432 [532] VASCULAR PLANT TAXONOMY (4) A study of the history and principles of vascular plant systematics with laboratory time devoted to collection and identification of plants in the local

- flora. An average of three laboratory hours per week. Prerequisites: BIOL 205, BIOL 331 or consent of instructor.
- BIOL 435 [535] PLANT ECOLOGY (4) Environmental factors and processes which control plant distribution, plant communities, and vegetational biomes of North America. An average of 3 laboratory bours per week with two required three-day weekend field trips and a Saturday field trip emphasizing examples from Maryland and the Mid-Atlantic States. Prerequisites: BIOL 202 and BIOL 205.
- BIOL 436 [536] PLANT PHYSIOLOGY (4) Life functions of plants as related to structure at all levels: cells, organs and the complete organism. Consideration of the interaction of environmental and genetic factors on plant metabolism. Average of 3 laboratory hours per week. Prerequisites: BIOL 205 and CHEM 111; CHEM 330 recommended.
- BIOL 439 [539] PLANT ANATOMY (4) Origin and development of organs and tissue systems in vascular plants. Average of three laboratory hours per week. Prerequisite: BIOL 205.
- BIOL 441 [541] PLANT PATHOLOGY (4) Plant diseases, their symptoms, causal agents, etiology, epidemiology, prevention and control. Average of three laboratory hours per week. Prerequisite: BIOL 205.
- BIOL 455 FISH BIOLOGY (4) Evolutionary history, functional biology, ecology and conservation of fishes. Weekend field trips required. Prerequisites: BIOL 207 and CHEM 111; BIOL 325 recommended.
- BIOL 456 [556] ORNITHOLOGY (4) Evolutionary history, morphology, physiology, behavior and ecology of birds. One day-long weekend field trip and several early morning weekday field trips required. Prerequisites: BIOL 202 and BIOL 207 or consent of instructor.
- BIOL 458 [558] MAMMALOGY (4) Evolution, comparative morphology, systematics and distribution of mammals. Representative life histories are considered. Average of three laboratory hours per week. Prerequisite: BIOL 207.
- BIOL 461 [561] ENTOMOLOGY (4) Laboratory and field course in insects. Identification and recognition of the more common families and orders and a study of their structure, behavior, ecology, economic importance and control. Average of three laboratory bours per week. Prerequisite: BIOL 207.
- BIOL 463 [563] ANIMAL EMBRYOLOGY (4) Developmental anatomy and the underlying principles involved in development. This last area will be approached from an experimental base. Average of three laboratory hours per week. Prerequisite: BIOL 207 or BIOL 214 or BIOL 311.
- BIOL 465 [565] MAMMALIAN PHYSIOLOGY (4) An advanced physiology course that draws beavily upon knowledge gained in earlier courses to understand the aspects of organismal function unique to mammals. The course attempts to integrate all levels of organismal processes, ranging from molecular phenomena to whole animal function. The laboratories emphasize bands-on learning and experiences with live animals. Minimum of three laboratory hours per week. Prerequisites: BIOL 213 and 214 or BIOL 325, or BIOL 469; CHEM 111. CHEM 332 and CHEM 351 recommended.
- BIOL 467 [567] HERPETOLOGY (4) Systematic survey of the modern reptiles and amphibians. Emphasis is placed on the evolution of morphological and behavioral traits which have enabled the reptiles and amphibians to successfully exploit their individual habitats. Laboratory includes systematic classification, student seminars and field work. Average of three laboratory bours per week. Prerequisite: BIOL 207.
- BIOL 469 [569] COMPARATIVE ANIMAL PHYSIOLOGY (4) Functions, interactions and regulation of organ systems in animals and their roles in sensory perception and integration, movement, oxygen utilization, energy procurement, temperature regulation and water metabolism. Prerequisites: BIOL 207, BIOL 213 and 214 or BIOL 325; and CHEM 111.
- BIOL 481 [581] DIRECTED READING IN BIOLOGY (1-3) Independent reading in an area selected by the student in consultation with the instructor. May not be applied toward the Biology major, Biology minor, or M.S. degree in biology. May be repeated for a maximum of 3 credits. Prerequisite: a minimum of 10 bours in biology.
- BIOL 483 WORKSHOP IN BIOLOGY (2) Intensive study of a specific topic or technique in the biological sciences. Topic varies with instructor. May be repeated for credit once provided a different topic is covered. Prerequisites: one biology course and consent of instructor.
- BIOL 485 [585] SEMINAR IN MICROBIOLOGY AND CELL BIOLOGY (1) Current research articles in cell biology and microbiology are reviewed. May be repeated for a maximum of 2

- credits. Prerequisites: 12 credit hours in biology, including one of the following: BIOL 309, BIOL 315, BIOL 318, BIOL 401, or BIOL 408.
- BIOL 486 BIOLOGY MAJORS SEMINAR (1) Specific topic examined at the molecular, cellular, organismic and ecological levels of organization. Students will be required to present an oral and written report on an aspect of the topic, Prerequisites: 10 hours in biology or consent of instructor, BIOL 202, BIOL 205, and BIOL 207.
- BIOL 491 INDEPENDENT RESEARCH IN BIOLOGY (2-3) Independent investigation of a problem under the supervision of a staff member culminating in a written presentation. May not be used toward Biology minor or M.S. degree in Biology. May be repeated for a maximum of 5 credits. Prerequisite: prior written consent of instructor who will direct research; 15 hours in biology recommended.
- BIOL 493 INTERNSHIP IN BIOLOGY (3) Practical application of biology in businesses, industries, public and private agencies. Not for major or minor credit. Prerequisites: 2.75 QPA, junior or senior standing, a minimum of 11 credits in Biology completed at Towson University; major in Biology, and consent of the biology internship coordinator. Special permit and co-op fee required. May be repeated once for credit, Graded S/U.
- BIOL 494 [594] TRAVEL STUDY (1-3) A detailed investigation of field oriented problems in biology away from the Towson University campus. Locations and topics to be selected by the department and instructors sponsoring the program. May be repeated for a maximum of 3 credits. Prerequisites: BIOL 110 and consent of instructor.
- BIOL 495 COURSE RESEARCH (1) Research related to a specific course successfully completed by the student by invitation or with the consent of the instructor. Not for credit toward the Biology major, minor, or M.S. degree in biology. Prerequisite: BIOL 110. May be repeated once for research related to a different course successfully completed by the student.
- BIOL 498 HONORS RESEARCH IN BIOLOGY (2) Individual research of an extensive nature under the direction of a faculty member, culminating in an honors thesis. Credit for BIOL 498 not awarded until BIOL 499 is successfully completed. May not be used toward M.S. degree in biology. Prerequisites: open only to advanced bonors candidates and by consent of instructor.
- BIOL 499 SENIOR THESIS IN BIOLOGY (2) Writing of an honors thesis based on individual research done under the direction of a faculty member. May not be used toward M.S. degree in biology. Prerequisites: open only to advanced honors candidates and by consent of instructor.

Graduate Division

See TU Graduate Catalog for course descriptions.

CHEMICAL DEPENDENCY COUNSELING EDUCATION (CDCE)

- CDCE 401 [501] HEALTH AND SOCIAL WELFARE PROMOTION: HEALTH COMMUNICATION (3) Analysis of health message design, health behavior, and communication theory emphasizing the persuasion process to improve health and other social conditions of living. Application of theoretical principles augmented with specific skills to design, implement and evaluate health messages. Prerequisite: HLTH 101 or equivalent.
- CDCE 403 [503] COGNITIVE BEHAVIORAL TREATMENT OF ADDICTIONS (3) Issues of substance abuse, referrals, clinical assessments and developing cognitive behavioral counseling strategies for successful intervention. Prerequisites: 6 lower-level credits in chemical dependency counseling.
- CDCE 405 [505] PROFESSIONAL STANDARDS AND ETHICAL RESPONSIBILITIES (3) Professional and ethical standards and guidelines that underlie professional practice in chemical dependency and other related counseling fields. Prerequisites: 6 lower-level credits in chemical dependency counseling.
- CDCE 470-475 [570-575] SPECIAL TOPICS IN CHEMICAL DEPENDENCY COUNSELING AND EDUCATION (3) Contemporary issues related to chemical dependency counseling, rehabilitation and/or education. May be repeated for a maximum of 6 credits. Prerequisites: a minimum of 6 lower-level credits in chemical dependency counseling or education.

- CDCE 491-492 DIRECTED READINGS IN CHEMICAL DEPEN-DENCY COUNSELING AND EDUCATION (1-3) Focused reading of literature in the chemical dependency counseling, rehabilitation and/or education/drug prevention disciplines. Prerequisites: a minimum of 12 credits in chemical dependency counseling or prevention and consent of program director/ department chair; must have junior or senior status.
- CDCE 493 SERVICE LEARNING IN CHEMICAL DEPENDENCY (3) Focus on a particular content area/problem/issue in the field of chemical dependency counseling and education via literature search and active participation in an agency/treatment setting. Prerequisites: a minimum of 12 credits in chemical dependency counseling or prevention and consent of program director/department chair.

CHEMISTRY (CHEM)

Lower Division

- CHEM 100 CHEMISTRY FOR NON-SCIENTISTS (3) Current and future technological and scientific developments, including topics such as nuclear power, environment, pollution and body chemistry. Three lecture-demonstration hours. GenEd II.A.1.
- CHEM 103 FOUNDATIONS OF CHEMISTRY (3) Development of reasoning and quantitative skills for problem solving. Introduction to atomic structure, chemical reactions, chemical nomenclature, formulas, symbols and equations, basic skills for laboratory work. Three lecture hours. Not for credit toward Chemistry major or minor. S/U grading.
- CHEM 104 INTRODUCTION TO ENVIRONMENTAL CHEMIS-TRY (4) Principles of chemistry that are relevant to environmental issues, including water quality, nutrient pollution, air pollution and specific classes of environmental contaminants. Three lecture hours and three laboratory hours. Prerequisite: Three years of high school mathematics. GenEd II.A.1.
- CHEM 105 CHEMISTRY FOR ALLIED HEALTH PROFESSIONS I (4) An introduction to the concepts of general chemistry, including states of matter, atomic structure and periodic table, molecular structure, chemical reactions, intermolecular forces, solutions, buffers and pH, and radioactivity. Laboratory includes data handling and chemical and instrumental techniques. This course may not be used as a prerequisite for the Chemistry major program. Three lecture hours and one three-hour laboratory. Prerequisite: MATH 115 or MATH 119 (either may be taken concurrently). GenEd II.A.1.
- CHEM 106 CHEMISTRY FOR ALLIED HEALTH PROFESSIONS II (4) An introduction to organic chemistry and biochemistry using a functional group approach; physical and chemical properties and typical reactions of organic compounds; composition and properties of lipids, carbohydrates, proteins, and nucleic acids, and the role of enzymes, vitamins and hormones. The laboratory introduces students to simple techniques of synthesis and analysis, including chromatographic and chemical methods. Three lecture hours and one three-hour laboratory. Prerequisite: CHEM 105. GenEd II.A.1,
- CHEM 110 GENERAL CHEMISTRY I (4) Atomic and molecular structure; theories of bonding, stoichiometry; chemical reactions; states of matter; solutions. Laboratory work involves experiments dealing with the determination of physical properties of matter, molecular weights of compounds, stoichiometry, atomic and molecular structure, and common types of reactions. Three lecture hours and one three-hour laboratory period. Not open to those who successfully completed CHEM 101. Prerequisite: MATH 115 or MATH 119 (either may be taken concurrently). GenEd II.A.I. Not recommended for non-science majors.
- CHEM 111 GENERAL CHEMISTRY II (4) Chemical thermodynamics, equilibrium, kinetics, solutions; acids, bases, and their aqueous equilibria; solubility product; oxidation-reduction and electrochemistry; elements of coordination and nuclear chemistry; chemistry of some important metallic and nonmetallic elements. Laboratory includes preparation and quantitative analysis of a coordination compound; semimicro qualitative analysis of selected cations and anions. Three lecture hours and one three-hour laboratory period. Offered each semester. Not open to those who successfully completed CHEM 102. Not recommended for non-science majors. Prerequisite: CHEM 101 or CHEM 110, with a grade equivalent of 2.00 or higher in CHEM 102 or CHEM 111 recommended. GenEd II.A. L.
- CHEM 112 HONORS CHEMISTRY FOR NON-SCIENTISTS (3) Discussion of a selected aspect of chemistry and its applications to technology, environment and society. Topics will vary. Three

- lecture-demonstration hours. Prerequisites: high school chemistry recommended. Special permit from Honors College Committee required, GenEd II.A.I.
- CHEM 210 PRINCIPLES AND METHODS OF CHEMICAL ANALYSIS (4) A one-semester course in chemical analysis for nonchemistry majors, emphasizing the theory and application of common gravimetric, volumetric, chromatographic, spectrophotometric and electrometric techniques. Two lecture hours, one recitation hour and four laboratory hours. Prerequisite: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended.
- CHEM 213 INTRODUCTION TO QUANTITATIVE ANALYTICAL CHEMISTRY (3) Treatment of data pertaining to chemical analysis. Theory and practice of common gravimetric, volumetric, chromatographic and spectrophotometric methods of analysis. Three lecture hours. It is highly recommended that CHEM 215 be taken concurrently or within the same academic year. Not open to those who successfully completed CHEM 211. Prerequisite: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended.
- CHEM 215 QUANTITATIVE ANALYTICAL CHEMISTRY LABO-RATORY (2) Classical gravimetric and volumetric methods of analysis. Introduction to analytical application of chromatography, potentiometry and spectrophotometry. Six laboratory hours. It is highly recommended that CHEM 213 and CHEM 215 be taken concurrently or within the same academic year. Not open to those who successfully completed CHEM 211. Prerequisite: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended. Prerequisite or corequisite: CHEM 213.

- CHEM 301 PROFESSIONAL ETHICS FOR SCIENTISTS (3) Integrity of scientific literature and the responsibilities of scientists to associates and the public. Discussion of principles and case studies emphasizing the physical sciences. Not open to those who successfully completed WRIT 335, CHEM 335, or IDNM 305. Does not count toward Chemistry major or minor. Prerequisites: three courses in ASTR, BIOL, CHEM, ENVS, GEOL, PHYS, or PHSC and at least two courses with laboratory; ENGL 102. GenEd I.D.
- CHEM 321 DESCRIPTIVE INORGANIC CHEMISTRY (3) The chemistry of simple inorganic substances, particularly reactions in aqueous solution. Periodic properties, relationships of bond types and properties of substances, acid-base theories and reactions, redox and precipitation reactions, coordination compounds, applications of thermodynamics. Syntheses and characterizations of main group and transition metal compounds. Two lecture hours and three laboratory hours. Prerequisites: CHEM 210 or CHEM 213 and CHEM 215, with a grade equivalent of 2.00 or higher recommended.
- CHEM 330 ESSENTIALS OF ORGANIC CHEMISTRY (5) A onesemester course in organic chemistry for non-chemistry majors taught on a conceptual basis. Emphasis will be on principles, mechanisms and modern techniques. Laboratory will include synthesis and identification of organic compounds. Three lecture hours, one recitation hour and one three-hour laboratory period. Prerequisite: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended.
- CHEM 331 ORGANIC CHEMISTRY I (5) Structure, stereochemistry, reactions and their mechanisms, preparation and properties of alkanes, alkenes, alkynes, aromatic compounds, alkyl halides and alcohols. Laboratory techniques include purification, spectroscopic (IR, NMR) and chromatographic (GLPC) methods of identification, and synthesis. Three lecture hours, one hour of laboratory lecture, and one three-hour laboratory period. Prerequisite: CHEM 102 or CHEM III, with a grade equivalent of 2.00 or higher recommended.
- CHEM 332 ORGANIC CHEMISTRY II (5) Structure, reactions and their mechanisms, preparation and properties of alcohols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, carbohydrates, etc. Laboratory emphasizes synthetic techniques and modern qualitative organic analysis using chemical reactions and IR, UV and NMR. Three lecture hours, one hour of laboratory lecture and one three-hour laboratory period. Prerequisite: CHEM 331 with a grade equivalent of 2.00 or higher.
- CHEM 340 PHYSICAL CHEMISTRY: PRINCIPLES AND APPLICA-TIONS (3) A survey of physiochemical theory, experimental methods, and applications; thermodynamics, solutions and phases,

reaction kinetics, applications of quantum mechanics, and instrumental techniques, illustrating the contributions of physical chemistry to other scientific fields. Three hours lecture/discussion. Prerequisites: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended, MATH 115 or MATH 119, and PHYS 203 or PHYS 211 or PHYS 241 or equivalent. MATH 273 is strongly recommended.

CHEM 341 [542] PHYSICAL CHEMISTRY: THERMODYNAMICS (3) Thermodynamics, phase relations, solution properties, chemical equilibrium and electrochemistry. Three lecture hours. Prerequisites: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended, MATH 274 and PHYS 242 or PHYS 212 or

equivalent.

CHEM 342 [543] PHYSICAL CHEMISTRY: STRUCTURE AND KINETICS (3) Introduction to quantum chemistry; atomic and molecular structure, atomic and molecular spectroscopy, introduction to statistical thermodynamics, kinetic theory, and chemical kinetics. Three lecture hours, Prerequisites: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher recommended, MATH 274 and PHYS 242 or PHYS 212 or equivalent.

CHEM 351 INTRODUCTORY BIOCHEMISTRY (3) An overview of the chemistry of proteins, nucleic acids, carbohydrates and lipids. Basic enzyme catalysis and kinetics, biochemical genetics, membrane structure, bioenergetics and analytical methods. General principles of metabolism applied to several major pathways. Three lecture hours. Prerequisite: CHEM 330 or CHEM 332, with a grade

equivalent of 2.00 or higher recommended in either.

CHEM 356 BIOCHEMISTRY LABORATORY (2) Physical methods in biochemistry including spectrophotometry, centrifugation and ultra-centrifugation, electrophoresis and chromatography. Isolation and purification of proteins and nucleic acids. Enzyme kinetics and the binding of small molecules to macromolecules. One lecture hour and three laboratory hours. Prerequisites: CHEM 210 or CHEM 213 and CHEM 215, and CHEM 351 (may be taken concurrently), with a grade equivalent of 2.00 or higher recommended in each.

CHEM 361 [562] CHEMICAL AND BACTERIOLOGICAL STUDIES ON WATER POLLUTION (3) Deals mainly with water pollution: causes, effects and cures. Considers details of water. Concerns standards of water purity and variables involved. Demonstration of analytical methods to be given. Case studies and applications are viable approaches to this topic. Three lecture hours. Prerequisites: CHEM 102 or CHEM 111, with a grade equivalent of 2.00 or higher

recommended, and BIOL 110.

CHEM 363 [564] CHEMISTRY OF DANGEROUS DRUGS (3) A study of the chemistry, methods of detection and analysis of narcotics, depressants, stimulants, and hallucinogens. Also, the influence of physiochemical properties upon the pharmacological effects of drug receptor interactions. Historical, forensic and socio-economic implications associated with drug abuse will also be reviewed. Three lecture hours. Prerequisites: CHEM 330 and CHEM 351 or CHEM 331 and CHEM 332 with a grade equivalent of 2.00 or higher recommended in each. CHEM 210 or CHEM 213 and CHEM 215

CHEM 365 [566] POLYMER CHEMISTRY (3) Course will cover the following aspects of polymers: structure, physical properties, methods of preparation, rheology, mechanical properties, degradation and stabilization, application and fabrication, and related contemporary topics. Carbon chain and heterochain polymers will be discussed, and spectroscopic methods of analysis (IR, UV and NMR) will be presented. Three lecture hours. Prerequisites: CHEM 101 or CHEM 110, CHEM 102 or CHEM 111, CHEM 331 and CHEM 332, with a grade equivalent of 2.00 or

higher recommended in each.

CHEM 367 [568] FORENSIC CHEMISTRY (3) An introduction to chemical and physical analyses used by a modern crime laboratory in the evaluation of physical evidence encountered in criminal acts. Areas of concentration will include drug analysis, toxicology, forensic serology, explosives analysis, arson examination, firearms and tool marks, and trace evidence. Emphasis will be placed on the value of such examinations as presented by the expert witness in a criminal trial. Three lecture hours. Prerequisites: CHEM 101 or CHEM 110, CHEM 102 or CHEM 111, CHEM 210 or CHEM 213 and CHEM 215, CHEM 330 or CHEM 332, with a grade equivalent of 2.00 or higher recommended in each.

CHEM 372 INTERMEDIATE LABORATORY I (1) Introductory experiments in physical and analytical chemistry applying spectroscopic, calorimetric, and electrochemical techniques to

characterize properties of materials and chemical systems. Three laboratory hours. Not open to students who have completed CHEM 343. Prerequisites: CHEM 210 or CHEM 213 and CHEM 215, and CHEM 340 or CHEM 341 or CHEM 342 (either may be taken concurrently), with a grade equivalent of 2,00 or higher recommended in each.

CHEM 373 INTERMEDIATE LABORATORY II (1) A series of experiments in physical and analytical chemistry applying mass spectrometry, NMR spectroscopy, IR spectroscopy, and molecular modeling to problems in molecular structure, chemical composition, reaction kinetics and reaction equilibrium. Three laboratory hours. Prerequisites: CHEM 332 and CHEM 372, with a grade equivalent of 2.00 or higher recommended in each.

CHEM 374 INTERMEDIATE LABORATORY III (1) A series of experiments involving the theory of instrument design and application of chromatography and atomic spectroscopy to the solution of chemical problems. Three laboratory hours. Prerequisites: CHEM 330 or CHEM 331, and CHEM 372, with a grade equivalent of 2.00 or higher recommended in each.

CHEM 383 [584] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS I (3) Survey of principles and applications of chemistry for secondary school teachers. Lecture: chemical reactions, stoichiometry, atomic structure and theories of chemical bonding. Laboratory: an examination of experiments suitable for the secondary school curriculum with emphasis on laboratory safety. Two lecture hours and two hours of laboratorydiscussion. Prerequisites: high school algebra, experience as secondary school teacher, and consent of instructor.

CHEM 384 [585] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS II (3) Survey of principles and applications of chemistry for secondary school teachers. Lecture: properties of solutions, acid/base theories, reaction kinetics, chemical equilibrium, thermodynamics, states of matter and nuclear chemistry. Laboratory: an examination of experiments suitable for the secondary school curriculum with emphasis on laboratory safety. Two lecture hours and two hours of laboratory-discussion. Prerequisites: CHEM 383 or CHEM 584, with a grade equivalent of 2.00 or higher recommended, and consent of instructor.

CHEM 385 [586] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS III (3) Experimental chemistry for secondary school teachers: principles of laboratory measurements, design of experiments, obtaining and interpreting experimental data, laboratory techniques and instrumentation. Two lecture hours and two hours of laboratory-discussion. Prerequisites: CHEM 384 or CHEM 585, with a grade equivalent of 2.00 or higher recommended, and consent of instructor.

CHEM 386 [587] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS IV (3) Survey of principles and applications of physical chemistry for secondary school teachers. Chemical thermodynamics, descriptions of solutions, kinetic theory of gases, reaction rates and mechanisms, and introduction to quantum mechanics. Three lecture hours. Prerequisites: CHEM 385 or CHEM 586, with a grade equivalent of 2.00 or higher

recommended, and consent of instructor.

CHEM 387 [588] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS V (3) Organic chemistry for secondary school teachers. Functional groups, reaction mechanisms, natural products. Simple and complex techniques of purification, analysis and synthesis. Three lecture hours and one hour of laboratory. Prerequisites: CHEM 386 or CHEM 587, with a grade equivalent of 2.00 or higher recommended, and consent of

CHEM 388 [589] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS VI (3) Principles and applications of biochemistry for secondary school teachers. Structures and functions of biological molecules, enzymes, metabolic energies and nucleic acids. Three lecture hours. Prerequisites: CHEM 387 or CHEM 588, with a grade equivalent of 2.00 or higher

recommended, and consent of instructor.

CHEM 389 [590] MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS VII (3) Modern instrumental methods for secondary school teachers. An integrated laboratorylecture course discussing four major instrumental methods and their uses in solving typical chemical problems: spectrophotometry, nuclear magnetic resonance spectroscopy, mass spectrometry, and chromatography. Two lecture hours and two hours of laboratorydiscussion; short field trips may be required. Prerequisites: CHEM 388 or CHEM 589, with a grade equivalent of 2.00 or higher recommended, and consent of instructor.

- CHEM 391-394 [501-504] SPECIAL PROBLEMS IN CHEMISTRY (1-3) A laboratory or library problem in chemistry to be selected by the student in consultation with the instructor. Students are required to submit a written report. May be repeated for a maximum of 6 credits. Prerequisite: consent of instructor.
- CHEM 395 INTERNSHIP IN CHEMISTRY (1-3) Students will be given credit in this cooperative education program for approved experience in chemistry. A written final report will be submitted by students. Graded S/U. May be repeated for credit as CHEM 396, etc., for a maximum of 6 credits. Prerequisites: a grade equivalent of 2.00 or higher in CHEM 332 and either CHEM 213 and CHEM 215 or CHEM 210, and consent of instructor.
- CHEM 397 MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS VIII (3) Theory and application of classical and modern methods of chemical analysis for secondary school teachers. Two lecture hours and two hours of laboratory. Prerequisites: CHEM 385 or CHEM 586 with a grade equivalent of 2.00 or higher recommended, and consent of instructor.
- CHEM 398 MODERN CHEMISTRY FOR TEACHERS: PRINCIPLES AND APPLICATIONS IX (3) Theory and application of methods of experimental biochemistry for secondary school teachers. Two lecture hours and two hours of laboratory. Prerequisites: CHEM 388 or CHEM 589 with a grade equivalent of 2.00 or higher recommended, and consent of instructor.
- CHEM 401 [500] SEMINAR IN CHEMISTRY (1) An introduction to chemical literature. Attendance at all seminars and presentation of seminars to the department on topics selected by the Chemistry faculty or selected by the student and approved by the faculty. One and one-half hour seminar period. Prerequisites: CHEM 213, CHEM 215, CHEM 332, with a grade equivalent of 2.00 or higher in each; corequisite: CHEM 341 or CHEM 342.
- CHEM 413 THEORY OF INSTRUMENTAL ANALYSIS (3) A discussion of spectroscopic, chromatographic, and electrochemical systems, their design and their application to chemical analysis. Three lecture hours. Not open to those who successfully completed CHEM 411. Prerequisites: CHEM 213, CHEM 215 and CHEM 341 or CHEM 342, with a grade equivalent of 2.00 or higher recommended in each.
- CHEM 417 [518] ADVANCED ANALYTICAL CHEMISTRY (3) A course dealing with the theory and application of more recent and specialized techniques of chemical separation and analysis. Three lecture hours. Prerequisite: CHEM 413 or CHEM 411, with a grade equivalent of 2.00 or higher recommended.
- CHEM 424 INORGANIC CHEMISTRY LABORATORY (2)
 Techniques of synthesizing and characterizing inorganic compounds. Types of compounds will include coordination compounds, non-metallic compounds, volatile hydrides and organometallics. Synthetic techniques will include inert atmosphere techniques, vacuum line, non-aqueous solvents, high temperature synthesis, etc. One lecture hour and one three-hour laboratory period. Prerequisites: CHEM 213, CHEM 215, CHEM 332 and CHEM 425, with a grade equivalent of 2.00 or higher recommended in each (CHEM 425 may be taken concurrently).
- CHEM 425 ADVANCED INORGANIC CHEMISTRY (2) Valencebond and molecular orbital theories of honding; bonding in solids; symmetry and spectroscopy; ligand field theory and reactions of coordination compounds; introduction to organometallic compounds; special topics. Two lecture hours. Not open to those who successfully completed CHEM 422 or CHEM 423. Prerequisites: CHEM 321, CHEM 332, CHEM 341 or CHEM 342, with a grade equivalent of 2.00 or higher recommended in each.
- CHEM 431 [534] ADVANCED ORGANIC CHEMISTRY LABORATORY (2) The design of organic synthesis, advanced laboratory techniques, and determination of structure by chemical and spectroscopic means. One lecture hour and three laboratory hours. Prerequisites: CHEM 332, with a grade equivalent of 2.00 or higher recommended, and consent of instructor.
- CHEM 432 [535] ADVANCED ORGANIC CHEMISTRY (3) Advanced topics will include molecular orbital theory, pericyclic reactions, photochemistry, and determination of reaction mechanisms by kinetics, linear free energy relationships, acid-base properties, acid-base catalysis, detection of intermediates, stereochemistry, etc. Three lecture hours. Prerequisites: CHEM 332 and CHEM 342, with a grade equivalent of 2.00 or higher recommended in each; CHEM 341 is recommended.

- CHEM 441 [546] ADVANCED PHYSICAL CHEMISTRY (3) Two topics in the area of Physical Chemistry to be covered in depth. Topics will be selected by the instructor after consultation with the students. Examples of possible topics are formal wave mechanics, bonding, solid state, liquid state, surface chemistry, colloids, high polymers, rheology, ionic conductivity, electrochemical cells, scattering phenomena, statistical thermodynamics. Three lecture hours, Prerequisites: CHEM 341 and CHEM 342, with a grade equivalent of 2.00 or higher recommended in each.
- CHEM 452 [554] ADVANCED BIOCHEMISTRY (3) An in-depth exploration of several biochemical topics, such as thermodynamics of macromolecular conformation, enzyme catalytic mechanisms, membrane biophysics and metabolic regulation. Three lecture hours. Prerequisites: CHEM 332, CHEM 341, CHEM 342, and CHEM 351, with a grade equivalent of 2.00 or higher recommended in each.
- CHEM 454 INSTRUMENTAL METHODS IN BIOCHEMISTRY (2) Biochemical laboratory projects using infrared spectroscopy, nuclear magnetic resonance spectrometry, high performance liquid chromatography, mass spectrometry, electrophoresis and other techniques. One lecture hour and three laboratory hours. Prerequisites: CHEM 356, CHEM 413, and CHEM 452, with a grade equivalent of 2.00 or higher recommended in each (CHEM 452 may be taken concurrently).
- CHEM 475 INTERMEDIATE LABORATORY IV (1) Experiments in physical and analytical electrochemistry applying potentiometric and voltammetric techniques to study the thermodynamics and kinetics of electrochemical reactions; their application to solution of analytical problems. Three laboratory hours. Prerequisites: CHEM 341, CHEM 413, and CHEM 373 or CHEM 374, with a grade equivalent of 2.00 or higher recommended in each.
- CHEM 491-494 [505-508] INTRODUCTION TO RESEARCH IN CHEMISTRY (1-3) An original experimental or theoretical investigation. May be repeated for credit as CHEM 492, etc. CHEM 491 may not be taken in the student's final semester. Formal written report required. Evaluation by instructor and student-selected members of faculty. Graded S/U. Prerequisite: consent of instructor.

CHINESE (CHNS)

Lower Division

- CHNS 101-102 ELEMENTARY MODERN CHINESE I, II (3,3) An introduction to standard modern Chinese (Mandarin). Emphasis is on reading and writing of Chinese. Pin Yin, the phonetic system of pronouncing Chinese words, is introduced. Text, sound tape and vocabulary cards. GenEd II.D.
- CHNS 201-202 CHINESE INTERMEDIATE I, II (3,3) Thorough review of Elementary Chinese; vocabulary huilding; conversational fluency and prose composition; translation; reading and discussion of selected outside reading (newspapers, magazines, Chinese literature). GenEd II.D.

Upper Division

- CHNS 301-302 CHINESE COMPOSITION AND CONVERSATION I, II (3,3) Intensive exercises in Chinese conversation and composition beyond the intermediate level. Conducted in Chinese. Prerequisite: CHNS 201-202 or equivalent. GenEd II.D.
- CHNS 491-492 DIRECTED READINGS IN CHINESE I-II (1-3, 1-3) Intensive reading under the supervision of a departmental adviser. Conducted in Chinese. Prerequisites: CHNS 301-302; consent of department chair.
- CHNS 494 CHINESE STUDY ABROAD (3-16) The study of Chinese language, culture, and/or literature at a university in China, Taiwan or Hong Kong, Available fall/spring/summer. (See department chair and Office of International Education.) Prerequisites: consent of the Modern Languages Department program coordinator and department chair.

COLLEGE OF BUSINESS AND ECONOMICS (CBEC)

- CBEC 101 INTRODUCTION TO BUSINESS (3) Problems of organization dynamics and behavior of people, within and outside the business, and with which management must deal in attaining the objectives of the organization. CBEC is not acceptable for major credit in the College of Business and Economics programs. Not open to Business or Accounting majors who have completed three or more upper-level courses in the major.
- CBEC 301 BUSINESS CORNERSTONE (3) Foundation course for developing knowledge, skills and attitudes (KSAs); problem-solving,

self-assessment, team work, computer technology and communication for future courses and careers. Recommended to be taken after successful completion of the Advanced Composition GenEd requirement (I.D). Required of all Business and Economics students. Prerequisites: completion of College of Business lower-level prerequisites with a grade equivalent of 2.00 or higher. Special permit required.

CBEC 460 PROFESSIONAL EXPERIENCE (3) Application of business knowledge, skills and attitudes (KSAs) through professional responsibilities in employment, internship or comparable experience. Prerequisites: Senior status, completion of 18 CBE upper-level credits including CBEC 301, MNGT 361, MKTG 341 and FIN 331.

Special permit required.

COMMUNICATION SCIENCES AND DISORDERS (SPPA) See under "S"

COMMUNICATION STUDIES (COMM)

Lower Division

- COMM 100 USING INFORMATION EFFECTIVELY IN PUBLIC POLICY DEBATE (3) Basic skills in gathering, processing and using information to critically evaluate and debate questions of public policy. Emphasizing research using print, human, and electronic sources and presentation of argument through written briefs and oral advocacy. GenEd I.B.
- COMM 115 INTRODUCTION TO INTERPERSONAL COMMUNI-CATION (3) Face-to-face communication skills in various contexts.
- COMM 131 FUNDAMENTALS OF SPEECH COMMUNICATION (3) Perspectives of rhetoric and public speaking, investigating contemporary American experiences, delivering and critiquing speeches. GenEd II.B.3.
- COMM 132 HONORS FUNDAMENTALS OF SPEECH COMMUNI-CATION (3) Instruction in various kinds of public speaking (e.g., informative, persuasive, introductory and impromptu); doing research, developing ideas with evidence, preparing outlines, delivering and critiquing speeches with emphasis on rhetorical criticism and ethical issues in speech communication. GenEd II.B.3.
- COMM 211 RHETORICAL THEORY AND CRITICISM (3) Theory and application of human communication as influence. Emphasizing contemporary works within the rhetorical tradition in the field of communication. Prerequisites: COMM 131 or COMM 132, ENGL 102 or ENGL 190.

COMM 216 GROUP DISCUSSION (3) Theory and methods of group decision-making in face-to-face and electronic contexts.

COMM 249-250 SPEECH AND DEBATE PROGRAM I, II (1.5, 1.5) Practical skill development and participation within Towson's Speech and Debate Program: preparation, practice and competition in debate and/or individual speaking events; researching controversial issues, preparing and delivering speeches, participating in on-campus and intercollegiate events.

Upper Division

COMM 301 NONVERBAL COMMUNICATION (3) Examination of the elements of nonverbal communication: environment, personal space, physical appearance, body movement, gestures, touching behavior, facial expression and vocal cues. Course will investigate the effects of these on interpersonal and public communication. Prerequisite: COMM 131 or consent of instructor.

COMM 303 ADVANCED PUBLIC SPEAKING (3) Principles and application of evidence, composition, organization, analysis and criticism. Manuscript, persuasive and impromptu speaking. Prerequisite: COMM 131 or COMM 132.

COMM 304 PERSUASION (3) Theory and practice of linguistic and symbolic persuasion; applications of rhetorical principles in social sciences and formal and informal communication; analysis of rhetoric through discussion. Prerequisite: junior/senior standing or consent of instructor.

COMM 315 BUSINESS AND PROFESSIONAL COMMUNICATION (3) Professional interview and other dyadic encounters, curriculum vitae preparation, and exploration of communication in business structures: agendas, briefings, meetings, conferences, and strategies of attributional and communicative techniques. Prerequisite: COMM 131.

COMM 321 INTERPERSONAL COMMUNICATION (3) Examination and application of core concepts, advanced theories, and current research. Prerequisites: COMM 115; COMM 131.

COMM 331 ADVOCACY AND ARGUMENT (3) Essentials of argumentation; research, analysis, evidence, reasoning, case construction and refutation. Applications in fact, value and public policy settings. Prerequisite: COMM 131 or consent of instructor.

COMM 349-350 SPEECH AND DEBATE PROGRAM III, IV (1.5, 1.5) Practical skill development and participation within Towson's Speech and Debate Program: preparation, practice and competition in debate and/or individual speaking events, researching controversial issues, preparing and delivering speeches, participating in on-campus and intercollegiate events.

COMM 351 SPECIAL TOPICS IN SPEECH AND DEBATE (3) In-depth study of selected areas dependent on student and faculty interest. May be repeated for a maximum of 6 credits provided a different

topic is covered. Prerequisite: COMM 249.

COMM 378 INTERCULTURAL COMMUNICATION (3) Principles, research and applications of cross-cultural discourse. Not open to students who have successfully completed COMM 379. Prerequisites: junior/senior standing or consent of instructor. GenEd

COMM 418 [518] COMMUNICATION TRAINING AND DEVELOP-MENT (3) Instructional strategies for implementing objectives, specifying and evaluating results. Prerequisites: COMM 115 and COMM 216 or COMM 331.

COMM 419 [519] ORGANIZATIONAL COMMUNICATION (3) Superior-subordinate communication, message dissemination, information overload, trust levels and work group interaction.

Prerequisite: COMM 131.

COMM 420 [520] COMMUNICATION IN THE LEGAL PROCESS (3) Focus on communication questions and skills by lawyers, judges, litigants and jurors in criminal and civil justice. Survey of research related to verbal and nonverbal aspects of communication as they apply to the legal concerns of interview, negotiation and litigation. Prerequisite: junior/senior standing.

COMM 422 [522] CONFERENCE AND MEETING MANAGEMENT (3) Communicative details in preparing for and conducting events.

Prerequisite: COMM 419 (may be taken concurrently).

- COMM 470 SPECIAL TOPICS IN COMMUNICATION (3) In-depth study of a selected area dependent on student and faculty interest. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: 18 credits of COMM or MCOM courses.
- COMM 480 COMMUNICATION RESEARCH (3) Descriptive methods, data analysis, critical and ethical evaluation of communication studies. Prerequisites: 18 credits of COMM or MCOM courses.
- COMM 490 INTERNSHIP IN COMMUNICATION STUDIES (1-6) Practical field experiences. Under faculty and I/CE supervision, the student works as an intern with a working professional in some field of communication. Graded S/U. May be repeated for a maximum of 6 credits. Prerequisite: junior/senior standing. Minimum overall GPA of 2.75 and 3.00 in the major; completion of appropriate courses determined by the department. Please check with the I/CE office for specifics.

COMM 495 [795] INDEPENDENT STUDY IN COMMUNICATION STUDIES (1-6) Directed study through readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisites:

junior/senior standing and consent of instructor.

Graduate Division

See TU Graduate Catalog for course descriptions.

COMPUTER INFORMATION SYSTEMS (CIS)

Lower Division

- CIS 212 INTRODUCTION TO BUSINESS PROGRAMMING (3) A study of computer programming for business applications using a language such as COBOL. Students will design, implement, test and document programs in application areas such as payroll, accounting, inventory and file maintenance. Not open to those who successfully completed COBOL programming. Prerequisite: COSC 111 or CIS 115 or programming experience.
- CIS 239 COMPUTER SYSTEMS ARCHITECTURE (3) Internal representation of data and instruction, memory organization, microprogramming, multi-level machines, microcomputers, supercomputers and parallel computers. Prerequisites: COSC 236 and MATH 263.

Upper Division

- CIS 334 DATA ORGANIZATION (3) Information abstraction, representation and organization, including realization of data and the logic to manipulate it, concepts of levels of abstraction, and information organization, particularly within organization. Not open to students who successfully completed COSC 336. Prerequisite: COSC 237.
- CIS 335 ADVANCED BUSINESS PROGRAMMING (3) Advanced programming concepts for business applications. Topics covered include the report writer feature, table handling, sorting, direct access files, program segmentation and job control language. Students work on several case studies and programming projects. Prerequisite: CIS 212.
- CIS 341 ADVANCED CONCEPTS OF INFORMATION SYSTEMS (3)
 Relationships among information systems, objectives and systems structure, covering human aspects, systems models and applications.
 Prerequisites: COSC 237 and COSC 111 or CIS 115.
- CIS 397 INTERNSHIP IN CIS(3) Students work in a local computing facility under on-site and faculty supervision. May be repeated for a maximum of 6 credits. Only 3 credits can be applied toward the major. Graded SU. Prerequisites: 6 hours of upper-division COSC or CIS courses and consent of instructor.
- CIS 407 SYSTEMS ANALYSIS (3) Analysis of existing information processing systems including systems life cycle, interactive refinement of analysis and design, information gathering and logical specifications. Credit CANNOT be earned for both CIS 407 and CIS 411. Prerequisite: CIS 341.
- CIS 409 SYSTEMS DESIGN (3) Design of information processing systems (IPS) including system life cycle emphasizing design and implementative review of logical systems, design of physical systems, implementation; evaluation and maintenance. Credit CANNOT be earned for both CIS 409 and CIS 411. Prerequisite: CIS 407.
- CIS 411 SYSTEMS AND DESIGN (3) Guides students through the stages of the evolution of data processing systems, including analyses of present information flow, system specifications, equipment selection, and implementation of the system to provide an understanding of the skills and knowledge needed for the effective use of data processing equipment in meeting information needs. Prerequisites: CIS 334 and an additional upper-division CIS course.
- CIS 425 DECISION SUPPORT SYSTEMS (3) Computer-hased information systems for managerial decision-making. Includes mathematical modeling and decision support systems, systems architecture, DDS development tools, organization issues of decision support, multiparticipant DSS, and integration with other information systems. Prerequisites: CIS 341 and MATH 231,
- CIS 433 SPECIAL TOPICS IN COMPUTER INFORMATION SYSTEMS (1-3) Studies in selected areas of computer information systems. May be repeated for a maximum of 3 credits. Prerequisites: 9 hours of Computer Information Science and consent of instructor.
- CIS 435 HUMAN-COMPUTER INTERACTION (3) Effective, productive information systems, including interactive computer systems, input and output devices, screen layouts, machine design, health issues, organizational impacts, and computers and the disabled. Prerequisite: CIS 341.
- CIS 440 SYSTEMS DEVELOPMENT FOR ELECTRONIC COM-MERCE (3) Developing an organization's electronic commerce technical infrastructure, hardware and software specification issues, strategic development of computer-mediated business and tools, policy and societal impact issues as well as future directions in electronic commerce. Prerequisite: CIS 407 or COSC 411.
- CIS 458 ORGANIZATIONAL DATABASE MANAGEMENT (3) The database environment in an organization. Database development, analysis, design, implementation and administration. Applications of database programs for organizational information processing. Students cannot earn credit for both COSC 457 and CIS 458. Prerequisites: CIS 334 or COSC 336 and CIS 341.
- CIS 475 ANALYSIS AND DESIGN FOR WEB SITES (3) Conceptual design of the Web page interface, HTML, useability testing, implementation, and management. Credit cannot be earned for both COSC 484 and this course. Prerequisite: CIS 407 or COSC 411.
- CIS 479 SOFTWARE PROJECT MANAGEMENT (3) Technical and behavioral aspects of project management: concepts, needs identification, software project manager, software teams, software project organizations, project communications, software project planning, scheduling, control, associated costs, using management software tools, Prerequisite: CIS 341.

COMPUTER SCIENCE (COSC)

Lower Division

- COSC 109 COMPUTERS AND CREATIVITY (3) Creative activities involving symbolic manipulation and computer graphics; animation, dynamic storytelling, computer music, visual effects, Web publishing, computer games, artwork and multimedia. Additional laboratory time required. GenEd I.E.
- COSC 111 INFORMATION AND TECHNOLOGY FOR BUSINESS
 (3) Retrieve, process, classify, sort and evaluate data and information. Problem solving techniques, creative thinking skills, communication skills, team building, and professional ethics. Laboratories covering the Internet, spreadsheets and databases. Additional laboratory time required. Students cannot earn credit for both this course and IDNM 101. GenEd I.B.
- COSC 112 HONORS INFORMATION AND TECHNOLOGY FOR BUSINESS (3) Introduction to the use of information technology to retrieve, filter, process, classify, sort and evaluate data and information in a business environment. Problem solving, creative thinking, effective communication, team building, and professional ethics within an information systems framework. Labs covering library information systems, the Internet, word processing, presentation software, spreadsheets, and databases will be emphasized. Students cannot earn credit for both this course and IDNM 101. Prerequisite: approval of Honors College, GenEd I.B.
- COSC 119 USING INFORMATION EFFECTIVELY IN THE COMPUTING SCIENCES (3) Identifying, retrieving, filtering, storing, processing, classifying, sorting, evaluating and presenting data and information in a technology and computing environment. Emphasis will be placed on problem-solving techniques with the computing field. Team-based case studies will be utilized and handson labs will be an important component of the course. Two hours lecture and one hour lecture in the lab. GenEd l.B.
- COSC 165 VISUAL BASIC (3) A first course in computing to provide students with the requisite knowledge and experience to use computers effectively in the solution of numeric and non-numeric problems. Two lecture hours and two laboratory hours. Prerequisite: two years of high school algebra or equivalent.
- COSC 175 GENERAL COMPUTER SCIENCE (4) Computer systems overview, algorithm development, data presentation, software design and testing methodologies, and brief overview of advanced topics.
- COSC 236 INTRODUCTION TO COMPUTER SCIENCE 1 (4) Introduction to structured problem solving, algorithm development and computer programming with a modern high-level structured programming language. Three lecture hours and two laboratory hours. Prerequisite: satisfactory completion of a programming course in a high-level structured language and MATH 119 or equivalent.
- COSC 237 INTRODUCTION TO COMPUTER SCIENCE II (4) Introduction to data representation, data structures and their implementations, computer systems concepts, application of data structures in sort and search algorithms, and the software development process. Prerequisite: COSC 236. Corequisite: MATH 211 or MATH 273.
- COSC 265 ADVANCED VISUAL BASIC (3) Concepts, tools and techniques of software developing using an event-driven language that supports a graphical user interface and an object-oriented environment. Two lecture hours and two laboratory hours. Prerequisites: COSC 111 and COSC 165 or permission of the instructor.
- COSC 280 ASSEMBLY LANGUAGE AND COMPUTER ARCHITECTURE (3) Digital logic and digital systems, combinational and sequential logic, computer arithmetic, the central processing unit, assembly level machine organization, principles and concepts of assembly language programming. Prerequisites: COSC 236 and MATH 263. Corequisite: COSC 237.

- COSC 311 DIGITAL TECHNOLOGIES IN SOCIETY (3) Foundations and impacts of computing and digital technologies, including history, applications and societal impacts. Prerequisite: junior status and two science courses or one math course and one science course. GenEd II.A.2.
- COSC 321 COMPUTERIZATION AND ITS IMPACTS (3) Computer technology and its social and economic impacts on organizations

- and individuals. Prerequisites: junior/senior status and completion of two science courses or one math course and one science course. GenEd II.A.2.
- COSC 326 THE MATHEMATICS OF INFORMATION SCIENCE (3) Encoding information introducing metrics, isometries, equivalence relations, modular arithmetic, base 2 arithmetic, matrix algebra, probability and combinatories, including codes, bar codes, check digits, internal computer representations of information and logic gates. Students cannot earn credit for both MATH 326 and COSC 326. (No credit toward a Math major or minor.) Prerequisite: MATH 207 or permission of either the MATH or COSC department.
- COSC 336 DATA STRUCTURES AND ALGORITHM ANALYSIS (4)
 Discussion of data and type abstractions, a number of different data
 structures and the tradeoffs involved in the use of such data
 structures, the analysis of algorithms, sort and search algorithms,
 and a discussion of file organization and file access methods.
 Prerequisite: COSC 237. Corequisite: MATH 274.
- COSC 338 COMPUTER ORGANIZATION AND ARCHITECTURE (4) Integration of functional components, including memory system organization, interfacing and communications, RISC architecture, multiprocessing, performance enhancements, network and distributed systems. Three hours per week of laboratory work required. Prerequisite: COSC 280.
- COSC 350 DATA COMMUNICATIONS AND NETWORKING (3) Networks, topologies, architectures and protocols, circuit and packet switching, TCP/IP suite, network management and security, and network programming. Prerequisites: either COSC 336 and 338 or CIS 239 and CIS 334.
- COSC 353 PROGRAMMING METHODOLOGIES IN UNIX AND C (3) Basic organization, major components and important utilities of the UNIX system, including the C programming language. Prerequisites: COSC 237 and COSC 280.
- COSC 367 DISCRETE STRUCTURES (3) The basic mathematical structures used in computer science. Covers boolean algebra, graph theory, semigroups, grammar and automata, showing bow these structures apply to heuristic programming, networks and computer construction. Prerequisite: COSC 336.
- COSC 397 INTERNSHIP IN COMPUTER SCIENCE (3) Students work in local computing facility under on-site and faculty supervision. May be repeated for a maximum of 6 credits. Only 3 credits can be applied to the major. Graded S/U. Prerequisites: 6 hours of upper-division Computer Science or Computer Information Systems courses and consent of instructor.
- COSC 412 SOFTWARE ENGINEERING (3) Methodology of designing and programming for a wide area of applications with a high degree of modifiability, efficiency, reliability and understanding. Prerequisites: CIS 334 or CIS 335 or COSC 336 and one 400-level COSC/CIS course.
- COSC 415 COMPILER DESIGN (3) Principles, techniques, algorithms and structures involved in the design and construction of compilers. Topics include lexical analysis, formal grammars, syntax, and semantics analysis, error recovery, code generation and optimization. Prerequisite: COSC 336.
- COSC 417 INTRODUCTION TO THE THEORY OF COMPUTING
 (3) A general introduction to the theory of computation, including finite automata, compatibility, formal languages and their relation to automata, algorithms and algorithmic complexity. The major emphasis will be on developing formal descriptions of computers and computational processes, and practical implications of theoretical results. Prerequisite: COSC 367 or MATH 361.
- COSC 418 ETHICAL AND SOCIETAL CONCERNS OF COMPUTER SCIENTISTS (3) Ethical questions and societal concerns related to the widespread uses of computers and the resulting responsibilities of computer scientists. Prerequisites: two science courses or one math course and one science course. GenEd II.A.2.
- COSC 431 SELECTED TOPICS IN COMPUTER SCIENCE (1-3) Independent studies in selected areas of computer science. A maximum of 4 credits may be earned in selected topics. Prerequisite: consent of instructor and 9 hours of computer science.
- COSC 436 OBJECT-ORIENTED DESIGN AND PROGRAMMING (4) Introduction to object-oriented design and programming technology (OOD/OOP). Main phases in object-oriented design and techniques in object-oriented programming. Programming language design and implementation issues for object-oriented languages. Prerequisite: COSC 336.

- COSC 438 PARALLEL/VECTOR COMPUTER ARCHITECTURES AND APPLICATIONS (3) Parallel/vector processing vectorization techniques, machine architectures, system controls, fast algorithms, supercomputers applications, programming requirements and simulated application designs. Prerequisite: COSC 338.
- COSC 439 OPERATING SYSTEMS (3) Operating systems as resource manager with emphasis on file processor, memory, and device management and processes. Design and implementation of a simulated multiprogramming operating system. Prerequisites: COSC 336 and MATH 330.
- COSC 441 COMPUTER PERFORMANCE EVALUATION (3) Computer system performance evaluation methodologies, techniques and tools, including different types of monitors as a measurement tool, work-load characterization, important performance indices, analytic modeling with particular emphasis on the application of the operational queuing network modeling techniques to performance analysis, and technical aspects of computer selection. Prerequisites: MATH 274 and Pre or Co-requisite: COSC 439.
- COSC 455 PROGRAMMING LANGUAGES: DESIGN AND IMPLE-MENTATION (3) Underlying concepts in high-level programming languages and techniques for their implementation, a survey of a selected group of such languages along with a discussion of the interrelationship between programming and programming languages. Prerequisite: COSC 336.
- COSC 457 DATABASE MANAGEMENT SYSTEMS (3) Data models and sublanguages; security and integrity problems; functions of the database administrator; implementation and use of a database management system; a comparison of widely used DBMS packages. Prerequisite: CIS 334 or COSC 336.
- COSC 459 COMPUTER SIMULATION AND MODELING (3) Simulation models and languages, data collection and output analysis, random number generation and Monte Carlo integration, model verification and validation, variance reduction techniques, optimization, the implementation and use of simulation techniques in problem solving. Prerequisites: COSC 336 and MATH 330 or CIS 334 and MATH 231.
- COSC 461 ARTIFICIAL INTELLIGENCE (3) A survey of the problems and techniques involved in producing or modeling intelligence in computers. Particular emphasis will be placed on representation of knowledge and basic paradigms of problem solving. Topics include game playing, theorem proving, natural language and learning systems. Prerequisite: COSC 336 or CIS 334.
- COSC 471 COMPUTER GRAPHICS (3) An introduction to the field of computer generated and/or displayed graphics data. Covers the topics of representation, transformations, curve and 3-D problems, graphics, hardware and programming considerations. Prerequisite: COSC 336 or CIS 334.
- COSC 480 SENIOR SEMINAR (1) Prepares students to deal as professionals with the social and ethical issues in the computing sciences and make them aware of the broad applications of computers and the implications of these applications. Students majoring in Computer Science must take either this course or COSC 418, but not both. Prerequisite: senior standing in Computer Science.
- COSC 483 DESIGN AND ANALYSIS OF ALGORITHMS (3) Algorithm design methods, such as heuristics, backtrack programming, branch and bound, recursion, simulation, divide-and-conquer, balancing, and dynamic programming. Efficiency of algorithms—NP-complete problems. Prerequisite: COSC 336.
- COSC 484 WEB-BASED PROGRAMMING (3) Applications executing on a client-server system emphasizing client side. Technologies include HTTP protocol, dynamic HTML, common gateway interface (CGI) programming and Java applets. Prerequisite: CIS 334 or COSC 336.
- COSC 493 DIRECTED READINGS IN COMPUTER SCIENCE (HONORS) (3) Individual readings and background research, under the direction of a faculty member, in preparation for writing an bonors thesis (restricted to students in the departmental honors program). Prerequisite: admission to the departmental honors program.
- COSC 495 INDEPENDENT STUDY IN COMPUTER SCIENCE (1-3)
 Directed study in selected areas of Computer Science for which there is no regular course offered. The use of a proposal and well-defined objectives as well as a formal paper or project report are required. Prerequisites: senior standing in Computer Science and consent of instructor.
- COSC 499 HONORS THESIS IN COMPUTER SCIENCE (3-6) Writing of an honors thesis based on individual research (open only to

advanced honors candidates). Prerequisite: permission of Departmental Honors Committee.

CULTURAL STUDIES (CLST)

Lower Division

CLST 201 INTRODUCTION TO CULTURAL STUDIES (3) Culture's effect on science, identity and behavior, and on what we hear, see, value and ignore. GenEd II.B.3.

Upper Division

- CLST 301 PERSPECTIVES IN CULTURAL STUDIES (3) Semiotic, linguistic, material and psychoanalytical approaches to cultural studies and criticism. Prerequisite: CLST 201.
- CLST 303 IDENTITY AND CULTURE (3) Formation and development of class, racial, gender and sexual identity. Prerequisite: CLST 201.
- CLST 305 TEXTUALITY AND CULTURE (3) Interaction of texts and culture. Topics include literacy, genres, semiotics, reader response, non-print media and textual analysis. Prerequisite: CLST 201.
- CLST 307 VISUAL CULTURE (3) Explores how images are conditioned by cultural attitudes toward race, ethnicity, sex, sexual orientation and class. Prerequisite: CLST 201.
- CLST 309 PERFORMING CULTURE (3) Various manifestations of performance and self in culture and society examined from a humanistic perspective through literature, film and other media. Prerequisite: CLST 201.
- CLST 311 SCIENCE, TECHNOLOGY AND CULTURE (3) How science and technology interact with culture. Prerequisite: CLST 201. GenEd II.A.2.
- CLST 370-375 TOPICS IN CULTURAL STUDIES (3) Topics will vary from semester to semester. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: CLST 201.

DANCE (DANC)

Lower Division

- DANC 101 THE ALEXANDER TECHNIQUE (3) An examination of the psychophysical pressures of contemporary American life and the application of the Alexander technique as a method to investigate the issues of mind/body disciplines and alleviate tension and stress. May be repeated for a maximum of 6 credits, GenEd Il.B.3.
- DANC 105 MOVEMENT SKILLS ENHANCEMENT FOR MEN (3) Using movement techniques to improve athletic and movement skills. GenEd Il.B.3.
- DANC 106 FUNDAMENTALS OF DANCE MOVEMENT FOR NON-MAJORS (3) Floor and standing work to develop upper/lower connectivity, increased rotation, efficient movement patterns, and proper support for dance movement. GenEd 11.B.3.
- DANC 109 JAZZ DANCE 1 (2) American jazz dance as traced historically through movement from Afro-Caribbean and vaudeville forms to Broadway show styles from the 1920s through the 1950s. May be repeated for a maximum of 6 credits.
- DANC 111 TAP DANCE 1 (2) A beginning study of the technical fundamentals of tap dance. Includes basic one and two sound movements performed at the barre and simple rhythmic combinations in center. Also includes time steps and simple turns. May be repeated for a maximum of 6 credits.
- DANC 123 INTRODUCTION TO DANCE: EUROPEAN COURT (3) Western concert dance as a cultural phenomenon, methods of training, evolution of dance aesthetics, and building a world view through movement. GenEd II.C.1.
- DANC 124 BALLET FOR NON-MAJORS (2) Classical ballet class with emphasis on placement and alignment of the body, turn-out, footwork, barre work, simple allegro movements, adagio, and grande allegro movements required in the establishment of a basic technical foundation. May be repeated for a maximum of 6 credits. Prerequisite: DANC 123, previous ballet training, or consent of instructor.
- DANCE 125 INTRODUCTION TO DANCE: OVERVIEW (3) Western concert dance as a cultural phenomenon, methods of training, evolution of dance aesthetics, and building a world view through movement. GenEd II.C.1.
- DANC 127 INTRODUCTION TO DANCE: AMERICAN EXPERIENCE (3) American concert modern dance as a cultural phenomenon, methods of training, evolution of dance aesthetics, and building a world view through movement. Field experiences may be required. GenEd II.B.1.

- DANC 128 MODERN DANCE FOR NON-MAJORS (3) Course work in modern dance technique as derived in part from principles of American founders of modern dance. May be repeated for a maximum of 6 credits. Prerequisites: DANC 125 or DANC 127 or previous modern dance training, or consent of instructor.
- DANC 133 HONORS INTRODUCTION TO DANCE: EUROPEAN COURT (3) European court concert dance as a cultural phenomenon, methods of training, evolution of ballet aesthetics, and building a world view through movement. Field experiences may be required. GenEd 11.C.1.
- DANC 201 DEVELOPMENTAL MOVEMENT (2) Movement-based experiences in developmental stages of children, including relationships with objects and other people, motor actions, personality development and organization in space.
- DANC 209 JAZZ DANCE II (2) A continuation of Broadway show from the early 1960s to the present day. Includes study of contemporary jazz technique with emphasis on rock, funky, lyric, and percussive movement. May be repeated for a maximum of 6 credits. Prerequisites: DANC 109 or consent of instructor.
- DANC 211 TAP II (2) A continued study of tap dance including complex rhythms, tempi, barre and center work. New movements include wings, trenches, riffs and advanced turns. May be repeated for a maximum of 6 credits. Prerequisite: DANC 111.
- DANC 220 USING INFORMATION EFFECTIVELY IN DANCE (3) Gathering, evaluating, and communicating information from traditional and electronic sources germane to dance. GenEd I.B.
- DANC 223-224 LEVEL 1 BALLET (2) Elementary classical ballet technique: classical form, static and dynamic alignment, rotation, weight shift, breath support, and level change with application to classical ballet vocabulary. May be repeated for a maximum of 6 credits. Prerequisite: dance majors only, special permit required.
- DANC 227-228 LEVEL 1 MODERN (2) Study of elementary modern dance technique: level change, weight shift, dynamic alignment, breath support and expression, and application of modern dance vocabulary. May be repeated for a maximum of 6 credits. Prerequisite: dance majors only, special permit required.
- DANC 235 DANCE COMPOSITION I (3) Introduction to the creative process through improvisation activities: self exploration, group interaction, relating musical tone and character to the development of thematic and abstract movement invention. GenEd I.E.
- DANC 245 SCIENTIFIC BASIS FOR MOVEMENT I (3) Introduction to anatomical, physiological and biomechanical principles of human movement and applying these principles to body alignment and movement for dance. Majors only, special permit required. Not open to students who have successfully completed DANC 106.
- DANC 251 METHODS OF TEACHING DANCE (3) Student-directed approach to the teaching of creative movement to all age levels, emphasizing the elementary school age child. Includes developmental perspective, the movement elements, lesson-building, unit conceptualization, observation and simulation. Prerequisite: DANC 201.
- DANC 263 DANCE DESIGN AND PRODUCTION (3) Costume, lighting, make-up, management, scenery, safety, sound and rigging techniques and practices. Not open to those who successfully completed THEA 263. Prerequisite: Dance major.
- DANC 310 JAZZ DANCE III (2) A continued study of contemporary jazz technique with emphasis on performance of styles used on the concert stage, television and motion pictures. May be repeated for a maximum of 6 credits. Prerequisite: DANC 209.
- DANC 321 HISTORY OF THE DANCE (3) An overview of dance history from its tribal beginnings to present day. Emphasis on writing skills. Prerequisites: junior/senior standing; ENGL 102 or 190. Completion of DANC 220. GenEd l.D.
- DANC 323-324 LEVEL II BALLET (3) Continued study of classical ballet technique: emphasis on exploring and embodying a particular world view, including intermediate level enchainments, shifting weight; physically and musically connecting movement sequences; sequencing combinations designed to develop both strength and flexibility. May be repeated for a maximum of 9 credits. Prerequisite: dance majors only, special permit required.
- DANC 327-328 LEVEL II MODERN (3) Continued study of intermediate modern dance technique: emphasis on exploring and embodying a particular world view, including expanded movement vocabulary involving sequences of greater complexity kinesthetically, spatially and musically. May be repeated for a maximum of 9 credits. Prerequisite: Dance majors only, special permit required.

- DANC 335 DANCE COMPOSITION II (3) Solo and duet choreography. Graded S/U. Prerequisites: DANC 235, Dance majors only, special permit required.
- DANC 336 DANCE COMPOSITION III (3) Group studies: continued exploration of thematic and abstract material; elements of dance and musical forms. Graded S/U. Prerequisites: DANC 335, Dance majors only, special permit required.
- DANC 341 POINTE TECHNIQUE I (2) Basics of pointe (toe) work essential to students whose interest is in total comprehension of the elements necessary to the performance of classical ballet. Includes work to strengthen the ankles and insteps and acclimation of body weight and placement sur les pointes. May be repeated for a maximum of 6 credits. Prerequisite: DANC 223-224.

DANC 342 POINTE TECHNIQUE II (2) Continuum of Pointe Technique I with emphasis on tempi, allegro combinations, enchainments au milieu, and barre supported adage. May be repeated for a maximum of 6 credits. Prerequisite: DANC 341.

DANC 345 SCIENTIFIC BASIS FOR MOVEMENT II (3) Continued study of the anatomical, biomechanical, developmental and qualitative principles of human movement and applying these principles to increase movement function and expression for dance. Majors only, special permit required. Not open to students who have successfully completed DANC 421. Prerequisite: DANC 245.

DANC 351 TEACHING DANCE TECHNIQUE (3) Organization, sequencing, and teaching techniques for studio dance classes in

ballet, modern, jazz and tap dance.

DANC 370-379 SPECIAL TOPICS IN DANCE (1-3) Workshops and courses designed for study of special topics in dance not available in existing courses. Examples: Principles and Practices of Auditioning, Dance Repertory, Seminar in Dance Education, etc. Will be offered depending on student and faculty interest and availability. May be repeated for credit provided a different topic is covered. Prerequisite: consent of department chair.

DANC 383 MODERN DANCE REPERTORY (3) Concentrated study of historical, current, or new repertory in modern dance, culminating in (a) performance(s). May be repeated for a maximum of 9 credits. Prerequisite: DANC 327-328 or consent of the instructor.

DANC 384 BALLET REPERTORY (3) Concentrated study of historical, current or new repertory in ballet, culminating in (a) performance(s). May be repeated for a maximum of 9 credits. Prerequisite: DANC 323-324 or consent of instructor.

DANC 391 STUDENT TEACHING IN ELEMENTARY SCHOOL (6) DANC 392 STUDENT TEACHING IN SECONDARY SCHOOL (6)

DANC 423-424 LEVEL III BALLET (3) Continued study of classical ballet technique: advanced level enchainments, standard classical divertissement and style distinctions including progression of technical complexities and approaches to contemporary ballet stylization. May be repeated for a maximum of 9 credits. Prerequisite: Dance majors only, special permit required.

DANC 427-428 LEVEL III MODERN (3) Continued study of advanced modern dance technique utilizing complex movement and sequences. Focus on interpretation and performances. May he repeated for a maximum of 9 credits. Prerequisite: Dance majors

only, special permit required.

DANC 436 DANCE COMPOSITION IV: FOR THE PROSCENIUM (3) Advanced study of choreography tailored to individual student interests with applications to traditional proscenium work. Includes interdisciplinary, site-specific and/or collaborative formats. Not open to students who have successfully completed DANC 435. Graded S/U. Prerequisites: DANC 336, special permit required.

DANC 437 DANCE COMPOSITION IV: FOR THE CAMERA (3)
Advanced study of choreography tailored to individual student interests with applications to dance for the camera work. Includes interdisciplinary, site-specific and/or collaborative formats. Not open to students who have successfully completed DANC 435. Graded S/U. Prerequisites: DANC 336, special permit required.

DANC 451/551 DANCE EDUCATION AND PUBLIC POLICIES (3)
Examination of strategies for dance arts advocacy and dance education policies in public school contexts. Prerequisites: DANC

251, Dance majors only, special permit required.

DANC 480 SENIOR PROJECT: SEMINAR (2) Preparation for producing a dance concert or lecture-demonstration: planning, programming, technical production, box office management, budgeting, publicity and documentation. Graded S/U. Prerequisites: senior Dance majors only, special permit required.

DANC 481 DANCE COMPANY (3) Study and performance of advanced compositions including works by professional guest choreographers

- in ballet, modern and jazz/musical theatre style culminating in a performance. Course may be repeated for a maximum of 24 credits. Prerequisite: audition.
- DANC 491 SENIOR PROJECT: CONCERT/LECTURE DEMON-STRATION (3) Student-directed concert or lecture-demonstration production; publicly produced in the spring semester of the senior year. (Section 491.001 is reserved for Dance majors in the Dance Performance track. Section 002 is for majors in the Dance Performance and Education track.) Graded S/U. Prerequisites: DANC 480, Dance majors only, special permit required.

DANC 492 PRACTICUM IN DANCE TECHNIQUE (1-6) Student-directed studio course work in dance technique at a departmentally approved professional training school or program. May be repeated for a maximum of 6 credits. Prerequisites: Dance majors only, special permit required.

DANC 495 INDEPENDENT STUDY IN DANCE (1-3) Self-directed study of an academic or creative project designed to focus on a specialized area of dance. May be repeated for a maximum of 9 credits. Prerequisite: approval of plan of study by instructor and department chair.

DEAF STUDIES (DFST)

Upper Division

- DFST 308 FINGERSPELLING AND NUMBER USAGE (2)
 Development and refinement of expressive fingerspelling skills through the use of classroom activities, videotapes and assignments.
 Prerequisite: SPPA 307, consent of instructor or chairperson.
- DFST 309 [509] INTRODUCTION TO DEAFBLINDNESS (2) Methods for communicating, techniques for guiding, and information on assistive technology for individuals with hearing and vision loss. Prerequisites: SPPA 205, SPPA 345.
- DFST 310 CAREER EXPLORATION IN DEAFNESS (3) Careers using sign language and careers working with deaf people. Prerequisite: SPPA 205.
- DFST 403 AMERICAN SIGN LANGUAGE III (3) Intermediate grammatical features of ASL, vocabulary, conversational skills, as well as information on the culture of the deaf community. Prerequisite: SPPA 307.

DFST 404 AMERICAN SIGN LANGUAGE IV (3) Advanced grammatical features of ASL, vocabulary, conversational skills and involvement with the deaf community. Prerequisite: DFST 403.

DFST 410 INTERNSHIP IN DEAF STUDIES (2-4) Supervised field experience with children and/or adults who are deaf or hard of hearing. One hour per week of class time and 5 hours per week in field placement. Prerequisites: SPPA 307, SPPA 310 and SPPA 345.

DEVELOPMENTAL MATHEMATICS (DVMT)

Lower Division

- DVMT 101 DEVELOPMENTAL MATH II (4) A review of basic high school mathematics. Placement based on competency scores. No credit toward graduation. Graded S/U. Prerequisite: departmental placement.
- DVMT 110 INTERMEDIATE ALGEBRA (3) Real number system, solutions of equations or inequalities in one and two variables, solutions of quadratic equations, exponents, radicals, functions, polynomial algebra, progressions and complex numbers. No credit toward graduation. Graded S/U. Prerequisite: one year of high school algebra.

DEVELOPMENTAL READING (DVRD)

- DVRD 100 DEVELOPMENTAL READING I (3) Designed to develop basic reading skills requisite to college-level reading, including vocabulary development, literal comprehension, and textbook study/reading. No credit toward graduation. Graded S/U. Prerequisite: department placement.
- DVRD 101 DEVELOPMENTAL READING II (3) Reviews the basic reading skills and stresses the development of intermediate reading skills important for effective college reading including inferential comprehension, critical reading, and varied reading rates. No credit toward graduation. Graded S/U. Prerequisite: department placement.

DEVELOPMENTAL WRITING (DVWR)

DVWR 101 PREPARATION FOR COLLEGE WRITING (3) Review of grammar and usage; instruction and practice in writing effective sentences. Prerequisite to ENGL 102 for students whose scores indicate they need additional preparation for college-level writing. Prerequisite: departmental placement. No credit toward graduation.

E-BUSINESS (EBUS)

Upper Division

- EBUS 311 Principles of E-Commerce (3) Using resources on the Internet including design of Web pages and conducting business on the Net. Not open to those who successfully completed ECOM/MNGT 311. Prerequisites: special permit, MNGT 337 or MNGT 437.
- EBUS 328 CYBER LAW: THE LAW OF THE INTERNET (3) An introduction to the law of the Internet including security, online transactions, rights in electronic information, regulating information content and regulating online conduct. Not open to students who successfully complete LEGL 328.
- EBUS 367 Internet Technology (3) Introduction to technical management of Internet business support systems. Topics include Internet protocols, bandwidth and response time issues, server configuration and requirements, maintenance and scalability issues, security and firewalls. Not open to those who successfully completed ECOM 367. Prerequisites: special permit, MNGT 337 or MNGT 437, EBUS, ECOM/MINGT 311.
- EBUS 411 E-Commerce Marketing (3) Retrieval, analysis, storage and dissemination of information to support marketing decisions; utilizes Internet and World Wide Web. Not open to those who successfully completed MKTG 411 or ECOM 411. Prerequisites: special permit, MKTG 341, MNGT 337 or MNGT 437, EBUS, ECOM/ MNGT 311.
- EBUS 421 FINANCIAL ASPECTS OF E-COMMERCE (3) Strategic and tactical financial issues facing business including: venture capital financing, initial public offerings, e-banking and other financial services, payment and security systems and tax implications. Not open to those who successfully completed ECOM 421. Prerequisites: FIN 331, EBUS/ECOM 311.
- EBUS 431 ADVANCED E-COMMERCE (3) This course deals with advanced issues of e-commerce including conceptual aspects of various e-commerce elements, applications and technological components which make e-commerce possible. Topics include B2B marketplaces, workplaces, customer relationship management, supply chain management, business intelligence and product life cycle management. Not open to students who have successfully completed ECOM 341 or MNGT 411. Prerequisites: EBUS/ECOM 311, EBUS/ ECOM 367, EBUS/ECOM 411, EBUS/ECOM 421.

EARLY CHILDHOOD EDUCATION (ECED)

Lower Division

ECED 101 INTRODUCTION TO EARLY CHILDHOOD EDUCA-TION (3) Key components and aspects of the early childhood profession; examination of current trends and issues. Initiates professional portfolio. Not open to students who have completed ECED 101, Young Child as a Learner.

ECED 121 LABORATORY EXPERIENCES IN PROGRAMS FOR YOUNG CHILDREN (3) Practical application of educational theory through observation of and participation with young children in classroom situations. Concurrent with ECED 303. Prerequisite: ECED 101.

ECED 201 INTERVENTION AND THE YOUNG CHILD (3) Social, physiological and psychological growth of young children from birth through age eight, including extensive investigation of interventions with young children and their families. Prerequisite: ECED 101, Introduction to Early Childhood Education.

- ECED 301 MATERIALS AND EXPERIENCES FOR THE YOUNG CHILD (3) Stimulating the intellectual, physical, social and emotional development of young children through the use of varied instructional materials and activities. Prerequisite: ECED 101, ECED 303 or consent of chair.
- ECED 303 CURRICULUM FOR YOUNG CHILDREN (3) Curriculum content and methods of teaching in programs for children under six. Emphasis on the integrated curriculum of language arts, social studies, nutrition, health and safety. Not open to students re-

- quired to enroll in ECED 341 and ECED 342. Prerequisites: ECED 101 and ECED 201 or equivalents.
- ECED 315 INFANT INTERVENTION (3) Psychological, social and physiological growth and development of infants and toddlers. Introduces individual family service plans and early head start. Prerequisite: 6 hours in Early Childhood Education.
- ECED 321 FOUNDATION OF READING AND LANGUAGE ARTS (3) Theories, processes and acquisition of reading and language arts; cognitive, linguistic, social and physiological factors involved in oral and written language development. Prerequisite: admission
- ECED 341 PREPRIMARY CURRICULUM (4) Historical development and contemporary best practices in curriculum and methods of teaching children under six years of age. Includes concurrent enrollment in ECED 360, KNES 324, ARED 373, MUED 304 and SCIE 371. Extensive field placement. Prerequisites: admission to the Early Childhood Education Program, ECED 101, ECED 201, ECED 315, PSYC
- ECED 342 PRIMARY CURRICULUM (4) Emphasis is on the developmentally appropriate objectives, materials, activities and methods for teaching grades 1-3 language arts, social studies, mathematics and science. Includes concurrent enrollment ECED 361, ECED 417, ECED 429, MATH 321. Extensive field placement. Prerequisites: admission to the Early Childhood Education program and successful completion of the semester #6 Pre-primary curriculum sequence.
- ECED 351 STUDENT TEACHING INTERNSHIP: PRIMARY (6) Integration of theory and practice in public school grades 1-3 with guidance from the classroom cooperating teacher and the university supervisor. Concurrent seminar session on campus to analyze, synthesize and reflect on the internship experience. Approximately seven weeks. Graded S/U. Prerequisites: meeting admission to student-teaching standards, completing student-teaching internship application with Center for Applied Skills in Education (CASE) Office, consent of department chair and CASE director.
- ECED 352 STUDENT TEACHING INTERNSHIP: PREPRIMARY (6) Integration of theory and practice in a public school preschool, prekindergarten or kindergarten setting with guidance from the classroom cooperating teacher and university supervisor. Concurrent seminar session on campus to analyze, synthesize and reflect on the internship experience. Approximately seven weeks. Graded S/U. Prerequisites: meeting admission to student-teaching internship standards, completing student-teaching internship application with CASE Office, consent of department chair and CASE director.
- ECED 355 DIFFERENTIATED STUDENT TEACHING INTERNSHIP IN EARLY CHILDHOOD EDUCATION (I-8) Student teaching internship experiences different from those provided in ECED 35I and ECED 352 based upon the needs of individual students. [Note: This is not a substitute for ECED 351 or ECED 352. Experiences may be in public and private settings such as day-care centers, parentchild or infant programs, hospitals, or early intervention programs for young children who are developmentally disabled or at-risk and their families. Graded S/U, May be taken for a maximum of 8 credits. Prerequisite: approval of adviser, department chair and CASE director.
- ECED 360 EARLY LITERACY; BEST PRACTICES AND MATERIALS (3) Study of emerging literacy process in children birth to age 5. Examination of strategies, materials and experiences for literacy development. Prerequisites: admission to the ECED major; ECED 321, taken concurrently with ECED 341.
- ECED 361 TEACHING READING IN THE PRIMARY GRADES (I-3): BEST PRACTICES AND MATERIALS (3) Best practices, research and materials emphasizing developmentally appropriate active learning related to the process for beginning reading through grade three. Prerequisites: junior standing, admittance into the major, taken with ECED 342, ECED 417, ECED 429, MATH 321.
- ECED 403 THE CURRICULUM IN PRIMARY EDUCATION (3) The child, curriculum, content, methods and materials of teaching and program organization in the early primary school years. Emphasis is on the integrated curriculum of language arts, social studies, mathematics and science. Not open to students required to enroll in ECED 341 and ECED 342. Prerequisites: ECED 101 and ECED 201 or equivalents.
- ECED 407 [507] INTERACTIVE TECHNOLOGY AND THE YOUNG CHILD (3) Emerging issues on interactive technology and early childhood education. Availability and use of interactive technology in schools. Prerequisite: ISTC 201, admission to major.

- ECED 411 [511] PARENTS AND TEACHERS: PARTNERS IN EARLY CHILDHOOD EDUCATION (3) The development of a rationale for improved parent-teacher relationships in early childhood education programs. The role of paraprofessionals, specialists and volunteers. Observation, participation in school work with parents and building the parent and school team are covered in the course. Prerequisite: 6 hours of Early Childhood Education or equivalent coursework.
- ECED 415 [515] THE DAY-CARE CENTER (3) Interdisciplinary course designed to prepare day-care personnel. Resource persons from related agencies will participate. Topics include purposes of day care, problems of organization, administration and supervision, records, programs, community interaction and parent relations. Field trips and observation of day-care centers. Prerequisites: 6 hours of Early Childhood Education.
- ECED 417 [517] ASSESSMENT AND EARLY IDENTIFICATION OF LEARNING DISABILITIES (3) Focus on methods of assessment of young children that are developmentally appropriate, including the early identification of learning disabilities. The use of formal and informal assessment data in the design of instruction for young children is covered. Prerequisites: 6 hours of psychology and 6 hours of Early Childhood Education or equivalent coursework.
- ECED 418 TEACHING THINKING SKILLS TO YOUNG CHILDREN (1) Focuses on current theories of teaching thinking skills with emphasis on methods, activities and questioning techniques appropriate in Early Childhood Education. Infrequently offered. Prerequisites: ECED 341 and 342 or equivalent, concurrent with student teaching or consent of department chairperson.
- ECED 421 [521] PROBLEMS IN EARLY CHILDHOOD EDUCATION (3) Research findings used as a basis for program planning in nursery school, kindergarten and primary grades; current trends and issues are considered. Prerequisites: student teaching and/or teaching experience in preschool or primary grades; junior standing.
- ECED 422 WRITING TECHNIQUES FOR TEACHERS IN EARLY CHILDHOOD EDUCATION (3) Applied techniques of written communication for classroom teachers and professional educators. Focus on developing the ability to write thoughtful, well-organized letters, reports, critiques and other professional papers. Prerequisites: ENGL 102/190, admission to major and 6 hours of education coursework. Gened LD.
- ECED 429 PRINCIPLES AND PRACTICES OF READING AND LANGUAGE ARTS ASSESSMENT (3) Examination and practice using a range of literacy and reading assessments. Focus on relationship of assessment to instructional planning for diverse learners. Prerequisites: admission into major; taken concurrently with ECED 342 and ECED 361.
- ECED 470-489 [570-589] SPECIAL TOPICS IN EARLY CHILDHOOD EDUCATION: (Topics to be determined) (1-3) In-depth study of a selected topic in early childhood education. The specific requirements and prerequisites will vary with each course, and this will be designated by the department each time a topic is scheduled. Graduate credit only with the approval of the department graduate director. Each topic may be taken as a separate course, repeatable for different topics for a maximum of 6 credits.
- ECED 494 [594] TRAVEL AND STUDY: EARLY CHILDHOOD EDU-CATION (1-6) A field study, including cultural tours in selected foreign countries, of current early childhood education programs, facilities and trends. Academic work includes lectures, observations and personal interactions. Participation in planned educational activities and a follow-up paper are required. May be repeated for a maximum of 6 credits. Prerequisite: junior standing or consent of department chair.
- ECED 495 INDEPENDENT STUDY IN EDUCATION: EARLY CHILD-HOOD EDUCATION (1-4) Independent study in selected areas of Early Childhood Education. May be repeated for a maximum of 4 credits. Prerequisites: ECED majors only, completed application form, permission of department chair and 3.00 QPA.
- ECED 496 DIRECTED READING: EARLY CHILDHOOD EDUCA-TION (1-4) Independent reading in selected areas of Early Childhood Education or related topics. May be repeated for a maximum of 4 credits. Prerequisites: ECED majors only, completed application form, permission of department chair and 3.00 QPA.

Graduate Division

See TU Graduate Catalog for course descriptions.

ECONOMICS (ECON)

Lower Division

- econ 201 MICROECONOMIC PRINCIPLES (3) Economic reasoning of individual choice in household and market decisions; behavior of firms in competitive and noncompetitive markets, functioning of labor and capital markets, role of the entrepreneur and effects of government policies. GenEd II.C.2.
- ECON 202 MACROECONOMIC PRINCIPLES (3) Inflation and unemployment causes and remedies. Money and banking, government spending and taxation. International trade. GenEd II.B.2.
- ECON 203 HONORS MICROECONOMIC PRINCIPLES (3) How private enterprise determines what is produced, prices, wages, profits. Supply and demand. Competition and monopoly. Labor unions, income distribution. Farm policy. The role of government in our economy. Not open to students who successfully completed ECON 201. GenEd II.C.2.
- econ 204 HONORS MACROECONOMIC PRINCIPLES (3) Analysis of the aggregate dimensions of the American economy. An investigation of American culture by the study of the American economy. Topics include national income and employment, inflation, economic development, business cycles, international trade, government spending and taxation. Not open to students who successfully completed ECON 202. GenEd II.B.2.
- ECON 205 STATISTICS FOR BUSINESS AND ECONOMICS 1 (3)
 Analysis and presentation of business and economic data; descriptive statistics and statistical inference; measures of central tendency and variability; estimation; testing of hypothesis; linear regression analysis. Not open to students who successfully completed ECON 301. GenEd I.C.
- ECON 303 AMERICAN ECONOMIC DEVELOPMENT (3) Description and analysis of growth and development of U.S. economy and its institutions from colonial times to 20th century. Emphasis on "new" economic history: explicit economic models and quantitative methods to analyze historical phenomena. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 305 SURVEY OF INTERNATIONAL ECONOMICS (3)
 Principles of international trade and international monetary theory and finance; international economic problems and issues facing the United States within the global economy. This course does not count toward Economics major or minor requirements. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 306 STATISTICS FOR BUSINESS AND ECONOMICS II (3) An extension of introductory statistics; the application of multiple regression analysis and the use of SPSS; decision theory; non-parametric statistics; linear programming and constrained optimization problems; time series analysis. Prerequisite: ECON 205 or MATH 231/233.
- ECON 309 INTERMEDIATE PRICE THEORY (3) Determination of prices, output, wages, resource allocation. Theory of the firm. Theory of competition, monopolistic competition, oligopoly and monopoly. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 310 MACROECONOMIC THEORY (3) Impact of monetary and fiscal policy. The overall level of output, prices, employment, interest rates. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 313 MONEY AND BANKING (3) Organization and function of the money, credit and banking system of the United States, banking institutions, Federal Reserve System; the relation of money and credit to prices; foreign exchange. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 321 HISTORY OF ECONOMIC THOUGHT (3) Development of economic theory; 18th- and 19th-century classical schools. Modern economic literature on price, investment and employment. Prerequisites: ECON 201/203 and ECON 202/204.
- ECON 323 COMPARATIVE ECONOMIC SYSTEMS (3) Effects of alternative institutional arrangements on incentives and individual behavior affecting the allocation of resources. Differences between decentralized or market systems and centralized or government planning. Prerequisites: ECON 201 and ECON 202. GenEd I.D.
- ECON 325 ECONOMIC DEVELOPMENT (3) Theory of economic growth. Problems and programs relating to least developed countries. Prerequisites: ECON 201 and ECON 202. GenEd I.D.

- ECON 330 INDUSTRIAL ORGANIZATION AND PRICE ANALYSIS (3) Competition, collusion, monopoly, and oligopoly in regulated and unregulated markets. Economics of firm management, market organization, sales practices and anti-trust laws. Prerequisites: ECON 201 and ECON 202.
- ECON 331 GOVERNMENT AND ECONOMIC LIFE (3) Economics and philosophy of markets and government and criteria for judging their success: end-state vs. process, utilitarian vs. individual rights. Applications focus on competition and antitrust; others include industrial policy, welfare economics and public choice. Prerequisites: ECON 201 and ECON 202.
- ECON 333 ECONOMICS OF POVERTY AND DISCRIMINATION (3) Study of the causes of poverty. How poverty and discrimination are interrelated. An analysis of existing and proposed programs to alleviate poverty and discrimination. Prerequisites: ECON 201 and ECON 202. GenEd 1.D.
- ECON 337 PUBLIC FINANCE (3) Non-market provision of goods and services at all levels of government: principles of public finance, specific public spending programs and taxes, allocation of resources and income distribution. Prerequisites: ECON 201 and ECON 202.
- ECON 339 HEALTH ECONOMICS (3) Analysis of the economic organization of the health care sector of the U.S. economy; alternative health care delivery systems and methods of financing health care services; current issues in health economics. Prerequisite: one upper-level economics course or consent of instructor.
- ECON 341 [541] LABOR ECONOMICS AND LABOR RELATIONS (3) The determination of wages. Labor unions: history, structure, activities, effects. Government labor policy. Prerequisites: ECON 201 and ECON 202.
- ECON 351 URBAN ECONOMICS (3) Economic bases for the existence of metropolitan areas. The economy of the metropolitan area; its growth, income distribution, economic stability. Transportation and land use patterns. Social and other problems of metropolitan areas. Application of elementary price theory to the analysis and solution of urban issues and problems. Prerequisites: ECON 201 and ECON 202.
- ECON 374 [574] ECONOMIC ISSUES OF GENDER (3) Explores the changing role of men and women in the U.S. and other economies with specific emphasis on issues such as differences in occupations and wages, theories of discrimination, the economics of the household, child care, divorce, poverty, and the effect of government programs on families. Prerequisite: ECON 201.
- ECON 375 ENVIRONMENTAL ECONOMICS (3) Applying tools of economic theory to issues focusing on natural resources and environmental policy. Topics include market failure, valuation of non-market goods, cost-benefit analysis and pollution. Prerequisite: ECON 201.
- ECON 401 INTRODUCTION TO ECONOMETRICS (3) The problem of testing economic theories against empirical data; the formulation and estimation of regression model; the use of the method of multiple regression in testing the various hypotheses of economic theories; serial correlation; the problem of identification; application of simultaneous equation models; the use and construction of econometric models for forecasting and policy making. Prerequisite: ECON 205 or permission of instructor.
- ECON 409 MANAGERIAL ECONOMICS (3) Applications of microeconomic theory to business policies and decisions. The utilization of analytical and decision-making tools derived mainly from economic theory, quantitative methods, finance and marketing theory. Topics considered include pricing practices and market structures, investment decision-making, and estimation of demand and cost of production. Prerequisites: ECON 309 and ECON 205 or MATH 231.
- ECON 410 BUSINESS CYCLES AND FORECASTING (3) Business cycle theory; measuring economic activities; policy proposals for controlling economic fluctuations. Prerequisite: ECON 313 or
- ECON 419 APPLIED MICROECONOMICS (3) Applications of principles developed in price theory to problems arising in various market situations. Emphasis is on analysis and solutions of specific problems. Prerequisite: ECON 309.
- ECON 421 INTERNATIONAL ECONOMICS (3) International trade theory; balance of payments, problems, and adjustment mechanism; foreign exchange; foreign trade policy; theory of tariffs and other trade restrictions; international monetary system and organization; trade and economic growth. Prerequisites: ECON 201 and ECON 202.

- ECON 423 INTERNATIONAL MONETARY THEORY AND POLICY (3) International issues in money and banking, Foreign exchange markets, exchange rates and adjustment in the balance of payments. International monetary theory and its application. Prerequisite: ECON 313.
- ECON 441 [541] PERSONNEL ECONOMICS (3) Use of economics to solve practical personnel problems with specific issues in training, turnover, hiring, incentives, fringe benefits, evaluation and legal constraints. Prerequisite: ECON 201/203.
- ECON 451 INTRODUCTION TO MATHEMATICAL ECONOMICS (3) Intended primarily for students planning a graduate education in economics. A study of the fundamental mathematical methods widely used in economics: calculus and linear algebra. Emphasis is on optimization theory; economic examples are used throughout. Prerequisites: ECON 309, ECON 310 and MATH 211 or MATH
- ECON 470-479 TOPICS IN ECONOMICS (3) The economic development process in a particular area of the world. The region chosen will depend upon mutual faculty and student interest. Analysis of the different factors that have promoted and hindered economic growth. Various policy options will be explored. May be repeated for credit provided a different topic is covered. Prerequisites: ECON 201 and ECON 202, junior standing, and two upper-level economic courses.
- ECON 485 [585] SEMINAR ON ECONOMIC ISSUES (3) Research and writing of papers on an economic issue selected by the instructor. Prerequisites: ECON 309, ECON 310 and ECON 313.
- ECON 493 [593] WORKSHOP ON ECONOMIC EDUCATION (3) Designed to help teachers and school administrators gain a better understanding of the economic working of the society in which we live. Prerequisite: consent of the instructor.
- ECON 495 INDEPENDENT STUDY (1-3) Individual and supervised study in selected areas of economics. Prerequisites: Economics major, junior standing, 2.50 QPA, ECON 309, ECON 310 and permission of instructor.
- ECON 497 INTERNSHIP IN ECONOMICS (1-3) Supervised work experience designed to promote an understanding of the economic system and the practical application of economic principles. Prerequisites: Economics major, junior standing, 2.50 QPA, ECON 309, ECON 310 and consent of internship coordinator. Graded S/U.

Graduate Division

See TU Graduate Catalog for course descriptions.

EDUCATION (EDUC)

Lower Division

- EDUC 101 CAREERS IN EDUCATION (2) Guided field experiences designed to help students expand their knowledge of careers in education as a basis for choosing a major emphasis. Examination of careers in education and the scope of education in a democracy.
- EDUC 201 THE PARENTING PROCESS (3) An overview of the American parenting experience designed to give the learner information he or she will need to become an effective parent. GenEd II.B.3.
- EDUC 203 TEACHING AND LEARNING IN A DIVERSE SOCIETY (3) Multicultural influences on education, processing self-awareness and awareness of others while exploring approaches to advocacy and social action with special attention to educational contexts. Includes field experience, GenEd II.C.3.

- EDUC 301 WRITING AND COMMUNICATION SKILLS FOR TEACHERS (3) Practicum on development of written and oral communication skills needed in professional teaching situations. Focus will be on preparation of written materials which are appropriate for specific classroom and professional needs. Course content will be individualized to meet interests and needs of class members. Prerequisite: ENGL 102 or ENGL 190. GenEd I.D.
- EDUC 311 CREATIVE TUTORING (2) Designed to address the needs of college students who are interested in working with adults in a tutorial relationship. Students will receive instruction in methods and materials for tutoring. Graded S/U. Prerequisites: PSYC 101 and consent of instructor.

- EDUC 401 FOUNDATIONS OF EDUCATION (3) Sociological, philosophical, psychological and historical foundations of western education. Perspectives in these areas as they relate to current educational issues and practices. Prerequisite: consent of chair, Department of Secondary Education.
- EDUC 406 [506] RECENT TRENDS IN TEACHING (3) Recent teaching strategies, organizational patterns and curricular innovations for levels K-12 are examined. Students may pursue individualized projects. Prerequisite: student teaching or senior standing with consent of instructor.

EDUC 407 [507] CONTEMPORARY ISSUES IN EDUCATION (3) Seminar approach to current issues in education. Prerequisites student teaching or senior standing with consent of instructor. (No prerequisites when offered in day.)

EDUC 409 [509] FIELD STUDIES OF THE CHILD AND HIS COMMUNITY (2) Planning and working with groups of children in approved social agencies or making extensive studies of recreational and non-recreational social agencies. Class discussion and field trips.

EDUC 414 ASSESSMENT AND EVALUATION OF EDUCATIONAL PROGRAMS (3) Development and use of classroom assessment and evaluation techniques. Assessment: portfolios and student progress. Evaluation: formative, summative and performance based. Validity, reliability and useability of test results. Not open to those who successfully completed EDUC 414.

EDUC 417 [517] CHILDREN'S LITERATURE AND OTHER MATERIALS FOR READING AND LANGUAGE ARTS IN ELEMENTARY SCHOOL (3) Study of literature, texts, and technology of reading and language arts instruction. Attention to authors, illustrators, awards, criteria for selection and importance in curricula. Prerequisites: Two English courses.

EDUC 419 [519] STORYTELLING (3) The selection and presentation of stories for children. A study of sources for the storyteller in folklore, myth, legend, poetry and the writings of storytellers. Development of skills in storytelling. Prerequisite: EDUC 417 or consent of instructor

EDUC 445 [545] HUMAN RELATIONS AND THE INDIVIDUAL (3)
Consideration given to understanding one's self, the nature of prejudice and environmental factors which influence minority groups and cultures, and the relationship of these factors to the development of meaningful educational programs. Prerequisites: student teaching and at least one course each in sociology and psychology.

EDUC 460 [560] TEACHING IN A MULTI-CULTURAL/MULTI-ETHNIC SOCIETY (3) Provides teacher education students with the background knowledge, understanding and techniques to deal effectively with children from diverse cultural and ethnic backgrounds. Prerequisite: 3 credits in Education or PSYC 201.

EDUC 463 [563] SEX RÔLE DEVELOPMENT IN THE SCHOOLS (2 or 3) An examination of theories of sex role development and their impact on educational methods and curriculum. Staffed by College of Education. Assistance of Women's Studies staff may be utilized. Carries 3 credits when scheduled for three hours meeting per week and 2 credits when scheduled for two hours meeting per week. Prerequisite: 6 credits in Education.

EDUC 467 [567] TEAM TEACHING WORKSHOP (3) Conducted to assist teachers who are actively engaged in team teaching or will be participating as members of a team in the future.

EDUC 470-489 [570-589] SPECIAL TOPICS IN EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time there is a topic scheduled. May be repeated for credit provided a different topic is covered.

EDUC 494 [594] TRAVEL AND STUDY EDUCATION: (Project to be named) (1-6) Study abroad of educational facilities, programs or practices, or selected projects in educational topics. By specific arrangement with program chair and sponsoring instructors.

EDUC 495 [595] INDEPENDENT STUDY IN EDUCATION: (Project to be named) (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. Prerequisite: approval of appropriate program chair.

EDUC 496 [596] DIRECTED READINGS IN EDUCATION (1-4) Independent readings in selected areas of Education in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the department to major students. Prerequisite: approval of appropriate program chair.

Graduate Division

See TU Graduate Catalog for course descriptions.

ELECTRONIC MEDIA AND FILM (EMF)

Lower Division

- EMF 140 INTRODUCTION TO ELECTRONIC MEDIA (3) Role of science, politics, culture and economics in the development and present status of radio, television, cable, film and satellite industries. Not open to students who have successfully completed MCOM 140. GenEd II.B.3.
- EMF 205 WOMEN AND GENDER IN FILM (3) Treatment of women and gender issues in film from silent movies to present. Not open to students who have successfully completed MCOM 205.
- EMF 221 PRINCIPLES OF FILM AND MEDIA PRODUCTION (3)
 Basic techniques and principles of film, video and audio. Not open
 to students who have successfully completed MCOM 221.
- EMF 265 RADIO PRODUCTION 1(3) Introduction to the equipment and performance techniques to produce a variety of radio show formats. Prerequisites: EMF 140/MCOM 140 and COMM 131. Not open to students who have successfully completed MCOM 265.
- EMF 267 FILMMAKING I: BASIC 16MM PRODUCTION (3) Techniques and theories of motion picture production. Students plan, film and edit their projects. Not open to students who have successfully completed MCOM 267. Prerequisites: MCOM 145 or EMF 221.
- EMF 271 TELEVISION STUDIO PRODUCTION (3) Basic principles, procedures, techniques and terminology of television studio production. Prerequisite: EMF 221. Not open to students who have successfully completed MCOM 271.
- EMF 273 ELECTRONIC FIELD PRODUCTION (3) Basic principles of electronic field production, introducing field camera operation, video editing and basic video producing techniques for commercial and non-commercial arenas. Prerequisite: EMF 271. Not open to students who have successfully completed MCOM 273 or MCOM 371
- EMF 275 PRINCIPLES OF FILM AND VIDEO EDITING (3) Theory, history and practice of post-production methods and aesthetics, emphasizing narrative continuity techniques. Not open to those who successfully completed MCOM 436. Prerequisite: MCOM 267 or MCOM 273.

- EMF 311 HISTORY OF ELECTRONIC MEDIA (3) Economic, social, technical and artistic factors in the development of radio, television and other media from 1900 to the present. Prerequisites: EMF 140/ MCOM 140 and ENGL 102. Not open to students who have successfully completed MCOM 311.
- EMF 331 BROADCAST/CABLE PROGRAMMING (3) Programming principles, strategies and practices for the radio, television and cable industries. Analysis and evaluation of programs and program formats. Prerequisites: EMF 265/MCOM 265, or EMF 271/MCOM 271, or EMF 273/MCOM 273. Not open to students who have successfully completed MCOM 331.
- EMF 361 DOCUMENTARY FILM AND VIDEO (3) History, theory and criticism of documentaries. Production required. Prerequisite: EMF 267/MCOM 267, or MCOM 271/EMF 271. Not open to students who have successfully completed MCOM 361.
- EMF 362 EXPERIMENTAL FILM AND VIDEO (3) History, theory and criticism of avant-garde works. Production required. Prerequisite: EMF 267/MCOM 267, or MCOM 271/EMF 271. Not open to students who have successfully completed MCOM 362.
- EMF 363 HISTORY OF FILM (3) Exploration of the social, artistic, economic and technical factors in the development of the motion picture from 1900 to the present. Prerequisites: MCOM 145 or EMF 221 and ENGL 102. Not open to students who have successfully completed MCOM 363. GenEd I.D.
- EMF 364 AESTHETICS OF FILM AND ELECTRONIC MEDIA (3) Theory and aesthetics of film, radio, television and related media. Prerequisite: MCOM 145 or EMF 221. Not open to students who have successfully completed MCOM 364.
- EMF 365 RADIO PRODUCTION II (3) The process of commercial and studio recording for radio broadcast will be studied through an examination of the principles of tape recording and editing. The student will participate in commercial and studio recording projects. Prerequisite: EMF 265/MCOM 265. Not open to students who have successfully completed MCOM 365.

- EMF 367 FILMMAKING II: SYNC SOUND 16MM TECHNIQUES (3) Exploration of 16mm filmmaking, involving synchronous sound, cinematography, sound recording, lighting, directing, editing and post production. Prerequisite: EMF 267/MCOM 267. Not open to students who have successfully completed MCOM 367.
- EMF 368 GENRE THEORY AND CRITICISM (3) Principles and aesthetics of different film genres. Prerequisite: EMF 363/MCOM 363. Not open to students who have successfully completed MCOM 368.
- EMF 375 BROADCAST PERFORMANCE (3) The process of communication through broadcast performance. The principles of broadcast communication will be applied to such functions as television and radio news announcing, commercial announcing, sports announcing and music announcing. Laboratory experiences provided. Prerequisite: EMF 265/MCOM 265. Not open to students who have successfully completed MCOM 375.
- EMF 377 BROADCAST/FILM WRITING (3) Training and practice in writing non-fiction, fiction and commercial/PSA scripts for the broadcast media and film. Prerequisites: ENGL 102; EMF 265/MCOM 265, or EMF 267/MCOM 267, or EMF 271/MCOM 271. Not open to students who have successfully completed MCOM 377. GenEd I.D.
- EMF 379 SEMINAR IN TELEVISION (3) Intensive study of one aspect of television, such as genre, producer, director and writer. Prerequisite: EMF 140/MCOM 140. Not open to students who have successfully completed MCOM 379.
- EMF 387 CORPORATE VIDEO (3) Application of video production practices to a client situation; production of a corporate video required. Prerequisite: EMF 273/MCOM 273. Not open to students who have successfully completed MCOM 387.
- EMF 403 SPORTSCASTING (3) Theory and practical application of sportswriting, interviewing, and play-by-play description. Prerequisite: junior/senior standing, EMF 265/MCOM 265 and EMF 271/ MCOM 271 (may be taken concurrently). Not open to students who have successfully completed MCOM 403.
- EMF 405 SCREENWRITING (3) Narrative structure and mechanics; creation of a complete feature-length screenplay. Prerequisite: EMF 377/MCOM 377. Not open to students who have successfully completed MCOM 405.
- EMF 421 RADIO STATIONS OPERATIONS (3) Lecture and practice in the advanced study of the internal workings of radio stations and the radio industry. Prerequisite: EMF 365/MCOM 365 or consent of instructor.
- EMF 430 THE MEDIA PRODUCER (3) Management and administration of film and video projects. Prerequisites: EMF 271/MCOM271, EMF 273/MCOM 273, OR EMF 267/MCOM 267. Not open to students who have successfully completed MCOM 430.
- EMF 455 DIRECTING FOR FILM AND VIDEO (3) Fundamentals of screen directing, which includes script breakdown, scene blocking, communication with cast and crew, and the logistics of production. Prerequisite: EMF 267/MCOM 267, or EMF 271/MCOM 271. Not open to students who have successfully completed MCOM 455.
- EMF 460-469 INTERNSHIP IN ELECTRONIC MEDIA AND FILM (3) Practical field experiences. Under faculty and I/CE supervision, the students work as interns with a professional in some field of mass communication. May be repeated for a maximum of six credits. Graded S/U.
- EMF 463 INTERNSHIP IN RADIO (1-6) Practical field experiences. Under faculty and I/CE supervision, students work as interns with a professional in the field. Graded S/U. Prerequisites: junior/senior standing, minimum cumulative of 2.75 and 3.00 in the major, completion of appropriate courses determined by the department. Please check with the I/CE office for specifics.
- EMF 464 INTERNSHIP IN FILM (I-6) Practical field experiences. Under faculty and I/CE supervision, students work as interns with a professional in the field. Graded S/U. Prerequisites: junior/senior standing, minimum CQPA of 2.75 and 3.00 in the major, completion of appropriate courses determined by the department. Please check with the I/CE office for specifics.
- EMF 465 INTERNSHIP IN TELEVISION (1-6) Practical field experiences. Under faculty and I/CE supervision, students work as interns with a professional in the field. Graded S/U. Prerequisites: junior/ senior standing, minimum CQPA of 2.75 and 3.00 in the major, completion of appropriate courses determined by the department. Please check with the I/CE office for specifics.
- EMF 471 TELEVISION STUDIO OPERATIONS (3) Managerial, technical and creative responsibilities of the producer and aesthetic, interpretive, stylistic concerns of the director. Prerequisite: EMF 271/ MCOM 271 or EMF 273/MCOM 273. Not open to students who have successfully completed MCOM 471.

- EMF 473 FILMMAKING III: ADVANCED 16MM TECHNIQUES (3) Seminar in professional filmmaking techniques leading to completion of an original narrative film. Prerequisite: EMF 367/MCOM 367. Not open to students who have successfully completed MCOM
- EMF 475 FILM ANALYSIS (3) Style of a director, studio or filmmaking method in terms of thematic and formal properties and their influences upon the art of film. May be repeated for a maximum of 6 credits when a different topic is covered. Prerequisite: EMF 221 or MCOM 145. Not open to students who have successfully completed MCOM 475.
- EMF 476 SPECIAL TOPICS IN ELECTRONIC MEDIA (3) In-depth study of a selected area dependent upon faculty and student interest. May be repeated for a maximum of 6 credits when a different area is covered. Prerequisites: EMF 140/MCOM 140 and junior/senior standing. Not open to students who have successfully completed MCOM 476.
- EMF 478 SPECIAL TOPICS IN FILM (3) In-depth study of a selected area dependent upon faculty and student interest. May be repeated for a maximum of 6 credits when a different topic is covered. Prerequisites: EMF 221 or MCOM 145 and junior/senior standing.
- EMF 481 TELEVISION JOURNALISM (3) Advanced broadcast journalism, focusing on television news reporting, editing and production. Prerequisite: MCOM 381.
- EMF 487 SEMINAR IN DIGITAL POST-PRODUCTION (3) Non-linear editing skills and techniques including audio and multi-media applications. Prerequisite: EMF 275 Principles of Editing.
- EMF 491 INDEPENDENT STUDY IN FILM (1-6) Directed study in production or research through readings, projects, papers and/or seminars. May be repeated for a maximum of 6 credits. Prerequisite: EMF 267/MCOM 267 or EMF 363/MCOM 363; consent of instructor.
- EMF 493 INDEPENDENT STUDY IN RADIO (1-6) Directed study through readings or projects in conjunction with the operation of the student radio station. Selected students may work as laboratory assistants in the EMF 265 (Radio Production I) class. May be repeated for a maximum of 6 credits. Prerequisites: EMF 265/MCOM 265 and consent of instructor.
- EMF 495 INDEPENDENT STUDY IN TELEVISION (1-6) Directed study through readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisites: EMF 271/MCOM 271 or EMF 273/MCOM 273 or EMF 311/MCOM 311; consent of instructor.

ELEMENTARY EDUCATION (ELED)

- ELED 311 CHILD AND THE ELEMENTARY SCHOOL CURRICU-LUM (3) Curriculum approaches and methods for teaching children. Students observe, participate and teach in elementary school classrooms one day per week. Prerequisites: PSYC 201 and ELED 363.
- ELED 322 FOUNDATIONS OF READING AND OTHER LAN-GUAGE ARTS (3) Examination of theories, processes, and acquisition of reading and language arts, including cognitive, linguistic, social, and physiological factors involved in oral and written language development. Prerequisites: ENGL 102 and PSYC 201. Course not applicable to GenEd category I.D.
- ELED 323 PRINCIPLES AND PRACTICES OF INSTRUCTION IN READING AND LANGUAGE ARTS IN THE ELEMENTARY SCHOOL (3) Principles for developing reading and language arts programs in the elementary classroom. Examination of current approaches, methodologies and strategies for instruction. Prerequisites: PYSC 201.
- ELED 363 FIELD STUDIES FOR ELEMENTARY TEACHING (3) Initial experiences in teaching and learning in specified settings. Students study school and community activities related to classroom instruction. Prerequisite: PSYC 201 or consent of instructor.
- ELED 365 TEACHING SOCIAL STUDIES IN THE ELEMENTARY SCHOOL (3) Methods and materials for elementary school social studies instruction. Attention given to multicultural and global perspectives.
- ELED 429 [529] METHODS AND PRACTICES OF ASSESSMENT IN READING AND LANGUAGE ARTS (3) Examination of and practice using a range of assessments for reading and language arts development, focusing on the relationship of assessment to

- instructional planning for diverse learners. Prerequisites: ELED 322, ELED 323
- ELED 441 [541] CURRICULUM DEVELOPMENT IN THE ELEMENTARY SCHOOL (3) The child and the curriculum. The teacher's role in curriculum as a process. Principles and philosophies of curriculum development. Objectives, practices, materials and evaluation trends.
- ELED 457 [557] ENGLISH FOR THE NON-ENGLISH SPEAKING CHILD (3) Methods of teaching English to elementary school children whose native tongue is another language. Prerequisites: elementary language arts methods course or elementary teaching experiences or consent of instructor.
- ELED 458 [558] PRACTICUM: ENGLISH FOR THE NON-ENGLISH SPEAKING CHILD (1-4) Supervised practical experience in teaching English to elementary school children whose native tongue is another language. May be repeated for a maximum of 4 credits. Prerequisites: ELED 457 and student teaching or teaching experience.
- ELED 470-489 [570-589] SPECIAL TOPICS IN ELEMENTARY EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in Elementary Education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. Each topic may be taken as a separate course. May be repeated for a maximum of 9 credits provided different topics are covered.
- ELED 494 [594] TRAVEL AND STUDY: ELEMENTARY EDUCATION (1-6) Study abroad of educational facilities, programs or practices, or selected projects in Elementary Education topics. By special arrangement with program chairperson and sponsoring instructors, May be repeated for a maximum of 6 credits.
- ELED 495 [595] INDEPENDENT STUDY IN EDUCATION: ELEMENTARY (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. May be repeated for a maximum of 4 credits. Prerequisite: approval of appropriate program chair.
- ELED 496 [596] DIRECTED READING: ELEMENTARY EDUCATION (I-4) Independent reading in selected areas of Elementary Education in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the department to major students. May be repeated for a maximum of 4 credits. Prerequisite: approval of appropriate program chair.

Student Teaching

The following student teaching courses involve 10 to 15 weeks, full-time, in public school classrooms under the guidance of master teachers. Conferences with the university supervisor. Prerequisites: approval of Elementary Education Department and the director of the Center for Applied Skills in Education (CASE).

- ELED 399 DIFFERENTIATED STUDENT TEACHING ELEMENTARY (1-8) Student teaching experience in addition to those in ELEM 468 or student teaching in special subject areas, according to needs and interests of the student. May be repeated for a maximum of 8 credits. Graded S/U.
- ELED 468 STUDENT TEACHING IN THE ELEMENTARY SCHOOL (12) 14- to 15-week full-time field experience in public school classrooms under guidance of master teachers and university supervisors. Graded S/U.
- ELED 469 STUDENT TEACHING SEMINAR (3) Readings, action research, and discussion on school environments, instructional delivery, diagnosis/evaluation, classroom management policies. Active inquiry within context of classrooms and agencies that influence schooling practices. Corequisite: with student teaching.

Graduate Division

See TU Graduate Catalog for course descriptions.

ENGLISH (ENGL)

English Course Level and Numbering

Lower-division English courses (100-200-level) are designed as introductions to the subject. Upper-division English courses (300-400-level) are more particularly focused and assume students have the background specified by the course prerequisites. There is no difference in degree of difficulty or specialization between 300-level and 400-level courses; students should not assume, therefore, that a 400-level course is more advanced than one at the 300 level.

Lower Division

- ENGL 102 WRITING FOR A LIBERAL EDUCATION (3) Learning the critical methods of liberal education by writing college-level prose about significant books in four areas: the natural sciences, the humanities, the social sciences, and the fine arts. GenEd I.A.
- ENGL 152 SOLVING LITERARY PROBLEMS (3) Using information effectively to solve textual, cultural and interpretive problems in literature. Includes multimedia and interdisciplinary approaches. GenEd l.B.
- ENGL 190 HONORS WRITING SEMINAR (3) Exploration of issues and critical methods vital to a liberal education. Development of strategies for effective writing. Emphasis on student essays and reports. Prerequisite: admission to Honors College. Special permit required. GenEd I.A.
- ENGL 205 SHAKESPEARE FOR NON MAJORS (3) Shakespeare's major plays and poetry in their cultural context. Emphasis on plot, interpretation and performance. GenEd II.C.1
- ENGL 221 BRITISH LITERATURE TO 1798 (3) Survey of poetry, prose and drama from the Middle Ages through the 18th century; emphasis on works by such writers as Chaucer, Shakespeare, Milton, Pope and Swift, GenEd II.C.1.
- ENGL 222 BRITISH LITERATURE SINCE 1798 (3) Survey of poetry and prose of the 19th and early 20th centuries, such as works by Wordsworth, Keats, Dickens, Browning, Lawrence and Woolf. GenEd II.C. I.
- ENGL 229 MODERN IRISH LITERATURE (3) 19th- and 20th-century prose, poetry and drama.
- ENGL 230 MAIN CURRENTS IN AMERICAN LITERATURE (3) Historical and thematic approach to literature that has helped define the national voice. Works by such authors as Hawthorne, Twain, Dickinson, Faulkner, Morrison and Plath. GenEd II.B.I.
- ENGL 233 SURVEY OF AFRICAN-AMERICAN LITERATURE (3) Slave narratives, post-Civil War and 20th-century developments and such writers as Wheatley, Douglass, Hughes and King. GenEd II.C.3.
- ENGL 234 MAJOR WRITERS IN AFRICAN-AMERICAN LITERA-TURE (3) Literature of slavery, the Reconstruction, the Harlem Renaissance, the Depression and after, with emphasis on Chesnutt, Hughes, Wright and Alice Walker. Prerequisite: ENGL 102; ENGL 233 is recommended but not required as a prerequisite to ENGL 234. GenEd II.C.3.
- ENGL 235 ETHNIC-AMERICAN LITERATURE (3) Comparative survey of Asian, European, Black, Jewish and other immigrant American literature, with emphasis on literary, historical, and sociological approaches. GenEd II.C.3.
- ENGL 236 AMERICAN INDIAN LITERATURE, 1772-PRESENT (3)
 Emphasis on the contributions of American Indian writers to
 American literature. Study of the genres in which American Indians
 have written, the influences of both Indian and non-Indian world
 views, themes and techniques represented in these works. GenEd
 II.B.I.
- ENGL 239 19TH AND 20TH CENTURY JEWISH LITERATURE (3) Jewish literature from Eastern Europe, the United States and Israel. Writers vary. GenEd II.C.3.
- ENGL 240 CLASSICS OF THE WESTERN HERITAGE (3) Selections from the most influential literature of the western tradition. Authors will vary but will be of the stature of Homer, Dante, Shakespeare, Voltaire, George Eliot and Dostoevsky. GenEd II.C.1.
- ENGL 243 INTRODUCTION TO CLASSICAL MYTHOLOGY (3) The study of myth in selected works from Greek and Roman literature. GenEd II.C.1.
- ENGL 244 WORLD FOLKLORE (3) Study of folk expression throughout the world. Focus on such folk narratives as fairy tale (marchen) and legend from a variety of cultures. Characteristics of folklore, folk groups and methodology. Children's folklore, jokes, folk architecture and arts. Prerequisite: ENGL 102. GenEd II.D.
- ENGL 245 THE CONTINENTAL SHORT STORY (3) Study of the development of the short story in 19th and 20th century Europe. Readings include such major continental writers as Flaubert, Tolstoy, Kafka, Sartre and Camus. Prerequisite: ENGL 102.
- ENGL 248 LITERATURE OF GLOBAL EXPERIENCE (3) A study of modern literature in its cultural diversity from six continents. GenEd II.D.
- ENGL 251 APPLIED GRAMMAR (3) Grammar, syntax and usage for improvement of writing style. No credit toward major requirements. Prerequisite: ENGL 102.

- ENGL 261 TRADITION AND FORM IN WESTERN POETRY (3) Elements and types of poetry in the western tradition through readings of American, English and European works. Emphasis on imagery, diction, sound patterns, stanzaic form, major modes and genres. GenEd II.C.1.
- ENGL 263 TRADITION AND FORM IN WESTERN FICTION (3) Elements and types of fiction in the western tradition through close readings of American, English and European works, especially short stories. Emphasis on point of view, plot, character, setting, design and theme. GenEd II.C.I.
- ENGL 265 TRADITION AND FORM IN WESTERN DRAMA (3) Elements and types of drama in the western tradition through close readings of American, English and European works. Emphasis on structure, plot, character, setting, conventions, stage history.
- ENGL 270 IDEAS IN LITERATURE (3) Thematic approach to works of American, British and world literature. Content varies. May be repeated for a maximum of 6 credits.
- ENGL 283 INTRODUCTION TO CREATIVE WRITING (3) Theories and technical considerations pertinent to writing poetry and fiction, with discussion of student writing. Prerequisite: ENGL 102. GenEd I.E.
- ENGL 290 HONORS SEMINAR IN LITERATURE (3) Small group discussion and analysis of selected works from the western tradition. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: admission to the Honors College or consent of instructor. Special permit required. GenEd II.C.1.

- ENGL 301 RHETORIC AND SCIENCE (3) A study of the role language plays in the making and unmaking of facts in the contemporary world of science and technology. GenEd II.A.2
- ENGL 310 WRITING ARGUMENT (3) Establishing, defending and arguing an opinion, focusing on structure, claims, evidence and warrants. Prerequisite: ENGL 102. GenEd I.D.
- ENGL 311 WRITING POETRY (3) Nature of the creative process and art of imaginative expression in writing poetry. Prerequisite: ENGL 102. GenEd I.E.
- ENGL 312 WRITING FICTION (3) Nature of the creative process and art of imaginative expression in writing short fiction. Prerquisite: ENGL 102. GenEd I.E.
- ENGL 313 ACADEMIC ESSAY (3) Emphasizes expository writing within an academic setting. Priorities include organizational support for claims, correct usage and effective style, using conventional academic models. Prerequisite: 2 ENGL courses. GenEd I.D.
- ENGL 315 THE LITERARY ESSAY (3) Emphasizes the creative use of language, using the traditional literary essay as the model for personal expression and exploration of the human experience. Prerequisite: two ENGL courses. GenEd I.D.
- ENGL 316 WRITING ABOUT LITERATURE (3) Composition of the literary essay, its structure and style. Emphasis on explication, character, plot and thematic analysis of poetry, fiction and drama. Prerequisite: ENGL 102, GenEd Il.D.
- ENGL 317 WRITING FOR BUSINESS AND INDUSTRY (3) Standard written formats used in business and industry, including correspondence, memoranda and reports. Projects individualized to meet student needs and career interests. Prerequisite: two ENGL courses. GenEd I.D.
- ENGL 318 ADVANCED INFORMATIONAL WRITING (3) Researching and writing professional documents, including reports, manuals and technical publications. Projects individualized to meet student needs and interests. Prerequisite: ENGL 102. GenEd 1.D.
- ENGL 319 ORGANIZATIONAL COMMUNICATIONS (3) Study of factors influencing communication in organizations such as business, industry and government, including the nature of communication, organizational structure, downward and upward communication, conflict, groups, interactions and communication channels. Emphasis will be on detailed analysis of communications, particularly written communications. Prerequisites: ENGL 102 or ENGI. 190 and one lower-level English course.
- ENGL 321 [511] MEDIEVAL BRITISH LITERATURE (3) Emphasis on the mystical writers, Piers Plowman, the Gawain-poet and Arthurian literature, Prerequisite: two ENGL courses.
- ENGL 322 [512] BRITISH MEDIEVAL AND RENAISSANCE DRAMA (3) Development of the drama, excluding Shakespeare, with emphasis on plays by Marlowe, Kyd, Jonson, Ford and Webster. Prerequisite: two ENGL courses.

- ENGL 323 [513] BRITISH RENAISSANCE LITERATURE (3) Cultural and political backgrounds with emphasis on Skelton, Wyatt, Surrey, Spenser, Sidney, Raleigh and Lodge. Prerequisite: two ENGL
- ENGL 324 [514] BRITISH LITERATURE OF THE LATER RENAISSANCE (3) Major intellectual and literary currents of 1600-1660 in the poetry of Donne, Herbert, Marvell, Jonson and Milton, and the prose of Bacon, Browne, Burton and Hobbes. Prerequisite: two ENGL courses.
- ENGL 325 18TH CENTURY BRITISH LITERATURE (3) Social and intellectual backgrounds, literary trends and significant authors, such as Swift, Pope, Fielding, Johnson and Boswell, with emphasis on satire. Prerequisite: 2 ENGL courses.
- ENGL 326 [516] LITERATURE OF THE BRITISH ROMANTIC PERIOD (3) Major writers from 1790 to 1830 such as Blake, Wordsworth, Coleridge, Byron, Shelley and Keats with emphasis on the philosophical and social backgrounds. Prerequisite: two ENGL courses.
- ENGL 327 THE VICTORIAN AGE (3) Main currents of British literature and society, 1830-1901, with emphasis on Tennyson, Browning, Arnold, Carlyle, Ruskin, Dickens and Eliot. Prerequisite: two ENGL courses.
- ENGL 331 [517] AMERICAN DRAMA (3) American drama from the Colonial Period to the present, with emphasis on 20th century plays by O'Neill, Williams, Miller, Bullins and Wilder. Prerequisite: two ENGL courses.
- ENGL 336 POST-COLONIAL LITERATURE (3) Literature of colonized peoples from the beginning of colonization to the present. Focus may be on one area of the world such as Africa or the Caribbean. Prerequisite: two ENGL courses.
- ENGL 341 [518] HISTORY AND LITERATURE OF THE OLD TESTAMENT (3) The chief books of the Old Testament and the Apocrypha studied from a literary and historical point of view. Prerequisite: two ENGL courses.
- ENGL 342 [519] FOLKLORE AND LITERATURE (3) How and why literary artists draw plots, characters, themes and motifs from traditional folk narratives. Distinctions between folk and literary tales. Focus on literary versions of classic fairy tales by such writers as Perrault, Baum, Coover, Carter, Yolen and Sexton. Prerequisite: two ENGL courses.
- ENGL 345 PERSPECTIVES IN WORLD DRAMA (3) A study of drama, the perspective to vary. Approaches may include Greek drama and its adaptation to the European stage; Oriental, Indian, African theatre; comparative drama; the genre as developed in various cultures. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 347 WORLD LITERATURE WRITTEN IN ENGLISH (3) Literature originally published in English from Africa, India, Australia, New Zealand, Canada and the West Indies. Mainly 20thcentury fiction, poetry and drama. Prerequisite: two ENGL courses.
- ENGL 350 [550] COMPARATIVE GRAMMAR (3) Study of English grammar: traditional, structural, transformational. Prerequisite: two ENGL courses.
- ENGL 351 [501] HISTORICAL LINGUISTICS (3) An introduction to language typology and Indo-European philology; historical development of linguistics up to the 20th century. Prerequisite: two ENGL courses.
- ENGL 353 [503] HISTORY OF AMERICAN ENGLISH (3) Origins and history of American dialects; development of elements of vocabulary, sounds and grammar which distinguish American English, standards of American English. Prerequisite: two ENGL
- ENGL 361 LITERARY RESEARCH AND APPLIED CRITICISM (3) Bibliography and research methods and critical approaches to literature, with emphasis on the formalistic, social, psychological and archetypal. Prerequisite: two ENGL courses.
- ENGL 363 FILM AND LITERATURE (3) Comparative examination of the complex relationships between film and literature. Prerequisite: two ENGL courses.
- ENGL 370 SPECIAL TOPICS: LITERATURE OF WOMEN (3) Selected works by and/or about women, with emphasis on themes, issues or genres. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 372 WOMEN WRITERS (3) Development of women's literary traditions in the work of 19th- and 20th-century British and American women, including Austen, Cather, Woolf and Lessing. Prerequisite: two ENGL courses.

- ENGL 373-379 THEMES IN LITERATURE (3) Thematic approach to selected works of American, British and world literature. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 411 ADVANCED POETRY WRITING (3) Intensive study of form and technique. Portfolio development. Workshop format. Prerequisite: ENGL 102.
- ENGL 412 ADVANCED FICTION WRITING (3) Intensive study of form and technique. Portfolio development. Workshop format. Prerequisite: ENGL 312 or consent of instructor.
- ENGL 417-419 TOPICS IN WRITING (3) Specialized topics for writers of non-fiction, fiction and poetry. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 420 [520] DEVELOPMENT OF THE BRITISH NOVEL: 18TH CENTURY (3) Georgian fiction and its social background, especially works by Defoe, Richardson, Fielding, Smollett, Sterne and Austen. Prerequisite: two ENGL courses.
- ENGL 421 [521] DEVELOPMENT OF THE BRITISH NOVEL: 19TH CENTURY (3) Mainly Victorian fiction and its social background, especially works by Scott, the Brontes, Thackeray, Dickens, Eliot and Hardy. Prerequisite: two ENGL courses.
- ENGL 422 [522] DEVELOPMENT OF THE BRITISH NOVEL: 20TH CENTURY (3) Modern fiction and its social background, especially works by Joyce, Lawrence, Woolf, Forster, Waugh and Greene. Prerequisite: two ENGL courses.
- ENGL 423 [523] MODERN BRITISH POETRY (3) Emphasis on Hopkins, Hardy, Yeats, Auden, Spender, Sitwell, Thomas and Larkin. Prerequisite: two ENGL courses.
- ENGL 425 [525] CHAUCER (3) Major poems, especially *The Canterbury Tales* and *Troilus and Criseyde*. Prerequisite: two ENGL courses.
- ENGL 427 [527] SHAKESPEAREAN COMEDY (3) Shakespeare's development as a poet and dramatist in the comedies and romances. Prerequisite: two ENGL courses.
- ENGL 428 [528] SHAKESPEAREAN TRAGEDY (3) Shakespeare's development as a poet and dramatist in the histories and tragedies. Prerequisite: two ENGL courses.
- ENGL 429 [529] MILTON AND THE HUMANIST TRADITION (3) Major poetry and prose with emphasis on Milton's place in the humanist tradition. Prerequisite: two ENGL courses.
- ENGL 431 [531] LITERATURE OF THE AMERICAN ROMANTIC PERIOD (3) Social and political backgrounds, 1819-1860, important literary ideas, criticism and major authors, such as Irving, Cooper, Emerson, Thoreau, Hawthorne, Melville and Poe. Prerequisite: two ENGL courses.
- ENGL 432 [532] LITERATURE OF THE AMERICAN REALISTIC PERIOD (3) Major writers, such as Dickinson, Twain, Crane and James; important secondary writers; social and political backgrounds; important literary ideas and criticism, 1860-1914. Prerequisite: two ENGL courses.
- ENGL 433 [533] AMERICAN SHORT STORY (3) Authors and schools, such as Irving, Hawthorne, Poe, Hemingway, Welty, Wright, Porter, local color writers, realists and naturalists. Prerequisite: two ENGL courses.
- ENGL 435 [535] DEVELOPMENT OF THE AMERICAN NOVEL: 19TH CENTURY (3) Major novelists, such as Cooper, Melville, Hawthorne, Twain, Howells, James and Crane. Prerequisite: two ENGL courses.
- ENGL 436 [536] DEVELOPMENT OF THE AMERICAN NOVEL: 20TH CENTURY (3) Major novelists, such as Wharton, Fitzgerald, Faulkner and Ellison. Prerequisite: 2 ENGL courses.
- ENGL 437 [537] AMERICAN POETRY THROUGH FROST (3)
 Puritan beginnings through the early 20th century, with emphasis on
 Emerson, Poe, Whitman, Dickinson and Frost. Prerequisite: two
 ENGL courses.
- ENGL 438 [538] MODERN AMERICAN POETRY (3) Poetic movements from the 1920s to present, and major poets, such as Eliot, Stevens, Williams, Lowell, Plath and Rich. Prerequisite: two ENGL courses.
- ENGL 439 MODERN WORLD POETRY (3) International poets of the 20th century, such as Ranier Maria Rilke, Eugenio Montale and Octavio Paz, and related literary movements. Prerequisite: two ENGL courses.
- ENGL 441 [541] MODERN FICTION TO WORLD WAR II (3) Work of the modern masters of fiction, with emphasis on Proust, Mann and Joyce. Prerequisite: two ENGL courses.

- ENGL 442 [542] MODERN FICTION SINCE WORLD WAR II (3) Works of the significant writers English, American and Continental of the past 50 years, including such figures as Grass, Robbe-Grillet, Solzhenitsyn and Burgess. Prerequisite: two ENGL courses.
- ENGL 451 [551] HISTORY OF THE ENGLISH LANGUAGE (3) Changes and reasons for the changes in grammar, sound and vocabulary of the language from Old English to modern times. Prerequisite: two ENGL courses.
- ENGL 452 [552] STRUCTURE OF THE ENGLISH LANGUAGE (3) A linguistic approach to sounds, forms, syntax and usage. Prerequisite: 2 ENGL courses.
- ENGL 461 [561] HISTORY OF LITERARY CRITICISM (3) Major statements, literary theory from Aristotle to the present, including Horace, Sidney, Johnson, Coleridge, Eliot and Frye. Prerequisite: two ENGL courses.
- ENGL 462 MODERN LITERARY THEORY (3) Intensive study of modern literary models, including formalism, structuralism, deconstruction, hermeneutics and feminism. Prerequisite: two ENGL courses.
- ENGL 465 [565] BRITISH AND AMERICAN PROSE (3) Nonfiction prose, with emphasis on form and style. Prerequisite: two ENGL courses.
- ENGL 469 STUDIES IN ONE OR TWO AUTHORS (3) Intensive examination of significant writer or comparative treatment of two. Frequently studied writers include D.H. Lawrence, Virginia Woolf, William Faulkner and Emily Dickinson. May be repeated for a maximum of 6 credits under different topics.
- ENGL 471 [571] TOPICS IN WORLD LITERATURE (3) Authors, periods, genres or conventions. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 472 [572] TOPICS IN BRITISH LITERATURE (3) Authors, periods, genres or conventions. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 473 [573] TOPICS IN AMERICAN LITERATURE (3) Authors, periods, genres or conventions. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 475 [575] TOPICS IN LINGUISTICS (3) Topics and issues in contemporary linguistics theory, with particular attention to recent interdisciplinary subspecialty developments: psycholinguistics, sociolinguistics, etc. Topics vary. Prerequisite: one linguistics course or consent of the instructor. May be repeated for a maximum of 6 credits.
- ENGL 476 [576] TOPICS IN MULTI-ETHNIC AMERICAN LITERATURE (3) Possible topics include women in ethnic literature, Jewish writers, the Catholic novel. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: two ENGL courses.
- ENGL 477 TOPICS IN BLACK AMERICAN LITERATURE (3) Authors, periods, genres or conventions. Content varies. May be repeated for a maximum of 6 credits. Prerequisites: two ENGL courses.
- ENGL 485-486 [585-586] SEMINAR IN LITERARY STUDIES (3) Intensive study of one area of British, American or world literature, e.g., a specific author, period, school or genre. Content varies. May be repeated for a maximum of 6 credits. Prerequisite: junior standing.
- ENGL 490 [590] DIRECTED STUDIES IN ENGLISH (3) Independent reading of a specific author, period, topic, problem or school of literature. Topic selected by student in consultation with professor. May be repeated for a maximum of 6 credits. Prerequisites: 18 hours in English, or 12 hours in English and 6 in a related discipline; minimum 3.00 average in English and the related discipline; consent of department chair and instructor.
- ENGL 494 [594] TRAVEL AND STUDY (3-6) Places and topics to be selected by student in consultation with instructor. Prerequisite: two ENGL courses.
- ENGL 497 ENGLISH PRACTICUM (3) Professional experience in such areas as editing, research and tutoring directed by a member of the faculty or staff of the university. ENGL 497 and 498 may be repeated or taken in combination for a maximum of 6 credits. No credit toward English major or minor. Graded S/U. Prerequisite: consent of English Internship/Practicum coordinator.
- ENGL 498 ENGLISH INTERNSHIP (3) On-the-job experience in research, editing and writing in government, public relations, journalism, industry and other professional positions. ENGL 497

and 498 may be repeated or taken in combination for a maximum of 6 credits. No credit toward English major or minor. Graded S/U. Prerequisite: consent of English Internship/Practicum coordinator.

ENGL 499 HONORS THESIS (4) Intensive treatment of a topic in such areas as literary criticism, creative writing and expository writing chosen by the student in consultation with the thesis adviser. Restricted to candidates for Honors in English.

Graduate Division

See TU Graduate Catalog for course descriptions.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

- ESOL 105 ENGLISH FOR SPEAKERS OF OTHER LANGUAGES: INTERMEDIATE (3) Advanced grammar review with emphasis on sentence and short-paragraph construction.
- ESOL 106 ENGLISH FOR SPEAKERS OF OTHER LANGUAGES: ADVANCED (3) Introduction to English style; emphasis on reading and writing skills. Prerequisite: ESOI 105 or permission of ESOL coordinator.
- ESOL 107 LISTENING AND SPEAKING FOR ADVANCED ESOL STUDENTS (3) Intensive listening and speaking practice for high intermediate and advanced students of ESOL; formal oral presentation pronunciation and conversation practice. Prerequisite: examination or consent of professor.

ENVIRONMENTAL SCIENCE (ENVS)

Upper Division

- ENVS 301 PEOPLE AND PESTS (3) Impact of select pest species (insects, weeds or microbes) on humans and human affairs; why some organisms become pests; approaches to controlling pest organisms. Not for credit towards ENVS major or minor. Prerequisites: one course fulfilling GenEd l.B. and one course fulfilling GenEd ll.A.1; one BIOL course. GenEd II.A.2.
- ENVS 471 SPECIAL TOPICS IN ENVIRONMENTAL SCIENCE/ STUDIES (3) Quantitative investigation and solution of environmental problems. Prerequisites: four courses in biological, physical and/or earth sciences; two semesters of mathematics (MATH 119 and above); and consent of instructor.
- ENVS 482 ENVIRONMENTAL RESEARCH (3) Independent investigation of an environmental problem/question. This course cannot be taken for credit for the Environmental Science and Studies (ESS) major if ENVS 485 has been taken. Paper and public presentation required. Prerequisites: ESS major, junior or senior standing and consent of instructor.
- ENVS 485 ENVIRONMENTAL INTERNSHIP (3) Supervised work experience; practical application of environmental science and studies in business, industry, public or private agencies. Cannot be taken for credit for the Environmental Science and Studies major if ENVS 482 has been taken. Special permit and co-op fee required. Prerequisites: ESS major, junior or senior standing, 2.5 QPA in ESS required courses and consent of internship coordinator. Graded S/U.
- ENVS 491 SENIOR SEMINAR (3) Capstone course for the major in Environmental Science and Studies. Synthesis and analysis of information from a broad range of perspectives. Prerequisites: ESS major, ENGL 318 and senior standing.

FAMILY STUDIES (FMST)

Lower Division

FMST 101 INTRODUCTION TO FAMILY STUDIES (3) An interdisciplinary look at family studies. Prerequisite: none.

Upper Division

- FMST 301 FAMILY RELATIONSHIPS (3) Family dynamics along the continuum of family development and across generations. Focusing on family communication, conflict management and education. Prerequisites: FMST 101 and PSYC 101 or SOCI 106.
- FMST 302 THEORIES OF FAMILY FUNCTIONING (3) An overview of family functioning theory, including behavioral, cognitive, experiential, structural and strategic theories. Prerequisites: FMST 101 and PSYC 101 or SOCI 101,
- FMST 303 TRENDS IN CONTEMPORARY FAMILY LIFE (3) Patterns and changes in family structure and processes in their social and historical context. Prerequisites: FMST 101 and SOCI 101.

- FMST 370-379 [570-579] SPECIAL TOPICS IN FAMILY STUDIES (3) In-depth study of a selected topic in Family Studies. May be repeated for a maximum of nine credits. Prerequisites: FMST 101
- FMST 397 INTERNSHIP IN FAMILY STUDIES (3) Supervised experience in Family Studies. May be repeated for a maximum of 9 credits. Prerequisites: 15 hours in Family Studies, including FMST 101 and consent of Family Studies advisor.
- FMST 485 RESEARCH METHODS IN FAMILY STUDIES (3) Analyzing and writing about research in Family Studies. Prerequisites: FMST 101, PSYC 212, ENGL 102 or ENGL 190.
- FMST 490 SENIOR SEMINAR IN FAMILY STUDIES (3) Professional issues in family studies and family life education. Prerequisites: FMST 101 and consent of instructor.

FINANCE (FIN)

- FIN 331 PRINCIPLES OF FINANCIAL MANAGEMENT (3) Introductory course designed to provide students with the fundamental concepts underlying the theory of finance. Financial markets, security valuation, analysis of financial condition, forecasting, working capital management, capital budgeting, cost of capital, leverage, optimal capital structure, dividend policy. Prerequisites: junior/major standing; MATH 231 or ECON 205, ACCT 201 or 211 and ACCT 202 or 212, ECON 201 or ECON 203, ECON 202 or ECON 204. Special permit required.
- FIN 332 ADVANCED FINANCIAL MANAGEMENT (3) In-depth financial theory and analysis in selected areas. Topic includes CAPM, cost of capital, optimal capital structure, dividend policy, capital budgeting, mergers and acquisitions, working capital management. Prerequisite: F1N 331; major standing.
- FIN 333 INVESTMENTS AND SECURITIES ANALYSIS I (3) Analysis of financial assets, including equities and fixed income instruments. Topics include securities valuation, use of fundamental and technical analysis, and portfolio management. Valuation of government and corporate securities, institutional factors, security analysis, portfolio management. Prerequisite: FIN 331; major standing.
- FIN 337 FINANCIAL ANALYSIS (3) Financial statement analysis, working capital management and financial forecasting. Prerequisite: FIN 331.
- FIN 341 FUNDAMENTALS OF FINANCIAL PLANNING (3) Introductory course designed to provide students with an overview of the financial planning process. Topics include setting client goals and objectives, investment planning, tax planning, insurance and risk management, and estate planning. Overview of personal financial planning.
- FIN 343 INSURANCE AND RISK MANAGEMENT (3) The role of insurance as a risk management tool. Topics include the use of life insurance, health insurance and disabilities insurance to reduce a client's overall exposure to risks. Prerequisite: FIN 341.
- FIN 345 TAX PLANNING (3) Tax planning, individual taxation, terminology and computation. Prerequisite: FIN 341.
- FIN 423 INVESTMENTS AND SECURITIES ANALYSIS II (3) An indepth analysis of fixed income securities, swaps, options, futures and forward contracts. Analyzing financial securities, determining their values and use of specific financial goals, emphasizing nontraditional securities. Prerequisites: FIN 331 and FIN 333; major standing.
- FIN 430 CAPITAL MARKETS AND MANAGEMENT OF FINANCIAL INSTITUTIONS (3) Capital markets and financial institutions, risk management of financial institutions, asset and liability management, profitability management. Prerequisites: FIN 331 and FIN 333; major standing.
- FIN 433 PORTFOLIO MANAGEMENT (3) Theory and practice in investment portfolio assembly and revision. Mathematical modeling, measurement of performance, options and futures hedging. Prerequisite: FIN 333; major standing.
- FIN 435 INTERNATIONAL FINANCE (3) Framework of international finance, including balance of payments, foreign exchange, foreign money and capital markets, and financial management of the multinational corporation. Prerequisite: FIN 331; major standing.
- FIN 439 FINANCIAL POLICY (3) Case approach to qualitative and quantitative issues in finance. Analysis of financial condition, forecasting, asset and liabilities management, leasing, hedging, business combinations, reorganization and bankruptcy. Prerequisites: FIN 332, FIN 333, FIN 435, senior status. Special permit required.

- FIN 441 RETIREMENT PLANNING AND EMPLOYEE BENEFITS (3)
 Designed to provide students with the background necessary to assist
 clients in planning for their retirement. Provide students with an
 understanding of the contributions employee benefits plans make
 toward achieving financial independence. Developing a systematic
 approach to estimating contribution plans, IRA, 401K, tax-sheltered
 annuities and government programs. Prerequisite: FIN 341.
- FIN 443 ESTATE PLANNING (3) Effects of federal tax system and other factors impacting estate planning. Prerequisite: FIN 341.
- FIN 445 ETHICAL ISSUES IN FINANCE (3) Moral and ethical issues confronting finance professionals. Prerequisite: junior standing.
- FIN 470 TOPICS IN FINANCE (3) In-depth study of contemporary issues in finance. Course content varies with each topic. May be repeated for credit provided a different topic is covered. Prerequisite: FIN 332.
- FIN 491 SEMINAR IN FINANCE (3) Selected areas of interest in the field of finance. Course content varies. Prerequisite: FIN 332.
- FIN 495 INDEPENDENT RESEARCH IN FINANCE (1-3) Directed indepth academic research in finance in a specific area of joint faculty member/student interest. May be repeated for a maximum of 6 credits. Prerequisites: FIN 332; minimum 2.50 cumulative QPA, consent of instructor and chair. Special permit.
- FIN 496 PRACTICUM IN CORPORATE FINANCE (3) Capstone application of knowledge, skills and attitudes through professional experience. Prerequisites: FIN 332, FIN 337, and FIN 423.
- FIN 497 INTERNSHIP IN FINANCE (1-3) Students are required to work in assigned projects in business environments. Graded S/U. May be repeated for a maximum of 6 credits. Prerequisites: FIN 331, declared CBE major with Finance. Minimum of 2.50 cumulative QPA. Consent of instructor and chair. Special permit.
- FIN 498 PRACTICUM IN FINANCIAL SERVICES (3) Synthesizes essential financial planning elements of knowledge, skills and attitudes through professional experience. Prerequisites: FIN 333, FIN 341, FIN 343, FIN 345 and FIN 441.

FRENCH (FREN)

Lower Division

- FREN 101-102 FRENCH ELEMENTS I, II (3,3) A thorough foundation in grammar, drills in pronunciation; documentary conversation; composition and translation; introduction to French culture. GenEd II.C.1.
- FREN 201-202 FRENCH INTERMEDIATE I, II (3,3) Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings. Conducted in French. Prerequisites: FREN 101-102 or equivalent. GenEd II.C.3.

- FREN 301-302 FRENCH COMPOSITION AND CONVERSATION I, II (3,3) Intensive exercises in French composition and conversation beyond the intermediate level. Conducted in French. Prerequisites: FREN 201-202 or equivalent. GenEd II.C.3.
- FREN 303 FRENCH STYLISTICS (3) Development of writing skills with stress on language structure and important aspects of style. Conducted in French. Prerequisites: FREN 301-302 or equivalent.
- FREN 305 CONVERSATION IN FRENCH (3) Open to non-native speakers of French who have a basic knowledge of French but need to develop oral fluency. Prerequisite: at least three years of high school French, or two years of college French, or equivalent, or consent of instructor.
- FREN 311-312 FRENCH CULTURE AND CIVILIZATION I, II (3,3) French civilization from its origins: history, geography, institutions and the arts. Contemporary France, its geography, recent history, social, economic, political and judicial institutions. Conducted in French. Prerequisites: FREN 301-302 or equivalent.
- FREN 321-322 SURVEY OF FRENCH LITERATURE I, II (3,3) French literature from Chanson de Roland to the present. Conducted in French. Prerequisites: FREN 201-202 or equivalent.
- FREN 331 FRENCH FOR BUSINESS (3) Introduction to French business and economy, with practice in functional spoken and written transactions in French. Prerequisites: FREN 201-202 or equivalent or consent of instructor.
- FREN 341 FRENCH LISTENING COMPREHENSION PRACTICE (1)
 Practice in understanding spoken French, using recorded interviews,
 conversations, new programs from French radio, television, films or
 videotapes. Prerequisite: FREN 301 or equivalent.

- FREN 351 INTRODUCTION TO TRANSLATION: FRENCH TO ENGLISH (3) Training in translation, principally French to English, from magazines and books from a wide variety of disciplines. Prerequisites: FREN 301-302 or equivalent.
- FREN 370-379 SPECIAL TOPICS IN FRENCH (3-6) Specialized topics in language and culture. Content varies. May be repeated once for credit provided a different topic is covered. Prerequisite: FREN 202 or equivalent.
- FREN 391 ADVANCED FRENCH GRAMMAR (3) French syntax, idiomatic construction, word formation. Conversation, oral and written drill. Conducted in French. Prerequisites: FREN 301-302.
- FREN 401 [501] FRENCH PHONETICS (3) Correction of French pronunciation and analysis of spoken French based on phonological theory. Prerequisites: FREN 301-302.
- FREN 402 [502] APPLIED FRENCH LINGUISTICS (3) Phonetics, morphology, syntax, points of interference. Linguistic study relating to methodology for French teachers. Prerequisites: FREN 301-302 or equivalent.
- FREN 411 [511] THE FRENCH NOVEL (3) Study of the French novel and narrative techniques from the 17th century to the present. Conducted in French. Prerequisites: FREN 32I-322 or equivalent.
- FREN 421 [521] FRENCH LITERATURE OF THE 17TH CENTURY I (3) Selected works from France's major classical writers. Conducted in French. Prerequisites: FREN 321-322.
- FREN 425 [525] FRENCH LITERATURE OF THE 18TH CENTURY (3) Principal works of the major writers presented in their literary, sociological and philosophical context. Conducted in French. Prerequisites: FREN 321-322.
- FREN 431 [531] FRENCH LITERATURE OF THE 19TH CENTURY (3) Selected works of major writers and of literary movements: Romanticism, Realism, Naturalism and Symbolism. Conducted in French. Prerequisites: FREN 321-322.
- FREN 441 [541] FRENCH LITERATURE OF THE 20TH CENTURY (3) The evolution from fin de siecle to the present day of the novel, the theatre and poetry as reflections of the artistic and philosophical developments leading to the modern age. Shifting emphasis from semester to semester. Conducted in French. Prerequisites: FREN 321-322 or equivalent.
- FREN 461 [561] FRENCH DRAMA (3,3) Development of the French theatre from medieval to modern times; its literature and staging, illustrated by representative plays. Shifting emphasis from semester to semester. Conducted in French. Prerequisites: FREN 321-322.
- FREN 470-479 [570-579] SPECIAL TOPICS IN FRENCH (3) Discussion of a central topic with changing emphasis from year to year. May be repeated for credit provided a different topic is covered. Prerequisites: FREN 321-322 or equivalent.
- FREN 491 [591] DIRECTED READINGS IN FRENCH LITERATURE (1-3) Reserved for superior students under the guidance of a departmental adviser. May be repeated for a maximum of 9 credits. Conducted in French. Prerequisites: at least 3 credits of literature study at the 400 level, consent of department chair.
- FREN 492 [592] DIRECTED READINGS IN FRENCH (1-3) Similar to FREN 491 with concentration on a different subject matter. Conducted in French. Prerequisites: at least three credits of literature study at the 400 level, consent of department chair.
- FREN 493 HONORS DIRECTED READINGS (3) Individual readings and background research under direction of a faculty member in preparation for writing an honors thesis. Prerequisite: admission to the departmental Honors Program. (UG)
- FREN 494 TRAVEL AND STUDY ABROAD (3-16) Study at a French university. Students will live and take courses at the University of Tours, France. Dates: February through June (one semester). Prerequisites: three years of college French or equivalent; consent of department chair.
- FREN 495 INTERNSHIP FOR PROFICIENCY IN FRENCH (3) Supervised experience in a work setting providing students the opportunity to apply classroom learning and skills outside the academic world. Students receive 3 credits for 8 hours of work per week. Junior or senior undergraduate students in good academic standing and who meet the requirements established for Proficiency in French should apply for membership during the month of November for the spring semester and during the month of April for the fall semester. Prerequisites: open only to students who are enrolled in the Proficiency in French program and who have complied with the program regulations; written consent of the program coordinator.

- FREN 497 INTERNSHIP IN FRENCH (3) Designed to give training and experience using French in working with government, business and industry in Maryland or Washington, D.C., under professional supervision. Prerequisites: junior or senior standing French majors (professional track) only, and completion of at least 27 credits above 300-level courses. Written consent of program coordinator.
- FREN 499 HONORS THESIS IN FRENCH (3-6) Writing of an honors thesis based on individual research. Open only to advanced honors candidates. Prerequisite: FREN 493.

GENERAL STUDIES (GENL)

Lower Division

- GENL 121 PERSONAL LIFE AND CAREER PLANNING (2) To enable students to understand their role in the world of work, develop a sense of career directionality and maturity, explore concepts related to successful career choice, begin to take action toward achieving satisfactory life planning, in the context of a decision-making format.
- GENL 241 THE ETHNIC EXPERIENCE IN AMERICA (3) Focuses on Baltimore's ethnic groups as a microcosm of American society and examines the interaction of ethnic communities (Black, Jewish, Italian, Greek, Eastern-European, Irish and others) in Baltimore. The interdisciplinary approach will use the talents of social scientists, community representatives and public school personnel as consultants and guest lecturers.

Upper Division

GENL 401 [501] TOPICS IN SOCIAL SCIENCE (3) Issues and problems to be selected by the instructor and studied from the multiple approaches of various social sciences. Prerequisite: 15 hours in the social sciences.

GEOGRAPHY (GEOG)

Lower Division

- GEOG 101 PHYSICAL GEOGRAPHY (3) Introductory spatial analysis of fundamental terrestrial natural phenomena, including their impact on humanity. Emphasis on Earth planetary motions, weather and climate, landforms, soils and vegetation. GenEd II.A.1.
- GEOG 102 WORLD REGIONAL GEOGRAPHY (3) Survey of world regions identifying geographical features and area and their significance. GenEd II.D.
- GEOG 105 GEOGRAPHY OF INTERNATIONAL AFFAIRS (3) An introductory survey of the changing political map of the world with special emphasis on a geographical comprehension of the major regions of international cooperation and conflict. GenEd II.D.
- GEOG 109 INTRODUCTION TO HUMAN GEOGRAPHY (3) Uses the analytical approach of social sciences in the study of institutions of human society to reveal spatial patterns in the responses of people to basic problems and needs. GenEd II.C.2.
- GEOG 110 HONORS INTRODUCTION TO HUMAN GEOGRAPHY (3) Uses the analytical approach of social sciences in the study of institutions of human society to reveal spatial patterns in the responses of people to basic problems and needs. Emphasis on discussion and analyses of problems. Prerequisite: Honors status. GenEd II.C.2
- GEOG 221 INTERPRETATION OF MAPS (3) Introduction to map elements and map interpretation; study of various types of maps, index systems and general application of maps in geography.
- GEOG 223 PHYSICAL GEOGRAPHY APPLICATIONS (3) Fundamental concepts explored through laboratory exercises, including earthsun relationships, weather and climate systems, and landform characteristics. Prerequisites: GEOG 101 and GEOG 221
- GEOG 230 UNDERSTANDING AND COMMUNICATING THROUGH MAPS (3) Maps and graphs as effective media for visual presentation and analysis of geographic data. GenEd I.B.
- GEOG 251 INTRODUCTION TO PLANNING (3) The sequential origins of planning and urban design, a study of contemporary planning practice, and an analysis of the social, economic and political context of plan formulation and implementation.
- GEOG 270-279 TOPICS IN PLANNING AND GEOGRAPHY (3) Investigation of various geographic and planning issues. Emphasis on analytical skills through readings and research design. Topics to be announced. May be repeated for credit provided a different topic is covered.

Upper Division

Systematic Courses

- GEOG 315 GEOMORPHOLOGY (4) Detailed analysis of the formation, surficial characteristics, and global distributions of the earth's landforms. Labs emphasize interpretation of landform assemblages through use of topographic maps and aerial photographs. Cannot be taken for credit by students who have received credit for PHSC 222 or GEOG 371. Prerequisite: 6 hours of geography and/or geology, including either GEOG 101 or PHSC 121.
- GEOG 317 [502] ENERGY RESOURCES (3) Spatial patterns of traditional and alternative forms of energy will be analyzed. The many facets of the energy problem will be analyzed, including physical deposits, economic variables, public policy implication and geographical patterns. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 319 [503] SOILS AND VEGETATION (3) A resource study of the world's soils and plant formations with emphasis placed upon their genesis and spatial differentiations. Prerequisites: Geography 101 and one of the following: CHEM 101, BIOL 110, BIOL 201, or 205.
- GEOG 329 MEDICAL GEOGRAPHY (3) A study of health problems viewed as imbalances in the interrelationships between humans and elements of their environment, both the physical and cultural. Emphasis is placed on gaining an overview of the field through a comprehension of the application of geographic principles and techniques to the study of human health problems. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 355 [510] HISTORICAL GEOGRAPHY OF URBANIZATION (3) Spatial and temporal development of urbanization and urban morphology from the rise of civilization in the ancient Near East to the contemporary post-industrial city. The entire scope of urban functions is surveyed, with the emphasis on the city as a human-made environment. Prerequisite: 6 hours of geography or consent of
- GEOG 357 [511] CULTURAL GEOGRAPHY (3) Study of origins and diffusion of cultures and the resulting impact in creating the world's contrasting cultural landscapes. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 359 [512] ECONOMIC GEOGRAPHY (3) Designed to explain the location of economic activities through a series of principles and theories. Emphasis is on the various sectors of the economy, transportation and economic development. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 363 [513] SPATIAL ORGANIZATION OF ECONOMIC ACTIVITY (3) Provides an intermediate level coverage of the organization of the economy of space. Draws from basic regional economics to illustrate and explain the geographical patterns of land use, industry, service activities and regional patterns of economic development. Prerequisite: 6 hours of geography including GEOG
- GEOG 373 [515] CLIMATOLOGY (3) Analysis of the character, causes and global distribution of climatic types, chiefly employing the Koppen classification system. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 375 [516] QUANTITATIVE METHODS IN GEOGRAPHY (3) Focus on statistical problems associated with the analysis of geographic data. Emphasis on the unique spatial problems of point pattern analysis, area association and regionalization. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 377 [517] DESCRIPTIVE METEOROLOGY (4) An introduction to the various meteorological elements. Emphasis is placed on the interaction of solar energy, pressure, wind and moisture in creating weather patterns. Three hours of lecture and two hours of laboratory. Field work may be required. Prerequisite: 6 hours of natural science or geography or the equivalent.
- GEOG 381 [519] POLITICAL GEOGRAPHY (3) Effect of political groupings upon human use of the world, and the influence of the geographic base upon political power. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 383 NATURAL RESOURCES AND SOCIETY: A GEO-GRAPHIC PERSPECTIVE (3) Social and environmental dimensions of natural resources, their management, and misuse from a geographic perspective. Prerequisites: ENGL 102, 6 hours of geography. GenEd I.D.
- GEOG 385 [520] POPULATION GEOGRAPHY (3) General population theory, data sources for population geographers, and the processes of fertility, mortality and migration. Patterns of population growth

- and change viewed from both temporal and geographical perspectives. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 391 [522] URBAN SYSTEMS (3) Survey of the structure, functions, forms and development of urban units. Emphasis upon the locational features of social, economic and cultural phenomena. Field work. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 393 TRANSPORTATION AND INFRASTRUCTURE PLAN-NING (3) Transportation, water supply, wastewater treatment and solid waste management systems, their role in the growth and development of urban areas. Policies, programs and infrastructure planning. Prerequisite: GEOG 391 or consent of instructor.
- GEOG 399 GEOGRAPHICAL LITERATURE AND SOURCE MATERIALS (3) Library access to texts, graphics, maps, photos, the Internet and the World Wide Web. Prerequisite: consent of instructor. Not open to students who have successfully completed GEOG 299.
- GEOG 401 [551] GROWTH OF GEOGRAPHIC THOUGHT (3) History, nature and methodology of geography as a discipline. Analysis of schools of geographic thought: critical evaluation of important geographic work. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 405 [553] COMPREHENSIVE PLANNING (3) The integration of separate urban systems into the comprehensive design of an urban region. Special emphasis will be placed on neighborhood, community and town planning. Field work may be required. Prerequisites: GEOG 391 or equivalent and consent of instructor.
- GEOG 407 THE GEOGRAPHY OF THE AGED (3) The aged have emerged in contemporary society as a significant minority group. Elements responsible for the increase in the numbers of older Americans will be examined as well as the forces affecting the distribution of the aged. Particular emphasis will be given to the locational problems of older people in urban areas. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 409 APPLIED CLIMATOLOGY (3) The effects of world climatic patterns on the human and physical environment are analyzed. Special emphasis is devoted to the interactions between climate and the urban environment. Prerequisites: GEOG 373, GEOG 377 or consent of instructor.
- GEOG 410 ENVIRONMENTAL GEOGRAPHY (3) Energy, water and mass budgets at the surface of the earth. Prerequisites: GEOG 101 and 3 credits from one of the following disciplines: BIOL, CHEM, PHYS, PHSC or GEOL.
- GEOG 411 [557] STUDIES IN NATURAL HAZARDS (3) The nature, frequency of occurrences, and distribution of environmental hazards and their impacts on humans. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 415 [559] GEOGRAPHICAL ASPECTS OF POLLUTION (3) A systematic study of the spatial aspects of air and water pollution, with special emphasis on pollution in the Greater Baltimore area. Field trips will be conducted to pollution sites and pollution control agencies within the local area. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 417 OUTDOOR RECREATION AND PLANNING MANAGE-MENT (3) A study of outdoor recreation in terms of relationships of people, land and leisure. Emphasis on the principles of planning, designing and maintaining outdoor recreation areas and facilities. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 484 LAND USE PLANNING (3) Contemporary land use planning emphasizing the problematic nature of land development, the environmental land use planning process, and related growth management, issues and techniques. Prerequisite: GEOG 251 or consent of instructor.

Technique Courses

- GEOG 321 [504] INTERPRETATION OF AERIAL PHOTOGRAPHS (3) Reading and interpretation of aerial photographs. The application of the aerial photograph in the fields of geography, geology and photogrammetry.
- GEOG 323 [505] CARTOGRAPHY AND GRAPHICS I (3) Study in design, construction and effective application of maps and charts for analysis and publications; practical exercises in the use of cartographic tools, materials and techniques.

- GEOG 324 [506] CARTOGRAPHY AND GRAPHICS II (3) Continued exercises in map graphics and aerial distribution maps. New techniques in presentation of graphic data and spatial relationships. Prerequisite: GEOG 323.
- GEOG 341 [508] TECHNIQUES AND MATERIALS FOR GEOGRA-PHY TEACHERS (3) A systematic review of geographic concepts in relation to interdisciplinary studies in the physical and social sciences. Examination of the content of geography and problems of presentation.
- GEOG 412 [518] INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS (3) Hardware and software for the storage, retrieval, manipulation, analysis and display of data, emphasizing raster-based geographic information systems. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 414 [523] GIS APPLICATIONS (3) Vector-based GIS software for solving real world problems. Prerequisite: GEOG 412 or consent of instructor.
- GEOG 416 PRINCIPLES OF REMOTE SENSING AND DIGITAL IMAGE PROCESSING (3) Obtaining quantitative information from remotely sensed images; visual and automated techniques in study of spatial and environmental relationships. Prerequisite: 6 hours of geography or consent of instructor.

Regional Courses

- GEOG 420 [560] GEOGRAPHY OF ANGLO AMERICA (3) Physical and cultural landscapes of the United States and Canada including patterns of economic development of each region and their relationship to their environmental setting. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 423 [561] GEOGRAPHY OF MARYLAND (3) Physical and human geographical elements of the Maryland landscape which explain current patterns and environmental problems. Particular emphasis on historical geographical background of the present landscape. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 424 HISTORICAL GEOGRAPHY OF ATLANTIC CANADA
 (3) The development of the Atlantic Provinces is followed through to
 the period of Confederation in 1867 with an emphasis on the pivotal
 role the area played in the geopolitical interests of France and Britain
 in North America. Prerequisite: 6 hours of geography or consent of
 instructor.
- GEOG 427 THE GLOBAL ECONOMY (3) Geographical patterns of spatial interactions in the global economy; roles of the state, transnational corporations, and intergovernmental organization. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 431 [562] GEOGRAPHY OF AFRICA (3) A systematic and regional approach to the study of people and environment of Africa, south of the Sahara. Special focus is placed on the distribution of natural resources and the historical-political development of each country as important background for the understanding of current African affairs. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 443 [564] GEOGRAPHY OF EAST ASIA (3) Regional studies of the physical and cultural foundations in China, Japan and Korea. Emphasis upon human and economic resources and role in world affairs. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 445 GEOGRAPHY OF SOUTH AND SOUTHEAST ASIA (3)
 Regional studies of the physical and cultural foundations of India,
 Pakistan, Sri Lanka, Philippines and Indonesia. Principal human and
 economic resources, problems of development, and role in world
 affairs. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 447 [565] GEOGRAPHY OF THE MIDDLE EAST (3) Analysis of Southwest Asia and North Africa, including major natural and cultural resources, related patterns of spatial organization, economic and political development and associated problems. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 448 CONFLICT IN IRELAND (3) An analysis of attempted and proposed solutions to the Irish conflict based on physical and cultural elements of the island's historical geography. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 451 [566] GEOGRAPHY OF EUROPE (3) Regional analysis and appraisal of the human geography and natural resources of Europe. Problems of nationality, economic development and cultural conflicts. Prerequisite: 6 hours of geography or consent of instructor.
- GEOG 453 [567] GÉOGRAPHY OF THE FORMER USSR (3) Physical and cultural patterns and their bearing on the former Soviet Union as a world power. Regional distribution and use of natural and human

resources in agriculture and industry. Problems in economic development and production. Prerequisite: 6 hours of geography or consent of instructor.

GEOG 461 [568] GEOGRAPHY OF LATIN AMERICA (3) Analysis of Latin America focuses on the interrelationships between physical and cultural elements which provide a diversity of human habitats throughout the region. May be repeated for a maximum of 6 credits. Prerequisite: 6 hours of geography or consent of instructor.

Seminars and Special Courses

GEOG 470-479 [570-579] SEMINAR: SELECTED TOPICS IN GEOGRAPHY (3) Reading and research in selected topics in the field of geography. Seminar topics will be announced. May be repeated for credit provided a different topic is covered. Prerequisite: 6 hours of geography or consent of instructor.

GEOG 481 ENVIRONMENTAL IMPACT ANALYSIS (3) The collection, collation, analysis and incorporation of physical, social, biological and economic information for the reviewing and the preparing of environmental impact statement (EIS) reports. Prerequisite: 6 hours of geography or consent of instructor.

GEOG 491 [582] GEOGRAPHY/ENVIRONMENTAL PLANNING INTERNSHIP (I-6) Supervised placement and research in selected public and private agencies at appropriate institutions. May be repeated for a maximum of 6 credits. Prerequisite: consent of chair

and 6 hours of geography.

GEOG 493 [583] FIELD GEOGRAPHY (2-6) Practical laboratory experience in techniques in the collection and analysis of data by observations, measurements, mapping and photographic records. Such techniques are to be applied to selected geographic problems. Prerequisite: 6 hours of geography or consent of instructor.

GEOG 494 [584] TRAVEL AND STUDY (3-6) Countries and topics to be selected by departments and instructors sponsoring the program. For complete information contact the chair of the department. May be repeated for a maximum of 6 credits. Prerequisite: consent of

GEOG 495 [585] DIRECTED READING IN GEOGRAPHY (3) Independent reading in selected areas of geography. Open by invitation of the department to students taking a major or minor in Geography. May be repeated for a maximum of 6 credits. Prerequisites: 15 hours in geography and a minimum average of 3.00 in geography.

GEOG 496 [586] INDEPENDENT STUDY IN GEOGRAPHY (1-6) Independent research, study or field experience under supervision of a member of the geography faculty. Designed for advanced students who wish to conduct independent investigations on aspects of geography which are of special interest or not covered in other courses. Registration arranged with department chairperson. May be repeated for a maximum of 6 credits. Prerequisite: advanced undergraduate standing with at least 18 hours of geography or graduate standing.

Graduate Division

See TU Graduate Catalog for course descriptions.

GEOLOGY (GEOL)

Lower Division

GEOL 121 PHYSICAL GEOLOGY (4) Composition and structure of the earth; the internal and external forces acting upon it and the surface features resulting. Laboratory studies of common rocks and minerals, geologic and topographic maps and aerial photographs. Field trips required. Three lecture hours and two laboratory hours per week. GenEd II.A.1.

GEOL 123 HISTORICAL GEOLOGY (4) The history and development of the continents and ocean basins and the evolution of life on earth will be discussed based upon information obtained from the sedimentary rock record. Field trips required. Three lecture hours and two laboratory hours per week. Prerequisite: GEOL 121. GenEd II.A.1.

Upper Division

GEOL 305 [505] ENVIRONMENTAL GEOLOGY (4) Earth's natural surface systems (hydrologic, atmospheric and climatic); causes and extent of human modifications; potential solutions to resulting problems, Prerequisite: GEOL 121.

GEOL 321 [521] STRUCTURAL GEOLOGY (4) The identification and analysis of tectonic forms to determine the physical conditions of formation and the context of historical geological events in which they occur. Prerequisites: GEOL 121 and PHYS 211 or equivalent.

GEOL 323 GEOMORPHOLOGY (4) Detailed analysis of the formation, surficial characteristics and global distribution of the earth's landforms. Labs emphasize interpretation of landform assemblages through use of topographic maps and aerial photographs. Cannot be taken for credit by students who have received credit for GEOG 315. Prerequisites: 6 hours of geography and/or geology courses, including either GEOG 101 or GEOL 121.

GEOL 331 [531] MINERALOGY (4) The study of minerals with emphasis on crystallography, crystal chemistry and chemicalstructural classification. Laboratory identification of minerals both in hand specimen and thin section by application of principles of optical mineralogy. Three lecture hours and two hours laboratory.

Prerequisites: GEOL 121; CHEM 110.

GEOL 333 [533] PETROLOGY OF IGNEOUS AND METAMORPHIC ROCKS (4) Study of the properties and genesis of two major rock groups. Megascopic and microscopic techniques in rock classification. Environments of formation. Three lecture hours and two hours laboratory. Prerequisite: GEOL 331.

GEOL 357 [557] PHYSICAL OCEANOGRAPHY (3) Physical, chemical and geologic characteristics of ocean basins, boundaries and sea water, including origin and behavior of waves and currents. Prerequisites: PHYS 211 or 241 and CHEM 110, or consent of instructor.

GEOL 415 [515] HYDROGEOLOGY (4) Geologic aspects of groundwater: origin, occurrence and movement. Prerequisites: CHEM 111; PHYS 212 or PHYS 242. Recommended: GEOL 321 and GEOL 443.

GEOL 441 [541] OPTICAL MINERALOGY AND PETROGRAPHY (3) The theory and application of polarized light and elements of crystallography in the analysis of rock-forming minerals by use of a petrographic microscope. Prerequisite: GEOL 333.

GEOL 443 [543] SEDIMENTOLOGY AND STRATIGRAPHY (4) Production, transport and deposition of sediments and sedimentary hodies for the development of facies models useful in interpretation of the stratigraphic record. Prerequisites: GEOL 121, CHEM 110.

GEOL 451 [551] PETROLOGY OF SEDIMENTARY ROCKS (3) Macro- and microscopic analyses of sedimentary rocks. Classifications and diagenetic processes. Offered spring semester, alternate years. Prerequisite: GEOL 443.

GEOL 470-479 SPECIAL TOPICS IN GEOLOGY (1-4) The study of special topics in the Geosciences. Special topics will be determined by their need for study and relevance to existing courses. May be repeated with a different topic for a maximum of 6 credits.

GEOL 489 INTRODUCTION TO RESEARCH (1) Development of a research question, designing research projects, writing a proposal, scientific report writing and oral presentation. As a final project, students develop a research proposal. Graded S/U. Prerequisites: GEOL 121, GEOL 123, and 8 additional GEOL credits; permission

GEOL 490 INDEPENDENT STUDY IN GEOLOGY (1-4) Individual and supervised research in selected areas of geosciences. Topics may be laboratory or field based. May be repeated for a maximum of six credits. Prerequisites: junior status, GEOL 121-123, and at least one additional GEOL course.

GEOL 491 DIRECTED READINGS (1-4) Independent reading in an area selected by the student in consultation with the instructor. May he repeated for a maximum of 6 credits. Prerequisites: junior status, GEOL 121, GEOL 123 and one additional GEOL course.

GEOL 492 INTRODUCTION TO FIELD METHODS (2) Surveying techniques, description of geological materials, geological mapping, and environmental investigations. Field trips required. Prerequisites: GEOL 121, GEOL 123, and 8 additional GEOL credits; permission

GEOL 494 TRAVEL STUDY (1-3) Investigation of field problems and phenomena. May be repeated for a maximum of 3 credits. Prereq-

uisite: special permit required.

GEOL 499 [599] REGIONAL GEOLOGY (2) Design and successful completion of a geological research project based on a problem of regional significance. Project results will be presented in a public forum. Field trips required. Prerequisites: GEOL 121, GEOL 123, GEOL 490, and two additional upper-level GEOL courses.

GERMAN (GERM)

Lower Division

GERM 101-102 GERMAN ELEMENTS I, II (3,3) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. GenEd II.C.1.

GERM 103-104 HONORS GERMAN ELEMENTS I, II (3,3) Thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. Prerequisites: Honors College course, special permit only. GenEd II.C.1.

GERM 201-202 GERMAN INTERMEDIATE I, II (3,3) Review of grammar; conversation and prose composition; reading of texts of cultural value. Conducted in German. Prerequisite: GERM 101-102 or equivalent. GenEd II.C.3.

Upper Division

- GERM 301-302 COMPOSITION AND CONVERSATION I, II (3,3) Composition and conversation beyond the intermediate level. Conducted in German. Prerequisites: GERM 201-202 or equivalent. GenEd II.C.3.
- GERM 303 GERMAN TRANSLATION (3) Translation of texts of increasing difficulty from and to German. Prerequisites: GERM 201-202 or equivalent.
- GERM 311 CULTURE AND CIVILIZATION (3) A brief survey of the history, geography and institutions of Germany. Conducted in German. Prerequisites: GERM 201-202 or equivalent.
- GERM 321 SURVEY OF GERMAN LITERATURE (3) German literature from the 18th century to the present. Conducted in German. Prerequisites: GERM 201-202 or equivalent.
- GERM 331 GERMAN FOR BUSINESS (3) Vocabulary and phraseology of German business correspondence for active and passive use in a business environment. Prerequisites: GERM 201-202 or equivalent.
- GERM 341 READINGS IN CONTEMPORARY GERMAN (3) Reading and comprehension of non-literary texts. Prerequisites: GERM 201-202 or consent of instructor.
- GERM 370-379 SPECIAL TOPICS IN GERMAN (3-6) Specialized topics in language and culture. Content varies. May be repeated once for credit provided a different topic is covered. Prerequisite: GERM 202 or equivalent.
- GERM 391 ADVANCED GERMAN GRAMMAR (3) German syntax, idiomatic construction, word formation, original composition. Conversation and oral drill. Conducted in German. Prerequisites: GERM 301-302.
- GERM 392 ADVANCED GERMAN (3) Integrated approach to improving speaking, listening, writing and reading. Conducted in German. Prerequisites: GERM 301, consent of instructor.
- GERM 401 GERMAN PHONETICS (3) Pronunciation and drills in contemporary German, conducted in German. Not open to native speakers of German. Prerequisites: GERM 301-302 or equivalent.
- GERM 427 [527] GERMAN CLASSICISM (3) Goethe, Schiller, Lessing and others. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 431 [531] ROMANTICISM (3) German literature during the Romantic era (1790-1830); Hoelderlin, Novalis, Brentano, Tieck, Grillparzer. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 441 [541] MODERN GERMAN LITERATURE (3) The modern masters: Kafka, Mann, Hesse, Rilke, Brecht. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 442 [542] GERMAN LITERATURE SINCE 1945 (3) Themes and movements since World War II. Poetry: Eich, Enzensberger, Cean, Bachmann; prose fiction: Boell, Grass; drama: Borchert, Duerrenmatt, Frisch. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 461 [561] GERMAN DRAMA OF THE 19TH AND 20TH CENTURIES (3) The development of modern German drama in the successive literary movements, beginning with Kleist. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 465 [565] GOETHE'S FAUST (3) A study of the background, themes and structures of this masterpiece. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 470-479 [570-579] SPECIAL TOPICS IN GERMAN (3) Discussion of a central topic with changing emphasis from year to year. Conducted in German. May be repeated for credit provided a different topic is covered. Prerequisite: GERM 321 or equivalent.

- GERM 481 [581] THE GERMAN NOVELLE (3) The theory and development of the Novelle in German literature from Goethe to the present. Conducted in German. Prerequisite: GERM 321 or equivalent.
- GERM 491-492 [591-592] DIRECTED READINGS IN GERMAN (1-3) Reserved for superior students under the guidance of a departmental adviser. Content related to students' previous programs. Prerequisites: at least 3 hours of study at the 400 level, consent of department chair.
- GERM 494 TRAVEL STUDY ABROAD (3-16) Study at Oldenburg University in Germany. Must be approved by department chair. Prerequisite: German 202 or equivalent.
- GERM 495 INTERNSHIP FOR THE PROFICIENCY IN GERMAN (3) Supervised experience in a work setting providing students the opportunity to apply their classroom learning and skills outside the academic world. Will be one semester (fall or spring) for which students receive 3 credits for eight hours of work per week. Junior or senior undergraduate students in good academic standing who meet the requirements established for the Proficiency in German program should apply for the internship during the month of November for the spring semester and during the month of April for the fall semester. Prerequisites: open only to students who are enrolled in the Proficiency in German program and who have complied with the program regulations. Written consent of program coordinator.
- GERM 497 INTERNSHIP IN GERMAN (3) Training and experience using German in working with government, business and industry in Maryland or Washington, D.C., under professional supervision. Prerequisites: junior or senior standing German majors (professional track) only, and completion of at least 27 credits above 300-level courses. Written consent of coordinator of program.

GERONTOLOGY (GERO)

Lower Division

GERO 101 INTRODUCTION TO GERONTOLOGY (3) Study of human aging from a variety of perspectives including sociological, psychological and biological. Provides a background in social and political public policy issues related to the aging of America. GenEd II.B.3.

Upper Division

- GÉRO 310 [510] SOCIAL ISSUES IN HUMAN LIFE SPAN (3) Technologies that provide a longer and better quality of life; social, financial, ethical and legal implications. Prerequisites: BIOL 110, GERO 101.
- GERO 370-374 SPECIAL TOPICS (3) Topics of contemporary interest and emerging issues in gerontology. Prerequisites: GERO 101 and permission of gerontology adviser.
- GERO 397 GERONTOLOGY INTERNSHIP (3) Supervised experience in gerontology. May be repeated for a maximum of 9 credits with gerontology adviser's permission. Prerequisite: 15 hours in gerontology, including GERO 101.
- GERO 450 [550] DIRECTED READINGS IN GERONTOLOGY (3) Systematic inquiry into a topic of the student's choice in consultation with faculty. Prerequisite: graduate standing or 25 semester hours of GERO courses.
- GERO 485 GERONTOLOGY SENIOR SEMINAR (3) Programmatic, ethical and public policy issues of aging. Prerequisite: completion of gerontology core course requirements.

GREEK (GRK)

Lower Division

- GRK 101-102 ELEMENTS OF MODERN GREEK I, II (3,3) A thorough foundation in grammar; drills in pronunciation; elementary conversation and composition; introduction to Greek culture. GenEd II.C. I.
- GRK 103-104 ANCIENT GREEK ELEMENTS I-II (3-3) Ancient Greek grammar structure and vocabulary related to modern languages. GenEd II.C.1.

HEALTH CARE MANAGEMENT (HCMN)

Upper Division

HCMN 413 SERVICES AND HOUSING FOR THE LONG-TERM CARE CONSUMER (3) Financing and regulatory structure for services and housing options for chronically ill, dependent popula-

- tions in the U.S.; market trends, reimbursement structures and regulatory policies. Prerequisite: HITH 207 or consent of instructor. Not open to students who have successfully completed HLTH 413.
- HCMN 415 FINANCING AND ORGANIZATION OF HEALTH CARE SERVICES IN THE U.S. (3) Financing and organization of health care services, emphasizing managed care philosophies in context of organizational and economic theories. Prerequisite: HLTH 207. Offered fall only.
- HCMN 441 [541] LEGAL AND ETHICAL ISSUES IN HEALTH AD-MINISTRATION (3) Examination of legal and ethical issues in the administration of health programs. Emphasis is placed on the impact of cost-containment efforts, quality and malpractice concerns, profit-seeking in health, biomedical advances, and the new delivery mechanisms. Prerequisite: consent of instructor. Offered spring only.
- HCMN 495 HEALTH CARE MANAGEMENT INTERNSHIP (12) Supervised, educational experience in health management. Prerequisites: completion of all required courses with 2.00 or higher grade equivalent and permission of department chair. Graded S/U.

HEALTH SCIENCE (HLTH)

Lower Division

- HLTH 101 WELLNESS FOR A DIVERSE SOCIETY (3) Health promotion, disease prevention and healthy lifestyles; analysis of personal attitudes and behaviors. GenEd II.B.3.
- HLTH 102 HONORS WELLNESS FOR A DIVERSE SOCIETY (3) Health promotion, disease prevention and healthy lifestyles; analysis of personal attitudes and behavior. Prerequisites: Honors College course, special permit only. GenEd II.B.3.
- HLTH 103 EMC, FIRST AID AND SAFETY (3) Emergency intervention designed for people who may have to give first aid, advanced life support, or cardiopulmonary resuscitation in the course of their daily lives. Standard certification will be by the American Heart Association. Safety awareness will be explained.
- HLTH 204 NUTRITION AND WEIGHT CONTROL FOR THE CONSUMER (3) Using consumer models, this course contains elements of nutrition, weight control and fitness. Prerequisite: HLTH 101.
- HLTH 207 HEALTH CARE IN THE U.S. (3) Analysis of health care demands, cost, supply and recipients. Analysis of different health care settings and factors such as professionalism, the professional education system, authority structures, ethical responsibilities and referrals. Emerging policy debate and role of managed care are also explored. GenEd II.B.3.
- HLTH 208 MENTAL HEALTH, STRESS MANAGEMENT AND CRISIS INTERVENTION (3) Emphasis on helping relationships, constructive communication, stress and stressful life events, various approaches to handling crisis situations, and an overview of the mental health services system. Prerequisite: HLTH 101.
- HLTH 221 SEXUALITY IN A PLURALISTIC SOCIETY (3) Covers the multifaceted components of human sexuality including historical influences, religious influences, moral development and values, sexual practices and alternate behaviors, healthy behaviors and sexrelated diseases. GenEd II.B.3.
- HLTH 222 FOUNDATIONS OF HEALTH EDUCATION AND HEALTH BEHAVIOR (3) Social, cultural and historical foundations examined in light of planning and implementing health education programs. Prerequisite: HLTH 101.
- HLTH 225 WEIGHT CONTROL: THEORY AND PRACTICE (3) The theoretical and practical aspects of losing, gaining or maintaining weight. Recent medical and behavioral literature are reviewed. Opportunities exist in class to make application of the theories. Prerequisite: HLTH 101 or consent of instructor.

- HLTH 305 COMMUNITY HEALTH ADMINISTRATION (3) A survey of current approaches to the theories, practices and organization of community health services administration. Offered every other year. Prerequisite: HLTH 207.
- HLTH 311 CHRONIC AND COMMUNICABLE DISEASE (3) A factual, non-clinical approach to the major chronic and communicable diseases that are health problems in the United States population today. Patient education methods and the role of the health educator in relation to these diseases are stressed. Prerequisites: HLTH 101, BIOL 110 (BIOL 315 strongly recommended).

- HLTH 315 CURRICULUM AND PLANNING (3) In-depth analysis of the planning process for both community and school settings. Prerequisite: HLTH 222. GenEd I.D.
- HLTH 331 NUTRITION FOR HEALTH PROFESSIONALS (3) An indepth study of the chemical nature and utilization of nutrients; the composition, digestion, absorption of foods, and the normal nutritional requirements of the human body. Focus on nutrition and health, and nutrition and disease. Prerequisites: CHEM 101, BIOL 110 or consent of instructor.
- HLTH 333 FOOD SAFETY SCIENCE (3) Principles of the spread of food-borne illness as applied to maintaining safe supplies in food and food service establishments. Field trips required. Preequisite: BIOL 201 or BIOL 110.
- **HLTH 387 STUDENT TEACHING IN SECONDARY** EDUCATION—SCHOOL HEALTH (6)
- **HLTH 388 STUDENT TEACHING IN SECONDARY** EDUCATION—SCHOOL HEALTH (12)
- HLTH 401 [501] TEACHING ABOUT DRUGS AND SEX (3) Content, procedures and methods for presenting sensitive subjects, including human sexuality and drugs. Not open to law enforcement majors. Prerequisites: HLTH 101 or HLTH 221, HLTH 325, PSYC 101, BIOL 110.
- HLTH 405 [505] DRUGS IN OUR CULTURE (3) An in-depth review of harmless, harmful, useless and useful substances that may affect behavior or mood; the interaction of psychological, sociological and physiological components are included. Prerequisite: HLTH 101.
- HLTH 411 [511] HEALTH AND LATER MATURITY—THE AGING PROCESS (3) An approach to the conservation of human resources with emphasis on understanding attitudes and practices related to health in later maturity. Designed for students with a personal or professional interest in the field. Prerequisite: 6 hours of health and/ or behavioral science or consent of instructor.
- HLTH 421 FIELD WORK IN COMMUNITY HEALTH (1-6) Practical experience by participating in community health situations. May be repeated for a maximum of 6 credits. Designed for dual concentration. Graded S/U. Prerequisites: HLTH 315 and 425; upper-division health elective.
- HLTH 422 FIELD WORK IN COMMUNITY HEALTH (1-12) Practical experience by participating in community health situations. May be repeated for a maximum of 12 credits. Designed for community health concentration, Graded S/U. Prerequisites: HLTH 315 and 425; upper-division health elective.
- HLTH 425 INSTRUCTIONAL METHODS IN HEALTH EDUCA-TION (3) Focuses on methods used in community and school settings, emphasizing instructional techniques used for adolescents and adults. Prerequisite: HLTH 315.
- HLTH 426 METHODS IN ELEMENTARY SCHOOL HEALTH EDUCATION (2) Focuses on instructional methods used in the delivery of health education in elementary schools. Prerequisite: SCED 341.
- HLTH 430 ORGANIZATION, IMPLEMENTATION AND MAN-AGEMENT OF HEALTH EDUCATION PROGRAMS (3) Focuses on techniques for managing health programs in school and community settings. Prerequisite: HLTH 315.
- HLTH 432 MEASUREMENT AND EVALUATION IN HEALTH EDUCATION (3) Focuses on the elements of courses and program evaluation design in health education, including data collection; instrument and test development; techniques for analyzing health courses/program data; and writing evaluation reports. Prerequisites: passed functional reading and writing test; HLTH 315.
- HLTH 435 EPIDEMIOLOGICAL BASIS OF DISEASE AND ENVIRONMENTAL HEALTH (3) An examination of epidemiological investigation principles, chronic and communicable diseases; pollution, housing sanitation, and their interrelationships. Prerequisites: BIOL 110 or BIOL 201 or BIOL 202.
- HLTH 451 [551] ECOLOGICAL ASPECTS OF HEALTH (3) An examination of the interrelationship between humans and their environment. Emphasis is placed upon health aspects of pollution, housing, sanitation, radiation, behavioral disorders and epidemiology. Prerequisite: BIOL 110 or BIOL 201 or BIOL 202.
- HLTH 470-479 [570-579] HEALTH WORKSHOPS (3) For teachers, administrators and individuals concerned about health related fields. Contemporary health aspects are considered with emphasis on implementation of positive behavior aimed at improving the health of the individual and the community. Enrollment is limited to 25. May be repeated for credit provided a different topic is covered. Prerequisite: HLTH 101 or consent of instructor.

309

- HLTH 491 [591] HEALTH DIRECTED READINGS (1-3) Independent reading in health or health-related disciplines. Prerequisites: a minimum of 12 credits in health and consent of department chair.
- HLTH 494 [594] TRAVEL AND STUDY (3) An examination of various types of health care delivery in the countries and cities visited in comparison with that of the United States. For complete information, contact chair of the department. Prerequisite: HLTH 101 or consent of instructor.

HLTH 495 [595] INDEPENDENT STUDY (3) Directed study on specific problems in health and related fields. Prerequisites: consent of

department chair and 12 hours in health.

HLTH 497 PROFESSIONAL DEVELOPMENT IN HEALTH EDUCATION (1) Provides students with the opportunity to select and work with faculty members in their areas of teaching and research expertise. Students select a faculty member whom they will assist in conducting projects. Students will complete a written summary of their professional development experience. Prerequisite: consent of instructor.

Graduate Division

See TU Graduate Catalog for course descriptions.

HEBREW (HEBR)

Lower Division

HEBR 101-102 ELEMENTS OF HEBREW I, II (3, 3) An introduction to Hebrew. Speaking, reading, and writing, the development of conversational ability, free composition, and translation from English to Hebrew. GenEd II.D.

HEBR 201-202 HEBREW INTERMEDIATE I, II (3, 3) A continued review of grammatical structure with emphasis on conversational and reading fluency. Vocabulary building, composition and reading and discussion of selected outside readings. Prerequisites: HEBR 101-102, GenEd II.D.

HEBR 205 CONTEMPORARY HEBREW LITERATURE (3) Survey of selected short stories in English translation from the time of the czars

in Russia to Israel today.

Upper Division

HEBR 301-302 HEBREW COMPOSITION AND CONVERSATION I, II (3, 3) Intensive exercises in Hebrew composition and conversation beyond the intermediate level. Conducted in Hebrew. Prerequisites: HEBR 201-202 or equivalent or consent of instructor. GenEd II.D.

HEBR 391 READINGS IN MODERN HEBREW LITERATURE (3) The reading and literature analysis of selected short stories by the major writers of Hebrew literature in Israel today. Conducted in Hebrew. Prerequisites: HEBR 201-202 or equivalent or consent of instructor.

HISTORY (HIST)

Lower Division

HIST 100 USING INFORMATION EFFECTIVELY IN HISTORY (3) Introduction to gathering, evaluating and communicating historical information using a collaborative approach to research. GenEd I.B.

HIST 101 INTRODUCTION TO ANCIENT CIVILIZATION (3) Political, social, economic and intellectual forces which shaped the pattern of Near Eastern and European life from the Stone Age through the decline of the Roman Empire. GenEd II.C.1.

HIST 102 HISTORY OF EUROPEAN CIVILIZATION THROUGH THE 17TH CENTURY (3) Political, social, economic and intellectual forces which shaped the pattern of European life from post-Roman times through the 17th century. Not open to students who have successfully completed HIST 241. GenEd.II.C.1

HIST 103 HISTORY OF EUROPEAN CIVILIZATION FROM THE 17TH CENTURY (3) Political, social, economic and intellectual forces which shaped the pattern of European life from the 17th century to the present. Not open to students who successfully completed HIST 242. GenEd.II.C.1.

HIST 105 BYZANTINE EMPIRE AND BALKANS TO 1821 (3)
Historical survey from the fourth century A.D. foundation of
Constantinople to the outbreak of the Greek Revolution in 1821.
GenEd II.C.1.

HIST 107 INTRODUCTION TO HISTORY OF ISLAMIC CIVILIZATION (3) Survey of the history and culture of the Islamic peoples from Muhammed to the present. Emphasis on the Arabic nations. GenEd II.D.

- HIST 108 HONORS HISTORY OF EUROPEAN CIVILIZATION FROM THE 17TH CENTURY (3) Political, socioeconomic and intellectual trends in Europe since the 17th century; emphasis on class discussion and student research appropriate to Honors College. Not open to students who successfully completed HIST 244. GenEd.II.C.1.
- HIST 109 INTRODUCTION TO THE CIVILIZATION OF INDIA (3) Development of the culture of South Asia from earliest times and the emergence of the present nations of Bangladesh, Pakistan, India and Sri Lanka (Ceylon). GenEd II.D.

HIST 110 EAST ASIAN CIVILIZATION TO THE 17TH CENTURY (3) Comprehensive survey of the origins and development of Chinese, Korean and Japanese civilizations, focusing on China as the fountainhead of East Asian civilizations. GenEd II.D.

HIST 111 MODERN EAST ASIA SINCE THE 17TH CENTURY (3) Survey of China, Korea and Japan in modern times, tracing their responses to the West and their modern transformations in the 19th and 20th centuries. GenEd II.D.

HIST 121 LATIN AMERICA: COLONIAL PERIOD (3) Political, economic and social developments in Portuguese and Spanish America from the pre-Columbian period to the movements for independence. GenEd II.D.

HIST 122 LATIN AMERICA: NATIONAL PERIOD (3) Struggle for political, economic and social stability, international relations and cultural patterns in the development of independent Latin America

in the 19th and 20th centuries. GenEd II,D.

HIST 135 AFRICAN HISTORY AND CULTURE (3) Sub-Saharan Africa: including the evolution of traditional societies into Western-influenced states, supported by archaeological, anthropological, ecological, geographical, literary, artistic and musical evidence. GenEd II.D.

HIST 145 HISTORY OF THE UNITED STATES TO THE MID-19TH CENTURY (3) Political, economic, social and cultural forces which shaped the pattern of life in the United States from the founding of the colonies to 1865. GenEd II.B.1.

HIST 146 HISTORY OF THE UNITED STATES SINCE THE MID-19TH CENTURY (3) Continuation of HIST 145 from 1865 to the

present. GenEd II.B.1.

HIST 148 HONORS HISTORY OF THE UNITED STATES SINCE THE MID-19TH CENTURY (3) Political, economic, social and cultural forces in American life since 1865; emphasis on student initiative and active participation in the learning process. GenEd II.B.1.

HIST 150 EUROPE AND THE NON-EUROPEAN WORLD (3) Europe's changing relationships with the non-European world from the early Middle Ages through World War II. GenEd II.D.

HIST 151 THE WORLD SINCE 1945 (3) Major historical developments in the post WWII era, including postwar diplomacy, the Cold War in Europe and Asia, nationalism, the Mideast problem, the Vietnam War, East-West detente, the nuclear arms race, and political and economic problems in the Third World. GenEd II.D.

HIST 201 HISTORY OF IRELAND (3) Survey of Irish history emphasizing the demographic patterns, and the cultural, religious, economic and political themes that have shaped the lives of the people of Ire-

land from the Iron Age to the present.

HIST 231 HISTORY OF RUSSIAN CIVILIZATION (3) Political, social, economic and intellectual forces of Russian life from the ninth through the 19th century. GenEd II.C.1

HIST 275 THE HISTORY OF ANCIENT ISRAEL (3) Survey of the history and culture of the Israelites from Moses to the second Jewish revolt under Bar-Kokhba in 135 C.E.

HIST 277 A SURVEY OF JEWISH HISTORY (3) Political, cultural and socioeconomic experiences of world Jewry from the Diaspora to the present. Emphasis on the 19th and 20th centuries.

Upper Division

HIST 300 INTRODUCTION TO HISTORICAL STUDY (3) Survey of historical writings, the theory of history, introduction to research. Not open to those who successfully completed HIST 290. Prerequisite: ENGL 102 or ENGL 190. GenEd I.D.

HIST 301 [501] ANCIENT NEAR EASTERN CIVILIZATIONS (3)
Civilizations of Mesopotamia and Egypt and the peripheral developments in Syria-Palestine and Asia Minor. Prerequisite: HIST

101 or consent of instructor.

HIST 303 [503] ALEXANDER THE GREAT AND HIS SUCCESSORS (3) Conquests of Alexander the Great, culture and religion of Greece

- and Near East in the Hellenistic period. Prerequisite: HIST 101 or consent of instructor.
- HIST 304 [504] ANCIENT GREEK CIVILIZATION (3) The civilization of classical Greece, including the Minoan and Mycenean bronze age antecedents, to 323 B:C. Prerequisite: HIST 101 or consent of instructor.
- HIST 305 [505] ROMAN CIVILIZATION (3) The civilization of ancient Rome from the foundation of the city to the collapse of the Roman Empire in the West. Prerequisite: HIST 101 or consent of instructor.
- HIST 306 [506] WOMEN IN 20th CENTURY U.S. HISTORY (3) Multicultural perspective on politics, work, family and sexuality in women's lives. Prerequisite: HIST 146 or HIST 148 or WMST 231 or consent of instructor.
- HIST 307 [514] THE ANDEAN REPUBLICS (3) Economic, social and political developments in Peru, Bolivia and Ecuador from independence to the present. Prerequisite: 6 credits in history or 3 credits in Latin American history.
- HIST 310 TWENTIETH CENTURY NATIONALISM IN EAST AND SOUTHEAST ASIA (3) Introduction to the contentious issue of nationalism and state-building through brief case studies of China, Japan, Vietnam and Indonesia. Prerequisite: 6 credit hours of history.
- HIST 311 [509] TRADITIONAL INDIA: ITS HISTORICAL DEVELOPMENT (3) Development of the history and culture of India from prehistoric times until the beginnings of European dominance in the 18th century. Prerequisite: 6 credits in history or consent of instructor.
- HIST 312 [510] HISTORY OF MODERN INDIA (3) History of the Indian subcontinent since 1750, stressing the rise of British power, the colonial experiences, the development of nationalist movements, and the problems of independence in present-day India, Pakistan and Bangladesh. Prerequisite: 6 credits in history or consent of instructor.
- HIST 313 [511] HISTORY OF MODERN SOUTHEAST ASIA (3) Development of Burma, Thailand, Malaysia, Indonesia, Cambodia, Vietnam and the Philippines since 1500, with emphasis on the colonial experience and development of modern nationhood. Prerequisite: 6 credits in history or consent of instructor.
- HIST 315 [512] IMPERIAL CHINA: THE LAST DYNASTY (3) Ching (Qing) dynasty, 1644-1912; focus on the 19th century collision of imperial China and the West. Prerequisite: 6 credits in history.
- HIST 316 [513] REVOLUTIONARY CHINA (3) The ongoing Chinese revolution from the overthrow of the imperial government through the Nationalist and Communist periods. Prerequisite: 6 credits of history or consent of instructor.
- HIST 318 [518] MODERN KOREA (3) Korea in the 19th and 20th centuries, including Japanese colonial control, postwar division, the Korean War, and the political and economic development of North and South Korea. Prerequisite: 6 credits in history.
- HIST 319 [519] JAPAN, 1830 TO 1930 (3) Japan's transition from feudalism and national seclusion to emergence of a modern nation-state with an overseas empire and a parliamentary form of government. Prerequisite: 6 credit hours of history or consent of instructor.
- HIST 320 [520] JAPAN, 1930 TO PRESENT (3) Japan's transition from militarism and foreign aggression in the 1930s to postwar pacifism, democracy, and dynamic economic growth. Prerequisite: 6 credit hours of history or consent of instructor.
- HIST 321 [521] HISTORY OF MEXICO: PRE-COLUMBIAN AND COLONIAL (3) Political, economic, social and cultural developments from early pre-Columbia civilizations to the movement for independence. Prerequisite: 6 lower-division credits in history.
- HIST 322 [522] HISTORY OF MEXICO: NATIONAL PERIOD (3) Political, economic, social and cultural developments from independence to the present. Prerequisite: 6 lower-division credits in history.
- HIST 324 [507] DEMOCRATIZATION IN LATIN AMERICA (3) Analysis of the failures and successes in building democratic political institutions in Latin America; emphasis on 1930s-present. Not open to those who successfully completed HIST 484 in fall 1993, Prerequisite: HIST 122 or consent of instructor.
- HIST 328 HISTORY OF EAST AFRICA FROM 1820 TO PRESENT (3)
 Multiculturalism on the Swahili coast with emphasis on social
 stratification, religion, women and family. Prerequisite: HIST 135 or
 consent of instructor.
- HIST 329 [502] HISTORY OF SOUTH AFRICA (3) Social and cultural change in South Africa from early times to present. Prerequisite: FIIST 135 or consent of instructor.

- HIST 331 [531] AMERICAN MILITARY HISTORY 1898-1945 (3)
 Campaigns, tactics and institutional development of the armed forces in peace and war, seen in the context of politics and diplomacy; emphasis on World War II. Prerequisite: HIST 146 or HIST 148.
- HIST 332 [532] AMERICAN MILITARY HISTORY SINCE 1945 (3)
 Campaigns, tactics and institutional development of the armed forces in peace and war, seen in the context of politics and diplomacy; emphasis on Korea and Vietnam. Prerequisite: HIST 146 or HIST 148.
- HIST 339 THE MAKING OF THE MODERN MIDDLE EAST (3) Ethnic, religious, political and economic factors that have shaped the Middle East since 1798. Prerequisites: HIST 107 or 6 credits in history or consent of instructor.
- HIST 345 [533] THE AMERICAN COLONIES: 1492-1763 (3) Founding of and the political, economic and social development of the American colonies. Prerequisite: HIST 145 or HIST 102 or consent of instructor.
- HIST 346 [534] THE AMERICAN REVOLUTIONARY PERIOD: 1763-1789 (3) From the end of the Seven Years' War to the ratification of the Constitution. Prerequisite: HIST 145 or HIST 102 or consent of instructor.
- HIST 347 [535] THE EARLY NATIONAL PERIOD (3) The United States from the Constitutional Convention to the Election of 1820. The Federalist Decade and Jeffersonian Era. Prerequisite: HIST 145.
- HIST 348 [536] THE JACKSONIAN ERA (3) The United States from 1815 to 1845; political, social and economic currents of the period. Prerequisite: HIST 145.
- HIST 349 [537] THE CIVIL WAR (3) Sectionalism, the coming of the war, and the war years. Emphasis on political, economic and social issues. Prerequisite: HIST 145.
- HIST 350 [538] THE ERA OF RECONSTRUCTION (3) Political, economic and social study of the Reconstruction era, the war years to 1877, and its aftermath. Prerequisite: HIST 145.
- HIST 351 [539] THE U.S. 1865-1901: AGE OF ENTERPRISE (3) Industrialization of the United States, the rise of big business and an examination of resulting problems in economic, social and political life. Prerequisite: HIST 145 or HIST 146 or HIST 148.
- HIST 352 [540] THE U.S. 1892-1920: AGE OF REFORM (3) America's efforts to deal with the political, social, and economic problems of industrial life; emphasis on the Populist movement; imperialism and the Spanish-American War, the administrations of Theodore Roosevelt, William Howard Taft and Woodrow Wilson. Prerequisite: HIST 145 or HIST 146 or HIST 148.
- HIST 359 [541] THE F.D.R. ERA (3) History of the United States from the 1920s through World War II, with emphasis on the presidential years of Franklin D. Roosevelt. Prerequisite: HIST 146 or HIST 148.
- HIST 360 [542] RECENT AMERICAN HISTORY: 1945-1975 (3) History of the United States from World War II through the mid-1970s, including political, social, economic and diplomatic developments. Prerequisite: HIST 146 or HIST 148.
- HIST 361 [526] GAYS AND LESBIANS IN U.S. HISTORY (3) Multicultural perspectives on gay and lesbian cultures and communities and their struggles against institutionalized homophobia in education, the military, the media, medicine, religion and government. Prerequisite: 3 credits in history or women's studies or consent of the instructor.
- HIST 363 [544] SOCIAL HISTORY OF THE UNITED STATES TO 1865 (3) American life to the Civil War, focusing on social structure, mobility, race, ethnicity, family, roles of women, religious and educational institutions, community and popular culture. Prerequisite: HIST 145,
- HIST 364 [545] SOCIAL HISTORY OF THE UNITED STATES SINCE 1865 (3) American life from the Civil War, focusing on social structure, mobility, race, ethnicity, family, roles of women, religious and educational institutions, community and popular culture. Prerequisite: HIST 146 or HIST 148.
- (3) Impact of economic, social and reproductive changes on family life and structure. Prerequisite: one course in HIST, SOCI or WMST.
- HIST 366 [546] A HISTORY OF AMERICAN BUSINESS (3) Study of industry, finance, commerce and agriculture from the Civil War to the present. Prerequisites: 3 credits in history and either consent of instructor or junior standing.
- HIST 367 [547] THE DEVELOPMENT OF THE U.S. CONSTITUTION: 1787-1941 (3) Intellectual and political influences which produced the Constitution of 1787, the struggle between national

- supremacy and state sovereignty up to the Civil War, and the development of the new judicial review after 1870. Prerequisites: HIST 145 and either HIST 146 or HIST 148.
- HIST 368 [548] THE BILL OF RIGHTS AND THE CONSTITUTION: 1941 TO THE PRESENT Interpretation of the Bill of Rights before and after the Warren Court. Prerequisite: HIST 146 or HIST 148.
- HIST 370 [550] DIPLOMATIC HISTORY OF THE UNITED STATES SINCE 1900 (3) The role of the United States in modern warfare, worldwide economic and financial affairs, overseas expansion, the diplomatic impact of conflict in ideologies, and current international crisis. Prerequisite: HIST 145 or HIST 146 or HIST 148.
- HIST 373 [551] EARLY AMERICAN FRONTIER (3) The westward movement and the effect of the frontier process on social, economic and political institutions of the United States and the attitudes of the American people to 1850. Prerequisite: HIST 145.
- HIST 374 [552] THE FAR WESTERN FRONTIER (3) Expansion into the Trans-Mississippi West and the impact of the frontier process on the attitudes of the American people and on the social, economic and political institutions of the United States in the 19th and 20th centuries. Prerequisite: HIST 146 or HIST 148.
- HIST 375 [553] THE CITY IN AMERICAN HISTORY (3) Development of the American city and its impact on society, culture, ethnicity, race relations, the roles of women, economics and politics. Prerequisite: 3 credits in United States history.
- HIST 378 [565] IMMIGRANTS AND IMMIGRATION IN THE UNITED STATES (3) Comparative social, cultural and economic history of selected ethnic groups and their relationship to the dominant culture. Emphasis on the late 19th and 20th centuries. Prerequisite: 3 credits of United States history or consent of instructor.
- HIST 379 [555] HISTORY OF NATIVE AMERICANS: THE EAST (3) Topical and regional ethnohistory of the native peoples of Eastern America and their relations with non-native peoples and governments, precontact to the present. Prerequisite: 3 credits in American history.
- HIST 380 [556] HISTORY OF NATIVE AMERICANS: THE WEST (3) Topical and regional ethnohistory of the native peoples of Western America and their relations with non-native peoples and governments, precontact to the present. Not open to those who successfully completed Indian-White Relations in American History (HIST 379). Prerequisite: 3 credits of American history.
- HIST 381 [563] AFRICAN-AMERICAN HISTORY TO THE MID-19TH CENTURY (3) The political, economic and social history of African-Americans from their African origins through the antebellum period, Prerequisite: HIST 145.
- HIST 382 [564] AFRICAN-AMERICAN HISTORY FROM THE MID-19TH CENTURY (3) The political, economic and social history of African-Americans from the Civil War through the Civil Rights Era. Prerequisite: HIST 146 or HIST 148.
- HIST 384 [508] LIFE HISTORIES OF AFRICAN WOMEN (3)
 Methodological historical analysis of lives of selected African
 women from diverse African cultures compared with the lives of
 women throughout the world. Prerequisite: 6 hours of history and/
 or women's studies.
- HIST 385 [558] WORKERS AND WORK IN THE UNITED STATES (3) The changing nature of agricultural, domestic and industrial work; business-lahor relations; labor unions and leaders; role of labor in mainstream and radical political movements. Emphasis on the late 19th and 20th centuries. Prerequisite: HIST 146 or HIST 148 or 3 credits in economics.
- HIST 389 ROOTS OF ROCK AND ROLL (3) The roots of rock and roll from Tin Pan Alley to the youth movements of the 1960s. Social, economic and cultural origins of rock and roll as a legitimate popular music. Prerequisite: HIST 146 or HIST 148 or consent of instructor.
- HIST 391 [559] HISTORY OF CANADA (3) Emphasis on the period since 1867. Particular attention will be given to the problems of cultural dualism and confederation. Prerequisite: HIST 145 or HIST 146 or HIST 148 or HIST 103 or POSC 101.
- HIST 397 [560] HISTORY OF MARYLAND FROM COLONIAL TIMES TO THE PRESENT (3) Major events and forces that have shaped the political, social, cultural and economic development of Maryland. Prerequisite: 3 credits in United States history.
- HIST 401 [567] THE EARLY MIDDLE AGES: 300-1050 (3) The rebuilding of Europe after the collapse of the Roman Empire. Emphasis on the Church fathers, the Germanic tribes, Carolingian

- culture, feudalism and the Vikings, Prerequisite: HIST 102 or consent of instructor.
- HIST 402 [568] THE HIGH MIDDLE AGES: 1050-1350 (3) Medieval culture, emphasizing the role of the church, emergence of the national monarchies of western Europe, and the creation of towns and universities. Prerequisite: HIST 102 or consent of instructor.
- HIST 403 [569] THE RENAISSANCE ERA: 1300-1500 (3) Political, economic, social and cultural changes in late medieval and Renaissance Europe. Prerequisite: HIST 102 or consent of instructor.
- HIST 404 [570] THE REFORMATION: 1500-1648 (3) Religious, political, economic and social changes in Reformation and Counter Reformation Europe. Prerequisite: HIST 102 or consent of instructor.
- HIST 406 [572] EUROPE: 1815-1914 (3) Economic, political, social and intellectual developments, emphasizing the industrial revolution, nationalism and imperialism, and the origins of World War I. Prerequisite: HIST 103 or HIST 108.
- HIST 415 [576] DIPLOMATIC HISTORY OF EUROPE: 1815-1939 (3) Specific diplomatic crises, emphasizing their impact on the European balance of power. Prerequisite: HIST 103 or HIST 108.
- HIST 416 [516] BRITISH HISTORY: 1760-1902 (3) Political change and transformation of British government from George III until emergence from Splendid Isolation. Explores growth of the imperial system. Prerequisite: HIST 103 or HIST 108.
- HIST 420 [579] EUROPEAN IDEAS: FRENCH REVOLUTION TO THE PRESENT (3) Religious, scientific, political and social theories of the European intellectual class seen in their historical context from the French Revolution to the present. Prerequisite: HIST 103 or HIST 108 or consent of instructor.
- HIST 421 [580] GREAT BRITAIN IN THE 20th CENTURY (3) Political, social and economic developments in Great Britain from 1897 to the present. Prerequisite: HIST 103 or HIST 108.
- HIST 427 [527] EUROPEAN MILITARY HISTORY: 1871-1925 (3) Minor wars of 1871-1913, build-up to World War I, the war and its aftermath, seen in the context of diplomatic, political and socioeconomic history. Not open to students who successfully completed HIST 413. Prerequisite: HIST 103 or HIST 108 or consent of the instructor.
- HIST 429 [529] EUROPEAN MILITARY HISTORY: 1925-1945 (3)
 Military institutions of the Interwar Period, build-up to World War
 II, the European War in the context of diplomatic, political and
 socioeconomic history. Not open to students who successfully
 completed HIST 413. Prerequisite: HIST 103 or HIST 108 or
 consent of the instructor.
- HIST 431 [581] FRANCE: 1763-1871 (3) Old Regime and the impact of successive revolutions on French society, emphasis on France's role in the growth of European liberalism and nationalism. Prerequisite: HIST 103 or HIST 108.
- HIST 441 [582] GERMANY: 1871-1945 (3) Analysis of the Bismarckian Empire, Weimar Republic and the Third Reich, emphasizing the interrelationships between internal developments and Germany's role in Europe and the world. Prerequisite: HIST 103 or HIST 108.
- HIST 452 [584] RUSSIA/SOVIET UNION: 1894-1953 (3) Political, ideological, economic and cultural factors influencing the fall of the monarchy, the Bolshevik Revolution, Leninism and Stalinism. Prerequisite: HIST 231 or HIST 103 or HIST 108 or consent of instructor.
- HIST 453 [585] HISTORY OF SOVIET RUSSIA FROM KRUSCHEV TO GORBACHEV (3) Topical analysis of political history and theory, economic development, foreign affairs, social changes, and cultural and literary trends. Prerequisite: HIST 151 or 231 or 103 or HIST 108 or consent of instructor.
- HIST 454 [589] THE FOREIGN POLICY OF RUSSIA (3) An examination of the twin pillars of Soviet foreign policy since 1917: international Marxism and the defense of Mother Russia. Prerequisite: HIST 151 or HIST 231 or HIST 452 or HIST 453 or POSC 432 or consent of instructor.
- HIST 475 PUBLIC HISTORY: THEORY AND PRACTICE (3) Approach, theoretical understanding and methodology of professional historians in representing history to the broader public. Prerequisites: HIST 300 and 6 additional history credits.
- HIST 477 [586] EUROPE IN THE THIRD WORLD: THE AGE OF HIGH IMPERIALISM (3) Impact of modern European Colonialism on the societies of the Third World, chiefly Africa and Asia. Primary emphasis on the 19th and 20th centuries. Prerequisite: HIST 103 or HIST 108 or consent of instructor.

- HIST 478 [598] HISTORY OF TERRORISM SINCE THE MID-NINETEENTH CENTURY (3) Ideology, organization, operation of terrorist groups worldwide, including anarchists, Russian revolutionaries, mass political parties with terrorist wings, the Klanand Middle Eastern groups. Prerequisite: 6 credit hours of history or consent of the instructor.
- HIST 479 [587] A HISTORY OF DIPLOMACY (3) Evolution from its origins to the present with emphasis on the modern period. Historic changes which shifting ideologies and new technologies have wrought in the role of the diplomat, Prerequisites: HIST 102, HIST 103 or HIST 108.
- HIST 482 [590] INTERPRETIVE PROBLEMS IN HISTORY (3) Indepth study of historical interpretations of selected topics. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: 12 credits in history appropriate to topic.
- HIST 483 [591] BIOGRAPHICAL STUDIES IN HISTORY (3) Study of selected historical figures who have shaped or reflected the past. Figures to be selected by the instructor. May be repeated for a maximum of 6 credits provided a different topic is covered, Prerequisite: 6 credits in history appropriate to topic.
- HIST 484 [592] HISTORICAL THEMES (3) Study through lectures and discussions of a historical topic selected by the instructor. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: 6 credits in history appropriate to topic.
- HIST 486 HISTORY SEMINAR (3) Research and writing in a specific period and area of history to be selected by the instructor. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: Consent of instructor and 15 credits in history, including HIST 300.
- HIST 487 [596] COLLOQUIUM (3) Group discussion of reading in history or related disciplines approached from a viewpoint that is primarily historical and dealing with broad periods, topics, problems or comparative developments selected by the instructor(s). May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: Consent of instructor and 15 credits in history or 9 credits in history and 6 credits in the related discipline.
- HIST 493 INTERNSHIP (3-6) Experience designed to combine the research and content of history with work in historical libraries, museums, archival depositories and similar agencies. No more than 6 credits to be earned with any one agency. May be repeated for a maximum of 6 credits. Graded S/U, Prerequisites: 27 credits in history and consent of department chair. (Not for graduate credit.)
- HIST 494 [594] TRAVEL AND STUDY (3-6) Countries and topics to be selected by the departments and instructors sponsoring the program. For complete information, write the chair of the department early in the fall of the academic year preceding the semester of intended study. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: junior/senior status and consent of instructor.
- HIST 496 [593] DIRECTED INDIVIDUAL RESEARCH (2-4) Research and reading dealing with a historical topic to be selected by the instructor and student; considerable attention to methodology. May be repeated for a maximum of 6 credits. Prerequisites: 15 credits in history and a minimum average of 3.00 in history, and consent of instructor and department chair.
- HIST 497 [597] DIRECTED READING (2-4) Independent reading in history or related disciplines approached from a viewpoint that is primarily historical and dealing with specific periods, topics, problems or comparative developments selected by the student in consultation with the instructor(s). May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: 15 credits in history or 9 credits in history and 6 credits in the related discipline and a minimum average of 3.00 in history and the related discipline and consent of department chair.
- HIST 498 HONORS DIRECTED READINGS (2-4) Independent reading in history or related disciplines on a topic selected by the student in consultation with the instructor(s). May be repeated for a maximum of 6 credits. Prerequisite: admission to the Departmental Honors
- HIST 499 HONORS THESIS (4-8) Research and the writing of a thesis, to be directed by a faculty member in a chosen area of specialization, Prerequisite: admission to Departmental Honors Program. (Not for graduate credit.)

Graduate Division

See TU Graduate Catalog for course descriptions.

HONORS COLLEGE (HONR)

Lower Division

- HONR 170-179 HONORS SPECIAL FRESHMAN-YEAR TOPICS (1-3) Course content varies with topic. Designed to enhance the Honors College experience. May be repeated provided a different topic is covered. Prerequisites: entry into Honors College; consent of instructor.
- HONR 270-279 HONORS SPECIAL SOPHOMORE-YEAR TOPICS (1-3) Course content varies with topic. Designed to enhance the Honors College experience. May be repeated provided a different topic is covered. Prerequisites: entry into Honors College; consent of instructor.

Upper Division

- HONR 370-379 HONORS SPECIAL JUNIOR-YEAR TOPICS (1-6) Course content varies with topic, Designed to enhance the Honors College experience. May be repeated provided a different topic is covered. Prerequisites: entry into Honors College; consent of instructor.
- HONR 470-479 HONORS SPECIAL SENIOR-YEAR TOPICS (1-6) Course content varies with topic or instructor or team instructors. Designed to enhance the Honors College experience. May be repeated provided a different topic is covered. Prerequisites: entry into Honors College; consent of instructor.
- HONR 495 HONORS DIRECTED READINGS (3) A survey of the relevant scholarly literature under the guidance of a faculty member who will direct the student's research. Prerequisite: member in good standing in the Honors College.
- HONR 499 HONORS THESIS (3) Supervised research and writing of thesis directed by a faculty member in a chosen area of specialization. Prerequisite: member in good standing in the Honors College.

INTERDISCIPLINARY STUDIES (IDFA, IDHP, IDHS, IDIS, IDLA and IDNM)

Lower Division

- IDFA 201 AMERICAN VISION: BALTIMORE VISUAL AND PERFORMING ARTS (3) American culture through experiencing visual and performing arts of Baltimore. Includes field trips. GenEd H.B.1.
- 1DFA 203 CREATIVITY IN THE FINE ARTS (3) An application of the creative process through the arts. GenEd I.E.
- 1DFA 205 ETHICS IN FINE ARTS AND COMMUNICATION (3) Issues and dilemmas encountered by practitioners (compared to viewers and patrons) of fine arts and communication. Prerequisite: one course in MUSC, THEA, ART, DANC, MCOM, COMM or EME
- 1DFA 401 MOTION DESIGN (3) Directed lab experience on the computer in concept and application of design for broadcast design, motion graphics and multi-media, Prerequisites: ART 217 or EMF
- IDHP 100 USING INFORMATION EFFECTIVELY: WELLNESS (3) Introduction to research techniques, problem solving, critical thinking, communication skills, ethical issues and technology application using the interdisciplinary theme of wellness. GenEd. I.B.
- IDHP 110 INFORMATION UTILIZATION IN THE HEALTH PROFESSIONS (3) Introduction to how information is identified, stored, accessed, verified, utilized and conveyed. Not open to those who have successfully completed IDHS 110. GenEd I.B.
- 1DHP 301 [501] HIV/AIDS; TESTING AND CONFIDENTIALITY IN THE 21ST CENTURY (3) Explores societal factors, resources, policies, health care delivery, legal ethical issues and counseling. Students will be prepared for Maryland State Certification as HIV Testing Counselors. Prerequisites: HLTH 101 or NURS 406, PSYC 101, SOC1 101 and one of the following: BIOL 213, BIOL 215, HLTH 207 or NURS 204 or consent of instructor.
- IDIS 101 INTRODUCTION TO LESBIAN AND GAY STUDIES (3) Interdisciplinary and cross-cultural examination of homosexualities, institutionalized homophobia, gay and lesbian culture and communities, and gay and lesbian political activism. GenEd II.C.3.
- IDIS 421 INTEGRATING MANAGEMENT SKILLS (BCLA CAPSTONE) Liberal Arts capstone course integrating the student's major with principles of entrepreneurship and business management. Prerequisite: All other courses in the minor.
- IDLA 100 USING INFORMATION EFFECTIVELY: LEARNING IN THE LIBERAL ARTS (3) Research techniques and presentation skills needed to be successful in liberal arts courses. Modes of think-

ing, critical thinking, methods of gathering data, data analysis, basics of statistics and ethical issues in research. GenEd I.B.

IDNM 101 USING INFORMATION EFFECTIVELY IN SCIENCE (4) Introduction to information processing, problem-solving techniques, creative thinking skills, communication skills, team building and professional ethics in a scientific environment. Emphasis will be placed on the use of information technology and primary research literature to retrieve, filter, process and evaluate data and information. This course is intended for freshmen CSM students. GenEd I.B.

Upper Division

- IDIS 411 AFRICAN-AMERICAN PERSPECTIVES (3) Structured around a multi- and interdisciplinary approach, focuses on the experiences of African Americans. Designed to encourage development in an otherwise emotional area. Prerequisite: a course in African history, African-American history, or African-American literature or consent of instructor.
- IDIS 465-467 TOPICS IN IRISH STUDIES (3) Variable topics. May he repeated for a maximum of 9 credits. Prerequisite: 3 hours of Irish studies or consent of instructor.
- IDIS 470-479 SPECIAL TOPICS (3) Survey of literature and practical application of interdisciplinary issues. Field work may be required. Topics will vary. May be repeated for a maximum of 9 credits provided a different topic is covered. Graded S/U.
- IDIS 495 INTERNSHIP IN INTERDISCIPLINARY STUDIES (3) Supervised experience in work setting to facilitate students' understanding of their concentration. May be repeated for a maximum of 6 credits. Can be applied toward major requirements only with approval of concentration's coordinator. Graded S/U.
- IDLA 301 CITIES AND SUBURBS AS HUMAN HABITATS (3) Impact of cities and suburbs on environmental consequences of human habitation. Emphasis on historic and contemporary population densities, modes of transit, energy uses, consumption of resources, and urban and suburban planning. Prerequisites: one course from GenEd II.A.1, GenEd II.D., and one course from GenEd II.B.1 or GenEd II.C.1. GenEd II.A.2.
- IDNM 305 ETHICS, SCIENCE AND SOCIETY (3) Integrity of scientific information, responsibilities of scientists and citizens for the conduct and use of science and technology, limits of technological solutions. Principles and case studies. Not open to those who successfully completed WRIT 335, CHEM 301, or CHEM 335. Prerequisites: two courses in BIOL, CHEM, GEOL, PHYS or PHSC, at least one with laboratory; ENGL 102; one course in GenEd II.B. GenEd II.A.2.
- IDNM 307 WOMEN, GENDER AND SCIENCE (3) Understanding women in the context of the natural sciences, including historical and contemporary contributions by women scientists; critique of science education and research design; professional and educational discrimination; career challenges and options; guidelines for non-sexist research design. Prerequisites: one course from GenEd II.A.1 and one from GenEd I.C. GenEd II.A.2.
- IDNM 309 WOMEN, SOCIETY AND RADIATION SCIENCE (3) Gender bias in contemporary physical science using the feminist critique; impact of research in radiation science on society and women's lives. Three lecture hours. Prerequisites: two science courses (fulfillment of GenEd II.A.I) and one mathematics course (fulfillment of GenEd I.C), or consent of instructor. GenEd II.A.2.
- IDNM 311 HUMAN GENETICS (3) Topics include: information flow, cell division and gamete formation, transmission of genes, molecular genetics, mutations, biotechnology, genetic basis of behavior, genetic basis of disease, nature vs. nurture debate and social implication of human genetic studies on society. Prerequisite: BIOL 110, BIOL 112. Satisfies GenEd Category II.A.2.
- IDNM 313 PLAGUES AND PEOPLE (3) Biological hasis of infectious disease and how those principles can be applied for a better understanding of historical events, current issues facing society and future perspectives. Prerequisite: BIOL 110. GenEd.II.A.2.

INTERNATIONAL STUDIES (INST)

- INST 100 THE WORLD TODAY (3) Effectively access, evaluate and use the best sources of information available from the Internet, the library and other resources. GenEd I.B.
- INST 494 INTERNATIONAL STUDIES ABROAD (3) Independent study of the culture, history, economy and society of the country students intend to visit. Taught in three segments over three

- semesters (including one semester abroad). Fulfills one requirement for the International Credential. Prerequisites: Students must be registered in an approved study abroad program, experiential learning abroad program or international internship; COMM 379 and permission of coordinator of International Studies.
- INST 496 INTERNATIONAL RESEARCH (3) Independent research, taught over two semesters with one semester abroad. Prerequisites: Students must be registered in an approved study abroad program, experiential learning abroad program or international internship; COMM 3⁻⁹ and permission of coordinator of International Studies.

INSTRUCTIONAL TECHNOLOGY (ISTC)

Lower Division

ISTC 201 USING INFORMATION EFFECTIVELY IN EDUCATION (3) An introduction to gathering, evaluating and communicating information. Emphasis will be on using team collaboration and

problem solving to examine current issues in education. GenEd I.B. ISTC 202 HONORS USING INFORMATION EFFECTIVELY IN EDUCATION (3) An introduction to gathering, evaluating and communicating information. Emphasis will be on using team

collaboration and problem solving to examine current issues in education. GenEd. I.B.

ISTC 269 LABORATORY IN INSTRUCTIONAL HARDWARE (1-2) Emphasizes the development of skills required in the operation of selected instructional hardware. Required of all Secondary Education majors; ISTC 301 may also be used to fulfill this requirement. Not open to students who successfully completed ISTC 301 or ISTC 415.

Upper Division

ISTC 301 [501] UTILIZATION OF INSTRUCTIONAL MEDIA (3) Materials, devices, techniques and settings are presented in an overview of the field of instructional technology. Laboratory experiences are provided in the operation of instructional hardware. Prerequisite: junior/senior standing or departmental approval.

ISTC 302 DESIGN AND PRODUCTION OF INSTRUCTIONAL MATERIALS (3) Students are required to design and produce selected instructional materials. Prerequisite: junior/senior standing

or departmental approval.

- ISTC 304 THE PRODUCTION OF INSTRUCTIONAL PRESENTA-TIONS (3) Emphasis is placed on both the basic knowledge and skills necessary to produce instructional presentations in four major formats: audio tape, video format, synchronized side-tape program and super 8mm film properly sequenced. Students acquire experience in producing each of the four types of production as well as developing instructional guides accompanying each. Prerequisite: junior/senior standing.
- ISTC 305 WRITING SKILLS FOR MEDIA CAREERS (3) Development of competencies for the specialized writing of professional careers in media. Prerequisites: ENGL 102 or ENGL 190 and 6 credits in ISTC or consent of instructor.
- ISTC 311 MEDIA CENTER ADMINISTRATION (3) An examination of the organization and administration of media centers for service to students and faculty in school settings, such as self-contained classrooms, open-space schools and in independent study situations. Specific topics include planning and equipping media centers, routines, budgets, personnel and criteria for evaluating school media services. Prerequisite: junior/senior standing.

ISTC 313 EVALUATION AND SELECTION OF MEDIA (3) A study of evaluating techniques for print and nonprint media. Prerequisite:

junior standing or above.

- ISTC 397 STUDENT TEACHING: THE MEDIA CENTER IN THE ELEMENTARY SCHOOL (6) Supervised media center practice in an elementary or middle school. Graded S/U. Prerequisites: ISTC 475, admission by consent of department coordinator, approval of director of Center for Applied Skills in Education (CASE) and completion of Basic Skills Test; 2.75 QPA. Application must be made to ISTC coordinator by mid-semester prior to semester of enrolling.
- ISTC 398 STUDENT TEACHING: THE MEDIA CENTER IN THE SECONDARY SCHOOL (6) Supervised media center practice in a secondary school. Graded S/U. Prerequisites: ISTC 477; admission by consent of department coordinator, approval of director of Center for Applied Skills in Education (CASE) and completion of Basic Skills Test; 2.75 QPA. Application must be made to ISTC coordinator by mid-semester prior to semester of enrolling.

ISTC 441 [541] COMPUTER TECHNOLOGY AND UTILIZATION (3) Exploratory course concerned with the rationale for and use of computers in learning and related administrative matters. Techniques are examined for the organization, storage, processing and retrieval of data. Applications include the computer for instruction, the management of instruction, simulation, generation of graphics, and accounting for software and hardware. (Note: The course will not prepare students for occupations in computer science.) Prerequisite: junior/senior standing.

ISTC 453 [553] INTRODUCTION TO INSTRUCTIONAL PHOTOG-RAPHY (3) Basic planning and darkroom methods for preparing photographic materials. Although the thrust of the course is the black-and-white mode, color slides and other special topics are treated. Principles of visual literacy are stressed. Students are required to demonstrate competencies in darkroom utilization and print critiquing as well as print production. Prerequisite: consent of

department chair.

ISTC 471 [571] REFERENCE AND INFORMATION SOURCES (3) The bibliographic method, fundamental reference sources and searching techniques for print and non-print materials are examined. Students are required to demonstrate competencies in the use of reference sources. Prerequisite: junior/senior standing.

ISTC 473 [573] CATALOGING AND CLASSIFICATION OF MEDIA (3) Cataloging, subject analysis, classification and bibliographic control. The use of commercial processing services and central processing in the school system. The concept of a unified catalog and materials center for print and non-print materials is stressed. Prerequisite: junior/senior standing.

ISTC 475 METHODS FOR MEDIA PERSONNEL IN THE ELEMENTARY SCHOOL (2) The evaluation of the school library media center's function and services in curriculum work with

teachers and students. Graded S/U.

ISTC 477 METHODS FOR MEDIA PERSONNEL IN THE SECONDARY SCHOOL (2) The evaluation of the school library media center's function and services in curriculum work with teachers and students. Methods of preparing and utilizing the media program. To be taken prior to ISTC 398. Graded S/U. Prerequisite: admission by consent of the ISTC coordinator. Special permit.

ISTC 495 INDEPENDENT STUDY IN INSTRUCTIONAL TECH-NOLOGY (1-3) Individual and supervised study of research problems and special projects in specific areas of instructional technology. Prerequisites: junior/senior standing and special permit.

ISTC 497 INTERNSHIP IN LIBRARY SERVICES (6) The student works in a library media setting under faculty and professional supervision. Prerequisites: major, senior standing, consent of program coordinator and completion of Basic Skills Test. Application must be made to ISTC coordinator by mid-semester prior to semester of enrolling.

Graduate Division

See TU Graduate Catalog for course descriptions.

ITALIAN (ITAL)

Lower Division

ITAL 101-102 ITALIAN ELEMENTS I, II (3,3) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. GenEd II.C.1.

ITAL 201-202 ITALIAN INTERMEDIATE 1, II (3,3) Review of grammar, conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisites: ITAL 101-102 or equivalent. GenEd II.C.3.

Upper Division

- ITAL 301-302 ITALIAN COMPOSITION AND CONVERSATION I, II (3,3) Composition and conversation beyond the intermediate level. Conducted in Italian. Prerequisites: ITAL 201-202 or equivalent.
- ITAL 321-322 SURVEY OF ITALIAN LITERATURE I, II (3,3) A thorough examination of Italian literature from the 13th century to the present. Conducted in Italian. Prerequisites: ITAL 201-202,
- ITAL 370-379 SPECIAL TOPICS IN ITALIAN (3-6) Specialized topics in language and culture. Content varies. May be repeated once for credit provided a different topic is covered. Prerequisite: ITAL 202 or equivalent.

ITAL 494 TRAVEL STUDY ABROAD (3-16) Italian language, culture, civilization and literature at approved study abroad sites in Italy. Prerequisite: approval of department chair.

JAPANESE (JPNS)

Lower Division

JPNS 101-102 JAPANESE ELEMENTS I, 11 (3,3) Development of elementary vocabulary and sentences, forms of written language, conversation, composition and translation. Uses the techniques of programmed instruction. GenEd II.D.

JPNS 201-202 JAPANESE INTERMEDIATE I, II (3,3) Review of elementary Japanese; intermediate kanji; conversation and prose composition; translations; outside readings commensurate with the ability of individual student. Uses the techniques of programmed instruction. Prerequisites: JPNS 101-102. GenEd II.D.

Upper Division

JPNS 301-302 JAPANESE COMPOSITION AND CONVERSATION I, Il (3-3) Composition and conversation beyond the intermediate level. Conducted in Japanese. Prerequisites: JPNS 201-202 or equivalent. GenEd II.D.

JPNS 492 DIRECTED READINGS IN JAPANESE (1-3) Independent reading in sources written in Japanese. Prerequisites: JPNS 301-302

or equivalent, consent of department chair.

JPNS 494 JAPANESE TRAVEL AND STUDY ABROAD (3-16) Study of language, literature and/or culture at a Japanese university. Contact department chair and Office of International Education, Prerequisites: consent of Japanese Study Abroad Program and department chair.

KINESIOLOGY (KNES)

Lower Division

Kinesiology courses numbered 111-284 include a variety of professional lab skills for majors, as well as team sports for both majors and nonmajors. For specific titles, credits, descriptions, and prerequisites, consult the Department of Kinesiology.

KNES 140 TRACK AND FIELD (1) Basic instruction of all track and field

events and their application across the K-12 curriculum.

KNES 150 PERSONAL DEFENSE/WRESTLING (1) Skills, strategies and developmentally appropriate activities for personal defense and

KNES 182 FIELD/COURT I (1) Skills, strategies and developmentally appropriate activities for the sports of soccer, basketball and team

handball.

KNES 184 FIELD/COURT II (1) Skills, strategies and developmentally appropriate activities for the sports of hockey (field and floor), lacrosse and ultimate frisbee.

KNES 196, 296, 396, 496 INDEPENDENT STUDY (.5-3) Designed to permit students to take courses which they cannot arrange within the regular semester schedule. All work will be under the direct supervision of an assigned faculty member. May be repeated for a maximum of 6 credits. Prerequisite: consent of department chair.

KNES 202 NET/WALL GAMES (1) Skills, strategies and developmentally appropriate activities for the sports of tennis, badminton and

volleyball.

KNES 210 LIFETIME SPORTS (1) Skills, strategies and developmentally appropriate activities for the lifetime sports of golf, archery, softball

and bowling.

- KNES 235 INDIVIDUALIZED FITNESS (3) Individual fitness and lifestyle will be examined. Fitness components (cardio-respiratory, muscular, flexibility, weight control and psychosocial) will be assessed and evaluated, and exercise prescriptions will be formulated for each individual. GenEd II.B.3.
- KNES 239 PHYSICAL FITNESS ACTIVITIES (1) Development, administration and evaluation of fitness activities for selected populations. Prerequisite: Physical Education major.

KNES 245 CAMP LEADERSHIP (2) The role of the camp counselor in organized camping. Emphasis on camp related skills of campcraft, trips, crafts and nature study. Several field trips.

KNES 247 OFFICIATING I (2) A study of the art of officiating through lectures, films, discussions and practical application. Covers swimming, volleyball, wrestling, football, basketball and field hockey. Open to majors and non-majors.

KNES 248 OFFICIATING II (2) A study of the art of officiating through lectures, films, discussions and practical application. Covers track, softball, lacrosse, baseball, tennis and gymnastics. Open to majors

and non-majors.

- KNES 255 ADVANCED INDIVIDUALIZED FITNESS (3) Structure and function of the physiological components of large muscle activity and their relationship to the development and maintenance of fitness. Prerequisites: one beginning-level fitness course.
- KNES 269 LIFEGUARD TRAINING (2) An advanced course in lifeguarding techniques for swimming pools and open-water beach areas. Prerequisites: KNES 165 and HLTH 103 or equivalent.
- KNES 270-275 SPECIAL TOPICS IN PHYSICAL EDUCATION (1-3)
 Designed for study of special topics of current interest in physical education, athletics and their related fields. Objectives and content for each topic are reviewed and approved by the physical education faculty. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: consent of instructor.
- KNES 279 TECHNIQUES OF TEACHING CREATIVE MOVEMENT
 (1) A student-directed approach to the teaching of creative movement to all age levels, pre-school to senior citizen. Includes learning and utilization of basic rhythmic concepts.
- KNES 281-282 PHYSICAL EDUCATION FOR ELEMENTARY EDUCATION STUDENTS I, II (1, I) Designed for the teacher of elementary school children to gain an understanding of and develop a basic ability in the basic skills of children's activities. Provides opportunity to become familiar with methods of learning skills and to appreciate the needs of the individuals in motor learning and analysis of group behavior.
- KNES 283 PHYSICAL EDUCATION ACTIVITIES FOR THE YOUNG CHILD (1) Provides Physical Education majors with practical knowledge of appropriate movement experiences for use in a developmental program of physical education for children in grades K-3.
- KNES 284 PHYSICAL EDUCATION ACTIVITIES INTERMEDIATE GRADES (1) Provides Physical Education majors with practical knowledge of appropriate movement experiences for use in a developmental program of physical education for children in grades 4-6. Prerequisite: KNES 283.
- KNES 291 INTRODUCTION TO ATHLETIC TRAINING (1) The athletic trainer as an allied health care professional; manual skills required in the profession. Prerequisite: athletic training major.
- KNES 298 HISTORY AND PHILOSOPHY OF PHYSICAL EDUCA-TION (3) Foundations of physical education.

- KNES 301 INTRODUCTION TO RECREATION AND LEISURE (3)
 Recreation and leisure related to individuals, special populations and society. The impact of recreation and leisure concepts and theories on time and work. Out-of-class experiences required.
- KNES 302 CURRICULUM IN PHYSICAL EDUCATION (3) Physical education as a part of general education, aims and content. Principles for development of a sequential physical education curriculum in grades 1-12. Prerequisites: KNES 298, PSYC 201.
- KNES 303 ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION (3) Provides experiences for students in administrative problems and procedures from the perspective of the administrative, and presents the learner with knowledge of the administrative responsibilities associated with the physical education teacher. Prerequisites: KNES 298 and KNES 324 or KNES 325.
- KNES 305 OUTDOOR EDUCATION: PHILOSOPHY AND METHODS (3) Examination of the rationale and basic structure of outdoor education programs. An investigation of effective teaching techniques and procedures for outdoor education. Field experiences are required (students may have to provide their own transportation and equipment). Utilizes an interdisciplinary approach and is team taught. Prerequisites: junior or senior standing and one of the following: KNES 324, KNES 325, or Education Methods courses.
- KNES 307 TEACHING APPRENTICESHIP (.5-1) Students with a high degree of competency may request to be assigned to assist a faculty master teacher in class instruction and evaluation. May be repeated for a maximum of 1 credit. Prerequisites: junior-senior status; advanced skill level; approval of chair of kinesiology, director of major program and faculty member concerned.
- KNES 309 TESTS AND MEASUREMENT IN PHYSICAL EDUCA-TION (3) Background for development of measurement programs in physical education; elementary statistical procedures; interpretation of data; selection and administration of tests measuring fitness, motor ability and sports skills applicable to various grade and age levels.

- KNES 311 BIOMECHANICS(3) Mechanical and anatomical analysis of movement in relation to human performance. Three lecture hours and two hours of laboratory experience, Prerequisites: PHYS 202 or CHEM 105, BIOL 213-214.
- KNES 313 PHYSIOLOGY OF EXERCISE (3) Application of principles of physiology to large muscle activity, with special emphasis on the interrelations of muscular, nervous, circulatory and respiratory functions during exercise. Prerequisites: BIOL 213-214.
- KNES 315 CARE AND PREVENTION OF ATHLETIC INJURIES (3)
 Lecture and practical experiences in the study of modern theories
 and principles of athletic training mechanisms, nature and causes of
 the most common sports-related injuries. Prerequisite: BIOL 213.
- KNES 324 TEACHING PHYSICAL EDUCATION IN ELEMENTARY SCHOOL (2-3) Responsibilities of the elementary school physical education teacher, including class organizational procedures, a variety of teaching methods, lesson and unit plan development, and content appropriate for the elementary school child. Includes observation and teaching experiences with elementary school children at various ages. Prerequisites: KNES 298, KNES 283, KNES 284 for physical education majors, and KNES 281, KNES 282 for elementary education majors.
- KNES 325 TEACHING PHYSICAL EDUCATION IN SECONDARY SCHOOL (3) Responsibilities of the secondary school physical education teacher, including class organizational procedures, variety of teaching methods, lesson and unit planning, and topics resulting from the observation/participation experience in a secondary school. Prerequisites: KNES 298, laboratory skills in team and individual sports.
- KNES 331 PRINCIPLES OF COACHING (3) Develops within each student an educationally sound philosophy of coaching. Emphasis on learning and understanding the principles and guidelines of good coaching and the application of human psychology as it relates to the coach and athlete in their unique relationship. Prerequisite: PSYC 101 or consent of instructor.
- KNES 333 SPORT MANAGEMENT (3) Managing an organization providing sport/fitness activities products or services. Prerequisite: ACCT 210.
- KNES 3.35 PRINCIPLES AND TECHNIQUES OF WRAPPING AND TAPING (1) Laboratory study and application of bandaging and taping for preventive and therapeutic purposes in athletic training. Prerequisite: KNES 315.
- KNES 337 ADVANCED TECHNIQUES AND ANALYSIS OF COACHING IN SELECTED TOPICS (3) Theoretical and practical application of principles and techniques of coaching offensive and defensive techniques; strategy, scouting, organizing practice and utilizing staff. Prerequisite: KNES 331.
- KNES 341 CONCEPTS OF MOTOR LEARNING (3) Study of effects of sensation and perception, reaction time, knowledge of results, retention, transfer, physical and mental practice, and motivation on learning and performing motor skills. Prerequisite: PSYC 101 or consent of instructor.
- KNES 349 THE MODERN OLYMPIC GAMES (3) A socio-historically based interpretation of the modern Olympic Games as athletic festival social construction, cultural symbol, philosophic movement and worldstage phenomenon.
- KNES 351 PHILOSOPHY: THE SPORT EXPERIENCE (3) Philosophy of sport and the body, including the major philosophical schools of thought and their implications on physical education. Prerequisite: PHIL 101 or PHIL 111 or consent of instructor. GenEd I.D.
- KNES 353 SPORT AND SOCIETY (3) Explores relationships between sport and social institutions. Prerequisite: SOCI 101. GenEd I.D.
- KNES 355 PSYCHOLOGY OF SPORT (3) Designed to study the psychological correlates of sport. The approach will be one of understanding and application of the literature and research design of sport psychology publications. Prerequisite: PSYC 101.
- KNES 357 SPORT IN FILM (3) Meaning of sport in 20th-century western culture through film. Prerequisite: ENGL 102/190. GenEd
- KNES 361 EXERCISE PSYCHOLOGY (3) Contemporary research and theory, including exercise and fitness motives, psychological effects, theoretical models of exercise behavior, motivating behavior, cognitive and behavioral change strategies. Prerequisite: PSYC 101.
- KNES 363 NUTRITION FOR EXERCISE AND SPORT (3) Critical and practical aspects of nutrition related to exercise and sport. Prerequisite: BIOL 213, BIOL 214.
- KNES 365 EXERCISE TESTING AND PRESCRIPTION (3) Theoretical concepts and application skills; includes assessment of components

- of fitness, exercise prescription for apparently healthy and specialconcerns populations. Prerequisites: KNFS 235, BIOL 214, KNES 313.
- KNES 369 PRACTICUM IN EXERCISE SCIENCE (3) Supervised clinical experience in the Towson University Wellness Center assisting fitness instructors. Prerequisite: KNES 365.
- KNES 381 BASIC CLINICAL ATHLETIC TRAINING I (1) Observe and perform professional skills under the supervision of a certified athletic trainer. Prerequisite: athletic training major-sophomore status; concurrent with KNES 315. Graded S/U.
- KNES 382 BASIC CLINICAL ATHLETIC TRAINING II (1) Observe and perform professional skills under the supervision of a certified athletic trainer; focuses on manual skills required in injury evaluation. Prerequisite: athletic training major-sophomore status; concurrent with KNES 429. Graded S/U.
- KNES 385 INTERMEDIATE CLINICAL ATHLETIC TRAINING I (1) Observe and perform professional skills under the supervision of a certified athletic trainer; focuses on selected manual skills. Prerequisite: athletic training major-junior status; concurrent with KNES 428. Graded S/U.
- KNES 386 INTERMEDIATE CLINICAL ATHLETIC TRAINING II (1) Observe and perform professional skills under the supervision of a certified athletic trainer; focuses on manual skills related to therapeutic exercise. Prerequisite: athletic training major-junior status, concurrent with KNES 427. Graded S/U.
- KNES 388 ADVANCED CLINICAL ATHLETIC TRAINING I (1) Observe and perform professional skills under the supervision of a certified athletic trainer; focuses on assessment techniques for cranial injury, spinal cord injury, and injury to the thorax and visceral region. Prerequisite: athletic training major-senior status. Graded S/U.
- KNES 389 ADVANCED CLINICAL ATHLETIC TRAINING II (1) Observe and perform professional skills under the supervision of a certified athletic trainer; focuses on selected manual techniques. Prerequisite: athletic training major-senior status; concurrent with KNES 431. Graded S/U.
- KNES 392 ELEMENTARY STUDENT TEACHING (7) Practical experiences in observation, participation and student teaching in elementary public schools under the guidance of master teachers and a university supervisor. Not open to those who successfully completed ELED 392. Prerequisite: approval of coordinator, KNES Student Teaching and Internships, and director of Center for Applied Skills in Education.
- KNES 393 A WORLD HISTORY OF SPORT TO 1900 (3) Explores sport and physical education in context of social, economic and political influences. Focuses upon Greece, Rome, Western Europe to circa 1900, Prerequisite: KNES 298 or one history course.
- KNES 394 SECONDARY STUDENT TEACHING (7) Practical experience in observation, participation and student teaching in secondary public schools under the guidance of master teachers and a university supervisor. Not open to those who successfully completed SCED 392. Prerequisite: approval of coordinator, KNES Student Teaching and Internships, and director of Center for Applied Skills in Education.
- KNES 395 KINESIOLOGY INTERNSHIP (3) Internship in Sport Studies, Sport Management or Exercise Science. May be repeated for a maximum of 6 credits. Graded S/U. Prerequisites: junior/senior standing; special permit required; Exercise Science majors must have completed KNES 369.
- KNES 396 INDEPENDENT STUDY (1-3) Designed to permit students to take courses which they cannot arrange within the regular semester schedule. All work will be under the direct supervision of an assigned faculty member. May be repeated for a maximum of 6 credits. Prerequisite: consent of department chair.
- KNES 397 INTERNSHIP IN CAMPING OR OUTDOOR EDUCA-TION (3) Allows academic and practical experience for students in the camp program or outdoor education area of their choice. Students will participate as a volunteer, aide or staff member. Seminars will be held to discuss experiences. Students should expect to pay for their transportation, meals and lodging during the practicum experience. The course will be offered primarily during the minimester and summer sessions. May be repeated for a maximum of 6 credits. Prerequisite: KNES 245 or KNES 305 or consent of instructor.
- KNES 399 DIFFERENTIATED STUDENT TEACHING IN PHYSICAL EDUCATION (1-2) An experience in student teaching in addition

- to the regular student teaching experience. May be repeated for a maximum of 6 credits.
- KNES 403 ORGANIZATION AND ADMINISTRATION OF INTRA-MURALS (3) Permits students to acquire the skills of administration necessary in the development and organization of intramural programs in schools and colleges.
- KNES 409 [509] STRESS MANAGEMENT, TENSION CONTROL AND HUMAN PERFORMANCE (3) Presents information about the manifestation of stress and systematic programs for tension control. The correlates surrounding progressive muscle relaxation and biofeedback are explored in detail, as well as the neurological responses that produce tension responses. Lectures are combined with laboratory experiences in an effort to understand and practice relaxation techniques. Prerequisite: one psychology and/or biological sciences course.
- KNES 412 THEORY AND ANALYSIS OF GYMNASTICS MOVEMENT (3) Theoretical and practical application of mechanical analysis of movement concepts as related to proper execution of skills in gymnastics. The techniques and methods used in this course are designed to provide the teacher a logical system for presenting gymnastic skills to facilitate learning for the student; to demonstrate that gymnastic skills are logically founded on basic physics or terrestrial mechanics; to present aiding and spotting techniques.
- KNES 415 [515] ADVANCED CARE AND PREVENTION OF ATHLETIC INJURIES (3) Advanced principles of athletic training, including etiology, indications, evaluation and immediate management of selected complex injuries. Prerequisite: KNES 315 or consent of instructor.
- KNES 417 ORGANIZATION AND ADMINISTRATION OF ATHLETIC TRAINING (3) Analysis and application of organizational skills and administrative structure of the athletic training profession, including record keeping, hudgeting and a history of athletic training. Prerequisite: KNES 315. GenEd I.D.
- KNES 418 SPORT FACILITY MANAGEMENT AND OPERATIONS (3) Indoor and outdoor facilities; hudget, design, maintenance, operations, planning, renovations, scheduling and staffing.
- KNES 419 SWIMMING AND POOL MANAGEMENT (3) Teaching methods for all levels of swimming and diving. Modern methods of training the competitive swimmer with emphasis on technique and conditioning of the individual. The organization and administration of swimming pools and clubs with regard to staff, recreation and pool filtration. This is a certifiable course for pool management, approved by the Department of Health, Baltimore County. Prerequisites: KNES 261 and KNES 262.
- KNES 421 PHYSICAL EDUCATION PROGRAM IN THE ELEMENTARY SCHOOLS (3) Current trends and issues in curriculum development, methods and materials and research concerned with elementary school physical education programs. Prerequisite: KNES 324.
- KNES 423 [523] ADAPTIVE PHYSICAL EDUCATION (3) Recognition of pupils with physical deviations and use of special or modified physical education activities. Prerequisites: KNES 311, KNES 324 or KNES 325, BIOL 213-214.
- KNES 425 ADAPTED PHYSICAL EDUCATION FOR SPECIAL EDU-CATION MAJORS (3) Preparation, implementation and evaluation of developmentally appropriate activities and lessons for students with disabilities, pre-school through 21 years. Prerequisite: KNES 281.
- KNES 426 [526] MOTOR DEVELOPMENT: INFANTS TO ADULTS (3) Research of literature in motor development and performance of the individual from infancy through adulthood. Impact of motor development on cognitive, affective and psychomotor development.
- KNES 427 THERAPEUTIC EXERCISE IN ATHLETIC TRAINING (3) Analysis and application of comprehensive therapeutic exercise techniques and the development of rehabilitation programs for physically active individuals. Prerequisite: KNES 415.
- KNES 428 THERAPEUTIC MODALITIES IN ATHLETIC TRAINING (3) Analysis and application of modalities in the treatment and rehabilitation of injuries. Prerequisites: KNES 315, KNES 415.
- KNES 429 PHYSICAL ASSESSMENT FOR ATHLETIC TRAINING (3) Analysis and performance of comprehensive evaluation of injuries commonly sustained in athletics. Prerequisites: KNES 315, KNES 415
- KNES 430 [530] MOVEMENT EDUCATION IN THE ELEMEN-TARY SCHOOL (3) Application of problem solving and

individualized methods of teaching of movement for the elementary school child. Development of programs and materials for teaching creative dance, games and sports. Survey of current literature.

KNES 431 SEMINAR IN ATHLETIC TRAINING (2) Roles, responsibilities of medical and paramedical personnel comprising the sports medicine team. Prerequisites: KNES 428 and KNES 429.

KNES 433 APPLIED SPORT AND EXERCISE PSYCHOLOGY (3) Applications of sport and exercise psychology theory to sport and

exercise settings. Prerequisite: KNES 355 or KNES 361.

KNES 435 [535] PROGRAMS IN OUTDOOR EDUCATION (3) Examines the varied programs in outdoor education offered within the state, nation and selected foreign countries. Traditional and innovative programs will be reviewed. Concepts revealed will be contrasted with meeting educational objectives. Several field trips are required. Open to Education majors, Prerequisite: 6 hours of physical education, recreation or education.

KNES 437 SPORT AND THE MEDIA (3) Symbiotic relationship between sport and electronic/print media. Prerequisite: KNES 353.

KNES 441 [541] THE AMERICAN WOMAN IN SPORT (3) Historical, physiological, psychological, sociological and philosophical perspectives and societal attitudes toward women who participate in sport. Prerequisite: PSYC 101 or SOCI 101 or WMST 231.

KNES 451 [551] HISTORY OF AMERICAN SPORT (3) Explores sport in American society from a historical perspective, emphasizing content and methods in sport history. Prerequisite: KNES 298 or

HIST 145 or HIST 146 or HIST 148.

KNES 452 SPORT MARKETING (3) Fundamental marketing theories and principles applied to the selling of sports: focusing on the concepts and practices forming the knowledge base for effective mar-

keting strategies in sports. Prerequisite: MKTG 341.

KNES 453 SPORT ADMINISTRATION (3) Designed to aid persons responsible for organizing and administering intramural and interschool athletic programs. Topics such as organizational patterns, objectives of the programs, controls, game management, records, conduct of tournaments, officials, awards and means of promoting the programs will be considered. Study will be made of competitive as well as informal recreation programs on all educational levels, with special emphasis on the secondary schools. Prerequisite: junior/senior standing in kinesiology.

KNES 455 [555] PHYSICAL ACTIVITY PROGRAMMING FOR THE OLDER ADULT (3) Application of physiological, psychological, sociological and motor learning principles to the development of physical activity programs for older adults. Prerequisite: PSYC 203

or consent of instructor.

KNES 457 PHYSIOLOGY OF AGING (3) Interaction of physical, psychological, social and environmental systems in the aging process from the late-middle to old age. Prerequisites: PSYC 101, KNES 313.

- KNES 469 RESEARCH METHODS IN EXERCISE SCIENCE (3) Prepares students to read and interpret research in exercise science. Topics include scientific process, research questions and theories, literature review, research methods and measurement, data analysis and reporting. Prerequisites: ENGL 102/190, KNES 309. GenEd I.D.
- KNES 470-479 [570-579] SELECTED TOPICS IN PHYSICAL EDUCATION (1-3) Workshop designed for study of special topics of current interest in physical education and athletics. Content varies and will focus on substantive material or operational problems. May he repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: consent of workshop director and/or graduate program director.

KNES 480 SEMINAR IN TEACHING PHYSICAL EDUCATION (1)
Discussion and analysis of selected topics during the student

teaching semester.

KNES 494 [594] TRAVEL STUDY (3) Study of selected physical education programs, practices or facilities. Study group will be accompanied by TU Department of Kinesiology faculty member. Prerequisites: as specified in course outline and consent of instructor.

KNES 496 [596] INDEPENDENT STUDY (1-3) Designed to permit students to take courses which they cannot arrange within the regular semester schedule. All work will be under the direct supervision of an assigned faculty member. No more than 3 credits may be earned in Independent Study unless permission of department chair is obtained.

Graduate Division

See TU Graduate Catalog for course descriptions,

LATIN (LATN)

Lower Division

- LATN 101-102 LATIN ELEMENTS I, II (3, 3) The fundamentals of Latin grammar will be taught and related to French, Italian and Spanish, Selections from elementary texts will be read. GenEd II.C. I.
- LATN 201-202 LATIN INTERMEDIATE 1, II (3,3) A review of grammar studied in Latin Elements, continuing to the study of advanced grammar and syntax. I ong passages by Latin authors will introduce the study of Latin stylistics as well as Roman history and culture. Prerequisites: LATN 101-102 or consent of instructor. GenEd II.C.1.

Upper Division

LATN 301-302 ADVANCED READINGS IN LATIN 1, II (3,3) Study of selected texts from Classical Latin prose and poetry with special attention to review of grammar, vocabulary and styles of translation. Prerequisites: LATN 201-202 or equivalent or consent of instructor. GenEd II.C.1.

LATIN AMERICAN STUDIES (LAST)

Lower Division

LAST 100 LATIN AMERICA: ISSUES AND APPROACHES (3) Multiple disciplinary approaches to leading issues in recent Latin America. Access, evaluate and use information. GenEd I.B.

Upper Division

LAST 484 SPECIAL TOPICS IN LATIN AMERICAN STUDIES (3) Study through lectures and discussions of interdisciplinary topics selected by the instructor. Prerequisite: consent of instructor.

LAST 491-492 DIRECTED READINGS IN LATIN AMERICAN STUDIES (3) Independent reading in Latin American Studies in a topic selected by the student in consultation—with the instructor(s). May be repeated for a maximum of 6 credits. Prerequisites: advanced undergraduate standing and consent of instructor.

LAST 497 INTERNSHIP IN LATIN AMERICAN STUDIES (3-6) Training and experience with public and private organizations. May be repeated for a maximum of 6 credits. Graded S/U. Prerequisites:

27 upper division credits and consent of instructor.

LAW AND AMERICAN CIVILIZATION (LWAC)

- EWAC 491 THESIS SEMINAR IN LAW AND AMERICAN CIVILIZATION (3) Using Internet technology and traditional classroom instruction, students will research and write on some aspect of law in American society and civilization. Prerequisites: open only to majors who have completed at least 24 credits in the major; consent of instructor.
- EWAC 497 PRACTICUM IN LAW AND AMERICAN CIVILIZATION (3) Practicum in a law firm, in a court or in business. Prerequisite: open only to students majoring in Law and American Civilization who have earned a cumulative QPA of 3.00.
- LWAC 498 HONORS THESIS I: DIRECTED READINGS IN LAW AND AMERICAN CIVILIZATION (3) Readings and research in preparation for the writing of an honors thesis under the supervision of the director or one member of one of the participating departments. Prerequisites: open only to majors who have completed at least 30 credits in the major and have earned a cumulative QPA of 3.25 and a QPA of 3.50 in the major, consent of instructor.
- LWAC 499 HONORS THESIS II: THESIS IN LAW AND AMERICAN CIVILIZATION (3) Research and writing of an honors thesis guided by the director or a member of one of the participating departments. Prerequisites: open only to majors who have completed at least 33 credits in the major and have earned a cumulative QPA of 3.25 and a QPA of 3.50 in the major, consent of instructor.

LEGAL STUDIES (LEGL)

Lower Division

- LEGL 225 LEGAL ENVIRONMENT OF BUSINESS (3) Sources of law and our legal system, emphasis on court jurisdiction, procedure, tort and criminal law, contracts, sales, anti-trust law, and workers compensation and consumer, environmental and international law. Not open to those who successfully completed BULA 225.
- LEGL 226 BUSINESS LAW (3) Law of agency, partnership, corporations, real and personal property, estates, bankruptcy, commercial paper and secured transactions. Not open to those who successfully completed BULA 226. Prerequisite: BULA 225 or LEGI. 225.

Upper Division

- LEGL 325 SPORTS LAW (3) Review of legal background of sports and recreation, analyzing torts, contracts, anti-trust issues, constitutional and labor law. Prerequisite: BULA 225 or LEGL 225.
- LEGL 326 ELDER LAW (3) Court systems, guardianships, estates and trusts, asset planning, and Medicare/Medicaid implications. Prerequisite: junior standing.
- LEGL 328 CYBER LAW: THE LAW OF THE INTERNET (3) An introduction to the law of the Internet including security, online transactions, rights in electronic information, regulating information content and regulating online conduct. Not open to students who successfully complete EBUS 328.
- LEGL 470-479 SPECIAL TOPICS IN LEGAL STUDIES (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current business law practice. May be repeated for credit provided a different topic is covered. Prerequisite: consent of instructor.

MANAGEMENT (MNGT)

- MNGT 337 INFORMATION TECHNOLOGY (3) Strategic, tactical and operational applications of information technology including management information systems, decision support systems, intelligent systems, strategic information systems and electronic commerce. Topics include data and knowledge management and networking computing. Not open to those who successfully completed MNGT 437. Prerequisites: COSC 111 or equivalent course; major standing.
- MNGT 355 INTERNATIONAL BUSINESS (3) Global dimensions and interdependencies of business; international firms' strategies and structures for organizing; modes of entry; globalized functions of business. Prerequisites: junior/major standing and completion of all 200-level business administration core courses.
- MNGT 361 PRINCIPLES OF MANAGEMENT (3) Nature, development and future prospects of management and organization theory. Management functions and processes in terms of planning, organizing, leading, controlling and communications. Exploration of social responsibility of business and international management. Prerequisite: junior standing.
- MNGT 363 DECISION SCIENCES (3) Quantitative techniques for management practices; linear programming, transportation, decision theory, project scheduling, forecasting. Not open to those who completed MNGT 263. Prerequisites: COSC 111 or equivalent course and MATH 231 or ECON 205.
- MNGT 365 PRINCIPLES OF OPERATIONS MANAGEMENT (3) Strategies and techniques for service and manufacturing operations, Prerequisites: junior major standing, MNGT 263 or MNGT 363 or ECON 306 and MNGT 361.
- MNGT 375 INTERNATIONAL THEORY AND PRACTICE (3) Global dimensions and interdependencies of business; international firm's strategies and structures, global strategy and market entry. Elements of international finance include international monetary systems, foreign exchange and global trade theory. Global operations, marketing and HRM. Prerequisites: Junior/major standing, FIN 331, MKTG 341 and MNGT 361.
- MNGT 381 HUMAN RESOURCE MANAGEMENT (3) Techniques and issues in acquiring, developing, motivating and maintaining a competent work force. Topics include equal employment opportunity, human resource planning, recruitment and selection, training and development, performance evaluations, motivation, compensation and benefits, labor relations, and safety and health. Prerequisites: junior major standing, MNGT 361.
- MNGT 419 SUPPLY-CHAIN MANAGEMENT (3) Materials management and materials support service and product delivery; rechnical

- support, materials handling, distribution/transportation strategies, impact on scheduling and inventory; international supply-chain management. Prerequisites: senior major standing, MNGT 365.
- MNGT 421 MANAGEMENT OF ORGANIZATIONAL BEHAVIOR (3) Performance management, jobs and design of work, work teams, power/politics, stress/well-being at work, career management, quality management. Prerequisites: MNGT 381 and major standing.
- MNGT 423 SERVICE OPERATIONS MANAGEMENT (3) Concepts and techniques of service operations management, emphasizing problem-solving methods and exercises. Prerequisite: MNGT 263 or MNGT 363 or ECON 306.
- MNGT 425 ORGANIZATION THEORY AND DEVELOPMENT (3) Design of complex organizations focusing on organizational structure, process, technology, growth, change and change agents and culture. Prerequisites: senior major standing, MNGT 361.
- MNGT 433 COMPENSATION AND BENEFITS (3) Analysis and management of compensation systems, job evaluation, wage levels, structures, and planning for the public and private sectors. Prerequisites: senior major standing, MNGT 263 or MNGT 363 or ECON 306, MNGT 381.
- MNGT 438 MULTINATIONAL MANAGEMENT AND CULTURE (3) Global strategy, management and organization of multi-national corporations; cultural differences and their influence on business interactions, modes of entry and ethics. Prerequisites: MNGT 361, MNGT 355 or MNGT 375; major standing.
- MNGT 443 PROJECT MANAGEMENT (3) Systematic approach to planning, scheduling and controlling organizational activities; timelines, budgets and quality criteria. Prerequisites: MNGT 365; major standing
- MNGT 451 INDUSTRIAL RELATIONS (3) Nature, development and process of labor-management relationships. Labor laws, organizing, contract negotiations, grievances and arbitration, and future issues for unions. Prerequisites: senior major standing, MNGT 381.
- MNGT 453 CONFLICT RESOLUTION IN BUSINESS (3) Resolving disputes in business operations through negotiations, mediation and arbitration, as alternatives to litigation. Dispute areas include buyer/ seller, management salaries, service contractor, real estate and other situations common to business. Prerequisites: senior major standing, MNGT 361.
- MNGT 455 ENTREPRENEURSHIP AND SMALL BUSINESS (3) The research and planning process needed to start a small business is emphasized. Entrepreneurial management strategies for marketing, finance and operations are studied. The preparation of a business plan is required. Prerequisites: FIN 331, MKGT 341, MNGT 365; major standing
- MNGT 461 TOTAL QUALITY MANAGEMENT (3) Understanding and implementing quality management in organizations. Topics include philosophy of quality, behavioral tools, statistical process control and implementation issues. Prerequisites: senior major standing, MNGT 263 or MNGT 363 or ECON 306, MNGT 365.
- MNGT 463 ORGANIZATIONAL LEADERSHIP (3) Students experience various ways of thinking about and responding to the concept and processes of leadership and leadership behavior related to the management of human organizations. Prerequisites: senior major standing, MNGT 361.
- MNGT 470-479 SPECIAL TOPICS IN MANAGEMENT (3) Course content varies with each topic. In-depth study of contemporary business issues as they affect current management practices. May be repeated for credit provided a different topic is covered. Prerequisite: consent of instructor. Special permit only.
- MNGT 481 BUSINESS STRATEGY AND POLICY (3) A capstone course integrating operational skills and theories and emphasizing managerial decision-making as it relates to strategic management and business policy in domestic and international operations. Not open to those who successfully completed Business Policy. Prerequisites: special permit, senior standing, completion of FIN 331, MKTG 341, MNGT 263, or MNGT 363 or ECON 306, MNGT 361, and MNGT 365, and MNGT 337 or MNGT 437.
- MNGT 482 BUSINESS ETHICS AND SOCIETY (3) Interaction between business and its non-economic environments: ethical reasoning, stakeholder analysis, corporate responsibility, crisis management and business in the political process. Prerequisites: senior major standing, MNGT 361.
- MNGT 491 DIRECTED READINGS (1-3) Assigned readings in selected areas of management. A total of 6 credits for any combination of Directed Readings, independent study and internship is allowed in the Management area of study. Prerequisites: consent of the

instructor, a minimum of 3.00 cumulative QPA, completion of all 200- and 300-level management core requirements, and a special permit.

MNGT 495 INDEPENDENT RESEARCH (I-3) Directed research in specific areas of management. A total of 6 credits for any combination of Directed Readings, independent study and internship is allowed in the Management area of study. Prerequisites: consent of the instructor, a minimum of 3.00 cumulative QPA, completion of all 200- and 300-level management core requirements, and a special permit.

MNGT 497 MANAGEMENT INTERNSHIP (3) Students are required to work in government or industry for a minimum of 120 hours to gain practical experience in the application of management concepts. All positions have been reviewed and approved by management faculty. A total of 6 credits for any combination of Directed Readings, independent study, and internship is allowed in the management area of study. Prerequisites: consent of the instructor, a minimum 3.00 cumulative QPA, completion of MKTG 341, MNGT 361 and FIN 331, and special permit.

MNGT 498 PRACTICUM IN MANAGEMENT (3) Synthesis of management knowledge, skills and attitudes through professional responsibilities in employment, internship or comparable experience. Prerequisite: senior standing.

MARKETING (MKTG)

Upper Division

MKTG 341 PRINCIPLES OF MARKETING (3) Design, distribution pricing and promotion of goods, services, places, people and causes of both national and international markets. Included is an introduction to strategic and tactical applications of marketing. Prerequisite: junior standing.

MKTG 345 ADVERTISING MANAGEMENT (3) Promotional strategies for different classifications of products and services. Planning, preparing and scheduling advertisements. Media selection and determination of ad effectiveness. Advertising research. Prerequisite: junior major standing and MKTG 341.

MKTG 347 SERVICES MARKETING (3) Examines the marketing of services. The uniqueness of services marketing will be analyzed along with the similarities to product marketing. Selected topics among the following services will be examined: health care, museums, government services, travel, transportation, food, education, banking and legal services. The service aspects of product marketing will also be analyzed. Prerequisites: MKTG 341 and junior major standing.

MKTG 349 PRODUCT DEVELOPMENT AND PLANNING (3)
Development of new goods and services, including idea generation,
concept evaluation, test marketing and product launch.
Prerequisites: MKTG 341 and junior major standing.

MKTG 351 SALES MANAGEMENT (3) Principles of successful selling, presenting, negotiating and managing a sales force. Prerequisite: MKTG 341 and major standing.

MKTG 355 RETAIL MANAGEMENT (3) Provides students with an indepth knowledge of marketing activities at the retail level in the business environment. Different types of retail institutions are examined as to the types of strategies employed in the performance of major functions, such as buying, merchandising, selling, advertising and physical operation. Key issues, such as market segmentation, geographical location and internal organization, are analyzed. Prerequisites: MKTG 341 and junior major standing.

MKTG 357 MARKETING CHANNELS (3) Processes and interdependent institutions for transfer of product ownership from seller to buyer; structure, functions and activities of traditional and contemporary channels. Prerequisites: MKTG 341 and junior major standing

MKTG 361 MARKETING FOR NON-PROFIT ORGANIZATIONS (3)
Analyzing marketing management approaches and techniques for non-profit sector; market-driven organizations; developing resources; designing and implementing the marketing mix. Prerequisites: MKTG 341 and junior major standing.

MKTG 371 PRINCIPLES OF TRANSPORTATION (3) Economic and political factors affecting transportation and transportation systems. Development problems and government regulations. Study of freight and passenger carrier modes. Prerequisite: MKTG 341 and junior major standing.

MKTG 425 BUYER BEHAVIOR ANALYSIS (3) The behavior and motivation of the consumer and industrial buyer with emphasis on

the analysis of buyer behavior from the standpoint of the business firm and its consequences to marketing strategy. Prerequisite: Major standing: MKTG 341 (PSYC 209 recommended) Concurrent enrollment in MKTG 441 is recommended.

MKTG 441 MARKETING RESEARCH AND FORECASTING (3) Message formulation, advertising testing and product development by examining the behavior and psychological disposition of market participants as related to marketing decision making. Prerequisites: MKTG 341; MATH 231 or ECON 205; and concurrent enrollment in MKTG 425 is recommended.

MKTG 442 MARKETING HONORS SEMINAR (3) Decision-making skills and the formulation of strategies and policy. Market segmentation, consumer behavior, pricing, product line strategy and promotion. Prerequisites: senior standing and consent of instructor.

MKTG 445 INTERNATIONAL MARKETING (3) Impact of international marketing environments on pricing, product, channels of distribution, advertising and promotion. Problems and obstacles related to market surveys and development of policies. Regional studies. Prerequisite: MKTG 341; major standing.

MKTG 470-479 SPECIAL TOPICS IN MARKETING (3) Course content varies with each topic. In-depth study of contemporary business issues and how they affect current marketing practices. May be repeated for credit provided a different topic is covered. Prerequisite: consent of instructor. Special permit only.

MKTG 485 STRATEGIC MARKETING (3) Capstone course emphasizing management of marketing activities and the development and implementation of product, pricing, promotion and distribution strategies within an interdisciplinary context. Prerequisites: MKTG 341 and 6 additional credits in marketing courses. Special permit required.

MKTG 491 DIRECTED READINGS (1-3) Readings in selected functional or conceptual areas of marketing. Prerequisites: consent of instructor, special permit.

MKTG 495 INDEPENDENT RESEARCH (1-3) Directed research on specific problems in a functional area of marketing. May be repeated for a maximum of 6 credits. Prerequisites: consent of instructor, special permit.

MKTG 497 MARKETING INTERNSHIP (3) Students are required to work a minimum of 120 hours in an actual business environment to gain practical application of marketing concepts. Upon completion, a formal written and oral presentation of the internship experience is required. Prerequisites: consent of instructor, minimum 3.00 QPA, special permit and completion of MKTG 341, MNGT 361, FIN 331.

MASS COMMUNICATION (MCOM)

Lower Division

MCOM 100 USING INFORMATION EFFECTIVELY IN MASS COMMUNICATION (3) Effective and ethical gathering, evaluation, application and presentation of information in the study of mass communication. GenEd I.B.

MCOM 101 INTRODUCTION TO MASS COMMUNICATION (3) Issues, theories and structures of mass communication and careers in the mass media.

MCOM 102 HONORS: INTRODUCTION TO MASS COMMUNI-CATION (3) Issues, theories and structures of mass communication and careers in the mass media. Prerequisite: consent of instructor.

MCOM 214 PRINCIPLES OF ADVERTISING (3) Review of contribution made by advertising to the U.S. economy and of the principles and practices as applied to mass media. Prerequisite: MCOM 101 or MCOM 125.

MCOM 253 PRINCIPLES OF PUBLIC RELATIONS (3) Research, theory, techniques: strategy, planning and management of public relations programs. Law, ethics and professionalism are covered. Prerequisites: COMM 131; MCOM 101 or MCOM 125.

MCOM 255 NEWSWRITING (3) Newswriting from the standpoint of style, structure and readability. Prerequisites: MCOM 101 or 151, one English composition course. Not open to students who have successfully completed MCOM 355.

Upper Division

MCOM 323 ADVERTISING MEDIA PLANNING (3) Strategic media decision making and the impact on marketing. Prerequisite: MCOM 214.

- MCOM 325 ADVERTISING COPYWRITING (3) Creative process and production of copy for various media: print, broadcasting, direct mail and billboards. Prerequisite: MCOM 214.
- MCOM 341 DIGITAL PUBLISHING (3) Computer technology to create publications for delivery in print and online. Prerequisites: MCOM 101 and one of the following: MCOM 214 or MCOM 253.
- MCOM 350 MEDIA LAW (3) Examination of libel, slander, invasion of privacy and copyright. Legal considerations in reporting on judicial and governmental activities. Prerequisites: MCOM 101 or MCOM 151 and EMF 140 or MCOM 140.
- MCOM 352 MEDIA CRITICISM (3) Theory and practice of media criticism intended for various audiences, including consumer oriented criticism, social criticism and scholarly criticism. Prerequisite: MCOM 101 or MCOM 140 or EMF 140 or MCOM 151.
- MCOM 356 FEATURE WRITING (3) Researching and writing journalistic articles for publication in newspapers, magazines and other media. Prerequisites: MCOM 255, one English composition course, and efficient typing skills. GenEd I.D.
- MCOM 357 PUBLIC RELATIONS WRITING (3) Composing, editing and producing various media materials for both internal and external publications, including press releases, media kits, brochures and newsletters. Prerequisite: MCOM 253. GenEd I.D
- MCOM 358 NEWS EDITING (3) Practice in editing and headline writing for print and on-line media. Prerequisite: MCOM 255.
- MCOM 359 MAGAZINE PUBLISHING (3) Examination of the principles, practices, problems and trends in magazine publishing through tracing the process of a magazine from copy to bindery. Steps in periodical production stressing emphasis on layout factors. Intensive analysis of magazine markets and case studies of magazine publishing problems. Prerequisite: MCOM 255.
- MCOM 381 BROADCAST JOURNALISM (3) Theory and practice of broadcast journalism. The gathering, writing and presentation of news for audio-only and audio-visual media. Ethical standards for broadcast journalism will be analyzed. Prerequisites: MCOM 140 or EMF 140, and MCOM 255.
- MCOM 383 NEWS REPORTING (3) Experience in reporting. Coverage of specific news beats on- and off-campus and general assignment work. Consideration of news-gathering techniques, including direct and participant observation, use of survey research data and use of official records. Prerequisite: MCOM 255.
- MCOM 385 MASS MEDIA AND SOCIETY (3) Seminar on current issues and effects of mass communication. Prerequisite: MCOM 101 or EMF 140, MCOM 140 or MCOM 151.
- MCOM 391 PHOTOJOURNALISM 1 (3) Photography for the mass media. History, aesthetics and ethics are covered. Prerequisites: MCOM 255, PHSC 234 or ART 234, or consent of instructor.
- MCOM 407 (507) WRITING FOR NEW MEDIA (3) Research and create multimedia news and feature articles incorporating hypertext, graphics, photographics, audio and video elements. Prerequisites: MCOM 356, MCOM 357, or MCOM 381 and consent of instructor.
- MCOM 409 LITERARY JOURNALISM (3) Literary technique and dramatic structure for print and online journalistic media. Prerequisite: MCOM 356.
- MCOM 411 COMMUNICATION PROCESS (3) Prominent theories and research on mass media and human communication. Prerequisites: 9 hours of MCOM/COMM including COMM 131 and junior standing.
- MCOM 415 MASS MEDIA GRAPHICS (3) Communication potential of design elements in a variety of graphics using computer technology. Prerequisite: MCOM 358 or MCOM 391 or consent of instructor.
- MCOM 431 [550] PUBLIC OPINION AND THE PRESS (3) Journalistic aspects of public opinion and propaganda; the impact of mass communication media on the formation of public opinion. Techniques of polling and testing public opinion. Not open to those who successfully completed MCOM 351.
- MCOM 433 MEDIA ETHICS (3) Ethical principles, issues, dilemmas in mass communication; professional codes; personal, interpersonal, small group, organizational and societal factors affecting ethical mediated communication. Prerequisites: three of the following courses: MCOM 101, EMF 140, MCOM 140, EMF 145, MCOM 151, and junior/senior standing.
- MCOM 440 ADVERTISING MEDIA SALES (3) Procedures for selling media space and time: strategy, training and preparation. Prerequisite: MCOM 325.
- MCOM 443 [572] INTERNATIONAL ADVERTISING (3) Role of advertising and promotion in the world marketplace. Consideration

- of global and local perspectives, key decisions in agency operations, creative aspects and media. Not open to those who successfully completed MCOM 370.
- MCOM 445 CORPORATE OR INSTITUTIONAL ADVERTISING (3) Techniques used by corporations to develop institutional messages for public presentations. Prerequisites: MCOM 214 and MCOM
- MCOM 447 [547] ADVERTISING CAMPAIGNS (3) Application of advertising principles and practices to the development of campaigns and the preparation of a plan book. Not open to those who successfully completed MCOM 360. Prerequisite: MCOM 325, which can be taken concurrently.
- MCOM 451 [551] PUBLIC RELATIONS FOR NONPROFIT ORGANI-ZATIONS (3) Fund raising and development, implementing and evaluating public relations campaigns for nonprofit organizations. Practical experience lab sessions. Prerequisite: MCOM 357.
- MCOM 453 [553] PUBLIC RELATIONS CAMPAIGNS (3) Strategies and case histories. Design of public relations programs for selected clients. Not open to those who successfully completed MCOM 453. Prerequisites: MCOM 253 and MCOM 357; MCOM 357 can be taken concurrently with Public Relations Campaigns.
- MCOM 457 PHOTOJOURNALISM II (3) Color photography for the mass media, including electronic imaging. Prerequisite: MCOM
- MCOM 459 PROFESSIONAL ISSUES IN PUBLIC RELATIONS, ADVERTISING AND INTEGRATED COMMUNICATIONS (3) Technical, managerial, legal and ethical issues emphasizing accreditation of standards of professional associations. Prerequisite: COMM 419 or MCOM 453 or MCOM 447.
- MCOM 460-469 [560-569] INTERNSHIP IN MASS COMMUNICA-TION (I-6) Practical field experiences. Under faculty and I/CE supervision, students work as interns with a professional in some field of mass communication. Graded S/U. Prerequisites: junior/ senior standing. Minimum overall GPA of 2.75 and 3.00 in the major. Completion of appropriate courses determined by the department. Please check with the I/CE office for specifics. Each number may be attempted for a maximum of 6 credits.
- MCOM 479 SPECIAL TOPICS IN MASS COMMUNICATION (3) Indepth study of a selected area dependent upon faculty and student interest. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisite: junior/senior standing or consent of instructor.
- MCOM 483 COMPUTER-ASSISTED REPORTING (3) Gathering, analyzing and writing about data for the news. Prerequisites: MCOM 255 and MCOM 383.
- MCOM 490 MASS COMMUNICATION RESEARCH (3) Survey of methods and uses of research in mass media fields. Prerequisite: 18 credits of COMM or MCOM; junior/senior standing.
- MCOM 496 INDEPENDENT STUDY IN JOURNALISM (1-6) Directed study through readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: MCOM 255 and consent of instructor.
- MCOM 497 INDEPENDENT STUDY IN PUBLIC RELATIONS (1-6) Directed study through readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: MCOM 253 and consent of instructor.
- MCOM 498 INDEPENDENT STUDY IN ADVERTISING (1-6) Directed study through readings, projects, papers or seminars. May be repeated for a maximum of 6 credits. Prerequisite: MCOM 214 and consent of instructor.
- MCOM 499 HONORS THESIS (3) Intensive research paper or media production project in the areas of newspaper/magazine journalism, photojournalism, public relations, advertising or new media as chosen by the student in consultation with the thesis advisor. Restricted to candidates for Honors in Mass Communication.

Graduate Division

See TU Graduate Catalog for course descriptions.

MATHEMATICS (MATH)

Lower Division

MATH 105 MATHEMATICAL IDEAS (3) Basic concepts and ideas in mathematics are selected to explore the aesthetics and utility of mathematics. Topics are chosen from sets, counting methods,

mathematical systems, basic rules of probability, statistics, logic, finance, geometry, numeration systems and modeling. Not counted towards nor required for Early Childhood Education or Elementary Education majors. Not open to those who successfully completed MATH 101 or MATH 106. Prerequisites: two years of algebra or DVMT 110, and one year plane geometry. GenEd I.C.

MATH 106 INTRODUCTION TO CONTEMPORARY MATH-EMATICS (3) Contemporary applications are explored to illustrate the nature of mathematics, its role in society, and its practical and abstract aspects. Topics are chosen from networks and graphs, the traveling salesman problem, scheduling problems, collecting and describing data, coding information, voting systems, fair division, fractal geometry, and growth and symmetry. Not open to students who successfully completed MATH 105. Prerequisites: two years of algebra or DVMT 110, and one year plane geometry. GenEd I.C.

MATH 111 ALGEBRA FOR APPLICATIONS (3) Intended primarily for students in business, economics, psychology and the social sciences. Applications of finite mathematics: linear equations, matrices, linear programming using graphical methods and the simplex algorithms, sets and counting, elementary probability. Not open to those who successfully completed MATH 115 or MATH 119. Prerequisites: two years of algebra or DVMT 110, and one year plane geometry. GenEd I.C.

MATH 115 BASIC MATHEMATICS FOR THE SCIENCES (3) Intended primarily for students in biology, natural sciences, environmental studies, medical technology and nursing. Functions and equations: linear, quadratic, exponential, trigonometric. Applications of concepts and skills to the life and physical sciences are stressed. Not open to those who successfully completed MATH 119. Prerequisites: two years of algebra or DVMT 110, and one year plane geometry. GenEd I.C.

MATH 119 PRE-CALCULUS (4) The concept of function, exponential, logarthmic, circular and trigonometric functions, systems of linear equations, vectors in two space, lines, conic sections and polar coordinates. Prerequisites: two years algebra or DVMT 110, one year plane geometry, one-half year trigonometry. GenEd I.C.

MATH 204 MATHEMATICAL CONCEPTS AND STRUCTURES I (4)
Problem solving, sets, systems of numeration, development of
numeration system through rational numbers, arithmetic operations
and algorithms, number theory and use of appropriate technology.
(Required of all Early Childhood and Elementary Education
majors.) Prerequisites: two years of high school algebra or DVMT
110 and one year of plane geometry.

MATH 205 MATHEMATICAL CONCEPTS AND STRUCTURES II

(4) Real numbers, functions and graphs, statistical concepts and their applications, analysis and display of one variable and bivariate data, hypothesis testing, probability in single and multistage experiments, and use of appropriate technology. (Required of all Early Childhood and Elementary Education majors.) Prerequisite: MATH 204. GenEd 1.C.

MATH 206 NUMBER SYSTEMS AND FUNCTIONS (4) Number theory including systems of numeration, functions, problem solving with technology and basic concepts of calculus from an intuitive standpoint. Intended primarily for students interested in teaching mathematics in grades 4-8. Prerequisites: two years algebra or DVMT 110, one year plane geometry, one year trigonometry.

MATH 207 QUANTITATIVE AND GEOMETRIC REASONING (4)
Advanced treatment and applications of concepts in geometry, measurement, trigonometry, probability and statistics. Appropriate use of current technology, such as LOGO, will be emphasized. Intended primarily for students interested in teaching mathematics in grades 4-8. Prerequisite: MATH 206. GenEd I.C.

MATH 211 CALCULUS FOR APPLICATIONS (3) Intended primarily for students in biology, business, economics, psychology and the social sciences. Elements of differential and integral calculus from an intuitive standpoint with emphasis on the use of calculus in the above fields. Exponential and logarithmic functions, partial derivatives included. Not open to mathematics majors or minors. Prerequisite: MATH 111 or MATH 119, GenEd I.C.

MATH 231 BASIC STATISTICS (3) Frequency distributions and graphical methods, percentiles, measures of central tendency and variability, probability emphasizing binomial and normal distributions, sampling distributions, point and interval estimation, one and two sample hypothesis tests, simple linear regression. MINITAB or an equivalent computer package is introduced as a computational tool. Practical applications of statistics. Prerequisite: MATH 111 or MATH 115 or equivalent. GenEd I.C.

MATH 233 HONORS BASIC STATISTICS (3) Frequency distributions and graphical methods, percentiles, measures of central tendency and variability, probability, emphasizing binomial and normal distributions, sampling distributions, point and interval estimation, one-and two-sample hypothesis tests, simple linear regression. MINITAB or an equivalent computer package is introduced as a computational tool. Practical applications of statistics. Prerequisite: MATH 111 or MATH 115 or equivalent. GenEd I.C.

MATH 237 ELEMENTARY BIOSTATISTICS (4) Elementary statistical concepts and their application to the biological and health sciences. Descriptive statistics, estimation techniques, hypothesis testing, analysis of enumerative data, and one-way analysis of variance and simple linear regression and correlation analysis. A statistical package such as MINITAB is introduced as a computational tool. Not open to those who successfully completed MATH 231 or MATH 330 or to mathematics majors. Prerequisite: two years high school algebra or DVMT 110. GenEd I.C.

MATH 251 ELEMENTS OF GEOMETRY (4) Geometric vocabulary, relationships, concepts and skills in two and three dimensions using techniques of synthetic, coordinate and transformational geometries, measurement and use of appropriate technology. Required of all Early Childhood and Elementary Education majors. Not open to mathematics majors. Prerequisite: MATH 205.

MATH 263 DISCRÉTE MATHEMATICS (3) Sets, logic, induction, functions, relations, sequences, recursion, combinatorics, graphs and trees, matrices with an emphasis on applications in computer science. Prerequisite: four years of high school mathematics or MATH 119. GenEd I.C.

MATH 265 ELEMENTARY LINEAR ALGEBRA (4) Matrix calculations and determinants, vector spaces over the real numbers, linear transformations, eigenvalues, eigenvectors, and inner products with emphasis on applications. Not open to those who successfully completed MATH 365 or MATH 463. Prerequisite: MATH 211 or MATH 273.

MATH 267 INTRODUCTION TO ABSTRACT MATHEMATICS (4) Sets, mappings, relations, logic, properties of the integers, polynomials and groups. Not open to those who successfully completed MATH 361 or MATH 467. Prerequisite: MATH 273.

MATH 273 CALCULUS I (4) Functions, limits and continuity, differentiation of algebraic and trigonometric functions; mean value theorem; differentials; introduction to integration; applications. Prerequisite: MATH 119 or calculus course in high school or adequate score on placement test. GenEd l.C.

MATH 274 CALCULUS II (4) Differentiation and integration of exponential logarithmic and inverse trigonometric functions; techniques of integration and applications; indeterminate forms; improper integrals; sequences and series of numbers; power series. Prerequisite: MATH 273. GenEd I.C.

MATH 275 CALCULUS III (4) Vectors in two and three dimensions, differential and integral calculus of functions of several variables. Four lecture hours and one laboratory hour per week, GenEd I.C. Prerequisite: MATH 274.

MATH 283 HONORS CALCULUS 1 (4) Functions, limits and continuity; differentiation of algebraic and trigonometric functions; mean value theorem; differentials; introduction to integration; applications. Prerequisite: MATH 119 or calculus course in high school or adequate score on placement test. GenEd I.C.

MATH 284 HONORS CALCULUS II (4) Differentiation and integration of exponential, logarithmic, and inverse trigonometric functions; techniques of integration and applications; indeterminate forms; improper integrals; sequences and series of numbers; power series. Prerequisites: MATH 273 or Honors Calculus I. Topics will be covered in more depth and detail than in Calculus II. Several extended projects on related material will be given. GenEd. I.C.

MATH 293 HONORS SEMINAR IN MATHEMATICS (3) A problem solving seminar designed for students who have shown talent in mathematics but have not yet been exposed to advanced mathematics courses. Techniques of problem solving and the solution of challenging problems involving elementary mathematics, such as probability, number theory, graph theory and counting. Qualified students will usually take this course during their freshman or sophomore year. Honors College Course. Prerequisite: special permit only by Departmental Honors Committee. GenEd I.C.

Upper Division

MATH 301 [501] HISTORY OF MATHEMATICS (3) Development of mathematics emphasizing mathematical concepts and contributions

- of individuals and societies. Major credit only toward Secondary Education Concentration. Prerequisites: MATH 263 or MATH 267, and MATH 274.
- MATH 305 CHANCE (3) Role of chance in a variety of contemporary scientific, social and ethical issues. No credit toward a mathematics major. Prerequisites: One college level mathematics course and one college level science course; junior standing or by permission. GenEd II.A.2.
- MATH 315 APPLIED COMBINATORICS (3) General counting methods, pigeon-hole principle, generating functions, partitions, recurrence relations, inclusion-exclusion principle, Polya's enumeration, introduction to graph theory. Prerequisite: MATH 263 or MATH 265 or MATH 267.
- MATH 321 TEACHING MATHEMATICS IN EARLY CHILDHOOD EDUCATION (3) Materials of instruction and methods of presentation with emphasis on the discovery approach. No credit toward a Mathematics major or minor. Prerequisites: MATH 204 (or MATH 206) and MATH 205 (or MATH 207).
- MATH 323 TEACHING MATHEMATICS IN ELEMENTARY SCHOOL (3) Nature of instruction, organization of units of instruction, provisions for developing understandings, new programs and research findings, and techniques and evaluation. Required of all elementary education majors. No credit toward a Mathematics major or minor. Prerequisites: MATH 204 (or MATH 206), MATH 205 (or MATH 207), and MATH 251.
- MATH 324 SUPERVISED OBSERVATION/PARTICIPATION IN ELEMENTARY SCHOOL MATHEMATICS (2) Application of methodology for developing and conducting classroom activities in mathematical concepts and skills at local elementary schools. Corequisite: MATH 323. Graded S/U.
- MATH 326 THE MATHEMATICS OF INFORMATION SCIENCE (3) Encoding information introducing metrics, isometries, equivalence relations, modular arithmetic, base 2 arithmetic, matrix algebra, probability and combinatorics, including binary codes, bar codes, check digits, internal computer representations of information, and logic gates. Students cannot earn credit for both COSC 326 and MATH 326. No credit toward a Computer Science major or minor.
- MATH 330 INTRODUCTION TO STATISTICAL METHODS (4) An introductory course for students with mathematics and computing backgrounds emphasizing statistical ideas and techniques. Descriptive statistics, probability, estimation and sampling, hypothesis testing, regression and correlation, and analysis of variance. A statistical package such as MINITAB is introduced as a computational tool. Prerequisite: MATH 274.
- MATH 331 [531] PROBABILITY (4) Probability in sample spaces, discrete and continuous random variables, distribution theory, Chebyshev's Theorem, Central Limit Theorem, expected values and moments. Prerequisite: MATH 274.
- MATH 332 [532] MATHEMATICAL STATISTICS (4) Sample theory and distributions, point estimation, confidence intervals, tests of hypothesis, regression, correlation and analysis of variance. (Offered only in the spring semester.) Prerequisite: MATH 331.
- MATH 333 [533] APPLIED REGRESSION AND CORRELATION ANALYSIS (3) Relationships among variables emphasizing linear regression with one or more independent variables, methods of estimating parameters and testing hypotheses, selection of independent variables and other topics. Prerequisite: one course in elementary statistics.
- MATH 334 [534] NONPARAMETRIC STATISTICAL METHODS (3) Applied study of popular nonparametric tests, procedures utilizing data from a single sample and two or more independent and related samples, Chi-square tests of independence, homogeneity and goodness-of-fit; rank correlation and other measures of association. Prerequisite: one course in elementary statistics.
- MATH 335 [545] SAMPLING TECHNIQUES (3) Simple random, stratified, systematic cluster and double sampling. Sampling for proportions, averages and totals, and sample size determination. Prerequisite: one course in elementary statistics.
- MATH 336 [546] STATISTICAL METHODS IN QUALITY CONTROL (3) Statistical process control including principles of control charts, control charts for attributes and variables, and special control charts. Methods for quality improvement. Acceptance sampling including single, double, multiple and sequential attribute sampling, and acceptance sampling by variable. Prerequisite: one course in elementary statistics.
- MATH 353 EUCLIDEAN AND NON-EUCLIDEAN GEOMETRIES (3) Review of synthetic Euclidean geometry, non-Euclidean geometries,

- finite geometries and systems of axioms, classical theorems and elementary transformations. (Offered only in spring semester.) Prerequisite: MATH 263 or MATH 267, and MATH 273.
- MATH 367 [567] THEORY OF NUMBERS (3) Theory of prime numbers, the division algorithm, the Fundamental Theorem of Arithmetic, polynomials, congruences, and number theoretic functions. (Offered only in the fall semester.) Prerequisite: MATH 263 or MATH 267.
- MATH 374 [574] DIFFERENTIAL EQUATIONS (3) Theory and application of linear ordinary differential equations. Solutions of non-linear ordinary differential equations of the first order. Prerequisite: MATH 274.
- MATH 377 [575] MATHEMATICAL MODELS (3) Developing appropriate mathematical models and techniques to solve mathematical problems in sociology, psychology, economics, management science and ecology. Prerequisites: MATH 265, MATH 274, COSC 236 and at least junior standing.
- MATH 379 [579] ADVANCED CALCULUS (3) Vector, integral and differential calculus including the divergence and Stoke's theorems. Fourier series, orthogonal functions and applications. Prerequisite: MATH 275.
- MATH 390 INTRODUCTION TO ACTUARIAL MATHEMATICS (3) Problem-oriented review of discrete mathematics, calculus of one and several variables, linear algebra, and introductory complex functions with discussions of ongoing professional actuarial projects. Prerequisites: MATH 265 and MATH 275.
- MATH 397 INTERNSHIP IN MATHEMATICS (3) Students will be assigned to work on a mathematics project for a local business or industry under the direction of the industry supervisor and a member of the mathematics faculty. May be repeated for a maximum of 6 credits. No credit toward a Mathematics major or minor. Prerequisites: junior standing and 6 hours of upper-division mathematics courses. Graded S/U.
- MATH 421 [521] APPLICATIONS OF MATHEMATICS FOR SECONDARY SCHOOL TEACHERS (3) Examines a series of applications of mathematics that may be used to enrich the secondary mathematics curriculum. No credit toward a mathematics major. Prerequisite: teaching experience in mathematics or science or consent of instructor.
- MATH 422 SEMINAR IN MATHEMATICS EDUCATION FOR ELEMENTARY SCHOOL TEACHERS (3) Analysis of topics, techniques, programs and materials used in the teaching and learning of mathematics in the elementary schools. Credit may be applied to the Elementary Education Mathematics minor program but not to other Mathematics major/minor programs. Prerequisite: MATH 321 or MATH 323.
- MATH 423 TEACHING MATHEMATICS IN THE SECONDARY SCHOOLS (3) Examination of courses of study and textbooks, study of methods of teaching. Open only to students in the student teaching block. This course will be offered only in the spring semester to be followed by MATH 426 during the fall. Prerequisites: MATH 267 and MATH 353, or consent of instructor.
- MATH 425 [525] METHODS AND MATERIALS FOR MATH LAB INSTRUCTION (1-3) Examination of and experiences with commercial and teacher-made materials designed for a laboratory (activity-centered) approach to learning mathematics. Prerequisite: a methods course in teaching mathematics (MATH 321, MATH 323, MATH 423) or previous teaching experience.
- MATH 426 STUDENT TEACHING IN SECONDARY EDUCATION-MATHEMATICS (12) Field experience in public school classrooms under the guidance of master teachers and a university supervisor. Prerequisites: PSYC 201, SCED 319 or SCED 341, SCED 460, SPED 301, MATH 423, and written permission from the Center for Applied Skills in Education, Graded S/U.
- MATH 427 [527] READINGS IN MATHEMATICS EDUCATION FOR THE ELEMENTARY SCHOOL TEACHER (1-3) Directed study for the teacher of elementary school mathematics. No credit toward a Mathematics major. Prerequisites: MATH 321 or MATH 323 and approval of instructor.
- MATH 428 SENIOR SEMINAR MATHEMATICS EDUCATION (2) Integration of mathematical knowledge and pedagogical issues in secondary schools. Prerequisites: senior standing and MATH 423, which may be taken concurrently. Graded S/U.
- MATH 429 [529] READINGS IN MATHEMATICS EDUCATION FOR THE SECONDARY SCHOOL TEACHER (1-3) Directed study for the teacher of secondary school mathematics. No credit toward a Mathematics major. Prerequisite: consent of instructor.

- MATH 433 [543] APPLIED ANALYSIS OF VARIANCE (3) Single and multifactor models, inference for factor level means, multiple comparison methods for factor level means, test of additivity, tests of homogeneity, regression approach to analysis of variance. Prerequisite: MATH 333.
- MATH 435 [535] NUMERICAL ANALYSIS I (3) Error analysis, interpolation, numerical differentiation and integration, numerical solution of algebraic equations, direct and interactive techniques for solving linear systems of algebraic equations. Mathematical and comparable computer algebra systems will be used. Prerequisites: MATH 265, MATH 274, and COSC 236.

MATH 436 [536] NUMERICAL ANALYSIS II (3) Numerical solution of differential equations. Least squares and its applications, linear programming and extension of the concepts of MATH 435. Mathematical and comparable computer algebra systems will be used. (Offered only in the spring semester.) Prerequisite: MATH 435.

MATH 437 [537] OPERATIONS RESEARCH (4) Introduction to linear and integer programming, the simplex method and duality theory; dynamical formulation of deterministic decision process problems, applications to problems of equipment replacement, resource allocation and scheduling, Poisson processes, and birth and death processes. Prerequisites: MATH 265 and MATH 331.

MATH 438 [538] LIFE CONTINGENCIES I (3) Theory and applications of contingency mathematics in the areas of life and health insurance, annuities and pensions from both the probabilistic and deterministic

approaches. Prerequisite: MATH 331.

MATH 451 [551] GRAPH THEORY (3) Hamiltonian and Eulerian graphs, coloring graphs, planar and non-planar graphs, connectivity problems; isomorphic graphs and advanced topics. Prerequisite: MATH 263 or MATH 267.

MATH 457 [557] DIFFERENTIAL GEOMETRY (3) Curvatures of curves and surfaces in three dimensional Euclidean space, geodesics, invariants, mappings and special surfaces. Prerequisite: MATH 275.

MATH 463 [563] LINEAR ALGEBRA (3) Vector spaces over arbitrary fields, linear transformations, eigenvalues, eigenvectors, inner products, bilinear forms, direct sum decompositions and the Jordan form. Not open to those who successfully completed MATH 365. Prerequisites: MATH 265 and MATH 267.

MATH 467 [568] ALGEBRAIC STRUCTURES (4) Groups, rings, fields, integral domains and polynomial rings. Not open to those who successfully completed MATH 361, Prerequisites: MATH 265 and

MATH 267.

MATH 473 [576] INTRODUCTORY REAL ANALYSIS (4) An introduction to mathematical analysis. Sequences, series, continuity, differentiation, integration and uniform convergence. Prerequisites: MATH 267 and MATH 275.

MATH 475 [577] COMPLEX ANALYSIS (4) Complex number system, analytic functions, Cauchy's integral theorem and integral formula, Taylor and Laurent series, isolated singularities, Cauchy's residue theorem and conformal mappings. Prerequisite: MATH 275.

MATH 477 [578] TOPOLOGY (3) Basic concepts of point set topology, separation axioms, compact and connected spaces, product and quotient spaces, convergence, continuity and homeomorphisms.

Prerequisites: MATH 267 and MATH 275.

MATH 480-489 [580-589] SELECTED TOPICS IN MATHEMATICS AND STATISTICS (1-4) Topics will be chosen from different areas in mathematics and statistics. Content will be determined so as to complement course offerings as well as the needs and desires of students. MATH 480 through MATH 483 may not be counted toward a mathematics major. May be repeated for a maximum of 9 credits provided a different topic is covered. Prerequisites will vary from topic to topic.

MATH 485 MATHEMATICAL FINANCE (3) Mathematical theory, computation and practical application of derivatives in managing financial risk. Fundamental derivative calculations for single period models such as forwards, futures and options. Binomial trees will be explored along with an introduction to the Black-Scholes continuous time model. Not open to students who have successfully completed MATH 429. Computer laboratory activities throughout. Prerequi-

sites: MATH 331, FIN 331.

MATH 490 SENIOR SEMINAR IN MATHEMATICS (2) Selected mathematical topics and their applications. Prerequisite: senior

MATH 491 [591] READINGS IN MATHEMATICS (1-3) Independent reading in selected areas of mathematics. May be repeated for a maximum of 6 credits. Prerequisites: consent of instructor and senior

status.

MATH 492 RESEARCH IN MATHEMATICS (1-3) Supervised original work in pure or applied mathematics. Formal written report required. May be repeated for 6 credits. Graded S/U. Prerequisite: Consent of instructor.

MATH 493 DIRECTED READINGS IN MATHEMATICS (HONORS) (3) Individual reading and background research under direction of a faculty member in preparation for writing an honors thesis. Prerequisite: admission to department honors program.

MATH 495-496 APPLIED MATHEMATICS LABORATORY I, II (3,3) Investigation by a team of students under faculty direction of a problem of mathematical and/or computational nature, chosen from proposals submitted by clients in the university or local industry. Team involvement may include literature searches, model definition, collection and analysis of data and model verification. Restricted to invited students. Prerequisites: 9 hours of mathematics and/or computer science, at least junior standing, and consent of instructor.

MATH 499 HONORS THESIS IN MATHEMATICS (3-6) Writing of an honors thesis based on individual research. May be repeated for a maximum of 6 credits. Open only to advanced honors candidates. Prerequisite: permission of department Honors Committee.

Graduate Division

See TU Graduate Catalog for course descriptions.

MUSIC APPLIED (MUSA)

Lower Division (100 and 200 level) and Upper Division (300 and 400 level)

Private Lessons (1-2)

Instruction in instrument technique and performance: individual lesson (1/2 hour for 1 credit, 1 hour for 2 credits) and one-hour group master class.

The Department of Music Applied Music Handbook lists criteria for auditions and performance standards for each level. Successful completion of a jury examination is required at the end of each semester. An upper-division jury is required before registering at the 300 level. May be repeated for credit depending on concentration. Prerequisites: audition and by special permit only. Fees: additional fees apply. Contact the department for fee policy, 410-704-2836.

Composition

concurrently enrolled in 400-level applied lessons.

MUSA 499 Senior Recital for Bachelor of Music Degree

Preparation and performance of the senior recital. Prerequisites: successful completion of 300-level applied lesson requirements and permission of instructor. Must be concurrently enrolled in 400-level applied lessons. Graded S/U.

MUSIC (MUSC)

Lower Division

MUSC 100 INFORMATION GATHERING AND ASSESSMENT IN MUSIC (3) Traditional and electronic information, sources, methods and technology to retrieve, critically assess and integrate information. GenEd I.B.

MUSC 101 INTRODUCTION TO MUSIC OF THE WESTERN HERITAGE (3) Masterworks of European and American art music from the perspective of contemporary society through lecture, listening and discussion. Open to non-music majors; does not satisfy major or minor requirement. GenEd H.C.1.

MUSC 102 INTRODUCTION TO MUSIC OF THE WESTERN HERITAGE: ANALYTIC EMPHASIS (3) Masterworks of European and American art music from the perspective of contemporary society. Prerequisite: Ability to read music essential. GenEd II.C.1. Special permit required.

MUSC 105 ELEMENTS OF WESTERN MUSIC THEORY (3) Theoretical concepts through practical experiences with notation, meter, scales, intervals and chord structures. Open to non-majors and music minors. GenEd II.C.1.

MUSC 106 HONORS INTRODUCTION TO MUSIC OF THE WESTERN HERITAGE (3) Masterworks of European and American art music from the perspective of contemporary society. Open to non-music majors; does not satisfy major requirement. Honors College course, special permit only. GenEd II.C.1.

MUSC 110 HONORS INTRODUCTION TO WORLD MUSICS (3) Musical traditions of the world, including understanding of musical languages and development of listening skills for appreciation of diverse musical cultures. Prerequisites: Honors College course. Special permit only. GenEd II.D.

MUSC 111 INTRODUCTION TO AMERICAN MUSIC (3) Genres and styles of American music from pre-colonial times to present: religious, folk, popular, musical theatre, jazz and classical. GenEd

MUSC 112 WORLD MUSIC: THE AMERICAS, AFRICA AND WEST EUROPE (3) Traditional and popular music in the Americas, Africa and West Europe. Different functions and meanings of music in various societies. GenEd. II.D.

MUSC 113 WORLD MUSIC: EAST EUROPE, ASIA AND THE MIDDLE EAST (3) Traditional and popular music in East Europe, Asia and the Middle East. Different functions and meanings of music in various societies. GenEd. 11.D.

MUSC 123 HISTORY OF JAZZ (3) Stylistic survey of major currents in the history of jazz. Explores importance of this musical tradition in American culture. GenEd II.B.1.

MUSC 125 HONORS HISTORY OF JAZZ (3) An examination of major currents in the history of jazz. Explores the importance of this musical tradition in American culture through discussion, analysis, listening and independent study. Honors College Course. Special permit only. GenEd II.B.1.

MUSC 127 ELEMENTS AND HISTORY OF ROCK MUSIC (3) Contributions to rock music through basic musical elements. GenEd

MUSC 131-132 MUSIC THEORY I AND II (2,2) The study of harmony up to secondary dominants and modulation. Elements of counterpoint and form. Special permit required for MUSC 131. Prerequisite for Theory II: MUSC 131.

MUSC 133-134 MUSICIANSHIP I AND II (2,2) Development of aural skills through sight singing, dictation, improvisation and keyboard applications. Correlated with Music Theory I and II. Normally taken concurrently with MUSC 131-132. Special permit required for MUSC 133. Prerequisite for Musicianship II: MUSC 133.

MUSC 135 COMPUTER APPLICATIONS IN MUSIC (3) Introduction to the concepts, terms and skills needed for creative use of computer applications in music. The Musical Instrument Digital Interface (MIDI) protocol will be explored with a focus on the design and creative use of computer music systems. Prerequisite: MUSC 131.

- MUSC 205 WOMEN IN WESTERN MUSIC (3) Roles and contributions of women composers and performers from ancient Greece to contemporary American society. GenEd II.C.3.
- MUSC 231-232 MUSIC THEORY III AND IV (2,2) The study of chromatic harmony and various modern practices including modality, extended tonality and serial techniques. Elementary counterpoint. Binary and ternary forms. Variation principle. Prerequisite for Theory III: MUSC 132. Prerequisite for Theory IV: MUSC 231.
- MUSC 233-234 MUSICIANSHIP III & IV (2,2) Development of aural skills through sight singing, dictation, improvisation and keyboard applications. Correlated with Music Theory III & IV. Normally taken concurrently with MUSC 231-232. Prerequisite for Musicianship III: MUSC 134. Prerequisite for Musicianship IV: MUSC 233.
- MUSC 235 KEYBOARD HARMONY (1) Keyboard application of theoretical techniques with emphasis on chordal harmonization and transposition of melodies. Prerequisite: MUSC 191 or equivalent.
- MUSC 245 DICTION FOR SINGERS I (ENGLISH AND ITALIAN) (2)
 Using the International Phoenetic alphabet as a basis for pronunciation, this course introduces singers to the fundamentals of English and Italian diction. Prerequisite: voice major or consent of instructor.
- MUSC 246 DICTION FOR SINGERS II (FRENCH AND GERMAN) (2)
 Using the International Phonetic alphabet as a basis for pronunciation, this course introduces singers to the fundamentals of French and German diction. Prerequisites: voice concentration and MUSC 245 or consent of instructor.
- MUSC 281 RECORDING TECHNIQUES 1 (3) A course in recording techniques involving the history, concepts and mechanics of the recording process. Designed to train students for the recording of live concerts, this course acquaints students with acoustical principles, recording hardware and recording procedures. Includes laboratory work assisting in the recording studio during concerts. Prerequisites:

 MUSC 101, MUSC 102 or MUSC 106, and consent of instructor.

 MUSC 282 RECORDING TECHNIQUES II (3) Emphasizes signal
- MUSC 282 RECORDING TECHNIQUES II (3) Emphasizes signal processing equipment and how it relates to live recording from the concert stage. Includes experience recording live concerts in the Center for the Arts Concert Hall. Prerequisites: MUSC 281 and consent of instructor.

- MUSC 301 HISTORY OF MUSIC I (3) Survey of the development of music in the western world from the period of ancient Greece to the end of the baroque period. Emphasis is placed on stylistic analysis of the music. Prerequisites: MUSC 102; MUSC 231.
- MUSC 302 HISTORY OF MUSIC II (3) Survey of the development of music in the western world from the classical era to the present. Emphasis is placed on stylistic analysis of music. Prerequisites: MUSC 100, MUSC 102, MUSC 231, ENGL 102 or 190. GenEd I.D.
- MUSC 305 INTRODUCTION TO THE MUSIC INDUSTRY (3) Publishing, copyright law, licensing, managers and agents, arts administration, concert promotion, music merchandising, recording and selling.
- MUSC 311 ACCOMPANYING AND SIGHT READING I (3) Study of vocal and instrumental accompanying with emphasis on sight reading, transposition and acquaintance with literature. Prerequisite: consent of instructor.
- MUSC 312 ACCOMPANYING AND SIGHT READING II (3) Advanced study of vocal and instrumental accompanying with emphasis upon sight reading, transposition and acquaintance with vocal and instrumental literature. Prerequisite: MUSC 311.
- MUSC 327 CHORAL CONDUCTING (3) Group instruction in basic conducting techniques and interpretation with relation to choral organizations. Prerequisite: MUSC 132 or consent of instructor.
- MUSC 329 INSTRUMENTAL CONDUCTING (3) Group instruction in basic conducting techniques and interpretation with relation to instrumental organizations. Prerequisite: MUSC 132 or consent of instructor.
- MUSC 335 CHORAL AND INSTRUMENTAL ARRANGING (3)
 Composition and arranging techniques for voices and/or instruments. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 402 [502] MUSIC OF THE BAROQUE PERIOD (3) Study of the development of musical styles, forms and compositional techniques from 1600 to about 1750. Prerequisite: MUSC 232 or consent of instructor.

- MUSC 403 [503] MUSIC OF THE CLASSICAL PERIOD (3) Styles, forms and techniques from 1750-1820. Particular emphasis is placed on such instrumental categories as the string quartet, somata, symphony and concerto as illustrated in the works of Haydn, Mozart and Beethoven. Attention is given to operatic and sacred compositions masters. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 404 [504] MUSIC OF THE ROMANTIC PERIOD (3) Musical styles, forms and techniques of the 19th century with special attention to the intellectual foundations of the Romantic movement. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 405 [505] CONTEMPORARY MUSIC (3) Styles, forms and musical techniques since 1900. Prerequisite: MUSC 302 or consent of instructor.
- MUSC 406 [506] SURVEY OF SOLO VOICE LITERATURE (3) A musical survey of the art-song from circa 1750 to the present. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 409 [509] HISTORY AND LITERATURE OF GUITAR, LUTE AND VIHUELA (3) A survey of the history of and literature written for or readily adaptable to the guitar. Includes study of tablatures and transcriptions to modern notation. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 411 [511] SURVEY OF OPERA (3) Study of opera literature of various periods and styles. Prerequisite: junior/senior standing or consent of instructor.
- MUSC 413 [513] SYMPHONIC LITERATURE (3) Survey of orchestral music from the Classical Period to the present. Includes symphony, overture and symphonic poem. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 414 [514] COUNTERPOINT (3) Principles of species counterpoint, using examples from all style periods and writing of counterpoint in all five species. Prerequisite: completion of music theory sequence or consent of instructor.
- MUSC 419 [519] KEYBOARD LITERATURE (3) Literature for keyboard instruments from 1450 to present. Prerequisite: junior/senior standing or consent of instructor.
- MUSC 420 [520] JAZZ THEORY (3) Study and practice of rhythmic, harmonic and melodic dictation in jazz styles; the use of extended chords and modal harmony in the jazz idiom. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 421 [521] AMERICAN MUSIC (3) American music from the Colonial Period to the present. Prerequisite: junior/senior standing or consent of instructor.
- MUSC 425 [525] JAZZ REPERTOIRE (3) Study and performance of standard jazz literature for small, varied instrumental groups or vocalists. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 426 [526] JAZZ HISTORY (3) Survey of jazz from its origins to the present day. Prerequisite: MUSC 232.
- MUSC 427-428 [527-528] JAZZ ARRANGING I, II (3,3) Study and practice of arranging of standard material for jazz ensembles. Prerequisite: MUSC 232 or consent of instructor.
- MUSC 429-430 [529-530] JAZZ IMPROVISATION I, II (3,3) Study and practice of improvising in various jazz styles. Prerequisite: MUSC 231-232 or consent of instructor.
- MUSC 431 [531] ADVANCED CHORAL AND INSTRUMENTAL ARRANGING (3) Advanced arranging techniques including the scoring of works for various combinations of instruments and/or voices. Prerequisite: MUSC 335 or consent of instructor.
- MUSC 437 ADVÂNCED COMPUTER APPLICATIONS (3) Creative use of computer applications: sequencing, notation, synthesis applications, digital audio recording, editing, synchronization with film/music. Prerequisite: MUSC 135.
- MUSC 442 [542] VOCAL PEDAGOGY (2) Theory and practice of the teaching of singing by national styles, historical approaches and the physiology of the voice. Prerequisites: MUSA 203 or consent of instructor, MUSC 245 and MUSC 246.
- MUSC 453 [553] ORGAN PEDAGOGY (3) Historical approach to methods of teaching the organ. Prerequisite: MUSA 306 or consent of instructor.
- MUSC 460 [560] PIANO PEDAGOGY (3) Teaches the goals and steps in the art of teaching beginner, elementary and intermediate piano.
- MUSC 462 [562] GUITAR PEDAGOGY (3) Art and science of teaching guitar, historical and current practices; observations. Private studio organization and administration. Prerequisites: 200-level guitar private lessons or consent of instructor.
- MUSC 471-479 [571-579] SPECIAL TOPICS IN MUSIC (3)
 Consideration of a central topic in music with a different topic each

semester. May be repeated for credit provided a different topic is covered. Prerequisites: MUSC 232 or consent of instructor.

MUSC 493 [593] INDEPENDENT RESEARCH IN MUSIC (1-3) Supervised research in a selected topic in music culminating in an extended paper. May he repeated for credit provided a different topic is covered. Prerequisites: MUSC 302 or consent of instructor.

MUSC 497 INTERNSHIP IN MUSIC (I-6) Field experience with working professionals. Prerequisite: consent of Music interuship coordinator. S/U grading.

Graduate Division

See TU Graduate Catalog for course descriptions.

MUSIC EDUCATION (MUED)

METHODS CLASSES

Class instruction for music education majors on the designated instrument or voice. All classes are 1 credit unless otherwise designated.

MUED 201 BRASS CLASS I
MUED 202 BRASS CLASS II
MUED 203 LOWER STRING CLASS
MUED 204 UPPER STRING CLASS
MUED 205 WOODWIND CLASS I

MUED 205 WOODWIND CLASS I MUED 206 WOODWIND CLASS II MUED 207 PERCUSSION CLASS I

MUED 208 PERCUSSION CLASS II

MUED 209 TEACHING GUITAR IN THE CLASSROOM (2)

MUED 210 VOICE CLASS

Lower Division

MUED 101 FUNDAMENTALS OF MUSIC FOR KINDERGARTEN AND ELEMENTARY TEACHERS (3) The study of basic music skills and concepts for prospective kindergarten and elementary teachers.

MUED 220 PERCUSSION WORKSHOP (2) Performance and teaching concepts on all percussion instruments; class-type lessons on auxiliary percussion; learning to maintain and repair mallets and instruments; learning to "custom make" beaters, holders, etc.; learning to write for percussion; rehearsing and conducting percussion solo and ensemble literature. Prerequisite: open only to students in Percussion Concentration.

Upper Division

MUED 301 MARCHING BAND TECHNIQUES (0.5) Organization and administration of marching bands; show design, music programming, field preparation and rehearsal techniques.

MUED 304 METHODS OF TEACHING MUSIC IN EARLY CHILDHOOD EDUCATION (2) Methods and materials in music education for children ages three through eight in a laboratory setting. Early Childhood Education majors only. Concurrent Preprimary curriculum ECED 341. Not open to those who successfully completed MUED 307. Prerequisite: MUSC 101.

MUED 305 METHODS OF TEACHING MUSIC IN ELEMENTARY EDUCATION (2) Methods and materials for teaching music in elementary school presented in a laboratory setting. Elementary education majors only. Not open to those who successfully

completed MUED 307. Prerequisite: MUED 101.

MUED 306 METHODS OF TEACHING INSTRUMENTAL MUSIC IN ELEMENTARY SCHOOLS (4) Role of instrumental music in elementary school: Normally taken fall semester prior to student teaching. Prerequisites: music major, junior standing; successful completion of Keyboard Proficiency Test.

MUED 307 METHODS OF TEACHING VOCAL-GENERAL MUSIC IN THE ELEMENTARY SCHOOL (4) Vocal-general programs in elementary schools: Orff, Kodaly and Dalcroze techniques and principles with children in a laboratory setting. Normally taken in semester prior to student teaching. Prerequisites: Music major, junior standing; successful completion of Keyboard Proficiency Test.

MUED 308 METHODS OF TEACHING INSTRUMENTAL MUSIC IN SECONDARY SCHOOLS (2) Methods and materials for the instruction of instrumental music. Concurrent with student

teaching, Prerequisite: MUED 306.

MUED 309 METHODS OF TEACHING VOCAL-GENERAL MUSIC IN SECONDARY SCHOOLS (2) Methods and materials for instruction of vocal-general music. Concurrent with student teaching. Prerequisites: MUED 307; MUED 337.

MUED 310 INTRODUCTION TO MUSIC IN SPECIAL EDUCATION

(3) Curriculum materials and activities addressing the needs of disabled students; development and adaptation of lesson plans and individual education programs are emphasized. Music Education majors only. Prerequisites: normal admission to Teacher Education Program and PSYC 201.

MUED 337 TEACHING CHORAL MUSIC IN THE ELEMENTARY AND THE SECONDARY SCHOOL (2) Examination of materials, methods and procedures in organizing school choral groups and in teaching choral music to elementary and secondary students. Prerequisite: MUSC 327.

MUED 391 STUDENT TEACHING IN ELEMENTARY SCHOOL — MUSIC (6) Prerequisites: MUED 306 and 310, MUSC 307 (Instrumental); MUED 209, 307, 310, 337 (Vocal-General); Keyboard Proficiency Test; successful completion of Praxis I Academic Skills Assessments, speech and hearing screening, and criminal background check. Graded S/U.

MUED 392 STUDENT TEACHING IN SECONDARY SCHOOL — MUSIC (6) Prerequisites: MUED 306 and 310, MUSC 307 (Instrumental); MUED 209, 307, 310, 337 (Vocal-General); Keyboard Proficiency Test; successful completion of Praxis I Academic Skills Assessments, speech and hearing screening, and criminal background check. Graded S/U.

NURSING (NURS)

NURS 323 [523] CRISIS AND STRESS MANAGEMENT (3) Integrated, comprehensive, multicomponent approach to crisis intervention in a variety of individuals, groups and settings. Prerequisites: PSYC 101 or HLTH 101.

NURS 330 PROFESSIONAL NURSING: BRIDGE (3) Conceptual framework of Department of Nursing, including health, health promotion and maintenance for clients throughout the life span. Prerequisite: admission to Nursing Major, RN in the state of Maryland.

NURS 331 PROFESSIONAL NURSING I: INTRODUCTION (2) Introduces students to the professional role of nursing. Encompasses conceptual framework of the Department of Nursing. Prerequisite: admission to the Nursing major.

NURS 341 ALTERATIONS IN HEALTH (3) Pathophysiologic processes of human illness across the lifespan. Adaptive and maladaptive responses to stress are examined. Prerequisites: admission to the Nursing major; NURS 331 (can be taken concurrently).

NURS 343 PHARMACOTHERAPEUTIC AGENTS (2) Pharmacologic agents commonly used in treatment of disease states and the nursing responsibilities involved. Prerequisites: admission to the Nursing major; NURS 331 and NURS 341 (can be taken concurrently).

NURS 345 TECHNOLOGY AND THERAPEUTIC INTERVENTIONS (2) Technological, psychomotor and psychosocial skills used by the nurse in the provider of care role. Prerequisites: admission to the Nursing major; NURS 331, NURS 341, NURS 343, NURS 347 (can be taken concurrently).

NURS 347 HEALTH ASSESSMENT ACROSS THE LIFE SPAN (3) Acquisition of skills for physical and psychosocial health assessment across the lifespan. Prerequisites: admission to the Nursing major; NURS 331, NURS 341, NURS 343 and NURS 345 (can be taken concurrently).

NURS 351 NURSING PRACTICE I: HEALTH PROMOTION ACROSS THE LIFESPAN (4) Major concepts of health, health promotion and maintenance for clients throughout the lifespan. Initial experience in the provider role of the professional nurse. Prerequisites: admission to the nursing major; NURS 331, NURS 341, NURS 343, NURS 345, and NURS 347 (can be taken concurrently).

NURS 353 NURSING PRACTICE II: ADULT HEALTH (5) Nursing care of adults experiencing alterations in health. Application of critical thinking skills and therapeutic nursing interventions in a variety of community-based environments. Prerequisite: completion of all courses in junior year, first semester.

NURS 355 NURSING PRACTICE III: CHILDBEARING FAMILIES (5)
Nursing care of childbearing families. Application of critical
thinking skills and therapeutic nursing interventions in a variety of
community-based environments. Prerequisite: completion of all
courses in junior year, first semester.

NURS 385 SEMINAR I (1) Developing collaborative relationships with faculty, peers and mentors; formulating a plan for professional

- development; and initiating and presenting a scholarly project. Prerequisite: admission to the USM cooperative "Bridge" program.
- NURS 404 HEALTH CARE: AN INTERDISCIPLINARY APPROACH
 (3) Health care in America, exploring societal factors, resources, social policy, health care delivery, legal and ethical issues. Prerequisite: junior/senior status.
- NURS 410 [510] SPIRITUALITY, HEALTH, AND NURSING PRACTICE (3) Application of theory and research in spiritual care of diverse client populations across the lifespan and development of spiritual self-care plan of the provider. Prerequisites: One clinical course in nursing, RN status, or consent of instructor.
- NURS 416 CULTURAL DIVERSITY AND HEALTH CARE (3) Transcultural health care principles, focusing on cultural influences on biological, psychological, sociological, intellectual and spiritual dimensions of individuals. Historical perspective to contemporary cultural health care. GenEd II.C.3.
- NURS 431 PROFESSIONAL NURSING II: RESEARCH (2) Nursing research through preparation of a proposal; qualitative and quantitative approaches and ethical issues. Prerequisites: completion of all courses in the junior level; MATH 231 or MATH 237 or PSYC 212.
- NURS 433 PROFESSIONAL NURSING III: ISSUES (3) Transition from student to registered nurse; contemporary issues and challenges of professional nursing. Prerequisite: completion of all courses in the senior year, first semester. GenEd I.D.
- NURS 451 NURSING PRACTICE IV: PSYCHIATRIC AND MENTAL HEALTH (5) Nursing care of adults experiencing alterations in psychological and/or social behaviors. Application of critical thinking skills and therapeutic nursing interventions in a variety of community-based environments. Prerequisite: completion of all courses in the junior level.
- NURS 453 NURSING PRACTICE V: CHILD HEALTH (5) Nursing care of children experiencing alterations in health. Application of critical thinking skills and therapeutic nursing interventions in a variety of community-based environments. Prerequisite: completion of all courses in the junior level.
- NURS 455 NURSING PRACTICE VI: COMMUNITY HEALTH (5) Role of the professional nurse as provider and coordinator of care for complex families, aggregates and communities. Prerequisite: completion of all courses in the senior year, first semester.
- NURS 457 NURSING PRACTICE VII: CLINICAL PRACTICUM (2)
 Provider role of the nurse in a selected clinical environment.
 Application of critical thinking and therapeutic nursing interventions. Graded S/U. Prerequisite: completion of all courses in the senior year, first semester.
- NURS 459 NURSING PRACTICE VIII: LEADERSHIP AND MANAGEMENT (4) Leadership roles and management functions of the nurse as coordinator of care for clients across the lifespan in a variety of health care environments. Prerequisite: completion of all courses senior year, first semester: NURS 433, NURS 455, NURS 457 (can be taken concurrently).
- NURS 485 SEMINAR II (1) Develops roles and responsibilities of nursing leaders. Prerequisite: NURS 385.
- NURS 487 SEMINAR III (1) Trends, issues and roles related to advanced practice nursing. Prerequisite: NURS 485.
- NURS 491 DIRECTED READINGS (1-3) Independent reading designed to explore topics and/or issues of special interest to the practice of nursing. Prerequisites: completion of all 300-level nursing courses and permission of chair of the department.
- NURS 493 INDEPENDENT STUDY (1-3) Directed study designed to provide an in-depth educational experience in nursing. Topics related to theory and practice of nursing, Prerequisites: completion of all 300-level nursing courses or equivalent and permission of chair of department.
- NURS 494 [594] TRAVEL STUDY IN NURSING (3-9) Historical and contemporary socio-political factors that guide the delivery of health care to various population groups in other countries. May be repeated for a maximum of 9 credits. Prerequisite: Consent of instructor.

OCCUPATIONAL THERAPY (OCTH)

Lower Division

OCTH 103 LEISURE AND HEALTH ISSUES IN CONTEMPORARY SOCIETY (3) The history and meaning of leisure activity,

- contemporary issues, and the importance of leisure to health maintenance. Strategies for personally healthy activity. GenEd II.B.3.
- OCTH 211 PHILOSOPHY OF OCCUPATIONAL THERAPY (3) Occupation and the impact of information and technology on health and treatment of disability. GenEd I.B.
- OCTH 213 SMALL GROUP DYNAMICS (3) A study of small groups used in therapeutic or health education settings. Lectures will examine group members' and leaders' roles, stages of a group's life, theory of developmental groups, and the structure and function of a variety of small groups used in therapy, education and community settings. Participatory experiences will supplement lectures to promote personal communication and effectiveness in groups. Prerequisites: SOCI 101, PSYC 101.
- OCTH 216 LIFE SPAN ADAPTATION AND OCCUPATIONS (4) Interactions of biological, sensorimotor, and psychosocial aspects of development with environmental and cultural factors; occupational roles and processes of change. Prerequisites: BIOL 110, PSYC 101, SOCI 101, ENGL 102.
- OCTH 217 ANALYSIS OF OCCUPATIONAL PERFORMANCE I (4)
 Beginning development of occupational performance skills
 necessary for clinical practice. Corequisites: OCTH 213 and OCTH
 216
- OCTH 218 ANALYSIS OF OCCUPATIONAL PERFORMANCE II (3) Laboratory experience to develop students' knowledge of the skills necessary in therapeutic media, technology application, job analysis and health maintenance, Prerequisites: OCTH 213, OCTH 216, OCTH 217.
- OCTH 221 CLINICAL KINESIOLOGY (3) Principles of biomechanics, muscle physiology, joint structure and muscle function, emphasizing palpation of anatomical structures and analysis of movement. Prerequisites: OCTH 217, PHYS 202, BIOL 213.

- OCTH 313 PHYSICAL DYSFUNCTION: NEUROLOGICAL CONDITIONS (3) Etiology, clinical course, management and prognosis of neurological conditions. Theory and practice applied to clients. Prerequisites: OCTH 211, OCTH 218, OCTH 221; BIOL 214, BIOL 427; to be taken concurrently with OCTH 319 and OCTH 317.
- OCTH 314 PSYCHOSOCIAL DYSFUNCTION (4) Etiology, clinical course, management and prognosis of psychiatric conditions. Theory and practice applied to clients. Prerequisites: OCTH 211, OCTH 213, OCTH 218, PSYC 361; to be taken concurrently with OCTH 320.
- OCTH 315 PATHOLOGICAL CONDITIONS (3) Etiology, physiology, performance effects, treatment approaches, precautions and prognosis of medical conditions in clients. Prerequisites: BIOL 214, BIOL 427; to be taken concurrently with OCTH 319 or OCTH 320.
- OCTH 317 PHYSICAL DYSFUNCTION: MUSCULOSKELETAL CONDITIONS (2) Etiology, clinical course, management and prognosis of musculoskeletal conditions. Theory and practice applied to clients. Prerequisites: OCTH 211, OCTH 218, OCTH 221; BIOL 214, BIOL 427. To be taken concurrently with OCTH 313 and OCTH 319.
- OCTH 318 INDEPENDENT STUDY (1-6) Directed independent study designed to provide students with an in-depth investigation of an area or problem specific to occupational therapy. Consultation and supervision with designated faculty members and/or clinical practitioners. May be repeated for a maximum of 6 credits. Prerequisites: undergraduate major in Occupational Therapy, consent of instructor.
- OCTH 319 PHYSICAL DYSFUNCTION CLINICAL (2) Laboratory and clinical practice in specific evaluation and treatment techniques in physical disabilities. Prerequisites: OCTH 211, OCTH 218, OCTH 221, BIOL 214, BIOL 427; to be taken concurrently with OCTH 313 and OCTH 317.
- OCTH 320 PSYCHOSOCIAL DYSFUNCTION CLINICAL (2) Laboratory and clinical practice in specific evaluation and treatment techniques in psychosocial occupational therapy. Prerequisites: OCTH 211, OCTH 218, OCTH 213, PSYC 361; to be taken concurrently with OCTH 314.
- OCTH 323 GERONTOLOGICAL OCCUPATIONAL THERAPY (2) Interventions addressing the aging process and pathology in older adults. Prerequisites: OCTH 211, OCTH 216, OCTH 218.

- OCTH 325 PEDIATRIC OCCUPATIONAL THERAPY (4) Etiology, clinical course, management and prognosis of developmental and learning disabilities. Theory and practice applied to children and adolescents. Prerequisites: OCTH 313, OCTH 314, OCTH 315, OCTH 319, OCTH 320; to be taken concurrently with OCTH 326.
- OCTH 326 PEDIATRIC CLINICAL (2) Laboratory and clinical practice in specific evaluation and treatment techniques in pediatric occupational therapy. Corequisites: OCTH 325.
- OCTH 412 O.T. HEALTH PROMOTION INITIATIVES IN THE COMMUNITY: CLINICAL (2) Theory, practice and clinical experience to foster healthy development of individuals, families and communities. Prerequisites: OCTH 313, OCTH 314, OCTH 319, OCTH 320, OCTH 323.
- OCTH 428 OCCUPATIONAL THERAPY ORGANIZATIONS IN MODERN SOCIETY (4) Administration of programs within service delivery systems, considering technological, societal and economic trends. Prerequisites: OCTH 213, HLTH 207.
- OCTH 430 RESEARCH METHODS IN OCCUPATIONAL THERAPY (3) Guided independent research in topics related to occupational therapy theory and practice. Presentation of introductory materials on research methods. Prerequisites: MATH 237, OCTH 313, OCTH 319, OCTH 314, OCTH 320. GenEd I.D.
- OCTH 435 OCCUPATIONAL THERAPY INTERNSHIP 1 (6) Supervised field work experience in physical and psychosocial dysfunction. Graded S/U. Prerequisites: OCTH 313, OCTH 314, OCTH 315, OCTH 317, OCTH 319, OCTH 320, OCTH 323, and permission of department.
- OCTH 436 OCCUPATIONAL THERAPY INTERNSHIP II (6) Supervised field work experience in physical and psychosocial dysfunction. Graded S/U. Prerequisites: OCTH 325-326, OCTH 412, OCTH 428, OCTH 429, OCTH 430, OCTH 435, and permission of department.
- OCTH 437 SPECIALTY INTERNSHIP (4-6) Field work experience to meet the student's special interests. Graded S/U. May be repeated for a maximum of 6 credits. Prerequisites: OCTH 436 and permission of department.
- OCTH 470-479 [570-579] SPECIAL TOPICS IN OCCUPATIONAL THERAPY (1-3) Designed to explore topics of special interest in the theory and practice of occupational therapy. May be repeated for a maximum of 3 credits provided a different topic is covered. Prerequisite: consent of instructor.

Graduate Division

See TU Graduate Catalog for course descriptions.

PHILOSOPHY (PHIL)

Lower Division

- PHIL 101 INTRODUCTION TO PHILOSOPHY (3) Fundamental problems of philosophy and various proposals for the solution of these problems. GenEd II.C.1.
- PHIL 102 USING INFORMATION EFFECTIVELY IN PHILOSOPHY (3) Information gathering, evaluation and communication. Develops critical thinking and problem solving techniques, communication and team building skills. GenEd I.B.
- PHIL 105 INTRODUCTION TO THE STUDY OF RELIGION (3) A study of various religious explanations and organizations of the cosmos and of human life, drawing on diverse theoretical methodologies. GenEd II.D.
- PHIL 111 LOGIC (3) Study of and practice in inductive and deductive reasoning, the composition of argument and demonstration, and the detection of formal and informal fallacies as developed in the western tradition. GenEd II.C.I.
- PHIL 201 SOCIAL AND POLITICAL PHILOSOPHY (3) A consideration of social and political doctrines from both Western and non-Western philosophical perspectives. The approach will be both historical and thematic. Themes will include the individual and the state, the male-female dialectic and attitudes toward property.
- PHIL 204 RACE, CLASS AND GENDER (3) Social and political philosophy; contemporary American ideas of race, class and gender, with a focus on their interrelatedness. GenEd II.C.3.
- PHIL 205 WOMEN IN WORLD RELIGIONS (3) Role of women, both human and divine, in the major Asian and Western religions. GenEd II.D.
- PHIL 206 JUDAISM, CHRISTIANITY AND ISLAM (3) History, scriptures, doctrines, practices and interactions of three monotheistic religions. GenEd II.C.3.

- PHIL 212 HONORS COURSE: SPECIAL STUDIES IN PHILOSOPHY (3) Small group discussions and philosophical analysis of selected works not generally available in other electives. May be repeated for credit provided a different topic is covered. Prerequisite: admission
- to Honors College. PHIL 219 INTRODUCTION TO ASIAN PHILOSOPHY (3) Examination of the nature of Asian thought through a study of
- English translations of traditional sources of Indian, Tibetan, Chinese and Japanese philosophy. GenEd II.D.
- PHIL 221 ANCIENT GREEK PHILOSOPHY (3) The origins of Western philosophical thought will be studied in the works of the Presocratics, Socrates, Plato and Aristotle. GenEd II.C.1.
- PHIL 230 PHILOSOPHY OF LITERATURE (3) Philosophical analysis of literature. A consideration of philosophical orientations in these works will be undertaken.
- PHIL 251 AFRICAN AMERICAN PHILOSOPHY (3) A philosophical examination of the current issues in African American thought in such fields as religion, politics, education, economics and aesthetics. An effort will be made to determine the place and the role of the contemporary African American in history. GenEd II.C.3.
- PHIL 253 CONTEMPORARY ETHICAL PROBLEMS (3) The meaning of moral experience and the moral problems which arise in connection with human sexual integrity, ownership of property, welfare, violence, civil disobedience, punishment, war and truth telling in social relations and government. GenEd II.B.3.
- PHIL 255 ENVIRONMENTAL ETHICS (3) Philosophical views on rights of non-human animals, intervaluation of environment and economics, "deep" vs. "shallow" ecological ethics, duties to future generations and other issues. GenEd II.B.3.
- PHIL 270-279 PHILOSOPHICAL PERSPECTIVES (3) Considers contemporary issues from the uniquely philosophical perspective to stimulate independent reflection. May be repeated for credit provided a different topic is covered.

- PHIL 301 [501] PHILOSOPHIES OF INDIA (3) Examination of major ideas in the Vedic, Epic, Classical darsana, and modern periods. Prerequisite: one lower-level course in philosophy or consent of instructor.
- PHIL 302 [502] PHILOSOPHIES OF CHINA AND JAPAN (3) Examination of some major philosophical systems through selected writings in translation. Prerequisite: one lower-level course in philosophy or consent of instructor.
- PHIL 311 SYMBOLIC LOGIC (3) An introduction to the concepts and methods of symbolic logic, Translation of arguments from English into symbolic notation; methods of establishing the validity of arguments by means of symbolic logic. Discussion of logical notions, such as consistency and inconsistency, logical truth and the philosophy of logic. Prerequisite: PHIL 111 or consent of instructor.
- PHIL 319 SCIENCE, TECHNOLOGY AND VALUES (3) Impact of modern science on various philosophical issues: science and religion, mind and computers, time travel, Einstein's relativity, human freedom, the ethical limits of technology. Prerequisites: one course in philosophy and two courses in science, or consent of instructor. GenEd II.A.2.
- PHIL 320 PHILOSOPHY OF SCIENCE (3) Concepts, method and nature of science including induction and theory confirmation, probability, explanation, natural laws, space and time and the objectivity of science. Prerequisite: one course in either philosophy or science.
- PHIL 321 PHILOSOPHY OF LAW (3) An examination of the nature and theories of law, the relationship between law and morality, the nature of legal obligation and the notion of justice. Prerequisite: one lower-level course in philosophy or consent of the instructor.
- PHIL 322 [522] HELLENISTIC AND MEDIEVAL PHILOSOPHY (3) The philosophical schools of the Hellenistic and Roman periods, viz. Stoicism, Epicureanism, Scepticism and Neo-Platonism, and the two main Christian philosophies of the Middle Ages, viz., Augustinianism and Thomism. Prerequisite: one lower-level course in philosophy.
- PHIL 324 [524] MODERN PHILOSOPHY (3) The history of philosophy beginning with Descartes through the 19th century. Prerequisite: one lower-level course in philosophy.
- PHIL 325 [525] SCHOOLS OF CONTEMPORARY PHILOSOPHY (3) A survey with varying emphasis on a number of such contemporary philosophical positions as pragmatism, phenomenology, logical positivism, the analysts, neo-Aristotelianism, the philosophers of

- science and the existentialists. Prerequisite: one lower-level course in philosophy.
- PHIL 326 [526] AMERICAN PHILOSOPHY (3) The history of the main currents of American philosophical thought as exemplified in such writers as Edwards, Emerson, Pierce, James, Royce, Dewey and Whitehead. Prerequisite: one lower-level course in philosophy.
- PHIL 327 AFRICAN PHILOSOPHY (3) Examination of major ideas and issues in African systems of thought. Prerequisite: one lower-level philosophy course or consent of instructor.
- PHIL 331 [531] CONCEPTS OF WOMAN: AN HISTORICAL APPROACH (3) Various concepts which philosophers have used to define woman. An historical survey approach, with readings from Plato, Aquinas and others, and ending with Beauvoir. Prerequisite: one lower-level course in philosophy.
- PHIL 332 FEMINIST PHILOSOPHY (3) Contemporary methods and problems, including redefinition of traditional areas of philosophy and creation of new issues for investigation. Prerequisite: one lower-level philosophy course or consent of instructor.
- PHIL 339 [539] THEORIES OF KNOWLEDGE (3) An historical and systematic approach to the truth value and elements of the forms of human knowledge. The theories of major philosophers will be studied. Prerequisite: one lower-level course in philosophy.
- PHIL 341 [511] ETHICS (3) Analysis of readings from the principle classical and contemporary ethical sources, study of the basic moral concepts as found in these sources; applications to contemporary moral concerns. Prerequisite: one lower-level course in philosophy.
- PHIL 343 [509] AESTHETICS (3) An analytical and historical examination of concepts of the nature of art, beauty, aesthetic value, aesthetic perception, and of the modes of existence of artifacts. Prerequisite: one lower-level course in philosophy.
- PHIL 353 [551] PHILOSOPHY OF RELIGION (3) Exposition of various approaches to the philosophy of religion with an analysis of the major issues on which they differ and agree. Not open to those who have successfully completed PHIL 451. Prerequisites: two courses in philosophy or religion.
- PHIL 355 [555] INTERPRETATIONS OF THE BIBLE: NEW TESTAMENT (3) Major themes of the biblical literature, and of its religious, philosophical and cultural implications. Prerequisite: one lower-level course in philosophy or religion.
- PHIL 357 [557] TOPICS IN COMPARATIVE RELIGION (3) Study of a number of the world's major religious traditions emphasizing specific philosophical and psychological problems encountered therein. Prerequisite: at least one lower-level course in philosophy, religion or history.
- PHIL 36Ĭ [561] ETHIĆS OF MEDICINE AND THE LIFE SCIENCES (3)
 A search for guidelines in such moral problems as abortion, the care of the dying, organ transplants, informed consent in therapy and experimentation, adequate health care and its just distribution, control of human behavior by drugs, surgery, etc., test-tube reproduction, population control, genetic engineering and counseling. Prerequisite: one lower-level course in philosophy or consent of instructor.
- PHIL 371 [563] BUSINESS ETHICS (3) Economics is one of the "moral sciences" insofar as it deals with an important sphere of human activity which intends a good. This course will institute a philosophical reflection on economic ideas as they appear in the three main categories of opinion, viz., conservative, liberal and radical. Attention will be drawn to the epistemological, ethical and metaphysical presuppositions of these traditions. Prerequisite: one lower-level course in philosophy or consent of instructor.
- PHIL 380-389[580-589] PHILOSOPHICAL TOPICS (3) Courses offered under this title will be of variable content. Topics of traditional philosophical interest or of philosophical problems in other areas of knowledge or of contemporary interest will be offered. May be repeated for credit provided a different topic is covered. Prerequisite: one lower-level course in philosophy.
- PHIL 413 [513] PHENOMENOLOGY (3) An examination of phenomenology as both a philosophical method and philosophical position. Themes to be considered include consciousness, the body, time and the experience of others. Primary course readings in the works of Husseri, Heidegger, Sartre, Merleau-Ponty. Prerequisite: two courses in philosophy.
- PHIL 417 [517] EXISTENTIALISM (3) Some of the major existentialist philosophers will be studied, e.g., Kierkegaard, Nietzsche, Heidegger, Sartre, Beauvoir. The philosophical themes of transcendence, the absurd, estrangement and anxiety will be considered. Prerequisite: two courses in philosophy.

- PHIL 427 KANT (3) Study of Kant's most important writings. Prerequisites: two courses in Philosophy.
- PHIL 440-449 [540-549] PHILOSOPHICAL SYSTEMS (3) The study of a major philosophical system or position, classical or modern, and of its important proponents. May be repeated for credit provided a different topic is covered. Prerequisites: two courses in philosophy.
- PHIL 460-469 WRITING SEMINAR IN PHILOSOPHICAL STUĎIÉS (3) The course concentrates on a specific issue or thinker within the philosophical tradition and on developing the skills necessary to do quality written work in the discipline. Possible topics include Plato, Aristotle, Hegel, concepts of space and time, dimensions of freedom. May be repeated for credit provided a different topic is covered. Prerequisites: ENGL 102 and two courses in philosophy. GenEd I.D.
- PHIL 470-479 [570-579] PHILOSOPHICAL PROBLEMS (3) A consideration of one of the perennial interests of philosophy. May be repeated for credit provided a different topic is covered. Prerequisite: two courses in philosophy.
- PHIL 495 RESEARCH TUTORIAL IN PHILOSOPHY (3) Directed readings and research leading to a thesis paper under one or more members of the department. Prerequisites: senior majors in philosophy or senior non-major, submission in advance of an outline of proposed research; permission of proposed director and department chair.
- PHIL 497 PHILOSOPHY INTERNSHIP (3-6) Supervised experience in work settings using the analytic, organizational, comprehension, and communication skills and content knowledge available through the study of philosophy. Positions may be in government agencies, public or private foundations, industry, journalism, law firms, among others. May be repeated for a maximum of 6 credits. No credit toward the Philosophy major. Prerequisite: approval of the philosophy internship coordinator. Graded S/U.

PHYSICAL EDUCATION (PHEA)

Lower Division

PHEA 110-239 These courses include a variety of sport skills for nonmajors. For specific titles, credits, descriptions and prerequisites, consult the Department of Kinesiology.

PHYSICAL SCIENCE (PHSC)

Lower Division

- PHSC 101 PHYSICAL SCIENCE I (4) Fundamental principles of selected topics from physics and chemistry, emphasizing construction of concepts from experimental evidence. May not be used for the Natural Science major. GenEd II.A.1.
- PHSC 103 PHYSICAL SCIENCE II (4) Fundamental concepts of atoms, molecules, energy, states of matter and processes involved in phase transitions integrating chemistry, earth science and physics through application to interdisciplinary environmentally oriented topics. One hour lecture, four hours lecture-lab. Prerequisite: PHSC 101 or permission of instructor.
- PHSC 151 ENERGY AND POLLUTION(3) Basic forms of energy: thermal, electrical, nuclear, solar. The relationship between energy and pollution. The problems of energy and pollution. Two hours of lecture and two hours of laboratory per week. High school algebra is suggested.
- PHSC 195 COURSE RESEARCH IN 100-LEVEL COURSES (1) Individual projects in any branch of physical science. Students can choose either to work on projects or in areas suggested by physical science faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for credit at different levels. Prerequisite: permission of the instructor who will direct the proposed work.
- PHSC 234 STILL PHOTOGRAPHY (3) Emphasis will be on the production of photographs, rather than the mastery of many techniques. Camera operation, developing, printing and other topics according to student interest.
- PHSC 295 COURSERESEARCH IN 200-LEVEL COURSES (1) Individual projects in any branch of physical science. Students can choose either to work on projects or in areas suggested by physical science faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for credit at different levels. Prerequisite: permission of the instructor who will direct the proposed work.

Upper Division

PHSC 303 [503] EARTH-SPACE SCIENCE (3) Physical science principles applied in the study of earth and space. Emphasis on experimental and

discovery approaches. Prerequisite: PHSC 101.

PHSC 360 INTERNSHIP IN PHYSICAL SCIENCE (2-3) Practical experience in Physical Science in industry or public or private agencies through the university's Internship/Cooperative Education Program. Special permit and fee required. May be repeated for a maximum of 6 credits. Prerequisites: major in Natural Science, junior or senior standing; 2.70 QPA; consent of major adviser.

PHSC 401 [501] ADVANCED LABORATORY IN PHYSICAL SCIENCE (2) Exacting laboratory work of an advanced nature under the guidance of the Physical Sciences staff. Students will present and defend their work at seminar. May be repeated for a maximum of 6 credits. Prerequisite:

consent of instructor.

- PHSC 405 [505] FUNDAMENTAL CONCEPTS IN THE EARTH SCIENCES (3) Principles of astronomy, geology and related earth sciences. Methods of investigation employed by earth scientists. Observations in the planetarium and field studies in the Baltimore area. Two lecture hours and one two-hour laboratory period. No credit if student has taken ASTR 161 and/or GEOL 121. Prerequisite: PHSC 101 or equivalent.
- PHSC 411 [511] PHYSICAL SCIENCE FOR TEACHERS (3) An in-service course for teachers in the elementary and/or junior high school designed to develop physical science concepts. Emphasis will be placed on developing these concepts through laboratory work. Prerequisite: teaching experience.
- PHSC 470-479 [570-579] SPECIAL TOPICS IN PHYSICAL SCIENCE (1-4) The study of special topics in the areas of physical science. Special topics will be determined by their need for study and relevance to existing courses. May be repeated for credit provided a different topic is covered.
- PHSC 490 INDEPENDENT STUDY IN PHYSICAL SCIENCE (1-4) Individual and supervised research in selected areas of the physical sciences. Topics may be either theoretically or experimentally oriented. May be repeated for a maximum of 6 credits. Prerequisites: junior status and one course in PHSC.
- PHSC 491 DIRECTED READINGS (1-4) Independent reading in an area selected by the student in consultation with the instructor, May be repeated for a maximum of 6 credits. Prerequisites: junior status and one course in PHSC

PHSC 494 TRAVEL STUDY (1-3) Investigation of field problems and phenomena. May be repeated for a maximum of 3 credits.

PHSC 495 [595] COURSE RESEARCH IN 400-LEVEL COURSES (1) Individual projects in any branch of physical science. Students can choose either to work on projects or in areas suggested by physical science faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for credit at different levels. Prerequisite: permission of the instructor who will direct the proposed

PHYSICS (PHYS)

Lower Division

- PHYS 100 UNDERSTANDING PHYSICS (3) Designed for non-science majors. An inquiry into intuitive, philosophical, historical, and scientific understanding of principal concepts of classical and modern physics. Elementary algebra is used in this course, but emphasis is placed on physical understanding. Demonstrations and short illustrative experiments will be a part of the course. Three lecture hours. GenEd ILA. L
- PHYS 102 INTRODUCTION TO PHYSICS (3) Designed for students unprepared to take General Physics for Majors (PHYS 241), concentrating on mathematical expression of physical concepts as developed logically and through experimentation. This course begins meeting approximately one month into the semester and is scheduled to coincide with the lecture time for PHYS 241.
- PHYS 103 HOW THINGS WORK (3) For non-science majors: a practical introduction to physics and science in everyday life. Examines the workings of everyday things from toys to next-generation computers. Introduces fundamental science concepts underpinning ordinary to high-tech objects, their principles of operation, the histories of their development. Emphasizes critical thinking and communication skills, GenEd II.A.1.

- PHYS 106 INTRODUCTION TO ELECTRONICS (3) Digital and analog electronics including techniques, devices and laboratory practices. Prerequisite: high school algebra recommended.
- PHYS 131 LIGHT AND COLOR (4) Some aspects of light and color and of vision will be examined on a factual and descriptive basis. Predominantly qualitative explorations will be made of the origin of light, of its wave and particular behavior, of the polarization of light, of lasers and holography, of the origin and physical basis of color, and of the physics of vision. This course in liberal arts physics is offered for curious inquirers who have had minimal contact with physics. Three lecture hours and two laboratory hours per week. GenEd II.A.1.
- PHYS 135 INTRODUCTION TO HOLOGRAPHY (4) Creative use of the holographic medium along with study of appropriate scientific principles and aesthetic values. Behavior of waves, including water, sound and electromagnetic. Optics of lenses and mirrors, Lasers, holography and experimental techniques of making holograms. Three lecture hours, two laboratory hours. Gen Ed II.A.1.
- PHYS 141 PHYSICS OF SOUND AND MUSIC (3) Study of sound and its production by various instruments, including the human voice. Physical interpretations of concepts such as noise, pitch, mechanical and acoustic waves and oscillations, loudness, harmonics and timbre, scales and temperament.
- PHYS 185 INTRODUCTORY HONORS SEMINAR IN PHYSICS (1) This seminar is intended for freshmen and sophomores who have demonstrated exceptional ability in the sciences and will involve them directly with current ideas and research in physics. Classical physics, quantum physics, relativity and the new astronomy will be covered. Prerequisite: permission of the department.

PHYS 202 GENERAL PHYSICS FOR THE HEALTH SCIENCES (5) Special emphasis on motion, including kinetics and dynamics of linear and angular motion. Not intended for pre-medical, pre-dental or prephysical therapy programs. Prerequisite: three years of high school

mathematics. GenEd II.A.1.

- PHYS 203 TOPICS IN PHYSICS FOR BIOLOGY MAJORS (5) Topics may include mechanical and thermal properties of matter; forms of energy and conversion; optics; waves; electromagnetics. Students who wish to seek advanced degrees in biology, dentistry, medicine or related fields should enroll in PHYS 211-212 or 241, 242, 243. Prerequisite: MATH
- PHYS 211-212 GENERAL PHYSICS I, II NON-CALCULUS-BASED (4, 4) For Arts and Sciences, Biology, and Geosciences majors: mechanics, heat, light, electricity, magnetism, and a brief introduction to modern physics. Three lecture hours and one three-hour laboratory period. Prerequisite: MATH 115 or good standing in high school algebra and trigonometry. GenEd II.A. I.
- PHYS 241 GENERAL PHYSICS I CALCULUS-BASED (4) Calculus-based physics for science and engineering majors. Mechanics and the conservation laws, gravitation, simple harmonic motion. Prerequisite: MATH 273 (may be taken concurrently). GenEd II.A. I.
- PHYS 242 GENERAL PHYSICS II CALCULUS-BASED (4) Continuation of PHYS 241. Electricity, magnetism, DC and AC currents, geometric optics. Prerequisite: PHYS 241, MATH 274 (may be taken concurrently). GenEd II, A. I.
- PHYS 243 GENERAL PHYSICS III (3) Fluid kinematics and dynamics, waves, thermodynamics, physical optics, introduction to modern physics. Prerequisite: PHYS 242.
- PHYS 244 MICROCOMPUTER APPLICATIONS IN THE PHYSICAL SCIENCES (3) Assembling your own personal computer and using it for data acquisition and analysis, numerical solutions, simulations and special projects. Prerequisites: PHYS 211 or PHYS 241; COSC 165, or consent of instructor.
- PHYS 295-296 RESEARCH PROBLEMS IN PHYSICS (1-3) Individual project in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for credit at different levels. Prerequisite: permission of the instructor who will direct the proposed work.

- PHYS 307 [507] INTRODUCTORY MATHEMATICAL PHYSICS (3) Mathematical expressions for selected topics, such as forces and potentials, vector analysis, applications of Fourier series and complex variables, and solutions of the harmonic oscillator and wave equations. Prerequisites: PHYS 212 or PHYS 242; MATH 274.
- PHYS 311 [511] MODERN PHYSICS (4) Special relativity, the quantum theory, atomic structure and spectra, and nuclear structure and

- reactions are the main topics covered by the course. Other topics which may be covered involve molecular, solid state and high energy physics. Four lecture hours. Prerequisites: MATH 274, PHYS 212 or PHYS 242
- PHYS 335 [533] BASIC ELECTRONICS (4) Circuit components, characteristics of semi-conductors, electrical measurements, method of circuit analysis, electronic devices. Three lecture hours and one three-hour laboratory period. Prerequisite: PHYS 212 or PHYS 242 or consent of instructor.
- PHYS 337 [534] DIGITAL ELECTRONICS (4) Subjects covered will be basic concepts of digital electronics such as gates, logic modules, truth tables, digital codes, sequential systems, semi-conductor memories, decade counters. The laboratory program is designed to give students first-hand experience on the material covered in lecture using integrated circuits and LED display systems. Two hours lecture, three hours laboratory. Prerequisite: MATH 115 or equivalent.
- PHYS 341-342 [541-542] INTERMEDIATE PHYSICS LABORATORY I, Il (3, 3) First Semester: The measurement of several fundamental physical constants. Exploration of classical and modern research methods: lasers, holography, optical and nuclear spectroscopy. Second semester: Several advanced experiments and a research project. Familiarization with machine shop procedure, vacuum and other experimental techniques. Five laboratory hours. Prerequisite: PHYS 311 or concurrently. (Lab Il: Prerequisite: PHYS 341)
- PHYS 351 [550] MECHANICS (4) Systems of coordinates, kinematics and transformations; Newtonian dynamics of particles and systems of particles; linear systems, oscillations and series techniques; calculus of variations and the Lagrangian and Hamiltonian formulations; application of Lagrangians to gravitation/central force motion. Optional: non-linear oscillations. Prerequisites: PHYS 242; PHYS 307 or consent of instructor.
- PHYS 352 [552] THERMODYNAMICS AND KINETIC THEORY (3) Principles and laws of classical thermodynamics applied to simple irreversible processes, including chemical, elastic, electric and magnetic phenomena; thermodynamic functions and Maxwell's relations; the conservation equations in elementary kinetic theory; fluctuations; and irreversible transfer effects. May be taken concurrently with PHYS 243 or by permission. Three lecture hours. Prerequisites: PHYS 212 or PHYS 243, MATH 274.
- PHYS 354 [554] ELECTRICITY AND MAGNETISM (4) Electrostatics, magnetostatics and electromagnetic radiation, including Divergence Theorem and Stokes' Theorem, electrostatics in free space and dielectric materials, the Biot-Savart Law, the magnetic vector potential, inductance and electomotance, magnetic materials, Maxwell's Equations in free space and in materials, boundary value problems (Snell's and Fresnel's Laws). Prerequisites: PHYS 243; PHYS 307 or consent of instructor.
- PHYS 361 OPTICS FUNDAMENTALS (4) Geometric, wave and quantum optics: lenses and mirrors, lens aberrations and design, optical instruments, interference diffraction, polarization, absorption and scattering, lasers, holography and the dual nature of light. Three lecture hours and one three-hour laboratory each week. Prerequisites: PHYS 243, COSC 165, and PHYS 341 or consent of the instructor.
- PHYS 391 INTERNSHIP IN PHYSICS (2-3) Practical experience in industry, public and private agencies. Not for major or minor credit. Special permit and fee required. May be repeated for a maximum of 6 credits. Prerequisites: 2.70 QPA, junior or senior standing, major in Physics, consent of department. Graded S/U.
- PHYS 395-396 [\$95-596] RESEARCH PROBLEMS IN PHYSICS (1-3) Individual project in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for a maximum of 6 credits. Prerequisite: permission of the faculty member who will direct the proposed work.
- PHYS 411 GRAVITATION, RELATIVITY AND COSMOLOGY (3)
 Development of Einstein's general theory of relativity and its relevance to
 astrophysics: theory of gravity, relativistic effects of massive stars, black
 holes, gravity waves, cosmology. Offered in alternate years.
- PHYS 421 FUNDAMENTAL PARTICLES (3) Experimental and theoretical physics of particles and fields: particle production and detection, relativistic kinematics, symmetry, conservation laws, fundamental interactions, phenomenology and contemporary models. Prerequisites: PHYS 307 and PHYS 311.
- PHYS 435 [535] ELECTRONICS (3) Principles of transistors with emphasis on their design and construction and an introduction to logic circuits. Two lecture hours and one two-hour laboratory. Prerequisite: PHYS 335

- PHYS 437 [537] INTRODUCTION TO MICROPROCESSOR-BASED DIGITAL SYSTEMS (3) An introductory course on basic microcomputer concepts. Topics covered include basic structure and organization of microcomputers, digital logic design, assembly language programming, memory elements and applications. Hardware-oriented experiments will be conducted providing practical experience in interfacing the microcomputer to a variety of instruments and input-output devices. Two hours lecture and two hours laboratory. Prerequisite: PHYS 307.
- PHYS 445 [545] LASERS AND HOLOGRAPHY (3) The wave front reconstructions, laser, theory, the properties and making of holograms, and the applications of lasers and holography will be covered. Special projects will be assigned to students depending upon their individual theoretical and experimental background. Prerequisite: PHYS 243 or consent of instructor.
- PHYS 451 [551] MECHANICS II (3) Continuation of PHYS 351. Rotation transformations; pertubation and Green's function techniques in solution of oscillating systems; collision; rotating frames of reference and dynamics of rigid bodies (including Euler's angles, precession, mutation); theory of coupled small oscillations. Optional: special relativity; continuum mechanics. Prerequisite: PHYS 351.
- PHYS 453 [553] PHYSICAL OPTICS (3) Electromagnetic theory of light, wave solutions, interference, diffraction, scattering, radiation from coherent and incoherent sources, elementary theory of masers and lasers. Three lecture hours. Prerequisite: PHYS 354 or consent of instructor.
- PHYS 454 ELECTRICITY AND MAGNETISM II (3) Continuation of PHYS 354. Wave guides, retarded potentials, dipole radiation, relativistic electrodynamics. Prerequisite: PHYS 354.
- PHYS 455 [555] INTRODUCTORY QUANTUM MECHANICS (3) Schrödinger equation, states of one particle in one dimension, potential barrier problems in one dimension, the harmonic oscillator, system of particles in one dimension, motion in three dimensions, angular momentum, spin, application to atomic physics. Prerequisites: PHYS 311, PHYS 351 (may be taken concurrently).
- PHYS 456 [556] INTRODUCTION TO STATISTICAL MECHANICS (3)
 Distribution functions, microcanonical, canonical and grand canonical ensembles, the partition function and thermodynamics relations.
 Fermi-Dirac and Bose-Einstein statistics, some simple models and applications, the Maxwell-Boltzmann transport equation and the hydrodynamic equation, transport coefficients. Three lecture hours. Prerequisite: PHYS 455.
- PHYS 457 SOLID STATE PHYSICS (3) Crystal structure, wave propagation in periodic structures, the Fermi gas, energy bands, magnetism are presented as a central theoretical core for the study of the solid state. Some of the basic models, concepts and manifest properties of solids are also included. Prerequisites: PHYS 311, PHYS 351, and PHYS 354.
- PHYS 459 [559] NÚCLEAR PHYSICS (3) A lecture and problem course dealing at the introductory level with experimental and theoretical methods for the study of nuclear structure. Topics to be covered include properties of nuclei, electromagnetic transition and heta decay; nuclear models, nuclear reactions and two body interactions. Offered in alternate years. Prerequisites: PHYS 311; PHYS 307 or consent of instructor.
- PHYS 461 ELECTRO-OPTICS (4) Optical sources and detectors, electronics, controls and modulators. Radiant energy and power measurements, laser instrumentation, fiber optics, photo-active devices. Three lecture hours and one three-hour laboratory each week. Prerequisites: PHYS 361, PHYS 335, and PHYS 341-342 or consent of instructor.
- PHYS 485-486 [585-586] PHYSICS SEMINAR 1, II (1, 1) Students participate in colloquia on topics of current interest in physics research under guidance of instructor. One lecture hour. Prerequisite: senior standing or consent of instructor.
- PHYS 490 [590] INDEPENDENT STUDY IN PHYSICS (1-4) May be repeated for a maximum of 6 credits. Prerequisite: at least junior status and one course in the Department of Physics.
- PHYS 491 [591] DIRECTED READINGS (1-4) May be repeated for a maximum of 6 credits. Prerequisites: At least junior status and one course in the department.
- PHYS 495-496 RESEARCH PROBLEMS IN PHYSICS (1-3) Individual projects in any branch of physics. Students can choose either to work on projects or in areas suggested by physics faculty. At the completion of a project, students must write a formal research paper on the work done. Repeatable for credit at different levels. Prerequisite: permission of the instructor who will direct the proposed work.
- PHYS 499 HONORS THESIS IN PHYSICS (1-4) Writing of an honors thesis based on independent research done under the direction of a staff

member. May be repeated for a maximum of 6 credits. Prerequisites: consent of instructor and open only to advanced honors candidates.

POLITICAL SCIENCE (POSC)

Lower Division

- POSC 100 USING INFORMATION EFFECTIVELY: UNDERSTAND-ING POLITICAL SYSTEMS (3) The nature of political systems and the skills necessary for systems thinking; methods and technologies for gathering, evaluating and presenting information. Not open to those who successfully completed IDLA 103. GenEd I.B.
- POSC 101 INTRODUCTION TO POLITICAL SCIENCE (3) The origins of modern governments. The nature of constitutions and constitutionalism, A definition and interpretation of politics. GenEd II.C.2.
- POSC 103 AMERICAN NATIONAL GOVERNMENT (3) Structure and functions of the government of the United States and the problems involved in the extension of the scope of democratic government in our contemporary life, GenEd II.B.2.
- POSC 105 GOVERNMENTS OF THE WORLD (3) Comparative survey of governments and political systems in a number of major countries in the world today. Attention given to political behavior, structures, processes and policies. Not open to those who successfully completed POSC 137. GenEd II.D.
- POSC 107 INTRODUCTION TO INTERNATIONAL RELATIONS (3) An introductory examination of principles of legal, political and social relations among nations; coordination and conflict in the international system; global issues, such as trade, security, war and peace, power and formation of foreign policy. GenEd II.D.
- POSC 207 STATE GOVERNMENT (3) Historical background, state constitutions and the legislative, executive and judicial branches of government. Problems of state administration and federal-state relations, GenEd II.B.2.
- POSC 209 INTRODUCTION TO LAW (3) The legal process in the United States for the liberal arts student. Prerequisite: POSC 103. GenEd ILB.2.
- POSC 212 HONORS IN POLITICAL SCIENCE (3) Supreme Court as a political institution, including personal policy preferences of justices in regard to civil rights and liberties. Prerequisite: special permit and admission to Honors College. GenEd II.B.2.

- POSC 303 [503] THEORY OF INTERNATIONAL POLITICS (3) The theories of mutual relations of states. Elements of national power; international politics as a struggle for power. Restraints upon the struggle for power. Prerequisite: HIST 242 or POSC 107 or consent of instructor.
- POSC 305 [505] URBAN GOVERNMENT AND POLITICS (3) The political history of American cities from the 18th century through the recent reform movement. City charters, home rule, types of executives, political machines, the metropolitan area. Prerequisite: POSC 103.
- POSC 307 [507] CONTEMPORARY INTERNATIONAL POLITICS (3) Computer simulation (conducted jointly with colleges and universities throughout the world) used to study the formulation and implementation of contemporary international politics. Prerequisite: POSC 107 or POSC 303 or consent of instructor.
- POSC 337 [508] COMPARATIVE GOVERNMENT OF FOREIGN POWERS: THE WESTERN WORLD (3) An examination of the problems of modernization and stable constitutional rule in England, France, Italy and Germany. Prerequisite: POSC 101 or POSC 105 or consent of instructor.
- POSC 339 [509] COMPARATIVE POLITICAL SYSTEMS (3) Attempt to bring together the analytical concepts and methodological techniques that may be applied to the study of political systems in a comparative sense. Prerequisite: POSC 103 or POSC 105 or consent of instructor.
- POSC 340 COMPARATIVE PUBLIC POLICY (3) Comparative study of the policy problems and processes of the United States, Canada and western European countries, focusing on the growing convergence of public policy making in the states of the developed world. Prerequisites: POSC 101, POSC 103, POSC 105 or consent of instructor.
- POSC 341 [511] AFRICAN GOVERNMENT AND POLITICS(3) An examination of the rise of African nationalism and the emergence of new states in Africa. Attention is directed to the influence of colonial rule and traditional political institutions on the development of party politics, patterns of government and Pan-African ideas, A trend toward military rule, political problems of the independent Africa, and the efforts of each country to build a strong and viable political system are emphasized. Prerequisite: any political science course or consent of instructor.

- POSC 351 [551] THE GOVERNMENT AND POLITICS OF LATIN AMERICA (3) An examination of the informal and formal rules of the political "game" in Latin America with an emphasis on four types of political systems found in contemporary Latin America: democratic reformist, revolutionary, populist and military authoritarian, Prerequisite: POSC 101 or POSC 105 or consent of instructor.
- POSC 355 [512] THE LATIN AMERICAN POLICY OF THE UNITED STATES (3) An analysis of the Latin American policy of the United States from the Monroe Doctrine to the present. Emphasis will be on historical. political, economic and security factors in the ebh and flow of inter-American relations. Prerequisite: POSC 101 or POSC 105 or consent of instructor.
- POSC 359 [559] POLITICAL AND SOCIAL ASPECTS OF REVOLUTION (3) Nature and function of violence and revolution in modern social systems. Prerequisite: POSC 101 or POSC 105 or consent of instructor.
- POSC 361 [513] POLITICAL BEHAVIOR (3) Introduces students to the substantive theory and methodology of behavioral analysis. Topics include voting behavior, elite behavior and an analysis of the role of pressure groups and public opinion in the American political system. Prerequisite: junior standing and 9 hours of political science or consent of instructor
- POSC 375 [514] PUBLIC ADMINISTRATION (3) Administration as a central element of contemporary society, with special reference to the problems of government organization, control, personnel, finance and public relations. Prerequisite: POSC 103.
- POSC 381 [515] THE PRESIDENCY (3) A discussion of the origin of the office, the selection of the president and policymaking in the executive branch. Prerequisite: POSC 103.
- POSC 383 [516] CONGRESS (3) An investigation of the relations of Congress with the other branches of government and with the political parties and interest groups. Also examines the relationships between members of Congress and their constituency as well as the internal dynamics of Congress. Prerequisite: POSC 103.
- POSC 384 THE JUDICIAL SYSTEM (3) Roles, functions and operations of the American judicial system. Examining ideology of law and justice, politics of criminal processing, and consequences of legal decisions. Prerequisites: POSC 103 or consent of instructor.
- POSC 385 MODEL ORGANIZATION OF AMERICAN STATES (3-6) Structure and function of OAS, the inter-American system, and U.S. Latin American policy. Students represent member states of the OAS in a mock General Assembly in Washington, D.C. May be repeated for a maximum of 6 credits. Prerequisites: sophomore standing and written consent of instructor.
- POSC 417 [517] AMERICAN POLITICAL PARTIES (3) Origin and development of the American two-party system. The activities of pressure groups and organizations, and their effects upon the party system. Prerequisite: POSC 103 or consent of instructor.
- POSC 418 [518] CONSTITUTIONAL LAW I (3) First half of sequence on origins of the Constitution, the separation of powers and federalism. Prerequisite: POSC 101 or POSC 103.
- POSC 419 [519] CONSTITUTIONAL LAW II (3) The second half of a twopart sequence covering the major issues of constitutional law. Focuses primarily on the activities of the Supreme Court in the area of civil rights and civil liberties. Prerequisite: POSC 101 or POC 103.
- POSC 421 POLITICS AND ENVIRONMENTAL POLICY (3) Analysis and investigation of U.S. environmental problems from a political perspective. Prerequisites: POSC 103 or consent of instructor,
- POSC 425 LEGAL THEORY (3) Focuses on the salient arguments for and against the major legal issues of our time. Readings, drawn from timehonored writers of the past, are designed to evoke continuous discussion and debate on contemporary problems in the law, Prerequisites: junior standing and 9 credits of political science or consent of instructor.
- POSC 427 [527] POLITICAL THEORY I (3) Political thought in the west from the Greeks to the end of the 16th century. Prerequisite: POSC 101 or consent of instructor.
- POSC 428 [528] POLITICAL THEORY II (3) Political philosophers and their writings since the 16th century. Attention given to the conflict of ideologies in the 20th century. Prerequisite: POSC 101 or consent of instructor.
- POSC 430 [530] POLITICAL IDEAS OF SOCIALISM AND COMMUNISM (3) Selected topics in the political theory of socialism and communism including socialism and the ancient regimes, socialism and political organization, Russian, Leninist and Stalinist theory, and socialist ideas in the post cold war period. Prerequisite: POSC 428.
- POSC 432 [532] UNITED STATES-RUSSIAN RELATIONS (3) Relations between the United States and Russia. Emphasis on Soviet and post-

- Soviet periods, nationalities, democratization and creation of market economics. Prerequisite: any 100-level political science course or consent of instructor.
- POSC 435 [535] AFRICA IN WORLD POLITICS (3) The role of African nations in the nuclear age and their efforts to achieve unity. Prerequisite: POSC 341 or consent of instructor.
- POSC 437 [537] CASTRO AND THE CUBAN REVOLUTION (3) A discussion of the factors that led up to the Castro Revolution in 1959 and the subsequent impact of the creation of the first socialist state on the Western Hemisphere. Prerequisite: POSC 355 or POSC 351 or consent of instructor.
- POSC 441 [541] CONTEMPORARY UNITED STATES-WESTERN EUROPEAN RELATIONS (3) Emphasis will be on NATO, the European Economic Community and the Anglo-American efforts to create an Atlantic partnership between Europe and the United States. Prerequisite: POSC 103 or POSC 105 or consent of instructor.
- POSC 450 [550] GROUP POLITICS AND PUBLIC OPINION (3) The role of pressure groups and public opinion in the American political system. Prerequisite: junior standing and 9 hours of political science, or consent of instructor.
- POSC 455-456 [555-556] SEMINAR: 1NTERNATIONAL LAW AND ORGANIZATION I, II (3, 3) An examination of the theories and the development of international law up to the present. The character of the modern state system, the role of international organizations, and international law and resort to force. Prerequisites: 15 credits in POSC, including POSC 303, or consent of instructor.
- POSC 457 [557] SEMINAR: USE OF FORCE IN INTERNATIONAL LAW (3) The course will examine the use of force as an instrument of foreign policy by various states and survey the legal restraints on its use. Prerequisites: 15 credits in POSC including POSC 303, or consent of instructor.
- POSC 459 SIMULATION AND GAMES IN POLITICAL SCIENCE (3) Political decisions using rational choice and game theory. Discussing voting methods, public goods, and paradoxes of collective choice using computer simulation. Prerequisite: one upper-level (300/400) political science course or consent of instructor.
- POSC 461 [561] RESEARCH METHODS IN POLITICAL BEHAVIOR (3) The major emphasis will be on the use of quantitative techniques in political research. Topics include survey research, the use of computers and statistical analysis. Prerequisite: any POSC course at 100-level.
- POSC 465 EDITORIAL WORK TOWSON JOURNAL OF INTERNATIONAL AFFAIRS (1) One to three per semester three semester limit. Members of the Editorial Board of *The Towson Journal of International Affairs* prepare the issues of that journal under the supervision of faculty advisers. Admission by consent of the instructor. Graded S/U.
- POSC 467 [567] POLITICS AND THE BUDGETARY PROCESS (3) Analysis of the budgetary process. Not open to students who successfully completed this course as a special topic (POSC 470-479) course. Prerequisite: POSC 375 or consent of instructor.
- POSC 470-479 [570-579] SPECIAL TOPICS IN POLITICAL SCIENCE (3)
 An examination of current topics in political science. The content of the course will depend upon mutual faculty and student interest. May be repeated for credit provided a different topic is covered. Prerequisite:
 Any 100-level POSC course or consent of instructor.
- POSC 481 SEMINAR: PUBLIC POLICY ANALYSIS (3) Theoretical and practical approaches in the analysis of policy formulation, implementation and evaluation. Preequisite: 15 semester hours in POSC including one upper-division course or consent of instructor.
- POSC 482 [582] SEMÍNAR IN POLITICAL SCIENCE (3) Various methods and techniques of research in political science, culminating in the preparation of a seminar paper. Prerequisite: 15 credits in political science or consent of instructor.
- POSC 483 [583] SEMINAR POLITICS AND THE NEWS MEDIA (3) Focuses on the relationship between the government and the news media. Considers such topics as White House operations, the First Amendment, government efforts to control the news, and efforts by the media at self-regulation. Prerequisites: 15 credits in POSC including an upper-level course or consent of instructor.
- POSC 485 [585] SEMINAR: DEMOCRATIC THEORY (3) Traces democratic theory from its 16th-century origins and analyzes variants which have been proposed since that time. Prerequisites: 15 credits in POSC, including POSC 428, or consent of instructor.
- POSC 486 [586] SEMINAR: JUSTICE AND THE LAW (3) Central legal, political and moral questions concerning justice and the law, discussion on justice as an achievable goal in human society, particularly in the

- modern democratic state. Prerequisites: minimum of 15 credits in POSC, including POSC 418 or POSC 419, or consent of instructor.
- POSC 488 [588] SEMINAR: TOPICS IN PUBLIC POLICY (3) A senior-level seminar in the field of public policy, focusing on policy areas of contemporary interest and significance. Prerequisite: 15 credits in POSC or consent of instructor.
- POSC 490 [590] INDEPENDENT STUDY (1-3) Individual and supervised study in selected areas of political science. May be repeated for a maximum of 6 credits. Admission by consent of instructor.
- POSC 491 [591] SEMINAR: CONTEMPORARY U.S. FOREIGN POLICY (3) An examination of the contemporary nature, basis and instruments of American foreign policy. Formulation and implementation of American foreign policy will also be examined. Prerequisites: 15 credits in POSC including POSC 107 or POSC 303, or consent of instructor.
- POSC 493 [593] INTERNSHIP (3-9) Familiarizes students with the practical working of government institutions. The flexibility in time and credit arrangements will allow a variety of political experiences in which students combine theory and practice. No more than 3 credits may be earned in any one semester. Prerequisites: junior/senior standing and consent of instructor.
- POSC 498 DIRECTED READINGS IN POLITICAL SCIENCE (1-3) Readings and research in preparation for the writing of a thesis or other research paper in political science under the supervision of one member of the political science faculty. Must be taken in advance of the Honors Thesis course. Prerequisites: 15 credits in political science, minimum average of 3.50 in POSC, and an overall QPA of 3.25. Consent of instructor.
- POSC 499 HONORS THESIS (3) Research and writing of thesis directed by a faculty member in a chosen area of specialization. Prerequisites: 18 credits in political science, directed readings in political science, 3.50 average in political science and an overall QPA of 3.25, and consent of instructor.

PORTUGUESE (PORT)

Lower Division

- PORT 101-102 PORTUGUESE ELEMENTS I, II (3, 3) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. GenEd II.C.I.
- PORT 201-202 PORTUGUESE INTERMEDIATE I, II (3, 3) Review of grammar, conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisites: PORT 10I-102 or equivalent. GenEd II.C.3.

PSYCHOLOGY (PSYC)

Lower Division

- PSYC 100 USING INFORMATION EFFECTIVELY IN THE BEHAV-10RAL AND SOCIAL SCIENCES (3) Obtaining, evaluating and presenting social science information; critical thinking, problems of inference, search and analysis skills using computerized databases, Internet, statistical software and communication skills. Recommended for those who major in the social or behavioral sciences. Not open to those who successfully completed IDLA 101. GenEd LB.
- PSYC 101 INTRODUCTION TO PSYCHOLOGY (3) Methods and principles. Attention to measurement, experimentation, sensation, remembering, personality, adjustment, development and individual differences, GenEd II.C.2.
- PSYC102 HONORS INTRODUCTION TO PSYCHOLOGY (3) Methods and principles. Attention to measurement and experimentation, psychobiology, sensation and perception, learning and memory, motivation and emotion, personality, adjustment, abnormality and psychotherapy, development and individual differences. Honors College course, Special permit only, GenEd II.C.2.
- PSYC 201 EDUCATIONAL PSYCHOLOGY (3) The learning process and related concepts; human development; individual differences; measurement and evaluation; personality and adjustment. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 203 HUMAN DEVELOPMENT (3) Research and theories related to the overall development of the human throughout the life cycle with emphasis on the interaction of physiological, personality and social components of development. Prerequisite: PSYC 101 or PSYC 102. GenEd II.B.2.
- PSYC 204 HONORS HUMAN DEVELOPMENT (3) An in-depth study of research and theories related to the overall development of the human throughout the life span, with an emphasis on the interaction of physical, psychological and social components. Honors College course. Prerequisite: PSYC 101 or PSYC 102. GenEd II.B.2.

- PSYC 205 INTRODUCTION TO THE HELPING RELATIONSHIP (3)
 Current concepts of the helping relationship and an exploration of the conditions that facilitate its effectiveness. Not open to students who successfully completed PSYC 425. Prerequisites: PSYC 101 or PSYC 102 and Psychology major or minor planning to enter one of the helping professions, or consent of the department.
- PSYC 206 APPLIED PSYCHOLOGY (3) Psychologists' contributions to education, medicine, law, mental health and business. Application to problems in these areas. Lectures and field trips. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 207 COMMUNITY AND SELF IN A TECHNOLOGICAL, GLOBAL SOCIETY (3) Impact of technology and globalization on community and personal development.
- PSYC 209 CONSUMER BEHAVIOR (3) Basic psychological concepts concerning consumer behavior, such as the cognition, perception, learning, attitudes, cognitive dissonance, risk-taking, motivation and personality of the buyer. Emphasis on the interrelation of economics and sociocultural factors on consumer decision-making, including recent research findings and marketing applications. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 211 CHILD PSYCHOLOGY (3) An introduction to and general survey of theories and research in child behavior. Development of major psychological functions with emphasis on application of principles in teaching and parenting. Psychology majors and minors will not receive credit for this course; majors and minors should take PSYC 403. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 212 BEHAVIORAL STATISTICS (4) Distributions and graphs, notation, levels of measurement, percentiles, measures of central tendency and variability, principles of probability, the normal curve, standard scores, sampling theory, hypothesis testing, significance of differences, correlation and prediction, computation on computer terminals, Chi square, non-parametrics, one-way analysis of variance. Not open to those who successfully completed PSYC 111. Prerequisites: four years of high school math or one college-level math course, excluding DVMT courses and MATH 204/205, GenEd I.C.

- PSYC 301 SCIENCE, PSEUDOSCIENCE AND SUPERSTITION (3)
 Differentiating between scientific and pseudo-scientific claims, focusing on psychological factors that influence human judgment and decision-making. Possible topics include: astrology, alternative medicine, New Ageism, alien abductions, parapsychology. Prerequisite: PSYC I01. GenEd.II.A.2.
- PSYC 305 PSYCHOLOGY OF LEARNING (3) Analysis of selected problems in both human and animal learning including reinforcement, punishment, verbal learning and verbal behavior. Prerequisite: 9 hours of PSYC or consent of instructor.
- PSYC 309 [512] PSYCHOPHARMACOLOGY (3) Mechanisms of drugs, their effects on behavior and related topics. Prerequisites: 9 hours of PSYC or consent of instructor.
- PSYC 311 [513] BEHAVIOR MODIFICATION (3) Examination and application of the basic principles of the experimental analysis of behavior, with an emphasis on the applied aspects of this modern discipline to schools, jobs, interpersonal relations and self-control. Prerequisite: 9 hours of PSYC or consent of instructor.
- PSYC 314 EXPERIMENTAL PSYCHOLOGY (4) The experimental method and its application to recent problems in psychological research; introduction to experimental design and inference. Three hours lecture, two hours of laboratory per week. Not open to those who successfully completed PSYC 261. Prerequisites: PSYC 101 or PSYC 102, PHIL 101 or PHIL 111, ENGL 102 or ENGL 190, PSYC 212. GenEd I.D.
- PSYC 315 [515] MOTIVATION (3) Interaction between physiological, neurological and pharmacological aspects of motivation with environmental influences, such as culture, learning and social dynamics. Issues in human motivation and emotion which will be emphasized are aggression, sex, achievement (competence) and cognitive-social influences. Prerequisite: 6 hours of PSYC. (PSYC 203 and junior standing recommended.)
- PSYC 317 [517] SENSATION AND PERCEPTION (3) A systematic investigation on the basic senses such as vision, audition, taste, smell and touch will be undertaken. The organization of sensory input will also be emphasized. Both human and non-human data will be presented. Prerequisites: 9 hours of PSYCor consent of instructor; BIOL 110.
- PSYC325 [524] SOCIAL PSYCHOLOGY (3) The structure and function of groups. Recent advances in sociology, anthropology and psychiatry as related to psychology. Prerequisite: 6 hours of PSYC.

- PSYC 327 INDUSTRIAL PSYCHOLOGY (3) Theories, psychological concepts and research applied to industrial and organizational settings. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 328 [518] COMPUTER IMPACT ON PSYCHOLOGY AND HUMAN BEHAVIOR (3) Effect of computers on psychological training, research methods, clinical and counseling practices, theory development, psychological content and human behavior. Examination of psychologically oriented computer programs (e.g., clinical interviewing). Computer experience not necessary. Prerequisite: 6 hours of PSYC or consent of instructor.
- PSYC341 [540] ENVIRONMENTAL PSYCHOLOGY (3) The relationship between the physical and social environment and behavior, i.e., places, spaces and people. How man/woman construes, interprets, comprehends, feels about the environment, and how the environment functions as a reflection of human needs and values. Topics include environmental design, crowding, privacy, human territoriality, personal space. Prerequisite: PSYC 101 or PSYC 102.
- PSYC 350 [550] PERSONALITY (3) Theoretical and practical approaches to the study of personality. Introduction to psychodynamics and to methods and materials of assessment. Prerequisites: 6 hours PSYC.
- PSYC 361 [542] ABNORMAL PSYCHOLOGY (3) Disordered personal reactions to life. Organic and functional phenomena plus therapeutic techniques. Prerequisites: 9 hours of PSYC including PSYC 203 or consent of instructor.
- PSYC 381 [581] READINGS IN PSYCHOLOGY (1-2) A survey of relevant research literature under the guidance of a staff member who will direct the students' research. May be repeated for a maximum of 4 credits. Prerequisite: 9 hours of PSYC and consent of instructor.
- PSYC 383 PROCTORING IN PSYCHOLOGY (3-6) Students serve as teaching apprentices or proctors in a course which they have already completed (such as Introduction to Psychology), and which they must relearn to 100 percent mastery. Students will manage the learning and evaluate individual progress of the members of the class assigned to them. The experience includes guidance, support and motivation of the assigned students, all in a supervised situation. Only 3 credits may be earned in one semester. May be repeated for a maximum of 6 credits. For 6 credits, students must serve as a proctor for two separate courses. Graded S/U. Prerequisites: successful completion of five or more psychology courses or: introductory, educational and child, or adolescent psychology, and principles of education and be a junior or a senior plus permission of instructor. NOTE: Psychology majors and minors will not receive psychology elective credit for this course.
- PSYC 403 [503] PSYCHOLOGY OF INFANCY AND CHILDHOOD (3)
 An advanced course reviewing historical and current changes in the areas of infancy and childhood. Emotional, cognitive, and individual development will be covered in depth. Emphasis is placed on critical analysis of research theory construction and methods. Not open to those who successfully completed ECED 413. Prerequisite: PSYC 203.
- PSYC404 [504] ADOLESCENT PSYCHOLOGY (3) Physical, emotional, intellectual development during adolescence; social development and heterosexuality; adolescent personality; problems of adjustment; juvenile delinquency. Prerequisite: PSYC203.
- PSYC 405 THE PSYCHOLOGY OF AGING (3) The changes in learning, emotions, personality and social behavior, and the impact of culture and attitude on the aging process. Prerequisite: 6 hours of PSYC including PSYC 203. Students should be aware of how to read and understand psychology journals and how psychological research is conducted.
- PSYC 411 [511] TESTS AND MEASUREMENTS (3) Psychological and educational testing and evaluation. The construction, administration, interpretation and use of the various evaluative devices of aptitude and achievement. Prerequisites: PSYC 101 or PSYC 102 and PSYC 212.
- PSYC419 [519] HUMANISTIC PSYCHOLOGY (3) Explores the third force in modern psychology, considering the whole person-in-society, focusing on existential, transpersonal and mind-body psychology. Prerequisites: PSYC 101, PSYC 203.
- PSYC 421 [521] APPLICATIONS OF BEHAVIORAL PRINCIPLES TO FAMILY AND CLASSROOM ENVIRONMENTS (3) Practical application of operant techniques to child management and family functioning. Behavioral analysis, behavior modification programs, and family contracting both at school and at home, with emphasis on learning hasic technical skills. Prerequisite: PSYC 211.
- PSYC 430 SYSTEMS AND TECHNIQUES OF PSYCHOTHERAPY (3) Review and application of current theoretical approaches to the helping relationship. Prerequisites: PSYC 205 and PSYC 361.
- PSYC 431 [531] GROUP DYNAMICS (3) Intensive study of group interactions with emphasis upon reciprocal group influence of behavior. Prerequisite: PSYC 325 or consent of instructor.

- PSYC 432 [532] CROSS-CULTURAL PSYCHOLOGY (3) Comparison of psychological behavior and theory in Western and Non-Western cultures. Prerequisite: PSYC 101.
- PSYC 433 GROUP PSYCHOTHERAPY INTERNSHIP (3) Supervised experience in use of group intervention techniques. Students will counsel groups of troubled adolescents. Supervision will focus on both group and individual dynamics. Prerequisite: PSYC431, admission to Honors
- PSYC 435 [535] INTERNSHIP IN PSYCHOLOGY (3-6) Placement in a community service agency to familiarize students with its current practices. Supervised client contact will be provided. May be repeated for a maximum of 12 credits, but only 6 credits can apply to the major; the other 6 credits will be used as general electives. Prerequisites: 23 hours of psychology, minimum PSYC GPA 2.80 and consent of instructor.

PSYC 439 [539] THE INITIAL INTERVIEW (3) Clinical observation and practicum experience. Focus on interviewer and interviewee dimensions and relationship with patients. Use of tapes, seminars, and individual supervision. Prerequisites: PSYC 205, and admission to Honors Clinical Track.

PSYC 447 [547] SEX DIFFERENCES; PSYCHOLOGICAL PERSPEC-TIVES (3) Sex role/personality development is examined from various perspectives: social, cultural, evolutionary and biological. Changing conceptions with regard to women, their roles and self-concepts, are emphasized within the overall context of sex differences and similarities in behavior. Prerequisite: PSYC 203 or permission of instructor.

PSYC 449 [549] PSYCHOLOGY OF LESBIAN CULTURE (3) Impact of culture on development of a leshian identity within a psychological framework. Prerequisites: two courses in psychology or women's studies or consent of instructor.

- PSYC 451 [551] INTRODUCTION TO THE EXCEPTIONAL CHILD (3) Children with atypical physical, mental, social and emotional development, including physically handicapped, mentally retarded, gifted and emotionally disturbed children. Prerequisite: PSYC 201 or PSYC203 or PSYC211.
- PSYC 453 [553] ISSUES IN MENTAL HEALTH INTERVENTION (1-2) Readings, lectures and seminars relating to psychological emergencies and the modes of intervention during psychological crises. May be repeated for a maximum of 4 credits. Graded S/U. Prerequisites: PSYC 205, PSYC 454 concurrent, admission to Honors Clinical Track.
- PSYC 454 INTERNSHIP IN PSYCHOTHERAPY (4-12) Techniques of psychotherapeutic intervention. Students will see patients in psychotherapy under intensive supervision. Seminars and individualized readings. May be repeated for a maximum of 12 credits. Prerequisites: PSYC 453 concurrent and admission to Honors Clinical Track.
- PSYC 457 GENDER IDENTITY IN TRANSITION (3) Psychological consequences of changing definitions of feminity, masculinity and personhood will be examined using recent theories of gender identity formation. Concepts such as androgyny, sex-role transcendence and future shock will be related to psychological adaptation to social change. Prerequisite: PSYC 315 or PSYC 447 or consent of instructor.

PSYC 460 [560] ETHOLOGY AND COMPARATIVE PSYCHOLOGY (3) A survey of the major behavioral adaptations in non-human and human species within the framework of evolutionary theory, ethology and experimental psychology. Three hours of lecture a week. Prerequisites: PSYC203, PSYC211, BIOL 110, or consent of instructor.

PSYC 461 [561] COGNITIVE PSYCHOLOGY (3) The nature of the cognitive processes, an analysis of the organization of cognitive abilities, and problems in cognition. Theoretical viewpoints will be explored, including those of Piaget, J. P. Guilford, Ausubel, Lewin, Skinner. A comparison among theories will be made as they relate to the thinking processes. Prerequisite: PSYC 203, PSYC 211 or consent of instructor.

PSYC 465 [565] PHYSIOLOGICAL PSYCHOLOGY (3) An introduction to the physiological bases of behavior. The topics to be considered are basic neuroanatomy and neurophysiology, sensory and motor systems, motivational systems, and "higher order" behavioral systems. Three hours of lecture per week. Prerequisites: 9 hours of PSYC or consent of instructor; BIOL 110.

PSYC 467 [567] MIDLIFE DEVELOPMENT (3) A study of adult behavior between the ages of 18 and 60. The developmental stages of young adulthood, adulthood and middle age will be discussed along with topics pertinent to each of the levels such as leaving and becoming emancipated from the family; the transition and adjustment to marriage and work; and bridging the gap between ideals and actual fulfillment. Prerequisite:

PSYC 470-479 [570-579] SPECIAL TOPICS (1-3) Survey and critical evaluation of modern literature pertaining to selected problems in

- psychology. May be repeated for a maximum of 12 credits provided a different topic is covered. Prerequisite: consent of instructor.
- PSYC 480 [580 SYSTEMS OF PSYCHOLOGY (3) Schools of psychology with their theoretical and methodological approaches. Prerequisites: at least a junior Psychology major and consent of instructor.
- PSYC 486 [587] ADVANCED EXPERIMENTAL DESIGN (3) Analysis of variance, multiple comparisons, nonparametrics, general problems related to sampling, experimenter effects, SPSS analysis, reading of the experimental literature. Honors approval or consent of instructor. Prerequisites: PSYC212 and PSYC314.

PSYC 491 [591] INDEPENDENT INVESTIGATION IN PSYCHOLOGY (3) An opportunity for especially qualified students to undertake research problems according to their interest and training under the direction of a staff member. May be repeated for a maximum of 12 credits, but only 6 credits can apply to the major; the other 6 credits will be used as general electives. Prerequisites: PSYC 314 and consent of instructor.

PSYC 494 [594] TRAVEL AND STUDY ABROAD IN PSYCHOLOGY (1-3) Selected topics, issues, programs, projects and/or facilities related to the field of psychology. Locations and topics to be selected by department and instructor sponsoring the program. Prerequisite: consent of instructor. There is no foreign language skill requirement.

PSYC 497 HONORS SEMINAR IN PSYCHOLOGY (3) Issues of current and historical interest in psychology, examined from clinical, developmental, experimental and other relevant points of view. Seminar format, including discussions, based on readings from primary sources and group projects. Prerequisites: completion of the first year of Departmental Honors in Psychology (Junior Year) and special permit.

PSYC 499 SENIOR THESIS IN PSYCHOLOGY (4) Independent research on special problems in psychology or closely related fields. Prerequisites:

PSYC314, PSYC485, Honors approval.

Graduate Division

See TU Graduate Catalog for course descriptions.

RUSSIAN (RUSS)

Lower Division

RUSS 101-102 RUSSIAN ELEMENTS I, II (3, 3) A thorough foundation in grammar; drills in pronunciation, elementary conversation; composition and translation. GenEd II.C.1.

RUSS 201-202 RUSSIAN INTERMEDIATE I, II, (3, 3) Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings. Prerequisites: RUSS 101-102 or equivalent. GenEd II.C.3.

SECONDARY EDUCATION (SCED)

Upper Division

SCED 301 FIELD EXPERIENCES IN SECONDARY EDUCATION (3) Experiences in observing and studying school activities directly related to classroom instruction and pupil learning; observing and analyzing teacher roles, student roles and instructional environment. Emphasis is placed on direct experience in a variety of school settings. Prerequisite: PSYC 201.

SCED 319 SURVEY OF EDUCATIONAL PROGRAMS (3) Combines theoretical aspects of ELED 311, The Child in the Elementary School Curriculum, and SCED 341, Principles of Secondary Education. A field experience to schools is required. Open only to those students in art, dance, music, physical education, health, or media specialists whose majors lead directly to certification in elementary and secondary education. Prerequisite: PSYC 201 or concurrently, and written permission of chair, Department of Secondary Education.

SCED 341 PRINCIPLES OF SECONDARY EDUCATION (4) Philosophy and purposes of secondary education; nature of secondary education programs; principles of teaching and learning; basic techniques in instruction. A field experience to schools is required and will necessitate travel time before and after class. To be taken the semester prior to the methods course. Students in approved certification programs leading to the bachelor's degree must enroll for 4 credits. Prerequisites: junior standing, PSYC 201 (or taken concurrently), taken concurrently w/ SCED 460, and written permission of the chair of secondary education. (Methods courses in each subject are not necessarily offered every semester. It is the responsibility of students to meet with their secondary education adviser to determine when they will take the teaching methods course.)

- SCED 353 TEACHING MODERN FOREIGN LANGUAGE IN THE SECONDARY SCHOOL (3) Aims and purposes of foreign language instruction; current curricular trends, including the importance of modern language teaching practices. Open only to semiors who plan to teach foreign language, with consent of instructor. Prerequisites: 2.50 GPA in major field, SCED 341, and written permission from chair, secondary education.
- SCED 355 TEACHING SOCIAL STUDIES IN THE SECONDARY SCHOOL (3) Objectives, curriculum, materials and instructional procedures in the teaching of social studies. Open only to seniors immediately prior to student teaching and to others with equivalent backgrounds and objectives. Prerequisites: 2.50 GPA in major field; SCED 341, SCED 460, and written permission from chair, secondary education.
- SCED 357 TEACHING ENGLISH IN THE SECONDARY SCHOOL(3)
 Language arts as taught in secondary schools. Open only to seniors immediately prior to student teaching and to others with equivalent backgrounds and objectives with consent of instructor. Prerequisites: 2.50 GPA in major field; SCED 341, SCED 460, and written permission from chair, secondary education.

Student Teaching

The following student teaching courses provide practical experiences in observation, participation and student teaching in public school classrooms under the guidance of master teachers and a university supervisor. Prerequisites: PSYC 201, SCED 319 or SCED 341, SCED 460, ISTC 301, SPED 301 and SCED 499, an appropriate methods course, satisfactory completion of the Praxis I tests, completion of the Speech and Hearing screening, completion of QPA requirements, written permission from students' major department and the Center for Applied Skills in Education (CASE). All secondary education students and postbaccalaureate students will student teach at both the middle school and high school levels the same semester. All student teaching experiences in secondary education are graded S/U.

- SCED 383 STUDENT TEACHING IN SECONDARY EDUCATION ENGLISH (12)
- SCED 384 STUDENT TEACHING IN SECONDARY EDUCATION FRENCH (12)
- SCED 385 STUDENT TEACHING IN SECONDARY EDUCATION GEOGRAPHY (12)
- SCED 386 STUDENT TEACHING IN SECONDARY EDUCATION GERMAN (12)
- SCED 389 STUDENT TEACHING IN SECONDARY EDUCATION HISTORY (12)
- SCED 394 STUDENT TEACHING IN SECONDARY EDUCATION SPANISH (12)
- SCED 396 STUDENT TEACHING IN SECONDARY EDUCATION SOCIAL SCIENCE (12)

SCED 399 DIFFERENTIATED STUDENT TEACHING —

- SECONDARY (1-8) Student teaching experiences in addition to those listed above or student teaching in special subject areas, according to needs and interests of the student. Prerequisite: consent of chair, secondary education, written permission, Center for Applied Skills in Education (CASE).
- SCED 401 ANALYZING STUDENT TEACHING (3) Analysis of and development of solutions for problems in pupil behavior, curriculum, evaluation and instructional procedures. Secondary teaching philosophies and strategies based upon identified needs determined as a result of the student teaching experience will be explored in depth. Open to students concurrent with or following student teaching.
- SCED 419 [518] YOUNG ADULT LITERATURE (3) Examination of literature as an expression of basic needs and ideas of youth through wide independent reading; studying criteria and aids for selection of books and other media; evaluating in terms of forces affecting society and the adolescent.
- SCED 458 [558] USING WRITING AS A LEARNING TOOL IN THE SECONDARY SCHOOL (3) Strategies for using writing to learn content in all disciplines; examination of the writing process—diagnosis, pre-writing, drafting, revision, evaluation and publication. Prerequisite: SCED 341 or SCED 319 or consent of instructor.
- SCED 460 [560] USING READING AND WRITING IN THE SECONDARY SCHOOLS (4) Developmental reading and writing assessment; vocabulary building, comprehension; special needs adaptations; clinical practice. Prerequisites; SCED 341 or concurrently.
- SCED 461 [561] TEACHING READING IN THE SECONDARY CONTENT AREAS (3) Application and assessment of reading strategies and instructional frameworks in secondary content

- classrooms. Prerequisite: SCED 460 and currently teaching or student teaching.
- SCED 463 [563] DEVELOPMENTAL READING FOR THE EARLY ADOLESCENT (3) Methods of designing and teaching developmental reading programs for the middle or junior high school student. Attention to the following: providing for individual differences, teaching students to read critically, developing and extending reading interests. Prerequisite: SCED 460 or equivalent reading methods course.
- SCED 470-489 [570-589] SPECIAL TOPICS IN SECONDARY EDUCATION: (Topic to be named) (1-3) In-depth study of a selected topic in secondary or adult education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. May be repeated for credit provided a different topic is covered.
- SCED 494 [594] TRAVELAND STUDY IN SECONDARY EDUCATION (1-6) Study abroad of educational facilities, programs or practices, or selected projects in education topics. By special arrangement with program chair and sponsoring instructors.
- SCED 495 [595] INDEPENDENT STUDY IN EDUCATION: SECONDARY (1-4) An opportunity for especially qualified students to undertake research problems or study projects relevant to their interest and training under the direction of a staff member. Prerequisite: consent of chair of secondary education.
- SCED 496 [596] DIRECTED READINGS IN SECONDARY EDUCATION (1-4) Independent reading in selected areas of Secondary Education in order to provide for the individual a comprehensive coverage or to meet special needs. By invitation of the department to qualified students. Prerequisite: consent of chair of Secondary Education.
- SCED 499 INTERNSHIP IN SECONDARY EDUCATION (3) Clinical experience in a professional development school the semester immediately prior to student teaching; focus on classroom management and discipline, technology utilization and reflective practices. Prerequisite: written permission of chair of secondary education. Graded S/U.

Graduate Division

See TU Graduate Catalog for course descriptions.

SCIENCE EDUCATION (SCIE)

- SCIE 371 [551] TEACHING SCIENCE IN EARLY CHILDHOOD (2) Familiarizes students with appropriate methods and materials in science for the young child. Emphasis will be on interdisciplinary approach. Prerequisite: ECED 341 or concurrently.
- SCIE 376 [576] TEACHING SCIENCE IN THE ELEMENTARY SCHOOL (3) Application, analysis and integration of science teaching skills in the elementary classroom. Field experience in local schools. Taken concurrently with BIOL 303 and PHSC 303.
- SCIE 380 [580] TEACHING SCIENCE IN THE SECONDARY SCHOOL

 (3) Selection of appropriate content, methods and evaluation techniques, analysis of textbooks and resource materials for teaching science in the middle and high schools. Must be taken the semester prior to student teaching.
- SCIE 393 STUDENT TEACHING IN SECONDARY EDUCATION-SCIENCE (12)
- SCIE 421 FIELD COURSE IN SECONDARY SCIENCE TEACHING METHODS (2) Analysis and evaluation of current materials and techniques in secondary science teaching. To be taken concurrently with student teaching at off-campus center. Prerequisite: SCIE 380; students must be student teaching.
- SCIE 470-475 [570-575] SEQUENTIAL SCIENCE MODULES FOR THE ELEMENTARY SCHOOL TEACHER I-VI (1, 2, or 3) Three different modules of science instruction will be offered each semester for teachers of primary and intermediate grades. Emphasizes instructional strategies in both the processes and content of the science. Students may elect to take 1, 2 or all 3 modules for 1, 2 or 3 credit hours, respectively. All students must attend the first class meeting for course orientation. Thereafter, each module will meet once a week for four weeks. Each meeting will consist of approximately four hours laboratory work. Prerequisite: teaching experience in the elementary schools.

SOCIOLOGY (SOCI)

Lower Division

- SOCI 100 USING INFORMATION EFFECTIVELY IN THE SOCIAL SCIENCES (3) Obtaining, evaluating and presenting social science critical-thinking problems of inference, search and analysis skills using computerized databases, statistical software and communication skills. Recommended for students majoring in social or behavioral sciences. Not open to those who successfully completed IDLA 101. GenEd I.B.
- SOCI 101 INTRODUCTION TO SOCIOLOGY (3) Sociological concepts, theories, methods; a study of society and culture; the influence of the social environment on individual behavior. GenEd II.B.2.
- SOCI 102 HONORS INTRODUCTION TO SOCIOLOGY (3) Sociological concepts, theories, methods; a study of society and culture; the influence of the social environment on individual behavior. Honors College course. Special permit only. GenEd II.B.2.
- SOCI 197 HONORS SEMINAR IN COMMUNITY POWER ANALYSIS

 (3) A multi-disciplinary investigation in applied social science of the major components necessary to successful metropolitan problem solving. Honors College course. Special permit only.
- SOCI 210 SOCIOLOGY OF SPORT (3) Critical examination of the role of sport in society. Course material will transcend prevalent stereotypes and myths of sport and analyze significant realities of the culture, social and corporate organization, major social processes, and relations of class, race and gender in contemporary society. GenEd II.B.3.
- SOCI 241 BLACKS IN AMERICA: MYTHS AND REALITY (3) Prevailing myths regarding black society, development of such myths, and the reality which contradicts them. GenEd II.C.3.
- SOCI 243 SOCIOLOGY OF RACE, CLASS AND GENDER (3) Traditional and contemporary sociological approaches to the nature and interrelationship of race, class and gender inequalities. Prerequisite: SOCI 101 or consent of instructor.

- SOCI300 SOCIOLOGICAL ANALYSIS (3) Sociological perspectives, data and techniques needed to identify and interpret social and cultural patterns. Develops computer and writing skills. Prerequisites: SOCI 101, ENGL 102 or ENGL 190, or consent of instructor. GenEd. I.D.
- SOCI 301 THE FAMILY (3) The family as the basic group in human societies; its development; its relation to other social institutions; the family in modern industrial societies. Prerequisite: SOCI 101.
- SOCI 307 ISSUES IN DOMESTIC VIOLENCE (3) Identification, treatment and prevention of home-hased abuse or violence focusing on children, spouses/partners and elders. Prerequisite: SOCI 101.
- SOCI 309 ISSUES IN CAMPUS VIOLENCE (3) Micro-level examination of issues of crime and violence, including prevention, treatment and punishment on the college campus. Prerequisite: SOCI 101.
- SOCI 311 [511] INDIVIDUAL AND SOCIETY (3) A social psychological approach to the inter-relationships of the individual and his/her social and cultural environment; behavioral characteristics resulting from social experience. Prerequisite: SOCI 101.
- SOCI313 INTRODUCTION TO SOCIAL PSYCHOLOGY (3) A general introduction to the inter-relationships between social organization and individual human behavior. Examination of social factors in the emergence of consciousness, self, personality and interpersonal relations. Prerequisite: SOCI 101.
- SOCI 320 MILITARY SOCIOLOGY (3) Examination of social concerns related to maintaining a large-standing military force with volunteers. Issues of race and gender, with questions of military service as an obligation and continuance of civilian control will be addressed. Prerequisite: SOCI 101.
- SOCI 323 [523] SOCIAL CHANGE (3) A sociological analysis of the sources, processes and consequences of social change. Prerequisite: SOCI 101.
- SOCI 325 [525] CROWDS, MOBS AND RIOTS (3) Study of unorganized and organized groups and their impact on society: crowds, mobs, riots and other processes of disruptive and constructive change. Prerequisite: SOCI 101.
- SOCI 327 [527] URBAN SOCIOLOGY (3) Survey of the theoretical and sociological conceptualizations of modern western industrial cities. Prerequisite: SOCI 101.
- SOCI 329 [529] DEMOGRAPHY (3) Social, economic and political problems related to changes, distribution and movement of population; analysis of contemporary population trends in the United States and the world. Prerequisite: SOCI 101.
- SOCI 331 [531] DEVIANCE AND ORGANIZATIONS (3) Major social patterns associated with contemporary large-scale organizations, with special emphasis on deviance by and within corporations, governments and crime syndicates. Prerequisite: SOCI 101.

- SOCI 333 [533] POLITICAL SOCIOLOGY (3) Contemporary relevance of the fundamental ideas regarding the relationship of the social and political systems; the significance of social and political democratization; class struggles and revolution; the influence of government bureaucracy. Prerequisite: SOCI 101.
- SOCI 335 [535] MEDICAL SOCIOLOGY (3) A study of social and cultural perspectives on illness; demographic trends; the health professions; institutions for the delivery of health care services. Prerequisite: SOCI 101.
- SOCI 341 [541] CLASS, STATUS AND POWER (3) An examination of major theories and significant research on socially structured inequality in modern and traditional societies. Prerequisite: SOCI 101.
- SOCI343 [543] MINORITY GROUPS (3) An examination of inter-group life as an aspect of society; conflicts between races, ethnic groups and minorities; prejudice, segregation and integration. Prerequisite: SOCI 101.
- SOCI 348 WOMEN AND CRIME (3) Women as offenders, victims and workers in the criminal justice system. Theories of female criminality. Discrimination and sexism in juvenile and adult systems. Prerequisite: SOCI 101.
- SOCI 349 SOCIAL PROBLEMS (3) Theoretical and empirical understanding of the sociological approach to contemporary social problems, such as alcoholism, drug abuse, rape, homopobia, sexism, racism, poverty, family disorganization, violence. Prerequisite: SOCI 101.
- SOCI 351 [551] DEVIANT BEHAVIOR (3) Deviance as a process in society. Understanding conformity and deviance, identification and labeling of deviants, society's response to deviant behavior. Prerequisite: SOCI 101.
- SOC1352 COMMUNITY CORRECTIONS (3) Probation and intermediate sanctions of boot camp, electronic monitoring, house arrest/detention. Casework management and sentencing. Parole and diversion programs. Prerequisite: SOC1 101.
- SOCI 353 [553] THÉORIES OF CRIME (3) Evolution of criminological theory; crime rates and trends; social profile of criminal offenders and victims; societal responses. Prerequisite: SOCI 101.
- SOCI 354 [554] INTRODUCTION TO CRIMINAL JUSTICE (3) The history, the present structure, the functions, and the contemporary problems of the police, prosecution, courts, corrections, probation and parole. In addition, a brief introduction to law as an element of social control will be given. Prerequisite: SOCI 101.
- SOCI 355 [555] DELINQUENCY AND JUVENILE JUSTICE (3) Nature, distribution and causes of youth crime; youth gangs; the juvenile justice system. Prerequisite: SOCI 101.
- SOCI 356 [556] PRISONS IN AMERICA (3) Purposes of punishment, incarceration and death penalty; inmate subculture; administration and staff issues. Prerequisites: SOCI 101, SOCI 353 or SOCI 354 or SOCI 355
- SOCI 357 [557] SOCIAL WELFARE (3) Sociological analysis of social welfare institutions and the functions they perform within modern societies. Prerequisite: SOCI 101.
- SOCI 358 INTERPÉRSONAL VIOLENCE (3) Face-to-face violent crime; perpetrators and victims; strategies for response. Prerequisites: SOCI 101, SOCI 351 or 353.
- SOCI 359 [559] SOCIAL GERONTOLOGY (3) Examination of social factors in aging in later life and responses to aging; evaluation of research in social gerontology. Prerequisite: SOCI 101.
- SOCI 367 [558] SOCIOLOGY OF DEATH, DYING AND BEREAVEMENT (3) Examination of present social considerations of death, including demographic, attitudinal and ritualistic variables; death education through the life cycle; structure of the grief process; impact of terminal illness on the patient and the family; ethical issues surrounding euthanasia; and suicide. Prerequisite: SOCI 101.
- SOCI 370-379 [560-569] TOPICS IN SOCIOLOGY (3) Current topics in sociology designed for non-majors as well as majors. May be repeated for credit provided a different topic is covered. Prerequisite: SOCI 101.
- SOCI 381 [581] SOCIOLOGICAL THEORY (3) Major systems of sociological theory; the works, assumptions and implications of major European and American schools. Prerequisites: junior standing; SOCI 101; 9 additional hours of sociology.
- SOCI383 SOCIOLOGY OF LAW (3) Legal norms and institutions in relation to society; role of law in social processes, such as conflict and cooperation. Prerequisite: SOCI 101.
- SOCI 385 POLICE ADMINISTRATION (3) Law enforcement and organization structure; management of departments, including deployment, recruitment, training, specialization, budget and research. Prerequisite: SOCI 101.
- SOCI 387 ISSUES IN POLICING (3) Individual and system-related problems facing police personnel. Prerequisite: SOCI 101.

- SOCI 391 [582] RESEARCH METHODS (3) A consideration of methodology of sociological research; the various steps in conducting research projects, from statement of the problem to final analysis of data. Prerequisites: SOCI 101; 9 additional hours of SOCI; either PSYC 212 or MAT11231.
- SOCI 470-479 [570-579] SPECIAL TOPICS IN SOCIOLOGY (3) An examination of current topics in sociology designed for junior and senior majors. May be repeated for credit provided a different topic is covered. Prerequisites: SOCI 101 and 6 additional hours of sociology.
- SOCI 485 [585] SEMINAR IN SOCIOLOGY (3) Capstone application of ideas, methods and facts learned in previous sociology courses. Prerequisites: SOCI 101, three upper-level SOCI courses, and senior standing or permission of instructor.
- SOCI 491-492 [591-592] INTERNSHIP IN SOCIOLOGY I, II (3, 3) Supervised experience in work setting which facilitates understanding of roles and relationships relevant to sociological inquiry and application of sociological knowledge. Students may elect to take one semester for 3 credits (491) or two semesters for 3 credits each (491-492), in one agency both semesters or in a different agency each semester. No more than 3 credits may be earned in a semester without consent of the chair, which will be granted only when agency requirements and student needs make it appropriate. Prerequisite: SOCI major; junior standing and consent of internship coordinator.
- SOCI 495 [595] INDEPENDENT RESEARCH (3) Supervised research and sociological investigation involving library and/or field experiences, and culminating in a written report. May be repeated for a maximum of 6 credits. Prerequisites: SOCI 381 and SOCI 391 and consent of instructor.
- SOCI 497 SEMINAR IN SOCIOLOGY (Honors) (3) Exploring and analyzing major areas of sociology. Prerequisite: consent of the Honors coordinator.
- SOCI 498 READINGS IN SOCIOLOGY (Honors) (4) A survey of the relevant scholarly literature under the guidance of a staff member who will direct students' research. Prerequisite: consent of the Honors coordinator.
- SOCI 499 HONORS THESIS (4) Supervised research and sociological investigation involving library and/or field experience and culminating in a written report. Prerequisite: consent of the Honors coordinator.

SPANISH (SPAN)

Lower Division

- SPAN 101-102 SPANISHELEMENTS I, II (3, 3) A thorough foundation in grammar; drills in pronunciation; elementary conversation; composition and translation. GenEd II.C. I.
- SPAN 201-202 SPANISH INTERMEDIATE I, II (3, 3) Review of grammar; conversation and prose composition; translation of texts of cultural value; outside readings commensurate with the ability of the individual student. Conducted in Spanish. Prerequisites: SPAN 101-102 or equivalent. GenEd II.C.3.

- SPAN 301-302 COMPOSITION AND CONVERSATION 1, II (3, 3) Composition and conversation beyond intermediate level. Conducted in Spanish. Prerequisites: SPAN 201-202 or equivalent. GenEd II.C.3.
- SPAN 305 READINGS IN SPANISH (3) Improves reading and comprehension skills in Spanish, while exposing students to introductory Spanish literature. Prerequisite: SPAN 202 or equivalent or consent of instructor.
- SPAN 306 SPANISH PHONETICS (3) Analysis and laboratory drills of standard Latin-American pronunciation with some attention to Castilian, Conducted in Spanish. Not open to native speakers of Spanish. Prerequisites: SPAN 301-302 or equivalent.
- SPAN 311 CULTURE AND CIVILIZATION OF THE SPANISH-SPEAKING PEOPLES1(3) Value-system and way of life as embodied in the language, history, arts and customs of Spain. Conducted in Spanish. Prerequisites: SPAN 301-302 or equivalent.
- SPAN 312 CULTURE AND CIVILIZATION OF THE SPANISH-SPEAKING PEOPLES II (3) Value-system and way of life as embodied in the language, history, arts and customs of Ibero-America. Prerequisites: SPAN 301-302 or equivalent.
- SPAN 321-322 SURVEY OF SPANISH LITERATURE I, II (3,3) Spanish and Spanish-American literature, with collateral readings. Conducted in Spanish. Prerequisites: SPAN 301-302 or equivalent.
- SPAN 331 SPANISH FOR BUSINESS (3) The fundamentals of commercial correspondence in Spanish, Focuses on the form and style of Spanish currently used in a business environment. Intensive practice in speaking, writing and translating, Prerequisites: SPAN 201-202 or equivalent or consent of instructor.

- SPAN 370-379 SPECIAL TOPICS IN SPANISH (3-6) Specialized topics in language and culture. Content varies. May be repeated once for credit provided a different topic is covered. Prerequisite: SPAN 202 or equivalent.
- SPAN 391 ADVANCED SPANISH GRAMMAR (3) Spanish syntax, idiomatic construction, word formation, original composition. Conversation and oral drill. Conducted in Spanish. Prerequisites: SPAN 301-302.
- SPAN 402 [502] SPANISH LINGUISTICS (3) The linguistic structure of the Spanish language with an introduction to transformational grammar. Prerequisites: SPAN 301-302 or equivalent.
- SPAN 407 ADVANCED SPANISH COMPOSITION 1 (3) Development of composition skills through writing. Conducted in Spanish. Prerequisites: SPAN 301 and SPAN 302 or equivalent.
- SPAN 408 ADVANCED SPANISH II (3) Development of advanced skills to participate in both formal and informal conversation, social and abstract topics. Conducted in Spanish. Prerequisites: SPAN 301 and SPAN 301 orequivalent.
- SPAN 411 [511] 19th CENTURY NOVEL (3) Development of the Spanish novel in the second half of the 19th Century with emphasis on authors and works representative of the period in Spanish letters from Realism to Naturalism. Conducted in Spanish. Prerequisites: SPAN 321-322.
- SPAN 412 [512] CONTEMPORARY SPANISH NOVEL (3) Emphasis on such writers as Cela, Sender, Delibes and Goytisolo. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 417 [517] THE GOLDEN AGE IN SPANISH LITERATURE I (3)
 Principal attention to Cervantes, Tirso de Molina, Lope de Vega and Ruiz
 de Alarcon. Conducted in Spanish. Prerequisites: SPAN 321-322.
- SPAN 431 [531] 19TH-CENTURY SPANISH LITERATURE (3) The main literary movement of the century: neoclassicism, romanticism, realism, naturalism and special emphasis on "costumbrismo." Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 439 LITERARY MOVEMENTS IN THE SPANISH-AMERICAN LITERATURE (3) Characteristics of the literary movements in Spanish America through the most representative short stories of every period. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 444 [544] 20TH CENTURY SPANISH-AMERICAN LITERATURE II (3) The Contemporary Period. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 452 [552] CONTEMPORARY SPANISH POETRY (3) Emphasis on the poets of the generation of 1927; Pablo Neruda and Vicente Aleixandre. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 455 HISPANIC POPULAR CULTURES (3) Analysis of a topic concerned with Hispanic folklore and popular cultures. May be repeated for a maximum of 6 credits. Prerequisites: SPAN 301 and SPAN 302 or consent of department.
- SPAN 462 [562] CONTÉMPORARY SPANISH DRAMA (3) Emphasis on playwrights such as Casona, Sastre and Buero Vallejo. Conducted in Spanish. Prerequisites: SPAN 321-322 or equivalent.
- SPAN 470-479 [570-579] SPECIAL TOPICS IN SPANISH (3) Discussion of a central topic with changing emphasis from year to year. May be repeated for credit provided a different topic is covered. Prerequisites: SPAN 321-322 or the equivalent.
- SPAN 481 [581] SPANISH SHORT STORIES (3) Short stories from Spain with emphasis on 20th-century authors. Conducted in Spanish. Prerequisite: SPAN 321-322 or equivalent.
- SPAN 491 [591] DIRECTED READINGS IN SPANISH LITERATURE (1-3)
 Reserved for superior students under the guidance of a departmental adviser. For junior or senior majors only. Conducted in Spanish. Prerequisites: at least three hours of literature study at the 400 level, consent of department chair.
- SPAN 492 [592] DIRECTED READINGS IN SPANISH (1-3) Similar to Spanish 491 with concentration on a different subject matter. Conducted in Spanish. Junior or senior majors only. Prerequisites: at least three hours of literature study at the 400 level, consent of department chair.
- SPAN 494 TRAVEL STUDY ABROAD (3-16) A study of the main features of Hispanic culture and civilization. Cities and topics to be selected. For complete information contact the chair of the department. Prerequisite: consent of instructor.
- SPAN 495 INTERNSHIP FOR PROFICIENCY IN SPANISH (3) Supervised experience in a work setting providing students the opportunity to apply their classroom learning and skills outside the academic world. Will be one semester (fall or spring) for which students receive 3 credits for eight hours of work per week. Junior or senior undergraduate students in good academic standing who meet the requirements established for the Proficiency in Spanish (completion of 9 credit hours of required courses)

can apply for the internship during the month of November for the spring semester and during the month of April for the fall semester. Prerequisites: open only to students who are enrolled in the Proficiency Program in Spanish who have complied with the program regulations. Written consent of coordinator of the program.

SPAN 497 INTERNSHIP IN SPANISH (3) Gives training and experience using Spanish in working with government, business, and industry in Maryland or Washington, D.C. under professional supervision. Prerequisites: junior or senior standing Spanish majors (professional track) only, and completion of at least 27 credits above 300-level courses. Written consent of coordinator of program.

SPECIAL EDUCATION (SPED)

Upper Division

- SPED 301 INTRODUCTION TO SPECIAL EDUCATION: K-12 (3) Historical, philosophical, legal foundations of special education as related to current issues and practices in educational settings. Field experience required. Prerequisite: PSYC 201 or consent of instructor.
- SPED 401 [502] CURRICULUM/METHODS OF INCLUSION (3) Designing and implementing inclusive programs. Prerequisite: SPED 301.
- SPED 413 [513] ASSISTIVE TECHNOLOGY FOR STUDENTS WITH DISABILITIES K-12 (3) Designing instruction for students with disabilities using assistive and instructional technology. Prerequisites: SPED 301 and ISTC 201 or equivalent.
- SPED 415 [515] ASSESSMENT OF INFANT/PRIMARY STUDENTS WITH DISABILITIES (3) Comprehensive assessment of young children, linking evaluative information to inclusive programming.
- SPED 417 [517] COLLABORATIVE PLANNING FOR INFANT/ PRIMARY PROGRAMS (3) Methods and models of interdisciplinary collaborative planning for young children with disabilities. Prerequisite: SPED 301.
- SPED 425 [525] FORMAL TESTS AND MEASUREMENTS FOR STUDENTS WITH DISABILITIES (K-12) (3) Assessment techniques; philosophical rationale; current research; intervention strategies. Prerequisites: 6 credits PSYC; 9 credits SPED or consent of instructor.
- SPED 427 [527] CURRICULUM/METHODS OF SOCIAL EMOTIONAL AND MOTOR DEVELOPMENT FOR STUDENTS WITH DISABILITIES K-12 (3) Curriculum theory: research, instructional techniques for students with disabilities. Prerequisites: 6 credits SPED or consent of instructor.
- SPED 428 [605] WORKING WITH FAMILIES OF STUDENTS WITH DISABILITIES (3) Communication skills, human relations; parent counseling and conferencing. Prerequisites: SPED 301 and consent of SPED instructor.
- SPED 429 [607] CURRICULUM/METHODS OF CLASSROOM MANAGEMENT FOR STUDENTS WITH DISABILITIES (3) Theoretical foundations; development of practical interventions. Prerequisites: SPED 301 and consent of SPED instructor.
- SPED 430 [603] INFORMAL TESTS AND MEASUREMENTS FOR STUDENTS WITH DISABILITIES (K-12) (3) Assessment, diagnosis, prescriptive techniques; procedures, administration, interpretation, programming. Prerequisites: SPED 301 and consent of SPED instructor.
- SPED 431 [531] CURRICULUM AND METHODS OF READING FOR PRIMARY STUDENTS WITH DISABILITIES (3) Reading practices, context, procedures, materials and assessment for primary students with disabilities. Prerequisite: SPED 301.
- SPED 441 [541] CURRICULUM/METHODS OF INSTRUCTION FOR STUDENTS WITH DISABILITIES (K-12) (3) Characteristics affecting learning, designing educational programs. (Observations in appropriate settings and guest lecturers in specialty area.) Prerequisites: 6 credits in PSYC and 6 credits in education.
- SPED 451 [503] PSYCHOEDUCATIONAL ASSESSMENT OF STUDENTS WITH DISABILITIES (ELEMENTARY/MIDDLE SCHOOL) (3) Assessment and interventions for cognitive, educational, emotional and social behaviors of students with disabilities. Special permit required. Prerequisites: SPED 301, SPED 425, SPED 430.
- SPED 453 [553] CURRICULUM AND METHODS OF SECONDARY SPECIAL EDUCATION: PREVOCATIONAL AND VOCATIONAL INSTRUCTION (3) Issues and trends, including transitional-related instruction, postsecondary programs, and adaptability in secondary classrooms. Prerequisites: SPED 301 or consent of the instructor.
- SPED 455 [555] ASSESSMENT OF MIDDLE AND HIGH SCHOOL STUDENTS WITH DISABILITIES (3) Diagnosis and prescriptive

- techniques used by secondary level special education professionals. Prerequisite: SPED 301.
- SPED 470-479 SPECIAL TOPICS IN SPECIAL EDUCATION (1-3) Indepth study of a selected topic in special education. The specific requirements and prerequisites will vary with each topic and will be designated by the department each time a topic is scheduled. May be repeated for a maximum of 6 credits.
- SPED 491 INTERNSHIP: STUDENTS WITH DISABILITIES IN ELEMENTARY/MIDDLE GRADES (3) Supervised clinical field experience with elementary/middle school students with disabilities. Prerequisites: 12 credits SPED and consent of the program director.
- SPED 496 INTERNSHIP: STUDENTS WITH DISABILITIES (SECOND-ARY/ADULT PROGRAMS) (3) Supervised clinical field experience with students with disabilities at the middle and high school level prior to student teaching. Prerequisites: 12 credits of SPED and consent of coordinator of secondary special education.
- SPED 497 INTERNSHIP: STUDENTS WITH DISABILITIES IN INFANT/PRIMARY PROGRAMS (3) Supervised clinical field experience with young children with disabilities. Prerequisites: 12 credits SPED and consent of the program director.
- SPED 498 STUDENT TEACHING: SPECIAL EDUCATION (3-12) Placement in special education classroom either public or private at the age/grade appropriate for students' programs. Prerequisites: 18 credits SPED and consent of the program director.

Graduate Division

Special TU Graduate Catalog for course descriptions.

COMMUNICATION SCIENCES AND DISORDERS (SPPA)

Lower Division

- SPPA 105 SPEECH AND LANGUAGE DEVELOPMENT (3) Analysis of normal speech and language development, including the phonetic, semantic and syntactic elements. Physiology of speech and language learning.
- SPPA 200 ANATOMY AND PHYSIOLOGY OF THE AUDITORY AND VOCAL MECHANISM (3) Anatomical structures involved in the communication processes of speech, language and hearing. Analysis of the functioning of these structures. Lectures and laboratory sessions will be required. Prerequisite: SPPA 105 and/or consent of department.
- SPPA 205 BASIC SIGN LANGUAGE (3) Introduction to sign language with emphasis on basic vocabulary acquisition and awareness of hearing impairment. Focus on skill development in signed English, maintaining grammatical and conceptual accuracy. Participation and demonstration required. GenEd II.B.3.
- SPPA 206 AMERICAN SIGN LANGUAGE I (3) Emphasizes receptive and expressive conversational skills in ASL. Class will be conducted in a silent classroom (no voices allowed). Non-verbal communication skills and basic interpretive practice will be provided. Prerequisite: SPPA 205 and/or consent of instructor.
- SPPA 210 PHONETICS OF AMERICAN ENGLISH (3) Analysis of speech sounds of American English and the use of phonetic symbols to record them. Emphasizes ear training, phonetic transcription and language recordings.

- SPPA 302 SPEECH AND LANGUAGE PATHOLOGY I: PHONOLOGY (3) Theories of phonological development and clinical appreciation of current linguistic analysis techniques in description of articulation and other phonological disorders. Standardized testing procedures and treatment program development. Prerequisites: SPPA 313, major status, and/or consent of department.
- SPPA 303 HEARING SCIENCÉ (3) Introduction to study of acoustics and psychoacoustics. Utilization of models and instrumentation. Prerequisite: SPPA 105 and/or consent of department.
- SPPA 304 SPEECH AND LANGUAGE PATHOLOGY II: LANGUAGE (3)
 Interaction of normal language development and language disorders including psycholinguistics, semantic development, information processing and auditory memory. Prerequisites: SPPA 313, major status, and/or consent of department.
- SPPA 306 SPEECH AND LANGUAGE PATHOLOGY III: ORGANIC DISORDERS (3) Etiology, differential diagnosis, and therapeutic management in the area of organic and functional voice problems, cleft lip and palate, adult aphasia, cerebral palsy and mental retardation. Prerequisites: SPPA 302, SPPA 304 and/or consent of department.

- SPPA 307 AMERICAN SIGN LANGUAGE II (3) Continued skill development in expressive and receptive ASL begun in ASL L Prerequisites: SPPA 205, 206 and/or consent of department.
- SPPA 31 f AUDITION, SCIENCE AND SOCIAL IMPACT (3) Acoustics, psychoacoustics, anatomy, physiology and pathologies of the hearing mechanism. Assessment of auditory function. Demographics and cultural considerations, management and social impact of deafness and hearing loss, Prerequisites: One course fulfilling GenEd II.A. I.
- SPPA 313 LANGUAGE AND SPEECH SCIENCE (3) Biological, linguistic and acoustic aspects of language and speech processes. Strategies for scientific study of language and speech including age, gender and cultural variables. Prerequisites: SPPA 210, 303 and/or consent of the
- SPPA 321 INTRODUCTION TO AUDIOLOGY (3) Anatomy, physiology and pathologies of the hearing mechanism, Instrumentation and techniques for the identification and management of hearing disorders inclusive of pure-tone and speech audiometrics and screening methods. Prerequisites: SPPA 303, major status and/or consent of department.
- SPPA 325 [525] INTRODUCTION TO AURAL REHABILITATION (3) Information on options available for managing children and adults who are deaf or hard of hearing. Early intervention, communication strategies, amplification options and psychosocial issues. Prerequisite: SPPA 321 and/or consent of department.
- SPPA 341 CLINICAL AUDIOLOGY (3) Basic audiometry; audiogram interpretation; basic principles of audiologic habilitation, including school hearing conservation. Prerequisite: SPPA 321 and/or consent of department.
- SPPA 345[545] PSYCHOSOCIAL ASPECTS OF DEAFNESS (3) The educational, legal, philosophical and political influences that affect the lives of people who are deaf or hard of hearing. The impact of prelingual and postlingual deafness on an individual's social and psychological functioning will be discussed. Prerequisite: major status and/or consent of department.
- SPPA 416 CLINICAL OBSERVATIONS AND TECHNIQUES (3) Methods and materials in clinical practice. Planning and implementation of treatment protocols. 25 hours of supervised observation in a variety of clinical settings. Prerequisites: SPPA 302, 304, 321 and/or consent of department.
- SPPA 417 TECHNICAL WRITING IN THE CLINICAL PROCESS (3) Develops writing skills in disciplines of speech-language pathology and audiology. Prerequisites: ENGL 102 or ENGL 190; SPPA 416 and/or consent of department. May be taken concurrently with SPPA 487. May be taken concurrently with SPPA 487. Gen Ed I.D.
- SPPA 470-479 SPECIAL TOPICS SEMINAR IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3) Investigation of particular topics in the fields of speech and language pathology and audiology. The topic will vary each semester the course is offered. May be repeated for credit provided a different topic is covered. Prerequisite: varies with
- SPPA 487 CLINICAL INTERNSHIP I (3) Clinical practice in therapeutic procedures with various types of speech, language and/or hearing disorders in the Towson University Speech/Language/Hearing Clinic. Students must attend weekly class. Prerequisites: Minimum 3.00 GPA in prerequisite major courses, 25 documented hours of observation, SPPA 416, completed communication screening, or consent of department. May be taken concurrently with SPPA 417.
- SPPA 496 INDEPENDENT STUDY IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (1-4) Independent study in selected areas of speech-language pathology and audiology. May be repeated for a maximum of 6 credits. Prerequisites: junior/senior status, faculty/mentor agreement and/or consent of department.
- SPPA 497 DIRECTED READINGS IN SPEECH-LANGUAGE PATHOL-OGY AND AUDIOLOGY (1-4) Directed readings in selected areas of speech pathology and audiology. May be repeated for a maximum of 6 credits. Prerequisites: jumor/senior status, faculty/mentor agreement and/or consent of department.
- SPPA 498 PROCTORING IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (3) Students serve as teaching apprentices or proctors in a course which they have already completed in the department. May be repeated for a maximum of 6 credits. Prerequisites: Grade equivalent of 3.00 QPA or higher in course for which students will proctor and/or consent of the department.

Graduate Division

See TU Graduate Catalog for course descriptions.

THEATRE ARTS (THEA)

Lower Division

- THEA 101 ACTING I (3) Development of imagination through improvisation, exercises and simple scenes. GenEd 1.E.
- THEA 102 HONORS ACTING 1(3) Development of imagination through impovisation, exercises and simple scenes. Prerequisite: admission to the Honors College. GenEd I.E.
- THEA 103 INTRODUCTION TO AMERICAN THEATRE (3) Theatrical experience through study of the various types, styles and production processes of the theatre. Theatre as a public art and its relationship to our culture. GenEd II.B.1.
- THEA 105 MOVEMENT DRILL FOR THE ACTOR 1(3) Tension release. alignment and physical characterization utilizing movement theories.
- THEA 107 PROPERTY DESIGN AND CONSTRUCTION (3) Materials, tools and techniques for executing property design.
- THEA 111 VOICE DRILL FOR THE ACTOR I (3) Theory and practice in vocal production, application to the freeing, development and strengthening of the voice.
- THEA 125 SCRIPT ANALYSIS (3) Interpretation and analysis of playscripts as the basis for public performance, from the viewpoints of audience members and practitioners. Introduction to research methods for contemporary performance. GenEd I.B.
- THEA 126 HONORS SCRIPT ANALYSIS (3) Interpretation and analysis of playscripts as the basis for public performance, from the viewpoint of audience members and practitioners. Introduction to research methods for contemporary performance. Prerequisites: Admission to the Honors College. GenEd I.B.
- THEA 142 INTRODUCTION TO THEATRE DESIGN (3) Creative aspects of theatrical design from concept to realization. GenEd I.E.
- THEA 201 SCENIC DESIGN 1(3) Influence of acting, directing, audience and aesthetics on the development of scenic design.
- THEA 202 ACTING II (3) Technique and practice of scene study: analyzing a script, rehearsing a scene and playing an action. May be repeated for a maximum of 6 credits. Prerequisite: THEA 101, THEA 105 and THEA 111.
- THEA 205 THEATRE GAMES (3) Exercises in "game structures" to develop creativity, encourage work on personal acting techniques, and free the actor from mechanical stage behavior, Prerequisite: THEA 101.
- THEA 209 SOUND DESIGN (3) Electronic and acoustic information and their relationship to theatre spaces and artistic applications.
- THEA 211 HISTORY OF THEATRE AND DRAMA 1(3) Relationship of theatre and drama to other fine arts and humanistic studies from their origins to 1600. Prerequisite: THEA 125.
- THEA 212 HISTORY OF THEATRE AND DRAMA II (3) Relationship of theatre and drama to other fine arts and humanistic studies from 1600 to 1850. Prerequisite: THEA 125.
- THEA 213 HISTORY OF THEATRE AND DRAMA III (3) Relationship of theatre and drama to other fine arts and humanistic studies from 1850 to present. Prerequisite: THEA 125.
- THEA 222 VOICE FOR THE ACTOR II (3) Theory and practice of vocal production applied to period, contemporary and original texts. May be repeated for a maximum of 6 credits. Prerequisites: THEA 101, THEA 105, THEA 111 and consent of instructor.
- THEA 231 MIME AND PHYSICAL THEATRE TECHNIQUES (3) Ensemble exercises and performance projects utilizing gestures, illusions and walks. GenEd I.E.
- THEA 238 MOVEMENT DRILL FOR THE ACTOR 11 (3) Flexibility, responsiveness and variety of the physical instrument. Prerequisites: THEA 105 and DANC 371.
- THEA 241 COSTUME, DRESS AND SOCIETY: EGYPTIAN TO ELIZABETHAN (3) Study of clothing, costume design, and construction. Lab Required. GenEd II.C.1.
- THEA 242 COSTUME, DRESS AND SOCIETY: ELIZABETHAN TO 1950 (3) Study of clothing, costume design and construction. Lab Required. GenEd II.C. I.
- THEA 243 HONORS COSTUME DRESS AND SOCIETY: EGYPTIAN TO ELIZABETHAN (3) Study of clothing, costume design and construction. Lab required. Prerequisite: admission to the Honors College, GenEd II.C. I.
- THEA 244 HONORS COSTUME DRESS AND SOCIETY: ELIZABE-THAN TO 1950 (3) Study of clothing, costume design and construction. Lab required. Prerequisite: admission to the Honors College.
- THEA 245 MAKEUP DESIGN 1(3) Theories and techniques of designing stage makeup for a variety of characters and roles.

- THEA 246 MAKEUP DESIGN II (3) Special effects in character makeup using advanced techniques. Prerequisite: THEA 245.
- THEA 249 MASK TRADITION AND DESIGN (3) Design, construction and cultural influence.
- THEA 251 STAGECRAFT I (3) Production techniques, construction procedures, painting, props and lighting. Lab required.
- THEA 255 LIGHTING DESIGN I (3) Developing awareness of light and its application as a form of aesthetic expression. Lab required.
- THEA 257 STAGE MANAGEMENT (3) Theatrical production focusing on the duties and responsibilities of stage managers.
- THEA 261 ACTING FOR MUSICAL THEATRE I(3) An introduction to the acting problems inherent in musical theatre performance. Theory and practice. Prerequisite: THEA 101 or consent of instructor.
- THEÀ 271 SPECIAL TOPICS (3) In-depth study of a selected area dependent upon faculty and student interest. May be repeated for a maximum of 6 credits provided a different topic is covered. Prerequisites: department approval.
- THEA 280 EXPERIMENTAL LABORATORY THEATRE ENSEMBLE (3) Experimental techniques, style and performance.

- THEA 301 TECHNIQUES OF COMEDY (3) An introduction to the theories and uses of comedy. Varied practice in comic performance with an emphasis on material emanating from students' experiences. Prerequisites: THEA 101 and one other acting or mime course or consent of instructor.
- THEA 303 CULTURAL DIVERSITY IN CONTEMPORARY THEATRE
 (3) An examination of both the construction of cultural identity and issues of cultural conflict as they are expressed in contemporary theatre. GenEd II.C.3.
- THEA 304 HONORS CULTURAL DIVERSITY IN CONTEMPORARY THEATRE (3) An examination of both the construction of cultural identity and issues of cultural conflict as they are expressed in contemporary theatre. Admission to Honors College. GenEd Il.C.3.
- THEA 305 FEMINIST THEATRE (3) A study of feminist theatre and theatre roles for women prior to the feminist theatre movement.
- THEA 307 THEORIES OF THEATRE (3) Theories in acting, directing, design and dramaturgy from the classical through the modern period. Prerequisites: ENGL 102, THEA 211, THEA 212, THEA 213, or consent of instructor. GenEd1.D.
- THEA 308 VOICE AND MOVEMENT INTEGRATION (3) Flexibility, responsiveness and integration of vocal and physical expression. Prerequisite: THEA 202.
- THEA 309 ACTING III (6) Character development, approaching a script, structuring a scene, relating to environment, ensemble work and audition techniques. Prerequisites: THEA 308.
- THEA 310 CATALYST THEATRE I (3) Examination, development, rehearsal and performance of social issues occurring on college and high school campuses. Prerequisites: THEA 101 and consent of instructor.
- THEA 312 SHAKESPEARE (3) Shakespeare reading facility, text analysis, contemporary vocabulary in scenes and monologues. Prerequisites: THEA 309 and consent of instructor.
- THEA 315 ADVANCED SCENE STUDY (1-6) Understanding scenes with specific motivational, analytical, character or other acting problems. May be repeated for a maximum of 6 credits. Prerequisites: THEA 312.
- THEA 327 ACTING FOR THE CAMERA (3) Development of camera acting skills and taped/directed scene study. Prerequisites: THEA 202 or consent of instructor.
- THEA 331 DIRECTING 1 (3) Fundamentals of play directing through exercises, directorial play analysis and projects in directing short scenes. Prerequisites: THEA 101 and consent of instructor.
- THEA 332 MIME AND PHYSICAL THEATRE STYLES (3) Advanced mime technique, ensemble exercises and performances in the Italian, Oriental, French and American styles, including community service performances. Prerequisite: THEA 231 or consent of instructor.
- THEA 335 MOVEMENT THEATRE IMPROVISATION (3) Listening and responding to impulses within oneself and the ensemble. Prerequisite: THEA 105.
- THEA 351 STAGECRAFT II (3) Application of new technological approaches to stage construction, rigging and organization. Prerequisite: THEA 251 or consent of instructor.
- THEA 353 COSTUME DESIGN I (3) Research techniques and relationship of color, texture and historical period to the script and production style. GenEd I.E.

- THEA 355 LIGHTING DESIGN II (3) Color, organization and approaches to lighting design. Lab required. Prerequisite: THEA 255.
- THEA 361 SCENIC DESIGN II (3) Relationship of concept, script, aesthetics and research to a production's design and style. Lab required. Prerequisite: THEA 201,
- THEA 365 THEATRE STUDY ABROAD (9) One semester exchange program in acting, design or theatre management at universities abroad. Prerequisites: junior/semor standing and consent of department.
- THEA 410 CATALYST THEATRE II (3) Examination of social issues occurring on college and high school campuses and the creation, development and performance of original scripts. Prerequisites: THEA 202 or THEA 310 and consent of instructor.
- THEA 421 DIRECTING II: THE CONTEMPORARY PLAY (3) Preparation techniques and directorial approaches to contemporary drama. Individual directing projects of scenes from representative contemporary dramas. Prerequisite: THEA 331 or consent of instructor.
- THEA 423 ADVANCED STUDY IN MOVEMENT THEATRE (3) Develop, prepare and perform a solo or ensemble piece. May be repeated for a maximum of 9 credits. Prerequisites: THEA 332 and THEA 335.
- THEA 425 ADVANCED STUDY IN ACTING STYLE (I-9) Advanced work in the problems of acting plays from poetic and historic theatre. May be repeated for a maximum of 9 credits, with no more than 3 credits to be taken in any semester. Prerequisites: THEA 312 and consent of instructor.
- THEA 427 ADVANCED STUDY IN DIRECTING (1-9) Independent study in preparation, rehearsal and production of special directing projects. May be repeated for a maximum of 9 credits. Prerequisites: THEA 331 and consent of instructor.
- THEA 429 ADVANCED STUDY IN THEATRE PRODUCTION (1-9) Independent study in theatre production. May be repeated for a maximum of 9 credits. Prerequisite: consent of instructor.
- THEA 433 ADVANCED STUDY IN STAGE MANAGEMENT (1-9) Independent study in stage management. May be repeated for a maximum of 9 credits. Prerequisites: THEA 257, THEA 331, and consent of instructor.
- THEA 443 STRUCTURAL DESIGN AND SAFETY (3) Stress analysis, safety practices and construction techniques. Prerequisites: MATH 115, THEA 251 or consent of instructor.
- THEA 445 SCENE PAINTING (3) Techniques for painting scenery. Lab required. Prerequisites: THEA 201, ART 201 or consent of instructor.
- THEA 453 COSTUME DESIGN II (3) Fabric selection, budget preparation, pattern choices, resumes and portfolios. Prerequisite: THEA 353.
- THEA 463 PERIOD STYLE FOR DESIGN (3) Historical periods and styles and their relationship to the visual arts, literature and society. Prerequisite: consent of instructor.
- THEA 480 [580] ADVANCED STUDY IN THEATRE DESIGN (1-9) Independent study in costume, scenery or lighting design. May be repeated for a maximum of 9 credits. Prerequisite: consent of instructor.
- THEA 487 PROFESSIONAL THEATRE SEMINAR (1-12) A semester's internship in a resident theatre company. For majors only. Prerequisite: consent of department.
- THEA 488 THEATRE VISITATION AND ANALYSIS ABROAD (3) Analysis and critique of theatre productions. Prerequisites: junior/senior standing and consent of department.
- THEA 489 SENIOR ACTING SEMINAR (3) Auditioning techniques, unions, agents, resumes, the transition from student to professional and the realities of professional theatre. Prerequisite: THEA 309 and consent of instructor.
- THEA 490 PERFORMANCE PRACTICUM (1-3) Performance in a theatre production sponsored by the Towson University Theatre Arts Department. Eligible productions determined by the department. Repeatable for a maximum of nine credits. Prerequisites: Audition and approval of instructor.
- THEA 493 [593] ADVANCED STUDY IN THEATRE (1-9) Independent study of an academic or creative nature. May be repeated for a maximum of 9 credits. Prerequisite: approval of plan of study by instructor and department chair.
- THEA 494 THEATRE PRODUCTION: CONCENTRATION IN SCENIC ELEMENTS (I) Experience involving major responsibility in props, scenic construction and painting on a departmental production. May be repeated for up to 3 credits.
- THEA 495 THEATRE PRODUCTION: CONCENTRATION IN LIGHTING AND SOUND (1) Experience involving major

responsibility in lighting, sound, stage management and backstage crew on a departmental production. May be repeated for up to 3 credits.

- THEA 496 THEATRE PRODUCTION: CONCENTRATION IN COSTUME (1) Experience involving major responsibility in costuming for a departmental production. May be repeated for up to 3 credits.
- THEA 499 SPECIAL PROJECT IN THEATRE RESEARCH (3) Seminar to demonstrate students' proficiency in an area agreed upon by students and their adviser. Prerequisite: Theatre major with senior standing or consent of instructor.

Graduate Division

See TU Graduate Catalog for course descriptions.

WOMEN'S STUDIES (WMST)

Lower Division

- WMST 231 WOMEN IN PERSPECTIVE (3) An examination of the status of women and women's attempts to achieve economic, legal and social equality, and physical integrity in the past and today with an emphasis on U.S. women. The focus is on both the commonalities and the diversity of women's experience. Topics covered include marriage, motherhood, education, jobs and sexuality, with attention to race and class. GenEd
- WMST 232 HONORS SEMINAR: WOMEN IN PERSPECTIVE (3) An examination of the status of women and women's attempts to achieve economic, legal and social equality, and physical integrity, in the past and today with an emphasis on U.S. women. The focus is on both the commonalities and the diversity of women's experience. Topics covered include marriage, motherhood, education, jobs and sexuality, with attention to race and class. Emphasis on student research into and analysis of women's political, autobiographical and fictional writings. Honors College. Special permit only. GenEd II.C.3.
- WMST 233 INTERNATIONAL PERSPECTIVES OF WOMEN (3) Interdisciplinary examination of women's status and activism worldwide, including regional and local comparisons. Roles of governments and international organizations in shaping women's experiences. GenEdII.D.
- WMST 234 HONORS SEMINAR: INTERNATIONAL PERSPECTIVES ON WOMEN (3) Interdisciplinary examination of women's status and activism worldwide, including regional and local comparisons. Roles of governments and international organizations in shaping women's experiences. Women's rights and movements to implement them, including grassroots activism. Emphasis on student research into and analysis of analytic essays, news, reportage, fiction and testimonial writings. Special permit only. GenEd II.D.

Upper Division

- WMST 332 [532] WOMEN'S CULTURE AND CREATIVITY (3) Study of the historical conditions influencing women's creativity, the nature of women's aesthetic achievements, and the emergence of new female cultural and artistic traditions. Prerequisite: WMST 231 or WMST 232 or consent of instructor.
- WMST 333 WOMEN'S WORDS, WOMEN'S LIVES (3) Practice in and study of expository writing about women. Readings include fiction, biographies, autobiographies, letters and journals; student writing will focus on such topics as women's roles, relationships and actions. Prerequisites: ENGL 102; one course in women's studies or one additional English course. GenEd I.D.
- WMST 335 [535] WOMEN, WORK AND FAMILY (3) Women's work examined historically and cross-culturally from an interdisciplinary perspective. Women's work in traditional societies, effects of industrialization on women's work, and women's paid and unpaid work in contemporary societies. Prerequisite: 3 lower division credits in women's studies or consent of instructor.
- WMST 336 [536] WOMEN AND MEDICINE (3) How gender has influenced the structure, content and practice of medicine in the 19th and 20th centuries, with emphasis on disease theory and treatment, physicians' involvement in social policy and women's challenges to medical authority. Special focus on the history of nursing, women's entry into medical practice and women's health movements past and present. Prerequisite: 3 credits in women's studies or social sciences.
- WMST 337 [537] FEMINIST THEORY (3) An examination of feminism as a set of ideas and the systematic application of those ideas to achieve political, social and economic equality. Prerequisite: 3 credits in women's studies or consent of instructor.

- WMST 338 [538] WOMEN AND SEXUALITY (3) Examination of the politics of sexuality: the interaction between cultural definitions and evaluations of women's sexualities and women's social and legal states; and women's attempts to achieve sexual autonomy. Emphasis on how the meaning of sexuality changes over time and how women respond to these changes, and their effect on women. Prerequisite: 3 credits in women's studies or social sciences.
- WMST 339 [539] REPRODUCTIVE TECHNOLOGIES AND THE FUTURE OF MOTHERHOOD (3) Reproductive science and contraceptive technologies affecting contemporary society, focusing on ethical and legal issues, and changing definitions of motherhood. Prerequisites: two science courses or one math and one science course. GenEd II.A.2.
- WMST 341 [533] WOMEN AND AGING (3) American society's view of older women and the impact of stereotypes and images on their selfconcepts. Prerequisite: 3 credits in women's studies or social sciences.
- WMST 370 [570] TOPICS IN WOMEN'S STUDIES (3) An interdisciplinary examination of selected issues, themes or topics in women's studies. Variation in content in different semesters. May be repeated for credit provided a different topic is covered. Prerequisite: one women's studies course or consent of instructor.
- WMST 481 DIRECTED READINGS FOR HONORS IN WOMEN'S STUDIES (3-4) Reading and research in preparation for the writing of an Honors thesis. Prerequisite: consent of the departmental Honors coordinator.
- WMST 485 SEMINAR IN WOMEN'S STUDIES (3) Advanced study in a specialized area of women's studies. May be repeated for a maximum of 6 credits. Prerequisites; WMST 231 or WMST 232 and WMST 337 or equivalent.
- WMST 491 [591] DIRECTED READING IN WOMEN'S STUDIES (1-4) Independent reading in women's studies with emphasis on interdisciplinary relationships. Topics selected by student in consultation with the instructor. May be repeated for a maximum of 6 credits. Prerequisites: 15 hours in interdisciplinary or departmental women's studies courses; minimum 3.00 GPA average in women's studies. Special permit only.
- WMST 496 INTERNSHIP IN WOMEN'S STUDIES (3-6) Field placement for students in agencies or organizations working on projects that serve women. May be repeated for a maximum of 9 credits. Graded S/U. Prerequisites: 3.0 GPA in Women's Studies, 2.75 overall GPA, WMST 231, 232, or 233 and six upper-level credits in Women's Studies.
- WMST 499 HONORS THESIS (3) Thesis preparation in a chosen area of specialization. Prerequisite: consent of the departmental Honors coordinator.

Graduate Division

See TU Graduate Catalog for course descriptions.

WRITING (WRIT)

- WRIT 312 HISTORY OF SCIENCE (3) A general overview of the development of scientific knowledge from ancient to modern times. How our modern scientific worldview has been shaped by major periods of scientific development, particularly in the 16th and 17th centuries, involving primarily astronomy and physics, and in the 19th and 20th, including geology, biology and psychology. Attention will be given to the relations between science and culture, religion, technology and public policy. Prerequisite: ENGL 102 or ENGL 190. GenEd I.D.
- WRIT 354 WRITING FOR CRIMINAL JUSTICE (3) The components of criminal justice system: police, courts, corrections. Theories of criminal justice applied to operations. Does not fulfill GenEd I.D. when completed as SOCI 354. Prerequisites: SOCI 101, ENGL 102 or ENGL 190. GenEd I.D.
- WRIT 375 PUBLIC ADMINISTRATION (3) The theory and practice of managing the public's business with special emphasis on organizational change, personnel and budget. Writing for public administration and the use of computer-based data sources. Prerequisite: POSC 103 and ENGL 102 or ENGL 190, GenEd I.D.
